

GREEN HOPE FARM
ANIMAL WELLNESS COLLECTION

Flower Essences for
our animal friends.

WHY FLOWER ESSENCES FOR ANIMALS?

Animals love Green Hope Farm Flower Essences and readily embrace their gifts.

Because animals experience the world through an energetic filter, they read and respond to the energies of every person, animal, place, or circumstance they encounter. As animals read the unique energies and electrical patterns of everything in their world, they are affected by these energies. Negative energies such as anxiety, anger, or the electrical dissonance of the modern world have electrical patterns that can leave animals feeling anxious, out of balance, or ill. In contrast, the positive electrical patterns of our Flower Essences help animals to improve their health and emotional well-being.

Animals recognize the good energies of Flower Essences and know exactly how to use them to improve their health and energetic balance. They do this by replicating the positive electrical patterns of the Flower Essences in their own electrical systems. This tuning process comes as naturally to animals as eating or sleeping.

WHY FLOWERS?

Every Flower holds a specific electrical pattern indicating how the Flower successfully solved its evolutionary challenges of adaptation, natural selection, health, and radiant self-expression. This electrical pattern is the wisdom of the Flower, an electrical record of everything the Flower has learned during its evolutionary journey.

The electrical patterns of Flowers offer animals excellent problem solving data because Flowers and animals face many of the same evolutionary challenges. In the wild, animals naturally gravitate to specific Flowers to learn from their electrical patterns. Domesticated animals do not have the same freedom to seek out Flowers in their environments that will help them. They need to get the Flowers' healing data in a different way. This is where Green Hope Farm Flower Essences comes in.

WHY GREEN HOPE FARM FLOWER ESSENCES?

Green Hope Farm Flower Essences offer a way to bring the healing energy of Flowers to any animal no matter where it lives. Our Flower Essences are the problem solving electrical patterns of Flowers, stabilized in our red shiso herbal base. They offer the energetic healing wisdom of Flowers, but do not contain any plant material. They are not chemical and will not change body chemistry. Instead, they offer healing electrical information for animals to copy in order to make their own adjustments in their health and energetic well-being.

Our tried and true Green Hope Farm Animal Wellness Collection Flower Essence remedies address common difficulties animals face. Each remedy contains the healing energies of the Flowers we know help with these specific difficulties.

Why are we so confident our Flower Essences will help the animals in your life? For over twenty years we have searched the world for Flowers that have mastered the challenges that animals face. In sharing our remedies made from these Flowers with hundreds of thousands of animals, we have learned which Flower Essences offer the most helpful electrical road maps for animals. These are the Flower Essences we use in our remedies.

When you offer the animals in your life our Animal Wellness Collection Flower Essence combination mixes, you can rest assured that you have given them the fine-tuned healing support of many helpful Flowers.

As you read through the following descriptions of our Animal Wellness Collection, please know these remedies offer wonderful support for people as well as animals. Do not hesitate to use them for yourself!

ABANDONMENT & ABUSE

This remedy is helpful for rescue animals or any animal that has been through an experience of trauma, abuse, or abandonment. Even years after being rescued and placed in a wonderful home, an animal may have emotional scars that can be healed and behaviors that can be released through work with this remedy. Emotional scars and behavioral issues unwound and released by this remedy include post-traumatic stress, terror at being handled, loner behavior, socialization issues, depression, odd phobias, cringing, and hiding.

Blackberry, Borage, Butterfly Garden, Carouby de Maussane Pea, Comfrey, Corn, Crab Apple, Dandelion, Dill, Epimedium, Eyes of Mary, Honeybees in the White Hawthorn, Honeysuckle, Hyssop, Joe Pye Weed, Lavender, Logan's Force of Truth, Maltese Cross, Meadowsweet, Mustard, Peach, Pennyroyal, Pink Tecoma, Red Chestnut, Red Hibiscus, Spruce, Sweet Pea, Trillium, White Bleeding Heart, White Hibiscus, Witch Hazel

"The Animal Essences are amazing, especially the Abandonment & Abuse, almost all rescue dogs can benefit from this one." - S.R., Vestal, NY

ANIMAL EMERGENCY CARE

An animal's electrical system is greatly challenged by any situation of trauma, shock, stress, or emergency medical situation. The resulting fear, panic, or other adrenalized states can hinder an animal's ability to receive the full benefits of any healing support. This remedy helps calm and stabilize an animal's electrical system so the animal can better receive and process any healing on offer. In addition, this remedy brings its own healing wisdom to the situation. It is excellent to use frequently at the time of any emergency situation, but also offers much support during an ongoing illness.

