RE: Notice from NV Bureau of Services for Child Care

---

State of Nevada Child Care Licensing is notifying all facilities within the State's jurisdiction that NRS 432A.178 is now in effect.

Child care facilities must fill out the standardized form listing a summary of complaints the facility has received in the last 12 months. The form will be given out to newly enrolled families and upon request from parents who are considering enrolling their child in the facility. If a complaint requires disciplinary action, all children enrolled in the facility need to be notified within (3) working days. The facility is required to include the following statement on their registration form in order for the State to track this information and ensure the facility is in compliance with the requirements listed under NRS 432A.178.

\*Please complete, sign and return the following statement.
