Notice of Proposed Submission and Request for Consent by:

ST. JOSEPH HEALTH NORTHERN CALIFORNIA, LLC

In connection with the proposed Asset Purchase Agreement between

ST. JOSEPH HEALTH NORTHERN CALIFORNIA, LLC dba PROVIDENCE QUEEN OF THE VALLEY MEDICAL CENTER, PROVIDENCE MEDICAL FOUNDATION, NORTHBAY NAPA HOSPITAL CORP., AND NORTHBAY HEALTHCARE CORPORATION

Prepared for the Office of the Attorney General

California Department of Justice
Charitable Trusts Division

May 13, 2026

Title 11, California Code of Regulations, § 999.5(d)(1)

DESCRIPTION OF THE TRANSACTION

11 Cal. Code Reg. Section 999.5(d)(1)(A)

A full description of the proposed agreement and transaction

St. Joseph Health Northern California, LLC, a California limited liability company ("SJHNC"), submits this Notice to the California Attorney General under California Corporations Code Section 5920 (this "Notice") in accordance with the requirements of Section 999.5(a) at the express request of the Office of the California Attorney General.[1]

I. The Parties

The parties to the proposed transaction are (a) SJHNC, (b) Providence Medical Foundation, a California nonprofit public benefit corporation ("PMF"), (c) NorthBay Napa Hospital Corp., a California nonprofit public benefit corporation ("NorthBay Napa"), and (d) NorthBay Healthcare Corporation, a California nonprofit public benefit corporation ("NorthBay Parent" and, together with NorthBay Napa "NorthBay").

a. QVMC & Applicant SJHNC

SJHNC is the Applicant.[2] SJHNC owns and operates Providence Queen of the Valley Medical Center, an acute care hospital located at 1000 Trancas Street, Napa, California 94558 (the "QVMC"). The ultimate parent entity of SJHNC is Providence St. Joseph Health ("PSJH"), a nonprofit health system that provides a comprehensive range of health care services across California, Alaska, Montana, New Mexico, Oregon, Texas and Washington. PSJH strives to increase access to health care and bring quality, compassionate care to its patients, with a focus on those most in need. QVMC operates within PSJH's Northern California health network.

b. PMF

PMF is a medical foundation that owns and operates multi-specialty clinics pursuant to Section 1206(l) of the California Health & Safety Code, including certain clinics located in Napa County, California (the "Napa Clinics"). PMF was founded in 1994 and contracts with medical groups across California to provide high-quality outpatient health care services across a variety of specialties.

c. NorthBay

NorthBay Napa is the Transferee. NorthBay Napa is wholly owned by NorthBay Parent. NorthBay Napa was formed by NorthBay Parent for the purpose of owning and operating QVMC after the closing of the proposed transaction.

NorthBay is a locally-governed, nonprofit health care system serving Solano County and surrounding communities in Northern California. NorthBay owns and operates NorthBay Health Medical Center, an acute care hospital at 200 B Gale Wilson Blvd, Fairfield, California 94533 and NorthBay VacaValley Hospital, an acute care hospital located at 1000 Nut Tree Road, Vacaville, California 95687. NorthBay also owns and operates primary care and specialty clinics and four urgent care centers across the region. NorthBay Health is committed to advancing clinical excellence, compassionate service, and community well-being.

[1] Section references are to Title 11 of the California Administrative Code, unless otherwise indicated.
[2] Capitalized terms used but not defined in this Notice have the meanings given in Section 999.5.

II. Overview of the Transaction: Asset Purchase Agreement

On the terms and conditions set forth in the Asset Purchase Agreement, dated April 7, 2026, by and among SJHNC, PMF, and NorthBay (the "Asset Purchase Agreement"), SJHNC will sell to NorthBay substantially all of the assets used in the operation of QVMC, and PMF will sell to NorthBay substantially all of the assets used in the operation of the Napa Clinics (the "Transaction"). The Asset Purchase Agreement is attached to Section 999.5(d)(1)(b) as **Exhibit 1**. Each of SJHNC, PMF, and NorthBay believe that the Transaction will further the sustained provision of health care services for patients located in Napa County and the surrounding areas, in furtherance of the charitable purposes of SJHNC, PMF, and NorthBay.

a. Key Provisions of the Asset Purchase Agreement

i. Purchase Price

Pursuant to the Asset Purchase Agreement, SJHNC and PMF will sell substantially all of the assets used in the operation of QVMC and the Napa Clinics for a purchase price equal to Four Hundred Fifty Million Dollars ($450,000,000).

ii. *Transferred and Excluded Assets*

The transferred assets (the "Transferred Assets") include substantially all of the tangible and intangible assets associated with the operation of QVMC and the Napa Clinics, including substantially all personal property located at QVMC and the Napa Clinics, substantially all leased and owned real property associated with the operation of QVMC and the Napa Clinics, transferrable permits and licenses, certain contracts held by SJHNC and PMF for the operation of QVMC and the Napa Clinics, inventory located at QVMC and the Napa Clinics, and certain intellectual property, goodwill, intangible assets and other assets associated with the operation of QVMC and the Napa Clinics.

The excluded assets that will not be transferred to NorthBay include, among other assets, cash, accounts receivable relating to periods prior to the closing date of the Transaction, bank accounts of SJHNC and PMF, company-wide policies and procedures, certain intellectual property, Providence regional or system-wide contracts and assets, and certain Catholic-related historical and religious artifacts.

iii. *Employee Matters*

NorthBay, or an affiliate of NorthBay, will offer employment to all employees of SJHNC and PMF who primarily provide services to QVMC and the Napa Clinics, subject to the standard hiring practices and policies of NorthBay or the relevant NorthBay affiliate. The employees who accept such offer of employment will be employed in the same or comparable positions to their current employment (including the same or better job title) for a minimum of twelve (12) months after the Transaction closes. NorthBay or the relevant NorthBay affiliate will ensure that each employee that accepts their offer of employment will be provided with: (i) base salary or wages, applicable pay differentials, and target annual bonus and/or incentive compensation opportunities at least equal to the base salary or wages and target annual bonus and/or incentive compensation made available to such employee prior to closing; (ii) severance benefits at least as favorable as those in effect for such employee prior to closing; and (iii) other benefits and terms and conditions of employment that are either: (A) substantially comparable in the aggregate to those in effect for such employee prior to closing; or (B) substantially comparable to those provided to similarly situated employees of NorthBay or the relevant NorthBay affiliate. In addition, NorthBay will assume all existing collective bargaining agreements in place with respect to SJHNC employees who primarily provide services to QVMC and the Napa Clinics and accept employment with NorthBay or an affiliate of NorthBay.

iv. *PMF Napa Clinic Providers*

PMF maintains a professional services agreement with Providence Medical Group, Northern California ("PMGNC"). PMGNC employs physicians that provide professional services at the Napa Clinics pursuant to such professional services agreement. PMF will reasonably cooperate with NorthBay in transitioning such PMGNC physicians who provide professional services at the Napa Clinics to a NorthBay-affiliated medical group.

v. *Mission Commitments*

For a period of at least 3 years after the Transaction closes, NorthBay will continue use of and respect for sacred spaces, mental health services, and spiritual care at QVMC and the Napa Clinics, continue the provisions of spiritual care, continue the provision of palliative care at QVMC at historical levels of investment by QVMC, and collaborate with SJHNC and PMF on the transition of visual elements at QVMC and the Napa Clinics that acknowledge their heritage and legacy.

Additionally, during the 3 year period after closing of the Transaction, NorthBay will: (i) continue to operate QVMC as a licensed general acute care hospital; (ii) continue to have QVMC and the Napa Clinics participate as enrolled providers in Medicare and Medicaid, as applicable; (iii) provide charity care at QVMC pursuant to a charity care policy no less favorable than QVMC's charity care policies in effect as of execution of the Asset Purchase Agreement; and (iv) continue to provide each of the following specific community benefit programs at the same levels and scope as provided as of execution of the Asset Purchase Agreement:

- A comprehensive care coordination and assistance program offered to low-income Napa County residents with complex medical and social challenges who are underinsured or uninsured;
- A mobile dental clinic providing dental care to children and young adults throughout Napa County;
- A naloxone distribution box placed outside of QVMC's emergency room, providing 24/7 free access to life-saving naloxone and fentanyl testing strips;
- A primary prevention program offering a range of maternal and child health education classes and community health services for mothers, children, and families; and
- QVMC's 12-week cancer wellness program available free of charge to cancer patients who reside in the Napa Valley, regardless of where they are treated, and for all patients treated at QVMC, regardless of where they live.

Further, during the 3-year period after closing of the Transaction, NorthBay will establish, through written charter, a Mission Effectiveness Committee to oversee NorthBay's adherence to the mission commitments described above with the goal of ensuring seamless, mission-driven care for the patients in the Napa community. Key principles of the Mission Effectiveness Committee's charter will include, without limitation: (i) ensuring that local QVMC charitable commitments are honored and expanded, (ii) guiding local community benefit initiatives, including the QVMC Community Health Needs Assessment process, and (iii) collaborating with local religious leaders and members of the QVMC community stakeholders to promote a vision of care consistent with the principles described above.

11 Cal. Code Reg, Section 999.5(d)(1)(B)

A complete copy of all proposed written agreements or contracts to be entered into by the applicant and the transferee that relate to or effectuate any part of the proposed transaction.

Attached to this Section are the following documents:

- **Exhibit 1** to Section 999.5(d)(1)(B), a copy of the Asset Purchase Agreement, including the exhibits thereto.

- SJHNC is requesting confidential treatment of the disclosure schedules and Exhibit 1.13(f) (Transition Services Agreement) to the Asset Purchase Agreement, which will be submitted under separate cover to the Office of the Attorney General in accordance with Section 999.5(c)(3).

EXHIBIT 1 TO

SECTION 999.5(d)(1)(B)

ASSET PURCHASE AGREEMENT

by and among

ST. JOSEPH HEALTH NORTHERN CALIFORNIA, LLC dba PROVIDENCE QUEEN OF THE VALLEY MEDICAL CENTER,

PROVIDENCE MEDICAL FOUNDATION,

NORTHBAY NAPA HOSPITAL CORP.,

and

NORTHBAY HEALTHCARE CORPORATION

Dated: April 7, 2026

ASSET PURCHASE AGREEMENT

This Asset Purchase Agreement (the "**Agreement**") is made and entered into as of April 7, 2026 (the "**Execution Date**"), by and among St. Joseph Health Northern California, LLC, a California limited liability company doing business as Providence Queen of the Valley Medical Center ("**QVMC"**), Providence Medical Foundation, a California nonprofit public benefit corporation ("**PMF**" and together with QVMC, "**Sellers**") and NorthBay Napa Hospital Corp., a California nonprofit public benefit corporation ("**Buyer**"). Each of QVMC, PMF and Buyer are also referred to herein individually as a "**Party**" and collectively as the "**Parties**". NorthBay Healthcare Corporation, a California nonprofit public benefit corporation ("**NorthBay Parent**"), joins this Agreement solely for the purposes of Section 1.16.

R E C I T A L S

A. QVMC (i) is engaged in the business of delivering healthcare services to the public through the ownership and operation of the land and improvements thereon constituting the licensed general acute care hospital and associated structures that comprise Providence Queen of the Valley Medical Center, which is located at 1000 Trancas Street, Napa, California 94558 (the "**Hospital**") and (ii) owns the Owned Real Property (as defined herein).

B. PMF is a medical foundation that (i) owns and operates multi-specialty clinics pursuant to Section 1206(l) of the California Health & Safety Code, including those PMF clinics located in Napa County, California and set forth on Exhibit A (the "**Napa Clinics**"), and (ii) contracts with Providence Medical Group, Northern California, a California professional corporation ("**PMGNC**"), for physicians employed or contracted by PMGNC to provide professional medical services at the Napa Clinics.

C. Sellers have a history of providing healthcare services for individuals located in Napa County and surrounding areas, and the Parties believe the transactions described herein would best serve the healthcare needs of the communities historically served by the Facilities (as defined herein).

D. Buyer desires to purchase from Sellers, and Sellers desire to sell to Buyer, the assets described in Section 1.1 below for the consideration and upon the terms and conditions contained in this Agreement.

E. Capitalized terms used in this Agreement shall have the meanings ascribed to such terms in Exhibit B, attached hereto and incorporated herein.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants contained in this Agreement, and for their mutual reliance and incorporating into this Agreement the above recitals, the Parties hereby agree as follows:

ARTICLE 1
SALE AND TRANSFER OF ASSETS; CONSIDERATION; CLOSING

1.1 **Transfer of Sellers' Assets.** On the Closing Date, subject to the terms and conditions of this Agreement, Sellers shall sell, assign, transfer, convey and deliver to Buyer, and Buyer shall acquire, all of Sellers' rights, titles and interests in and to the Transferred Assets, free and clear of all Encumbrances other than the Assumed Liabilities and Permitted Encumbrances. "**Transferred Assets**" means all assets, properties, rights, and interests of every description and of whatever kind and nature, whether real, personal

or mixed, tangible or intangible, owned or leased by a Seller to the extent assignable or transferable by such Seller and, (x) if tangible, located at the Facilities and primarily, except as specifically noted below in this Section 1.1, used or held for use in the operation of, or relating to, the Business, and (y) if intangible, exclusively, except as specifically noted below in this Section 1.1, used or held for use in the operation of, or relating to, the Business, in each case other than the Excluded Assets, including the following items:

(a) all of the tangible personal property owned by Sellers, or to the extent assignable or transferable by Sellers, located at the Facilities and primarily used or held for use in the operation of, or relating to, the Business, including equipment, furniture, fixtures, machinery, office furnishings and leasehold improvements and, to the extent assignable or transferable by Sellers, all rights in all warranties of any manufacturer, vendor, or other Person with respect thereto (the "**Personal Property**");

(b) the real property set forth on Exhibit 1.1(b), together with all plants, buildings, structures, installments, improvements, fixtures, betterments, additions and improvements in the progress of construction and situated or located thereon, all appurtenances and hereditaments, rights, development rights, and all privileges and appurtenances thereto and all easements and rights-of-way used or useful in connection therewith (the "**Owned Real Property**"), and also together with all of Sellers' right, title and interest in and to: (i) all of the Service Contracts set forth on Exhibit 1.1(b)(i), and (ii) each Lessor Lease set forth on Exhibit 1.1(b)(ii) and any and all prepaid deposits, rents or other consideration and any and all unapplied security deposits ("**Security Deposits**") applicable to the Lessor Leases, that, as of the Closing Date, a Seller is required to hold on behalf of tenants under the Lessor Leases;

(c) to the extent transferrable under applicable Law, (i) all permits, licenses, certificates, Approvals, consents, notices, authorizations, variances, waivers, franchises, registrations, filings, accreditations, provider numbers or other similar authorizations issued, granted, or required by any legal requirement, Governmental Authority, or Contract and (ii) all accreditations that are used or held for use in, have been obtained by or issued to or on behalf of a Seller, in each case of (i) and (ii) relating to the Business, the Facilities, the Owned Real Property, the Leased Real Property, or the Purchased Assets and set forth on Exhibit 1.1(c) (the "**Permits**");

(d) all of the rights and interests of Sellers in the Contracts that are set forth on Exhibit 1.1(d) (the "**Assumed Contracts**");

(e) all real property that is leased, subleased, licensed or used by Sellers as tenant, subtenant or licensee for use in the operation of the Business and set forth on Exhibit 1.1(e) (the "**Leased Real Property**"), with all plants, buildings, structures, installations, fixtures, fittings, improvements, betterments and additions situated thereon, all privileges and appurtenances thereto, all easements and rights-of-way used or useful in connection therewith, and all rights and privileges thereto pursuant to any written or oral lease (excluding any Seller intercompany cost allocation arrangements), sublease, license, occupancy agreement or similar agreement, including all amendments, extensions, renewals, guaranties, and other agreements with respect thereto (the "**Assumed Leases**"), and all Contracts for use thereof;

(f) subject to Section 1.2(p), all Books and Records; *provided*, *however*, that, prior to the Effective Time, Sellers shall be permitted to make or retain copies of all records included in the Transferred Assets that Sellers reasonably determine may be permitted by Law to retain for the purpose of complying with the obligation of Sellers or Sellers' Affiliates pursuant to Law or related to patient care or billing and collection for patient care rendered prior to the Effective Time;

(g) all medical and non-medical inventory and supplies located at the Facilities and primarily used or held for use in the operation of, or relating to, the Business (the "**Inventory**"), including any rights to rebates, refunds or discounts due with respect to the Inventory;

(h) the Transferred Intellectual Property;

(i) all portions of goodwill exclusively associated with the Business;

(j) all intangible rights (to the extent transferrable) held by a Seller and exclusively used or held for use in the operation of, or relating to, the Business;

(k) all insurance proceeds and condemnation awards relating to property damage or taking of any Transferred Asset, to the extent not expended prior to the Closing Date on the repair or restoration of such Transferred Asset;

(l) to the extent assignable or transferable under applicable Law, all Prepaid Expenses;

(m) to the extent assignable or transferable under applicable Law, any claims, causes of action or rights against third parties (including those arising under warranties, indemnities, rebates and guarantees), contractual or otherwise, to the extent related to the Transferred Assets, the Business or the Assumed Liabilities and arising before or after the Effective Time (collectively, the "**Assumed Third-Party Claims**");

(n) all Credentialing and Medical Staff Records;

(o) all telephone numbers and facsimile numbers exclusively used at or in the operation of the Facilities; and

(p) to the extent not included in any of the foregoing, all other assets (other than the Excluded Assets) that are owned, leased or used (including pursuant to an Affiliate of a Seller) by a Seller and exclusively used or held for use in the operation of, or relating to, the Business, whether or not scheduled or described herein.

Notwithstanding anything to the contrary contained herein, if any Transferred Asset is, as of immediately prior to the Closing, owned or held by an Affiliate of Seller rather than by Seller, and such Transferred Asset is exclusively used or held for use in the operation of, or relating to, the Business, Sellers shall cause such Affiliate to transfer, assign, convey, and deliver to Buyer all of such Affiliate's right, title, and interest in and to such Transferred Asset at the Closing, free and clear of all Encumbrances (other than Permitted Encumbrances), on the same terms and conditions as would apply to a transfer of such Transferred Asset by Seller hereunder.

1.2 **Excluded Assets.** Notwithstanding anything to the contrary in Section 1.1, Sellers shall retain all right, title and interest in and to all of the following assets of Sellers (collectively, the "**Excluded Assets**"):

(a) cash, cash equivalents, marketable securities, notes and other investments of Sellers;

(b) the Sellers' rights pursuant to or under this Agreement (including the right to receive and retain the Purchase Price) and any ancillary document hereto;

(c) all accounts receivable and interest thereupon, notes and interest thereupon and other receivables of Sellers, including all claims, rights, interests and proceeds related thereto, including all accounts and other receivables, both billed and unbilled, in each case arising from the rendering of services or provision of goods, products or supplies to inpatients and outpatients at the Business provided by Sellers on or prior to the Closing Date;

(d) all rights to settlements and retroactive adjustments, if any, of payments made to Sellers for Medicare, Medi-Cal and any other Cost Reports, for cost reporting periods ending prior to the Effective Time pursuant to the auditing and settlement of Sellers' Cost Reports, appeals and other risk settlements, including Medicare bad debt, including, but not limited to (i) Sellers' Medicare and Medi-Cal disproportionate share payments related to periods prior to the Closing Date regardless of when the payments are received and regardless of whether the payments are calculated based on data after the Closing Date, (ii) any payments due to the Sellers under the California Department of Health Care Services Quality Assurance Fee Program from the State of California or any of its administrative entities or other entities, including without limitation, Medi-Cal managed care plans, payments or grants due to the Sellers from the California Health Foundation & Trust, Cost Report, claims, or similar appeals and the Sellers' Cost Report settlements in each case arising from the rendering of services and the provision of goods, products or supplies to inpatients and outpatients at QVMC prior to the Closing Date (subject to pro rata adjustments related to post-Closing funding or reconciliations by QVMC for pre-Closing time periods), and any Requests for Public Assistance (RPA) payments owed to Sellers for any periods prior to the Closing Date pursuant to the Federal Emergency Management Act;

(e) all bank accounts of the Sellers;

(f) all organizational record books, corporate minutes and minute books of any Sellers;

(g) any assets of Sellers or Sellers' Affiliates that are policies, procedures, plans and forms created and distributed by Sellers or Sellers' Affiliates and used on a company-wide or region-wide basis, or relating to or involving other hospitals or facilities of any Seller or Affiliate of any Seller other than the Facilities (except for documents that shall be copied and provided to Buyer in accordance with this Agreement);

(h) all insurance policies and Contracts and coverages obtained by Sellers or listing any Seller as an insured party, a beneficiary or loss payee, including Excluded Prepaid Expenses, and all subrogation proceeds related to any insurance benefits arising from or relating to (i) Transferred Assets prior to the Effective Time, or (ii) Excluded Assets;

(i) all refunds and deposits of Sellers, including tax refunds and rights to tax refunds, for periods (or portions thereof) prior to the Effective Time related to the ownership of the Transferred Assets;

(j) all Intellectual Property set forth on Exhibit 1.2(j) (collectively, the "**Excluded Intellectual Property**");

(k) all Seller Plans (as defined below) and the assets of all Seller Plans;

(l) all leases that have not been designated as Assumed Leases, and all Contracts that have not been designated as Assumed Contracts (collectively, the "**Excluded Contracts**"), and all rents, deposits, prepayments, and similar amounts relating thereto, and the right to payment of all Unpaid Amounts;

(m) all related-party agreements, including intercompany receivables, between any Sellers and any Affiliate of Sellers;

(n) all writings and other items that are protected from discovery by the attorney-client privilege, the attorney work product doctrine or any other cognizable privilege or protection;

(o) computer Software, programs, hardware, data processing equipment, manuals and related documentation which are proprietary to Sellers or Sellers' Affiliates and set forth on Exhibit 1.2(o);

(p) any (i) personnel files for employees of Sellers, (ii) all documents, records, correspondence (including with respect to any employees), work papers, patient records or other Books and Records that Sellers are required by Law to retain;

(q) any services, participation or provider agreements with private health plans, insurers or other third party payors and any managed care, prepaid, capitated or other full-risk health plan agreements, in each case held by Sellers or an Affiliate of Sellers;

(r) all unclaimed property of any third party as of the Effective Time, including property that is subject to applicable escheat Laws;

(s) any (i) Permits or accreditations not exclusively used or held for use in, or otherwise not exclusively relating to, the Business or the Transferred Assets, and (ii) Permits or accreditations exclusively used or held for use in, or otherwise exclusively relating to, the Business or the Transferred Assets, but that are not assignable to Buyer pursuant to applicable Laws or the requirements of applicable accreditation organizations;

(t) any claims or causes of action of Sellers or their Affiliates against third parties to the extent that such claims or causes of action relate to the Excluded Assets or the Excluded Liabilities;

(u) any pharmaceuticals that cannot, by applicable Law, be sold by Sellers to Buyer;

(v) Contracts and fee-sharebacks made available through participation in a group purchasing organization;

(w) the religious symbols and artifacts located at the Hospital or the Napa Clinics and set forth on Exhibit 1.2(w) and any other such symbols or artifacts identified by Sellers to Buyer in writing prior to the Closing Date (collectively, the "**Excluded Religious Items**"); *provided* that, during the Interim Period, Sellers may remove from Exhibit 1.2(w) religious symbols and artifacts identified as Excluded Religious Items and include such religious symbols and artifacts as Remaining Religious Items on Exhibit 9.8(e); and

(x) those assets of Sellers specifically identified on Exhibit 1.2(x).

Except as otherwise set forth in this Agreement, at any time within three (3) months following the date of this Agreement, Buyer may, by written notice to Sellers, designate any of the Transferred Assets that are tangible in nature (which shall not include any real property) as Excluded Assets if Buyer reasonably determines that such assets (i) are materially damaged or in material disrepair, (ii) materially fail to meet applicable legal requirements or industry standards, (iii) are technologically or commercially obsolete or do not have reasonable availability of replacement parts or service support, or (iv) are not used in the operation of the Business as currently conducted at the Facility, which written notice shall set forth in reasonable detail such assets so designated ("**Designated Excluded Assets**"). Sellers shall use commercially reasonable efforts to remove such Designated Excluded Asset from the Facility or, in Sellers' sole discretion and subject to prior written approval by Sellers, reimburse the Buyer for the reasonable and documented third-party expenses for removing such Designated Excluded Assets. Sellers and Buyer each acknowledge and agree that there shall be no increase or decrease in the Purchase Price if Buyer elects to designate any Transferred Assets as Excluded Assets pursuant to the operation of this paragraph.

1.3 **Assumed Liabilities.** On the terms and conditions set forth in this Agreement, at the Closing, Sellers shall assign the Assumed Liabilities to the Buyer, and the Buyer shall assume the Assumed Liabilities from the Sellers and thereafter pay, perform, discharge, satisfy and observe the Assumed Liabilities in accordance with their respective terms. The "**Assumed Liabilities**" consist of the following liabilities of Sellers:

(a) all liabilities arising under the Assumed Contracts and Assumed Leases, but only to the extent of the liabilities first arising thereunder from periods on or after the Effective Time and relating (and only to the extent so relating) to facts, circumstances or occurrences first arising on or after the Effective Time and that do not directly arise from any event, circumstance or condition occurring or existing prior to the Effective Time that, with or without notice or lapse of time, would constitute or result in a breach, violation or default under applicable Law or any such Assumed Contracts or Assumed Leases by Sellers or the their Affiliates prior to Closing;

(b) all liabilities and obligations arising out of or relating to any act, omission, event or occurrence connected with the use, ownership or operation by Buyer of the Business or any of the Transferred Assets on or after the Effective Time and relating (and only to the extent so relating) to facts, circumstances or occurrences first arising on or after the Effective Time and that do not directly arise from any event, circumstance or condition occurring or existing prior to the Effective Time that, with or without notice or lapse of time, would constitute or result in a breach, violation or default under any Contract related thereto or applicable Law;

(c) all liabilities and obligations for real and personal property Taxes attributable to the ownership or operation of the Transferred Assets from and after the Effective Time, subject to the prorations provided in Section 1.15;

(d) all liabilities and obligations relating to utilities being furnished to the Business and the Transferred Assets from and after the Effective Time, subject to the prorations provided in Section 1.15;

(e) all liabilities and obligations arising under the Worker Adjustment and Retraining Notification Act and California Assembly Bill AB 2957, as codified at California Labor Code Sections 1400 to 1408 (collectively "**WARN**") caused by any actions taken by Buyer and its Affiliates with respect to the operation of QVMC on or after the Effective Time;

(f) all liabilities and obligations related to the Transferred Employees arising on or after the Effective Time (which for avoidance of doubt and by way of examples, does not include any duties, obligations or liabilities arising from or related to employment-related documentation required to be maintained by such Seller prior to the Effective Time, including documentation of U.S. Citizenship and Immigration Services Form I-9 compliance for Sellers' employees, any employee benefit contribution obligations of Seller prior to the Effective Time, and any alternative work schedule compliance duties, obligations or liabilities that relate to Sellers' employees prior to the Effective Time); and

(g) such other liabilities, including without limitation, capital leases, as the Parties may designate by mutual written agreement executed prior to the Closing (collectively, "**Additional Assumed Liabilities**"), which Additional Assumed Liabilities shall be set forth on Schedule 1.3(g) (as may be amended from time to time prior to Closing upon mutual written consent of the Parties).

1.4 **Excluded Liabilities.** Other than the Assumed Liabilities, Buyer shall not be responsible to pay, perform, discharge or assume, and none of the Transferred Assets shall be or become liable for or subject to any liabilities of Sellers or any Affiliates of Sellers related to the ownership, occupancy or operation of the Business, the Facilities, Leased Real Property or the Transferred Assets, or any liabilities

of Sellers or the their Affiliates related to any acts or omissions by Sellers or their Affiliates, or any other liabilities of Sellers or their Affiliates (the "**Excluded Liabilities**").

1.5 **Risk of Loss**. The risk of loss or damage to any of the Transferred Assets, Owned Real Property, the Business and all other property, transfer of which is contemplated by this Agreement, shall remain with Sellers until the Effective Time and Sellers shall maintain such insurance policies of Sellers as are in effect on the date of the execution of this Agreement, or comparable policies of insurance or self-insurance covering the Transferred Assets, Owned Real Property, the Business and all other property until the Effective Time.

(a) With respect to the Owned Real Property, if prior to the Closing, all or any material part of the Owned Real Property is destroyed or damaged by fire or the elements or by any other cause (any such damage or destruction, a "**Casualty**") or is made subject to an eminent domain Proceeding ("**Condemnation**"), Sellers shall promptly (but not more than ten (10) Business Days after obtaining actual knowledge of such destruction, damage, or condemnation) deliver written notice of such destruction, damage or condemnation to Buyer, which notice shall describe such destruction or damage or Proceeding in reasonable detail; *provided, however*, that no notice shall be required with respect to any Casualty that is fully covered by insurance (subject to customary deductibles) and which will be materially restored prior to the Closing.

(b) With respect to any Transferred Assets, including, without limitation, any Owned Real Property, that are destroyed or materially damaged by a Casualty or are subject to Condemnation prior to the Closing (the "**Damaged Assets**"), Buyer may, at its option, (i) reduce the Purchase Price by the greater of (A) the fair market value of the Damaged Assets as reasonably determined by Buyer and Sellers (such value to be determined as of the date immediately prior to such damage, loss or destruction) or (B) the estimated cost to replace or restore the Damaged Assets as reasonably determined by Buyer and Sellers, or (ii) require Sellers to assign, transfer and set over to Buyer all of Sellers' right, title and interest to any insurance proceeds on account of such damage or destruction, or rights with respect to eminent domain Proceedings, plus an amount equal to any deductible Buyer is required to pay in connection with the receipt of such insurance proceeds or any uninsured loss.

1.6 **Purchase Price.** Subject to the terms and conditions of this Agreement, the aggregate consideration to be paid to Sellers by Buyer as consideration for the purchase of the Transferred Assets shall be (collectively, the "**Purchase Price**"):

(a) an amount of cash equal to (the "**Cash Purchase Price**"):

(i) Four Hundred Fifty Million Dollars ($450,000,000);

(ii) *plus* the result of the amount of any Real Estate Prorations apportioned to Buyer but paid by Seller prior to Closing, *minus* the amount of any Real Estate Prorations apportioned to Sellers but to be paid by the Buyer post-Closing;

(iii) *plus or minus* the amount, if any, of the Operating Surplus or Operating Shortfall; and

(iv) *minus* the aggregate amount any Additional Assumed Liabilities.

(b) the assumption by Buyer from Sellers of the Assumed Liabilities pursuant to Section 1.3.

1.7 **Delivery of Estimated Closing Statement**. Sellers shall prepare and deliver to Buyer, not more than seven (7) Business Days (but at least three (3) Business Days) prior to the Closing Date, a statement (the "**Estimated Closing Statement**") setting forth Sellers' (a) written estimate of (i) the Real Estate Prorations attributed to Buyer, (ii) the Real Estate Prorations attributed to Sellers, (iii) the Operating Surplus or Operating Shortfall, and (iv) the aggregate amount of any Additional Assumed Liabilities, and (b) a calculation of the Cash Purchase Price payable at Closing in accordance with Section 1.6 (the Cash Purchase Price as so estimated, the "**Estimated Purchase Price**"). Sellers will consider any potential adjustments to the Estimated Closing Statement or the Estimated Purchase Price raised in good faith by Buyer in writing prior to the Closing, and Sellers will make any corresponding changes to the Estimated Closing Statement or the Estimated Purchase Price that Sellers reasonably deem appropriate based on Buyer's proposed adjustments.

1.8 **Funds Flow**. No later than three (3) Business Days prior to the Closing, Sellers shall deliver to Buyer a funds flow memorandum (the "**Funds Flow**") setting forth a statement of the recipient and amount of all disbursements to be made pursuant to Section 1.6. The Funds Flow shall set forth the wire transfer instructions of a payment to Sellers of the Estimated Cash Purchase Price, by wire transfer of immediately available funds at Closing.

1.9 **Post-Closing Adjustment to Cash Purchase Price**.

(a) Not more than sixty (60) days after the Closing Date, Buyer shall prepare and deliver to Sellers a statement (the "**Closing Statement**") setting forth Buyer's calculation of (i) (x) the actual amount of each of the elements of the Cash Purchase Price in accordance with Section 1.6 as of the Effective Time, including (w) the Real Estate Prorations attributed to Buyer, (x) the Real Estate Prorations attributed to Sellers, (y) the Operating Surplus or Operating Shortfall, and (z) the aggregate amount of any Additional Assumed Liabilities; and (ii) the Cash Purchase Price in accordance with Section 1.6 resulting from such actual amounts.

(b) During the thirty (30) days after delivery of the Closing Statement, Buyer will provide Sellers and its accountants reasonable access, during normal business hours and upon reasonable notice, (i) to review the financial books and records of Buyer to the extent related to the Closing Statement, including any of Buyer's accountants' work papers related to the calculation of amounts in the Closing Statement (subject to the execution of any access letters that such accountants may reasonably require in connection with the review of such work papers), and (ii) to the employees and other Representatives of Buyer who were responsible for the preparation of the Closing Statement to respond to questions relating to the preparation of the Closing Statement and the calculation of the items thereon, in each case solely to allow Seller to determine the accuracy of Buyer's calculation of the items set forth on the Closing Statement. Any information shared with Sellers or its accountants will be subject to Section 12.9, and Buyer shall not have any obligation to provide information or access to information, materials or Persons if doing so could reasonably be expected to result in the waiver of any attorney-client privilege or the disclosure of any trade secrets or violate any Law. If Sellers disagree with any of Buyer's calculations set forth in the Closing Statement, Sellers may, within thirty (30) days after delivery of the Closing Statement, deliver a written notice of its disagreement (a "**Post-Closing Notice of Disagreement**") to Buyer disagreeing with such calculations. Such Post-Closing Notice of Disagreement shall specify those items or amounts with which Sellers disagree, and shall set forth Sellers' calculation, based on such objections, of each of the elements of the Cash Purchase Price in accordance with Section 1.6, and the Cash Purchase Price resulting therefrom. To the extent not set forth in such Post-Closing Notice of Disagreement, Sellers shall be deemed to have agreed with Buyer's calculation of all items and amounts contained in the Closing Statement. If Buyer does not receive a Post-Closing Notice of Disagreement from Sellers within such thirty (30) day period, then the amounts set forth in the Closing Statement shall become Final and Binding.

(c) If a Post-Closing Notice of Disagreement is received by Buyer on or prior to the thirtieth (30th) day following Buyer's delivery of the Closing Statement, then Buyer and Sellers shall, during the fifteen (15) days following Buyer's receipt of such Post-Closing Notice of Disagreement, seek to resolve any differences that they may have with respect to the matters specified in such Post-Closing Notice of Disagreement. If Buyer and Sellers are not able to resolve their differences during such fifteen (15)-day period, then such dispute shall be resolved in accordance with Section 12.19.

(d) If the Cash Purchase Price as finally determined pursuant to this Section 1.9 is less than the Estimated Purchase Price (the absolute value of such difference, the "**Closing Payment Shortfall Amount**"), then within five (5) Business Days after the Final Resolution Date, Sellers shall pay or cause to be paid, to Buyer, via wire transfer of immediately available funds to an account designated in writing by Buyer, an amount equal to the Closing Payment Shortfall Amount.

(e) If the Cash Purchase Price as finally determined pursuant to this Section 1.9 is greater than the Estimated Purchase Price, then within five (5) Business Days after the Final Resolution Date, Buyer shall pay, or cause to be paid, to Sellers an amount equal to the amount of such excess via wire transfer of immediately available funds to an account designated in writing by Sellers.

(f) If the Cash Purchase Price as finally determined pursuant to this Section 1.9 is equal to the Estimated Purchase Price, there will be no adjustment to the Cash Purchase Price pursuant to this Section 1.9.

(g) Any payments made pursuant to this Section 1.9 shall be treated as an adjustment to the Cash Purchase Price by the Parties for Tax purposes unless otherwise required by applicable Law.

1.10 **Withholding Rights**. Without limiting any other provision of this Agreement, Buyer and any of its Affiliates shall be entitled to deduct and withhold from any consideration otherwise payable to any other Person pursuant to this Agreement such amounts as it is required to deduct and withhold with respect to the making of such payment under the Code or any other provision of applicable Tax Law; *provided*, *however*, that if Buyer reasonably determines that an amount is required to be deducted and withheld with respect to any amounts payable by Buyer following the Closing, Buyer shall provide Sellers with advance written notice of its intent to deduct and withhold and shall cooperate with Sellers in good faith to obtain reduction of or relief from such deduction or withholding as permitted under applicable Tax Law. To the extent that such amounts are so withheld and timely remitted to the appropriate Governmental Authority, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the applicable Person in respect of which such deduction and withholding was made.

1.11 **Physical Inventory; Prepaid Expenses**.

(a) Within the five (5)-day period preceding the Closing Date (or such other time as the Parties may agree), Buyer will perform a physical count of Inventory in a manner consistent with Sellers' past practice to verify the levels and amounts of the Inventory. Representatives of both Sellers and Buyer will be permitted to observe such physical count of Inventory and will be permitted to make test counts of Inventory and receive copies of the records related to such physical count of Inventory. In connection with such physical count of Inventory, Sellers and Buyer (each acting reasonably) shall jointly determine if any items of Inventory are unusable or obsolete, which unusable or obsolete items of Inventory shall be excluded from the calculation of the value of the Inventory calculated pursuant to this Section 1.11. To the extent the physical count of Inventory is completed at least two (2) days prior to the Closing Date, prior to the Closing Date, Sellers shall remove items of Inventory from the Hospital and the other Facilities that, based upon such physical count of Inventory, have been determined by the Parties to be unusable or obsolete. Following completion of the physical count of Inventory, Sellers shall prepare and deliver to

Buyer a comparison of the results of such physical count to the Inventory Target. In the event that the value of the Inventory reflected by the physical count of Inventory is (i) less than the Inventory Target, such difference is the "**Inventory Shortfall**", or (ii) greater than the Inventory Target, such difference is the "**Inventory Surplus**". The "**Inventory Target**" is Four Million Two Hundred Fifty Thousand Dollars ($4,250,000).

(b) In the event that the value of the Prepaid Expenses included in the Transferred Assets at the Closing is (i) less than the Prepaid Expenses Target, such difference is the "**Prepaid Expenses Shortfall**", or (ii) greater than the Prepaid Expenses Target, such difference is the "**Prepaid Expenses Surplus**". The "**Prepaid Expenses Target**" is Three Hundred Fifty Thousand Dollars ($350,000).

(c) If the aggregate sum of (i) the Inventory Shortfall or Inventory Surplus, plus (i) the Prepaid Expenses Shortfall or Prepaid Expenses Surplus, is (A) less than the Operating Target by more than Five Percent (5%) of the Operating Target, such difference in excess of such Five Percent (5%) is the "**Operating Shortfall**", or (ii) greater than the Operating Target by more than Five Percent (5%) of such Operating Target, such difference in excess of such Five Percent (5%) is the "**Operating Surplus**". The "**Operating Target**" is Four Million Six Hundred Thousand Dollars ($4,600,000).

1.12 **Closing Date; Proceedings at Closing.**

(a) The consummation of the Contemplated Transactions (the "**Closing**") shall take place remotely via the exchange of documents, signature pages and payments (the day on which Closing actually occurs, the "**Closing Date**") on (i) the day that is the last day of the calendar month in which the conditions set forth in ARTICLE 6 and ARTICLE 7 have been satisfied or waived, or (ii) such other date as the Parties may mutually designate in writing. The Closing shall be deemed to occur and to be effective as of 12:01 a.m. Pacific Time on the day immediately after the Closing Date (the "**Effective Time**").

(b) All Proceedings to be taken and all documents to be executed and delivered by all parties at the Closing will be deemed to have been taken, executed and delivered simultaneously, and no Proceedings will be deemed taken nor any documents executed or delivered until all have been taken, executed and delivered.

1.13 **Items to be Delivered by Sellers at Closing.** At or before the Closing, Sellers shall deliver to Buyer (or if indicated below, to the Title Company) the following:

(a) a Bill of Sale substantially in the form of Exhibit 1.13(a) attached hereto (the "**Bill of Sale**"), duly executed by Sellers;

(b) an assignment and assumption of the Assumed Leases (the "**Real Estate Assignment**") in the form of Exhibit 1.13(b) attached hereto, duly executed by Sellers;

(c) an assignment and assumption of the Assumed Contracts (the "**Contracts Assignment**") in the form of Exhibit 1.13(c) attached hereto, duly executed by Sellers;

(d) to the Title Company, grant deeds in the form attached hereto as Exhibit 1.13(d) duly executed by the applicable Seller conveying to Buyer fee simple title to the Owned Real Property deeds with respect to all of the Owned Real Property;

(e) to the Title Company, owner's affidavits acceptable to the Title Company in a form reasonably acceptable to Sellers, together with such other customary affidavits and instruments as are reasonably required by the Title Company to issue the Title Policy and endorsements in the form reasonably

acceptable to Buyer; *provided* that Sellers shall not be required to provide any indemnity other than customary gap, mechanic's lien (including FATICO's customary Indemnity Agreement I, if applicable, in a form reasonably modified by Sellers), and accuracy of Seller's customary affidavits.

(f) the Transition Services Agreement (the "**Transition Services Agreement**") in the form attached hereto as Exhibit 1.13(f), duly executed by Sellers;

(g) A duly executed California Form 593-C (Real Estate Withholding Certificate), or such other form required under applicable California Law to establish an exemption from withholding, if applicable;

(h) Any required documentary transfer Tax declarations or affidavits required by the applicable county and/or city in connection with recording the grant deeds in a form reasonably acceptable to Sellers;

(i) the Funds Flow, duly executed by Sellers;

(j) a certificate of good standing with respect to Sellers, issued by the Secretary of State of the State of California, dated no earlier than a date which is fifteen (15) calendar days prior to the Closing Date;

(k) certificates of incumbency for the respective officers of Sellers executing this Agreement and the other Transaction Documents, dated as of the Closing Date;

(l) copies of resolutions duly adopted by the board of directors of Sellers authorizing and approving Sellers' performance of the Contemplated Transactions and the execution and delivery of this Agreement and the other Transaction Documents, certified as true and in full force and effect as of the Closing Date by the appropriate officers of each Seller;

(m) a certificate of each Seller, dated as of the Closing Date, certifying that the conditions set forth in Section 6.3 and Section 6.4 have been satisfied;

(n) Limited Power of Attorney for use of DEA and Other Registration Numbers, and DEA Order Forms, in the form of Exhibit 1.13(n) attached hereto (the "**Power of Attorney**"), duly executed by Sellers and any other signatories set forth therein;

(o) an executed IRS Form W-9 from each Seller;

(p) an assignment and assumption of the Lessor Leases (the "**Lessor Leases Assignment**") in the form of Exhibit 1.13(p) attached hereto, duly executed by Sellers

(q) a trademark assignment agreement ("**Trademark Assignment Agreement**") in the form of Exhibit 1.13(q) attached hereto, duly executed by Sellers;

(r) evidence of payment and procurement of Tail Policies; and

(s) any such other instruments, certificates, consents or other documents which Sellers and Buyer mutually deem reasonably necessary to carry out the Contemplated Transactions and to comply with the terms hereof.

1.14 **Items to be Delivered by Buyer at Closing.** At or before the Closing, Buyer shall deliver or cause to be delivered to Sellers (or if indicated below, to the Title Company) the following:

(a) payment of the Estimated Cash Purchase Price;

(b) a certificate of good standing with respect to Buyer, issued by the Secretary of State of the State of California, dated no earlier than a date which is fifteen (15) calendar days prior to the Closing Date;

(c) certificates of incumbency for the respective officers of Buyer executing this Agreement and the other Transaction Documents, dated as of the Closing Date;

(d) copies of resolutions duly adopted by the board of directors of Buyer authorizing and approving Buyer's performance of the Contemplated Transactions and the execution and delivery of this Agreement and the other Transaction Documents, certified as true and in full force and effect as of the Closing Date, by the appropriate officers of Buyer;

(e) a certificate of Buyer, dated as of the Closing Date, certifying that the conditions set forth in Section 7.3 and Section 7.4 have been satisfied;

(f) to the Title Company, any and all documents, affidavits and/or instruments in forms reasonably acceptable to Buyer required to be filed in connection with the payment of any state, county or local transfer taxes required to be paid by Buyer in connection with the transfer of the Owned Real Property to Buyer;

(g) the Transition Services Agreement, duly executed by Buyer;

(h) the Bill of Sale, duly executed by Buyer;

(i) the Real Estate Assignment, duly executed by Buyer;

(j) the Contracts Assignment, duly executed by Buyer;

(k) the Funds Flow, duly executed by Buyer;

(l) the Power of Attorney, duly executed by Buyer;

(m) a duly executed Preliminary Change of Ownership Report in the form required by the applicable county recorder;

(n) the Assumed Foundation Services Agreement, duly executed by Buyer;

(o) the Trademark Assignment Agreement, duly executed by Buyer; and

(p) any such other instruments, certificates, consents or other documents which Buyer and Sellers mutually deem reasonably necessary to carry out the Contemplated Transactions and to comply with the terms hereof.

