

Introduction

It is an honor and a privilege to facilitate this series of Light activations.

Boundless Foundations is the title I received to express the energetics of this series. As we enter the base chakra, the root of our physical experience, foundational emotions are examined, explored and reconfigured.

We are designed to be boundless co-creators, utilizing the laws of quantum physics and spiritual wisdom to experience physicality from multiple viewpoints. As we evolve and expand our consciousness, our ability to co-create with more precision and intention becomes available.

This series helps to unlock limitations which reside in the mechanics of your energetic systems, guiding you to reach your highest potential in each Now moment.

Each day you receive a PDF explanation and MP3 activation to listen to at your leisure. It is best if you can listen during the 24 hour window. However, it is not required, as you need to follow your own intuition and guidance as to what is appropriate for you.

This is an experiential series. All that is required is a deep desire to remember your truth, love yourself as you are in the NOW moment, a willingness to release that which no longer serves you, and to breathe into the boundless opportunities which are your birthright as a Divine Being of Light.