Arrowhead, Borage, California Poppy, Chinese Hat Plant, Coltsfoot, Comfrey, Corn, Dandelion, Eggplant, Feverfew, Golden Areca Palm, Goldenrod, Hardback, Lauriana Rose, Maple, Orange, Queen Anne's Lace, Red Clover, Red Rugosa Rose, Scarlet Runner Bean, Self Heal, Shrimp Plant, St. John's Wort, Sweet William, Trillium, True Wood Sorrel, Turnera, White Yarrow, Zucchini

"Animal Emergency Care. Love this one. It has brought puppies that needed intensive care back to life. The most important Essence that we use." - C.V., Eastford, CT

ANXIETY

This remedy helps to ease and release anxiety-based behaviors including but not limited to nervous habits, anxious or obsessive behaviors such as excessive licking or feather picking, fear of people or being handled, phobias, confused thinking, fear of loud noises including thunderstorms, anxiety during car travel, and overactive watchdog behavior including pacing. This is our most popular remedy.

The Arbor Garden, Aspen, Blue Vervain, Borage, Broccoli, Chamomile, Coral Pink Rose, Comfrey, Crab Apple, Dandelion, Feverfew, Honeybees in the White Hawthorn, Joe Pye Weed, Lavender, Lemon, Logan's Force of Truth, Mustard, Mutabilis Rose, Old Blush China Rose, Pennyroyal, Pink Tecoma, Queen Anne's Lace, Red Chestnut, Red Rugosa Rose, Scarlet Runner Bean, St. John's Wort, Trillium, White Yarrow

"Indeed Spring is just around the corner here. But with the beautiful forsythia, jonquils and Bradford pears comes the dreaded thunderstorms that terrorize 3 of my 4 pups. At the first rumble of thunder, I give my fearful ones a couple drops of Anxiety and literally within minutes they calm down and even sleep. I never thought I'd get to enjoy the rainy days again but now I can."

- J.S., Birmingham, AL

BREATHE

This remedy supports the health and well-being of the pulmonary and upper respiratory systems. Consider this remedy for all conditions of the lungs, eyes, ears, nose, and throat—including allergic situations, respiratory infections, and all breathing difficulties.

Abutilon, Blackberry, Borage, Cosmos, Eyebright, French Marigold, Goldenrod, Graniana Rose, Grapefruit, Jasmine, Jewelweed, Lemon, Lungwort, Nasturtium, Plume Poppy, Screw Pine, Sea Campion, Sea Purslane, Small Woodland Orchid, Snapdragon, Swamp Candles, White Nicotiana

"This past Monday my cat, Stanley, died just 12 days shy of his 21st birthday. I am so grateful to all of you at Green Hope Farm because I know Stanley's life and quality of life was extended probably five years by your flower essences. While I will miss him terribly, I can't regret one moment of his life or death." (Stanley took Breathe, Flow Free, Digestive Woes, Anxiety, and Senior Citizen over the years.)

- L.T., San Antonio, TX

CARETAKER

This remedy offers support to people and animals in caretaking roles. It nourishes empathy and unconditional love in caregiving relationships, increases intuitive communication, restores joy and enthusiasm in selfless service, and supports a balance of giving and receiving.