1.15 **Real Estate Prorations**.

(a) General. Subject to the following provisions of this Section 1.15, real property Taxes and Operating Expenses (as defined below) affecting the Real Property, which are customarily

prorated by buyers and sellers of real property located in the County of Napa, shall be prorated on an accrual basis as of the Effective Time (collectively, the "**Real Estate Prorations**").

(b) Taxes and Assessments. All non-delinquent real estate Taxes, personal property Taxes and current installments of assessments affecting the Real Property shall be prorated as of the Closing Date based on the actual current tax bill, or if such tax bill is not available, the latest available tax information for the Tax year in which the Closing occurs (the "**Current Tax Year**") (with the Parties each being responsible for a pro rata share of such Taxes and assessments based upon the number of days in the Current Tax Year occurring prior to the Effective Time, in the case of a Seller, and on and after the Effective Time, in the case of Buyer). All delinquent Taxes and assessments, if any, affecting the Real Property which are payable by a Seller shall be paid at the Closing from funds accruing to Sellers. Any refunds of real estate Taxes and assessments attributable to the period prior to the Effective Time received from a Governmental Authority in cash shall be paid to Sellers upon receipt, whether such receipt occurs before or after the Effective Time; *provided, however*, that in the event that any such refund is subsequently determined by any Governmental Authority to be less than the amount paid to any Seller, such Seller shall promptly return any such disallowed amounts (plus any interest in respect of such disallowed refunds owed to a Governmental Authority) to Buyer.

(c) Operating Expenses. All utility service charges for electricity, water, sewer, gas and other utilities, Taxes (other than real estate Taxes and income Taxes), expenses and other obligations under the Service Contracts (which are assumed by Buyer as provided in this Agreement), and other expenses affecting the Real Property which are payable by a Seller and any other costs incurred in the Ordinary Course of Business or the management and operation of the Real Property (collectively, "**Operating Expenses**"), which are customarily prorated by buyers and sellers of real property located in the County of Napa, shall be prorated on an accrual basis. Sellers shall pay all such expenses that accrue prior to the Effective Time and Buyer shall pay all such expenses accruing on and after the Effective Time. To the extent possible, Sellers and Buyer shall obtain billings and meter readings as of the Closing Date to aid in such prorations.

(d) Rental Income. Sellers shall be entitled to all rents and other payments under Lessor Leases owing or accruing for or with respect to the period prior to the Effective Time ("**Pre-Effective Time Lease Amounts**"), and Buyer shall be entitled to all rents and other payments under Lessor Leases owing or accruing for or with respect to the period from and after the Effective Time ("**Post-Effective Time Lease Amounts**" and together with the Pre-Effective Time Lease Amounts, the "**Lease Amounts**"). All Lease Amounts that are collected prior to the Closing shall be prorated as of the Closing in accordance with the immediately preceding sentence, including all rents and other tenant reimbursements relating to the property or building containing the leased premises, including, without limitation, parking revenues, additional rent, common area maintenance charges, contributions and reimbursements from tenants for operating expenses. To the extent the amount of any portion of such Lease Amounts have accrued prior to the Effective Time but are subject to adjustment between landlord and tenant (e.g., tenant's reimbursements for operating expenses), such Lease Amounts shall nevertheless be prorated at Closing based on such estimates, and such prorations shall be subject to post-Closing adjustment or reconciliation between Sellers and Buyer. All Lease Amounts that are accrued or owing with respect to the period prior to the Effective Time, but unpaid as of the Closing (including rents and other payments accrued prior to the Closing but payable in arrears after the Closing) (collectively, the "**Unpaid Amounts**"), shall not be prorated at Closing and belong to Sellers. Any Lease Amounts collected by Sellers or Buyer after the Closing shall be held in trust for the other Party and applied as follows: (i) first, to any Unpaid Amounts, (ii) second, to Lease Amounts due and payable for the calendar month (or other applicable collection period) in which the Closing occurs, if unpaid, and (iii) third, to any months (or periods) subsequent to the month (or period) in which the Closing occurs, until all such outstanding amounts are paid in full. Seller agrees to remit to Buyer within ten (10) days of receipt thereof any and all Lease Amounts collected by Sellers

from and after the Closing, and Buyer shall within ten (10) days of receipt thereof remit to Sellers any such Lease Amounts as to which Sellers are entitled as herein provided. Buyer shall exercise commercially reasonable and good faith efforts to collect any Unpaid Amounts; *provided*, *however*, that Buyer shall not be required to incur any out-of-pocket costs (other than de minimis costs such as the cost of postage or similar costs) or evict any tenant or commence litigation against any tenant. As to any Unpaid Amounts which are not collected and paid to Sellers within ninety (90) days after the Closing Date, Sellers may pursue all lawful collection efforts against the delinquent tenant; *provided*, *however*, that Sellers shall not have any right to commence dispossessory action or otherwise evict any tenant from its premises.

(e) Security Deposits. At the Closing, Sellers shall, at Sellers' option, either deliver to Buyer any refundable Security Deposits actually held by Sellers pursuant to the Lessor Leases or credit to Buyer the amount of such Security Deposits (in each case less the amount of such Security Deposits as have been applied as provided in the applicable Lessor Leases) and, if so credited, such amount of the Security Deposits shall be included in the calculation of the Real Estate Prorations.

(f) Assumed Leases Proration. All amounts payable or receivable by a Seller as tenant under the Assumed Leases, including without limitation base rent, additional rent, percentage rent, operating expenses, common area maintenance charges, real estate Taxes and assessments (including any passthroughs), utilities, insurance premiums, maintenance charges, service contract charges, tenant improvement amortizations, and any other sums payable by tenant as "rent" or as monetary obligations under the Assumed Leases (collectively, the "**Lease Costs**") shall be prorated on an accrual basis between Sellers and Buyer, with Sellers responsible for all Lease Costs relating to the period prior to the Effective Time, regardless of when such amounts become due or payable and Buyer responsible for all Lease Costs relating to the period from and after the Effective Time, regardless of when such amounts become due or payable. If any Lease Costs or other reconciliation or year-end adjustment under any Assumed Lease is issued after the Closing Date, the Parties shall make further adjustments so that each Party bears the Lease Costs attributable to its respective period of ownership or tenancy. Each Party shall cooperate in good faith and provide copies of applicable invoices, statements, or reconciliation schedules. If applicable, any security deposit, letter of credit, or other collateral delivered by a Seller to the landlord under any Assumed Lease shall be assigned to Buyer or credited on the Closing Date, and, if so credited (i) the amount of such security deposits, letters of credit, and other collateral shall be included in the calculation of the Real Estate Prorations, and (ii) Buyer shall assume all obligations relating to such security deposits letters of credit, and other collateral first accruing from and after the Effective Time.

(g) This Section 1.15 shall survive Closing.

1.16 **Parent Guaranty**. NorthBay Parent unconditionally and irrevocably guarantees to Sellers the full and prompt payment and performance of all Buyer's covenants, agreements, and obligations under this Agreement and the other Transaction Documents (the "**Guaranteed Obligations**"); *provided* that (i) NorthBay Parent's aggregate liability hereunder shall not exceed the aggregate liability of Buyer under this Agreement, and (ii) NorthBay Parent shall be entitled to assert any defense, set-off, counterclaim, or other right that Buyer could assert against Sellers.

ARTICLE 2
REPRESENTATIONS AND WARRANTIES OF SELLERS

As an inducement to Buyer to enter into this Agreement and to consummate the Contemplated Transactions, Sellers, jointly and severally, hereby represent and warrant to Buyer, as to the following

matters as of the date of this Agreement and the Closing Date, and except as disclosed in the disclosure schedule, as may be amended pursuant to the terms of this Agreement (the "**Disclosure Schedule**"):

2.1 **Authorization.** Sellers have all necessary corporate power and authority to enter into this Agreement and the other Transaction Documents to which a Seller is or will become a party, and have the full power and authority to perform their respective obligations hereunder and to carry out the Contemplated Transactions. Except as set forth in Schedule 2.1, no additional internal consents, including sponsor consents, are required in order for Sellers to perform their respective obligations and agreements hereunder.

2.2 **Binding Agreement**. This Agreement has been duly and validly executed and delivered by Sellers and, assuming due and valid execution by Buyer, this Agreement and the other Transaction Documents to which a Seller is or will become a party are and will constitute the valid and binding obligations of Sellers enforceable in accordance with its terms subject to (a) applicable bankruptcy, reorganization, insolvency, moratorium and other Laws affecting creditors' rights generally from time to time in effect, and (b) limitations on the enforcement of equitable remedies. No other action on the part of the Sellers is necessary to authorize the execution and delivery of this Agreement.

2.3 **Organization and Good Standing; No Violation.** QVMC and PMF are each non-profit public benefit corporations duly organized, validly existing and in good standing under the laws of the State of California. Each Seller has all necessary power and authority to own, operate and lease its properties and to carry on the operation of the Business as currently conducted. Except as set form on Schedule 2.3, neither the execution and delivery by Sellers of this Agreement nor the consummation of the Contemplated Transactions by Sellers, nor compliance with any of the provisions hereof by Sellers, will (a) violate, conflict with or result in a breach of any material provision of the Articles of Incorporation, Bylaws or other organizational documents of Sellers, (b) violate any Law, rule, regulation, or ordinance to which a Seller is or may be subject, (c) violate any judgment, Order or decree of any court or other Governmental Authority to which a Seller is subject, or (d) violate, conflict with or result in a breach of any material provision of any Assumed Contract or Assumed Lease.

2.4 **Title to Transferred Assets.** At the Closing, Sellers will transfer, convey, assign and deliver to Buyer, and Buyer will acquire, good and marketable title to, or valid and subsisting leasehold interests in or rights to use, all of the Transferred Assets (tangible or intangible), free and clear of all Encumbrances, other than the Permitted Encumbrances. There are no outstanding rights (including any right of first refusal or right of first offer), options, or Contracts giving any Person any current or future right to require a Seller to sell or transfer to such Person or to any third party any interest in any of the Transferred Assets. To the Knowledge of Sellers, there are no facts or conditions affecting the Transferred Assets that could, individually or in the aggregate, interfere in any material respect with the use, occupancy or operation of the Transferred Assets as currently used, occupied or operated as of the date of this Agreement or as of the date immediately prior to Closing, as the case may be, other than (a) as shown in documents recorded in the applicable land records, (b) as expressly set forth in the applicable Contracts delivered by or on behalf of Sellers to Buyer, or (c) as otherwise disclosed in writing by Buyer.

2.5 **Joint Venture Interests.** The Transferred Assets do not include any ownership interests, partnership interests, membership interests or capital stock held by Seller in any Person.

2.6 **Inventory.** The level of Inventory that will exist on the Closing Date will be substantially consistent with level of Inventory existing on the Execution Date. The Historical Financial Statements accurately and fairly reflect the level of Inventory existing on the Execution Date. Except to the extent of reserves reflected in the financial statements of the Business, all of the Inventory on hand consists of items of a quality usable or saleable in the Ordinary Course of Business, except as would not, either individually or in the aggregate, reasonably be expected to be material to the Business.

2.7 **Contracts and Leases.**

(a) Schedule 2.7(a) sets forth an accurate and complete list (including a description of any oral Contracts) of each of the following Contracts to which a Seller is a party or is bound and that primarily relates to the Business (the "**Material Contracts**"), all of which have been provided to Buyer:

(i) a Contract with a Governmental Authority, including without limitation, any settlement or corporate integrity agreements;

(ii) all Contracts that are settlement, conciliation or similar agreements pursuant to which the Business will have any outstanding obligation after the Closing Date, including any such Contracts with Governmental Authorities;

(iii) a Contract with a hospital or other health facility involving amounts in excess of Two Hundred Fifty Thousand Dollars ($250,000);

(iv) a Contract with a physician, physician organization, or any source or recipient of referrals including allied health professionals or other professional personnel, corporations or partnerships comprised of or owned by them, including, without limitation, all employment agreements; arrangements for the lease, sublease or license of space; Contracts to provide administrative or professional services; recruitment, retention, relocation or income guarantee agreements; loans and guarantees; and acquisitions of private professional practices or their assets;

(v) a Contract for a joint venture, strategic alliance, partnership or similar arrangement;

(vi) a Contract in excess of Two Hundred Fifty Thousand Dollars ($250,000) to provide or receive management services;

(vii) a Contract pursuant to which any Seller leases space as a tenant, subtenant, licensee, lessee or sublessee, including, without limitation, all Assumed Leases;

(viii) a Contract pursuant to which any Seller is the landlord, sublandlord, licensor, lessor or sublessor, including, without limitation, all Lessor Leases;

(ix) a Contract involving the borrowing of money or guarantee of any financial obligation of any other Person creating an Encumbrance secured by any of the Transferred Assets;

(x) an Intellectual Property Agreement except, for scheduling purposes only, licenses for commercially available off-the-shelf Software, non-exclusive licenses that are merely incidental to the Contracts in which such licenses are granted, and Contracts with employees that include Intellectual Property assignment provisions;

(xi) any current employment, consulting or other Contract or agreement with an employee, officer, worker, independent contractor, agent, consultant, or director of the Sellers, in each case involving amounts in excess of Two Hundred Fifty Thousand Dollars ($250,000);

(xii) any Contract, collective bargaining agreement, memorandum of understanding, side agreement, arbitration decision, settlement agreement, or other similar contracts or agreements with any labor union or labor organization;

(xiii) any Contract with any staffing, leasing, or employment agency or recruiter regarding temporary, leased, or non-permanent labor or employees;

(xiv) a Contract restricting Sellers from competing in any line of business or with any Person in any geographical area or soliciting or hiring any Person with respect to employment; and

(xv) except as otherwise disclosed on Schedule 2.7(a), all Contracts involving aggregate annual consideration in excess of Five Hundred Thousand Dollars ($500,000).

(b) Each Material Contract is valid and binding on the applicable Seller in accordance with its terms and is in full force and effect in all material respects. Except as set forth in Schedule 2.7(b), no Seller is in breach or default of any Material Contract and to Sellers' Knowledge, no counterparty to any Material Contract is in breach or default of any Material Contract. Neither Seller has received or given written notice that it or any Person intends to cancel, extend, expand the scope of, or terminate any Material Contract.

(c) Schedule 2.7(c) sets forth a complete list of all consents required to be made to any counterparty to an Assumed Contract or Assumed Lease in connection with the assignment thereof to Buyer. Subject to obtaining the consents to the assignment of the Assumed Contract or Assumed Lease from the counterparties to the Assumed Contract or Assumed Lease under which consent is required to assign the Assumed Contract or Assumed Lease to Buyer (the "**Contract and Lease Consents**"), the consummation of the Contemplated Transactions will not constitute and, to Sellers' Knowledge, no event has occurred, with or without the passage of time or the giving of notice, which would constitute a material breach or material default by any party to any Assumed Contract or Assumed Lease or which would cause the acceleration of any material obligation of any party thereto or the creation of any Encumbrance against the material Transferred Assets (other than Permitted Encumbrances). Sellers have not waived in writing any material right exercisable or accruing after the Closing Date under any Assumed Contract or Assumed Lease.

2.8 **Compliance with Law.** Except as set forth in Schedule 2.8, the Business is in, and has been in for the past three (3) years, compliance in all material respects with all applicable Laws. Except as set forth in Schedule 2.8, the Business has not, in the past three (3) years, been charged with or given notice of, and to the Knowledge of Sellers, is not under investigation by a Governmental Authority with respect to, any material violation of any (a) Laws, (b) license or certificate issued to a Seller for operation of the Business, or (c) Order, judgment or decree entered, by any federal, state, local or foreign court or Governmental Authority against a Seller in relation to the Business. Except as set forth in Schedule 2.8, to the Knowledge of Seller, no event has occurred in the past three (3) years, and no condition exists, that would reasonably be expected to (with or without notice or lapse of time) constitute or result directly or indirectly in (i) a material violation by a Seller of, or a failure on the part of a Seller to comply with, in any material respects, any applicable Law relating to the operation and conduct of the Business or (ii) any obligation on the part of a Seller to undertake, or to bear all or any portion of the cost of, any material remedial action with respect to a violation of such Laws.

2.9 **Environmental Matters.** Except as disclosed in Schedule 2.9:

(a) The Transferred Assets and the Business are and have at all times in the past three (3) years been in compliance in all material respects with all applicable Environmental Laws.

(b) Sellers have obtained all Permits required by Environmental Laws for the conduct of the Business and operation of the Transferred Assets as currently conducted and operated, all such Permits are in full force and effect and there are no Proceedings pending (or to the Knowledge of Sellers threatened) to revoke or adversely modify any of those Permits.

(c) There are no Proceedings pending (or to the Knowledge of Sellers threatened) alleging any violation of or liability under Environmental Laws with respect to the Business, the Facilities or the Transferred Assets. Sellers have not received written notice from any Person of any actual or alleged violation of, or liability under, Environmental Laws in connection with the Business or relating to any of the Transferred Assets, except for such notices that have been fully and finally resolved with no unfulfilled obligations by the Sellers. Neither the Business nor any of the Transferred Assets is subject to any orders of any Governmental Authority imposing material requirements or restrictions pursuant to Environmental Laws.

(d) There has been no release of Hazardous Materials by Sellers or, to Seller's Knowledge, by any other Person, in violation of Environmental Law at, on, under or about any of the Facilities, Owned Real Property or Leased Real Property that requires any investigatory or remedial action pursuant to any Environmental Laws.

(e) Sellers have provided to Buyer copies of all material environmental reports, audits, Permits and other material documents in the possession or reasonable control of Sellers concerning the environmental condition of the Transferred Assets, the Owned Real Property, the Leased Real Property or the non-compliance of the Business or Transferred Assets with Environmental Laws. Buyer specifically acknowledges that to the extent any of the foregoing reports and documents have been prepared by third parties, Sellers make no representation or warranty of any nature concerning the accuracy or completeness thereof, other than providing a complete copy of what was provided to Sellers.

2.10 **Title; Sufficiency; Real Property Matters.**

(a) Sellers own good and marketable fee simple title to the Owned Real Property, and Sellers are the owners and holders of all interests and leasehold estates purported to be granted for all Leased Real Property, free and clear of all Encumbrances except for the Permitted Encumbrances. Other than the right of Buyer pursuant to this Agreement, there are no outstanding agreements, options, rights of first offer or rights of first refusal to sell or purchase such Owned Real Property or any portion thereof or interest therein.

(b) With respect to the Real Property, as of the date of this Agreement: (i) Exhibit 1.1(b) sets forth a true and complete list of the street address of each parcel of the Owned Real Property and the name of the fee simple title holder of each parcel of the Owned Real Property; (ii) Exhibit 1.1(b)(ii) sets forth a true and complete list of each Lessor Lease, including the identification of the lessor and lessee thereunder, and the street address of property under each such Lessor Lease; and (iii) Exhibit 1.1(e) sets forth a true and complete list of all of the Assumed Leases for each parcel of the Leased Real Property, including the identification of the lessee and lessor thereunder, and the street address of property under each such Assumed Lease.

(c) There are no eminent domain Proceedings or zoning or other public land use Proceedings pending and served upon Sellers, or to Sellers' Knowledge, threatened in writing by a Governmental Authority against the Owned Real Property.

(d) Except as disclosed in Schedule 2.10(d):

(i) As to each written lease, sublease, license, occupancy agreement or similar agreement, including all amendments, extensions, renewals, guaranties, and other agreements with respect thereto for which a Seller is the landlord (a "**Lessor Lease**"), except for any possessory rights of the tenant under the Lessor Lease and any permitted subtenant or licensee thereunder which has been identified by Sellers to Buyer in writing, there is no Person in possession of any portion of the premises leased under such Lessor Lease. As to each Lessor Lease, except for any sublease or license agreement scheduled by

Sellers and provided to Buyer for review, there are no Contracts entered into by Sellers which grant any party the right to lease, use, occupy or acquire the leasehold interests in the premises leased thereunder or any portion thereof. Sellers have delivered to the Buyer true and complete copies of each Lessor Lease in Sellers' possession or control. With respect to each Lessor Lease: (i) to Sellers' Knowledge, such Lessor Lease is legal, valid, binding, enforceable (subject to applicable bankruptcy, insolvency, reorganization and similar laws affecting creditors' rights generally and general principles of equity) and in full force and effect; (ii) to Sellers' Knowledge, neither Seller nor any other party to such Lessor Lease is in breach or default thereunder, and no event has occurred or circumstance exists which, with the delivery of notice, the passage of time or both, would constitute such a breach or default by Sellers thereunder, and Sellers have received no written notice of any such breach by tenant thereunder; (iii) no security deposit or portion thereof deposited with respect such Lessor Lease has been applied in respect of a breach or default under such Lessor Lease which has not been redeposited in full or otherwise accounted for in accordance with such Lessor Lease; (iv) Sellers have not incurred, and will not incur, any brokerage commissions or finder's fee payable by Sellers with respect to such Lessor Lease; (v) except as disclosed to Buyer in writing, the other party to such Lessor Lease is not an affiliate of, and otherwise does not have any economic interest in, Sellers; (vi) to Seller's Knowledge, except as permitted pursuant to the applicable Lessor Lease, the other party to such Lessor Lease has not subleased, licensed or otherwise granted any Person the right to use or occupy, the premises demised thereunder or any portion thereof; and (vii) no Seller has consented to any collateral assignment or grant of security interest in such Lessor Lease by the tenant except as disclosed to Buyer in writing. Except for the Lessor Leases, Sellers have not leased, subleased or otherwise permitted occupancy of the Owned Real Property or any portion thereof to an entity other than Sellers. There are no oral Lessor Leases.

(ii) As to each Assumed Lease, except for such Seller, there is no other Person in possession of any portion of the premises leased thereunder other than as disclosed in writing to Buyer. As to each Assumed Lease, there are no Contracts entered into by Sellers which grant to any party the right to lease, sublease, use, occupy or acquire the leasehold interests in the premises leased thereunder or any portion thereof. None of Sellers is a sublessor of, and has not assigned any Assumed Lease covering, any portion of the Leased Real Property. Seller's possession and quiet enjoyment of the Leased Real Property under each Assumed Lease has not been disturbed. Sellers have delivered to Buyer accurate, correct, and complete copies of each Assumed Lease. With respect to each Assumed Lease: (i) the lessee under the Assumed Lease is in possession of the premises demised thereunder, (ii) the lessee under the Assumed Lease is the sole present holder of all of the lessee's interest in the Assumed Lease, free and clear of any assignments or subleases created by Seller (other than as disclosed in writing to Buyer), (iii) to Seller's Knowledge, the Assumed Lease is in full force and effect and no material default exists on the part of the lessee thereunder, and there is no material default by the lessor thereunder that remains uncured, (iv) the Assumed Lease constitutes the entire agreement of the parties with respect to the leasing of the premises described therein by the lessor to the lessee, (v) Sellers have not received written notice of any outstanding dispute with the lessor thereunder that remains unresolved, (vi) Sellers have not been granted any concessions not set forth in the Assumed Lease or in written agreements delivered to Buyer, and (vii) to Sellers' Knowledge, all rent and other sums due and payable to the lessor under the Assumed Leases, are current except for (A) amounts being contested in good faith as set forth on Schedule 2.10(d)(ii), and (B) any amounts that are not delinquent and are subject to final reconciliation or true-up of common area maintenance charges, operating expenses, real estate taxes or similar pass-through items in accordance with the terms of the Assumed Lease. There are no oral Assumed Leases.

(iii) Except for this Agreement, Sellers have not entered into any Contract which grants any party the right to acquire the Owned Real Property or portion thereof and which remains pending;

(iv) Sellers have not received written notice of any assessment by a taxing or other Governmental Authority or an assessment under a private declaration or easement agreement, in either case encumbering title to the Owned Real Property or any portion thereof, and applicable to the current tax year or billing period, and for which a copy has not been made available to Buyer or is not set forth in the Title Commitment or in a recorded title exception document listed in the Title Commitment;

(v) Sellers have not received any written notice from a Governmental Authority or from a party to a private declaration or easement agreement that the current use and occupancy of the Owned Real Property violates any easement, covenant, condition, restriction or similar provision in any instrument of record or unrecorded agreement encumbering or otherwise applicable to the Owned Real Property or the use and occupancy thereof, which notice of violation remains uncured and pending; and

(vi) Sellers have not received any written notice from any utility company or municipality of any threat of material impairment or discontinuation by such utility company or municipality of currently available sewer, water, electric, gas or telephone utilities or services for such Owned Real Property.

(e) Sellers have not received any written notice from any Governmental Authority that the improvements and fixtures located on any of the Owned Real Property are in material violation of occupancy, land use, and zoning Laws or recorded restrictions applicable to such Owned Real Property, which notice of violation remains uncured and pending.

(f) The service, maintenance, management and other agreements entered into by Sellers and affecting the Owned Real Property that (i) do not cover facilities of any Seller or its Affiliates other than those that are part of the Transferred Assets and (ii) are in effect on the Execution Date are listed on Schedule 2.10(f) attached hereto (collectively, the "**Service Contracts**").

(g) The Real Property constitutes all material interests in real property currently owned or leased by Sellers in connection with the Business as currently conducted.

(h) Sellers have not received written notice alleging that the location, construction, occupancy, operation or use of the buildings located on the Real Property materially violates any restrictive covenant or deed restriction recorded against such Real Property or any Law affecting such Real Property.

(i) Sellers have not received written notice alleging any material non-compliance with any applicable zoning, building, health, fire, water, use, or similar statutes, codes, ordinances, laws, rules, or regulations. To Sellers' Knowledge, the current zoning of the Real Property permits the existing improvements and the continuation of the Business as presently conducted thereon.

(j) Sellers have delivered to the Buyer true and complete copies of all title reports and surveys, if any, in Sellers' possession related to the Real Property; *provided, however*, Buyer specifically acknowledges that the title reports and surveys have been prepared by third parties and Sellers make no representation or warranty of any nature concerning the accuracy or completeness thereof, other than providing a complete copy of what was provided to Sellers.

(k) To Sellers' Knowledge, there are no material defects in any of the major systems or components of the buildings, structures and other improvements located on the Real Property that would reasonably be expected to materially impair the continued operation of the Business as presently conducted. Except as expressly set forth in this Agreement and the documents delivered by Sellers at Closing, Sellers make no representation or warranty regarding the condition of the Real Property, which is being conveyed "AS IS, WHERE IS," subject to the terms of this Agreement.

(l) To Sellers' Knowledge, all water, sewer, gas, electric, telephone utilities and storm water drainage facilities required by the present use of the Real Property, are all connected and operating, and are adequate in all material respects for the Business as presently conducted at the Real Property. Seller has not received written notice from any utility service provider of any threatened material interruption of such services.

(m) To Sellers' Knowledge, there are no pending or threatened proceedings by a Governmental Authority seeking to materially alter or restrict the zoning or other use restrictions applicable to the Real Property.

2.11 **Healthcare Matters.**

(a) Except as set forth in Schedule 2.11(a), all activities of Sellers with respect to the Business have been during the four (4) years prior to the Closing Date, and are currently being, conducted in compliance in all material respects with all Healthcare Laws. All compensation and other arrangements with actual or potential referral sources are in compliance with applicable Healthcare Laws in all material respects.

(b) Except as set forth in Schedule 2.11(b), during the four (4) years prior to the Closing Date, there have been no, and currently there are no legal Proceedings, audits or recoupments pending or threatened by or before any Governmental Authority alleging any actual or potential material violation of Healthcare Laws by Sellers with respect to the Business, or, to the Knowledge of Sellers, its employees, officers, directors and managers (each in their respective capacity as an employee, officer, director or manager of Sellers with respect to the Business), other than billing audits and recoupments in the Ordinary Course of Business. All billing practices of the Sellers with respect to Government Programs and other third-party payor programs have been conducted in material compliance with all Laws and/or billing guidelines of such Government Programs and third-party payors. Except as set forth on Schedule 2.11(b), during the four (4) years prior to the Closing Date, Sellers have not, and to the Knowledge of Sellers, none of its employees, officers, directors and managers (each in their respective capacity as an employee, officer, director or manager of Sellers with respect to the Business) has committed a violation of any Law in any material respect relating to payments or reimbursements under any payor agreement, whether with a Governmental Authority or otherwise.

(c) Except as set forth in Schedule 2.11(c), during the four (4) years prior to the Closing Date, neither Sellers nor, to the Knowledge of Sellers, any of their respective employees, officers, directors and managers (each in their respective capacity as an employee, officer, director or manager of Sellers with respect to the Business) has received any written notice of any pending or threatened investigation from any Governmental Authority with respect to an alleged material violation of any Healthcare Law in the conduct of the Business. Sellers have timely and properly filed all material reports, data, and other information required to be filed with Governmental Authorities regarding the Business.

(d) Sellers maintain a compliance program that includes the Business ("**Compliance Program**") and has provided Buyer with policies and procedures applicable to such program, as well as has fully disclosed all compliance matters under review that relate to the Business. The Compliance Program is designed in accordance with the elements set forth in the Federal Sentencing Guidelines relating to corporate compliance programs. During the six (6) years prior to the Closing Date, Sellers have conducted the Business in material accordance with the Compliance Program (as then in effect).

(e) Sellers have all material licenses, permits, certificates and other authorizations, consents and Approvals of any Governmental Authority as set forth on Schedule 2.11(e), including but not limited to the Permits, which are required to operate the Business as currently operated in the ordinary course under any Law, including provider agreements with the Medicare and Medi-Cal programs (including

their respective administrative contractors) and TRICARE, all of which are current, valid, and in good standing, except where the failure to have such licenses, permits, certificates or other authorizations, consents, or Approvals would not and would not reasonably be expected to interfere, in any material respect, with the operation of the Business. There are no pending, or to the Knowledge of Sellers threatened, proceedings to revoke, cancel or rescind any licenses, permits, certificates, authorizations, consents or Approvals (including but not limited to the Permits). In the past four (4) years, Sellers have not received any written notice from any Governmental Authority regarding any material violation of licenses or permits, other than surveys or deficiency reports for which Sellers have submitted a plan of correction that has been accepted or approved by the applicable Governmental Authority. No material consent, permit, order, declaration or filing with, or notice to, any Governmental Authority is required by or with respect to Sellers in connection with Sellers' execution and delivery of this Agreement and consummation of the Contemplated Transactions, except for (i) approval of the California Attorney General, (ii) such filings as may be required under the HSR Act, and (iii) as set forth on Schedule 2.11(e).

(f) Schedule 2.11(f) sets forth an accurate and complete list of all material accreditations and certifications held by the Facilities or otherwise in relation to the Business. All such accreditations and certifications are effective, unrestricted and in good standing in all material respects. Since the date of the most recent accreditation survey, there have been no changes in policy or operations that could reasonably be expected to cause the Facility to lose such accreditation. To the Knowledge of Sellers, no other event or fact exists that would cause such accreditation to be suspended, terminated, or non-renewed.

(g) The Hospital is certified for participation in the Medicare, Medi-Cal and TRICARE programs, has current and valid provider contracts with each of such programs and is in compliance in all material respects with the conditions of participation of such programs and the terms, conditions, and provisions of such provider contracts. To the Knowledge of Sellers, no event or fact exists that would cause any such provider contract to be suspended, terminated, restricted, withdrawn, or subject to administrative action or holds.

(h) Sellers have duly filed all required Cost Reports relating to the Business for all periods ending on or prior to the Closing Date that Sellers have had ownership. All such Cost Reports accurately reflect in all material respects the information required to be included therein. Such Cost Reports do not claim, and Sellers have not received reimbursement for, any amount in excess of the amounts provided by Law or any applicable agreement. Sellers have provided all Cost Reports filed for the past three (3) years relating to the Hospital, including status of all related audits and Cost Report settlements.

(i) Schedule 2.11(i) sets forth an accurate and complete list of all Medicare Accelerated and Advance Payments that were received by Sellers in relation to the Business, including the amounts received. Any and all amounts identified on Schedule 2.11(i) have been returned to, recouped, or forgiven by the applicable Governmental Authority. All information submitted and certifications made by Sellers in connection with the request for or receipt of such Medicare Accelerated and Advance Payments are true, accurate, and complete in all material respects.

(j) Sellers have not received any loans, grants, loan guarantees, donations, funds, or other financial assistance pursuant to the Hill-Burton Act, Health Professional Educational Assistance Act, Nurse Training Act, National Health Planning and Resources Development Act, Community Mental Health Centers Act, as all may have been amended from time to time, or similar Laws relating to the Business that remain unpaid or which impose any restrictions on the Business or the Transferred Assets.

(k) No current employee of the Business has been excluded from participating in any federal healthcare program (as defined in 42 U.S.C. §1320a-7b(f)). None of Sellers' or the Business' current officers, directors, employees or independent contractors, has been excluded from Medicare, any

federal healthcare program (as defined in 42 U.S.C. §1320a-7b(f)) or Medicaid or been subject to sanction pursuant to 42 U.S.C. §1320a-7a or §1320a-8 or been convicted of a crime described at 42 U.S.C. §1320a-7b. To the Knowledge of Sellers, no individual providing services to the Hospital has failed to maintain such individual's current license to provide the services required to be provided by it to or on behalf of the Hospital.

(l) Except as set forth in Schedule 2.11(l):

(i) Sellers are, and for the past four (4) years, have been in compliance in all material respects and are conducting the Business in compliance with applicable Information Privacy and Security Requirements. Sellers have undertaken surveys, audits, inventories, reviews, analyses and/or assessments on all areas of the Business as required by HIPAA, including periodic security risk assessments in accordance with the HIPAA Security Rule.

(ii) Sellers have provided to Buyer accurate and complete copies of the Information Privacy and Security Policies and Procedures and Information Privacy Notices of Sellers relating to HIPAA and the other applicable Information Privacy or Security Laws.

(iii) Sellers have entered into "Business Associate Agreements" (as described in 45 C.F.R. § 164.504(e)) with all third parties acting as a "Business Associate" (as defined by 45 C.F.R. § 160.103) or "Subcontractor" (as defined at 45 C.F.R. § 160.103) of Sellers to the extent required by HIPAA. Sellers have not materially breached any "Business Associate Agreement" and, to Sellers' Knowledge, no Business Associate or Subcontractor has materially breached any such Business Associate Agreement with Sellers during the four (4) years prior to the Closing Date.

(iv) Sellers' employees and other "Workforce" (as defined by 45 C.F.R. § 160.103) who have access to Protected Health Information or other Personal Information have received documented training, as necessary and appropriate for such employees to carry out their respective functions in accordance with HIPAA and applicable Information Privacy or Security Laws.

(v) Sellers are not involved in and have not received written notice of any Proceeding, and to the Knowledge of Sellers, Sellers are not under investigation by any Governmental Authority, for a violation of HIPAA or any other applicable Information Privacy or Security Law and have not received any written notices from the United States Department of Health and Human Services Office for Civil Rights, the Attorney General of any state or territory of the United States or other Governmental Authority relating to any such violations, which written notice has not been resolved.

(vi) Sellers have taken commercially reasonable steps to protect the confidentiality, integrity, availability, and security of Personal Information and other information Processed in the operation of the Business ("**Business Data**") against damage, loss, misuse and other unauthorized Processing. Sellers have implemented, maintain and comply with commercially reasonable physical, technical, and administrative safeguards, including written policies and procedures, that (A) are designed to identify and address internal and external risks to the privacy and security of Personal Information and Business Data, (B) are designed to protect against anticipated threats or hazards to the confidentiality, integrity, availability, and security of Personal Information and Business Data, (C) include business continuity and disaster recovery plans and procedures, and (D) comply in all material respects with all Information Privacy and Security Requirements.

(vii) During the past four (4) years, no Data Breach, including any "Breach" (as such term is defined in 45 C.F.R. § 164.402) of "Unsecured Protected Health Information" (as such term is defined in 45 C.F.R. § 164.402) maintained by Sellers, or to the Knowledge of Sellers, for Sellers or the Business, has occurred for which notification was required. During the past four (4) years, all notifications

and reports to affected individuals, Governmental Authorities, credit reporting agencies and other Persons required by Information Privacy and Security Requirements have been made with respect to any and all Data Breaches for which notification or reporting was required. No Seller, nor any Person acting on behalf of or at the direction of a Seller has: (i) paid any perpetrator of any Data Breach, or (ii) paid any Person with actual or alleged information about a Data Breach, pursuant to a request for payment from or on behalf of such Person.

(viii) No Personal Information is stored or otherwise maintained outside of the United States by Sellers or any third party on behalf of Sellers in a manner that violates any Information Privacy or Security Requirements.

(ix) Sellers are not parties to any corporate integrity agreement with the United States Department of Health and Human Services, Office of the Inspector General or any other monitoring agreement, deferred prosecution agreement or similar agreement with any Governmental Authority.

(x) Sellers have provided all notices and obtained all consents required in connection with any use of cookies, pixels, cross-device tracking, or other user, device, account or other tracking technology or similar technology, in accordance with Information Privacy and Security Requirements. There has been no interception, disclosure of, provision of access to, or other Processing of electronic communications or other information in violation of any Information Privacy and Security Requirements by or for Sellers.

(xi) Sellers are and for the last three (3) years have been in compliance in all material respects with applicable requirements of the PCI-DSS.

(xii) To the extent that Sellers have de-identified, anonymized, or pseudonymized any Personal Information (the "**De-Identified Information**"), the Personal Information has been de-identified, anonymized, or pseudonymized in accordance with all Information Privacy and Security Requirements, and Sellers have obtained or provided, or confirmed that other Persons have obtained or provided all required consents, authorizations, approvals, licenses, notifications, or other legal permissions, or permitted waivers of, the same to create, use and disclose the De-Identified Information. No De-Identified Information is Processed by or, to the Knowledge of Sellers, on behalf of Sellers for any purpose that is not permitted under the Information Privacy and Security Requirements and other applicable Law.

2.12 **Financial Statements.**

(a) Schedule 2.12(a) contains the following financial statements and financial information of the Business (collectively, the "**Historical Financial Statements**"):

(i) unaudited consolidated balance sheets (with respect to the operation of QVMC) and income statements of the Business (including the accompanying consolidating schedules of income statement information) as of, and for the twelve (12) month period ended December 31, 2025 and December 31, 2024; and

(ii) an unaudited consolidated balance sheet (with respect to the operation of QVMC) and income statement of the Business (including the accompanying consolidating schedules of income statement information) income statement information) for the two (2)-month period ended on the Financial Statements Date.

(b) The information contained in the Historical Financial Statements is complete and accurate in all material respects and present, fairly in all material respects, the results of the operations of Sellers as of and for the periods covered therein. The consolidated financial statements included in the

Historical Financial Information have been prepared in all material respects accordance with GAAP, applied on a consistent basis throughout the periods indicated (subject, in the case of the unaudited Historical Financial Information, to the absence of notes and normal year-end audit adjustments, the effect of which is not material, individually or in the aggregate), and are based in all material respects on the Books and Records of Sellers. Sellers have not changed in any material respect any accounting policy or methodology during the periods presented in the Historical Financial Information (including the accounting policies and methodologies for determining the obsolescence of Inventory or in calculating reserves).

2.13 **Legal Proceedings.** Except as set forth on Schedule 2.13, there is, and for the past two (2) years there have been, no Proceedings, investigations or material claims pending or, to Sellers' Knowledge, threatened by or against a Seller, any Affiliate of such Seller, any current or former Seller employee, or any Seller practitioner primarily relating to the Business or any of the Transferred Assets. Sellers are not subject to any judgment, Order, decree or other governmental restriction applicable to it, the Business, or the Transferred Assets.

2.14 **Employee Benefits.**

(a) Schedule 2.14(a) contains a complete and accurate list of (i) each pension, profit sharing, bonus, deferred compensation, or other retirement plan or arrangement sponsored, maintained, or contributed by Sellers with respect to the operation of the Business, which constitutes an "employee pension benefit plan" as defined in Section 3(2) of ERISA, (ii) each medical, health, disability, insurance or other plan or arrangement sponsored, maintained, or contributed by Sellers with respect to the operation of the Business, which constitutes an "employee welfare benefit plan" as defined in Section 3(1) of ERISA, and (iii) each other employee benefit or perquisite plan, agreement, contract, or arrangement, whether oral or written, qualified or nonqualified, and whether or not subject to ERISA, in each case of (i), (ii), and (iii), which is sponsored, maintained, or contributed to (or required to be contributed to) by a Seller for the benefit of any current or former employees, service providers, directors or officers of the Business, or the beneficiaries or dependents of any of the foregoing persons, or with respect to which a Seller has any Liability, whether actual or contingent with respect to the operation of the Business, in which any employee of Sellers participates in his/her capacity as such (collectively, the "**Seller Plans**").

(b) Each Seller Plan, including any related trust or other funding arrangement, has been established, maintained, operated, administered and funded in compliance in all material respects in form and operation with its terms and all applicable Laws. There is no pending or, to Sellers' Knowledge, threatened Proceeding relating to a Seller Plan, other than routine claims for benefits. With respect to each Seller Plan that is intended to meet the requirements of a "qualified plan" under Section 401(a) of the Code, (i) such Seller Plan meets all requirements for qualification under Section 401(a) of the Code, and (ii) such Seller Plan has received a favorable determination or opinion letter from the IRS as to such Seller Plan's qualification under the Code, and nothing has occurred since the date of such determination that could adversely affect the qualified status of such Seller Plan or related trust. No act or omission has occurred and no condition exists with respect to any Seller Plan (including each Seller Plan that is maintained by an ERISA Affiliate) that would reasonably be expected to subject any Seller to any material fine, penalty, Tax or other Liability of any kind imposed under ERISA or the Code or other applicable Law.

(c) Except as set forth on Schedule 2.14(c), no Seller Plan is and neither Sellers nor their ERISA Affiliates have, within the past four (4) years, sponsored, maintained, contributed to or been required to contribute to, or had any Liability (contingent or otherwise) with respect to: (i) a plan that is subject to Title IV of ERISA or Section 412 or 430 of the Code, (ii) a "multiemployer plan" as defined in Section 3(37) of ERISA or Section 414(f) of the Code, (iii) a "multiple employer welfare arrangement" within the meaning of Section 3(40) of ERISA, (iv) a "multiple employer plan" subject to Section 413(c) of the Code, or (v) an employee benefit plan providing post-employment or post-retirement health or

welfare benefits to any active or former employee or other service provider of a Seller and their immediate family members, dependents, and beneficiaries) other than health continuation coverage pursuant to COBRA.

(d) Except as set forth in Schedule 2.14(d), neither the execution of this Agreement, any ancillary document hereto nor any of the Contemplated Transactions will (either alone or upon the occurrence of any additional or subsequent events): (i) result in the payment to any employee, director or consultant of the Business of any money or other property, (ii) result in "excess parachute payments" within the meaning of Section 280G(b) of the Code, or (iii) require a "gross-up" or other payment to any "disqualified individual" within the meaning of Section 280G(c) of the Code.

2.15 **Employees.** Schedule 2.15(a) contains a complete and accurate list of all of the employees of the Sellers as of the Execution Date (which shall be updated as of the Closing Date) who primarily provide services to the Business ("**Business Employees**"), describing for each such Business Employee: (i) the position held and employing entity; (ii) whether classified as exempt or non-exempt for wage and hour purposes; (iii) date of hire; (iv) work location (city and state); (v) whether paid on a salary, hourly or commission basis; (vi) regular hourly wage, annual salary or commission rate, as applicable; (vii) full or part time; (viii) bonus and commission potential; (ix) leave status (i.e., active or inactive and if inactive, the type of leave and estimated duration); and (x) accrued, unused PTO or vacation balance. Sellers shall provide an updated list to Buyer on or before the Closing Date. All Business Employees are employees "at-will," unless otherwise set forth on Schedule 2.15(a).

(b) Except as set forth on Schedule 2.15(b) neither Seller is a party to any (i) employment agreement, (ii) consulting agreement, or (iii) independent contractor agreement with any Person, in each case exceeding $200,000 per year.

(c) Except as set forth on Schedule 2.15(c)(i), there is no, and during the past three (3) years there has been no, labor strike, picketing of any nature or lockout pending or, to the Sellers' Knowledge, threatened, against or affecting the Business. Except as set forth on Schedule 2.15(c)(i), there is no, and during the past three (3) years there has been no, material labor dispute, work stoppage, slowdown or any other material concerted interference with normal operations, pending or, to Sellers' Knowledge, threatened, against or affecting the business of the Company. Schedule 2.15(c)(ii) sets forth, with respect to the Sellers, (i) each union or labor organization or other person purporting to act as exclusive bargaining representative ("**Union**") of any Business Employees or Contingent Workers; and (ii) all collective bargaining, Union or other employee association agreements in effect in the past three (3) years, whether written or oral. Except as set forth in Schedule 2.15(c)(ii), the Sellers have no duty to bargain with any Union representing any Business Employees or Contingent Workers with respect to the wages, hours or other terms and conditions of employment of any Business Employee or Contingent Worker. To the Sellers' Knowledge and except as set forth in Schedule 2.15(c)(iii), no Union claims or demands to represent any Business Employees or Contingent Workers, there are no organizational campaigns in progress with respect to any of the Business Employees or Contingent Workers and no question concerning representation of such individuals exists. Except as stated in the collective bargaining agreements listed in Schedule 2.15(c)(i), there are no work rules or practices agreed to with any Union, that are binding on the Sellers with respect to any of the operations of the Sellers, or with respect to any Business Employee or Contingent Worker. Except as set forth in Schedule 2.15(c)(iv), the Sellers have not engaged in any unfair labor practice with respect to the Business Employees or Contingent Workers. Sellers have not failed to make any required employee benefit contributions. Except as set forth in Schedule 2.15(c)(iv), there is no unfair labor practice charge or complaint pending, or to Sellers' Knowledge, threatened against or otherwise affecting the Sellers. Except as set forth in Schedule 2.15(c)(v), no grievance brought by a Union or pursuant to a collective bargaining agreement is pending or, to the Sellers' Knowledge, threatened which, if adversely decided, could have a Seller Material Adverse Effect.

