

Day 1

Transmission 34:13

Music - [Daniel Schotsborg - Holomoods - Full Moon Spirit](#)

This activation begins the preparation of your body and matrix to receive all which this series offers. The Architects of the Divine Vehicle make their frequency and presence known through the streams of energy penetrating into your fields. There is a deep desire for you to know and recognize this frequency, as it is present throughout the entire series.

The pineal gland is beginning to receive pulse waves of Light to remove the physical calcification impeding proper integration of frequency information coming in from your Higher Self. Your entire body is receiving “Cosmic” acupuncture to amplify the release of toxins, templates of Light, and stress within your body. This usually feels extremely relaxing.

This initial preparation continues through your dream state and throughout the next 24 hours. Allow yourself to surrender into the bliss and relaxation that this process brings.

As we go through this 13-day series, physical supplements and products to help you clear and decalcify your Pineal gland are highly recommended. Although there is much available on the internet, I am providing this link for your information. Please ALWAYS follow your own guidance as to what your body needs or wants to assist with these changes. If necessary, do some muscle testing or use your pendulum to help guide you in choosing the most appropriate action for you at this time. <http://decalcifypinealgland.com/how-to-decalcify-the-pineal-gland/>

This series of activations has an effect on your physical body. I highly recommend taking something for your head or body if you develop headaches or experience discomfort of any kind. Make sure to get plenty of rest, good deep nutrition, exercise and lots of pure fresh water.
