The ideal mix of location and reputation.

Located in scenic West Yarmouth, Massachusetts, Maplewood at Mayflower Place evokes the nautical spirit and charm of Cape Cod. Our community includes over 40 acres of elegantly landscaped grounds, offering plenty of room to breathe, relax, and enjoy the colorful, changing seasons of the Cape. Inside, Maplewood's exquisite design taste is evident at every turn. Our newly-updated interiors abound with natural light and incorporate fresh, ocean-inspired colors and décor.

A wealth of choice in one exceptional community.

Maplewood at Mayflower Place offers four distinct lifestyles that cater to a range of needs and preferences. Our **independent living** lifestyle is for seniors who seek the freedom of independent living and the peace-of-mind of additional support services that are available to make life easier and more enjoyable.

Our **assisted living** lifestyle is for seniors who require some extra support in their daily lives.

For residents who require **memory care**, we provide two lifestyle options. One provides a safe environment in which to live a life of supported independence, while the other is better suited to residents who benefit from a more structured environment. Each of these lifestyles is staffed with associates who have been trained in the HEART™ approach. This intensive training program teaches them how to deliver the best possible emotion-based experience for seniors and how to relate to them as people, not patients.

Experience Maplewood's exceptional quality, design and service—everywhere you turn.

Highly Acclaimed Nursing and Rehabilitation Center.

Mayflower Place Nursing & Rehabilitation Center offers the services residents need now and in the years ahead, which relieves them of the stress of having to make another move. The campus includes a 72-bed skilled nursing and rehabilitation center staffed with an experienced team of healthcare professionals. **Short-term rehabilitative care** is ideal for residents requiring physical therapy, occupational therapy, and speech/language services post surgery and hospitalization. **Extended care** is designed to give residents who require long-term care the utmost comfort and personalized attention—24 hours a day. Medicare and Medicaid certified, the **nursing center** gives priority access to Maplewood residents and offers a choice of accommodations, as well as a variety of conveniences and amenities designed to enhance convalescence, recovery, and peace-of-mind.