(d) Except as set forth in Schedule 2.15(d): (i) the Sellers are, and for the last three (3) years have been, in material compliance with all applicable Laws respecting labor, employment, human rights, pay equity, fair employment practices, workplace safety and health, workers' compensation, unemployment insurance, terms and conditions of employment, immigration and work authorization, classification as exempt or non-exempt for purposes of the Fair Labor Standards Act and analogous Laws, classification as independent contractors or employees, and wages and hours; (ii) Sellers are not delinquent in any payments to any Business Employee for any wages, salaries, commissions, bonuses, fees or other compensation due with respect to any services performed for it to the date hereof or amounts required to be reimbursed to such Business Employees; (iii) there are no, and within the last three (3) years there have been no material formal or informal grievances, complaints or charges with respect to employment or labor matters (including, without limitation, allegations of employment discrimination, sexual or other discriminatory harassment, sexual assault, retaliation or unfair labor practices) pending or, to the Knowledge of Sellers, threatened against the Sellers in any judicial, regulatory or administrative forum, under any private dispute resolution procedure or internally; (iv) none of the employment policies or practices of the Sellers are currently being audited or investigated, or to the Knowledge of Sellers, subject to imminent audit or investigation, in each case by any Governmental Entity or any third party; (v) the Sellers are not, and within the last three (3) years have not been, subject to any order, decree, injunction or judgment by any Governmental Entity or private settlement contract in respect of any labor or employment matters; and (vi) the Sellers are in material compliance with the requirements of the Immigration Reform Control Act of 1986.

(e) The Sellers have not, within the past three (3) years, experienced a "plant closing," "business closing," or "mass layoff" as defined in the WARN Act or any similar state, local or foreign Law or regulation affecting any site of employment of the Sellers or one or more facilities or operating units within any site of employment or facility of the Sellers, and, during the ninety (90) day period preceding the date hereof, no Business Employee has suffered an "employment loss," as defined in the WARN Act or any similar state, local or foreign Law or regulation, with respect to the Sellers.

(f) Within the last three (3) years: (i) no Business Employee has made any material allegation of discrimination or harassment (including, without limitation, sexual harassment) against the Sellers or against any Business Employee; and (ii) the Sellers have not entered into any settlement agreements related to allegations of discrimination or harassment (including, without limitation, sexual harassment) made by an applicant for employment or Business Employee or Contingent Worker.

(i) To the Knowledge of the Sellers, there is no, and during the last three (3) years there has been no consensual or non-consensual sexual relationship between: (i) any owner, officer or executive-level employee of the Sellers on the one hand, and any current or former Business Employee or Contingent Worker on the other hand; or (ii) between any supervisory employee of the Sellers on the one hand, and any current or former Business Employee or Contingent Worker within the same reporting structure on the other hand.

(j) To Sellers' Knowledge, there have been no workplace accidents, injuries, or exposures (including without limitation viral exposure, and including without limitation COVID-19) in the last twelve (12) months involving any Business Employee which are likely to result in, but have not yet resulted in, a material claim for worker's compensation payments or benefits, or issuance of a citation seeking material penalties or fines pursuant to OSHA or state or local equivalent.

(k) To the Knowledge of Sellers, no representative of the Sellers has made any representation, promise or guarantee to any Business Employee regarding: (i) whether the Sellers intend to retain such individual; or (ii) terms and conditions on which the Sellers may retain or offer to retain such individual.

(l) Except as set forth on Schedule 2.15.1(l): (i) no Business Employee is on a visa sponsored by the Sellers which visa will require continued sponsorship; and (ii) the Sellers have not, within the past three (3) years, received a "no match" letter from the Social Security Administration concerning any current or former Business Employee; and (iii) the Sellers have not, within the past three (3) years, received any written or informal notice from the Internal Revenue Service of a mismatch between a name of a Business Employee and a social security number provided on a Form 1095-C that the Sellers were unable to rectify as a clerical error. A USCIS Form I-9 has been prepared and retained for each Business Employee as required by Law. To the Knowledge of Sellers, no such Form I-9 was improperly prepared and no false documentation was provided in connection with satisfying the requirements of such Form I-9.

2.16 **Insurance.** Sellers maintain self-insurance or policies or binders of insurance covering such risks and events, including personal injury, property damage, malpractice and general liability, to provide commercially reasonable insurance coverage for the operations of the Business. Schedule 2.16 contains an accurate and complete list of all insurance policies and self-insurance funds maintained by Sellers with respect to the operations of the Business, indicating with respect to each such policy or fund, the type of insurance, identity of the insurer and whether such policies are on an occurrence or claims made basis. All of the insurance policies are in full force and effect and have not been subject to any lapse in coverage.

2.17 **Medical Staff Matters.** Sellers have made available to Buyer true, correct and complete copies of the bylaws and rules and regulations of the medical staff of the Hospital, as well as a list of all current members of such medical staff. Except as set forth on Schedule 2.17 there are no (a) pending or, to the Knowledge of Sellers, threatened adverse actions with respect to any medical staff member of the Hospital or any applicant thereto, including any adverse actions for which a medical staff member or applicant has requested a judicial review hearing that has not been scheduled or that has been scheduled but has not been completed, or (b) pending or, to the Knowledge of Sellers, threatened disputes with applicants, medical staff members or health professional affiliates, and all appeal periods in respect of any medical staff member or applicant against whom an adverse action has been taken have expired.

2.18 **Experimental Procedures.** During the past two (2) years, Sellers have not performed or permitted the performance of any experimental or research procedure or study involving patients at the Facilities that were not authorized and/or conducted in accordance with the policies and procedures of the Facilities that comply with applicable Law, including applicable U.S. Food and Drug Administration regulations.

2.19 **Sufficiency of Assets.** Except as set forth on Schedule 2.19, the Transferred Assets and assets and services provided under the Transition Services Agreement constitute all of the material assets, properties and rights held for use or necessary to operate and conduct the Business in substantially the same manner as the date of this Agreement or the Closing Date, as the case may be.

2.20 **Taxes.**

(a) Each Seller has filed on a timely basis all income and other material Tax Returns required to be filed by it (taking into account extensions of time properly obtained), with respect to the Business and the Transferred Assets. All such Tax Returns are true, complete and correct in all material respects and were prepared in substantial compliance with applicable Law. All material Taxes due and owing by each Seller with respect to the Business and the Transferred Assets have been timely paid. No Seller is, with respect to the Business and the Transferred Assets, the beneficiary of any extension of time within which to pay any Tax that is currently in effect.

(b) Each Seller has withheld and paid all material Taxes required to have been withheld and paid in connection with the Business and the Transferred Assets with respect to amounts paid or owing to any employee, independent contractor, creditor, customer, or other third party and have complied in all material respects with all related Tax information reporting and backup withholding provisions of applicable Law. All Forms W-2 and Forms 1099 required with respect to such withholding and payment have been properly completed and timely filed in all material respects.

(c) No extensions or waivers of statutes of limitations have been given or requested in writing with respect to any material Taxes of Sellers related to the Business or the Transferred Assets, which are still outstanding as of the date of this Agreement. All material Tax deficiencies asserted, or material Tax assessments made, against any Seller with respect to the Business or the Transferred Assets as a result of any examinations by any Taxing Authority have been paid. Sellers have not received any written notice of any proposed assessments of material Taxes against or in respect of the Business or the Transferred Assets, or of any proposed adjustments to any material Tax Returns filed with respect to the Business or the Transferred Assets, in each case, which are still outstanding.

(d) There is no litigation, suit, action, proceeding, arbitration, mediation, claim, investigation or audit now pending, proposed or, to the Knowledge of Sellers, threatened, against any Seller with respect to any Taxes related to the Business or the Transferred Assets. No Seller has been notified in writing by any Taxing Authority in any audit or other proceeding that any issues have been raised with respect to any material Tax Return related to the Business or the Transferred Assets. There has not been, within the past five (5) calendar years, an examination or written notice of potential examination of the material Tax Returns filed with respect to the Business or the Transferred Assets by any Taxing Authority.

(e) There are no Encumbrances for Taxes upon any of the Transferred Assets or otherwise other than Permitted Encumbrances.

(f) No written claim with respect to the Business or the Transferred Assets has ever been made by any Taxing Authority in a jurisdiction where any Seller does not file Tax Returns that any such Seller is or may be subject to taxation by that jurisdiction.

(g) No Seller is a party to any Tax allocation, sharing, indemnity, or reimbursement agreement or arrangement pertaining to the Business or the Transferred Assets (other than any such agreement or arrangement entered into in the Ordinary Course of Business, the primary purpose of which does not relate to Taxes).

(h) No Seller has, with respect to the Business or the Transferred Assets, an office or fixed place of business or a permanent establishment in any country other than the country in which it is organized.

2.21 **Intellectual Property.** A true and complete list of all Transferred Intellectual Property is set forth in Schedule 2.21. Except as set forth on Schedule 2.21, Sellers own or are validly licensed to use, all Intellectual Property used in or necessary for the operation of the Business, and no rights to the Transferred Intellectual Property have been granted to others by Sellers. All Transferred Intellectual Property is valid and enforceable, and Sellers have not received any written allegations contesting or challenging the validity, enforceability, or Sellers' ownership or use of the Transferred Intellectual Property. No Intellectual Property is necessary to conduct or to continue the Business as currently conducted, except the Transferred Intellectual Property. Sellers have taken the reasonably necessary steps to maintain the confidential Trade Secrets and to otherwise protect the Transferred Intellectual Property. Sellers are not party to or otherwise bound by any settlement or consent agreement, covenant not to sue or other agreement that could reasonably be expected, individually or in the aggregate, to materially and adversely affect the Transferred Intellectual Property or the rights to own, use, make, transfer, encumber,

assign, license, distribute, convey, sell or otherwise exploit the same. All Intellectual Property developed by or for the Business either (i) constitutes a "work made for hire" under applicable Law, or (ii) has been assigned to Sellers via a valid assignment agreement. The conduct of the Business and Sellers' use of the Transferred Intellectual Property does not infringe upon or otherwise violate the rights of others (and has not infringed upon or otherwise violated the rights of others), and, to the Knowledge of Sellers, none of the Transferred Intellectual Property is being infringed upon or otherwise violated by others. Sellers have not received any written notice alleging that Sellers, the conduct of the Business, or Transferred Intellectual Property infringes or otherwise violates the rights of others. Sellers have not made any written allegations that any others have infringed or otherwise violated the Transferred Intellectual Property. The Transferred Intellectual Property owned by Sellers does not include any proprietary Software developed by or for the Business. No director, officer, or employee of Sellers or any predecessor has any interest in or claim to any Transferred Intellectual Property. Subsequent to the Closing, and without further action or the payment of additional royalties or other compensation to any Person, Buyer shall be entitled to unrestricted use of all Transferred Intellectual Property, including all computer Software, programs, and similar systems owned by Sellers or licensed by Sellers under an Assumed Contract.

2.22 **Affiliate Transactions**. Except as set forth in Schedule 2.22, no Affiliate of Sellers is a counterparty to a Seller for any of the Assumed Contracts.

2.23 **Absence of Changes**. Since the Financial Statements Date, Sellers have conducted the Business in the Ordinary Course of Business and there has not occurred any change in the operation of the Business or any event or development that, individually or in the aggregate, has had or could reasonably be expected to have a Seller Material Adverse Effect. Since the Financial Statements Date, Sellers have not taken any action that, if taken after the date of this Agreement, would constitute a breach of any of the covenants set forth in Section 4.5.

2.24 **Brokers and Finders.** Except as set forth on Schedule 2.24, neither Sellers nor any affiliate thereof nor any officer or director thereof have engaged or incurred any liability to any finder, broker or agent in connection with the Contemplated Transactions.

2.25 **No Other Representations and Warranties.** Except for the representations and warranties contained in this Agreement (including the related portions of the Disclosure Schedules) and the documents delivered by Sellers at Closing, neither Sellers nor any other Person has made or makes any other express or implied representation or warranty, either written or oral, on behalf of Sellers, including any representation or warranty as to the accuracy or completeness of any information regarding the Business and the Transferred Assets furnished or made available to Buyer and its Representatives (including any information, documents or material made available to Buyer in the virtual data room, management presentations or in any other form in expectation of the Contemplated Transactions) or as to the future revenue, profitability or success of the Business, or any representation or warranty arising from statute or otherwise in law. Sellers acknowledge that the only representations and warranties made by Buyer are those expressly set forth in ARTICLE 3, that Sellers have not relied upon any other representation, warranty, projection, statement, or information made or furnished by or on behalf of Buyer or its Affiliates or Representatives, and that Sellers shall have no right or remedy arising therefrom.

2.26 **AS IS, WHERE IS.** EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE TRANSFERRED ASSETS ARE BEING CONVEYED "AS IS", "WHERE IS", AND "WITH ALL FAULTS" AS OF THE DATE OF THIS AGREEMENT, WITHOUT ANY REPRESENTATION OR WARRANTY WHATSOEVER AS TO ITS CONDITION, FITNESS FOR ANY PARTICULAR PURPOSE, MERCHANTABILITY OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED. SELLERS SPECIFICALLY DISCLAIMS ANY WARRANTY, GUARANTY OR REPRESENTATION, ORAL OR WRITTEN, PAST OR PRESENT, THERETO EXCEPT AS OTHERWISE SET FORTH IN

THIS AGREEMENT. BUYER IS HEREBY ACQUIRING THE TRANSFERRED ASSETS BASED UPON BUYER'S OWN INDEPENDENT INVESTIGATIONS AND INSPECTION OF SUCH PROPERTY AND THE REPRESENTATIONS AND WARRANTIES OF SELLERS EXPRESSLY SET FORTH IN THIS AGREEMENT, AND NOT IN RELIANCE UPON ANY OTHER INFORMATION PROVIDED BY SELLERS OR SELLERS' AGENTS OR CONTRACTORS. NOTWITHSTANDING THE FOREGOING OR ANYTHING TO THE CONTRARY IN THIS AGREEMENT, NOTHING IN THIS SECTION OR ELSEWHERE IN THIS AGREEMENT SHALL LIMIT, RESTRICT, OR OTHERWISE AFFECT ANY RIGHTS OR REMEDIES AVAILABLE TO BUYER, OR ANY CLAIMS BUYER MAY HAVE AGAINST SELLERS, IN THE CASE OF FRAUD OR INTENTIONAL MISREPRESENTATION BY SELLERS.

ARTICLE 3
REPRESENTATIONS AND WARRANTIES OF BUYER AND NORTHBAY PARENT

As an inducement to Sellers to enter into this Agreement and to consummate the Contemplated Transactions, Buyer and NorthBay Parent each hereby represents and warrants to Sellers as to the following matters as of the date of this Agreement and as of the Closing Date:

3.1 **Authorization.** Buyer and NorthBay Parent each has all necessary corporate power and authority to enter into this Agreement and the other Transaction Documents to which Buyer or NorthBay Parent, as applicable, is or will become a party, and has the full power and authority to perform its obligations hereunder and to carry out the Contemplated Transactions. No additional internal consents are required in order for Buyer or NorthBay Parent to perform its respective obligations and agreements hereunder.

3.2 **Binding Agreement.** This Agreement has been duly and validly executed and delivered by Buyer and NorthBay Parent and, assuming due and valid execution by Sellers, this Agreement and the other Transaction Documents to which Buyer or NorthBay Parent is or will become a party are and will constitute valid and binding obligations of Buyer or NorthBay Parent, as applicable, enforceable in accordance with its terms subject to (a) applicable bankruptcy, reorganization, insolvency, moratorium and other laws affecting creditors' rights generally from time to time in effect, and (b) limitations on the enforcement of equitable remedies.

3.3 **Organization and Good Standing; No Violation.** Each of Buyer and NorthBay Parent is a non-profit public benefit corporation duly organized, validly existing and in good standing under the laws of the State of California, is duly authorized to transact business in the State of California, and has full power and authority to own, operate and lease its properties and to carry on its business as now conducted. Except as set forth in Schedule 3.3, neither the execution and delivery by Buyer or NorthBay Parent of this Agreement nor the consummation of the Contemplated Transactions nor compliance with any of the provisions hereof by Buyer or NorthBay Parent, as applicable, will (a) violate, conflict with or result in a breach of any material provision of the Articles of Incorporation, Bylaws or other organizational documents of Buyer or NorthBay Parent, or any Contract, lease or other instrument by which Buyer or NorthBay Parent is bound, (b) violate any Law, rule, regulation, or ordinance to which Buyer or NorthBay Parent is or may be subject, or (c) violate any judgment, Order or decree of any court or other Governmental Authority to which Buyer or NorthBay Parent is subject.

3.4 **Brokers and Finders.** Except as set forth on Schedule 3.4, neither Buyer nor any affiliate thereof nor any officer or director thereof have engaged or incurred any liability to any finder, broker or agent in connection with the Contemplated Transactions.

3.5 **Legal Proceedings.** There are no claims, Proceedings or investigations pending or, to the Knowledge of Buyer or NorthBay Parent, threatened by or against Buyer or any affiliate of Buyer before any court or Governmental Authority in which an adverse determination would materially and adversely affect Buyer's ability to consummate the Contemplated Transactions. Neither Buyer nor any Affiliate of Buyer is subject to any judgment, Order, decree or other governmental restriction specifically (as distinct from generically) applicable to Buyer or any affiliate of Buyer which would materially and adversely affect Buyer's or NorthBay Parent's ability to consummate the Contemplated Transactions.

3.6 **No Other Representations and Warranties.** Except for the representations and warranties contained in this ARTICLE 3 (including the related portions of the Disclosure Schedules), neither Buyer nor any other Person has made or makes any other express or implied representation or warranty, either written or oral, on behalf of Buyer, including any representation or warranty as to the accuracy or completeness of any information furnished or made available to Sellers and their Representatives (including any information, documents or material made available to Seller in the virtual data room, management presentations or in any other form in expectation of the Contemplated Transactions) or any representation or warranty arising from statute or otherwise in law.

3.7 **Independent Investigation.** Buyer and NorthBay Parent have each conducted its own independent investigation, review and analysis of the Business and the Transferred Assets, and acknowledges that it has been provided adequate access to the personnel, properties, assets, premises, Books and Records, and other documents and data of Sellers for such purpose. Buyer and NorthBay Parent each acknowledge and agree that: (a) in making its decision to enter into this Agreement and to consummate the Contemplated Transactions, each has relied solely upon its own investigation and the express representations and warranties of Sellers set forth in ARTICLE 2 of this Agreement (including related portions of the Disclosure Schedules); and (b) neither Sellers nor any other Person has made any representation or warranty as to Sellers, the Business, the Transferred Assets or this Agreement, except as expressly set forth in ARTICLE 2 of this Agreement (including the related portions of the Disclosure Schedules).

3.8 **NorthBay Medical Foundation.** Buyer and NorthBay Parent each agree that, if, in accordance with Section 12.2, Buyer designates NorthBay Medical Foundation as the party that will acquire any of the Transferred Assets, assume any of the Assumed Liabilities and/or employ any of the Transferred Employees, at the time of such designation by Buyer, Buyer and NorthBay Parent shall be deemed to have automatically made all of the representations and warranties set forth in this ARTICLE 3 on behalf of NorthBay Medical Foundation.

ARTICLE 4
PRE-CLOSING COVENANTS OF SELLERS AND BUYER

4.1 **Access and Information; Inspections.** Between the Execution Date and the Closing Date (the "**Interim Period**"), upon at least five (5) days' advance notice to Sellers, Sellers shall afford to the officers and agents of Buyer (which shall include accountants, attorneys, bankers and other consultants and authorized agents of Buyer) reasonable access during normal business hours, the right to inspect, the books, accounts, records and other relevant documents and information related to the Business as Buyer may reasonably request, and Sellers shall furnish Buyer with copies of such additional financial and operating data and other information in Sellers' possession or control related to the Business as Buyer or its Representatives may from time to time reasonably request; *provided*, *however*, that (i) the Parties shall continue to follow existing protocols for access to and protection of competitively sensitive information, (ii) Sellers are not obligated to provide information or access to information, materials or Persons if doing so could reasonably be expected to result in the waiver of any attorney-client privilege or the disclosure of any trade secrets or violate any Law, and (iii) Sellers shall not be required to incur any third-party expenses

in connection with providing access to or producing information pursuant to this Section 4.1 (excluding reasonable costs for attorneys, accountants, revenue cycle vendors, and other advisors or service providers currently engaged by Sellers in connection with the Contemplated Transactions); *provided*, *further*, that all disclosures of information shall be consistent with the confidentiality agreements and any other non-disclosure agreements entered into among Buyer, its Representatives and Sellers or its Representatives. Buyer's right of access and inspection shall be exercised in such a manner as not to interfere with the operations of Sellers or the Business.

4.2 **Cooperation and Consents.**

(a) General. The Parties shall reasonably cooperate with each other and their respective authorized Representatives and attorneys in: (i) all efforts to obtain all consents, Approvals, authorizations, clearances and licenses required to carry out the Contemplated Transactions (including those of governmental and regulatory authorities), and (ii) the preparation of any document or other material which may be required by any Governmental Authority as a predicate to or result of the Contemplated Transactions. Upon reasonable request of Buyer, Sellers shall promptly provide information specific to Sellers that is necessary for Buyer to obtain all governmental consents, Approvals, assignments, authorizations, clearances, permits and licenses necessary to consummate the Contemplated Transactions.

(b) California Attorney General. As soon as reasonably practicable following the Execution Date, Sellers shall notify the California Attorney General (the "**CAG**") in writing of the proposed transaction in accordance with Section 999.5 of Title 11 of the California Code of Regulations, and Buyer shall cooperate with Sellers and provide all information reasonably necessary to assist Sellers in preparing such notice to the CAG. Each Party will notify the other of communications from the CAG relating to such notice or approval. Sellers shall use commercially reasonable efforts to provide such other information as the CAG shall request in connection with the CAG's review of the Contemplated Transactions. Buyer, on behalf of itself and NorthBay Parent, shall provide such information to Sellers and the CAG that Sellers or the CAG may reasonably request in connection with the CAG's review of the Contemplated Transactions and shall otherwise cooperate with Sellers in obtaining the CAG's approval of the transaction. To the extent Sellers or Buyer information and documentation is eligible for confidential treatment from the CAG, the Parties shall request such confidential treatment. Each Party shall be entitled to participate, to the extent practicable, in conversations with personnel in the Office of the CAG in connection with the Contemplated Transactions. Buyer shall be responsible for paying all costs associated with the CAG's review of the Contemplated Transactions, including, without limitation, the cost of the CAG's outside consultants.

(c) HSR Act.

(i) To the extent required by law, Sellers and Buyer will, following the Execution Date, promptly file with the Federal Trade Commission and the Department of Justice the notification and report forms required for the Contemplated Transactions and any supplemental information that may be reasonably requested in connection therewith pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "**HSR Act**"), which notification and report forms and supplemental information will comply in all material respects with the requirements of the HSR Act. The Parties shall furnish to each other such information and assistance as a Party shall reasonably require in connection with the preparation and submission to, or agency Proceedings by, any Governmental Authority under the HSR Act, and the Parties shall keep each other promptly apprised of any communications with, and inquiries or requests for information from, such Governmental Entities.

(ii) Buyer agrees to be responsible for one hundred percent (100%) of the total filings fees associated with the HSR Act filing by the Parties.

(iii) Each of Sellers and Buyer will use reasonable best efforts to respond to any inquiry of a Governmental Authority in connection with the HSR Act filing and to resolve any objections asserted by any applicable Governmental Authority with respect to the Contemplated Transactions under the HSR Act or any other federal antitrust laws; *provided, however*, that such reasonable best efforts shall not require Buyer to commit to: (i) sell or otherwise dispose of any of Buyer's assets; or (ii) divest, hold separate or restrict Buyer from acquiring any of the Transferred Assets or portion of the Business.

(d) Contracts. Sellers will use commercially reasonable efforts to obtain, prior to the Closing Date, the Contract and Lease Consents; *provided, however*, that Sellers shall not be required to expend funds or incur additional liability as a condition or requirement to obtaining any Contract or Lease Consents (other than as may be expressly provided in an Assumed Contract or Assumed Lease and payable to the contract party or landlord in connection with providing such a consent).

4.3 **Closing Conditions.** During the Interim Period, each of Buyer and Sellers shall use their commercially reasonable efforts to satisfy all of the conditions precedent set forth in ARTICLE 6 and ARTICLE 7 to Sellers' or Buyer's obligations under this Agreement to the extent that a Party's action or inaction can control or materially influence the satisfaction of such conditions; *provided, however*, that, with respect to the condition precedent set forth in Section 7.7, Sellers shall not be required to pay or commit to pay any amount to (or incur any obligation in favor of) any Person that is not explicitly addressed in this Agreement or in the Assumed Contracts or Assumed Leases applicable to the Material Contract Consents.

4.4 **Business Operations.** During the Interim Period, Sellers shall (a) operate the Business in the ordinary course, consistent with the usual day-to-day customs and practices of Sellers as of the Execution Date (the "**Ordinary Course of Business**"); (b) preserve intact its legal existence and business organization; and (c) use commercially reasonable efforts to preserve the goodwill and present business relationships (contractual or otherwise) with those having material business relationships with it, in each case with respect to the Business, subject to ordinary course terminations; *provided*, *however*, that actions or inactions that a Seller reasonably believes are required to comply with applicable Law shall be considered to have been taken in the Ordinary Course of Business; *provided*, *further*, that subject to applicable Law, Sellers shall give Buyer prompt written notice subsequent to taking any such act described in the immediately preceding clause.

4.5 **Negative Covenants.** Without limiting the covenants in Section 4.4, during the Interim Period, and except as set forth in Exhibit 4.5, Sellers shall not, with respect to the operations of the Business, directly or indirectly, do, agree or commit to do, or take any action, or fail or omit to take any action that would result in, any of the following actions without the prior written consent of Buyer (which shall not be unreasonably withheld) or except as may be required by Law:

(a) amend, accelerate, waive or terminate any of the Assumed Contracts, Assumed Leases or Material Contracts or enter into a new Material Contract, in each case, except in the Ordinary Course of Business (which shall only include renewals or extensions of the term of any Contract);

(b) (i) increase compensation or benefits payable or to become payable or make any bonus payment to or otherwise enter into one or more bonus agreements with any employee or any other service provider of the Business, (ii) grant or increase any rights to change in control, severance or termination payments or benefits to, or enter into any change in control, employment, consulting or severance agreement with, any Seller employee or any other service provider of the Business; or (iii) establish, adopt, enter into, terminate, amend or modify any Seller Plan, in each case of (i), (ii) and (iii), except in the Ordinary Course of Business, in accordance with Sellers' customary personnel policies, or as otherwise required by Law or Contract;

(c) create, assume, permit to exist or otherwise become liable for any new debt or other Encumbrance upon any of the Transferred Assets (other than Permitted Encumbrances or Encumbrances to be terminated at or prior to the Closing); *provided* that with respect to the Leased Real Property, this covenant shall apply only to Sellers' leasehold interest therein;

(d) sell, assign, lease, or otherwise transfer or dispose of any Transferred Asset, except in the Ordinary Course of Business with comparable replacement thereof;

(e) except with respect to previously budgeted expenditures (or in the Ordinary Course of Business), make any acquisition of, or investment in, or otherwise acquire, any capital assets, any Real Property, any real estate that is not Real Property, securities, business, or incur material costs in respect of construction in progress with respect to the operation of the Business;

(f) (i) abandon, cancel, fail to renew or permit to lapse (1) any Transferred Intellectual Property or (2) any other Intellectual Property used in the Business and to be provided pursuant to the Transition Services Agreement, or (ii) sell, transfer, license, lease, sublease, pledge or otherwise encumber any (1) Intellectual Property that is included in the Transferred Intellectual Property or (2) Intellectual Property provided to Buyer or the Business pursuant to the Transition Services Agreement to the extent such sale, transfer, license lease, sublease, pledge, or encumbrance would adversely affect Buyer's or the Business' ability to receive the services contemplated under the Transition Services Agreement;

(g) amend in any material respect, cancel or permit to terminate any material insurance policy providing coverage to the Business without first obtaining comparable substitute insurance coverage with no lapse in coverage;

(h) hire, engage, terminate (without cause), furlough, or temporarily layoff any employee or independent contractor of the Business with annual compensation in excess of $500,000;

(i) (i) implement or announce any employee layoffs, reductions in force, or other such actions that could trigger the WARN Act; (ii) except as set forth on Schedule 4.5(i), negotiate, modify, extend, or enter into any collective bargaining agreement or recognize or certify any labor union, labor organization, or group of employees as the bargaining representative for any Seller employees, or (iii) modify the job duties of any employee of Sellers such that he or she would or would not be considered a Business Employee; in each case, except as otherwise required by Law or Contract;

(j) waive, release, assign, settle or compromise any material rights or claims (including any noncompetition, nonsolicitation or other restrictive covenant obligations of any current or former Seller employee), or any pending or threatened material litigation or arbitration to the extent related to the Business, the Transferred Assets or the Assumed Liabilities, except in cases involving solely monetary damages not in excess of $250,000 (which damages, for the avoidance of doubt, whether below or exceeding such thresholds, will constitute Excluded Liabilities; other than liability claims covered entirely by insurance policies);

(k) make any changes in the financial accounting policies, practices, principles, methods or procedures of the Business, other than as required by GAAP or by applicable Laws;

(l) (i) make (other than in the Ordinary Course of Business), revoke or change, in any material respect, any election concerning Taxes relating to the Transferred Assets or the Business; (ii) enter into any closing agreement or settle any material Tax claim or assessment relating to the Transferred Assets or the Business; (iii) consent to any extension or waiver of the limitation period applicable to any material Tax Proceeding or assessment relating to the Transferred Assets or the Business; or (iv) omit to

take any action relating to the filing of any material Tax Return or the payment of any material Tax in each case, relating to the Transferred Assets or the Business;

(m) move or relocate any Transferred Assets from the Facilities to any other location that is not a Facility;

(n) directly or indirectly, in any capacity, encourage, induce, solicit or attempt to encourage, induce or solicit, or employ, hire or contract with any healthcare provider employed or contracted at the Facilities, to practice or provide services at another Seller owned or managed facility; *provided* that the foregoing shall not apply to any direct or indirect general solicitation by Sellers or their Affiliates that is not directed specifically to any such healthcare provider; or

(o) agree or commit to take any of the actions set forth in this Section 4.5.

For purposes of this Section 4.5, Sellers shall be deemed to have obtained Buyer's prior written consent to undertake the actions otherwise prohibited by this Section 4.5 if a Seller gives Buyer written notice of a proposed action and the Seller does not receive from Buyer a written notice of objection to such action within seven (7) days after Buyer receives a Seller's written notice. Notwithstanding any provision to the contrary contained in this Agreement, neither Section 4.4 nor this Section 4.5 shall be construed to prohibit Sellers from engaging in any act which Sellers reasonably believes is necessary (i) to preserve and protect the condition or continued operations of the Business, (ii) for patient safety needs, or (iii) to comply with the requirements of any Law; *provided*, that subject to applicable Law, Sellers shall give Buyer prompt written notice subsequent to taking any act described in the immediately preceding clause.

4.6 **Exclusivity.** From and after the execution of this Agreement until the earlier of the Closing Date or the termination of this Agreement (the "**Exclusivity Period**"), Sellers shall not (and shall cause its Representatives not to), without the prior written consent of Buyer: (a) offer for sale the Transferred Assets (or substantially all of the Transferred Assets) or any ownership interest in any entity owning any of the Transferred Assets (by merger, consolidation, sale of assets, or other form of transaction that results in a change in control); (b) solicit offers for any such transaction; or (c) enter into any agreement or other understanding with any Person (other than Buyer or any affiliate of Buyer) with respect to any such transaction. Notwithstanding the foregoing, nothing in this Section 4.6 shall prohibit or limit Sellers or their Representatives from indicating to any Person or entity that Sellers are not permitted to respond to any such transaction during the Exclusivity Period.

4.7 **Real Estate Matters.**

(a) Title Matters. At any time prior to the date that is thirty (30) days before the Closing Date, Buyer may cause to be delivered to Sellers (a) a preliminary binder or title commitment(s) for the Owned Real Property (the "**Title Commitment**") issued by First American Title Insurance Company (the "**Title Company**"), together with true, correct and legible (or, if not legible, the best available) copies of all instruments referred to therein as conditions or exceptions to title (the "**Title Instruments**"), and (b) an ALTA survey or surveys of the Owned Real Property complying with the Minimum Standard Detail Requirements for ALTA/ACSM Land Title Surveys for the Owned Real Property in a form reasonably acceptable to Buyer and the Title Company (the "**Surveys**"), sufficient for the issuance of an ALTA Extended Coverage Owner's Title Insurance Policy with respect to the Owned Real Property (the "**Title Policy**"). The costs and expenses of the Title Commitment, the Title Policy and the Surveys shall be borne by Buyer. At the Closing, Sellers shall deliver to the Title Company an owner's affidavit of title in a form reasonably acceptable to Sellers and the Title Company and adequate to cause Title Company to delete the standard pre-printed exceptions in the Title Commitment (other than as and to the extent such deletion requires the delivery to Title Company of an ALTA survey approved by Title Company, and Sellers shall have no duty hereunder to provide such a survey), together with evidence of

authority; releases of liens; or customary affidavits and instruments as are reasonably required by the Title Company to issue the Title Policy in accordance with the terms of this Agreement; *provided* that Sellers shall not be required to provide any indemnity other than customary gap, mechanic's lien **(**including FATICO's customary Indemnity Agreement I, if applicable, in a form reasonably modified by Sellers), and accuracy of Seller's customary affidavits.

(b) Inspections. Subject to the rights of any invitees, tenants, licensees or users of the Owned Real Property, Buyer, at its sole cost and expense, shall have the right, upon no less than forty-eight (48) hours' prior written notice to Sellers, to enter upon the Owned Real Property at all reasonable times between the Execution Date and the Closing Date in order to conduct such inspections, tests or studies as Buyer deems appropriate, including, without limitation, non-invasive environmental testing or engineering surveys of the Owned Real Property; *provided, however*, in no event shall Buyer conduct any invasive investigations or testing of the land or improvements thereon or conduct interviews of any parties to the Lease Agreements without Sellers' prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed. Sellers agree to reasonably cooperate with any such investigations made by Buyer; *provided, however*, Sellers may, if they so desire, have a representative present in connection with such investigations or interviews. Buyer shall use commercially reasonable efforts to conduct its investigations at the Owned Real Property in a manner that minimizes disruption to Sellers' operation of the Owned Real Property. Buyer shall restore the Owned Real Property to its condition existing immediately prior to Buyer's inspection thereof, and Buyer shall be liable for all damage or injury to any person or property resulting from, relating to or arising out of any inspection, whether occasioned by the acts of Buyer or any of its employees, agents, contractors, or other representatives and Buyer shall indemnify and hold harmless Sellers and their agents, employees, officers, directors, Affiliates, asset managers and other representatives from any liability resulting therefrom. Notwithstanding the foregoing, in no event shall Buyer's indemnification obligations contained in this Section apply to any cause of action, liability, loss, damage, cost or expense incurred or suffered by Sellers (i) which was caused by Sellers, or Sellers' employees, agents, contractors, or invitees, or (ii) to the extent resulting from pre-existing conditions merely discovered, and not created or exacerbated, by Buyer or its representatives in connection with such inspections. This indemnification by Buyer shall survive the Closing Date or the termination of this Agreement, as applicable.

(c) Insurance. Prior to Buyer entering upon the Owned Real Property, or any other Person entering upon the Owned Real Property pursuant to Buyer's rights under Section 4.7(b) above (each, a "**Consultant**"), Buyer shall, and shall cause each and every such Consultant, to furnish Sellers with a certificate of insurance evidencing that Sellers have been added as an additional insured under an insurance policy maintained by Buyer or such Consultant, as applicable. Each such insurance policy shall be issued by a licensed insurance company qualified to do business in the State of California and provide coverage against any claim for personal liability or property damage caused by Buyer or such Consultant, as applicable, and its respective agents or representatives, with the following insurance coverage and limits:

(i) Commercial General Liability Insurance in a minimum amount of $1,000,000 per occurrence for, and in a minimum of $2,000,000 for any aggregate of occurrences for death, bodily injury, and property damage;

(ii) Automobile Liability Insurance in a minimum amount of $1,000,000 per occurrence for, and in a minimum amount of $2,000,000 for any aggregate of occurrences for death, bodily injury, and property damage;

(iii) Pollution Liability Insurance in a minimum amount of $1,000,000 per occurrence for, and in a minimum amount of $2,000,000 for any aggregate of occurrences for death, bodily injury, and property damage;

(iv) Umbrella Liability Insurance in a minimum amount of $1,000,000 per occurrence for death, bodily injury, and property damage; and

(v) Workers Compensation Insurance with statutory limits as required by applicable law.

(vi) To the extent permitted by Law, all such insurance policies required to maintain under this Section shall provide for waiver of all rights of subrogation which such insurance carriers might exercise against Buyer or such Consultant, as applicable.

(d) Natural Hazard Disclosure Statement. Within twenty (20) days of the Execution Date, Sellers shall request that Title Company make a property disclosure report (the "**Disclosure Report**") available to Buyer. The Disclosure Report fully and completely discharges Sellers from their disclosure obligations, if any, which may be required under the Natural Hazard Disclosure Act, California Government Code Sections 8589.3, 8589.4, and 51183.5, California Public Resources Code Sections 2621.9, 2694, and 4136, and California Civil Code Section 1103.2, and any successor Law, and, for the purposes of this Agreement, the provisions of Civil Code Section 1102.4 regarding the non-liability of Sellers for errors and/or omissions not within its personal knowledge shall be deemed to apply and the preparer of the Disclosure Report shall be deemed to be an expert, dealing with matters within the scope of its expertise with respect to the examination and Disclosure Report. Nothing set forth in the Disclosure Report shall (i) require Sellers to remediate any matter referred to in the Disclosure Report or (ii) create any liability by Sellers to Buyer therefor and Sellers shall in no event be required to expend funds to remediate any matters disclosed in the Disclosure Report, unless, in each case, specifically required otherwise pursuant to the terms of this Agreement. Notwithstanding Buyer's receipt and review of the Disclosure Report, Buyer hereby knowingly, voluntarily and intentionally waives its right to disclosure by Sellers of natural hazards found in Natural Hazard Disclosure Act, California Government Code Sections 8589.3, 8589.4, and 51183.5, California Public Resources Code Sections 2621.9, 2694, and 4136, and California Civil Code Section 1103.2, and any similar or successor law. Following the Closing Date, Buyer shall be solely responsible for preparing and delivering its own disclosure report to any subsequent prospective buyers of the Owned Real Property.

4.8 **Waiver of Bulk Sales Law Compliance.** Buyer and Sellers hereby waive compliance by Seller with the requirements, if any, of Article 6 of the Uniform Commercial Code as in force in any state in which the Transferred Assets are located and all other Laws applicable to bulk sales and bulk transfers.

4.9 **Disclosure Schedules.**

(a) Each Schedule, certificate and written disclosure required hereby is incorporated by reference into this Agreement and will be considered a part hereof as if set forth herein in full. Prior to the Closing, Sellers will, as soon as practicable after discovery, deliver to Buyer written notice of any event, fact, circumstance or condition that does or could reasonably be expected to cause a breach of any of such Party's representations, warranties or covenants under this Agreement. Prior to the Closing, Buyer will, as soon as practicable after discovery, deliver to Sellers written notice of any event, fact, circumstance or condition that does or could reasonably be expected to cause a breach of any of Buyer's or NorthBay Parent's representations, warranties or covenants under this Agreement.

(b) Until the Closing, Sellers, on the one hand, and Buyer, on the other hand, will, as soon as practicable after discovery, deliver to the other Party written notice (each, a "**Disclosure Schedule Update**") updating any information in the Disclosure Schedules to the extent necessary to (i) reflect any event occurring or fact, circumstance or condition arising after the date of this Agreement that, if such event occurred or such fact, circumstance or condition arose before or on the date of this Agreement, would have been required to be disclosed in the Disclosure Schedules or that are necessary to correct any

disclosures in the Disclosure Schedule that have been rendered inaccurate thereby or (ii) correct any existing inaccuracy or deficiency in the Disclosure Schedules based on any event that occurred or fact, circumstance or condition that existed before or on the date of this Agreement. Buyer may not refuse to close the Contemplated Transactions as a result of any such Disclosure Update unless a fact, circumstance or condition disclosed in such Disclosure Schedule Update has had or is reasonably expected to constitute a Seller Material Adverse Effect that causes the condition in Section 6.3 (with respect to certain breaches of the representations and warranties of Sellers) not to be satisfied as of the Closing Date. Notwithstanding the forgoing, a Disclosure Schedule Update shall not modify the corresponding Disclosure Schedule or qualify the representations and warranties in this Agreement corresponding to such Disclosure Schedule and will not cure any inaccuracy in or breach of representation or warranty that otherwise might have existed hereunder by reason of the subject matter so disclosed or otherwise prejudice any indemnification rights under Section 10.2.

(c) The disclosures in the Disclosure Schedules of any information shall not be deemed to constitute an acknowledgement that such information is required to be disclosed in connection with the representations and warranties by Sellers in this Agreement or that it is material, nor shall such information be deemed to establish a level or standard of materiality for purposes of this Agreement. The disclosures in the Disclosure Schedules and in this Agreement set forth exceptions to the representations, warranties and other agreements made by Sellers in this Agreement and are intended to qualify such representations, warranties and other agreements.

4.10 **Buyer Financing Updates; No Financing Contingency**.

(c) Buyer acknowledges that it intends to fund the Cash Purchase Price or a portion thereof by securing financing from a third party lender ("**Third Party Financing**"). During the Interim Period, Buyer will provide Sellers with monthly updates on the status of such Third Party Financing and otherwise provide Sellers with material changes regarding the status of such Third Party Financing promptly as they occur.

(d) Within ninety (90) days after the Execution Date (the "**Financing Negotiation Period**"), Buyer shall deliver to Sellers reasonable written evidence, in form and substance reasonably satisfactory to Sellers, that Buyer has negotiated and finalized definitive loan agreements with one or more institutional lenders providing Third Party Financing sufficient, when funded, to pay the Cash Purchase Price and all related costs payable by Buyer at Closing under this Agreement. Such reasonable written evidence shall include a true, complete and correct copy of the loan agreement and related financing documents (collectively, the "**Loan Agreement**") that (i) is in final form and is capable of being executed by Buyer and the lender(s) at or immediately prior to the Closing (subject only to ordinary course modifications and/or information refreshes requested by the applicable lender(s)) for purposes of demonstrating the availability of committed Third Party Financing sufficient to fund the Closing, and (ii) provides for committed Third-Party Financing that, upon execution, will be binding on the lender(s). To the extent the lender(s) requests any modification to the Loan Agreement between the end of Financial Negotiation Period and the execution of the Loan Agreement, Buyer shall promptly notify Sellers of such modification.

(e) In the event (i) Buyer has not provided Sellers the written evidence required under Section 4.10(b) within the Financing Negotiation Period (or such other date as mutually agreed upon by the Parties) or (ii) Buyer has not obtained such Third Party Financing by the time all closing conditions in ARTICLE 6 and ARTICLE 7 have been met or waived by the applicable Party, the Sellers shall have the right to terminate this Agreement immediately by providing written notice to Buyer.

(f) At Buyer's reasonable request, Sellers shall, prior to the Closing, use commercially reasonable efforts to cooperate, and cause the Affiliates of Seller to use commercially

reasonable efforts to cooperate, with Buyer in connection with any Third Party Financing, as may be reasonably requested by Buyer; *provided, however*, that such commercially reasonable efforts shall be limited to (i) Sellers and their Affiliates providing information regarding the Business that is reasonably requested by Buyer and (ii) Sellers using commercially reasonable efforts to obtain (A) to the extent a lender of Third Party Financing requires an estoppel certificate with respect to a Lease Agreement, an estoppel certificate form the other parties to such Lease Agreement, (B) to the extent a lender of Third Party Financing requires non-disturbance agreement with respect to an Assumed Lease, a non-disturbance agreement from the respective lender encumbering any real property underlying the Leased Real Property for such Assumed Lease.

(g) Notwithstanding anything in this Agreement, including anything in this Section 4.10, that may be construed to the contrary, Buyer expressly acknowledges and agrees that Buyer's obligation to purchase the Transferred Assets and to close the Contemplated Transactions shall not be subject to, or conditioned or contingent on, Buyer securing any Third Party Financing.

