at Maplewood at Danbury

Healthful care. Dedicated staff.
Exceptional lifestyle choices.

Maplewood at Danbury provides a healthy, invigorating environment for all seniors as well as specialized assistance for those in need of memory care. The heart of Maplewood is embodied through Vistas™, an approach to assisted living that offers premier care to seniors who need some support in their everyday lives. For residents showing signs of memory loss, Tides™ provides a safe environment in which to live a life of supported independence. Currents™ helps residents who benefit from a more structured environment. In addition, each and every one of our associates has been trained in the HEART™ approach, an emotion-based philosophy of care that teaches them how to deliver the best possible experience for seniors and how to relate to them as people, not patients.

A “neighborhood” designed for residents and families alike.

Maplewood at Danbury has much to offer residents and families—from the fireplace gracing the lobby to the outdoor patio perfect for the morning newspaper and coffee. Thoughtfully laid-out apartments designed specifically for older adults are beautifully appointed and feature a modern kitchenette with granite countertops, private bathroom (many with universal access) and state-of-the-art safety features. Though Maplewood is bustling with activity, there are plenty of special spots that are perfect for family visits—like the light-filled sunroom and the outdoor garden with relaxing waterfall.

Maplewood offers relaxing water features, spacious gardens and modern kitchens.

Uniquely Danbury.

Maplewood at Danbury is not part of a “chain” of senior living residences—we’re a unique part of the local community. Our savory menus feature selections from nearby farms, and are delivered to our chefs daily, while our breads come fresh from a favorite area bakery. Our affiliation and active involvement with the Connecticut Alzheimer’s Association ensure that our memory care program keeps up with the latest advances.

We’re also located close to Danbury Hospital. For added peace of mind, residents can opt to have our on-site visiting physicians oversee their health and wellness.

An abundance of life, health and community.

By combining the intimate comfort of a country inn with the neighborliness of a small village, Maplewood at Danbury is truly one of a kind. The best way to discover what makes living here so special is to **schedule your personalized Welcome Visit today by calling 203.744.8444 or visit our website at www.MaplewoodAtDanbury.com.**
