**Comments:**

HAKKO FR-400 Ultra Heavy-Duty desoldering station will have an improved handpiece, FR-4003, available as of February 22, 2019. The original handpiece (FR-4001) will be discontinued at that time or once existing supply is exhausted.

The new handpiece will adopt the popular quick-change mechanism on HAKKO FR-301 and will replace FR-4001 handpiece, making the nozzle change process even faster.