4.11 **Additional Financial Information**. Within thirty (30) days following the end of each calendar month between the date of this Agreement and the Closing Date, Sellers will deliver to Buyer copies of the unaudited balance sheets (with respect to the operation of QVMC) and the related unaudited statements of operations relating to the Business for each month then ended. Such financial statements shall be prepared from and in accordance with the Books and Records of Sellers, and shall fairly present in all material respects the financial position and results of operations of the Business as of the date and for the period indicated.

4.12 **Insurance Policies.**

(a) **Tail Policies**. For the claims-made insurance policies held for the benefit of the Business and set forth on Exhibit 4.12 (the "**Claims-Made Insurance Policies**"), Sellers will obtain supplemental insurance policies (the "**Tail Policies**") providing for extended reporting periods for claims made on or after the Effective Time in respect of events occurring prior to the Effective Time relating to all periods prior to the Effective Time. Such Tail Policies shall extend for at least six (6) years after the Effective Time and shall provide minimum coverages in an amount no less than the coverage currently maintained under the applicable Claims-Made Insurance Policy. The cost of the Tail Policies shall be borne by Sellers.

(b) **Nose Policy**. Sellers shall reimburse Buyer for the reasonable, direct cost incurred by Buyer in obtaining a prior acts "nose" policy (the "**Nose Policy**") covering professional liability claims that may be made against the PMGNC Napa Providers on or after the Effective Time with respect of events occurring prior to the Effective Time, provided that such Nose Policy coverage extends for a period of up to six (6) years after the Effective Time and provides professional liability coverage in commercially reasonable amounts for the benefit of the PMGNC Napa Providers.

4.13 **Buyer Tax-Exempt Status**. From the date hereof until the earlier of the Closing or the termination of this Agreement in accordance with ARTICLE 8, NorthBay Parent shall use good faith efforts to file an application for recognition of tax-exempt status under Section 501(c)(3) of the Code (or such other applicable provision) with the Internal Revenue Service prior to Closing; *provided* that the receipt or approval of such tax-exempt status shall not be a condition to Closing.

4.14 **Shared Contracts**. Within three (3) months after the Execution Date, Sellers shall deliver to Buyer copies of all documents in the possession of Sellers and their Affiliates that may constitute Shared Contracts (as defined below) within their possession; provided, however, the delivery of such Shared Contracts shall be subject to and in accordance with all applicable Law and neither Sellers nor any of their Affiliates shall be required to disclose any Shared Contracts or information therein to the extent such

disclosure would violate applicable Law For purposes of this Agreement, "**Shared Contracts**" means Contracts that are used in, or necessary for, the operation of the Business as currently conducted as of the Execution Date and do not relate exclusively to the operation of the Business, the Transferred Assets or the Facilities, including, multi-facility Contracts in which one or more other hospitals, facilities or operations of Sellers or any of their Affiliates that are not Facilities participate. From and after the Execution Date until the Closing, Sellers shall, and shall cause their Affiliates to, reasonably cooperate with Buyer in connection with Buyer's transition planning with respect to such Shared Contracts, including: (a) cooperation around planning and implementing the Transition Services Agreement, (b) cooperation around Buyer's evaluation of the necessary replacement of goods, services or other benefits provided under the Shared Contracts.

4.15 **Medical Staff Matters**. As soon as reasonably practicable after the Execution Date, Sellers shall provide Buyer with a list of all members of the Hospital's medical staff that have resigned while under investigation or had their privileges at the Hospital revoked or suspended in the six (6) year period prior to the Execution Date; provided, however, Sellers shall not be required to disclose any information protected under any Laws, rules or regulations applicable to medical staff peer review.

4.16 **Virgin Mary Statue**. Prior to the Closing, the Parties shall discuss in good faith and mutually agree on: (a) whether the statue of Virgin Mary located on the façade of the Hospital building shall be treated as a Transferred Asset or an Excluded Asset, and (b) if the statue is deemed to be an Excluded Asset, the post-Closing process, and allocation of costs, associated with removing the statue from the Hospital building.

ARTICLE 5
ADDITIONAL AGREEMENTS

5.1 **Certain Employee Matters**

(a) During the Interim Period, Buyer or one of its Affiliates ("**Buyer Employer**"), subject to Buyer Employer's standard hiring practices and policies applied in a consistent and non-discriminatory manner, shall offer employment to commence at the Effective Time to all Business Employees who are actively employed as of the Effective Time, excluding any Leave Employees (as defined below). Such Business Employees that accept employment with Buyer Employer shall be referred to herein as "**Transferred Employees**." For the avoidance of doubt, employment of each Transferred Employee shall commence immediately upon the Effective Time with no interruption in employment for purposes of applicable Law. All such Transferred Employees who remain continuously employed by Buyer Employer will be employed in the same or comparable positions (including the same or better job title and responsibilities as may be required by existing collective bargaining agreements and the National Labor Relations Act) for a minimum of twelve (12) months after the Closing Date, unless a Transferred Employee voluntarily terminates employment or employment is terminated by Buyer Employer for cause. Any Business Employee who is on a leave of absence as of the Effective Time (each, a "**Leave Employee**") shall not transfer to Buyer and shall remain employed by Sellers. Notwithstanding the foregoing, if a Leave Employee is cleared to return to work within such employee's protected leave period, but in no event later than six (6) months following the Effective Time, Buyer Employer shall, subject to the terms and conditions of this Section 5.1, offer employment to such Leave Employee, and any such Leave Employee who accepts such offer shall be deemed a Transferred Employee for purposes of this Agreement (the date of such acceptance, the "**Leave Employee Effective Time**"). Sellers shall retain all obligations and liabilities with respect to each Leave Employee until such Leave Employee's Leave Employee Effective Time, including without limitation any obligations relating to short-term disability benefits, long-term disability benefits, workers' compensation, and any other employment-related obligations arising from or in connection with such leave. Unless otherwise set by applicable law or in a collective bargaining agreement applicable to

any of the Business Employees, Buyer will ensure that each Transferred Employee be provided with: (i) base salary or wages, applicable pay differentials, and target annual bonus and/or incentive compensation opportunities at least equal to the base salary or wages and target annual bonus and/or incentive compensation made available to such Transferred Employee prior to the Closing Date; (ii) severance benefits at least as favorable as those in effect for such Transferred Employee prior to the Closing Date; and (iii) other benefits and terms and conditions of employment that are either: (A) substantially comparable in the aggregate to those in effect for such Transferred Employee prior to the Closing Date; or (B) substantially comparable to those provided to similarly situated employees of Buyer Employer; *provided* that Sellers make available to Buyer such documentation, Seller Plan documents, summaries of benefits coverage and other records or data reasonably required for such commitment.

(b) Transferred Employees shall be given credit for the most recent continuous period of employment with Sellers prior to the Effective Time or the Leave Employee Effective Time, as applicable, which, for avoidance of doubt, includes any leave of absence pursuant to any Seller's policies, the Family and Medical Leave Act of 1993 or other similar Law, for purposes of determining eligibility to participate in, vesting and levels of benefits under Buyer Employer 's employee benefit plans in which such Transferred Employees are eligible to participate following the Closing and will waive any waiting period for participation in Buyer Employer's health and medical plans, *provided* that Sellers provide Buyer with service records reasonably required for such service crediting and no such prior service shall be taken into account to the extent it would result in the duplication of benefits to any Transferred Employee or to the extent not counted under the corresponding Seller Plan in which the Transferred Employee participated immediately prior to the Effective Time. Buyer shall, or shall cause Buyer Employer to, take commercially reasonable steps to ensure that preexisting condition limitations will be waived with respect to Transferred Employees and their covered dependents unless such preexisting condition limitations were applicable under the corresponding Seller Plans prior to the Effective Time. During the Interim Period, the Parties shall cooperate in good faith to identify and implement reasonable measures to minimize any negative impact on Transferred Employees arising from the transition of such employees from Sellers' medical and health plans to Buyer's medical and health plans, including with respect to any amounts paid by Transferred Employees or their covered dependents toward deductibles or out-of-pocket maximums under Sellers' plans prior to the Effective Time.

(c) On the Closing Date, Sellers shall payout to each Transferred Employee the accrued and unused paid time off of each Transferred Employee as of the Closing Date ("**PTO**"). Promptly following such payment, Sellers shall provide Buyer with documentation reasonably requested by Buyer supporting the PTO amounts paid to each Transferred Employee, including records of PTO accrual and usage. Buyer shall reimburse Sellers for one hundred percent (100%) of the PTO paid by Sellers pursuant to this Section 5.1(c) no later than ten (10) days after Buyer has received such supporting documentation and has had a reasonable opportunity to verify the accuracy of such payments.

(d) Prior to the Effective Time, Sellers shall be solely responsible for complying with WARN and all other obligations under applicable Law requiring notice of plant closings, relocations, mass layoffs, reductions in force or similar actions (and for any failures to so comply), in any case applicable to Business Employees as a result of any action by Sellers or any Affiliate of Sellers prior to the Effective Time or following the Effective Time with respect to any Business Employees who do not become a Transferred Employee. Notwithstanding the foregoing, Buyer shall not, at any time prior to ninety (90) days after the Effective Time, effectuate a "plant closing" or "mass layoff," as those terms are defined in WARN, affecting in whole or in part any site of employment, facility, operating unit or Business Employee, without notifying Sellers in advance and without complying with the notice requirements and other provisions of WARN. With respect to terminations of employees on or after the Effective Time, Buyer shall be responsible for any notification required under WARN.

(e) Prior to the Closing, Sellers shall provide notice to any union representatives of the Transferred Employees and engage in effects bargaining in compliance with applicable collective bargaining agreements and bargaining obligations under the National Labor Relations Act. Buyer shall, from the Effective Time, assume any existing collective bargaining agreements with Transferred Employees and will cooperate with Sellers to transition such Contracts to Buyer during the Interim Period. During the Interim Period, Sellers shall keep Buyer reasonably informed of all communications with, and the status of any effects bargaining with, any union or other collective bargaining representative of the Transferred Employees, including by providing Buyer with copies of all written communications to or from such representatives relating to the transactions contemplated by this Agreement within a reasonable timeframe of sending or receipt thereof. Sellers shall consult with Buyer in good faith and consider Buyer's reasonable input prior to taking any material position or making any material commitment in connection with such effects bargaining.

(f) The representations, warranties, covenants and agreements contained herein are for the sole benefit of the Parties, and the Business Employees, Unions, and Transferred Employees are not intended to be and shall not be construed as beneficiaries hereof. This Section 5.1 shall be binding upon and inure solely to the benefit of each of the Parties, and (i) nothing in this Section 5.1, express or implied, shall confer upon any other Person any rights or remedies of any nature whatsoever under or by reason of this Section 5.1; and (ii) nothing contained herein, express or implied, shall be construed to establish, amend or modify any Seller Plan or any other benefit plan, program, agreement or arrangement.

5.2 **PMGNC Napa Providers**. As of the Execution Date, Sellers have provided Buyer with a list of all physicians employed or contracted by PMGNC that primarily provide professional services at the Napa Clinics and/or QVMC (the "**PMGNC Napa Providers**"). Buyer or an Affiliate of Buyer shall have the right to provide offers of employment with Buyer (or an affiliate of Buyer or a medical group within Buyer's physician network) to the PMGNC Napa Providers, with such employment to be effective as of the Closing; *provided, however*, during the period beginning as of the Execution Date and ending on the first (1st) anniversary of the Closing Date, Buyer shall not, and shall cause the Buyer's Affiliates not to, directly or indirectly, in any capacity, encourage, induce, solicit or attempt to encourage, induce or solicit or hire any physician or advanced practice provider who provides professional services on behalf of PMF other than the PMGNC Napa Providers and who was introduced to Buyer through the negotiation of this Agreement and the Contemplated Transactions; *provided* that the foregoing shall not apply to any direct or indirect general solicitation by Buyer or any Affiliate of Buyer that is not directed specifically to any such Person. Each of Sellers shall use commercially reasonable efforts to support and facilitate Buyer's engagement of the PMGNC Napa Providers in the manner reasonably requested by Buyer, including cooperating and facilitating (a) the transition of employment or contractual relationships to Buyer or an Affiliate of Buyer, and (b) waiving, or causing to be waived, any restrictive covenants, non-competition provisions, non-solicitation provisions, or other contractual or policy-based restrictions that would otherwise limit or impede Buyer's ability to engage the PMGNC Napa Providers. Notwithstanding anything to the contrary in this Agreement, Buyer's obligation to close the Contemplated Transactions shall not be conditioned in any way on a minimum number of PMGNC Napa Providers accepting employment with Buyer, an Affiliate of Buyer or a medical group within Buyer's physician network.

5.3 **Queen of the Valley Medical Center Foundation.** The Parties acknowledge and agree that Queen of the Valley Medical Center Foundation, a tax-exempt California nonprofit public benefit corporation ("**Foundation**") is a philanthropic foundation with a principal fund established to maintain and/or aid activities supporting QVMC. Pursuant to a Services Agreement between Foundation and QVMC (the "**Foundation Services Agreement**"), QVMC provides to Foundation, among other things, administrative employees and office facilities at no cost to the Foundation and Foundation agrees to perform ongoing fundraising services for QVMC. As of the Closing Date, Buyer will assume the Foundation Services Agreement (the "**Assumed Foundation Services Agreement**"). Buyer hereby agrees that,

following the Closing, Buyer shall match the Foundation's support of QVMC's identified priority capital expenditure projects in an amount up to Ten Million Dollars ($10,000,000).

5.4 **Credentialing and Medical Staff Transition Activities**. Prior to the Closing, Sellers shall use commercially reasonable efforts to cooperate with Buyer in appropriately transitioning any pending professional review Proceedings. Prior to the Closing, to the extent permitted under applicable Laws, and without any requirement that Sellers act in a manner that voids or violates any applicable Facility medical staff bylaws, policies and procedures, Sellers or its Affiliates, as applicable, shall also use commercially reasonable efforts to cooperate with Buyer and with any member of the medical staff of any Facility regarding any reasonably needed access or transfer of information or copies of documents comprising credentialing and medical staff records as may be reasonably requested in connection with new or adopted credentialing transition activities.

ARTICLE 6
CONDITIONS PRECEDENT TO OBLIGATIONS OF BUYER

Buyer's obligation to purchase the Transferred Assets and to close the Contemplated Transactions shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Buyer in whole or in part at or prior to the Closing:

6.1 **Closing Deliveries.** Sellers shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to Section 1.13 hereof.

6.2 **No Restraints.** No temporary restraining order, preliminary or permanent injunction or other Order preventing the consummation of the Contemplated Transactions shall have been issued by any court of competent jurisdiction or any other Governmental Authority and remain in effect on the Closing Date; *provided, however*, prior to Buyer invoking this condition, Buyer shall have used commercially reasonable efforts to remove any such restriction.

6.3 **Representations and Warranties.** The representations and warranties of Sellers contained in ARTICLE 2 (other than the Seller Fundamental Representations) shall be true and correct (without giving duplicative effect to any limitation or qualification as to Seller Material Adverse Effect, materiality or similar phrases set forth therein) as of the Closing Date as though made at and as of the Closing Date (except to the extent expressly made as of an earlier date, in which case only at and as of such date), except where the failure of such representations and warranties (giving effect to the applicable exceptions set forth in the Disclosure Schedule) to be so true and correct has not had, and would not reasonably be expected to have, individually or in the aggregate, a Seller Material Adverse Effect. The Seller Fundamental Representations (other than the representations and warranties set forth in Section 2.4) shall be true and correct in all respects (other than de minimis inaccuracies therein) as of the date of this Agreement and as of the Closing Date (except to the extent that such representations and warranties address matters as of particular dates, in which case, such representations and warranties shall be true and correct (other than de minimis inaccuracies therein) on and as of such dates). The representations and warranties set forth in Section 2.4 shall be true and correct in all material respects as of the date of this Agreement and as of the Closing Date (except to the extent that such representations and warranties address matters as of particular dates, in which case, such representations and warranties shall be true and correct in all material respects on and as of such dates).

6.4 **Performance of Covenants.** Each and all of the terms, covenants, and agreements in this Agreement to be complied with or performed by Sellers on or before the Closing Date shall have been complied with and performed by Sellers, in each case in all material respects.

6.5 **HSR Act.** The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

6.6 **CAG Approval.** The CAG shall have approved or conditionally approved the Contemplated Transactions in accordance with Section 999.5 of Title 11 of the California Code of Regulations and all conditions to approval of the Contemplated Transactions imposed by the CAG shall be Reasonable Conditions (as hereafter defined). For purposes of this Agreement, a "**Reasonable Condition**" means a condition to the CAG's approval of the Contemplated Transactions that is either: (i) substantially similar to a condition imposed by the CAG on a transaction involving the change of control of a general acute care hospital that was consummated within the twenty-four (24) months prior to December 10, 2025; or (ii) a condition that does not materially and adversely impact Buyer's ability to operate the Business after the Closing.

6.7 **Material Contract Consents.** The Parties shall have received consents to the assignment of the material Assumed Contracts and Assumed Leases listed in Exhibit 6.7 (the "**Material Contract Consents**").

6.8 **Material Governmental Consents.** The Parties shall have obtained the material Governmental Authority consents or Approvals described in Exhibit 6.8 (the "**Material Governmental Consents**").

6.9 **No Material Adverse Effect.** Since the date hereof, there has not been a Seller Material Adverse Effect.

6.10 **Title Policy**. At Closing, the Title Company shall deliver to Buyer a Title Policy (which may be in the form of a signed mark-up of a pro forma of the Title Commitment), insuring Buyer's fee simple title to each Owned Real Property as of the Closing Date, subject only to Permitted Encumbrances, in such amount equal to the portion of the Purchase Price allocated to such Owned Real Property in accordance with the terms of this Agreement. Such Title Policy shall include such endorsements as reasonably requested by Buyer, in form and substance reasonably satisfactory to Buyer.

ARTICLE 7
CONDITIONS PRECEDENT TO OBLIGATIONS OF SELLERS

Sellers' obligation to sell the Transferred Assets and to close the transactions as contemplated by this Agreement shall be subject to the satisfaction of each of the following conditions on or prior to the Closing Date unless specifically waived in writing by Sellers in whole or in part at or prior to the Closing:

7.1 **Closing Deliveries.** Buyer shall have executed and delivered all documents, instruments and certificates required to be executed and delivered pursuant to Section 1.14 hereof.

7.2 **No Restraints.** No temporary restraining order, preliminary or permanent injunction or other Order preventing the consummation of the Contemplated Transactions shall have been issued by any court of competent jurisdiction or any other Governmental Authority and remain in effect on the Closing Date; *provided, however*, prior to Sellers invoking this condition, Sellers shall have used commercially reasonable efforts to remove any such restriction.

7.3 **Representations and Warranties.** The representations and warranties of Buyer and NorthBay Parent contained in ARTICLE 3 (other than the Buyer Fundamental Representations) shall be true and correct (without giving duplicative effect to any limitation or qualification as to Buyer Material Adverse Effect, materiality or similar phrases set forth therein) as of the Closing Date as though made at

and as of the Closing Date (except to the extent expressly made as of an earlier date, in which case only at and as of such date), except where the failure of such representations and warranties (giving effect to the applicable exceptions set forth in the Disclosure Schedule) to be so true and correct has not had, and would not reasonably be expected to have, individually or in the aggregate, a Buyer Material Adverse Effect. The Buyer Fundamental Representations shall be true and correct in all respects (other than de minimis inaccuracies therein) as of the date of this Agreement and as of the Closing Date (except to the extent that such representations and warranties address matters as of particular dates, in which case, such representations and warranties shall be true and correct (other than de minimis inaccuracies therein) on and as of such dates).

7.4 **Performance of Covenants.** Each and all of the terms, covenants, and agreements in this Agreement to be complied with or performed by Buyer on or before the Closing Date shall have been complied with and performed by Buyer in all material respects.

7.5 **HSR Act.** The applicable waiting period under the HSR Act shall have expired or been earlier terminated.

7.6 **CAG Approval.** The CAG shall have approved or conditionally approved the Contemplated Transaction in accordance with Section 999.5 of Title 11 of the California Code of Regulations and all conditions to approval of the Contemplated Transaction imposed by the CAG shall be Reasonable Conditions.

7.7 **Material Contract Consents.** The Parties shall have received the Material Contract Consents.

7.8 **Material Governmental Consents.** The Parties shall have obtained the Material Governmental Consents.

7.9 **Internal Approvals.** Sellers shall have received the consent or Approval of all sponsors of Sellers and their Affiliates necessary for consummation of the Contemplated Transactions.

7.10 **Appraisal of Purchase Price.** Sellers shall have received an appraisal from an independent third party supporting the fair market value of the Purchase Price.

ARTICLE 8
TERMINATION

8.1 **Termination.** Notwithstanding anything in this Agreement to the contrary, this Agreement may not be terminated except as follows:

(a) prior to the Closing, by the mutual written agreement of the Parties;

(b) by either Buyer or Sellers if the Closing has not occurred (other than through the failure of any Party seeking to terminate this Agreement to comply fully with its obligations under this Agreement) on or before December 31, 2026 (the "**Drop Dead Date**");

(c) prior to the Closing, by Sellers upon delivery of written notice to Buyer, if there has been a breach of any representation, warranty, covenant or agreement made by Buyer in this Agreement or in any other Transaction Document, which breach (i) would give rise to the failure of a condition set forth in ARTICLE 6 to be satisfied and (ii) either (A) cannot be cured prior to the Drop Dead Date, or (B) if capable of being cured, shall not have been cured by Buyer to the reasonable satisfaction of Sellers by the earlier of (1) thirty (30) days following receipt of written notice from Sellers of such breach (which

describes the nature of such breach and acceptable cure actions) or (2) the date that is three (3) days prior to the Drop Dead Date; *provided, however*, that Sellers shall not be permitted to terminate this Agreement pursuant to this Section 8.1(c) if Sellers are also in material breach of this Agreement;

(d) prior to the Closing, by Buyer upon delivery of written notice to Sellers, if there has been a breach of any representation, warranty, covenant or agreement made by Sellers in this Agreement or in any other Transaction Document, which breach (i) would give rise to the failure of a condition set forth in ARTICLE 7 to be satisfied and (ii) either (A) cannot be cured prior to the Drop Dead Date, or (B) if capable of being cured, shall not have been cured by Sellers to the reasonable satisfaction of Buyer by the earlier of (1) thirty (30) days following receipt of written notice from Buyer of such breach (which describes the nature of such breach and acceptable cure actions) or (2) the date that is three (3) days prior to the Drop Dead Date; *provided, however*, that Buyer shall not be permitted to terminate this Agreement pursuant to this Section 8.1(d) if Buyer are also in material breach of this Agreement;

(e) prior to the Closing, by Sellers, in accordance with Section 4.10; or

(f) prior to the Closing, by Sellers or Buyer in the event that (i) any court or Governmental Authority has issued an Order, decree or ruling or taken any other action restraining or otherwise prohibiting the consummation of the Contemplated Transactions, or (ii) any court or Governmental Authority has commenced any Proceeding before any Governmental Authority that seeks to restrain or prohibit the consummation of the Contemplated Transactions; except, in any case, actions or events of Governmental Authorities relating to or contemplated by Section 4.2 or Section 4.8.

8.2 **Break Fee.**

(a) Notwithstanding anything to the contrary contained herein, in the event that (i) Sellers terminate this Agreement in accordance with Section 8.1(c) or Section 8.1(e), or (ii) the Closing does not occur prior to the Drop Dead Date and, prior to such time, all conditions to Closing set forth in ARTICLE 6 have been satisfied or waived (any such termination described in clause (i) or (ii), a "**Break Fee Termination**"), and in each case, Sellers are not in breach of this Agreement, Buyer shall promptly, but in no event later than thirty (30) Business Days after the Break Fee Termination, pay or cause to be paid to the account(s) designated in writing by Sellers an amount equal to Twenty Million Dollars ($20,000,000) (the "**Break Fee**") by wire transfer of immediately available funds.

(b) Buyer acknowledges and agrees that the agreements contained in this Section 8.2 are an integral part of the transactions contemplated by this Agreement, and that, without such agreements, Sellers would not enter into this Agreement. Each of Buyer, on the one hand, and Sellers, on the other hand, acknowledges and agrees that the Break Fee payable pursuant to this Section 8.2 are not penalties, but constitute liquidated damages in a reasonable amount that will compensate Sellers and their Affiliates for the efforts and resources expended and the opportunities foregone while negotiating this Agreement and in reliance upon this Agreement and on the expectation of the consummation of the transactions contemplated hereby, and for the losses suffered by reason of the failure of such consummation, which amounts would otherwise be uncertain and incapable of accurate determination. Each of Buyer and Sellers covenants and agrees that it will not take any position that is in any way inconsistent with the immediately preceding sentence.

8.3 **Termination Consequences.** If this Agreement is terminated pursuant to Section 8.1, except as set forth in Section 8.2 or any other provision of this Agreement that by its terms expressly survive the termination of the Agreement, all further obligations of the Parties under this Agreement shall terminate and this Agreement shall forthwith become void, and there shall be no Liability on the part of any Party or any of its Affiliates to any other Person resulting from, arising out of, relating to, or in connection with this Agreement or any other Transaction Document, except that nothing in this Agreement or any other

Transaction Document will relieve any Party from any willful and intentional breach of this Agreement prior to such termination or for Fraud. In the event of a Break Fee is paid pursuant to Section 8.2, notwithstanding anything in this Agreement or in any other Transaction Document to the contrary, (i) except in the event of Fraud, the maximum aggregate Liability of Buyer under this Agreement shall not exceed the Break Fee; and (ii) in no event shall any Party have any Liability under this Agreement for any consequential, special, incidental, indirect, multiplied, exemplary or punitive damages, lost profits or similar items (including loss of revenue, income or profits, diminution of value or loss of business reputation or opportunity relating to a breach or alleged breach of this Agreement). Each Party acknowledges that the agreements contained in this Section 8.3 are an integral part of the Contemplated Transactions and that without these agreements such Party would not have entered into this Agreement.

ARTICLE 9
POST-CLOSING MATTERS AND ADDITIONAL AGREEMENTS OF BUYER

9.1 **Receipt of Assets.**

(a) Subject to Section 9.2 hereof, any Excluded Asset (or proceeds thereof) pursuant to the terms of this Agreement or as otherwise determined by the Parties' mutual written agreement, which comes into the possession, custody or control of Buyer (or its respective successors-in-interest, assigns or affiliates) shall, within twenty (20) Business Days following receipt, be transferred, assigned or conveyed by Buyer (and its respective successors-in-interest, assigns and affiliates) to Sellers at Sellers' cost. Until such transfer, assignment and conveyance, Buyer and its respective successors-in-interest, assigns and Affiliates, shall not have any right, title or interest in or obligation or responsibility with respect to such Excluded Asset except that Buyer shall hold such Excluded Asset in trust for the benefit of Sellers. Additionally, to the extent any Excluded Religious Items remain located at the Hospital or any of the Napa Clinics following the Closing, Buyer shall reasonably cooperate with Sellers in connection with the removal of such Excluded Religious Items; *provided, however*, that (i) Sellers shall reasonably coordinate in advance with Buyer regarding the timing, manner, and logistics of any such removal, (ii) any removal activities shall be conducted in a manner that does not unreasonably interfere with or interrupt Buyer's operations, including, to the extent reasonably practicable, conducting such removal outside of normal business hours, (iii) Sellers shall comply with Buyer's policies and procedures applicable to access to and activities within the Hospital and the Napa Clinics, and (iv) Sellers shall, at their sole cost and expense, promptly repair and restore the affected facilities to substantially the same condition that existed immediately prior to such removal. Sellers shall not remove any Excluded Religious Items in a manner that would adversely affect patient care, safety, or regulatory compliance.

(b) In addition to any misdirected payments to which Buyer is entitled pursuant to this ARTICLE 9, any other remittances and all mail and other communications that belong to Buyer, any Transferred Asset or any Assumed Liability, that comes into the possession, custody or control of Sellers (or their successors-in-interest, assigns or Affiliates) shall within twenty (20) Business Days following receipt be transferred, assigned or conveyed by Sellers (and their successors-in-interest, assigns and Affiliates) to Buyer at Buyer's cost. Until such transfer, assignment and conveyance, Sellers and their successors-in-interest, assigns and Affiliates shall not have any right, title or interest in or obligation or responsibility with respect to such Transferred Asset or Liability except that Sellers shall hold such Transferred Asset in trust for the benefit of Buyer.

9.2 **Preservation and Access to Records After the Closing.**

(a) From the Closing Date until seven (7) years after the Closing Date or such longer period as required by Law (the "**Document Retention Period**"), Buyer shall use commercially reasonable efforts to keep and preserve all Medical Records, patient records, medical staff records and other Books

and Records which are among the Transferred Assets as of the Effective Time, but excluding any records which are among the Excluded Assets. For the avoidance of doubt, Buyer's legal responsibility related to the documents and records set forth in this Section 9.2(a) shall be solely to the extent arising from periods occurring on or after the Effective Time that relate (and only to the extent so relating) to facts, circumstances or occurrences first arising after the Effective Time and that do not directly arise from any event, circumstance or condition occurring or existing at or prior to the Effective Time that, with or without notice or lapse of time, would constitute or result in a breach or violation of applicable Law, all of which shall constitute Excluded Liabilities. Upon a Seller's reasonable request, Buyer will afford to the Representatives of Sellers and any of its affiliates, including their counsel and accountants ("**Seller Parties**"), full and complete access to, and copies of (either copied by Buyer for Seller at Sellers' expense, or removed by Sellers from the premises, copied by Sellers and promptly returned to Buyer), such records with respect to time periods prior to the Closing Date (including access to records of patients treated at the Facilities prior to the Closing Date) during normal business hours after the Closing Date all in such manner as to not interfere unreasonably with the operations of the Facilities, to the extent reasonably needed by any Seller Party for any lawful purpose. After the expiration of the Document Retention Period, if Buyer intends to destroy or otherwise dispose of any of the documents described in this Section 9.2(a) outside of Buyer's standard document retention procedures, Buyer shall provide written notice to Sellers of Buyer's intention no later than forty-five (45) calendar days prior to the date of such intended destruction or disposal. Any of the Seller Parties shall have the right, at their sole cost, to take possession of such documents during such forty-five (45) calendar day period. If any of the Seller Parties do not take possession of such documents during such forty-five (45) calendar day period, Buyer shall be free to destroy or otherwise dispose of such documentation upon the expiration of such forty-five (45) calendar day period.

(b) Provided that Buyer shall not incur any out-of-pocket costs, Buyer shall provide reasonable cooperation to Sellers and their insurance carriers in respect of the defense of claims by third parties against Sellers or any affiliate of Sellers, in respect of events occurring prior to the Effective Time with respect to the operations of the Business. Such cooperation shall include, without limitation (and at Sellers' sole expense for material time expended by the Transferred Employees or other employees of Buyer), (i) making the Transferred Employees reasonably available for interviews, depositions, hearings and trials, and (ii) making its employees available to assist in the securing and giving of evidence and in obtaining the presence and cooperation of witnesses. In addition, Sellers and Sellers' Affiliates shall be entitled to remove from the Facilities originals of any such records, but (x) only for purposes of pending litigation involving the Persons to whom such records refer, as certified in writing prior to removal by counsel retained by Sellers or any of Sellers' Affiliates in connection with such litigation, and (y) only if Sellers and Sellers' Affiliates leave a copy thereof with Buyer. Any records so removed from the Facilities shall be promptly returned to Buyer following Sellers' or Sellers' Affiliate's use of such records.

(c) Upon Buyer's reasonable request, Buyer and its Representatives shall be given access by Sellers during normal business hours to the extent needed by Buyer for business purposes to all documents, records, correspondence, work papers and other documents retained by Sellers pertaining to the Business with respect to time periods prior to the Closing Date (excluding confidential employee information and privileged materials), all in such manner as to not interfere unreasonably with Sellers. Such documents and other materials shall be, at Sellers' option, either (i) copied by Sellers for Buyer at Buyer's expense, or (ii) removed by Buyer from the premises, copied by Buyer and promptly returned to Sellers.

(d) Buyer shall comply with, and be solely responsible for, all obligations under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Parts 160 and 164) promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 and any and all corresponding California state law requirements with respect to the operation of the Hospital on and after the Effective Time. For the avoidance of doubt, Buyer's legal responsibility shall be solely to the extent arising from periods occurring on or after the Effective Time that relate (and only to the extent so relating)

to facts, circumstances or occurrences first arising after the Effective Time and that do not arise from or relate to, and are not in connection with any event, circumstance or condition occurring or existing at or prior to the Effective Time that, with or without notice or lapse of time, would constitute or result in a breach or violation of applicable Law, all of which shall constitute Excluded Liabilities.

(e) Buyer shall cooperate with Sellers, on a timely basis and as reasonably requested by Sellers, in connection with the provision of all data of the Facilities and other information required by Sellers for reporting to the applicable accrediting agencies.

(f) To the maximum extent permitted by Law, if any Person requests or demands, by subpoena or otherwise, any documents relating to the Excluded Liabilities or Excluded Assets, including documents relating to the operations of the Business or any of the Hospital's committees prior to the Closing Date, prior to any disclosure of such documents, Buyer shall notify Sellers and shall provide Sellers with the opportunity to object to, and otherwise coordinate with respect to, such request or demand.

9.3 **Provision of Benefits of Certain Contracts.** Anything contained herein to the contrary notwithstanding, this Agreement shall not constitute an agreement to assign any Assumed Contract or Assumed Lease if an attempted assignment thereof without the consent of another party thereto would constitute a breach thereof or in any material way adversely affect the rights of a Seller thereunder (or the rights of Buyer thereunder following the Effective Time), unless such consent is obtained. If, as of the Effective Time, Sellers are unable to obtain any consent required to the assignment of Sellers' interest in an Assumed Contract or an Assumed Lease, until such consent is obtained, (a) Sellers shall use commercially reasonable efforts to provide Buyer the benefits of any such Assumed Contract or Assumed Lease, as applicable, cooperate in any reasonable and lawful arrangement designed to provide such benefits to Buyer, and allow Buyer to directly enforce such Assumed Contract or Assumed Lease against the applicable third parties thereto; *provided, however*, Sellers shall not be responsible to Buyer for any loss of benefit or similar damages, except as expressly set forth herein, and (b) to the extent that Buyer receives the benefits of such Assumed Contract or Assumed Lease, as applicable, Buyer shall use commercially reasonable efforts to perform and assume, on behalf of Sellers, the obligations of Sellers and Sellers' Affiliates thereunder or in connection therewith. To the extent Buyer cannot receive the benefit of an Assumed Contract or an Assumed Lease due to the failure or inability to obtain the necessary consent from the counterparty to such Assumed Contract or Assumed Lease, then, at Buyer's option, such Contract or Assumed Lease shall be deemed an Excluded Contract, and all Liabilities with respect to such Contract or Assumed Lease shall be Excluded Liabilities.

9.4 **General Cooperation and Turnover Obligations.** The Parties shall cooperate to ensure that any and all payments that constitute "Excluded Assets" shall be paid to and received by Sellers, with any payments that constitute "Transferred Assets" transferred to Buyer pursuant to Section 1.1 or that otherwise arise from services rendered by Buyer on or after the Closing Date be paid to and received by Buyer. In the event that payments that constitute a Transferred Asset are deposited to a bank account of Sellers which is not automatically swept or transferred to Buyer, then Sellers, within ten (10) Business Days of notice of the receipt of such payments, shall turn over and pay Buyer said funds. In the event that a deposit representing payment of any Excluded Assets is received by Buyer, then Buyer, within ten (10) Business Days of notice of the receipt of funds representing any Excluded Assets, shall turn over and pay Sellers such funds.

9.5 **Medical Staff.** To ensure continuity of care in the community, Buyer agrees that it will permit the Hospital to retain a separate, independent medical staff accountable to Buyer's board of directors, and the Hospital's medical staff members in good standing as of the Closing Date shall maintain medical staff privileges at the Hospital as of the Closing Date. As of the Closing Date, the medical staff will be subject to the Hospital's medical staff bylaws then currently in effect, *provided* that such bylaws are in

compliance with all applicable Laws and regulations and contain customary obligations. Buyer agrees that Buyer shall not require or take any action as a condition of or in connection with the transaction contemplated herein that would change any officers or committee chairs of the Hospital's medical staff. Buyer agrees that such changes may occur only after the Closing Date and only in accordance with the provisions of the Hospital's medical staff bylaws and applicable Laws.

9.6 **Straddle Patients**. To compensate Sellers for services rendered and medicine, drugs and supplies provided by the Hospital up to the Effective Time with respect to patients who are admitted to the Hospital prior to the Effective Time and whose care is reimbursed by any Government Program or other third party payor but who are not discharged until after the Effective Time (such patients being referred to herein as the "**Straddle Patients**" and services rendered to them being referred to herein as the "**Straddle Patient Services**"), the Parties shall take the following actions:

(a) To the extent required by applicable Law, or to the extent the applicable third party payor will accept interim billing, Sellers shall prepare the interim billings for the period prior to the Effective Time ("**Interim Billing**") for each Straddle Patient for which Interim Billing is required or permitted, and shall send such Interim Billing to the applicable Straddle Patient or third party payor. Sellers shall be entitled to all amounts received by Sellers or the Hospital pursuant to any such Interim Billings. Sellers shall maintain records of such Interim Billing and, subject to applicable Law, provide to Buyer copies of such records as soon as reasonably practicable following the Closing Date.

(b) For Straddle Patients for whom Interim Billing is not accepted by the applicable third party payor (the "**Non-Interim Billing Straddle Patients**"), as soon as practicable after the Closing Date, Sellers shall deliver to Buyer a statement specifying the Non-Interim Billing Straddle Patients and the expected reimbursement for each such Non-Interim Billing Straddle Patient. Such statement shall also identify which Non-Interim Billing Straddle Patients (i) are receiving medical care that is paid for, in whole or in part, by a third party payor that pays on a diagnostic related group ("**DRG**"), case rate, or other similar basis and for whom the Hospital is paid on a per-claim basis (the "**DRG Straddle Patients**") and/or (ii) are receiving medical care that is paid for on a non-DRG basis ("**Non-DRG Straddle Patients**"). Buyer shall be responsible for submitting such billings to the applicable third party payor for the entire portion of each of the Non-Interim Billing Straddle Patients' respective stays.

(c) For Straddle Patient Services provided to a DRG Straddle Patient, upon receipt of payment, Sellers shall be entitled to an amount equal to (i) the total DRG payment received by Buyer and Sellers (including disproportionate share, uncompensated care, low volume adjustment, indirect medical education, outlier, and capital payments and any deposits, deductibles, copayments paid, whether received by Buyer or Sellers), multiplied by a fraction, the numerator of which shall be the number of days prior to the Effective Time that the DRG Straddle Patient was an inpatient at the Hospital and the denominator of which shall be the total number of days that such DRG Straddle Patient was an inpatient at the Hospital minus (ii) any deposits, deductibles or co-payments paid by or on behalf of the applicable DRG Straddle Patient to Sellers or any of Sellers' Affiliates prior to the Effective Time. Buyer will make such payments to Sellers within ten (10) Business Days after receipt of such payment.

(d) For Straddle Patient Services provided to a Non-DRG Straddle Patient, Sellers shall be entitled to an amount equal to (i) the total payments received by Buyer and Sellers for such Non-DRG Straddle Patient (including any deposits, deductibles, or copayments, whether received by Buyer or Sellers), multiplied by a fraction, the numerator of which shall be the total number of days prior to the Effective Time on which the applicable Hospital provided Straddle Patient Services to such Non-DRG Straddle Patient and the denominator of which shall be the total number of days with respect to such Non-DRG Straddle Patient's stay at the applicable Hospital minus (ii) any deposits, deductibles or co-payments paid by or on behalf of the applicable Non-DRG Straddle Patient to Sellers or any of Sellers' Affiliates

prior to the Effective Time. Buyer will make such payments to Sellers within ten (10) Business Days after receipt of such payment.

(e) In addition to the other payments contemplated by this Section 9.6 (or elsewhere in this Agreement), (i) if Sellers or the Sellers' Affiliates receives any amount from patients, or any third party payor that relates to services rendered by the Facilities after the Effective Time, Sellers or Sellers' Affiliate will remit such amount to Buyer within ten (10) Business Days after receiving such amount; and (ii) if Buyer receives any amount from patients, or any third party payor that relates to services rendered by the Facilities prior to the Effective Time, Buyer will remit such amount to Sellers within ten (10) Business Days of receiving such amount.

(f) Notwithstanding anything to the contrary in this Agreement, no Party shall be entitled to withhold any of the respective payments due and owing under this Section 9.6 by means of setoff against any amount owed by any other Party.

9.7 **Cost Report Matters; Periodic Interim Payments; Disproportionate Share Hospital Surveys and Information.**

(a) Sellers, at Sellers' own cost and expense, shall prepare and timely file all Cost Reports relating to the periods ending prior to the Effective Time or required to be filed as a result of the consummation of (a) the transfer of the Transferred Assets to Buyer, and (b) the Contemplated Transactions (the "**Seller Cost Reports**"). All such Cost Reports shall be filed by Sellers in a manner that is in compliance with applicable Law.

(b) Buyer shall cooperate with Sellers as reasonably requested by Seller, in the preparation of Seller Cost Reports and in responding to audit and other supplemental information requests from Government Programs related to Seller Cost Reports, including, without limitation, by permitting Sellers reasonable access to all Business Books and Records to prepare the Seller Cost Reports. Buyer shall forward to Sellers any and all correspondence relating to the Seller Cost Reports within ten (10) Business Days after receipt by Buyer. Seller shall retain the originals of the Seller Cost Reports, correspondence, work papers, and other documents relating to the Seller Cost Reports.

(c) Buyer shall file all future period Cost Reports required to be filed and work cooperatively with Sellers to include Sellers' Medicare bad debt claims provided to Buyer and related to periods prior to the Effective Time. Buyer shall be responsible for their own Cost Report filings relating to the Business beginning at the Effective Time. Buyer shall remit to Sellers any Cost Report settlements received for periods prior to the Effective Time, within thirty (30) days of receipt by Buyer.

(d) If Buyer receives any Medicare Interim Payments from the Medicare program associated with the operations of the Hospital relating solely to periods prior to the Effective Time, Buyer shall pay Sellers an amount equal to such Medicare Interim Payment(s) received by Buyer within ten (10) Business Days after receipt. If Buyer receives any Medicare Interim Payments from the Medicare program associated with the operations of the Hospital relating to the period commencing prior to and ending after the Effective Time, Buyer shall pay Seller within ten (10) Business Days after receipt an amount equal to the Medicare Interim Payment(s) actually received by Buyer for such period multiplied by a fraction, the numerator of which shall be the total number of days prior to the Effective Time and the denominator of which shall be the total number of days attributable to such Medicare Interim Payment(s). If Sellers receive any Medicare Interim Payments from the Medicare program associated with the operations of the Hospital relating solely to periods on or after the Effective Time, Sellers shall pay Buyer within ten (10) Business Days after receipt an amount equal to such Medicare Interim Payment(s) received by Sellers. If Sellers receive any Medicare Interim Payments from the Medicare program associated with the operations of the Hospital relating to the periods commencing prior to and ending after the Effective Time, Sellers shall pay

Buyer within ten (10) Business Days after receipt an amount equal to the Medicare Interim Payment(s) actually received by Sellers for such period multiplied by a fraction, the numerator of which shall be the total number of days after the Effective Time and the denominator of which shall be the total number of days attributable to such Medicare Interim Payment(s). It is the intent of the Parties that Buyer and Sellers shall receive all third-party payments applicable to the period of time that the Hospital is owned by the respective Parties.

(e) If Sellers receive any amount from patients, third-party payors, group purchasing organizations or suppliers which, under the terms of this Agreement, belongs to Buyer, Sellers shall remit within ten (10) Business Days the full amount so received to Buyer. If Buyer receives any amount from patients, third-party payors, group purchasing organizations or suppliers which, under the terms of this Agreement, belongs to Sellers, Buyer shall remit within ten (10) Business Days the full amount so received to Sellers.

(f) Subject to applicable Laws, Sellers will reasonably cooperate with Buyer in providing pre-Closing patient data and any documents Buyer reasonably believes are necessary or appropriate for Buyer to file with respect to Medicaid disproportionate share hospital surveys, to the extent applicable in the jurisdiction of the Business for the fiscal periods prior to and after the Effective Time.

(g) Notwithstanding anything to the contrary in this Agreement, neither Buyer nor Sellers shall be entitled to recover any of the respective payments due and owing under this Section 9.7 by means of setoff against any amount owed by any other Party.

9.8 **Mission Commitments.**

(a) Following the Closing Date for a period of at least three (3) years (the "**Commitment Period**"), Buyer shall: (i) continue use of/respect for sacred spaces, mental health services and spiritual care at the Facilities; (ii) ensure established access to liturgy or sacraments at the Facilities; (iii) support the transition and relocation of ecclesiastical goods and/or sacred spaces located from the Facilities; (iv) continue the provision of spiritual care, defined by either the direct at-will employment or contracting of chaplains; (v**)** continue the provision of palliative care at the Hospital at historical levels of investment by QVMC; and (vi) collaborate with Sellers on the transition of visual elements at the Facilities that acknowledge the heritage and legacy of the Facilities. Buyer acknowledges that, as of the Closing Date, the Hospital provides spiritual care services consistent with its current practice, including through the engagement of chaplains, whether employed directly or through contractual arrangements. Buyer affirms that it has no present intent to discontinue such spiritual care services and expects such services to continue following Closing consistent with current practice, subject to future operational decisions made in the ordinary course of business.