Agrippina Rose, Calendula, Cochineal Cactus, Dombeya Wallichii, Eyes of Mary, Goldenrod, Hawthorn, Honeybees in the White Hawthorn, Joe Pye Weed, Mebera, Orange Marigold, Osteospermum, Peach, Pepple Pincushion, Pink Lady's Slipper, Pink Tecoma, Pink Yarrow from the Cliffs of Moher, Red Chestnut, Red Mangrove, Rosa Banksia, Rose a Parfum de l'Hay, Ruby Gold Orchid, Spider Lily, St. Francis Water, White Chestnut, Wild Thrift, Winter Solstice in the Shaker Feast Grounds

"Thank you so very much for all that your essences have assisted us with from settling into a new home, to dealing with all the pressures of planning a wedding, to the loss of a parent and most recently helping a new kitty join our family."

- S.F., Petaluma, CA

DIGESTIVE WOES

This remedy supports the digestive tract and addresses chronic conditions, illness, and problems with digestion and flow. It also works to promote the overall health of the gastrointestinal system and related organs including the liver.

Aloe Ciliaris, Aloe Vera, Avocado, Blackberry, Comfrey, Coral Aloe, Dandelion, Goldenrod, Hepatica, Larkspur, Loquat, Jasmine, Jewelweed, Old Blush China Rose, Sago Palm, Screw Pine, Shrimp Plant

"Digestive Woes is wonderful. I had been battling soft or loose stools with my dogs for ages. After a week on the Digestive Woes all is normal."

- K.N., Flagler Beach, FL

"Digestive Woes has been the only thing that has kept my cat from vomiting after she eats."

- C.H., Tallahassee, FL

"Thank you all- The "girls" (2 dogs) are already calmer and all pets (2 dogs & 2 cats) are drinking much more water as I put drops in all the water bowls!"

- S.W., Nashville, TN

FLEE FREE

It is our experience that an animal with good electrical vitality naturally rebuffs pests. We believe the best way to support an animal to be pest free is to help increase the animal's electrical vitality. This remedy helps improve the electrical vitality of an animal so that the animal's electrical field rebuffs pests including fleas and ticks. It can be used to strengthen an animal's electrical system when under attack from pests. It can also be taken routinely to keep an animal's electrical system strong and capable of easily keeping pests at bay.

Amaryllis, Blackberry, Broccoli, Chives, Crab Apple, Dandelion, Darrell's Fleabane, Echinacea, Eggplant, The Eight Garden, Fleabane, Jack in the Pulpit, Jewelweed, Larkspur, Lavender, Lemon, Lilac, Maple, Nasturtium, Pennyroyal, Old Blush China Rose, Radish, Red Clover, Self Heal, St. John's Wort, Sunflower, Sweet William, Teasel, Thistle, Titan, Trillium, Tomato, White Yarrow, Wintergreen

"My dogs (can) hardly wait to receive their essences. When I tell them it's time, they come right over and sit patiently, waiting for me to put a few drops in their mouths...My yard is infested with fleas. Flee Free helps keep me and my dogs from being the same. Thank you for creating such a wonderful, gentle product that I can use with peace of mind and love and without hesitation."
- A.M., Malaga, NJ

FLOW FREE

One of the most effective and versatile remedies in our entire collection, Flow Free helps to move energy that is stuck. In the physical body, it helps with issues of flow in the nervous system, urinary tract, digestive tract, lymphatic system, and circulatory system. Flow Free also helps an animal move beyond unconstructive mental or emotional patterns toward more balanced behavior. Consider this remedy for any situation of blockage or difficulty with emotional, mental, spiritual, or physical flow.

Anthurium, Avocado, Bells of Ireland, Bladderwort, Bottlebrush, Broccoli, Calliandra, Dandelion, The Eight Garden, Monkey Tail, Queen Anne's Lace, Sago Palm, Shrimp Plant, Sunlight Datura, White Calliandra, Vetch, The Venus Garden

"Bob Cat has responded to (Blackberry, Flow Free & Golden Armor) beautifully, as have I. In particular, his central nervous system is soothed. Both tics and seizures seem to be things of times gone by."
- K.K., San Rafael, CA

GRIEF & LOSS

This remedy supports people and animals during any situation of grief, despair, depression, or loss. It offers deep support when a caretaker, friend, or animal companion dies, or when there has been a loss of a home or the break-up of a family.

