MAJOR Typo: Setup map incorrectly shows a Passive Support marker in Bombay Presidency. Setup list is correct.

3.3.3 Civil Disobedience

Clarification: Congress may select spaces with Congress Activists up to Restraint, plus any spaces with a Protest marker or with Gandhi. The Muslim League may select spaces with Muslim League Activists up to Unity, plus any spaces with a Muslim League Base.

4.4.1 Muslim League Negotiate

Clarification: The illustration does not show moving the Troop in East Bengal to a City after a Muslim State is created. The text of the illustration correctly notes that the Troop must move, in this example to Calcutta.

4.4.3 Muslim League Persuade

Clarification: Persuade may not remove Gandhi.

8.7.2 NP Congress Satyagraha

Clarification: Always consult the **Move or Release Gandhi** column of the NP Congress Space Selection Priorities table to determine where Gandhi will move. Gandhi may even “move in place” if his current space is the destination selected.

8.8.4 Implementing Event Text, Example #2

Errata: The example text incorrectly says that NP Congress could remove Bases from up to two spaces. Per Event Card text, only one Base may be removed.

8.9.3 NP Raj Redeploy, Instruction #1

Clarification: If there are insufficient Sepoys to match Troops in all Provinces, select destinations at random.

Typo: The map graphic is missing the Unrest marker in Punjab.

PAC, Muslim League

MAJOR *Typo:* Disregard “Accompanying Op” under Non-Cooperation.

Clarification: Persuade may not remove Gandhi.

Clarification: Unshaded Event may not move Bases to Out of Play.

Arjuna Card B

Typo: Deploy instruction 2 should read “Get 3 Troops to *remaining* Cities”. We apologize for the horrendous misspelling.