(b) For as long as Sellers or Affiliates of Sellers provides transition services to Buyer under the Transition Services Agreement or other employee lease agreement that involve the utilization of employees employed by Sellers or any Affiliate of Sellers, such employees will continue to conduct activities consistent with all aspects of the then most recent edition of the Ethical and Religious Directives for Catholic Health Care.

(c) During the Commitment Period, Buyer shall: (i) continue to operate the Hospital as a licensed general acute care hospital, (ii) continue to have the Facilities participate as an enrolled provider in Medicare and Medicaid, as applicable, (iii) provide charity care at the Hospital pursuant to a charity care policy no less favorable than the QVMC's charity care policies in effect as of the Execution Date, and (iv) continue to provide each of the following specific community benefit programs at the same levels and scope as provided as of the Execution Date:

(i) **Care Network.** A comprehensive care coordination and assistance program offered to low-income Napa County residents with complex medical and social challenges who are underinsured or uninsured.

(ii) **Mobile Dental Clinic.** A mobile dental clinic providing dental care to children and young adults throughout Napa County.

(iii) **Naloxone Distribution Box.** A naloxone distribution box placed outside of the Hospital's emergency room, providing 24/7 free access to life-saving naloxone and fentanyl testing strips.

(iv) **Perinatal and Health Education.** A primary prevention program offering a range of maternal and child health education classes and community health services for mothers, children, and families.

(v) **Soules Family Cancer Wellness Program.** The Hospital's 12-week cancer wellness program available free of charge to cancer patients who reside in the Napa Valley, regardless of where they are treated, and for all patients treated at the Hospital, regardless of where they live.

(d) Promptly as reasonably practicable following the Closing and for the duration of the Commitment Period, Buyer shall establish, through written charter, a Mission Effectiveness Committee (the "**MEC**") to oversee Buyer's adherence to the commitments set forth in this Section 9.8 and the transition and integration of the Business and Transferred Assets to Buyer with the goal of ensuring seamless, mission-driven care for the patients in the QVMC community. The MEC shall consist of six (6) total members, three (3) of whom shall be representatives of QVMC's local operations, and three (3) of whom shall be representatives of Buyer's larger health system (including NorthBay Parent's Chief Executive Officer). The MEC shall report to Buyer's board of directors at least semi-annually. Key principles of the MEC's charter will include, without limitation: (i) ensuring that local QVMC charitable commitments are honored and expanded, (ii) guiding local community benefit initiatives, including the QVMC Community Health Needs Assessment process, and (iii) collaborating with local religious leaders and members of the QVMC community stakeholders to promote a vision of care consistent with the principles set forth in this Section 9.8.

(e) The religious symbols and artifacts set forth on Exhibit 9.8(e) ("**Remaining Religious Items**") shall remain at the Hospital or the Napa Clinics, as applicable, after the Effective Time and Buyer shall use commercially reasonable efforts to keep such Remaining Religions Items in good order, condition, and repair. To the extent Buyer decides to remove, retire or otherwise dispose of any Remaining Religious Items during the Commitment Period, Buyer shall provide Sellers with not less than twenty (20) days prior written notice (a "**Removal Notice**") of such decision. In the event Buyer discovers the Time Capsule in between the Effective Time and the expiration of the Commitment Period, Buyer shall provide Sellers written notice of such discovery as soon as reasonably practicable. Upon receipt of such notice or a Removal Notice, Sellers shall have the right, but not the obligation, to enter the property where such Remaining Religious Items are located at reasonable times and remove and take possession of such Remaining Religious Items, at Sellers' sole cost and expense; provided, however, that (i) Sellers shall reasonably coordinate in advance with Buyer regarding the timing, manner, and logistics of any such removal, (ii) any removal activities shall be conducted in a manner that does not unreasonably interfere with or interrupt Buyer's operations, including, to the extent reasonably practicable, conducting such removal outside of normal business hours, (iii) Sellers shall comply with Buyer's policies and procedures applicable to access to and activities within the Hospital and the Napa Clinics, and (iv) Sellers shall, at their sole cost and expense, promptly repair and restore the affected facilities to substantially the same condition that existed immediately prior to such removal. Sellers shall not remove any Remaining Religious Items in

a manner that would adversely affect patient care, safety, or regulatory compliance. Prior to the Closing, Buyer and Sellers shall mutually agree on the form, content, and placement of a plaque or similar notification to be installed adjacent to each of the Remaining Religious Items. Such plaque or notification shall acknowledge the historical and religious significance of the Remaining Religious Items as part of the Hospital's Catholic heritage and shall further note that, as of the Closing, ownership of the Hospital has transferred to a non-Catholic owner.

9.9 **Hospital Name**. Prior to Closing, Sellers and Buyer will mutually agree on the manner in which the pre-Closing name of the Hospital will be incorporated in the name of the Hospital after the Closing; *provided*, that, Buyer agrees that the name "Queen of the Valley Medical Center" shall be retained and incorporated in some form into the name of the Hospital for a period of at least three (3) years, provided that (a) Buyer continues to operate the Hospital as an acute care hospital, and (b) Buyer or Buyer's Affiliate continues to own the Hospital.

9.10 **Use of Business Names**. From and after the Closing, Buyer covenants that it and its Affiliates shall not use the Trademarks (as well as any abbreviations, variations or derivations thereof) of Sellers or any of their respective Affiliates, including, the names "Providence", "Providence St. Joseph Health", and "Providence Health & Services", and any other names or symbols that are not used exclusively at the Facilities prior to the Closing Date (the "**Providence Marks**"), in Buyer's or its Affiliates' respective trades or businesses nor any promotional material, educational material, signage, stationery, supplies or other items of inventory bearing either such names, marks, trade dress, logos or symbols or abbreviations, variations or derivations thereof. Notwithstanding the foregoing, the Sellers or their assigns, from and after the Closing, shall grant a nonexclusive license to Buyer to use (a) durable personal property containing the Providence Marks (such as bed sheets, laundry and cafeteria trays) for a period of one hundred and eighty (180) days after the Closing, (b) any signage or advertisements containing the Providence Marks on the exterior of the Facilities for a period of ninety (90) days after the Closing (provided that Buyer shall use reasonable efforts to remove or replace all such signage as soon as practicable following the Closing), and (c) any existing advertisements and listings in telephone directories for a period of not to exceed the date the next such directory is published. This nonexclusive license shall not apply to, and Buyer after the Closing shall not use, any office supplies containing the Providence Marks (such as letterhead, purchase order forms, bills and admitting forms).

9.11 **AS-IS**. BY EXECUTING THIS AGREEMENT, EXCEPT AS SET FORTH IN THIS AGREEMENT AND THE TRANSACTION DOCUMENTS, BUYER AFFIRMS AND AGREES THAT (A) BUYER HAS NOT RELIED ON ANY SELLER'S SKILL OR JUDGMENT TO SELECT OR FURNISH THE REAL PROPERTY OR ANY COMPONENT THEREOF FOR ANY PARTICULAR PURPOSE, (B) SELLERS MAKES NO WARRANTY THAT THE REAL PROPERTY OR ANY COMPONENT THEREOF ARE FIT FOR ANY PARTICULAR PURPOSE, (C) THERE ARE NO REPRESENTATIONS OR WARRANTIES, EXPRESS, IMPLIED, STATUTORY, OR BY OPERATION OF LAW, WITH RESPECT TO THE REAL PROPERTY OR ANY COMPONENT THEREOF, (D) BUYER HAS BEEN GIVEN THE OPPORTUNITY TO INSPECT THE REAL PROPERTY AND EACH COMPONENT THEREOF AND HAS DETERMINED TO PURCHASE THE REAL PROPERTY AND EACH COMPONENT THEREOF BASED ON SUCH INSPECTION, AND (E) UPON CLOSING, EXCEPT AS OTHERWISE EXPRESSLY PROVIDED HEREIN AND THE TRANSACTION DOCUMENTS, BUYER SHALL ASSUME THE RISK THAT ADVERSE MATTERS, INCLUDING, BUT NOT LIMITED TO, CONSTRUCTION DEFECTS AND ADVERSE PHYSICAL CONDITIONS, MAY NOT HAVE BEEN REVEALED BY BUYER'S INVESTIGATIONS AND BUYER, ON CLOSING, SHALL BE DEEMED TO HAVE WAIVED, RELINQUISHED, AND RELEASED SELLERS AND THEIR RESPECTIVE MEMBERS, PARTNERS, PARENTS, AFFILIATED AND SUBSIDIARY ENTITIES AND ALL OF THEIR RESPECTIVE MEMBERS, OFFICERS, DIRECTORS, SHAREHOLDERS, TRUSTEES, PARTNERS, EMPLOYEES, MANAGERS AND AGENTS FROM

AND AGAINST ANY AND ALL CLAIMS, DEMANDS, CAUSES OF ACTION (INCLUDING, WITHOUT LIMITATION, CAUSES OF ACTION IN TORT, LOSSES, DAMAGES, LIABILITIES, COSTS, AND EXPENSES (INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES AND COURT COSTS) OF ANY AND EVERY KIND OR CHARACTER, KNOWN OR UNKNOWN, THAT BUYER MIGHT HAVE ASSERTED OR ALLEGED AGAINST A SELLER AT ANY TIME BY REASON OF OR ARISING OUT OF ANY LATENT OR PATENT CONSTRUCTION DEFECTS OR PHYSICAL CONDITIONS, VIOLATIONS OF ANY APPLICABLE LAWS AND ANY AND ALL OTHER ACTS, OMISSIONS, EVENTS, CIRCUMSTANCES, OR MATTERS REGARDING THE REAL PROPERTY. THE RELEASE SET FORTH IN THIS SECTION 9.11 SPECIFICALLY INCLUDES, WITHOUT LIMITATION, ANY CLAIMS UNDER ANY AND ALL ENVIRONMENTAL REQUIREMENTS OR UNDER THE AMERICANS WITH DISABILITIES ACT OF 1990, AS ANY OF THE SAME MAY BE AMENDED FROM TIME TO TIME AND ANY REGULATIONS, ORDERS, RULES OF PROCEDURES OR GUIDELINES PROMULGATED IN CONNECTION THEREWITH, REGARDLESS OF WHETHER THEY ARE IN EXISTENCE ON THE DATE OF THIS AGREEMENT AND BUYER DOES HEREBY WAIVE ANY AND ALL RIGHTS UNDER CALIFORNIA CIVIL CODE SEC. 1542, WHICH SECTION HAS BEEN DULY EXPLAINED AND READS AS FOLLOWS:

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."

Buyer acknowledges that Buyer is granting this release of its own volition and after consultation with its counsel. The foregoing release shall be effective as of the Effective Date and shall be deemed to be remade and reaffirmed as of the Closing Date. The provisions of this Section 9.11 shall survive the Closing Date.

9.12 **Non-Competition; Non-Solicitation**. In further consideration for the payment of the Purchase Price and to protect the value of the Transferred Assets purchased by Buyer (including the goodwill inherent in the Business as of the Effective Time), and as a material inducement to Buyer and Sellers to enter into and perform their respective obligations under this Agreement, effective as of the Effective Time, Sellers and Buyer agree as follows:

(a) Each Seller shall not use for itself or any other Person, or disclose to any other Person, any Confidential Information included in the Transferred Assets, except to the extent such use or disclosure is (i) approved in writing in advance by Buyer, (ii) expressly permitted or required pursuant to the terms of this Agreement, (iii) required by applicable Law or any Order (in which event, to the extent legally permissible, Sellers shall inform Buyer in advance of any such required disclosure, shall cooperate with Buyer in all reasonable respects in obtaining a protective Order or other protection in respect of such required disclosure (at the sole cost and expense of Buyer) and shall limit such disclosure to the extent reasonably possible while still complying with such requirements), or (iv) related to information that relates to, or is aggregated or combined with information from, healthcare facilities of Sellers or their Affiliates other than the facilities included in the Contemplated Transactions, including without limitation aggregated quality metrics, purchasing data, supply chain information, and operational or financial benchmarking data. Sellers shall use commercially reasonable efforts to safeguard Confidential Information included in the Transferred Assets and to protect it against disclosure, misuse, espionage, loss and theft.

(b) During the Restricted Period, Sellers shall not (and shall not take any steps to, or prepare to), and shall cause their Affiliates not to, directly or indirectly, in any capacity, engage in or operate a Restricted Business within the Restricted Area. Notwithstanding the forgoing, this clause (b) shall not

apply to (i) the continued operation of any existing operations of Sellers or their Affiliates that are not included in the Contemplated Transactions and set forth on Exhibit 9.12(b), (ii) any activity or operation consented to in writing by the Buyer and (iii) the acquisition, ownership, operation or investment in any business, entity or assets (the "**Target**") that includes a Restricted Business within the Restricted Area if and only if such acquisition, ownership, operation or investment is part of a larger transaction or series of related transactions and the Restricted Business within the Restricted Area constitutes an incidental or immaterial portion of the overall transaction or the Target's business (a "**Larger Transaction**"). For purposes of this Section 9.12(b), the Restricted Business within the Restricted Area of a Larger Transaction shall be deemed incidental or immaterial if following the consummation of the Larger Transaction revenues attributable to such Restricted Business within the Restricted Area as conducted as of the closing date of such Larger Transaction does not exceed fifteen percent (15%) of the Target's revenues; provided, Sellers shall not thereafter, directly or indirectly, open, establish, acquire or operate any additional facility within the Restricted Area for purposes of conducting such Restricted Business beyond the facilities operated by the Target as of the closing date of such Larger Transaction.

(c) During the period beginning as of the Effective Time and ending on the first (1^{st}) anniversary of the Effective Time, Sellers shall not, and shall cause the their Affiliates not to, directly or indirectly, in any capacity, encourage, induce, solicit or attempt to encourage, induce or solicit or hire (i) any officer, director, manager, employee or independent contractor of Buyer who primarily provides services to the Business or who has been introduced to Seller and their Affiliates through the negotiation of this Agreement and the Contemplated Transactions or (ii) any Transferred Employee to leave the employ of Buyer or any of Buyer's Affiliates or terminate or diminish any relationship with Buyer or any of Buyer's Affiliates; *provided* that the foregoing shall not apply to (A) any direct or indirect general solicitation by Sellers or their Affiliates that is not directed specifically to any such Person or (B) any such Person whose employment has been terminated by Buyer or any of Buyer's Affiliates for a period of twelve (12) months.

(d) Seller and Buyer recognize that the covenants in this Section 9.12, and the territorial, time and other limitations with respect thereto, are reasonable and properly required for the adequate protection of Sellers and Buyer and the acquisition of the Transferred Assets by Buyer and agree and acknowledge that such limitations are reasonable with respect to Buyer's and Sellers' activities, business and public purpose. Sellers and Buyer acknowledge and represent that: (i) sufficient consideration has been given by each Party to the other as it relates to the covenants set forth in this Section 9.12; (ii) the restrictions and agreements in this Section 9.12 are reasonable in all respects and necessary for the protection of Buyer and its Affiliates and the goodwill primarily associated with the Business and without such protection, Buyer's competitive advantage would be materially adversely affected; and (iii) the agreements in this Section 9.12 are an essential inducement to Buyer to enter into this Agreement and they are in addition to, rather than in lieu of, any similar or related covenants to which Buyer or Sellers are party or by which it is bound. Sellers agree and acknowledge that the violation of the covenants or agreements in this Section 9.12 would cause irreparable injury to Buyer and its Affiliates and that monetary damages and any other remedies at law for any violation or threatened violation thereof would be inadequate, and that, in addition to whatever other remedies may be available at law or in equity, Buyer and its Affiliates shall be entitled to equitable relief without the necessity of proving actual damages or posting a bond or other security.

(e) It is the intention of each Party that the provisions of this Section 9.12 shall be enforced to the fullest extent permissible under the Law and the public policies of the State of California and of any other jurisdiction in which enforcement may be sought, but that the unenforceability (or the modification to conform with such Laws or public policies) of any provisions hereof shall not render unenforceable or impair the remainder of this Agreement. Accordingly, if any term or provision of this Section 9.12 shall be determined to be illegal, invalid or unenforceable, either in whole or in part, this Agreement shall be deemed amended to delete or modify, as necessary, the offending provisions and to

alter the balance of this Agreement in order to render the same valid and enforceable to the fullest extent permissible as aforesaid, with the maximum period, scope or geographical area permitted under applicable Law being substituted for the period, scope or geographical area hereunder.

ARTICLE 10
SURVIVAL AND INDEMNIFICATION

10.1 **Survival.** All representations and warranties set forth in ARTICLE 2 and ARTICLE 3 will survive the Closing (and none will merge into any instrument of conveyance) as follows (the "**Survival Period**"):

(a) The representations and warranties made in the Seller Fundamental Representations and the Buyer Fundamental Representations, will survive for the applicable statute of limitations periods; and

(b) All other representations and warranties made in ARTICLE 2 and ARTICLE 3 other than the Seller Fundamental Representations and the Buyer Fundamental Representations will survive until the date that is eighteen (18) months after the Closing Date.

No Party may bring a claim for indemnification pursuant to Section 10.2(a)(i) or Section 10.3(a)(i) for any reason after the expiration of the Survival Period; *provided, however*, if there is an outstanding notice of an indemnification claim provided pursuant to Section 10.2 or Section 10.3 at the end of the Survival Period, the Survival Period shall not end in respect of such indemnification claim until such indemnification claim is resolved in accordance with this ARTICLE 10. The Parties' post-Closing covenants and agreements will survive until fully performed according to their terms.

10.2 **Indemnification of Buyer by Sellers.**

(a) Subject to the limitations set forth in this ARTICLE 10, after the Effective Time, Sellers shall indemnify and hold harmless Buyer, Buyer's Affiliates, and their respective directors, officers, members, employees, agents and other Representatives (collectively, the "**Buyer Indemnitees**"), from and against any and all actions, awards, suits, Proceedings, obligations, judgments, liabilities, penalties, interest, violations, fees, fines, claims, losses, costs, demands, damages, deficiencies, liens, encumbrances and expenses including reasonable attorneys' fees (collectively, "**Damages**"), to the extent connected with or arising or resulting from any of the following:

(i) any breach of any representation or warranty of Sellers set forth in ARTICLE 2 (as qualified by the Disclosure Schedules) as if such representation or warranty was made on and as of the Closing Date (except for representations and warranties that expressly relate to a specified date, the inaccuracy in or breach of which will be determined with reference to such specified date), in each case without giving effect to any "materiality", "material adverse effect" or similar qualifications therein for purposes of calculating Damages;

(ii) any breach or default by Sellers under any covenant or agreement of Sellers under this Agreement;

(iii) any of the Excluded Assets;

(iv) Excluded Liabilities;

(v) Indemnified Taxes; and

(vi) to the extent Buyer conducts a Phase II environmental investigation (the "**Phase II**") of the 10,000-gallon diesel underground storage tank beneath Hospital's west wing (the "**West Wing UST**") during the Interim Period, and (A) the Phase II confirms the presence of Hazardous Materials released from the West Wing UST prior to the Closing Date, and (B) Buyer removes the West Wing UST within 12 months following the Closing Date, then Sellers shall indemnify Buyer for reasonable costs incurred by Buyer in the on-site remediation of Hazardous Materials released from the West Wing UST prior to the Closing Date, as confirmed in the Phase II, but not costs for Buyer's removal of the West Wing UST.

(b) The indemnification provided for in Section 10.2(a) will be subject to the following limitations:

(i) Sellers will not be liable to the Buyer Indemnitees for indemnification under Sections 10.2(a)(i), 10.2(a)(iii) and 10.2(a)(iv) for any single claim of Damages for which Sellers are responsible under this Agreement unless and until the Damages resulting from such claim exceed Twenty-Five Thousand Dollars ($25,000) (the "**Basket**"), at which point Sellers shall be liable for the full amount of such Damages resulting from such claim.

(ii) Buyer Indemnitees' aggregate Damages in respect of all claims for indemnification against Sellers pursuant to Sections 10.2(a)(i), 10.2(a)(iii) and 10.2(a)(iv) shall not exceed an amount equal to ten percent (10%) of the Cash Purchase Price (the "**Cap**"), except for: (A) claims of Fraud by a Seller, and (B) a claim for breach of a Seller Fundamental Representation.

10.3 **Indemnification of Sellers by Buyer.**

(a) Buyer shall indemnify and hold harmless Sellers, Sellers' Affiliates, and their respective directors, managers, officers, employees, sponsors, members, agents and other Representatives (the "**Seller Indemnitees**"), from and against any and all Damages, to the extent connected with or arising or resulting from any of the following:

(i) any breach of any representation or warranty of Buyer or NorthBay Parent set forth in ARTICLE 3 (as qualified by the Disclosure Schedules) as if such representation or warranty was made on and as of the Closing Date (except for representations and warranties that expressly relate to a specified date, the inaccuracy in or breach of which will be determined with reference to such specified date), in each case without giving effect to any "materiality", "material adverse effect" or similar qualifications therein for purposes of calculating Damages;

(ii) any breach or default by Buyer under any covenant or agreement of Buyer under this Agreement;

(iii) any of the Transferred Assets; and

(iv) Assumed Liabilities.

(b) The indemnification provided for in Section 10.3(a) will be subject to the following limitations:

(i) Buyer will not be liable to the Seller Indemnitees for indemnification under Sections 10.3(a)(i), 10.3(a)(iii) and 10.3(a)(iv) for any single claim of Damages for which Buyer is responsible under this Agreement unless and until the Damages resulting from such claim exceed the Basket, at which point Buyer shall be liable for the full amount of such Damages resulting from such claim.

(ii) Sellers Indemnitees' aggregate Damages in respect of all claims for indemnification against Buyer pursuant to Sections 10.3(a)(i), 10.3(a)(iii) and 10.3(a)(iv) shall not exceed the Cap, except for: (A) claims of Fraud by Buyer, and (B) a claim for breach of a Buyer Fundamental Representation.

10.4 **Duty to Mitigate.**

(a) Each Indemnified Party shall take, and cause its affiliates to take, all reasonable steps to mitigate any Damages upon becoming aware of any event or circumstance that would be reasonably expected to, or does, give rise thereto, including incurring costs only to the minimum extent necessary to remedy the breach that gives rise to such Damages.

(b) Following indemnification as provided in this ARTICLE 10, the Indemnifying Party shall be subrogated, solely to the extent of such payment, to all rights of the Indemnified Party with respect to all non-affiliated third-parties relating to the matter for which indemnification has been made; *provided*, *however*, that (i) the Indemnified Party shall retain control of any claim or action to the extent necessary to protect its remaining interests, and (ii) the Indemnifying Party shall not settle, compromise, or release any such claim in a manner that would impose any obligation on, or otherwise adversely affect, the Indemnified Party without the Indemnified Party's prior written consent.

(c) The amount of Damages otherwise payable to an Indemnified Party under this ARTICLE 10 will be reduced by any insurance and indemnity proceeds or other reimbursement arrangements with respect to such Damages that the Indemnified Party has received for such Damages (net of any costs of recovery, including any related premium increases), it being understood that the Indemnified Party shall reasonably cooperate with the Indemnifying Party to seek out any available insurance proceeds (other than from the Indemnified Party's insurance policies, programs, coverage, carriers or beneficiaries); *provided* that, with regard to real estate matters, the Indemnified Party shall have an express duty to seek reimbursement under available title insurance, if applicable. If an Indemnified Party receives any such insurance, indemnity or other proceeds after a payment is made that relates thereto, the Indemnified Party will promptly deliver to the Indemnifying Party such amount of the indemnification payment as would not have been paid had the insurance and indemnity proceeds (net of any costs of recovery, including any related premium increases) reduced the original payment. The foregoing provisions of this Section 10.4 notwithstanding, an Indemnified Party may submit and pursue indemnity claims in accordance with this ARTICLE 10, and, to the extent the Indemnifying Party agrees that such indemnity claims are valid pursuant to this ARTICLE 10, the Indemnifying Party will be obligated to indemnify such Indemnified Party in accordance with this ARTICLE 10, before such Indemnified Party has pursued any available recovery from insurers.

(d) Any payments made pursuant to this ARTICLE 10 shall be treated as an adjustment to the Purchase Price by the Parties for Tax purposes, unless otherwise required by applicable law.

10.5 **Exclusive Remedies; Specific Performance; Determination of Loss Amount.**

(a) Subject to Section 10.5(b), and except for claims of Fraud, the Parties acknowledge and agree that their sole and exclusive remedy with respect to any and all claims for any breach of any representation, warranty, covenant, agreement or obligation set forth herein shall be pursuant to the indemnification provisions set forth in this ARTICLE 10. Subject to Section 10.5(b), and except for claims of Fraud, in furtherance of the foregoing, each Party hereby waives, to the fullest extent permitted under law, any and all rights, claims and causes of action for any breach of any representation, warranty, covenant, agreement or obligation set forth herein it may have against the other Parties hereto and their affiliates and each of their respective Representatives arising under or based upon any law, except pursuant

to the indemnification provisions set forth in this ARTICLE 10. Nothing in this Section 10.5 shall limit any Person's right to seek and obtain any equitable relief to which any Person shall be entitled pursuant to Section 10.5(b).

(b) The Parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. Accordingly, each Party agrees that, in the event of any breach or threatened breach by any Party of any covenant or obligation contained in this Agreement, the non-breaching Party shall be entitled (in addition to any other equitable remedy that may be available to it and in addition to the right to seek indemnification pursuant to this ARTICLE 10) to seek and obtain a decree or other Order for specific performance to enforce the observance and performance of such covenant or obligation, an injunction restraining such breach or threatened breach and/or other equitable relief. Each Party acknowledges and agrees that (i) it will not oppose any equitable relief or equitable remedy referred to in this Section 10.5(b) on the grounds that any other remedy is available at law or in equity, and (ii) no Party will be required to obtain, furnish or post any bond or similar instrument in connection with, or as a condition to, obtaining any equitable relief or equitable remedy referred to in this Section 10.5 (and it hereby irrevocably waives any right it may have to require the obtaining, furnishing or posting of any such bond or similar instrument).

10.6 **Method of Asserting Claims.** All claims for indemnification by an Indemnified Party under this ARTICLE 10 will be asserted and resolved as follows:

(a) In the event any claim or demand, for which an Indemnifying Party would be liable for the Damages to an Indemnified Party, is asserted against or sought to be collected from such Indemnified Party by a Person other than Sellers, Buyer or their Affiliates (a "**Third Party Claim**"), the Indemnified Party shall deliver a notice of its claim (a "**Claim Notice**") to the Indemnifying Party within thirty (30) calendar days after the Indemnified Party receives written notice of such Third Party Claim which Claim Notice specifies the nature of and specific basis for such Third Party Claim and the amount or the estimated amount of such Third Party Claim (if known); *provided*, *however*, that notice shall be provided to the Indemnifying Party within fifteen (15) calendar days after receipt of a complaint, petition or institution of other formal legal action by the Indemnified Party. If the Indemnified Party fails to provide the Claim Notice within such applicable time period after the Indemnified Party receives written notice of such Third Party Claim and thereby materially prejudices the Indemnifying Party's ability to protect its interests, the indemnity with respect to the subject matter of the Claim Notice shall be limited to the Damages that would have nonetheless resulted absent the Indemnified Party's failure to notify the Indemnifying Party in the time required above after taking into account such actions as could have been taken by the Indemnifying Party had it received timely notice from the Indemnified Party. The Indemnifying Party will notify the Indemnified Party within thirty (30) calendar days (and within fifteen (15) calendar days if such Claim Notice relates to a complaint, petition or institution of other formal legal action by the Indemnified Party), after receipt of the Claim Notice (the "**Notice Period**") whether the Indemnifying Party desires, at the sole cost and expense of the Indemnifying Party, to defend the Indemnified Party against such Third Party Claim. Notwithstanding the foregoing, the Indemnified Party may file during the Notice Period any motion, answer or other pleadings that the Indemnified Party may deem necessary or appropriate to protect its interests or those of the Indemnifying Party and which is not materially prejudicial to the Indemnifying Party.

(b) If the Indemnifying Party notifies the Indemnified Party within the Notice Period that the Indemnifying Party desires to defend the Indemnified Party with respect to the Third Party Claim pursuant to Section 10.6(a), then the Indemnifying Party will have the right to defend, at its sole cost and expense, with counsel selected by the Indemnifying Party (reasonably acceptable to the Indemnified Party) such Third Party Claim by all appropriate proceedings, which proceedings shall be diligently prosecuted by the Indemnifying Party to a final conclusion or settled; *provided, however, that* (i) the Indemnifying

Parties timely notified the Indemnified Parties pursuant to Section 10.6(a), including an acknowledgement that the Indemnifying Parties will indemnify the Indemnified Parties from and against all Damages that the Indemnified Parties may suffer resulting from or related to the Third Party Claim; (ii) the Indemnifying Parties provide the Indemnified Parties with evidence reasonably acceptable to the Indemnified Parties that the Indemnifying Parties will have the financial resources to defend against such Third Party Claim and fulfill their indemnification obligations under this Agreement, (iii) the Third Party Claim involves only money damages and does not seek an injunction or other equitable relief, (iv) settlement of, or an adverse judgment with respect to, the Third Party Claim is not, in the Indemnified Parties' good faith judgment, likely to establish a precedential custom or practice adverse to any Indemnified Party or their businesses and (v) the Indemnifying Parties conduct the defense of the Third Party Claim actively and diligently. The foregoing notwithstanding, the Indemnifying Parties may not assume control of, or continue to control, the defense of any Third Party Claim that (y) involves alleged criminal liabilities of any Indemnified Party or non-monetary claims by any Governmental Authority or third party payor, or (z) seeks to impose any substantive equitable remedy that would bind any Indemnified Party. The Indemnified Party may participate in (including engaging counsel of its choice, at its expense), but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this Section 10.6(b), and except as specifically provided in this Section 10.6(b), the Indemnified Party will bear its own costs and expenses with respect to such participation.

(c) If (i) the Indemnifying Party fails to notify the Indemnified Party within the Notice Period that the Indemnifying Party desires to defend the Indemnified Party pursuant to this Section 10.6, (ii) the Indemnifying Party gives such notice but fails to prosecute diligently or settle the Third Party Claim, (iii) the Indemnifying Party is not eligible to assume control of the Third Party Claim pursuant to the terms of Section 10.6(b), or if the Indemnifying Party gives such notice but any condition in Section 10.6(b) becomes unsatisfied, or (iv) the Indemnifying Party fails to give any notice whatsoever within the Notice Period, then the Indemnified Party will have the right to defend, at the sole cost and expense of the Indemnifying Party, the Third Party Claim by all appropriate Proceedings, which Proceedings will be promptly and reasonably prosecuted by the Indemnified Party to a final conclusion or will be settled at the discretion of the Indemnified Party. The Indemnified Party will have full control of such defense and Proceedings, including any compromise or settlement thereof; *provided*, *however*, that if requested by the Indemnified Party, the Indemnifying Party agrees, at the sole cost and expense of the Indemnifying Party, to cooperate with the Indemnified Party and its counsel in contesting any Third Party Claim which the Indemnified Party is contesting or, if appropriate and related to the Third Party Claim in question, in making any counterclaim against the Person asserting the Third Party Claim, or any cross-complaint against any Person (other than the Indemnifying Party or any of its affiliates). Subject to the above terms of this Section 10.6(c), the Indemnifying Party may participate in, but not control, any defense or settlement controlled by the Indemnified Party pursuant to this Section 10.6(c), and the Indemnifying Party will bear its own costs and expenses with respect to such participation. The Indemnified Party shall give sufficient prior notice to the Indemnifying Party of the initiation of any discussions relating to the settlement of a Third Party Claim to allow the Indemnifying Party to participate therein.

(d) In the event any Indemnified Party should have a claim against any Indemnifying Party hereunder that does not involve a Third Party Claim being asserted against or sought to be collected from the Indemnified Party, the Indemnified Party shall deliver an Indemnity Notice (as hereinafter defined) to the Indemnifying Party. The term "**Indemnity Notice**" shall mean written notification of a claim for indemnity under ARTICLE 10 hereof (which claim does not involve a Third Party Claim) by an Indemnified Party to an Indemnifying Party pursuant to this Section 10.6, specifying the nature of and specific basis for such claim and the amount or the estimated amount of such claim. The failure by any Indemnified Party to give the Indemnity Notice shall not impair such party's rights hereunder except to the extent that an Indemnifying Party demonstrates that it has been materially prejudiced thereby.

(e) If the Indemnifying Party does not notify the Indemnified Party within sixty (60) calendar days following its receipt of a Claim Notice or an Indemnity Notice that the Indemnifying Party disputes its liability to the Indemnified Party hereunder, such claim specified by the Indemnified Party will be conclusively deemed a liability of the Indemnifying Party hereunder and the Indemnifying Party shall pay the amount of such liability to the Indemnified Party on demand, or on such later date (i) in the case of a Third Party Claim, as the Indemnified Party suffers the Damages in respect of such Third Party Claim, or (ii) in the case of an Indemnity Notice in which the amount of the claim is estimated, when the total amount of such claim becomes finally determined. If the Indemnifying Party has timely disputed its liability with respect to such claim, as provided above, the Indemnifying Party and the Indemnified Party agree to proceed in good faith to negotiate a resolution of such dispute, and if not resolved through negotiations, such dispute will be resolved in accordance with Section 12.19.

(f) The Indemnified Party agrees to give the Indemnifying Party reasonable access to the Books and Records and employees of the Indemnified Party in connection with the matters for which indemnification is sought hereunder, to the extent the Indemnifying Party reasonably deems necessary in connection with its rights and obligations hereunder.

(g) The Indemnified Party shall assist and reasonably cooperate with the Indemnifying Party in the conduct of litigation, the making of settlements and the enforcement of any right of contribution to which the Indemnified Party may be entitled from any Person or entity in connection with the subject matter of any litigation subject to indemnification hereunder. In addition, the Indemnified Party shall, upon reasonable request by the Indemnifying Party or counsel selected by the Indemnifying Party, attend hearings and trials, assist in the securing and giving of evidence, assist in obtaining the presence or cooperation of witnesses, and make available its own personnel; and shall do whatever else is reasonably necessary and appropriate in connection with such litigation. The Indemnified Party shall not make any demand upon the Indemnifying Party or counsel for the Indemnifying Party in connection with any litigation subject to indemnification hereunder, except a general demand for indemnification as provided hereunder. If the Indemnified Party shall fail to perform such obligations as Indemnified Party hereunder or to reasonably cooperate with the Indemnifying Party in Indemnifying Party's defense of any suit or Proceeding, then, except where such failure does not have a material adverse effect on the Indemnifying Party's defense of such claims, the Indemnifying Party's liability to the Indemnified Party shall be limited to the Damages that would have nonetheless resulted absent the Indemnified Party's failure after taking into account such actions as could have been taken by the Indemnifying Party had it received full cooperation.

(h) If the Indemnifying Party assumes control of the defense of a Third Party Claim pursuant to Section 10.6(b), the Indemnifying Party may not settle any such Third Party Claim without the consent of the Indemnified Party (which consent shall not be unreasonably withheld) if the settlement (i) involves any legal or equitable relief other than the payment of monetary damages, or involves monetary damages to be paid by the Indemnified Party, (ii) requires any admission of liability or fault by the Indemnified Party, (iii) does not unconditionally release the Indemnified Party from any and all obligations related to the Third Party Claim, or (iv) that would, or would reasonably be expected to, result in (A) the imposition of any corporate integrity agreement, deferred or non-prosecution agreement or any Governmental Authority monitoring or oversight agreement on Buyer, (B) any revocation of a Permit that is necessary to operate the Facilities or a department of the Facilities or a service line of the Facilities, (C) any restriction or limitation on the use of any Government Program provider agreements, provider numbers or related NPIs, or (D) any restriction or limitation on the ability of the Facilities to participate in and/or to receive payments from any Government Program; provided, however, that the Indemnified Party shall be deemed to have consented to such settlement unless it delivers written notice of its refusal to consent within ten (10) Business Days after receipt of written notice from the Indemnifying Party setting forth the material terms of such proposed settlement. If the Indemnified Party controls the defense of a Third Party Claim,

the Indemnified Party may not settle any such Third Party Claim without the consent of the Indemnifying Party (which consent shall not be unreasonably withheld, conditioned or delayed) if the settlement involves monetary damages to be paid by the Indemnifying Party; provided, however, that the Indemnifying Party shall be deemed to have consented to such settlement unless it delivers written notice of its refusal to consent within ten (10) Business Days after receipt of written notice from the Indemnified Party setting forth the material terms of such proposed settlement.

ARTICLE 11
TAXES

11.1 Tax Matters; Allocation of Purchase Price.

(a) After the Closing Date, the Parties shall reasonably cooperate with each other and shall make available to each other, as reasonably requested, all information, records or documents relating to preparation and filing of any Tax Return, determining a liability for Taxes or a right to a refund of Taxes or participating in or conducting any audit or other proceeding in respect of Taxes, in each case, relating to the Transferred Assets or the Business. Such cooperation and information shall include providing copies of relevant Tax Returns or portions thereof to the extent exclusively related to the Transferred Assets and the Business, together with related work papers and documents relating to rulings or other determinations by Taxing Authorities to the extent exclusively related to the Transferred Assets and the Business and the Parties shall preserve all such information, records and documents at least until the expiration of any applicable statute of limitations or extensions thereof. The Parties shall also make available to each other to the extent reasonably required, and at the reasonable cost of the requesting Party (for out-of-pocket costs and expenses only), personnel responsible for preparing or maintaining information, records and documents in connection with tax matters and as the other Party may reasonably request in connection with the completion of any post-Closing audits of the Business. Notwithstanding anything to the contrary in this Agreement, Buyer shall not have any obligation to provide or furnish to Seller any income Tax Return or portion thereof (including any work papers or related documentation) of Buyer or its Affiliates.

(b) Solely for purposes of Tax reporting, Schedule 11.1 sets forth the methodology for allocating the Purchase Price (including any liabilities that are considered to be an increase to the Purchase Price for United States federal income tax purposes) (i) between the Sellers and (ii) among the respective Transferred Assets of each Seller for purposes of Section 1060 of the Code and the Treasury Regulations promulgated thereunder. Between the Execution Date and the Closing, Buyer and Sellers shall work together in good faith to develop and mutually agree upon the methodology for allocating the Purchase Price among the Transferred Assets, and, once agreed, such methodology shall be attached to this Agreement as Schedule 11.1 (the "**Purchase Price Allocation**"). Within ninety (90) days after the Purchase Price has been finalized pursuant to this Agreement, Buyer will send to the Sellers an allocation schedule prepared in a manner consistent with the Purchase Price Allocation, which will be subject to Sellers' review and comment. The Sellers shall have thirty (30) days to review the determinations set forth in the Purchase Price Allocation. If the Sellers disagree with any determinations set forth in the Purchase Price Allocation, the Sellers shall deliver a written notice to Buyer setting forth its objections. Unless the Sellers deliver such notice to Buyer within the thirty (30) day review period, Sellers shall be deemed to have accepted the determinations set forth in the Purchase Price Allocation. If the Sellers deliver the notice to Buyer within the thirty (30) day review period, Buyer and Sellers shall, during the thirty (30) days following such delivery or any mutually agreed extension thereof, use their commercially reasonable efforts to reach agreement on the disputed determinations. Any remaining dispute among Buyer and the Sellers shall be resolved by a mutually agreeable independent accounting firm of recognized national standing (the "**Accounting Firm**"); *provided*, that the Accounting Firm's determination shall be limited to whether Sellers' or Buyer's position with respect to each of the remaining points in dispute better reflects the principles set forth in this Section

11.1(b). The Parties will file all Tax Returns in a manner consistent with the Purchase Price Allocation, as finally determined under this Section 11.1(b), and not take any inconsistent position for Tax purposes unless otherwise required by a determination within the meaning of Section 1313(a) of the Code. Buyer and Seller shall each be responsible for fifty percent (50%) of the fees and expenses of the Accounting Firm.

(c) All transfer, conveyance, sales, use, stamp, recording, license, documentary, conveyance, deed, recordation, registration, excise and similar state and local Taxes and fees arising from the sale of the Transferred Assets hereunder ("**Transfer Taxes**") shall be the responsibility of, and allocated to, Buyer, and shall be paid by Buyer when due. The Party so required by applicable Law shall prepare and file timely all Tax Returns, declarations and filings with respect to such Transfer Taxes and the non-filing shall reasonably cooperate in connection therewith.

(d) Each Seller shall cause all Tax sharing, allocation, and indemnification Contracts with respect to the Business or the Transferred Assets to be terminated as of the Closing such that, after the Closing, Buyer will not be bound thereby or have any liability thereunder.

(e) Sellers shall bear all property and *ad valorem* Tax liability with respect to the Transferred Assets if the lien or assessment date arises on or prior to the Closing Date irrespective of the reporting and payment dates of such Taxes. For purposes of determining the amount of Taxes that relate to a Straddle Period (other than as described in Section 1.9(a) or the first sentence of this Section 11.1(f)), Sellers and Buyer agree as follows:

(i) in the case of all property and other similar Taxes imposed on a periodic basis, the portion of any such Tax that is attributable to the portion of the Straddle Period ending prior to the Closing Date shall be determined by multiplying an amount equal to the amount of Taxes for the entire Straddle Period by a fraction the numerator of which is the number of calendar days in the portion of the period ending on (and including) the Closing Date and the denominator of which is the number of calendar days in the entire Straddle Period; and

(ii) in the case of all other Taxes (including income Taxes or any other Taxes resulting from, or imposed on, sales, receipts, uses, transfers or assignments of property or other assets, payments or accruals to other persons (including wages), or any other similar transaction or transactions), the portion of any such Tax that is attributable to the portion of the Straddle Period ending on (and including) the Closing Date shall be determined as if the relevant Tax period ended on the Closing Date.

ARTICLE 12
MISCELLANEOUS PROVISIONS

12.1 **Further Assurances and Cooperation.** Each Party shall execute, acknowledge and deliver to the other Party any and all other assignments, consents, Approvals, conveyances, assurances, documents and instruments reasonably requested by such Party at any time and shall take any and all other actions reasonably requested by such Party at any time, as may be reasonably necessary or appropriate to effectuate this Agreement and consummate the transactions hereunder. After consummation of the Contemplated Transactions, the Parties agree to cooperate with each other and take such further actions as may be necessary or appropriate to effectuate, carry out and comply with all of the terms of this Agreement, the documents referred to in this Agreement and the Contemplated Transactions.

12.2 **Successors and Assigns.** All of the terms and provisions of this Agreement shall be binding upon and shall inure to the benefit of and be enforceable by the respective successors and assigns of the Parties hereto; *provided, however,* that no Party hereto may assign any of its rights or delegate any of its duties under this Agreement without the prior written consent of the other Parties which consent shall not be unreasonably withheld or delayed. At any time at least ten (10) Business days prior to the Closing,

notwithstanding the foregoing, Buyer will be entitled, by written notice to Sellers, to designate NorthBay Medical Foundation to (a) purchase any portion of the Transferred Assets pertaining exclusively to the operation of the Napa Clinics and pay the corresponding Purchase Price amount, as applicable, or (b) assume any portion of the Assumed Liabilities pertaining exclusively to the Napa Clinics; provided that the Buyer will remain obligated for the obligations set forth in the preceding clauses (a) and (b) until satisfied by NorthBay Medical Foundation. In addition, and for the avoidance of doubt, NorthBay Medical Foundation shall be entitled to employ any of the Transferred Employees who provide services exclusively on behalf of the Napa Clinics on and after the Closing Date and to perform any other covenants or agreements of Buyer under this Agreement that directly relate to the purchase of Transferred Assets, assumption of Assumed Liabilities and employment of Transferred Employees, in each case exclusively relating to the operation of the Napa Clinics.

12.3 **Governing Law; Venue.** This Agreement shall be construed, performed, and enforced in accordance with, and governed by, the laws of the State of California (without giving effect to the principles of conflicts of laws thereof). Each Party agrees that all proceedings (in contract, in tort or otherwise) arising out of or relating to this Agreement, any transactions contemplated hereby, any relationships between the Parties hereunder and any disputes with respect to any of the foregoing shall be commenced and prosecuted exclusively in the courts of the State of California sitting in Napa County or in the United States District Court of the Northern District of California and any appellate court from any thereof. The Parties hereby consent to the jurisdiction of such court and waive their right to challenge any Proceeding involving or relating to this Agreement on the basis of lack of jurisdiction over the Person or *forum non conveniens*.

12.4 **Amendments.** This Agreement may not be amended other than by written instrument signed by the Parties.

12.5 **Exhibits, Schedules and Disclosure Schedules.** The Disclosure Schedules and all exhibits and schedules referred to in this Agreement shall be attached hereto and are incorporated by reference herein. **Notices.** Any notice, demand, letter or other communication required, permitted, or desired to be given hereunder shall be deemed effectively given (a) when either personally delivered, (b) on the date transmitted via electronic mail with a delivery receipt requested, if sent on a Business Day between 9:00 AM and 9:00 PM in the time zone of the recipient, or if sent outside of such hours, on the next Business Day at 9:00 AM in the time zone of the recipient, (c) one (1) Business Day after being sent by the addressee if sent by a nationally recognized overnight courier, or (d) five (5) calendar days after being deposited in the United States mail, with postage prepaid thereon, certified or registered mail, return receipt requested, addressed as follows:

or at such other address as one Party may designate by notice hereunder to the other Parties.

