

TO: Parents of Preschool Students

RE: Notice from NV Bureau of Services for Child Care

---

NV Bureau of Services for Child Care is notifying all facilities within the State's jurisdiction that NRS / NAC 555 is now in effect.

Childcare facilities must fill out a pesticide application log. The parents/ guardians of enrolled students are required by NRS/NAC 555 to be notified of the following regulation.

The Regulations Governing the Sanitation and Safety of Child Care Facilities requires an application log with the following;

1. Date of pesticide use
2. Date of notification of parent/guardian
3. Site, areas, and items treated
4. Brand or product name applied or active ingredient
5. Pest control company providing service and applicator's name
6. Target pest and reason for pesticide use (list any IPM strategies used)

---

\*Please complete, sign and return the following statement.

Parent/Guardian Notification of NRS / NAC 555: Appendix D

Statement – I, \_\_\_\_\_, am aware that I was notified of the pesticide application log.
