

# CORNBELT<sup>®</sup> ULTRA-MARK<sup>™</sup> FOAM MARKER

Principal Functioning Agents: ..... pct./wt.  
Proprietary blend of active foaming agents and formulation aids.....100.0%

### **CAUTION**

#### **Keep Out of Reach of Children**

Avoid prolonged contact with skin. In case of contact with eyes, immediately flush with water for at least 15 minutes and get medical attention.

**STORE ABOVE 45° F**

**Net Contents: 1 U.S. Gallon**

**CORNBELT® ULTRA-MARK™** is specially formulated with a unique blend of high foaming surfactants and foam stabilizers that delivers a long lasting foam, particularly under adverse hot and windy application conditions and in hard water.

**CORNBELT® ULTRA-MARK™** produces foam that is resistant to wind allowing the foam ball to be resilient to the degrading effects of moderate wind.

**CORNBELT® ULTRA-MARK™** can be used with any foam marker equipment. Field tests conducted using **CORNBELT® ULTRA-MARK™** indicate that this versatile formula produces long lasting, heat-resistant foam when used with both pressurized and non-pressurized foam marking systems. This concentrate is effective at various dilution rates based on the hardness of the water. Many factors influence how long the foam will last. Foam ball size, colorants, pressure, temperature, humidity, soil type and wind velocity will impact foam life.

To insure a good quality foam, be certain to flush and clean the foam generating equipment before use.

#### **DIRECTIONS FOR USE**

For best results start by putting half of the water needed in the tank followed by the amount of **CORNBELT® ULTRA-MARK™** needed, followed by the remaining half of the water.

The standard use rate of **CORNBELT® ULTRA-MARK™** is one gallon of **CORNBELT® ULTRA-MARK™** for every 100 gallon of water.

Under Soft Water conditions (less than 300 ppm) a use rate of one gallon of **CORNBELT® ULTRA-MARK™** per 120 gallon to 160 gallon of water may provide satisfactory results.

Under Hard Water conditions (more than 1,000 ppm) a use rate of one gallon of **CORNBELT® ULTRA-MARK™** per 80 gallon of water may be preferred for extended foam life.

Whenever a foam colorant additive is used, use one gallon of **CORNBELT® ULTRA-MARK™** for every 80 gallon of water.

#### **IMPORTANT**

Do not mix **CORNBELT® ULTRA-MARK™** with any other foam marker concentrate. This formula is a carefully tested blend of foam additives and stabilizers that may not be compatible with other products. A mixture with different foam concentrates will likely result in poor quality foam.

#### **NOTICE: READ CAREFULLY**

**Conditions of Sale:** Van Diest Supply Co. (and seller) offer(s) this product for sale subject to and buyer and all users are deemed to have accepted the following conditions of sale and warranty which may only be varied by written agreement of a duly authorized representative of Van Diest Supply Co.

**Warranty Limitations:** Van Diest Supply Co. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the use directions on the label subject to the inherent risks referred to below. Van Diest Supply Co. makes no other express warranties. **THERE IS NO IMPLIED WARRANTY OF MERCHANTABILITY** and there are no warranties which extend beyond the description on the label hereof.

**Inherent Risks:** The Directions for Use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks associated with use. Buyer assumes all risks associated with use or application of this product contrary to label instructions or resulting from extraordinary weather conditions.

**Limitation of Liability:** In no case shall Van Diest Supply Co. be liable for special, direct or consequential damages resulting from the use or handling of this product and no claim of any kind shall be greater in amount than the purchase price of the product in respect of which such damages are claimed.