12.8 **Headings.** The section and other headings contained in this Agreement and in the Disclosure Schedules, exhibits and schedules to this Agreement are included for the purpose of convenient reference only and shall not restrict, amplify, modify or otherwise affect in any way the meaning or interpretation of this Agreement or the Disclosure Schedules, exhibits and schedules hereto.

12.9 **Confidentiality and Publicity.** The Parties acknowledge and agree that the Nondisclosure Agreement, dated as of dated April 18, 2024, between Buyer and Providence St. Joseph Health (the "**Confidentiality Agreement**") remains in full force and effect. In accordance with the provisions of the Confidentiality Agreement, the Parties shall hold in confidence the information contained in this Agreement, and all information related to this Agreement, which is not otherwise known to the public, shall be held by each Party as confidential and proprietary information and shall not be disclosed without the prior written consent of the other Party. Prior to the Closing Date, Sellers and Buyer shall consult with each other as to the form and substance of any press release or other public disclosure materially related to this Agreement or any other transaction contemplated hereby and each shall have the right to review and comment on the other's press releases at least forty-eight (48) hours prior to issuance; *provided, however*, that nothing in this Section 12.9 shall be deemed to prohibit either Sellers or Buyer from making any disclosure that its counsel deems necessary or advisable in order to satisfy either Party's disclosure obligations imposed by Law subject to reasonable prior written notice to the other Party thereof.

12.10 **Fair Meaning.** This Agreement shall be construed according to its fair meaning and as if prepared by all Parties.

12.11 **Gender and Number; Construction; Affiliates.** All references to the neuter gender shall include the feminine or masculine gender and vice versa, where applicable, and all references to the singular shall include the plural and vice versa, where applicable. Unless otherwise expressly provided, the word "**including**" followed by a listing does not limit the preceding words or terms and shall mean "**including, without limitation**." The term "**control**" (including the terms "**controlled by**" and "**under common control with**") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by Contract or otherwise. References to any agreement (including this Agreement) are references to that agreement as amended, consolidated, supplemented, novated or replaced in accordance with the terms and conditions therein from time to time. References to "day" shall mean calendar day, unless otherwise specified herein. When calculating the period of time before which, within which or following which any act is to be done or step taken pursuant to this Agreement, the date that is the reference date in calculating such period will be excluded. If the last day of such period is a day other than a Business Day, the period in question will end on the next succeeding Business Day.

12.12 **Third Party Beneficiary.** The provisions contained in this Agreement are not intended by the Parties, nor shall they be deemed, to confer any benefit on any Person not a party to this Agreement, except for the Parties' successors and permitted assigns.

12.13 **Expenses and Attorneys' Fees.** Except as otherwise provided in this Agreement, each Party shall bear and pay its own costs and expenses relating to the preparation of this Agreement and to the Contemplated Transactions, or the performance of or compliance with any condition or covenant set forth in this Agreement, including the disbursements and fees of their respective attorneys, accountants, advisors, agents and other Representatives, incidental to the preparation and carrying out of this Agreement, whether or not the Contemplated Transactions are consummated. If any action is brought by any Party to enforce any provision of this Agreement, the prevailing Party shall be entitled to recover its court costs and reasonable attorneys' fees. As used herein, the term "**reasonable attorneys' fees**" shall mean reasonable attorneys' fees actually incurred at standard hourly rates.

12.14 **Counterparts.** This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on all of the Parties hereto. The Parties agree that .PDF copies of signatures shall be deemed originals for all purposes hereof and that a Party may produce such copies, without the need to produce original signatures, to prove the existence of this Agreement in any Proceeding brought hereunder. Signatures sent by facsimile or electronic transmission shall be deemed to be originals for all purposes of this Agreement.

12.15 **Entire Agreement.** This Agreement, the Transaction Documents, the Disclosure Schedules, the exhibits and schedules, and the documents referred to in this Agreement contain the entire understanding between the Parties with respect to the Contemplated Transactions and supersede all prior or contemporaneous agreements, understandings, representations and statements, oral or written, between the Parties on the subject matter hereof.

12.16 **No Waiver.** Any term, covenant or condition of this Agreement may be waived at any time by the Party which is entitled to the benefit thereof but only by a written notice signed by the Party expressly waiving such term or condition. The subsequent acceptance of performance hereunder by a Party shall not be deemed to be a waiver of any preceding breach by any other Party of any term, covenant or condition of this Agreement, other than the failure of such other Party to perform the particular duties so accepted, regardless of the accepting Party's knowledge of such preceding breach at the time of acceptance of such performance. The waiver of any term, covenant or condition shall not be construed as a waiver of any other term, covenant or condition of this Agreement.

12.17 **Severability.** If any term, provision, condition or covenant of this Agreement or the application thereof to any Party or circumstance shall be held to be invalid or unenforceable to any extent in any jurisdiction, then the remainder of this Agreement and the application of such term, provision, condition or covenant in any other jurisdiction or to Persons or circumstances other than those as to whom or which it is held to be invalid or unenforceable, shall not be affected thereby, and each term, provision, condition and covenant of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

12.18 **Time is of the Essence.** Time is of the essence for all dates and time periods set forth in this Agreement and each performance called for in this Agreement.

12.19 **Dispute Resolution.** Except for equitable remedies, the Parties shall resolve any disagreement, dispute or claim arising out of or relating to this Agreement, or the breach, termination or invalidity hereof (each, a "**Dispute**"), under the provisions of this Section 12.19. The procedures set forth in this Section 12.19 shall be the exclusive mechanism for resolving any Dispute that may arise from time to time, and Section 12.19(a) and Section 12.19(b) are express conditions precedent to binding arbitration of the Dispute.

(a) Negotiations. A Party shall send written notice to the other Party of any Dispute ("**Dispute Notice**"). The Parties shall first attempt in good faith to resolve any Dispute set forth in the Dispute Notice by negotiation and consultation between themselves. If a Dispute is not resolved within thirty (30) Business Days after one Party delivers the Dispute Notice to the other Party, either Party may, by written notice to the other Party ("**Escalation to Executive Notice**"), refer such Dispute to an executive officer of each Party ("**Executive(s)**"). For purposes of clarification, the Party sending the Dispute Notice and the Escalation to Executive Notice shall send such notices in compliance with Section 12.6 of this Agreement. If the Executives cannot resolve any Dispute during the time period ending thirty (30) days after the date of the Escalation to Executive Notice (the last day of such time period, the "**Escalation to Mediation Date**"), either Party may initiate mediation under Section 12.19(b).

(b) Mediation. Subject to Section 12.19(a), the Parties may, at any time after the Escalation to Mediation Date, submit the Dispute to any mutually agreed mediation service for mediation by providing to the mediation service a joint written request for mediation, setting forth the subject of the Dispute and the relief requested. The Parties shall cooperate with one another in selecting a mediation service, and shall cooperate with the mediation service and with one another in selecting a neutral mediator and in scheduling the mediation Proceedings. The Parties covenant that they will use commercially reasonable efforts in participating in the mediation. Except as otherwise set forth in Section 12.19(c), the Parties agree that the mediator's fees and expenses and the costs incidental to the mediation will be shared equally between the Parties.

(c) Arbitration. If the Parties cannot resolve any Dispute for any reason, including, but not limited to, the failure of either Party to agree to enter into mediation or agree to any settlement proposed by the mediator, within sixty (60) days after the Escalation to Mediation Date, either Party may commence binding arbitration. The arbitration will be conducted before a single arbitrator under the then current Commercial Arbitration Rules of the American Arbitration Association. Such arbitrator will be an attorney with experience in the healthcare industry and who is unaffiliated with either Party. In the event the Parties cannot agree on the appointment of the single arbitrator within thirty (30) days of the written request for arbitration, the American Arbitration Association shall appoint the single arbitrator in accordance with the procedures set forth in the Commercial Arbitration Rules, in which case the American Arbitration Association shall select an arbitrator having the qualifications referenced above. The arbitrator is directed to hear and decide dispositive motions in advance of the hearing-on-the-merits by applying the law of the State of California. The arbitration will be held in a location to be mutually agreed upon by the Parties within the State of California. The arbitrator will enforce the terms of this Agreement and will have no authority to award punitive damages, non-compensatory damages or any damages other than direct damages, or to award direct damages in excess of the limitations and exclusions set forth in this Agreement. The existence of the arbitration, the arbitration Proceedings and the outcome of such arbitration will be treated as Confidential Information subject to Section 12.19 and will not be disclosed by either Party.

12.20 **No Recordation or Lis Pendens**. The Parties hereby acknowledge that neither this Agreement nor any memorandum or affidavit thereof shall be recorded in the County of Napa or any other county. Should Buyer ever record or attempt to record this Agreement, or a memorandum or affidavit thereof, or any other similar document, then, notwithstanding anything herein to the contrary, said recordation or attempt at recordation shall constitute a breach by Buyer hereunder and, in addition to the other remedies provided for herein, Sellers shall have the express right to file a notice of termination of this Agreement in the county in which the Real Property is located. In no event will Buyer be entitled to record a lis pendens against any portion of the Owned Real Property prior to the filing of a lawsuit by Buyer seeking to specifically enforce this Agreement against Sellers, and hereby waives any such right as may be permitted at law or in equity.

[REMAINDER OF PAGE IS BLANK]

IN WITNESS WHEREOF, this Asset Purchase Agreement has been entered by each Party's duly authorized officer effective as of the date first written above.

EXHIBIT B

DEFINITIONS

"**Accounting Firm**" shall have the meaning as set forth in Section 11.1(b).

"**Additional Assumed Liabilities**" shall have the meaning as set forth in Section 1.13(e).

"Affiliate" shall mean, with respect to any Person, any other Person that, directly or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, such Person. For this purpose, "control" shall include the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of memberships, securities, election, or appointment of directors, by Contract or otherwise.

"Agreement" shall mean this Asset Purchase Agreement together with all Exhibits and Schedules hereto, as amended, consolidated, supplemented, or replaced by the Parties from time to time in accordance with this Agreement.

"ALTA" shall mean American Land Title Association.

"Approval" shall mean any approval, authorization, consent, notice, qualification or registration, or any extension, modification, amendment, waiver, or early termination of any of the foregoing, of or from, or any notice, statement, filing or other communication to be filed with or delivered to, any Governmental Authority or any other Person.

"Assumed Contracts" shall have the meaning as set forth in Section 1.1(d).

"Assumed Foundation Services Agreement" shall have the meaning as set forth in Section 5.3.

"Assumed Leases" shall have the meaning as set forth in Section 1.1(e).

"Assumed Liabilities" shall have the meaning as set forth in Section 1.3.

"**Assumed Third-Party Claims**" shall have the meaning as set forth in Section 1.1(m).

"Basket" shall have the meaning as set forth in Section 10.2(b)(i).

"Books and Records" shall mean originals, or where not available, copies (including in electronic format), of books and records maintained in connection with the Business or the Transferred Assets, including Medical Records and books and records relating to books of account, ledgers and general financial accounting records, machinery and equipment maintenance files, patient and customer lists, price lists, distribution lists, supplier lists, quality control records and procedures, customer and patient complaints and inquiry files, research and development files, records and data (including all correspondence with any Governmental Authority), sales material and records, strategic plans, marketing plans, internal financial statements and marketing and promotional surveys, pricing and cost information, material and research, in each case, only to the extent such books and records (i) are located at the Facilities, and (ii) are primarily used or held for use in, or otherwise primarily relate to, the Business.

"Bill of Sale" shall have the meaning as set forth in Section 1.13(a).

"Break Fee" shall have the meaning as set forth in Section 8.2(a).

"Break Fee Termination" shall have the meaning as set forth in Section 8.2(a).

"Business" shall mean the businesses operated by the Sellers at the Hospital and Napa Clinics, as conducted by the Sellers as of the Execution Date.

"**Business Data**" shall have the meaning as set forth in Section 2.11(l)(vi).

"Business Day" shall mean any day of the year on which national banking institutions in California are open to the public for conducting business and are not required or authorized to close.

"Business Employee" shall have the meaning as set forth in Section 2.15(a).

"Buyer" shall have the meaning as set forth in the preamble to this Agreement.

"Buyer Employer" shall have the meaning set forth in Section 5.1(a).

"Buyer Fundamental Representation" shall mean a representation or warranty made by a Seller under Section 3.1 (Authorization), Section 3.2 (Binding Agreement), Section 3.3 (Organization and Good Standing; No Violation) and Section 3.4 (Brokers and Finders).

"Buyer Indemnitees" shall have the meaning as set forth in Section 10.2(a).

"Buyer Material Adverse Effect" shall mean any event, circumstance, fact, condition, occurrence, result, change or effect regardless of whether such event, circumstances, fact, condition, occurrence, result, change or effect occurred before the date hereof or during the Interim Period, that individually or in the aggregate, does, or would reasonably be expected to prevent Buyer's consummation of the Contemplated Transactions and fulfillment of Buyer's obligations hereunder; *provided, however,* that "Buyer Material Adverse Effect" shall not include any event, circumstance, fact, condition, occurrence, result, change or effect, directly or indirectly, arising out of or attributable to any of the following: (i) changes in the financial or operating performance caused by any announcement of the Contemplated Transactions, including any impact thereof on relationships, contractual or otherwise, with any patients, vendors, partners, physicians or employees, (ii) general business, industry or economic conditions affecting the industries in which Buyer operates, (iii) any change or proposed change in the requirements, reimbursement rates, policies or procedures of third-party payors or accreditation organizations that are generally applicable to hospitals or health care facilities, (iv) any changes in financial, banking or securities markets in general, including any disruption thereof and any decline in the price of any security or any market index or any change in prevailing interest rates, (v) local, regional, national or international political or social conditions, including the engagement by the United States in hostilities, whether or not pursuant to the declaration of a national emergency or war, or the occurrence of any military or terrorist attack (or the escalation or worsening of any of the foregoing), (vi) any action required or permitted by this Agreement or any action taken (or omitted to be taken) with the written consent of or at the written request of Sellers, (vii) any natural or man-made disaster or acts of God or other force majeure events, (viii) any pandemic, epidemic, public health emergency or similar infectious disease emergency or any escalation or worsening thereof, (ix) changes in any Law or other binding directives issued by any Governmental Entity, (x) any existing event, change or circumstance of which Sellers have knowledge as of the Execution Date, solely to the extent of the scope and magnitude of such event, change or circumstance known to Sellers as of such date, (xi) any changes in GAAP, or (xii) any adverse event, change or circumstance that is cured prior to the Closing; *provided*, that any fact, circumstance, condition, change, event or occurrence resulting from the matters referred to in clauses (ii), (iii), (iv), (v), (vii), (viii), (ix), and (xi) shall be included in the definition of Buyer Material Adverse Effect if the impact of such matters is disproportionate on Buyer as compared to other Persons operating in the industry in which the Buyer participates.

"CAG" shall have the meaning as set forth in Section 4.2(b).

"Cap" shall have the meaning as set forth in Section 10.2(b)(ii).

"Cash Purchase Price" shall have the meaning as set forth in Section 1.6(a).

"Casualty" shall have the meaning as set forth in Section 1.5(a).

"Claim Notice" shall mean the meaning as set forth in Section 10.6(a).

"Claims-Made Insurance Policies" shall mean the meaning as set forth in Section 4.12(a).

"Closing" shall have the meaning as set forth in Section 1.12.

"Closing Date" shall have the meaning as set forth in Section 1.12.

"**Closing Payment Shortfall Amount**" shall have the meaning as set forth in Section 1.9(d).

"**Closing Statement**" shall have the meaning as set forth in Section 1.9(a).

"COBRA" shall mean the Consolidated Omnibus Budget Reconciliation Act of 1985, the Public Health Service Act, codified as 42 USC *§§* 300bb-1 through 300bb-8, and any similar state or federal continuation of coverage Laws.

"Code" shall mean the Internal Revenue Code of 1986, as amended.

"Commitment Period" shall have the meaning as set forth in Section 9.8(a).

"**Compliance Program**" shall have the meaning as set forth in Section 2.11(d).

"Condemnation" shall have the meaning as set forth in Section 1.5(a).

"Confidential Information" shall mean all information (whether or not specifically identified as confidential), in any form or medium that relates to the Business, Transferred Assets or Assumed Liabilities, including: (a) internal business information related to the Business (including, information relating to strategic plans and practices, business, accounting, financial or marketing plans, practices or programs, training practices and programs, salaries, bonuses, incentive plans and other compensation and benefits information and accounting and business methods); (b) identities of, individual requirements of, specific contractual arrangements with, and information about, the Business, Transferred Assets or Assumed Liabilities; (c) any confidential or proprietary information of any third-party that Sellers or any of Sellers' Affiliates has a duty to maintain confidentiality of, or use only for certain limited purposes; (d) industry research compiled by Sellers, or any Affiliate of Sellers with respect to the Business, including, identities of potential target companies, management teams, and transaction sources identified by, or on behalf of, Sellers or any Affiliate of Sellers; (e) compilations of data and analyses, processes, methods, track and performance records, data and data bases relating thereto; (f) Trade Secrets related to the Transferred Intellectual Property and updates of any of the foregoing; and (h) information obtained in connection with Section 10.6 during the prosecution or defense of any Third-Party Claim; *provided*, *however*, that "Confidential Information" shall not include any information that has become generally known to and widely available for use within the industry other than as a result of the acts or omissions of Sellers or a Person that Sellers have any direct control over to the extent such acts or omissions are not authorized by Sellers in the performance of such Person's assigned duties for Sellers.

"Confidentiality Agreement" shall have the meaning as set forth in Section 12.9.

"Consultant" shall have the meaning as set forth in Section 4.7(c).

"Contemplated Transactions" shall mean, collectively, the transactions contemplated by, or related to, this Agreement and the other Transaction Documents, including (a) the sale and purchase of the Transferred Assets and (b) the execution, delivery and performance of this Agreement and the other Transaction Documents.

"**Contingent Workers**" shall mean any independent contractors, consultants, temporary employees, leased employees or any other servants or agents performing services with respect to the operation of the Business and classified by the Sellers as other than an employee or compensated other than through wages paid by the Sellers through its payroll department and reported on a Form W-2 and where such individual has access to Sellers' human resources and information system.

"Contract" shall mean any legally binding oral or written commitment, promise, contract, lease, sublease, license, sublicense, guaranty, contractor or equipment warranty, prepaid services agreement, indenture, occupancy or other agreement or arrangement of any kind and all amendments, side letters, modifications and supplements thereto.

"Contract and Lease Consents" shall have the meaning as set forth in Section 2.7(c).

"Contracts Assignment" shall have the meaning as set forth in Section 1.13(c).

"Copyrights" shall mean all copyrights, whether in published or unpublished works, which include literary works, and any other original works of authorship fixed in any tangible medium of expression (including nutritional and weight loss manuals and written programs); website and online application content; rights to compilations, collective works and derivative works of any of the foregoing; all moral rights associated therewith, if applicable, and all registrations and applications for registration for any of the foregoing and any renewals or extensions thereof.

"Lease Amounts" shall have the meaning as set forth in Section 1.15(d).

"Lease Costs" shall have the meaning as set forth in Section 1.15(f).

"Leased Real Property" shall have the meaning as set forth in Section 1.1(e).

"Leave Employee" shall have the meaning as set forth in Section 5.1(a).

"Leave Employee Effective Time" shall have the meaning as set forth in Section 5.1(a).

"**Lessor Leases Assignment**" shall have the meaning as set forth in Section 1.13(p).

"Liability" shall mean any liability, Indebtedness, obligation recoupment, interest, Tax, penalty, fine, claim, demand, judgment, or other losses (including loss of benefit or relief), cost or expense of any kind or nature whatsoever, whether known or unknown, asserted or unasserted, absolute, fixed or contingent, accrued or unaccrued, liquidated or unliquidated, recorded or unrecorded, due or to become due or otherwise, and regardless of when asserted.

"Lease Agreements" shall mean the Lessor Leases and the Assumed Leases.

"Lessor Lease" shall have the meaning as set forth in Section 2.10(d)(i).

"**Loan Agreement**" shall have the meaning as set forth in Section 4.10(b).

"Material Contract Consents" shall have the meaning as set forth in Section 6.7.

"Material Contracts" shall have the meaning as set forth in Section 2.7(a).

"Material Governmental Consents" shall have the meaning as set forth in Section 6.8.

"MEC" shall have the meaning as set forth in Section 9.8(d).

"Medicaid" shall mean any state program for medical assistance administered under Title XIX of the Social Security Act.

"**Medicare Interim Payments**" means payments made to the Hospitals on an interim basis under the Medicare program on a bi-weekly pass-thru or interim payment basis.

"Medical Records" shall mean originals, or where not available, copies (including in electronic format), of all medical records, patient files, and other written accounts of the medical history of the Business' patients maintained in connection with the Business.

"Medical Reimbursement Program" shall mean Medicare, Medicaid, Tri-Care, and any other, similar or successor federal, state or local health care payment programs with or sponsored by a Governmental Authority (as defined in 42 U.S.C. § 1320 a-7b(f)) in which the Facilities participate.

"Medicare" shall mean the health insurance program administered under Title XVIII of the Social Security Act.

"Napa Clinics" shall have the meaning as set forth in the Recitals.

"Non-DRG Straddle Patients" shall have the meaning as set forth in Section 9.6(b).

"Non-Interim Billing Straddle Patients" shall have the meaning as set forth in Section 9.6(b).

"**NorthBay Medical Foundation**" shall mean NorthBay Medical Foundation, a California nonprofit public benefit corporation.

"**NorthBay Parent**" shall have the meaning as set forth in the preamble to this Agreement.

"Nose Policy" shall mean the meaning as set forth in Section 4.12(b).

"Notice Period" shall have the meaning as set forth in Section 10.6(a).

"Operating Expenses" shall have the meaning as set forth in Section 1.15(c).

"**Operating Shortfall**" shall have the meaning as set forth in Section 1.11(c).

"**Operating Surplus**" shall have the meaning as set forth in Section 1.11(c).

"**Operating Target**" shall have the meaning as set forth in Section 1.11(c).

"Order" shall mean any judgment, order, writ, injunction, decree, determination, or award including an arbitration award of any Governmental Authority or arbitrator.

"Ordinary Course of Business" shall have the meaning as set forth in Section 4.4.

"OSHA" shall mean the Occupational Safety and Health Act, 29 U.S.C. § 600, *et seq.*

"Owned Real Property" shall have the meaning as set forth in Section 1.1(b).

"Party" or **"Parties"** shall have the meaning as set forth in the preamble to this Agreement.

"Patents" shall mean all inventions (whether or not patentable and whether or not reduced to practice), patents and patent applications, invention disclosures, discoveries, any improvements thereto, industrial and utility models, industrial designs, certificates of invention, and any other indicia of invention ownership issued or granted by any Governmental Authority, including all provisional applications, priority and other applications, divisionals, continuations (in whole or in part), extensions, reissues, reexaminations or equivalents or counterparts of any of the foregoing.

"**PCI-DSS**" shall means the Payment Card Industry Data Security Standard.

"Permits" shall have the meaning as set forth in Section 1.1(c).

"Permitted Encumbrances" shall mean (a) any Encumbrances for Taxes not yet due and payable or which are being contested in accordance with applicable law for which an adequate reserve has been established in accordance with GAAP; (b) statutory liens to secure obligations to landlords, lessors or renters under leases or rental agreements arising in the Ordinary Course of Business securing amounts not yet due and payable and not resulting from a breach or default by Seller, (c) rights of way, easements, agreements, covenants, reservations, zoning ordinances, and other similar matters of record that do not individually or in the aggregate materially impair or interfere with the continued use and operation of the Real Property in the operation of the Business as presently conducted, (d) zoning regulations and other Laws, rules, regulations, codes, Orders and directives affecting the Owned Real Property that do not individually or in the aggregate materially impair or interfere with the continued use and operation of the Real Property in the operation of the Business as presently conducted; (e) any matters shown on any title report made available to Buyer or any Survey (or any update thereto) that do not individually or in the aggregate materially impair or interfere with the continued use and operation of the Real Property in the operation of the Business as presently conducted; (f) all Lessor Leases for any portion of the Owned Real Property; (g) Encumbrances affecting fee simple title to the Leased Real Property not created by a Seller; (h) Encumbrances that will be released, satisfied or otherwise discharged at or prior to the Closing; (i) in the case of any Intellectual Property, any non-exclusive license of such Intellectual Property; (j) Encumbrances arising out of any act of Buyer or its Representatives; and (k) Encumbrances arising out of, under or in connection with this Agreement or the other Transaction Documents. Notwithstanding anything to the contrary in this definition, in no event will "Permitted Encumbrances" include any mechanics' liens or materialmen's' liens arising from any work or improvements at the Real Property that encumber the Real Property on the Closing Date unless being contested in good faith by appropriate proceedings in accordance with applicable law for which an adequate reserve has been established in accordance with GAAP.

"Person" shall mean any individual, limited liability company, corporation, association, partnership, firm, joint venture, trust, trustee, Governmental Authority, or other form of business organization recognized under applicable Law.

"**Personal Information**" means (i) any information that identifies, or in combination with other information may identify, directly or indirectly, an individual, including name, address, telephone number, health information, Social Security Number, drivers' license number, government issued identification, financial account numbers or log-in information, internet protocol addresses or other persistent device identifiers, or any other data that can be used to identify, contact, locate an individual, or Protected Health Information; or (ii) is otherwise governed, regulated or protected by one or more Information Privacy or Security Laws.

"Personal Property" shall have the meaning as set forth in Section 1.1(a).

"**Phase II**" shall have the meaning as set forth in Section 10.2(a)(vi).

"PMF" shall have the meaning as set forth in the preamble to this Agreement.

"PMGNC" shall have the meaning as set forth in the Recitals.

"PMGNC Napa Providers" shall have the meaning as set forth in Section 5.2.

"**Post-Closing Notice of Disagreement**" shall have the meaning as set forth in Section 1.9(b).

"Post-Effective Time Lease Amounts" shall have the meaning as set forth in Section 1.15(d).

"Power of Attorney" shall have the meaning as set forth in Section 1.13(n).

"Pre-Closing Tax Period" means any taxable periods ending on or prior to the Closing Date and the portion through the Closing Date for any taxable period that includes (but does not end at) the Closing Date.

"Pre-Effective Time Lease Amounts" shall have the meaning as set forth in Section 1.15(d).

"**Prepaid Expenses**" shall mean Sellers' prepaid expenses and deposits (except for security deposits) in respect thereof relating solely to the Business or Facilities including utility deposits, but excluding the Excluded Prepaid Expenses and the exclusions of any assets within prepaid expenses that would be included within Excluded Assets.

"**Prepaid Expenses Shortfall**" shall have the meaning as set forth in Section 1.11(b).

"**Prepaid Expenses Surplus**" shall have the meaning as set forth in Section 1.11(b).

"**Prepaid Expenses Target**" shall have the meaning as set forth in Section 1.11(b).

"Proceeding" shall mean any action, arbitration, audit, hearing, investigation or suit (whether civil, criminal, administrative, judicial, or investigative) commenced, brought, conducted, or heard by or before, or otherwise involving, any (a) Governmental Authority, (b) Medicare fiscal intermediary or administrative contractor, recovery audit contractor, zone program integrity contractor, unified program integrity contractor or similar government program contractor or (c) arbitrator, whether at law or in equity.

Bill of Sale

See attached.

BILL OF SALE

THIS BILL OF SALE (this "Bill of Sale") is entered into as of [●], by and among St. Joseph Health Northern California, LLC, a California limited liability company doing business as Providence Queen of the Valley Medical Center ("QVMC"), Providence Medical Foundation, a California nonprofit public benefit corporation ("PMF" and together with QVMC, "Sellers") and NorthBay Napa Hospital Corp., a California nonprofit public benefit corporation ("Buyer"). Capitalized terms used but not otherwise defined herein shall have the meanings ascribed thereto in that certain Asset Purchase Agreement, dated [●] (the "Purchase Agreement"), by and among Buyer, Sellers, and NorthBay Healthcare Corporation, a California nonprofit public benefit corporation. Each of QVMC, PMF, and Buyer may be referred to herein individually as a "Party" and collectively as the "Parties."

RECITALS

A. Pursuant to the Purchase Agreement, Sellers have agreed to sell, assign, transfer, convey and deliver the Transferred Assets to Buyer and Buyer has agreed to purchase the Transferred Assets and assume the Assumed Liabilities, on the terms and conditions more particularly set forth in the Purchase Agreement.

B. The Transferred Assets other than Owned Real Property, the Assumed Contracts, the Lessor Leases, the Security Deposits, and the Assumed Leases (such subset of Transferred Assets, the "Applicable Assets") are subject to this Bill of Sale.

NOW, THEREFORE, for and in consideration of the foregoing premises, the mutual covenants and other agreements set forth herein and in the Purchase Agreement, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Sellers and Buyer hereby agree as follows:

1. Sale and Purchase. By execution hereof, effective as of the Effective Time, Sellers, in consideration of the Purchase Price and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, hereby irrevocably and unconditionally sell, assign, transfer, convey and deliver to Buyer all of Sellers' rights, titles and interests in and to the Transferred Assets, free and clear of all Encumbrances other than the Assumed Liabilities and Permitted Encumbrances. By execution hereof, Buyer hereby assumes, effective as of the Effective Time, the payment, performance, discharge, satisfaction, and observance of the Assumed Liabilities. For the avoidance of doubt, Seller shall retain the Excluded Assets and the Excluded Liabilities.

2. Other Assignment and Assumption Agreements. Notwithstanding the foregoing, this Bill of Sale is not applicable to the Sellers' assignment, conveyance, transfer or delivery of the Owned Real Property, the Assumed Contracts, the Lessor Leases, the Security Deposits, and the Assumed Leases, which are being transferred pursuant to a separate agreement.

3. Further Assurances. In accordance with, and as more specifically set forth in, Section 12.1 of the Purchase Agreement, each Party shall, from time to time after the delivery of this Bill of Sale, as and when reasonably requested by the other Party, acknowledge and deliver to such Party any and all other assignments, consents, Approvals, conveyances, assurances, documents and instruments reasonably requested by such Party at any time and shall take any and all other actions reasonably requested by such Party at any time, as may be reasonably necessary or appropriate to effectuate the Purchase Agreement and to consummate the Contemplated Transactions.

4. Miscellaneous. Article 12 (Miscellaneous Provisions) of the Purchase Agreement is incorporated as if set forth fully herein, *mutatis mutandis*.

5. Conflicts Between Agreements. This Bill of Sale is in all respects subject to the provisions of the Purchase Agreement and is not intended in any way to supersede, limit, qualify, modify or expand any rights and obligations under the Purchase Agreement. In case of contradiction between the provisions of this Bill of Sale and the provisions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall control.

[Signature Page Follows]

IN WITNESS WHEREOF, the Parties hereto have executed this Bill of Sale or caused this Bill of Sale to be executed by their duly authorized representatives as of the date first above written.

Real Estate Assignment

See attached.

ASSIGNMENT AND ASSUMPTION OF LEASE

(TENANT AS ASSIGNOR)

This Assignment and Assumption of Lease (this "**Assignment**") is made as of [●], 2026 (the "**Effective Date**"), by and between [●] ("**Assignor**"), and NorthBay Napa Hospital Corp., a California nonprofit public benefit corporation ("**Assignee**").

RECITALS

A. Assignor is the tenant under that certain lease dated [●], 20[●] (the "**Lease**"), with [●], as landlord (the "**Landlord**"), pursuant to which Assignor leased from Landlord approximately [●] square feet ("**Premises**"), located at [●] (the "**Property**").

B. Assignor and Assignee, and certain affiliates of Assignor and Assignee, are parties to that certain Asset Purchase Agreement, dated as of [●], 2026 (the "**Purchase Agreement**"). Capitalized terms used but not defined herein have the respective meanings for such terms as defined in the Purchase Agreement.

C. Pursuant to the Purchase Agreement, Assignor desires to assign all of its right, title and interest as tenant under the Lease to Assignee, and Assignee desires to assume the same, subject to the terms hereof.

NOW THEREFORE, in consideration of the foregoing premises, the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, agree as follows:

1. Assignment. As of the Effective Date, Assignor hereby assigns, transfers, sets over and conveys to Assignee all of Assignor's estate, right, title and interest as tenant in and to the Lease (other than Real Estate Prorations (as such terms is defined in the Purchase Agreement)). For the avoidance of doubt, subject to Section 1.9 of the Purchase Agreement, all security deposits and prepaid rents under the Leases are hereby assigned to the Assignee.

2. Assumption. As of the Effective Date, Assignee hereby accepts the assignment of the Lease and assumes and agrees to and hereby does assume all of Assignor's duties and obligations under the Lease that constitute Assumed Liabilities and pay and perform such Assumed Liabilities that arise after the Effective Date. For the avoidance of doubt, Assignor shall retain the Excluded Liabilities.

3. Further Assurances. In accordance with, and as more specifically set forth in, Section 12.1 of the Purchase Agreement, each Party shall, from time to time after the delivery of this Assignment, as and when reasonably requested by the other Party, acknowledge and deliver to such Party any and all other assignments, consents, Approvals, conveyances, assurances, documents and instruments reasonably requested by such Party at any time and shall take any and all other actions reasonably requested by such Party at any time, as may be reasonably necessary or appropriate to effectuate the Purchase Agreement and to consummate the Contemplated Transactions.

4. Miscellaneous. Article 12 (Miscellaneous Provisions) of the Purchase Agreement is incorporated as if set forth herein, *mutatis mutandis*.

5. Reference to Purchase Agreement. The provisions of this Assignment are subject in all respects to the terms of the Purchase Agreement, including Section 9.3 of the Purchase Agreement, and is

not intended in any way to supersede, limit, qualify, modify or expand any rights and obligations under the Purchase Agreement. Nothing contained in this Assignment shall be deemed or construed to alter, modify, add to or waive any of the rights, obligations, terms, covenants, indemnities, conditions, or other provisions contained in the Purchase Agreement. In case of contradiction between the provisions of this Assignment and the provisions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall control.

LANDLORD JOINDER AND CONSENT[1]

By its execution hereof, the undersigned landlord ("**Landlord**") hereby joins in this Assignment and Assumption of Lease (this "**Assignment**") for the sole purpose of evidencing Landlord's consent to the assignment by Assignor to Assignee of Assignor's right, title and interest as tenant under the Lease described in the Assignment. As of the Effective Date, Landlord (i) consents to the Assignment, (ii) acknowledges that Assignee has assumed, and agrees to perform, all of the covenants, obligations and liabilities of the tenant arising or accruing under the Lease from and after the Effective Date, (iii) waives any and all rights that Landlord may have to terminate the Lease or seek damages or other penalties as a result of the Assignment, (iv) hereby releases and forever discharges Assignor from any and all obligations, covenants, liabilities and claims under the Lease arising or accruing from and after the Effective Date, and (v) agrees and acknowledges that the Lease will remain in full force and effect after the Effective Date on the same terms and conditions as in effect immediately prior to the consummation of such assignment except as waived or modified herein. Such consent is expressly limited to this particular assignment and is not a consent to any other or further assignment of Tenant's interest in and to the Lease. Landlord represents that the undersigned has full authority to bind Landlord. This joinder may be executed in counterparts and signatures received by facsimile or portable document format shall be deemed effective for the purposes of this joinder.

CONTRACTS ASSIGNMENT AND ASSUMPTION AGREEMENT

THIS CONTRACTS ASSIGNMENT AND ASSUMPTION AGREEMENT (this "Contracts Assignment") is entered into as of [●], by and among St. Joseph Health Northern California, LLC, a California limited liability company doing business as Providence Queen of the Valley Medical Center ("QVMC"), Providence Medical Foundation, a California nonprofit public benefit corporation ("PMF" and together with QVMC, "Assignors") and NorthBay Napa Hospital Corp., a California nonprofit public benefit corporation ("Assignee"). Capitalized terms used but not otherwise defined herein shall have the meanings ascribed thereto in that certain Asset Purchase Agreement, dated [●], 2026, (the "Purchase Agreement"), by and among Assignors, Assignee, and NorthBay Healthcare Corporation, a California nonprofit public benefit corporation.

RECITALS

A. Pursuant to the Purchase Agreement, Assignors have agreed to sell to Assignee, and Assignee has agreed to purchase from Assignors, the Transferred Assets, including the Assumed Contracts, on the terms and conditions more particularly set forth in the Purchase Agreement.

B. Pursuant to the Purchase Agreement, Assignors have agreed to transfer to Assignee, and Assignee has agreed to accept from Assignor, all of Assignors' rights, titles and interests in the Assumed Contracts and Assignee has agreed to assume payment and performance of the Assumed Liabilities.

NOW, THEREFORE, in consideration of the foregoing premises, the mutual covenants and other agreements set forth herein and in the Purchase Agreement, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors and Assignee hereby agree as follows:

1. Assignment. By execution hereof, Assignors hereby irrevocably assign, transfer and convey unto Assignee and its successors and assigns all of Assignors' rights, titles and interests in, to and under the Assumed Contracts, effective as of the Effective Time. For the avoidance of doubt, the Excluded Contracts are not Assumed Contracts.

2. Assumption. By execution hereof, as of the Effective Time, Assignee hereby accepts the assignment of the Assumed Contracts, and agrees to and hereby does assume all of Assignors' duties and obligations under the Assumed Contracts that constitute Assumed Liabilities and pay and perform such Assumed Liabilities. For the avoidance of doubt, Assignors shall retain the Excluded Liabilities.

3. Other Assignment and Assumption Agreements. Notwithstanding the foregoing, this Contracts Assignment is not applicable to the Assignors' assignment, conveyance, transfer or delivery of the Lessor Leases and Assumed Leases, which are being transferred pursuant to a separate agreement.

4. Further Assurances. In accordance with, and as more specifically set forth in, Section 12.1 of the Purchase Agreement, each Party shall, from time to time after the delivery of this Contracts Assignment, as and when reasonably requested by the other Party, acknowledge and deliver to such Party any and all other assignments, consents, Approvals, conveyances, assurances, documents and instruments reasonably requested by such Party at any time and shall take any and all other actions reasonably requested by such Party at any time, as may be reasonably necessary or appropriate to effectuate the Purchase Agreement and to consummate the Contemplated Transactions.

5. Miscellaneous. Article 12 (Miscellaneous Provisions) of the Purchase Agreement is incorporated as if set forth fully herein, *mutatis mutandis*.

6. Conflicts Between Agreements. This Contracts Assignment is in all respects subject to the provisions of the Purchase Agreement, including Section 9.3 of the Purchase Agreement, and is not intended in any way to supersede, limit, qualify, modify or expand any rights and obligations under the Purchase Agreement. In case of contradiction between the provisions of this Contracts Assignment and the provisions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall control.

Power of Attorney

See attached.

LIMITED POWER OF ATTORNEY

_____, 2026

The registrant set forth on the signature page hereto (the "**Registrant**") operates a health care facility located at [_____] (the "**Facility**") and is authorized to sign the current application for registration of Registrant under the Controlled Substances Act (21 U.S.C. § 801 *et seq*.) (the "**Act**"). In connection with the operation of the Facility, the Registrant obtained and has to date maintained licensure with the California State Board of Pharmacy (the "**Board**"), under Board license number [_____], and registration with the United States Drug Enforcement Agency (the "**DEA**"). Registrant is authorized under the DEA controlled substance registration number(s) set forth in Exhibit A (the "**DEA Registration**") to sign the current applications for registration and licensure as the registrant under the Act.

The Registrant intends to transfer substantially all of the assets used in the operation of the Facility to NorthBay Napa Hospital Corp. (the "**Transaction**") at 12:00:01 a.m. Pacific Time on [_____], 2026, (the "**Effective Time**"). In connection with the Transaction, NorthBay Napa Hospital Corp. (the "**Agent**") will file new applications (the "**Applications**") with the DEA and the Board for a registration number under the Act and licenses under the Board's rules and regulations (the "**Agent's Registrations and Licenses**").

In order to enable Agent to continue to make available pharmacy services, including ordering, storing, distributing, dispensing, and handling of controlled substances (the "**Controlled Substance Activities**"), to patients of Agent and to operate the Facility during the interim period between the Effective Time and approval of the Applications (the "**Interim Period**"), it is necessary for Registrant to grant to Agent a temporary limited power of attorney for use of the DEA Registration during the Interim Period.

Registrant desires to grant to Agent and Agent desires to accept from Registrant such temporary limited power of attorney upon the terms and conditions described in this temporary Limited Power of Attorney for use of DEA Registration number(s), DEA order forms and electronic orders (this "**Temporary Limited Power of Attorney**").

In consideration of the mutual covenants and agreements herein set forth, Agent and Registrant do hereby covenant and agree as follows:

1. Temporary Limited Power of Attorney. In recognition of the need to continue to make available the Controlled Substance Activities for treatment of Agent's patients and to continue to operate the Facility during the Interim Period, Registrant hereby makes, constitutes and appoints Agent as its full and lawful attorney-in-fact during the Interim Period solely and exclusively for the limited purpose of and with power to use the DEA Registration for purposes of the Controlled Substance Activities at the Facility in the normal course of operations and in a manner reasonably consistent with operations prior to the Effective Time. Registrant further grants this limited power of attorney to Agent to act, during the term set forth in Section 2 below, as the true and lawful agent and attorney-in-fact of Registrant, and to act in the name, place, and stead of Registrant, to execute applications for books of official order forms and to sign such order forms in requisition for Schedules II, III, IV and V controlled substances, in accordance with the

DEA Registration, Section 308 of the Act (21 U.S.C. § 828) and part 1305 of Title 21 of the Code of Federal Regulations, as is necessary for the treatment of Agent's patients.

2. Term. The rights, powers and authority granted to Agent hereunder as attorney-in-fact for Registrant shall become effective at the Effective Time and shall continue in effect until the earlier of the following events: (a) Agent receives all notices of the DEA's approvals of its Applications and completes an inventory of all controlled substances then in its possession (the "**Notices**"); or (b) expiration of six (6) months following the Effective Time (the "**Initial Term**"); provided, however, that Registrant and Agent may agree to a reasonable extension of the Temporary Limited Power of Attorney if, despite Agent's commercially reasonable efforts to obtain the Agent's Registrations and Licenses, Agent has not obtained Agent's own DEA registration during the Initial Term.

3. Liability and Indemnification. In accordance with the requirements of the DEA and the Board, Registrant acknowledges that Registrant remains liable for actions taken by Agent during the period this Temporary Limited Power of Attorney is in effect. Therefore, Registrant grants this Temporary Limited Power of Attorney based upon the following covenants and warranties of Agent: (a) Agent shall not utilize this Temporary Limited Power of Attorney prior to the Effective Time and shall follow and abide by and comply with all federal and state laws governing the regulation of controlled substances and pharmacy practice at all times while utilizing this Temporary Limited Power of Attorney; and (b) Agent, or its designee, shall make application for and pursue the Agent's Registrations and Licenses as soon as practicable, and (c) Agent shall indemnify, defend and hold harmless Registrant for any and all costs, damages or liabilities that Registrant incurs arising from or relating to Agent's use of the DEA Registration or any other actions taken by Agent, its agents or representatives, pursuant to this Temporary Limited Power of Attorney.

4. Entire Agreement; Amendment Governing Laws; Headings; Severability. This Temporary Limited Power of Attorney constitutes the entire agreement of the parties with respect to use of the DEA Registration. Any alteration or modification of the provisions of this Temporary Limited Power of Attorney shall not be effective unless reduced to writing and executed by the parties. This Temporary Limited Power of Attorney is governed by and shall be construed under the laws of the State of California. Paragraph headings are for convenience of reference only and shall not be used in the interpretation of this Temporary Limited Power of Attorney. The terms and provisions of this Temporary Limited Power of Attorney are severable, and should any clause or provision hereof be unenforceable or be declared invalid for any reason whatsoever, this Temporary Limited Power of Attorney shall be construed and read as if such invalid or unenforceable clause or provision were omitted.

[signatures appear on following page]

IN WITNESS WHEREOF, Registrant and Agent have executed this Temporary Limited Power of Attorney for use of DEA Registration number(s), DEA Order Forms and Electronic Orders in multiple counterparts, each of which shall be considered an original, as of the date first written above.

Lessor Leases Assignment

See attached.

ASSIGNMENT AND ASSUMPTION OF LEASES

(LANDLORD AS ASSIGNOR)

This Assignment and Assumption of Leases (this "**Assignment**") is made as of [●], 2026 (the "**Effective Date**"), by and between [●] ("**Assignor**"), and NorthBay Napa Hospital Corp., a California nonprofit public benefit corporation ("**Assignee**").

RECITALS

A. Assignor is the owner of that certain real property located at [●] (the "**Property**").

B. Assignor, as landlord, is party to certain leases affecting the Property, as more particularly described on Schedule A attached hereto (collectively, the "**Leases**").

C. Assignor and Assignee, and certain affiliates of Assignor and Assignee, are parties to that certain Asset Purchase Agreement, dated as of [●], 2026 (the "**Purchase Agreement**"). Capitalized terms used but not defined herein have the respective meanings for such terms as defined in the Purchase Agreement.