Alex Mackenzie Rose, Arrowhead, The Arbor Garden, Blackberry, Borage, Camalex Rose, Coral Pink Rose, Crinum Lily, Cucumber, Eyes of Mary, Honeysuckle, Hyssop, Indian Pipe, Joe Pye Weed, Madame Hardy Rose, Maltese Cross, Maple, Mustard, Old Blush China Rose, Painkiller Plant, Pale Pink Rose, Pink Tecoma, Pink Water Lily, Star of Bethlehem, Swamp Candles, Trillium, White Bleeding Heart, White Hibiscus, Witch Hazel, Water Lily

"My 13 year old cat snapped out of her funk after her lifetime housemate passed away after one exposure to Grief & Loss. I was amazed. She had been lethargic and unresponsive and now she is back to her lovable impish self." - B.H., Trenton, FL

"Thank you so much for rushing the remedies to us for our grieving horse. I rubbed the essences all over him and he trotted off and rolled around (like a puppy) and seemed immediately friskier. Plus my daughters like to take them too. Our sweet horse "J" is now an angel and Slim has been able to recover from his loss of a barnmate."
- K.N., Whitefish, MT

HEALTHY COAT

This remedy offers support for healthy skin and fur. It encourages healthy, luxurious fur growth. It helps with conditions of the skin or coat including hot spots, rashes, skin sensitivities, infections, allergic situations, and wound healing. Healthy Coat also supports the healing process for all raw, inflamed, or reactive tissue internally as well as externally.

Aloe Ciliaris, Aloe Graminicola, Aloe Vera, Banana, Bells of Ireland, Blackberry, Black Ebony, Cedar, Christmas Bush, Coral Aloe, Cotton, Dandelion, Feverfew, French Marigold, Goldenrod, Jewelweed, Lemon, Maple, Monkey Tail, Orange Aloe, Pale Orange Aloe, Peach, Pennyroyal, Pink Baby's Breath, Queen Anne's Lace, Sago Palm, Screw Pine, St. John's Wort, Thistle, Titan

"Special thanks for the Healthy Coat which healed our friend Bamba...a chocolate lab who has suffered from chronic inflammation and rawness of his feet. His coat lacked luster and overall he was quite dull. After two years and use of most every traditional remedy, Healthy Coat healed him within weeks. He is glowing!" - S., Holt, MI

IMMUNE SUPPORT

This remedy offers dynamic support for the health and vitality of the immune system.

Andalisa, Baby Blue Eyes, Burdock, Dandelion, Echinacea, The Eight Garden, Epimedium, French Marigold, Henry Hudson Rose, Honeybees in the White Hawthorn, La Belle Sultane Rose, Larkspur, Lime, Precious Blood, Radish, Raspberry, Rhubarb, Rue, Self Heal, St. John's Wort, Titan, White Baneberry

"I received my essences yesterday and... started my dog on them last night. He has been very ill for more than a year now... he has an autoimmune disease... this morning he was different- he got up and moved a lot easier- went out and came back in- I usually carry him out- it seems like a lot of his pain has been eased. For the first time in a long time, I have hope for him." - L.C., Hillsboro, IN

"I'm so happy to have found you and am very interested in the Flower Essences. My boxer has already gratefully lapped up her water with the Immune Support." - M.P., Orange Park, FL

JEALOUSY

This remedy promotes harmony and balance in any community of animals. It can be used to ease sibling rivalry or any situation of jealousy in a pack or family of animals.

