

Support MSU Students Impacted by Disaster

Hello, my name's Caitlin Schaeffer and I serve as student body vice president.

I'm Brandon McCoy, student body president.

And I'm Eric Mertens, senior class president.

As students, it's our duty to support each other in good times and bad.

Due to recent events, we realized we needed to do our part in helping our fellow students. That's why we set up a crowdfunding page so that you too can contribute to the success of your fellow bears.

All funds donated will benefit the Emergency Scholarship Fund, which students can access to help them in their time of need.

We encourage you to donate and support your fellow bears!

So, we have an emergency fund that's been established to help students that find themselves in some kind of unforeseen crisis. It is a fund that helps the person with whatever their immediate need might be. For example, we had some students that were involved in a fire of their apartment and lost all of their textbook materials. You know, everyone knows someone who has had some kind of emergency or crisis situation come up. You know, people want to help other people.