C. Pursuant to the Purchase Agreement, Assignor desires to assign to Assignee all of Assignor's right, title and interest in and to the Leases, and Assignee desires to assume the same, subject to the terms hereof.

NOW THEREFORE, in consideration of the foregoing premises, the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, agree as follows:

1. Assignment. As of the Effective Date, Assignor hereby assigns, transfers, sets over and conveys to Assignee all of Assignor's estate, right, title and interest as landlord, in and to the Leases, together with all rights to rents and other amounts accruing thereunder from and after the Effective Date.

2. Assumption. As of the Effective Date, Assignee hereby accepts the foregoing assignment and assumes and agrees to and hereby does assume all of Assignor's duties and obligations under the Lease that constitute Assumed Liabilities and pay and perform such Assumed Liabilities that arise after the Effective Date. For the avoidance of doubt, Assignor shall retain the Excluded Liabilities.

3. Security Deposits. Assignor hereby transfers to Assignee all security deposits held by Assignor under the Leases, as set forth on Schedule B, and Assignee acknowledge receipt thereof (or credit therefor at closing).

4. Further Assurances. In accordance with, and as more specifically set forth in, Section 12.1 of the Purchase Agreement, each Party shall, from time to time after the delivery of this Assignment, as and when reasonably requested by the other Party, acknowledge and deliver to such Party any and all other assignments, consents, Approvals, conveyances, assurances, documents and instruments reasonably requested by such Party at any time and shall take any and all other actions reasonably requested by such Party at any time, as may be reasonably necessary or appropriate to effectuate the Purchase Agreement and to consummate the Contemplated Transactions.

5. Miscellaneous. Article 12 (Miscellaneous Provisions) of the Purchase Agreement is incorporated as if set forth herein, *mutatis mutandis*.

6. References to Purchase Agreement. The provisions of this Assignment are subject in all respects to the terms of the Purchase Agreement, including Section 9.3 of the Purchase Agreement, and is not intended in any way to supersede, limit, qualify, modify or expand any rights and obligations under the Purchase Agreement. Nothing contained in this Assignment shall be deemed or construed to alter, modify, add to or waive any of the rights, obligations, terms, covenants, indemnities, conditions, or other provisions contained in the Purchase Agreement. In case of contradiction between the provisions of this Assignment and the provisions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall control.

Exhibit 1.13(q)

Trademark Assignment Agreement

See attached.

TRADEMARK ASSIGNMENT

This Trademark Assignment (this "**Assignment**") is made as of [●], 2026 (the "**Effective Date**"), by and between St. Joseph Health System, a California Non-Profit Corporation ("**Assignor**"), and St. Joseph Health Northern California, LLC, a California limited liability company doing business as Providence Queen of the Valley Medical Center ("**Assignee**").

A. Assignor owns all right, title, and interest in and to the Trademarks set forth on Schedule A hereto, together with the goodwill associated therewith (collectively referred to as the "**Transferred Marks**"); and

B. Assignor desires to assign all of its right, title, and interest in and to the Transferred Marks to Assignee, and Assignee desires to acquire all right, title and interest in and to the Transferred Marks.

NOW, THEREFORE, for $10 USD and other good and valuable consideration set forth herein, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. Assignor does hereby irrevocably sell, assign, transfer, convey and deliver to the Assignee, its successors and permitted assigns, all right, title and interest, in and to the Transferred Marks, and all of the goodwill of the business associated with the Transferred Marks, together with that portion of Assignor's business to which the Transferred Marks pertain, and all registrations and pending applications for the Transferred Marks, along with any renewals of the registrations, in all countries throughout the world, for the Assignee's own use and enjoyment, and for the use and enjoyment of the Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by the Assignor if this Trademark Assignment had not been made, together with all causes of action for any and all previously occurring infringement of the rights being assigned and the right to receive and retain the proceeds relating to those infringements.

2. Assignor hereby requests the Commissioner for Trademarks at the United States Patent and Trademark Office (the "Commissioner"), as well as his or her counterparts at the corresponding entities or agencies in any country or jurisdiction that may exercise authority over any of the Transferred Marks, to record this Trademark Assignment.

3. Upon reasonable request by the Assignee, the Assignor will execute further papers (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney or other documentation) and to do such other acts as may be necessary or reasonably requested by the Assignee to vest full title in and to the Transferred Marks in the Assignee or which may be necessary to obtain, renew, issue or enforce the Transferred Marks.

4. This Trademark Assignment may be executed in any number of counterparts (including by means of facsimile and electronically transmitted portable document format (pdf) signature pages), each of which shall be an original but all of which together shall constitute one and the same instrument.

5. No amendment of any provision of this Trademark Assignment shall be valid unless the same shall be in writing and signed by the Assignor and the Assignee. No waiver by any party of any provision of this Trademark Assignment or any default or breach of covenant hereunder, whether intentional or not, shall be

valid unless the same shall be in writing and signed by the party against whom the waiver is to be effective nor shall such waiver be deemed to extend to any prior or subsequent default or breach of covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

6. This Trademark Assignment shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective successors and assigns.

[*Signatures follow on next page*.]

IN WITNESS WHEREOF, Assignors and the Assignee have caused this Assignment to be effective as of the Effective Time.

TRADEMARK ASSIGNMENT

This Trademark Assignment (this "**Assignment**") is made as of [●], 2026 (the "**Effective Date**"), by and between St. Joseph Health Northern California, LLC, a California limited liability company doing business as Providence Queen of the Valley Medical Center ("**Assignor**"), and NorthBay Napa Hospital Corp., a California nonprofit public benefit corporation ("**Assignee**").

RECITALS

A. Assignor and Assignee, and certain affiliates of Assignor and Assignee, are parties to that certain Asset Purchase Agreement, dated as of [●], 2026 (the "**Purchase Agreement**"), pursuant to which Assignee is acquiring the assets of the Business as defined in the Purchase Agreement. Capitalized terms used but not defined herein have the respective meanings for such terms as defined in the Purchase Agreement.

B. Assignor owns all right, title, and interest in and to the Trademarks set forth on Schedule A hereto, together with the goodwill associated therewith (collectively referred to as the "**Transferred Marks**").

C. Pursuant to the Purchase Agreement, Assignor agreed to, and hereby does, sell, transfer, convey and deliver all of Assignor's rights and interests in the Transferred Marks to Assignee.

NOW, THEREFORE, for the good and valuable consideration set forth herein and in the Purchase Agreement, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. Assignment. Assignor hereby sells, assigns, transfers, conveys and delivers to Assignee, its successors and permitted assigns forever and exclusively throughout the world, all of Assignor's right, title and interest, in and to the Transferred Marks, together with the goodwill symbolized thereby, and together with a right to sue for and collect on all claims for damages by reason of past, present or future infringement of the Transferred Marks, for the Assignee's own use and enjoyment, and for the use and enjoyment of the Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been entered into.

2. Further Assurances. In accordance with, and as more specifically set forth in, Section 12.1 of the Purchase Agreement, each Party shall, from time to time after the delivery of this Assignment, as and when reasonably requested by the other Party, acknowledge and deliver to such Party any and all other assignments, consents, Approvals, conveyances, assurances, documents and instruments reasonably requested by such Party at any time and shall take any and all other actions reasonably requested by such Party at any time, as may be reasonably necessary or appropriate to effectuate this Trademark Assignment, the Purchase Agreement and to consummate the Contemplated Transactions, including executing any further papers or doing any such other acts as may be necessary or reasonably requested by the Assignee to vest full title in and to the Transferred Marks or that may be necessary to obtain, renew, issue or enforce the Transferred Marks.

3. Miscellaneous. Article 12 (Miscellaneous Provisions) of the Purchase Agreement is incorporated as if set forth herein, *mutatis mutandis*.

4. Reference to Purchase Agreement. The provisions of this Assignment are subject in all respects to the terms of the Purchase Agreement and are not intended in any way to supersede, limit, qualify, modify or expand any rights and obligations under the Purchase Agreement. In case of contradiction

between the provisions of this Assignment and the provisions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall control.

[*Signatures follow on next page*.]

IN WITNESS WHEREOF, Assignors and the Assignee have caused this Assignment to be effective as of the Effective Time.

11 Cal. Code Reg, Section 999.5(d)(1)(C)

Statement of reasons that the applicant's board of directors believes that the proposed transaction is necessary or desirable

QVMC has been serving the Napa Valley community for over 65 years, and is well known for quality, compassion and outreach to those in need. QVMC is guided by a mission to serve all, especially those who are poor and vulnerable, and upholds core values of compassion, dignity, justice, excellence, and integrity through every aspect of care. As is the case with all PSJH ministries, SJHNC and PMF work to continuously ensure the sustainability of each facility they operate. In this spirit of sustainability, SJHNC and PMF determined that the Transaction is desirable and necessary to ensure that QVMC and the Napa Clinics continue to serve the Napa community with high quality health care and expanded access for years to come. This mission and focus aligns clearly with NorthBay's commitment to improving the well-being of the community through the provision of accessible and high-quality care.

The proposed transaction will allow the parties to further their charitable missions by improving the quality and access to healthcare throughout Napa County and the surrounding communities. The parties envision the transaction: (a) expanding access to healthcare services and strengthening clinical excellence at QVMC; (b) improving the healthcare facilities located on the QVMC campus; (c) sustaining and growing a diverse and collaborative physician community; and (d) enhancing levels of community benefit provided to the community.

Title 11, California Code of Regulations, § 999.5(d)(2)

FAIR MARKET VALUE

11 Cal. Code Reg. Section 999.5(d)(2)(A)

Estimated market value of all cash, property, stock, notes, assumption or forgiveness of debt, and any other thing of value that the applicant would receive for each health facility or facility that provides similar health care covered by the proposed agreement or transaction

Based on the Independent Valuation (as defined in Section 999.5(d)(2)(C)), SJHNC determined that the fair market value of the Transferred Assets supports the purchase price for the Transferred Assets of Four Hundred Fifty Million Dollars ($450,000,000).

11 Cal. Code Reg. Section 999.5(d)(2)(B)

Estimated market value of each health facility, facility that provides similar health care or other assets to be sold or transferred by the applicant under the proposed agreement or transaction

Please see Sections 999.5(d)(2)(A) and 999.5(d)(2)(C) of this Notice for information regarding the fair market value of the Transferred Assets.

11 Cal. Code Reg. Section 999.5(d)(2)(C)

A description of the methods used by the applicant to determine the market value of any assets involved in the proposed agreement or transaction. This description shall include a description of the efforts made by the applicant to sell or transfer each health facility or facility that provides similar health care that is the subject of the proposed agreement or transaction

In determining the fair market value of the Transferred Assets, the parties obtained an opinion of fair market value from an independent third-party valuation firm (the "Independent Valuation"). SJHNC is requesting confidential treatment of the Independent Valuation and is submitting a copy thereof to the California Attorney General under separate cover in accordance with Section 999.5(c)(3).

In 2025, PSJH began the process of soliciting proposals for the sale of QVMC and the Napa Clinics. PSJH sent a request for proposal (an "RFP") to five (5) potential transferees. By October 2024, PSJH received detailed responses from three potential transferees, including NorthBay. PSJH carefully evaluated the three responses by assessing and weighing a variety of factors, including, but not limited to, the proposed transferee's alignment with Providence's mission, shared cultural framework, and ability to continue to fulfill the healthcare needs of the Napa community. Upon an evaluation and comparison of NorthBay and the other potential transferees, it became clear that NorthBay was the one most capable of becoming a steward of QVMC and the Napa Clinics for years to come. In particular, PSJH valued that NorthBay's proposal reflected its commitment to partner with the Napa community, continue care for the poor and vulnerable, and maintain investment in key community programs. Thus, the PSJH board selected NorthBay to continue to provide high-quality, affordable, and mission-driven healthcare services to the Napa community well into the future.

A Copy of the RFP is attached to this Section 999.5(d)(2)(C) as **Exhibit 1** and copies of the responses received by PSJH and SJHNC to the RFP will be submitted to the Attorney General under separate cover as confidential documents in accordance with 11. Cal. Code. Reg. Section 999.5(c)(3) and, specifically, included within the confidential submission provided for Sections 999.5(d)(11)(A) and 999.5(d)(11)(B) of this Notice.

EXHIBIT 1 TO

SECTION 999.5(d)(2)(C)

Highly Confidential
July 25, 2025

Subject: Indication of Interest Submission Requirements for Providence Queen of the Valley Medical Center (Project Sonnet)

Thank you for your interest in a potential transaction (the "Transaction") with Providence St. Joseph Health (the "Company" or "Providence") regarding Providence Queen of the Valley Medical Center ("QVMC"). We are pleased to invite you to submit a preliminary, non-binding proposal ("Proposal") for the Transaction. Following receipt of Proposals, Providence may select a limited number of parties to conduct further due diligence and submit a revised Proposal.

A Confidential Information Memorandum ("CIM") has been provided to you to assist in your evaluation of the Transaction and has been shared under and subject to the terms and conditions of the previously signed Non-Disclosure Agreement ("NDA") with the Company. The existence and contents of this letter, as well as your participation in the process, are subject to the NDA. This letter shall not constitute a waiver or modification of any of the terms of the NDA, which terms shall continue in full force and effect in their entirety.

Your Proposal should be submitted to Providence via email as soon as possible, but in no event later than **5:00 P.M. Pacific Time on August 20, 2025.**

Your Proposal should include the following information in written form:

1. **Purchaser Description**: Provide an overview of the responding entity, including but not limited to your vision and mission, geographies served, resources and stability, historical operating performance, operational trends, and physician practice management expertise.
2. **Prior Transaction Experience**: Provide an overview and examples of your prior transaction experience, highlighting any transactions similar in nature to the Transaction contemplated herein.
3. **Proposed Transaction Structure**: Provide an overview of your contemplated structure for the Transaction, including the name, jurisdiction, description, and tax status of the legal entities that will be involved in the Transaction, and a description of how such entities fit within your overall legal entity structure.
4. **Financial Consideration**: Provide your preliminary purchase price for QVMC on a cash- and debt-free basis, excluding net working capital, along with (i) your methodology for determining the purchase price, and (ii) any material assumptions or conditions.
5. **Sources of Funds**: Provide your expected sources of financing for the Transaction and the anticipated time and steps required to secure the necessary funds including fully committed financing documentation.
6. **Religious Affiliation**: Discuss your ability and willingness to retain the Catholic identity and the commitment to continue the activities and provision of services that preserve the Catholic history and traditions of QVMC.
7. **Management and Employees**: Describe your preliminary plans following the Transaction, including your intentions and expectations with respect to the roles of existing management and employees.
8. **Approvals and Conditions**: Provide an indication of any required corporate, stakeholder, lender, or regulatory approvals that must be obtained, the time required to

obtain each such approval and any other facts or circumstances that might affect the timing and/or certainty of the closing of a Transaction. Include a description of any other material conditions that must be satisfied prior to the closing of a Transaction.

9. **Internal Review**: Confirm that your Proposal has been approved by the board of directors or an authorized committee thereof, or other applicable governing body or person with ultimate decision-making authority within your organization and an indication as to the expedited timing of additional review and approvals necessary to deliver a binding, definitive Proposal.
10. **Due Diligence Requirements and Timing**: Please describe the due diligence information, workstreams, topics, and documents that you expect to need to review in the next phase of the process that would enable you to finalize a definitive transaction expeditiously. Please indicate your proposed timeline to close a Transaction.
11. **External Advisors**: Provide the names of any external financial, legal, tax, or other advisors that you plan to engage regarding the Transaction. Please confirm whether each such advisor has been formally engaged prior to the submission of the Proposal.

Shortly following the submission of the Proposals and consideration by the Company and its advisors, we will contact each responding entity that has submitted a Proposal regarding whether it will be invited to continue due diligence, including participation in discussion with management. Management expects to host management meetings for selected parties in mid / late September.

The Company reserves the right, at any time, in its sole discretion and without specifying the reasons therefore, to alter or terminate this process, to terminate discussions with any or all prospective partners, to reject any and all offers, or to negotiate with one or more prospective partners and to enter into a definitive written agreement without prior written notice to you or any other prospective partner. The Company will not have any obligation to any prospective partner with respect to a Transaction other than pursuant to definitive documentation entered into with such prospective partner. None of the Company, its sponsors, affiliates or shareholders, or its and their representatives or advisors makes any representation or warranty, express or implied, on which you, your affiliates or your representatives may rely as to the accuracy or completeness of any information furnished to you. Neither this letter nor the release of any information to any prospective partner constitutes an offer to sell or purchase or tender for QVMC. You will be responsible for all of your own costs related to your investigation and evaluation of this Transaction, including the fees and disbursements of your own counsel and other advisors, whether your Proposal is accepted or rejected for any reason.

Under no circumstances should anyone other than the contacts listed below be contacted directly without prior approval from Providence. Proposals and questions should be directed to:

Brian Bernardo
Head of Corporate Development
(480) 678-1759
Brian.Bernardo@Providence.org

11 Cal. Code Reg. Section 999.5(d)(2)(D)

Reports, analysis, Requests for Proposal, and any other documents that refer or relate to the valuation of any asset involved in the agreement or transaction

See the responses to Section 999.5(d)(2)(A), 999.5(d)(2)(B) and 999.5(d)(2)(C) of this Notice and related exhibits for information regarding the reports, analysis, and other documentation relating to the valuation of the Transferred Assets.

11 Cal. Code Reg. Section 999.5(d)(2)(E)

For joint venture transactions, all asset contribution agreements and related valuations, all limited liability corporation or limited liability partnership operating agreements, management contracts, and put option agreements

The proposed Transaction is not a joint venture.

Title 11, California Code of Regulations, § 999.5(d)(3)

INUREMENT AND SELF-DEALING

11 Cal. Code Reg. Section 999.5(d)(3)(A)

Copies of any documents or writings of any kind that relate to or refer to any personal financial benefit that a proposed affiliation between applicant and the transferee would confer on any officer, director, employee, doctor, medical group or other entity affiliated with applicant or any family member of any such person as identified in Corporations Code Section 5227(b)(2)

The Transaction does not confer any personal financial benefit on any of the individuals and/or entities described in California Corporations Code Section 5227(b)(2).

11 Cal. Code Reg. Section 999.5(d)(3)(B)

The identity of each and every officer, trustee, or director of applicant (or any family member of such persons as identified in Corporations Code section 5227(b)(2)) or any affiliate of applicant who or which has any personal financial interest in any company, firm, partnership, or business entity (other than salary and directors'/trustees' fees) currently doing business with applicant, any affiliate of applicant, or the transferee or any affiliate of the transferee.

None.

11 Cal. Code Reg. Section 999.5(d)(3)(C)

A statement describing how the board of directors of the nonprofit corporations involved in the transaction are complying with the provisions of Health and Safety Code sections 1260 and 1260.1

In compliance with California Health and Safety Code sections 1260 and 1260.1, no member of the board of directors of SJHNC, PMF or any PSJH affiliated entity who negotiated the terms and conditions of the Transaction has received or will receive, directly or indirectly, any salary, compensation, payment, or other form of remuneration from NorthBay or any of its affiliated entities following the closing of the Transaction.

Each person who is a member of management of SJHNC, PMF or any other PSJH affiliated entity who presented information or opinions to the SJHNC or PMF boards of directors regarding the Transaction that were relied upon, or considered by, any members of the SJHNC or PMF boards of directors in making decisions regarding the sale or transfer, will not work for, or receive any form of remuneration from, NorthBay or any of its affiliated entities after the closing of the Transaction.

Title 11, California Code of Regulations, § 999.5(d)(4)

CHARITABLE USE OF ASSETS

11 Cal. Code Reg. Section 999.5(d)(4)(A)

The applicant's articles of incorporation and all amendments thereto and current bylaws, any charitable trust restrictions, and any other information necessary to define the charitable trust purpose of the applicant's assets

Attached to this Section 999.5(d)(4)(A) are the following:

- **Exhibit 1**, a copy of SJHNC's Articles of Organization
- **Exhibit 2**, a copy of SJHNC's Operating Agreement
- **Exhibit 3**, a copy of the Articles of Incorporation of PSJH, the ultimate non-profit corporate parent of SJHNC
- **Exhibit 4**, a copy of PSJH's Bylaws
- **Exhibit 5**, an organizational chart showing the organizational structure between PSJH and SJHNC.

EXHIBIT 1 TO

SECTION 999.5(d)(4)(A)

LLC-2	Amendment to Articles of Organization of a Limited Liability Company (LLC)

To change information of record for your California LLC, you can fill out this form, and submit for filing along with:

- A **$30** filing fee.
- A separate, non-refundable **$15** service fee also must be included, if you **drop off** the completed form.
- To file this form, the status of your LLC must be active on the records of the California Secretary of State, or if suspended, this form can only be filed to list a new LLC name. To check the status of the LLC, go to kepler.sos.ca.gov.

Important! To change the LLC addresses, or to change the name or address of the LLC's agent for service of process, you must file a Statement of Information (Form LLC-12). To get Form LLC-12, go to www.sos.ca.gov/business/be/statements.htm.

Items 4-6: **Only** fill out the information that is changing. Attach extra pages if you need more space or need to include any other matters.

FILED

8. Exempt Purposes.

A. The limited liability company is organized and shall be operated exclusively for one or more exempt purposes within the meaning of section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Federal Tax Code") and section 214 of the California Revenue and Taxation Code (the "California Tax Code"). It will be operated exclusively to further the exempt purposes of its members as specified in Federal Tax Code section 501(c)(3) and California Tax Code section 214.

B. No substantial part of the activities of the limited liability company shall consist of carrying on propaganda, or otherwise attempting to influence legislation (except as otherwise provided in Section 501(h) of the Federal Tax Code), and the limited liability company shall not participate or intervene in any political campaign (including the publication or distribution of statements) on behalf of any candidate for public office.

C. All property and assets of the limited liability company are irrevocably dedicated to exempt purposes within the meaning of Federal Tax Code section 501(c)(3) and California Tax Code section 214. No part of the net income or assets of the limited liability company shall ever inure the benefit of any officer thereof or to the benefit of any other private person, except that the limited liability company is authorized and empowered to pay reasonable compensation for services rendered, and to make payments and distributions in furtherance of its exempt purposes.

9. Requirements for and Limitations on Membership.

Each member of the limited liability company must be a qualifying organization. A qualifying organization is an organization that is either: (i) an organization that qualifies for exemption under Federal Tax Code section 501(c)(3) and California Tax Code section 214; or (ii) a government entity that is considered a governmental unit or wholly owned instrumentality of a state or political subdivision for purposes of the Federal Tax Code and that is exempt from property taxation under section 3 of Article XIII of the California Constitution, as to property owned by the state under subdivision (a), or as to property owned by a local government under subdivision (b), or as to property used exclusively for public schools, community colleges, state colleges and state universities under subdivision (d). Any direct or indirect transfer of any

05/13/2026 NOTICE-000211

201630710112

Code section 501(c)(3) and California Tax Code section 214, and which has established its tax-exempt status under Federal Tax Code section 501(c)(3).

F. The limited liability company shall not distribute any assets to a member that ceases to be a qualifying organization, and the limited liability company, interests in the limited liability company (other than membership interests), or its assets may be availed of or transferred (whether directly or indirectly), to a nonmember that is not a qualifying organization only in exchange for fair market value.

11. Limitations on Amendments.

Any amendment to these Articles of Organization and the limited liability company operating agreement must be consistent with Federal Tax Code section 501(c)(3) and California Tax Code section 214, and such power to alter, amend or repeal the Articles of Organization and the Operating Agreement shall be vised with St. Joseph Health System, subject to the reserved rights of the Ministry.

12. Limitations on Mergers and Conversions.

The limited liability company is prohibited from merging with, or converting into, a for-profit entity.

13. Compliance with State Law.

These Articles of Organization are consistent with the California Revised Uniform Limited Liability Company Act, and are enforceable at law and in equity.

membership interest in the limited liability company to any person other than a qualifying organization is prohibited.

In the event that a member ceases to be a qualifying organization, such disqualified organization shall forfeit its membership interest in the limited liability company and all of its rights as member in the limited liability company shall be terminated no later than 90 days after the date on which it ceased to qualify as a qualifying organization. All qualifying members of the limited liability company will expeditiously and vigorously enforce all of their rights in the limited liability company and will pursue all legal and equitable remedies to protect their interests in the limited liability company.

10. Dedication of Assets.

A. The property owned by the limited liability company is irrevocably dedicated to exempt purposes within the meaning of Federal Tax Code section 501(c)(3) and California Tax Code section 214.

B. Upon dissolution, all assets remaining after the payment of liabilities shall be distributed for use in furtherance of the exempt purposes of the limited liability company set forth in Article 8 of these Articles, to the St. Joseph Health Ministry (the "Ministry"), a California nonprofit corporation and a qualifying organization that is organized and operated for exempt purposes within the meaning of Federal Tax Code section 501(c)(3) and California Tax Code section 214, if it is then in existence and a qualifying organization organized and operated exclusively for exempt purposes within the meaning of Federal Tax Code section 501(c)(3) and California Tax Code section 214.

C. If the Ministry is not then in existence or a qualifying organization being so operated, then all remaining assets shall be distributed to the Sisters of St. Joseph of Orange (the "Congregation"), a California nonprofit corporation and a qualifying organization that is organized and operated for exempt purposes within the meaning of Federal Tax Code section 501(c)(3) and California Tax Code section 214, if it is then in existence and a qualifying organization organized and operated exclusively for exempt purposes within the meaning of Federal Tax Code section 501(c)(3) and California Tax Code section 214.

D. If the Congregation is not then in existence or a qualifying organization being so operated, then all remaining assets shall be distributed to the participating health institutions of the limited liability company, all of which are qualifying organizations that are organized and operated for exempt purposes within the meaning of Federal Tax Code section 501(c)(3) and California Tax Code section 214, in such proportions as may be determined by Providence St. Joseph Health in its sole and reasonable discretion, if any such health institutions are still in existence and a qualifying organization organized and operated exclusively for exempt purposes within the meaning of Federal Tax Code section 501(c)(3) and California Tax Code section 214.

E. If there are no such health institutions in existence or being a qualifying organization so operated, then all remaining assets shall be distributed exclusively to another organization(s) organized and operated exclusively for exempt purposes within the meaning of Federal Tax

I hereby certify that the foregoing transcript of 2 page(s) is a full, true and correct copy of the original record in the custody of the California Secretary of State's office.

Welcome to California

Congratulations on the registration of your limited liability company with the California Secretary of State. Please see below for important information.

Required Statement of Information

California law requires limited liability companies to keep their public record updated by filing a Statement of Information with the California Secretary of State.

Limited liability companies must file a complete Statement of Information (Form LLC-12) within the first 90 days of filing the Articles of Organization or Application to Register, and then every 2 years after that before the end of the month of the registration date.

Statements of Information for limited liability companies must be submitted on paper to the California Secretary of State, and can be mailed or delivered in person (drop off) to the Sacramento office. Additional information regarding Statements of Information, including forms, instructions and current fees is available at www.sos.ca.gov/business/be/statements.htm.

Current processing times for Statements of Information may be found at www.sos.ca.gov/business/be/processing-times.htm.

Other Business Information and Resources

All business entities are subject to state and federal tax laws. You may wish to contact the following agencies to assist you with these issues:

- Internal Revenue Service – www.irs.gov or call (800) 829-1040 for forms and issues concerning Federal tax, employer identification numbers, subchapter S elections
- Franchise Tax Board – www.ftb.ca.gov or call (800) 852-5711 for forms and issues concerning franchise tax and state income tax requirements
- State Board of Equalization – www.boe.ca.gov or call (916) 445-6464 for forms and issues concerning sales taxes or use taxes

Please refer to www.sos.ca.gov/business/be/resources.htm for a list of other agencies you may need to contact to ensure proper compliance with the laws of the State of California. Please be aware that the California Secretary of State does not license limited liability companies. For licensing requirements, please contact the California city and/or county where the principal place of business is located and/or the state agency, or board with jurisdiction over the activities of the limited liability company.

AMENDED AND RESTATED OPERATING AGREEMENT

of

ST. JOSEPH HEALTH NORTHERN CALIFORNIA, LLC
(a California Limited Liability Company)

This Operating Agreement is dated effective as of January 1, 2025 by and between St. Joseph Health Northern California, LLC, a California limited liability company (the "**Company**") and St. Joseph Health System, a California nonprofit public benefit corporation, as the sole member of the Company ("**SJHS**" or the "**Member**"). Capitalized terms used in the text of this Agreement shall have the meanings ascribed, to them by definition in this Agreement or in Appendix A attached hereto and incorporated herein by this reference.

1. Articles of Organization. Articles of Organization for the Company were filed on October 27, 2016, the date on which the term of the Company began. The Articles of Organization were amended on December 27, 2016.

2. Name. The name of the Company is "St. Joseph Health Northern California, LLC." The business of the Company may be conducted under that name or, upon compliance with applicable laws, any other name that the Governing Board deems appropriate or advisable, including as to the four hospitals owned and operated by the Company, the following fictitious business names: Providence Santa Rosa Memorial Hospital, Providence Queen of the Valley Medical Center, Providence St. Joseph Hospital (Eureka) and Providence Redwood Memorial Hospital (the "**Hospitals**" or "**hospital ministries**"), subject to the reserved rights of the Member.

3. Purpose.

3.1. Principal Purpose. The principal purpose of the Company is to carry on any lawful business or activity which may be conducted by a limited liability company under the California Revised Uniform Limited Liability Company Act, as amended from time to time (the "**Act**"), including specifically the ownership, maintenance, promotion and operation of the four Hospitals as well as related charitable health programs and businesses, and to exercise all other powers necessary or reasonably connected or incidental to such purpose and business that may be legally exercised by the Company under the Act..

3.2. Agreement Regarding Furtherance of Charitable Purpose. The Company and its Member acknowledge that the Member is a California nonprofit public benefit corporation exempt from taxation pursuant to Federal Tax Code Section 501(c)(3). In this regard, the Company and the Member hereby agree as follows:

(a) The business of the Company shall at all times be operated and managed in compliance with the mission and charitable purposes of the Member within the meaning of Federal Tax Code Section 501(c)(3);

(b) The charitable purposes of the Member shall override any duty to maximize profits and shall serve as a guiding principle for the Member and the Governing Board in their decisions and voting on all matters;

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

(c) In carrying out its Member's charitable purposes of promoting health and subject to the principle that community benefit overrides any duty to maximize profits, the Company will:

(i) Further the accomplishment of the tax-exempt purposes of the Member by enhancing the quality, availability, convenience, and access of health care services provided within the Service Areas of each of the Hospitals, and by otherwise promoting the general health and well-being of the persons residing in the Service Areas of each of the Hospitals;

(ii) Participate in Medicare and Medicaid programs to the extent permitted by applicable law;

(iii) Will cause Company providers to provide quality health care and health services to all persons needing care without regard to race, creed, color, religion, national origin, citizenship, sex, disability, age, insurance coverage, ability to pay, or all protected classes allowed under federal and state laws;

(iv) abide by a conflicts of interest policy that (1) requires members of the Governing Board to disclose relevant financial interests, (2) provides a procedure for the Company to determine whether a conflict of interest exists and (3) sets forth a process to address any conflicts that arise; such a policy would also address remedial action for members of the Governing Board that fail to comply with the policy;

(v) Act consistently with the charity care policies of the Member to ensure that quality care services are available and provided to all members of the community and that no individual will be denied care by the Company based on the individual's financial status or inability to pay for the full cost of services rendered by the Company; and

(vi) Request that the Governing Board provide to the Member, on an annual basis, a report summarizing the community benefits of the Company, including specifically charity care provided, for said period.

3.3. Compliance with Ethical and Religious Directives. For so long as SJHS or any of its Affiliates is a Member, the Company and SJHS acknowledge that the Member operates in a manner that is consistent with the SJHS Mission and Core Values and the Roman Catholic moral tradition as articulated in such documents as the ERDs.

3.4. Additional Exemption Provisions.

(a) Exempt Purposes.

(i) The Company is organized and shall be operated exclusively for one or more exempt purposes within the meaning of Federal Tax Code Section 501(c)(3) and Sections 214 and 23701d of the California Revenue and Taxation Code (the "California Tax Code"). It will be operated exclusively to further the exempt purposes of its members as specified in Federal Tax Code Section 501(c)(3) and California Tax Code Sections 214 and 23701d.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

(ii) No substantial part of the activities of the Company shall consist of carrying on propaganda, or otherwise attempting to influence legislation (except as otherwise provided in Section 501(h) of the Federal Tax Code), and the Company shall not participate or intervene in any political campaign (including the publication or distribution of statements) on behalf of any candidate for public office.

(iii) All property and assets of the Company are irrevocably dedicated to exempt purposes within the meaning of Federal Tax Code Section 501(c)(3) and California Tax Code Section 214. No part of the net income or assets of the Company shall ever inure the benefit of any officer thereof or to the benefit of any other private person, except that the Company is authorized and empowered to pay reasonable compensation for services rendered, and to make payments and distributions in furtherance of its exempt purposes.

(b) Requirements for and Limitations on Membership.

(i) Each member of the Company must be a qualifying organization. A qualifying organization is an organization that is either: (i) an organization that qualifies for exemption under Federal Tax Code Section 501(c)(3) and California Tax Code Section 214; or (ii) a government entity that is considered a governmental unit or wholly owned instrumentality of a state or political subdivision for purposes of the Federal Tax Code and that is exempt from property taxation under Section 3 of Article XIII of the California Constitution, as to property owned by the state under subdivision (a), or as to property owned by a local government under subdivision (b), or as to property used exclusively for public schools, community colleges, state colleges and state universities under subdivision (d). Any direct or indirect transfer of any membership interest in the Company to any person other than a qualifying organization is prohibited.

(ii) In the event that a member ceases to be a qualifying organization, such disqualified organization shall forfeit its membership interest in the Company and all of its rights as member in the Company shall be terminated no later than 90 days after the date on which it ceased to qualify as a qualifying organization. All qualifying members of the Company will expeditiously and vigorously enforce all of their rights in the Company and will pursue all legal and equitable remedies to protect their interests in the Company.

(c) Dedication of Assets.

(i) The property owned by the Company is irrevocably dedicated to exempt purposes within the meaning of Federal Tax Code Section 501(c)(3) and California Tax Code Section 214.

(ii) Upon dissolution, all assets remaining after the payment or provision for payment of debts and liabilities shall be distributed for use in furtherance of the exempt purposes of the Company set forth in Article 3 of this Agreement, to the St. Joseph Health Ministry ("SJHM"), a California nonprofit corporation and a qualifying organization that is organized and operated for exempt purposes within the meaning of Federal Tax Code Section 501(c)(3) and California Tax Code Section 214, if it is then in existence and a qualifying organization organized and operated exclusively for exempt purposes within the meaning of

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

Federal Tax Code Section 501(c)(3) and California Tax Code Section 214, as those sections now exist or may subsequently be amended.

(iii) If SJHM is not then in existence or a qualifying organization being so operated, then all remaining assets shall be distributed to the Sisters of St. Joseph of Orange (the "**Congregation**"), a California nonprofit corporation and a qualifying organization that is organized and operated for exempt purposes within the meaning of Federal Tax Code Section 501(c)(3) and California Tax Code Section 214, if it is then in existence and a qualifying organization organized and operated exclusively for exempt purposes within the meaning of Federal Tax Code Section 501(c)(3) and California Tax Code Section 214, as those sections now exist or may subsequently be amended.

(iv) If the Congregation is not then in existence or a qualifying organization being so operated, then all remaining assets shall be distributed to the participating health institutions affiliated with the Member, all of which are qualifying organizations that are organized and operated for exempt purposes within the meaning of Federal Tax Code Section 501(c)(3) and California Tax Code Section 214, in such proportions as may be determined by PSJH in its sole and reasonable discretion, if any such health institutions are still in existence and a qualifying organization organized and operated exclusively for exempt purposes within the meaning of Federal Tax Code Section 501(c)(3) and California Tax Code Section 214, as those sections now exist or may subsequently be amended.

(v) If there are no such health institutions in existence or being a qualifying organization so operated, then all remaining assets shall be distributed exclusively to another organization(s) organized and operated exclusively for exempt purposes within the meaning of Federal Tax Code Section 501(c)(3) and California Tax Code Section 214, and which has established its tax-exempt status under Federal Tax Code Section 501(c)(3) and California Tax Code Sections 214 and 23701d, as those sections now exist or may subsequently be amended.

(vi) The Company shall not distribute any assets to a member that ceases to be a qualifying organization, and the Company, interests in the Company (other than membership interests), or its assets may be availed of or transferred (whether directly or indirectly), to a nonmember that is not a qualifying organization only in exchange for fair market value.

(d) Limitations on Amendments. Any amendment to the Articles of Organization and the operating agreement must be consistent with Federal Code Section 501(c)(3) and California Tax Code Section 214, and such power to alter, amend or repeal the Articles of Organization and the Operating Agreement shall reside with the Member, subject to the reserved powers of PSJH.

(e) Limitations on Mergers and Conversions. The Company is prohibited from merging with, or converting into, a for-profit entity.

(f) Compliance with State Law. The Articles of Organization of the Company are consistent with the Act, and are enforceable at law and in equity.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

3.5. Hospital Ministries. Each of the four hospital ministries owned and operated by the Company shall be operated as a separate division, with its own budgets, financial statements, on-site management and workforce.

4. Term. The term of the Company shall be perpetual, unless the Company is earlier dissolved in accordance with Article 13.

5. Principal Place of Business. The principal place of business of the Company shall be in Irvine, California. The Manager may relocate the principal place of business or establish additional offices from time to time.

6. Registered Office and Registered Agent. The Company's registered agent is CT Corporation. The registered office and registered agent may be changed by the Governing Board from time to time in accordance with the requirements of the Act.

7. Member.

7.1. Name and Address. The name and address of the Member are as follows:

Name	Address
St. Joseph Health System	15480 Laguna Canyon Road. Irvine, CA 92618

7.2. Reserved Powers. The Company shall be operated and controlled by the Governing Board, except that certain powers shall be reserved to the Member and its corporate member, PSJH, to further the purposes and philosophy of the health care ministry of the Congregation, in accordance with the tradition, teachings, spirit and ethical principles of the Roman Catholic Church. The powers reserved to the Member may be initiated and exercised by the Member or if initiated by the Governing Board, must be submitted to and receive approval of the Member, and the action of the Member shall be final, subject to any further reserved rights of PSJH. The powers reserved to PSJH and the Member are set forth in the Authority Matrix.

7.3. Action by the Member. The Member shall act by vote of its governing board subject only to limitations or requirements imposed by the Articles of Incorporation, Bylaws, Authority Matrix of the Member, and/or applicable law.

7.4. Proof of Action. The vote, written assent or other action of the Member shall be evidenced by, and the Company shall be entitled to rely upon, a Certificate of the Secretary of the Member stating (i) the actions taken by the Member, (ii) that such actions were taken in accordance with the Articles of Incorporation and Bylaws of the Member, and (iii) the authorization of the Member for such certification.

7.5. Requests for Action by Member. Requests for action by the Member or its corporate member may be made through the Chief Executive of the Member or such other person as the Board of Trustees of the Member shall designate.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

7.6. Meetings of the Member. Meetings of the Member shall be held in accordance with its Bylaws and applicable law.

7.7. Limited Liability. Except as provided under the Act or as expressly set forth in this Agreement or another agreement (such as a guarantee), the Member shall not be personally liable for any debt, obligation or liability of the Company, whether that liability or obligation arises in contract, tort or otherwise.

8. Regulatory and Compliance Matters.

8.1. Compliance with Health Care Laws. The Member understands that the Company's operations are subject to the Health Care Laws, including the Anti-Kickback Statute. It is the intention of the Company and its Member that the Company be organized and operated in a manner that complies with the Anti-Kickback Statute and all other Health Care Laws.

8.2. Compliance Matters.

(a) The Member recognizes the need to conduct the operations of the Company in accordance with the highest standards of business ethics and integrity and in compliance with all applicable laws and regulations and governmental guidelines and pronouncements.

(b) The Company shall implement the Member's Integrity, Compliance and Privacy Program, which is substantially based on the seven (7) elements of an effective compliance program as defined in the United States Federal Sentencing Guidelines, Chapter 8, Part B and all applicable elements of the Health Insurance Portability and Accountability Act of 1996, 45 CFR, Parts 160 and 164 with respect to any of its activities that relate to such standards. The compliance plan shall require that any material or significant Compliance Issues be brought promptly to the Governing Board's attention. Upon request from either the Member or a member of the Governing Board, Company's counsel or a compliance officer shall cause a confidential report to be delivered to the Member and/or the Governing Board on material compliance-related issues.

9. Management of the Company.

9.1. Management by the Governing Board. The business, property and affairs of the Company shall be the responsibility of a board of managers (the "**Governing Board**"). Except for situations in which the approval of the Member is expressly required by the Articles of Organization, this Agreement, the Act, the Authority Matrix or the Operating Agreement of the Company, the Governing Board shall have, subject to this Agreement, and applicable law, full, complete and exclusive authority, power and discretion to oversee the business, property and affairs of the Company to make all decisions regarding the foregoing matters and to perform any and all other acts or activities customary or incident to the management of the Company's business, property, and affairs including resolving matters involving the scope and intent of the terms of this Agreement.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

9.2. Meetings of the Governing Board.

(a) Regular Meetings. Regular meetings of the Governing Board shall be held on such dates and at such times and places (not less than once each calendar quarter) as the Governing Board shall from time to time determine. Regular meetings may be held without notice.

(b) Special Meetings. Special meetings of the Governing Board shall be held whenever called by at least two (2) Managers, the Chair of the Governing Board or the President/Chief Executive of the Company, or the then applicable equivalent title. Special meetings of the Governing Board shall be held not less than ten (10) days after written notice is delivered to each Manager as provided in Section 17.11 (Notices). Notice of each such special meeting shall specify the date, time and place of the meeting, and shall specify the purpose of the meeting. Notice of any special meeting may be waived in writing (either before or after such meeting) and shall be waived by any Manager by attendance at or participation in the meeting, unless the Manager objects at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called, noticed or convened.

(c) Waiver. Whenever any notice is required to be given to any Manager under this Agreement, a waiver thereof in writing signed by such individual, whether before or after the time stated therein, shall be equivalent to the giving of such notice. All such waivers shall be made a part of the minutes of the meeting.

(d) Quorum for Meetings; Adjournment. The presence of a majority of Managers shall constitute a quorum at any meeting of the Governing Board. A majority of the Managers present, whether or not a quorum is present, may adjourn any meeting to another time and place. Notice of any adjournment to another time or place shall be given prior to the time of the adjourned meeting to the Managers who were not present at the time of the adjournment.

(e) Voting. Each Manager shall have one (1) vote on all matters. Managers may not vote by proxy.

(f) Manner of Acting; Minutes. If a quorum is present, the affirmative vote of a majority of the Managers present at a meeting of the Governing Board shall constitute the formal act of the Governing Board, except as may be otherwise specifically provided by the Act or this Agreement. Minutes of all meetings shall be maintained and distributed to each Manager promptly after each meeting.

(g) Action by Written Consent. Action required or permitted to be taken at a meeting of the Governing Board may be taken without a meeting if the action is evidenced by one or more written consents describing the action taken, executed by all Managers, and such consent shall have the same force and effect as a vote at a duly held meeting.

(h) Meeting Held by Telephone or Similar Communications Equipment. Meetings of the Governing Board may be conducted by conference telephone, electronic video screen communication or similar communications equipment, as long as all Managers participating in the meeting can speak to and be heard by each other at the same time, and participation by such means shall constitute presence in person at a meeting.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

(i) Conflicts of Interest Policy. The Governing Board shall adopt the Member's conflicts of interest policy to be applied to all Managers (the "**Conflicts of Interest Policy**"). The Conflicts of Interest Policy shall provide mechanisms for ensuring the disclosure of relevant financial interests and the manner in which such financial interests will be handled to prevent participation of interested Managers in Governing Board actions. The Conflicts of Interest Policy shall also provide that a conflict of interest shall not exist with respect to a Manager on account of such Manager's simultaneous service as an officer of a Member and that, as such, Managers shall be able to act on matters presented to the Governing Board for decision with due regard for the interests of such Member, even if such interests conflict with the interests of the Company.

9.3. Designation of Managers.

(a) The Company shall have no less than eleven (11) and no more than seventeen (17) persons ("**Managers**") serving on the Governing Board. The Member shall have the power and authority to appoint the Managers to the Governing Board, subject to the reserved powers of PSJH and using the selection criteria set forth in Appendix B. The President/Chief Executive Officer of SJHS or designee shall serve as an ex officio Manager of the Governing Board with the right to vote. SJHM shall designate one (1) individual to serve as a Manager ("Designated Manager"). The designee of St. Joseph Health Ministry shall be, by preference, a member of the Congregation, but may be an otherwise qualified individual.

(b) The term of office of the Managers shall be three (3) years, provided that the then-current Managers shall continue to serve in such capacity until their successors are duly appointed. Designated Managers will not have stated terms in office, but shall serve at the pleasure of SJHS or SJHM, respectively.

(c) Managers may be removed at any time by the Member.

(d) Managers may be re-elected for up to three (3) consecutive terms. Consecutive terms shall not exceed a total of nine (9) years. However, Designated Members shall be *ex officio* voting members of the Governing Board.