The Arbor Garden, Bougainvillea, Carouby de Maussane Pea, Corn, Crab Apple, Emy Green Zinnia, Indian Pipe, Mary Queen of Scots Rose, Orange, Pennyroyal, Plum, Violet Transmuting Flame Violet, Re-union, Sweet Pea, Tree Peony, The Watchman

"We have been using Jealousy, Outburst, and New Beginnings. Two of our cats were fighting quite a bit. Now everything is much calmer. The other day the two of them were eating right next to each other. I haven't heard any hissing in weeks. It sure has made a huge difference." - T.N., Orlando FL

"I do share these essences with many animals; tigers, lions, cougars, bears, wolves, primates, horses, and of course, many dogs and cats and even skunks and pigs. Rarely does a (radio) show go by that I don't mention you and Green Hope's wonderful work" - E.S., Melrose, FL

NEEDINESS

Animals need to know their place in the pack. This remedy supports animals to find the right relationship with their human caretakers and within the pack of animals and people they live with. It is helpful for animals who are confused or anxious about their relationships with people or who waver between self confidence and no confidence, exhibiting such symptoms as resentment, alpha behavior, or clinginess in their search for their place in the world.

Angelica, Cabbage, Delphinium, Dogberry, Maple, Meadowsweet, Meadow Rue, Queen Anne's Lace, Partridgeberry, Spiderwort, Swamp Candles, Sweet William, Teasel, Thistle, The Watchman, Wintergreen

"I received the Neediness Essence to help my dog regain his independence. The results are wonderful. He scampers off during our walks in search of adventure (translate trouble) a trait I have truly missed in recent months." - L.C., Brooklyn, NY

NEW BEGINNINGS

When a new person or animals joins the pack or when there is any change in the household, this remedy helps everyone to adjust to new roles, new circumstances, and new pack dynamics. It helps every member of the pack or family to live from a centered place of harmonious calm.

The Arbor Garden, Babies of Light, The Butterfly Garden, Day Lily, Emy Green Zinnia, Gall of the Earth, Lavender, Morning Glory, Mutabilis Rose, Pale Pink Rose, Purple Sensation Allium, Red Mangrove, Red Rugosa Rose, Rose a Parfum de l'Hay, Star of Bethlehem, Summer Snowflake, Snowdrop, Tree Peony, The Watchman, Will Baffin Rose, Witch Hazel

"Abigail is happily settled in her new home- jumping on laps and purring constantly. Content Kitty sends you love and thank you." - B.G., Somerville, MA

"The package arrived on Friday and it was the first night Maia slept through the night. The New Beginnings is just a miracle. She is still feeling a bit skittish but has made a huge improvement." - T.T., Siler City, NC

OUTBURST

This remedy addresses issues of aggression, outbursts of violent or inappropriate behaviors that are unexpected, out of character, or unacceptable. It also helps with explosive body reactions including skin eruptions or any unproductive release of pent-up emotions through destructive physical activity. Animals act as sponges, absorbing energy wherever they go. It is easy for them to collect too much negativity and become electrically overcharged. If they cannot find a way to discharge this negativity constructively, they will do so destructively. They often need support to release this electrical overcharge. Outburst helps them discharge electrical overcharges in a benign way.

Bloodroot, Black Currant, Bunchberry, Comfrey, Crab Apple, Dandelion, Dogberry, Eggplant, Epimedium, Hardback, Indian Pipe, Lavender, Lilac, Maltese Cross, Mary Queen of Scots Rose, Orange, Orange Hawkweed, Pennyroyal, Red Clover, Red Ragosa Rose, Royal Ponciana, St. John's Wort, Screw Pine, Snapdragon, Spiderwort, Trillium, White Yarrow, Wild Columbine

“Our client Casper, the cockatoo, is feeling much less nippy since he started taking Outburst essence. This is a big relief to his family and friends whom he was biting!”
- P.L., Richmond, VA

RECOVERY

This remedy offers excellent support for recovery from any illness, injury, accident, trauma, or surgery. It is a deeply restorative, strengthening, and revitalizing remedy offering a blueprint for a return to dynamic good health.

