

Providence Virtual Pediatric Grand Rounds

Providers and caregivers who care for children are invited to virtual educational offerings with pediatric specialists. Events are free to participate and each event is eligible for a maximum of 0.75 AMA PRA Category 1 credits™. The same content is offered multiple times so you may pick the session that works best for you.

Updates in Type 1 Diabetes

Pediatric endocrinologist Dr. Marcie Drury Brown discusses the progression of Type 1 diabetes and how to prevent that progression. She also discusses how and when to screen for Type 1 diabetes. And she talks about new diabetes treatment options with a focus on new technology advances.

May 11 from 7:30-8:15 a.m. PST | May 20 from 12:30-1:15 p.m. PST | May 20 from 5:00-5:45 p.m. PST

Eating and Breathing – Do You Really HAVE to do BOTH?

Pediatric ENT Dr. Peggy Kelley and pediatric gastroenterologist Dr. Matthew Riley review complex feeding and breathing disorders in early life, including: identifying signs and symptoms; constructing a differential diagnosis and initial management plan; and sharing models of multidisciplinary care for ongoing management.

June 14 from 5:00-5:45 p.m. PST | June 17 from 7:30-8:15 a.m. PST | June 17 from 12:30-1:15 p.m. PST

Pediatric COVID: MIS-C and Vaccines

Pediatric infectious disease provider Dr. Genevieve Buser prepares guests to: recognize signs, symptoms and history suggestive of SARS COV-2-related multi-system inflammatory syndrome in children; choose laboratory testing to assist with evaluation of SARS COV-2-related multi-system inflammatory syndrome in children versus other febrile illnesses; understand risk for acute decompensation secondary to myocardial dysfunction, and especially importance of avoiding fluid overload during resuscitation.

July 15 from 5:00-5:45 p.m. PST | July 20 from 12:30-1:15 p.m. PST | July 23 from 7:30-8:15 a.m. PST

Register: Visit bit.ly/peds-cme and select Pediatric Grand Rounds from the Name drop-down menu. Scroll down to view all three date/time options. Meeting access information is shared upon registration.

About the Speakers

Marcie Drury Brown, M.D., knew from an early age she wanted to be a doctor. A 2021 Portland Monthly "Top Doctor," she earned her medical degree from Loma Linda University in California. She completed a pediatric internship and residency at Oregon Health & Science University where she was also fellowship trained in pediatric endocrinology. In her free time, Dr. Drury Brown enjoys participating in triathlons, skiing, hiking, and spending time with her husband and two kids.

Providence Pediatric Endocrinology | Phone: 503-216-6050 | Fax: 971-282-0102

Peggy Kelley, M.D., has more than 35 years of experience caring for children. A strong listener who feels called to help others, Dr. Kelley has been recognized regularly over the years by a handful of outlets, with the likes of U.S. News and World Report, as Best or Top Doctor as well as Outstanding Teacher. She attended medical school at Oregon Health & Science University and is married with two children. Dr. Kelley enjoys horseback riding, gardening, hiking and the outdoors.

Providence Pediatric ENT | Phone: 503-216-6050 | Fax: 971-282-0142

Matthew Riley, M.D., believes his most important role as a provider is to be a good listener. He loves teaching kids about how their bodies work and helping them experience their full potential. Dr. Riley attended medical school at Oregon Health Sciences University and completed a pediatric residency at Doernbecher Children's Hospital. He completed a fellowship in pediatric gastroenterology, hepatology and nutrition at Stanford University Medical Center/Lucile Packard Children's Hospital. During that time, he was also a research fellow in gastroenterology at the University of California, San Francisco. He enjoys cooking, travel and has a son.

Genevieve Buser, M.D., emphasizes caring for the entire person, not just their current condition. A 2021 Portland Monthly "Top Doctor," Dr. Buser earned her medical degree from McGill University in Montreal, Canada. She completed her internship and chief residency at Children's Hospital of Orange County in California. Dr. Buser is board certified in general pediatrics and pediatric infectious disease. In her free time, Dr. Buser enjoys traveling, cooking, swing dancing and birdwatching. She is fluent in French.
