

# JOB SHADOW INFORMATION

The Job Shadow program is open for applications.

---

## JOB SHADOWS

---

- A shadow is eight hours or less within a six-month window. If you need longer than that, see below.
- Job shadows are designed to give a brief insight into a career field you may be interested in. You must be at least a senior in high school to apply. You must obtain your own sponsor. You cannot be related to them.
- These are strictly hands-off observerships. You will not be allowed to perform any clinical duties.
- If you meet the qualifications, please complete the initial interest form with your sponsor. If not, see if you qualify for another position below.

---

## VOLUNTEERING

---

- Volunteers are community members supporting patients and staff in various ways throughout the hospital. You must be at least a senior in high school to apply.
- We ask that volunteers commit to a minimum of 100 hours of service.
- Volunteers must complete an application, interview, orientation, background check, health screening and training before they can volunteer on their own.
- This is usually best for those who need volunteer/hospital experience hours to assist with application to a medical program.
- If you meet the qualifications, please apply during the open recruitment periods posted online.

## MEDICAL OBSERVERSHIPS, INTERNSHIPS & RESIDENCIES

---

- Medical Observerships are shadowing opportunities that exceed the eight hours in length and are required as part of an undergraduate program, entry into a graduation medical program, or allied health services, such as EMT.
- Medical Residencies: Sub-intern rotations need to be coordinated with either the SeaMar or WSU Internal Medicine Residencies
- Please reach out to Cambree McCoy, Manager Graduate Medical Education at [Cambree.McCoy@providence.org](mailto:Cambree.McCoy@providence.org) for more information.