Bermuda Olivehood, Burdock, Capeweed, Christmas Bush, Comfrey, Dandelion, Devil's Bit Scabiosa, Gooseberry, Henry Hudson Rose, La Belle Sultane Rose, Larkspur, Lauriana Rose, Lavender, Lemon, Maple, Pumpkin, Rosa Mundi, Self Heal, Spruce, Trout Lily, Vitex, Wild Ginger, Zucchini

“I gave this Recovery to my sick kitty the day it arrived and he started to improve immediately! He started eating more than he has eaten in weeks!”
- G.F, Kirkland, WA

“Lily has recovered completely! Thank God. Thanks to you all. She drinks deeply of Essence water in big glasses at each of her stations throughout the house. I wish every sick animal, person and plant could have this marvelous support.”
- K.M., North Chatham, MA

RUN & PLAY

This remedy offers support for the health and well-being of the bones, joints, and muscles. It is useful for recovery after all orthopedic injuries including bone breaks. It also offers helpful information for conditions, including arthritis, that interfere with joyful, flexible, and carefree movement.

Angelica, Black Cobosh, Boneset, Coltsfoot, Comfrey, The Fairy Rose, French Marigold, Goldenrod, Honeybees in the White Hawthorn, Hops, Kangaroo Paw, Maple, Osteospermum, Self Heal, Shrimp Plant, Snapdragon, Trout Lily, Vetch, Vitex, Watch Your Back, White Snakeroot, Willow

“I gave my aging Teddy, who has been so down in his back legs he could hardly move for quite a while, all three remedies and he immediately got much better. After that he self selected just the “Run & Play” foregoing “Senior Citizen” and “Recovery”. Apparently he knows what he is doing because he’s running around like a pup again. He tears off ahead of me on runs (when before he hardly left his bed), romps and spars on his hind legs with other dogs and is just generally full of himself. He actually jumps up and begs to go out and play and practically runs me over when he hears, “Want to go for a walk?” What a joy to see!” - E.W., Lovington, VA

SENIOR CITIZEN

This remedy helps older animals to maintain their emotional equilibrium and good cheer during any declines in function associated with the aging process. It helps to reverse the declines to whatever degree is possible in areas such as flexibility, eyesight, hearing, energy levels, mobility, and general flow of systems.

Allamanda, Angelica, Bignonia, Blackberry, Boneset, Borage, Bottle Gentian, Capeweed, Coltsfoot, Comfrey, Coralita, Daffodil, Dandelion, Eyebright, The Fairy Rose, Goldenrod, Honeybees in the White Hawthorn, Lilac, Mallon, Maple, Medlar, Mustard, Osteospermum, Pearly Everlasting, Rhubarb, Shrimp Plant, Snapdragon, Wild Aster, Zinnia

“My dogs are doing much better. The Senior Citizen helped Sydney so much she jumped the fence one day. Ming, the dog with the heart problems, is less snappy and more playful. The second night I gave him his flower essences (Flow Free, Breathe, Senior Citizen, and Flee Free) I didn't hear him all night. I thought maybe he was moving on to his next place, but I woke up and he was right there next to my door. Normally he'll wake up coughing and while he is asleep he'll breathe hard. His sleep is restful now.”
- C.Y., Martinsburg, WV

SHOWCATS

First developed for show animals, this remedy encourages balanced self-expression for animals in and out of the show ring. Offering helpful information about balancing temperament and finding emotional equilibrium, it supports shy and retiring animals to blossom and very assertive animals to find the necessary poise and restraint to shine in or out of the limelight.

Baby Blue Eyes, Bermudiana, Borage, Celandine, Cosmos, Cotton, Croton, Feverfew, Goldenrod, Maple, Morning Glory, Scarlet Runner Bean, St. John's Wort, Sunflower, Trillium, True Wood Sorrel, Wintergreen, Zinnia

TRANSITION

This remedy supports any animal preparing to die. It helps with issues of physical stamina during the work of dying. It supports the spiritual work done during the last stages of life. One additional thing to know about Transition is that it can be used without any concern that it will bring on or speed up the dying process. It offers great support and comfort during an animal's dying process, but in no way affects the timetable of events. This remedy also helps animals to feel safe, encouraged, and supported through other kinds of transitions. It is helpful for any change dynamic.

