

**Bush Animal Hospital
Employee of the Month
Karen Tate
November, 2012**

Karen's smiling face joined us as a CVT in August of 2004. She has proven to have a consistently positive attitude and does a great job of showing her compassion for our patients and clients. She graduated from OSU with a Bachelor of Science, and then proceeded to acquire an Associate of Applied Science in Veterinary Technology from Portland Community College. For Karen, surgery and pain management are the most rewarding aspects of her job.
