Mayflower Place Nursing & Rehabilitation Center

What makes us the trusted choice for seniors and their families?

Mayflower Place Nursing and Rehabilitation Center offers a comprehensive continuum of clinical care options to meet your unique needs and goals. Whether you require short-term rehabilitation or extended care, you will feel confident and at ease in our warm, homelike environment, designed to inspire your peace-of-mind.

Day after day, we prove it's easier to heal when you feel at home.

Whether it's for short-term rehabilitation or extended care, time away from home can test a senior's body and spirit. With this in mind, Mayflower Place Nursing and Rehabilitation Center creates a warm, personalized environment that makes each patient's experience more comfortable, productive and positive. Our compassionate staff and state-of-the-art facility deliver the highest standards of care to promote healing and wellness.

Highly Acclaimed Nursing and Rehabilitation Center

Located in scenic West Yarmouth, Massachusetts, our JCAHO-accredited Center is part of and directly connected to Maplewood at Mayflower Place, a continuing care retirement

community renowned for its exquisite design and excellent service. Our 72-bed skilled nursing and rehabilitation center is staffed with an experienced team of healthcare professionals who get to know each patient personally, so that they can offer care, programs and activities that suit their interests and enhance their everyday well-being.

In addition, each and every member of our team is trained using our HEART™ approach. Conducted by our Vice President of Resident Experience, this intensive eight-hour training program teaches our associates how to deliver the best possible emotional experience for our patients.

Short-Term Rehabilitative Care

We offer an array of therapeutic services and resources, including state-of-the-art rehabilitation services and help with mastering everyday tasks, all designed to get you back to independent living. Our highly-trained nurses work closely with our team of physical and occupational therapists, as well as speech language pathologists, to ensure you receive exactly the type of care you need to make the most progress.

Therapeutic Services:

Licensed and registered nursing care, 24/7

Extensive physical, occupational and speech therapy, 7 days/week

Elective Surgery

Patients typically plan for elective surgery well in advance—so why not be proactive and plan for rehabilitation at the same time? When you do, you'll have the confidence of knowing that a skilled rehabilitation room will be available to you upon discharge from the hospital. It's a great way to ensure a seamless transition from surgery to rehabilitation. You are invited to tour the Center, meet your rehabilitation team, and discuss your rehabilitation plan—all in advance of your surgery.
