

BUSH ANIMAL HOSPITAL EMPLOYEE OF THE MONTH

October 2013

LEAH NANSEL

Leah came to Bush Animal Hospital in the summer of 2012. Since then she has come to work everyday with ambition and a great attitude. She is always eager to take on new tasks and even fills in as a receptionist when needed. Leah is now Dr. Yeager's surgical assistant on Fridays, which has become one of her favorite assignments. Being an avid gardener doesn't hurt her reputation with her co-workers, as she keeps the break room table stocked with luscious vegetables throughout the year.

Congratulations Leah!

We love you!