Alex Mackenzie Rose, Angelica, The Arbor Garden, Cabbage, Corn, Lemon, Lime, Madame Hardy Rose, Magnolia, Maltese Cross, Maple, Orange, Pale Pink Rose, Red Mangrove, Self Heal, Sunlight Datura, Zucchini

SPRAYING

When animals discharge negativity or express irritation through spraying or litter box issues, this remedy helps them to resolve their emotional issues and release any resentment, pent-up anger, territorial aggression, or emotional confusion without spraying.

Anthurium, Bottlebrush, Cat's Claw, Crab Apple, Coralita, Dandelion, Emy Green Zinnia, Feverfew, Hardback, Jewelweed, Joe Pye Weed, Orange, Pennyroyal, Shrimp Plant, Spidervort, Vetch, The Watchman, White Nicotiana, Willow

"I was quite thrilled when I received your package. I sat right down and started to open it. Tarzan jumped onto my lap, as if he knew that the package was for him. As I opened it, he waited. I took out the bottles and opened the "Spraying" one, telling Tarzan, "This is for you." I was surprised when he let me give him some from the dropper into his mouth. Then I gave him the "Flow Free," he took that one too with a minimum of licking- I swear, and it was as if he knew it was for him and he LIKED IT!" - B.W., West Palm Beach, FL

"My cat died three weeks ago. My partner was away and I felt completely alone and unsure how to help my dear friend pass peacefully. As soon as the flower essences came off the UPS truck, Luna Bear got up for the first time in 24 hours and came out to greet me. We worked with the essences and she went outside for the last time, lay down on the earth and rested peacefully for the first time in days. The flower essences gave us both the grace to allow her beautiful transition. I felt so alone until the essences showed up." - A.S., Great Barrington, MA

SEPARATION

This remedy addresses all issues of separation anxiety. It offers support for all animals navigating time alone or in the care of people other than their pack leaders. This is an excellent remedy to leave in an animal's water bowl or with a pet sitter when you are away from home.

Borage, Bunchberry, Chamomile, Dogberry, Feverfew, Goldenrod, Honeysuckle, Joe Pye Weed, Maltese Cross, Meadow Rue, Ome Island, Pale Pink Rose, Pink Tecoma, Spruce, Trillium, White Bleeding Heart

"I have to thank you for another of your amazing Flower Essences for my four legged friend, Rain. I went away this weekend (a rare event for this hobbit) but before I went, I put Separation on my friend's ears and in her water bowl. When I came home instead of the usual standoffishness she seemed so happy to see me. I know her welcoming reception was due to Flower Essences. . . Next time I go away, I am going to take Separation also. I was very homesick." - S.K., Brattleboro, VT

"I have noticed a much improved agility performance with my canine companion Rodney. Rodney performed with increased speed, accuracy and overall confidence when I had him on Showcats in the recent past. My "dog friends" have also noted a big change in Rodney when I have used Showcats. They have asked me "Where did he get all that speed?" I delight in seeing Rodney perform with such confidence."

- G.B., Garfield Heights, OH

GOLDEN ARMOR

In working with animals, one other Flower Essence remedy from our Green Hope Farm Collection has proven indispensable: Golden Armor. The modern world is an energetically challenging place. We are being pummeled by a tremendous amount of man-made dissonance in the airwaves. This man-made dissonance is exponentially greater than our electrical systems' built-in ability to handle this kind of stimulation. This is particularly true for animals. It is our experience that most animals need Golden Armor and the road map it offers about how to close their energy system to this excess stimulation.

Animals often indicate a need for this remedy by attacking their skin or paw pads, the places they first feel dissonance. If the animals in your household are acting jittery, pacing, chewing their paws, compulsively licking their fur, or in any way indicating an irritation or feeling of electrical over-stimulation, consider Golden Armor to help them buffer themselves from this energetic assault. Golden Armor provides the information our electrical systems need to buffer out the dissonance and all other energies that have no place in our electrical system.

Golden Armor is also an excellent remedy for keeping negativity or lower-vibration energies like viruses out of our electrical systems. This remedy helps animals and people to rebuff the negativity of any out-of-balance animal, person, or situation.

