

What's in The High School Solution?

Complete guidance for homeschooling high school with
Over 50 hours of how-to training, tools and templates for every age and stage of high school. Materials include video, audio, Word, Excel, pdf, and extensive online resources.
Works with PC or Mac (with free or paid MS Office software).

4 Core Modules

- A complete four hour training class on "Preparing to Homeschool High School" presented in video format and with a live audience, plus special instructions for parents with gifted students or struggling learners.
- Detailed training on homeschooling, from middle school through senior year and beyond
- Specific help for all stages, from getting started homeschooling high school, planning high school courses and understanding high school testing, to college admission and scholarships
- Thorough classes on choosing curriculum, encouraging delight directed learning, and teaching advanced subjects like math, science, English, history, fine art, PE, and electives

4 Resource Packs

- Live monthly webinar for additional training and support, with live question and answer
- Supplemental classes with Dr. Jay Wile: "How and Why Homeschooling Works" and "The Real Story about College and Faith"
- Tools and templates including a planning guide, grading criteria, record keeping samples, and assignment sheets
- College prep calendar for each year from middle school through senior year
