

Bush Animal Hospital
Employee of the Month
Corina Lucason
March 2012

(Corina pictured here with the late Buster, a Flat Coated Retriever)

Corina has been spreading her smile at Bush Animal Hospital (BAH) since 2006. Corina spearheaded the smooth transition of our new computer system and spends countless hours insuring the front office stays up and running.

In addition to her full time job at BAH she volunteers her time with stray cats and dogs, as well as managing a full household of children and pets.

Thank you Corina, for all of your hard work and ever present positive, friendly attitude.
