

## Music - Contributing Musicians

I want to thank the beautiful and talented musicians who have contributed their music to this series.

**Sean Maher** is a Musician, Sound Healer, and Audio & Video Engineer, Producer, and Coach. He has spent the latter half of his life exploring the realms of transformation through sensory experience which has led him down the path of personal growth and spiritual awakening. Sean's music is an experiential journey into the subtle realms of Spirit and is enhanced by the use of sonic technologies such as binaural beats, auspicious frequencies, and conscious intention. His prevailing purpose for this music is to help people lean- into the veil and glimpse the unseen by letting go into the sonic flow.

Sean is dedicated to being of service in a way that empowers the Inspired to bring forth their Soul's message by overcoming the blocks, both technical and psycho-emotional, that hinder this expression.

## **Lilith**

My life is music, everything is connected, so my life philosophy influences every aspect of my music. One of the manifestations of this relationship is that I get so inspired by the sounds of nature and I use aspects of nature as basis for my music.

We are all part of nature (and the universe). The ultimate goal that I want with my music and which is inspired by my life philosophy is that through connecting with my music you will come more and more in connection with your own personal and natural frequency, your own rhythm. This helps you to remember who you are ;-) !