Abutilon, Echinops, Elderberry, Eryngium, French Marigold, Golden Yarrow, Goldenrod, Leopard's Bane, Rattlesnake Master, Sea Holly, St. John's Wort, Teasel, Thistle, Titan, White Yarrow, Wild Abutilon

HOW TO GIVE ANIMALS GREEN HOPE FARM FLOWER ESSENCES

Flower Essences can be taken in food or water, rubbed on paw pads, ear tips, or fur, or mixed with water and spritzed around an animal or in the rooms where the animal lives. All of these methods are effective because it is the animal's electrical system that reads and learns from the energetic information of our Flower Essences and animals' electrical systems extend out from their bodies.

HOW MUCH?

Because Flower Essences are electrical and not chemical, a small amount of a Flower Essence contains the same information as a large amount. This means you usually do not need to use more than a couple drops of a Flower Essence at any time no matter what method of application you use. Three to five drops in food or water twice a day is ample for most situations. If the situation is acute, more frequent use of the Flower Essences can help an animal to better copy the healing information offered. If the bottle dropper has touched you or the animal you are working with, rinse the dropper under cold water for several seconds before returning it to the bottle; this will keep your Flower Essences pure, holding only the electrical information of the Flowers.

HOW SOON SHOULD I SEE A CHANGE?

When it comes to working with Green Hope Farm Flower Essences, we could all learn from the animals in our lives. Animals are completely open to the healing electrical data of our Flower Essences. This means they will often show improvement in their health and well-being after only a few exposures to a Flower Essence. Animals show us how to easily and completely let go of old energies that no longer serve us. When offered the information in our Flower Essences about how to feel better, most animals adapt and move toward better health immediately.

RESCUE ANIMALS

Most animals will readily choose the positive role model of Flower Essences over negative energies. However, when an animal's electrical wiring has been deeply damaged by negative interactions with humans, as is the case with most rescue animals, this process of letting Flower Essences inform and improve an animal's health may take longer than the lightning response of a more balanced animal. Nonetheless, there is no more healing tool for rescue animals than Flower Essences. They support healing exactly where the damage has been done, in the animal's electrical system. Just remember, it may take time and repeated exposure to the Flower Essences before signs of improvement are evident and the animal has integrated all of the healing data that the Flower Essences have to offer.

HOUSEHOLD DYNAMICS THAT MAY NEED FLOWER ESSENCE SUPPORT

Another situation in which Flower Essences may not seem to be helping is when the animal with symptoms is not the source of the problem. Instead, the animal is expressing the imbalance that someone else in the household is feeling. In this circumstance, we recommend that all the people and animals in the household take the Flower Essences. We find that when the other animals and people in the household are supported by Flower Essences, the original animal often improves. When you give everyone in the household Flower Essences, each person or animal will copy the helpful information and ignore any data that is not relevant. Because we are all electrically connected, especially to the people or animals we live with, improvement in one individual will improve the health and well-being of all members of the household.

THE SAFE & GENTLE NATURE OF OUR FLOWER ESSENCES

Flower Essences are safe and gentle tools. You can give animals as many remedies as you feel they need. After all, sometimes we need many road maps to find our way through a challenge! Don't worry that you might give an animal a Flower Essence it does not need—if this happens, the animal will simply ignore the information offered by the remedy. In truth, there is usually something an animal can learn from any remedy you offer. Flower Essences have great depths. If you are prompted to use a remedy with a name or description that doesn't quite fit, we encourage you to trust your intuition.

Lastly, we want to remind you again that while the Animal Wellness Collection remedies were developed for animals, they are wonderful for people too! As many people as animals use these remedies in their healing work. We encourage you to use these remedies for yourself—we do!

ORDERING INFORMATION

Remedies can be purchased directly from Green Hope Farm. Individual 1/2-ounce bottles are \$9 each plus shipping. The complete set of 22 remedies is available for \$175 plus shipping. All remedies can also be purchased in our larger 2-ounce size for \$30 each plus shipping. Orders include a copy of our "Guide to Green Hope Farm Flower Essences," which contains further information about our extensive collections of Flower Essences for people and animals.
