

MSU Excellence in Men's Soccer

I'm Michael Seabolt. I coach Missouri State Men's Soccer. I've just climbed this pinnacle mountain to 3,425 feet in bear country. I've done it on my own. We can do great things on our own- we can climb so much. We can win championships, but with your support, with your help, with your generosity we can do so much more.

We'd love for you to join our team and help us as we achieve greater success, more championships, climb more summits and take this program from good to great.

Thanks for your support.

Go Bears!!