(e) Any Manager may resign at any time by giving written notice to the Governing Board without prejudice to the rights, if any, of the Company under any contract to which that Manager is a party. The resignation of any Manager shall take effect upon receipt of that notice or at such later time as shall be specified in the notice; and, unless otherwise specified in the notice, the acceptance of the resignation shall not be necessary to make it effective.

(f) A vacancy shall be declared in a seat on the Governing Board held by a Manager upon the death, disability, resignation or removal of such Manager. The Member shall fill the vacancy by appointing a replacement Manager.

9.4. Performance of Duties; Liability of Managers.

(a) Fiduciary Duties of Managers and Member. Pursuant to Section 17704.09 of the Act (as applicable to a manager-managed limited liability company):

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

(i) Each Manager owes the Company and the Member the fiduciary duties of loyalty and care.

(ii) Each Manager's duty of loyalty to the Company and the Member is limited to the following: (i) to account to the Company and hold as trustee for the Company any property, profit, or benefit derived by such Manager in the conduct and winding up of the activities of the Company or derived from a use by such Manager of the Company property, including the appropriation of a Company opportunity; (ii) to refrain from dealing with the Company in the conduct or winding up of the activities of the Company as or on behalf of a party having an interest adverse to the Company; and (iii) to refrain from competing with the Company in the conduct or winding up of the activities of the Company.

(iii) Each Manager's duty of care to the Company and the Member in the conduct and winding up of the activities of the Company is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law.

(iv) Each Manager and Member shall discharge its duties to the Company and the Member under the Act or this Agreement and exercise any rights consistent with the obligation of good faith and fair dealing.

(v) A Manager does not violate a duty or obligation under the Act or this Agreement merely because the Manager's conduct furthers the Manager's own interest.

(vi) Except as provided in the Act or this Agreement, a Member does not have any fiduciary duty to the Company or to any other Member solely by reason of being a Member.

(b) Certain Duties. In reference to the Managers' fiduciary duties under this Agreement, the Member acknowledges and agrees that (i) a Manager appointed to the Governing Board has and will continue to owe a fiduciary duty to the Member that appointed said Manager, (ii) a Manager is not required to disregard or subjugate his or her fiduciary duty to his or her appointing Member in order to meet any fiduciary obligation to the Company, and (iii) no Manager will be in breach of any fiduciary duty for acting consistently with the foregoing. Similarly, any officer or member of a committee of the Governing Board is not required to disregard or subjugate his or her fiduciary duty to his or her employer in order to meet a fiduciary obligation, if any, to the Company, and no such person will be in breach of any such fiduciary duty for acting consistently with the foregoing.

(c) Reliance on Others. In performing its duties, the Governing Board is entitled to rely on information, opinions, reports or statements, including, but not limited to, financial statements and other financial data, of the following persons or groups unless it has knowledge concerning the matter in question that would cause its reliance to be unwarranted, and provided that the Governing Board acts in good faith and after reasonable inquiry when the need therefor is indicated by the circumstances:

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

(i) One or more officers, employees or other agents of the Company whom the Governing Board reasonably believes to be reliable and competent in the matters presented;

(ii) Any attorney, independent accountant, valuation consultant, or other person as to matters that the Governing Board reasonably believes to be within the person's professional or expert competence; and

(iii) A committee (acting by a majority of its members) designated by the Governing Board, as to matters within its designated authority, if the Governing Board reasonably believes the committee merits its confidence.

(d) Devotion of Time. No Manager is obligated to devote all of his or her time or business efforts to the affairs of the Company, but shall devote whatever time, effort and skill he or she reasonably determines to be necessary and appropriate to satisfy his or her duties and obligations as a Manager.

9.5. No Compensation. Managers shall not be compensated for their services; however, the Company may reimburse the Managers for reasonable travel and other expenses incurred.

9.6. Designation of Officers. The Governing Board may, from time to time, set forth in writing a designation of officers of the Company, delegation to such officers such authority and duties as the Governing Board may deem advisable, and assignment of titles (including, but not limited to, chair, vice-chair, president, chief executive, vice-president, secretary and/or treasurer) to any such officer. Unless the Governing Board otherwise sets forth in writing, if the title assigned to an officer of the Company is one commonly used for officers of a business corporation formed under the California General Corporation Law, the assignment of such title shall constitute the delegation to such officer of the authority and duties that are customarily associated with such office pursuant to the California General Corporation Law. Any number of titles may be held by the same officer. Any officer to whom a delegation is made pursuant to this Section shall serve in the capacity delegated unless and until such delegation is revoked by the Governing Board or such officer resigns.

9.7. Agents. The Governing Board may authorize one or more agents to enter into any contract or to otherwise act on behalf of the Company. Such authority may be general or defined to specific instances, but shall not exceed the authority of the Governing Board under this Agreement. Unless authorized to do so by this Agreement or by the Governing Board, no employee or other agent of the Company shall have any power or authority to bind the Company in any way, to pledge its credit or to render it liable for any purpose.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

9.8. Committees.

(a) Committees of the Governing Board. The Governing Board may from time to time establish committees and task forces as it deems necessary or appropriate and may by resolution, policy, or otherwise establish the composition, role, and duties of any committees; provided that, no committee shall have the power to take or approve action requiring approval of the Governing Board or the Member, other than the Executive Committee of the Governing Board (the "Executive Committee"), which shall solely consist of Governing Board members. The Governing Board may delegate to the Executive Committee any of the powers and authority of the Governing Board, provided that the Executive Committee shall have power to act only during interval periods between meetings of the Governing Board. Appointments to and removal from committees will be proposed by Board Chair in consultation with the South Division Chief Executive, and approved by the Governing Board. The rules regarding notice, quorum and valid action of the committees shall be the same in substance as the procedures in Section 9.2(a) (Regular Meetings), Section 10.2(b) (Special Meetings), Section 9.2(c) (Waiver), Section 9.2(d) (Quorum of Meetings; Adjournment), Section 10.2(e) (Voting), Section 9.2(f) (Manner of Acting), Section 9.2(g) (Action by Written Consent), and Section 9.2(h) (Meeting Held by Telephone or Similar Communications Equipment), or otherwise as the Governing Board may agree.

(b) Committees may be formed by the Governing Board, consistent with the Governance Redesign Principles.

(c) Community Ministry Board. The Governing Board may, from time to time, delegate certain Board responsibilities to a Community Ministry Board as set forth in Community Ministry Board Bylaws or by policy. In matters that have been delegated by the Governing Board to a Community Ministry Board, the Community Ministry Board shall have full authority and be accountable to the Governing Board with respect to the matters delegated and shall serve as the governing body of the Corporation's Ministry for fulfilling such delegated responsibilities consistent with applicable federal and state laws and regulations, meeting Medicare conditions of participation requirements, and fulfilling compliance with The Joint Commission's requirements. The Medical Staff and Quality of Professional Services functions set forth in Section 14 and Section 15 are hereby delegated to the Community Ministry Boards.

10. Financial Matters.

10.1. Capital Contribution. The initial capital of the Company shall be received by mechanism of the Contribution Agreements. The Member may make additional capital contributions as it deems necessary or desirable from time to time.

10.2. Distributions. The Member may, in its discretion, cause the Company to make distributions of cash or other assets of the Company to the Member from time to time as permitted by the Act.

10.3. Rights of Creditors and Third Parties. This Agreement is entered into between the Company and the Member for the exclusive benefit of the Company, the Member, and their successors and assigns. This Agreement is expressly not intended for the benefit of any creditor of the Company or any other person. Except and only to the extent provided by applicable

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

statute, no creditor or third party shall have any rights under this Agreement or any agreement between the Company and the Member with respect to any contribution or otherwise.

10.4. Bank Accounts. All receipts, funds and income of the Company shall be deposited in an account or accounts in the name of the Company in such bank or banks as shall be designated by the Governing Board. All such bank accounts shall be owned by the Company, and the signatories for such bank accounts shall be persons designated by the Governing Board. The Governing Board may commingle the monies and funds of the Company with monies and funds of any other entity only pursuant to an appropriate cash management arrangement.

10.5. Accounting Decisions and Reliance on Others. All decisions as to accounting matters, except as otherwise specifically set forth herein, shall be made by the Member. The Governing Board may rely upon the advice of their accountants as to whether such decisions are in accordance with accounting methods followed for federal income tax purposes. Notwithstanding the foregoing, the Company shall be taxed as a corporation exempt from tax under Federal Tax Code Section 501(c)(3).

10.6. Accounting Year. The accounting year of the Company shall end on the last day of December of each year.

11. Accounting and Records. The books and records of the Company, showing the assets and liabilities, revenues and expenditures, and all other aspects of the operations, transactions and financial condition of the Company shall be kept, and the financial position and the results of its operations recorded, in accordance with the accounting method followed for federal income tax purposes. Such books initially shall be kept on an accrual basis; provided, however, that the Governing Board may from time to time change the accounting basis on which such books are kept as may be required or permitted by law. The books and records of the Company shall reflect all Company transactions and shall be appropriate and adequate for the Company's business. At a minimum, the Company shall keep at its principal place of business the following records:

(a) A current list of the full name and last known business or residence address of each Member set forth in alphabetical order, together with the capital contributions, Capital Account, Units and Percentage Interest of each Member;

(b) The full name and business or residence address of each Manager;

(c) A copy of the Articles of Organization and any and all amendments thereto together with executed copies of any powers of attorney pursuant to which the Articles or any amendments thereto have been executed;

(d) Copies of the Company's federal, state, and local income tax or information returns and reports, if any, for the six (6) most recent taxable years;

(e) A copy of this Agreement and, any all amendments hereto, together with executed copes of any powers of attorney pursuant to which this Agreement or any amendments thereto have been executed;

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

(f) Copies of the financial statements of the Company for the six (6) most recent years;

(g) The books and records of the Company as they relate to the internal affairs of the Company for at least the current and past four fiscal years; and

(h) A true copy of business records relevant to the amount, cost, and value of all property owned, claimed, possessed by, or controlled by the Company within any county in California.

12. Dissolution and Liquidation.

12.1. Events of Dissolution. The Company shall dissolve upon the earlier of:

(a) the written agreement of the Member;

(b) the sale, transfer or other disposition of all or substantially all of the Company's assets unless otherwise determined by the Member in writing;

(c) the entry of a decree of judicial dissolution under the Act; or

(d) The occurrence of any other event that makes it unlawful, impossible, or impractical to carry on the business of the Company.

12.2. Certificate of Dissolution. As soon as possible following the occurrence of any of the events specified in Section 12.1 (Events of Dissolution), the Member shall execute a Certificate of Dissolution in the form prescribed by the California Secretary of State and file the Certificate of Dissolution as required by the Act.

12.3. Winding Up. Upon the occurrence of any event specified in Section 12.1 (Events of Dissolution), the Company shall continue solely for the purpose of winding up its affairs in an orderly manner, liquidating its assets, and satisfying the claims of its creditors. The Governing Board shall be responsible for overseeing the winding up and liquidation of the Company, shall take full account of the liabilities of the Company and assets, shall either cause its assets to be sold or distributed, and if sold, as promptly as is consistent with obtaining the fair market value thereof, shall cause the proceeds therefrom, to the extent sufficient therefor, to be applied and distributed as provided in Section 12.4 (Order of Payments Upon Dissolution). The Governing Board winding up the affairs of the Company shall give written notice of the commencement of winding up by mail to all known creditors and claimants whose addresses appear on the records of the Company.

12.4. Order of Payments upon Dissolution. The proceeds of liquidation shall be applied first to the payment of all known debts and liabilities of the Company to creditors other than the Member, then to the payment of the Company's debts and liabilities to Member, and thereafter as provided in Section 3.4(c) (Dedication of Assets).

12.5. Certificate of Cancellation. The Governing Board shall cause to be filed in the office of, and on a form prescribed by, the California Secretary of State, a certificate of

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

cancellation of the Articles of Organization upon the completion of the winding up of the affairs of the Company.

13. Medical Staff.

13.1. Organization. The Community Ministry Board of each hospital ministry shall cause to be created a medical staff organization, to be known as the "Medical Staff" of the hospital ministry, whose membership shall be comprised of all physicians, dentists, podiatrists and clinical psychologists who are privileged to attend patients in the hospital ministry. The term "physician" shall include physicians licensed by the State of California regardless of whether they hold an M.D. or D.O. degree. Membership in this medical staff organization shall be prerequisite to the exercise of clinical privileges in each Hospital, except as otherwise specifically provided in the Medical Staff Bylaws.

13.2. Medical Staff Bylaws; the Rules and Regulations.

(a) Purpose. The Medical Staff shall have the initial responsibility to formulate, adopt, and recommend to the Community Ministry Board, Medical Staff Bylaws and the Rules and Regulations for its internal governance by a voting procedure specified in the Medical Staff Bylaws. Medical Staff Bylaws and the Rules and Regulations shall be effective only when approved by the Community Ministry Board, which approval shall not be unreasonably withheld. The Medical Staff Bylaws shall create an effective administrative unit to discharge the functions and responsibilities assigned to the Medical Staff by the Community Ministry Board. The Medical Staff Bylaws and the Rules and Regulations shall state the purposes, functions and organization of the staff and shall set forth the policies by which the Medical Staff exercises and accounts for its delegated authority and responsibilities.

(b) Procedure. Proposed Medical Staff Bylaw changes will be presented to a meeting of the Community Ministry Board and mailed, including electronic mail, to each Community Ministry Board member at least seven (7) days prior to the meeting at which a vote is to be taken on adoption of the proposed change. No Medical Staff Bylaws or amendments shall become effective without approval by the Community Ministry Board as hereinabove provided. If approval is withheld, the reasons for doing so shall be specified by the Community Ministry Board in writing, and forwarded to the Chief of Staff, and the Medical Executive Committee and Bylaws (if applicable) Committee.

(c) The Community Ministry Board may propose amendments to the Medical Staff Bylaws that it considers necessary for compliance with laws or accreditation requirements or for effective operation of any Hospital. Notice of such proposals will be delivered in writing to the Medical Executive Committee of the Medical Staff for consideration and processing. If the Medical Staff informs the Community Ministry Board that it disagrees with the proposed amendments, the Community Ministry Board shall consider and give great weight to Medical Staff recommendations and views during its deliberations, and will initiate the conflict management process set forth in Section 13.6 if such disagreement cannot be resolved informally. If the Medical Executive Committee does not respond to the Community Ministry Board's proposal within one hundred and eighty (180) days after receiving notice of it, the proposed Medical Staff Bylaws amendments will be deemed approved by the Medical Staff and become effective automatically.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

13.3. Medical Staff Membership and Clinical Privileges.

(a) Delegation to the Medical Staff. The Medical Staff shall have the initial responsibility and authority to investigate and evaluate all matters relating to Medical Staff membership, clinical privileges and corrective action, and shall make specific recommendations to the Community Ministry Board, in writing with appropriate supporting documentation, that will allow the Community Ministry Board to take informed action.

(b) Action by the Community Ministry Board. The Community Ministry Board shall consider all Medical Staff recommendations and take final action on all matters relating to Medical Staff membership, clinical privileges and corrective action. If the Community Ministry Board does not concur in a Medical Staff recommendation relative to Medical Staff membership, clinical privileges or corrective action, it shall refer the matter to an ad hoc committee consisting of three (3) members of the Medical Staff; one of whom shall be the Chief of Staff, three (3) non-physician members of the Community Ministry Board, and the Chief Executive Officer of the Hospital, for review and recommendation before a final decision is made by the Community Ministry Board. If the Medical Staff fails to adopt and submit any required recommendation within the time periods set forth in Medical Staff Bylaws, the Community Ministry Board shall act in any event. Such Community Ministry Board action without a Staff recommendation shall be based on the same kind of documented investigation and evaluation of current ability, judgment and character as is required for Staff recommendations.

(c) Criteria for Board Action. When acting on matters of Medical Staff membership, the Community Ministry Board shall consider the Medical Staff's recommendations, the needs of the ministry and the community, and the criteria set forth in the Medical Staff Bylaws and Rules. In determining whether to grant clinical privileges to a practitioner, the Community Ministry Board shall consider the Medical Staff's recommendations, the supporting information on which they are based, and the criteria set forth in the Medical Staff Bylaws. Membership and specific clinical privileges will be considered relative to, among other things, good patient care, professional qualifications, the Hospital's purposes, needs and capabilities, and community needs. Membership and privileges decisions shall be made in a non-discriminatory manner and no aspect of Medical Staff membership or clinical privileges shall be limited or denied to a practitioner on the basis of gender, age, race, creed, color or national origin, handicap or disability and all other protected classes under the federal and state laws.

(d) Terms and Conditions of Staff Membership and Clinical Privileges. The terms and conditions of Medical Staff membership and clinical privileges shall be specified in the Medical Staff Bylaws, and/or the Rules and Regulations (including any Department-specific rules and regulations), or as more specifically defined in the notice of individual appointment. Appointments to the Medical Staff may be for a maximum term of two (2) years.

(e) Procedure. The procedure to be followed by the Medical Staff and the Community Ministry Board in acting on matters of Medical Staff membership, clinical privileges and corrective action shall be specified in the Medical Staff Bylaws.

13.4. Fair Hearing Plan. Any adverse recommendation made by the Hospital's Medical Executive Committee and/or any adverse action taken by the Community Ministry Board with respect to a practitioner's Medical Staff membership, admitting prerogatives or clinical

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

privileges shall, except under circumstances for which specific provision is made in the Medical Staff Bylaws and/or by contract, be accomplished in accordance with the Community Ministry Board approved Fair Hearing Plan then in effect. Such Plan shall provide for procedure to assure fair treatment and afford opportunity for the presentation of all pertinent information. For the purposes of this Section, an "adverse recommendation" of the Medical Staff Executive Committee and an "adverse action" of the Board shall be as defined in the Fair Hearing Plan.

13.5. Allied Health Professionals. The Medical Staff shall have the initial responsibility and authority to investigate and evaluate each application by an allied health professional for specified services, department affiliation and modification in the services such allied health professional may perform. The Medical Staff or a designated component thereof shall make recommendations to the Community Ministry Board or to its designee on each such application.

13.6. Conflict Resolution between the Medical Staff and the Community Ministry Board. Conflict between the Medical Staff and the Community Ministry Board is resolved according to the Dispute Resolution Policy, as such policy may be amended from time to time, subject to the approval of such policy by the Hospital's Medical Executive Committee and the Community Ministry Board.

14. Quality of Professional Services.

14.1. Community Ministry Board Responsibility. The Community Ministry Board is ultimately accountable for the safety and quality of care, treatment and services provided at each Hospital. The Community Ministry Board shall require that: (a) the Medical and Administrative Staffs prepare and maintain adequate and accurate medical records for all patients; (b) there is one level of patient care in each Hospital, so that all patients with the same health problems receive the same level of care, consistent with the professional standards of the community and the Hospital, and that no patient is discriminated against on the basis of race, creed, color, age, religion, sex or ability to pay; and (c) the person responsible for each basic and supplemental medical service cause written policies and procedures to be developed and maintained and that such policies be approved by the Community Ministry Board. The Community Ministry Board shall further require, after considering the recommendations of the Medical Staff, the conduct of specific review and evaluation activities to assess, preserve and improve the overall quality and efficiency of patient care in the ministry. The Community Ministry Board shall provide whatever administrative assistance is reasonably necessary to support and facilitate the implementation and ongoing operation of these review and evaluation activities.

14.2. Accountability to the Community Ministry Board. Each Medical Staff shall be accountable to the Community Ministry Board for conducting activities that contribute to the preservation and improvement of the quality and efficiency of patient care provided in each Hospital. These activities shall include:

(a) The conduct of periodic meetings at regular intervals to review and evaluate the quality of patient care through a valid and reliable patient care audit procedure based upon a review of patient medical records;

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

(b) Ongoing monitoring of patient care practices through the defined functions of the Medical Staff, the other professional services and ministry administration;

(c) Definition of the clinical privileges which may be appropriately granted within the ministry and within each department, delineation of clinical privileges for members of the Medical Staff commensurate with individual credentials and demonstrated ability and judgment, and assignment of patient care responsibilities to other health care professionals consistent with individual licensure, qualifications and demonstrated ability;

(d) Provision of continuing professional education, shaped primarily by the needs identified through the review and evaluation activities;

(e) Review of utilization of the Hospital's medical resources to provide for their allocation to meet the needs of the patients;

(f) Provision of input to and consultation on quality of care issues at the Hospital; and

(g) Such other measures as the Community Ministry Board may, after considering the advice of the Medical Staff and other professional services and ministry administration, deem necessary for the preservation and improvement of the quality and efficiency of patient care.

14.3. Documentation. The Community Ministry Board shall receive, consider and act upon the findings and recommendations emanating from the activities required by Section 14.2. All such findings and recommendations shall be in writing, signed by the persons responsible for conducting the review activities and supported and accompanied by appropriate documentation upon which the Community Ministry Board can take informed action.

15. Indemnification. The Company shall indemnify the Member and each Manager from and against any loss, liabilities, judgments, settlements, penalties, fines or expenses (including legal fees and expenses) incurred in a proceeding to which the Member (and the Member's officers, directors, trustees, members, officers and employees) or a Manager is a party because he, she or it is, or was, a Member or a Manager; *provided*, that a Member or a Manager shall not be indemnified from or on account of acts or omissions of the Member or the Manager finally adjudicated to be a breach of this Agreement, gross negligence or reckless or intentional misconduct or a knowing violation of law by the Member or the Manager, conduct of a Member or a Manager adjudged to be in violation of the Act, or any transaction with respect to which it was finally adjudged that such Member or Manager received a benefit in money, property or services to which such Member or Manager was not legally entitled. The right to indemnification conferred in this Section 16 shall be a contract right and shall include the right to be paid by the Company the expenses incurred in defending any such proceeding in advance of its final disposition; *provided*, that the payment of such expenses in advance of the final disposition of a proceeding shall be made only upon delivery to the Company of an undertaking, by or on behalf of such Member or Manager to repay all amounts so advanced if it shall ultimately be determined that such Member or Manager is not entitled to be indemnified under this Section 16 or otherwise; *provided, further*, no Member or Manager shall be entitled to be paid such expenses in advance of

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

final disposition in a proceeding that is brought against such Member or Manager by the Company or the Member.

The right to indemnification and payment of expenses incurred in defending a proceeding in advance of its final disposition conferred in this Section 16 shall not be exclusive of any other right any Member or Manager may have or hereafter acquire under any statute, this Agreement, vote of the Member or otherwise.

No repeal or modification of the Act or this Section 16 shall adversely affect any right of a Member or a Manager to indemnification existing at the time of such repeal or modification for or with respect to indemnification related to an act or omission of such Member or Manager occurring prior to such repeal or modification.

The Governing Board may purchase insurance with respect to its indemnity obligations under this Section 16.

16. Limitation of Liability. No Member or Manager shall have liability to the Company or its Member for monetary damages for conduct as a Member or a Manager, except for acts or omissions that involve a breach of this Agreement, gross negligence or reckless or intentional misconduct, a knowing violation of law, conduct violating the Act, or for any transaction from which the Member or the Manager has personally received a benefit in money, property or services to which the Member or the Manager was not legally entitled. If the Act is hereafter amended to authorize Company action further limiting the personal liability of the Member or Managers, then the liability of each Member or Manager shall be eliminated or limited to the full extent permitted by the Act, as so amended. No repeal or modification of the Act or this Section 17 shall adversely affect any right or protection of a Member or a Manager existing at the time of such repeal or modification for or with respect to an act or omission of such Member or Manager occurring prior to such repeal or modification.

17. Miscellaneous.

17.1. Assignment. The Member may assign in whole or in part its membership interest in the Company, subject to the reserved powers of PSJH.

17.2. Governing Law. This Agreement shall be construed and enforced in accordance with the internal laws of the State of California, including without limitation, the Act, without regard to the conflict of law's provisions thereof.

17.3. Amendments. This Agreement may not be amended except by the written agreement of the Member.

17.4. Construction. Whenever the singular number is used in this Agreement and when required by the context, the same shall include the plural and vice versa, and the masculine gender shall include the feminine and neuter genders and vice versa.

17.5. Headings. The headings in this Agreement are inserted for convenience only and shall not affect the interpretation of this Agreement.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

17.6. Waivers. The failure of any person to seek redress for violation of or to insist upon the strict performance of any covenant or condition of this Agreement shall not prevent a subsequent act, which would have originally constituted a violation, from having the effect of an original violation.

17.7. Severability. If any provision of this Agreement or the application thereof to any person or circumstance shall be invalid, illegal or unenforceable to any extent, the remainder of this Agreement and the application thereof shall not be affected and shall be enforceable to the fullest extent permitted by law.

17.8. Counterparts; Electronic Signature. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original and all of which together shall be deemed to be one and the same agreement. This Agreement may be executed by facsimile or pdf signature by any party and such signature shall be deemed binding for all purposes hereof.

17.9. Successors and Assigns. Each and all of the covenants, terms, provisions and agreements herein contained shall be binding upon and inure to the benefit of the parties hereto and, to the extent permitted by this Agreement, their respective legal representatives, successors and assigns.

17.10. Entire Agreement. This Agreement, together with Appendices A and B, constitutes the entire Agreement between the parties hereto and supersedes any prior agreements, understandings and arrangements, oral or written, between the parties hereto with respect to the subject matter hereof.

17.11. Notices. All notices, demands, requests, consents, reports, approvals, or other communications which may be or are required to be given, served, or sent pursuant to this Agreement shall be in writing and shall be (i) provided through Electronic Transmission by the Company or Electronic Transmission to the Company, (ii) mailed by first-class, registered or certified mail, return receipt requested, postage prepaid, (iii) hand-delivered, or (iv) delivered by overnight carrier. Notices shall be addressed to the Member as set forth in this Agreement, and addressed to the Company at the principle offices of the Company specified in this Agreement. Each Member or Company may designate by notice in writing a new address to which any such notice may thereafter be so given, served, or sent. Each notice which shall be mailed or transmitted in the manner described above shall be deemed sufficiently given, served, sent, or received for all purposes at such time as it is delivered to the addressee (with the return receipt or the delivery receipt being deemed conclusive evidence of such delivery) or at such time as delivery is refused by the addressee upon presentation.

Appendix A

Definitions

For purposes of this Agreement, the following terms shall have the meanings set forth in this Appendix A.

"**Act**" means California Revised Uniform Limited Liability Company Act, codified in California Corporations Code Section 17701.01 *et seq*., as it may be amended from time to time.

"**Agreement**" means this Operating Agreement, as originally executed and as may be amended in the future from time to time.

"**Authority Matrix**" means the Member's Sponsorship/Governance/Management Authority matrix as the same may be amended from time to time.

"**California Tax Code**" has the meaning set forth as Section 4.4(a)(i) of the Agreement.

"**Company**" has the meaning set forth in the preamble to this Agreement

"**Compliance Issue**" means any event relating to the business or operations of Company, form or structure of the Company, or the performance by any person of any term, covenant, condition or provision of this Agreement that is likely to expose Company or the Member to a material risk of non-compliance with applicable laws and regulations and governmental guidelines and pronouncements, including but not limited to the Health Care Laws.

"**Conflict of Interest Policy**" has the meaning set forth in Section 10.2(i) of this Agreement.

"**Congregation**" has the meaning set forth in Section 4.4(c)(iii) of this Agreement.

"**Contribution Agreements**" means the contribution agreements with each of Santa Rosa Memorial Hospital, Queen of the Valley Medical Center, St. Joseph Hospital of Eureka and Redwood Memorial Hospital of Fortune.

"**Electronic Transmission by the Company**" means a communication (i) delivered by facsimile telecommunication or electronic mail when directed to the facsimile number or electronic mail address, respectively, for that recipient on record with the Company, (ii) delivered to a recipient who has provided an unrevoked consent to the use of those means of transmission for communications under or pursuant to this Agreement, and (iii) that creates a record that is capable of retention, retrieval, and review, and that may thereafter be rendered into clearly legible tangible form.

"**Electronic Transmission to the Company**" means a communication (i) delivered by facsimile telecommunication or electronic mail when directed to the facsimile number or electronic mail address, respectively, that the Company has provided from time to time to the Member or Managers for sending communications to the Company, and (ii) that creates a record

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

that is capable of retention, retrieval, and review, and that may thereafter be rendered into clearly legible tangible form.

"**ERDs**" means *The Ethical and Religious Directives of Catholic Health Care Services* issued by the United States Conference of Catholic Bishops ("USCCB"), modified or amended from time to time by the USCCB, and applied or promulgated by the local Bishops.

"**Federal Tax Code**", as in Federal Tax Code Section, means the Internal Revenue Code of 1986, as amended.

"**Governing Board**" has the meaning set forth in Section 9.1 of this Agreement.

"**Health Care Laws**" means, to the extent applicable, (i) the False Claims Act, 31 U.S.C. §§3729 et seq.; (ii) Civil Monetary Penalties Law, 42 U.S.C. §1320a 7a; (iii) federal and state anti-kickback statutes, including, but not limited to, 42 U.S.C. §1320a 7b (also known as the "Anti-Kickback Statute"); (iv) federal and state referral laws, including, but not limited to 42 U.S.C. §1395nn (also known as the "Stark Law"); (v) criminal false claims statutes (e.g., 18 U.S.C. §§ 287 and 1001), (vi) the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. § 3801 et seq.), (vii) the anti-fraud and related provisions of the Health Insurance Portability and Accountability Act of 1996, as amended by the Health Information Technology Economic Clinical Health Act of 2009 (e.g., 18 U.S.C. §§ 1035 and 1347), (viii) TRICARE Laws (10 U.S.C. § 1071 et seq.), (ix) rules or regulations promulgated pursuant to any of the foregoing statutes; (x) the laws regulating insurance, health benefit plans, carriers, insurers and issuers contained in Title 48 of the Revised Code of Washington, or (xi) any other federal or state law or regulation of general applicability to health care services fraud and kickback/fee-splitting prohibitions governing or regulating the delivery of health care services and management of health care providers, or regulating medical billing or reimbursement, including but not limited to all applicable Medicare and Medicaid statutes and regulations, in each case including the regulations promulgated under such laws, as amended and superseded from time to time.

"**Hospitals**" has the meaning set forth in Section 2 of the Agreement.

"Managers" has the meaning set forth in Section 9.3(a) of this Agreement.

"Member" means St. Joseph Health System, a California nonprofit public benefit corporation.

"Principles for Governance Redesign" means the Principles for Redesigned Governance Model within St. Joseph Health adopted by the Member.

"**PSJH**" means Providence St. Joseph Health, a Washington nonprofit corporation.

"SJHM" means St. Joseph Health Ministry.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

APPENDIX B

GOVERNING BOARD SELECTION CRITERIA

The specific skill set of the Governing Board will reflect their authority over strategy, the financial plan, quality and safety, and the needs of the Ministries. The skills required on the Governing Board will vary from time to time based on the strategic focus and requirements of the South Division.

IT IS EXPECTED THAT EACH MEMBER OF THE GOVERNING BOARD WILL HAVE THE FOLLOWING QUALIFICATIONS:

To effectively serve and advocate on behalf of the South Division it serves, every effort will be made to ensure a Governing Board composition that reflects the demographic profile (i.e. age, gender, race and ethnicity) of the South Division qualified candidates who bring clinical expertise (e.g. physicians, nurses, allied health professionals) will be sought out, as will individuals who bring understanding of a Service Area's populations, health statuses, and available services. Additional qualifications include:

- Understanding and commitment to Providence St. Joseph Health's (PSJH) Mission, Values and Vision of Health for a Better World.
- Willingness to commit sufficient time to successfully complete roles, responsibilities, goals and duties of the Board.
- Ability to work as part of a team.
- Basic understanding of PSJH's strategic plan.
- Strong communication skills.
- Basic financial knowledge, or willingness to acquire the same, to read and interpret financial statements.
- Willingness to act as a role model and change agent.
- Understanding of the difference between governance and management.
- Commitment to continuous education regarding governance and strategic issues.
- Demonstrated experience in community engagement and/or cultural competency.

Expectations of Members

- **Values.** A Board member reflects the PSJH Values and acts ethically, honestly and in good faith to make decisions that are in the best interest of patients and of the Company and PSJH.
- **Service to Organization.** A Board member serves the Company and PSJH as a whole, rather than any Service Area, department, medical group or constituency. A Board member carries no individual authority and agrees to act in a manner consistent with being a leader of the Company and PSJH.
- **Confidentiality.** A Board member respects the confidentiality of matters brought before the Board.
- **Conflict of Interest.** A Board member complies with the PSJH's Conflict of Interest Policy and shall disclose potential conflicts of interest.

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

- **Teamwork.** A Board member agrees to work positively, cooperatively and respectfully with all members and the management team in the performance of his or her duties. A Board member will listen to all members and act in the best interest of the Company. Understanding and respecting the differences between governance and management.
- **Policy Solidarity.** A Board member supports the decisions and policies of the Board in discussions with outsiders, even if the member holds another view or voiced another opinion during Board discussion or was absent from the governing Board meeting where an issue was discussed.
- **Participation.** A Board member comes prepared to meetings, to ask informed questions, and make constructive contribution to discussions and decision-making.
- **Attendance.** Board members are expected to attend all Board meetings in person or by telephonic/electronic means. If missing a meeting is unavoidable, Board members will notify the Board Chair at their earliest convenience. Lack of consistent attendance may be considered during reappointment process.

Selection Criteria Includes:

Understands, Accepts Expectations of Board Membership
Willing and supportive of Mission & Values
Compatible spirituality
Accepts, understands role in carrying out purposes and mission
Accepts, follows governing documents
Energetic support of Vision, Mission, Values, and policies
Exercises responsibilities in accordance with duties of oversight, care and loyalty
Provides advice, input on strategic direction, financial performance
Represents broader community in decision making
Understands, supports roles of PSJH, the Division, and service areas including their interdependence and need to maximize and improve the whole of PSJH and the Division, at times by subordinating the needs of the individual Service Area and/or Division for the good of the system
Understands, willing to undertake board member responsibilities
Commitment to Mission and Affairs of the Organization
Participate in oversight of effective governance, including succession planning
Understands differing roles between the Community Boards and the System Board
Integrates mission into decision making
Commitment to justice for the poor and underserved
Promotes, maintains positive external relationships with communities, business, government, funding sources, other health-related organizations
Willingness to engage in ongoing formation including understand the legacy, mission and vision of the founders of PSJH
Strategic/System Thinking
Understands, accepts complex, multi-location, multi-product health care system
Understands, supports role of the Division Board within PSJH and system needs overall
Has ability to anticipate system-side consequences to local decisions
Strong understanding of the varied health status, social services and populations served across the Division

Docusign Envelope ID: 3394EE9B-5121-46D6-B34A-72BA5C691FD4

Understanding Healthcare Quality, Patient Safety
Actively engage in oversight to improve the Division's outcomes for patient safety, quality
Review, understand national practice standards, reports
Interpersonal/Group Skills
Relates well with others, when not in agreement – engages in productive conversations
Mediates various stakeholder interests for common good
Willingness to accept, understand differing viewpoints
Understands difference between management and governance, respects both
Personal Integrity
Has mature, moral judgement
Is accountable
Able to seek clarity, accept uncertainty
Willing to contribute own expertise
Commitment to Learning and Change
Willing to develop new skills and expertise in new areas
Willing to test and apply new concepts and assess risk
Receptive to new ideas and approaches
Willing to understand and accept that certain policies, services will be decided by PSJH

ARTICLES OF INCORPORATION
OF
PROVIDENCE ST. JOSEPH HEALTH

ARTICLE 4
PURPOSES

The Corporation has been formed to directly conduct activities that will achieve the charitable purposes set forth in this Article. The Corporation shall at all times be organized and operated exclusively for charitable, scientific, and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or the corresponding provision of any future United States Internal Revenue law (the "**Code**"). Further, the Corporation is organized and shall be operated exclusively for the benefit of, to perform the functions of, or to carry out the purposes of those specified organizations listed on Exhibit A, all of which are organizations described in the Code and other than private foundations by reason of their being described in Section 509(a)(1) or Section 509(a)(2) of the Code. Consistent with the foregoing, the Corporation has been formed to directly conduct activities that will achieve the following purposes:

(a) To serve as the parent corporation for Providence Health & Services, a Washington nonprofit corporation ("**PH&S**") and St. Joseph Health System, a California nonprofit public benefit corporation ("**SJHS**");

(b) To maintain the relationships PH&S and SJHS have established with like-minded faith-based and secular organizations, and in such capacity provide overall mission, vision, strategic, financial and operational direction for such ministries and organizations;

(c) To facilitate the establishment, operation, management and maintenance for charitable purposes of, hospitals, nursing homes, and other health care, educational, and social service facilities and programs designed to meet the health, educational and social needs of the communities served by the Corporation;

(d) To facilitate the establishment, operation and maintenance for charitable purposes of, programs that provide high-quality, cost-effective health care and related services with particular consideration for the special needs of the poor and vulnerable in the communities the Corporation serves;

(e) To facilitate the provision of scientific research, educational, charitable and such other activities, services and programs related to its ministries;

(f) To engage, as appropriate, in other charitable works which are consistent with the objectives of the Corporation and the mission and values of Providence Ministries and St. Joseph Health Ministry (the "**Co-Sponsors**"); and

(g) To do any and all other things in furtherance of these purposes which are consistent with the laws of the State of Washington, the guiding principles of the Co-Sponsors, and the Corporation's mission, vision and values, with reference to the Roman Catholic moral

tradition, as articulated in documents such as the *Ethical and Religious Directives for Catholic Health Care Services* as promulgated from time to time by the United States Conference of Catholic Bishops.

No part of the net earnings of the Corporation shall inure to the benefit of, or be distributable to, the Corporation's directors, officers, or other persons, except that the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein. No substantial part of the activities of the Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of, or in opposition to, any candidate for public office except as authorized under the Code. The Corporation shall not carry on any other activities not permitted to be carried on by a corporation exempt from federal income tax under Code Section 501(c)(3) or by a corporation, contributions to which are deductible under Code Section 170(c)(2).

ARTICLE 5
DISSOLUTION

Upon dissolution or liquidation of the Corporation, its Board of Directors shall, after paying or making provision for the payment of all of the liabilities of the Corporation, dispose of all of the assets of the Corporation to a recipient entity selected by the Board of Directors, upon approval of the Co-Sponsors, that is organized and operated exclusively for charitable, educational, religious or scientific purposes and qualifies as an exempt organization under Section 501(c)(3) of the Code. If, at the time of dissolution, no such entity is selected, the Board of Directors shall dispose of all of the corporate assets to any other organization(s) selected by the Co-Sponsors, provided that each such recipient entity is then in existence and organized and operated exclusively for charitable, educational, religious or scientific purposes and qualifies at that time for exemption under the Code. Any property and assets not so disposed of by the Board of Directors shall be disposed of by a court of competent jurisdiction in the State of Washington to an entity organized and operated exclusively for charitable, educational, religious or scientific purposes and qualifies as an exempt organization under Section 501(c)(3) of the Code, to be used in such a manner as to accomplish the general health care purposes for which the Corporation is organized.

ARTICLE 4
PURPOSES

The Corporation has been formed to directly conduct activities that will achieve the charitable purposes set forth in this Article. The Corporation shall at all times be organized and operated exclusively for charitable, scientific, and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or the corresponding provision of any future United States Internal Revenue law (the "**Code**"). Further, the Corporation is organized and shall be operated exclusively for the benefit of, to perform the functions of, or to carry out the purposes of those specified organizations listed on Exhibit A, all of which are organizations described in the Code and other than private foundations by reason of their being described in Section 509(a)(1) or Section 509(a)(2) of the Code. Consistent with the foregoing, the Corporation has been formed to directly conduct activities that will achieve the following purposes:

(a) To serve as the parent corporation for Providence Health & Services, a Washington nonprofit corporation ("**PH&S**") and St. Joseph Health System, a California nonprofit public benefit corporation ("**SJHS**");

(b) To maintain the relationships PH&S and SJHS have established with like-minded faith-based and secular organizations, and in such capacity provide overall mission, vision, strategic, financial and operational direction for such ministries and organizations;

(c) To facilitate the establishment, operation, management and maintenance for charitable purposes of, hospitals, nursing homes, and other health care, educational, and social service facilities and programs designed to meet the health, educational and social needs of the communities served by the Corporation;

(d) To facilitate the establishment, operation and maintenance for charitable purposes of, programs that provide high-quality, cost-effective health care and related services with particular consideration for the special needs of the poor and vulnerable in the communities the Corporation serves;

(e) To facilitate the provision of scientific research, educational, charitable and such other activities, services and programs related to its ministries;

(f) To engage, as appropriate, in other charitable works which are consistent with the objectives of the Corporation and the mission and values of Providence Ministries and St. Joseph Health Ministry (the "**Co-Sponsors**"); and

(g) To do any and all other things in furtherance of these purposes which are consistent with the laws of the State of Washington, the guiding principles of the Co-Sponsors, and the Corporation's mission, vision and values, with reference to the Roman Catholic moral

tradition, as articulated in documents such as the *Ethical and Religious Directives for Catholic Health Care Services* as promulgated from time to time by the United States Conference of Catholic Bishops.

No part of the net earnings of the Corporation shall inure to the benefit of, or be distributable to, the Corporation's directors, officers, or other persons, except that the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein. No substantial part of the activities of the Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of, or in opposition to, any candidate for public office except as authorized under the Code. The Corporation shall not carry on any other activities not permitted to be carried on by a corporation exempt from federal income tax under Code Section 501(c)(3) or by a corporation, contributions to which are deductible under Code Section 170(c)(2).

ARTICLE 5
DISSOLUTION

Upon dissolution or liquidation of the Corporation, its Board of Directors shall, after paying or making provision for the payment of all of the liabilities of the Corporation, dispose of all of the assets of the Corporation to a recipient entity selected by the Board of Directors, upon approval of the Co-Sponsors, that is organized and operated exclusively for charitable, educational, religious or scientific purposes and qualifies as an exempt organization under Section 501(c)(3) of the Code. If, at the time of dissolution, no such entity is selected, the Board of Directors shall dispose of all of the corporate assets to any other organization(s) selected by the Co-Sponsors, provided that each such recipient entity is then in existence and organized and operated exclusively for charitable, educational, religious or scientific purposes and qualifies at that time for exemption under the Code. Any property and assets not so disposed of by the Board of Directors shall be disposed of by a court of competent jurisdiction in the State of Washington to an entity organized and operated exclusively for charitable, educational, religious or scientific purposes and qualifies as an exempt organization under Section 501(c)(3) of the Code, to be used in such a manner as to accomplish the general health care purposes for which the Corporation is organized.

EXHIBIT 4 TO

SECTION 999.5(d)(4)(A)

AMENDED AND RESTATED BYLAWS
OF
PROVIDENCE ST. JOSEPH HEALTH

ARTICLE I

CORPORATION

Section 1.1 Corporate Name. The name of the corporation shall be Providence St. Joseph Health, a Washington nonprofit corporation (the "**Corporation**").

Section 1.2 Formation and Description. The Corporation is formed as a nonprofit corporation organized and existing under the laws of the State of Washington. The Corporation shall serve as the common parent corporation of two (2) Catholic health care systems, Providence Health & Services (a Washington nonprofit corporation) ("**PH&S**") and St. Joseph Health System (a California nonprofit public benefit corporation) ("**SJHS**") and thereby jointly govern PH&S and SJHS as an integrated health care system built upon complementary missions, visions, values and principles.

Section 1.3 Canonical Co-Sponsors. The Corporation is affiliated with the Roman Catholic Church, and has as its canonical sponsors Providence Ministries and St. Joseph Health Ministry, each of which is recognized as a public juridic person for Canon law purposes (referred each individually as a "**Sponsor**" and together as the "**Co-Sponsors**"). The Co-Sponsors shall act by and through a council formed by representatives of the Co-Sponsors (the "**Co-Sponsors Council**").

Section 1.4 Purposes. The Corporation shall at all times be organized and operated exclusively for charitable, scientific, and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or the corresponding provision of any future United States Internal Revenue law (the "**Code**"). The Corporation has been formed for the following purposes:

(a) To serve as the parent corporation for PH&S and SJHS;

(b) To maintain the relationships PH&S and SJHS have established with like-minded faith-based and secular organizations, and in such capacity provide overall mission, vision, strategic, financial and operational direction for such ministries and organizations;

(c) To facilitate the establishment, operation, and maintenance for charitable purposes of, hospitals, nursing homes, and other health care, educational, and social service facilities and programs designed to meet the health, educational and social needs of the communities served by the Corporation;

(d) To facilitate the establishment, operation and maintenance for charitable purposes of, programs that provide high-quality, cost-effective health care and related services with particular consideration for the special needs of the poor and vulnerable in the communities the Corporation serves;

(e) To facilitate the provision of scientific research, educational, charitable and such other activities, services and programs related to its ministries;

(f) To engage, as appropriate, in other charitable works which are consistent with the objectives of the Corporation and the mission and values of the Co-Sponsors; and

(g) To do any and all other things in furtherance of these purposes which are consistent with the laws of the State of Washington, the guiding principles of the Co-Sponsors, and the Corporation's mission, vision and values, with reference to the Roman Catholic moral tradition, as articulated in documents such as the *Ethical and Religious Directives for Catholic Health Care Services* as promulgated from time to time by the United States Conference of Catholic Bishops (the "**Ethical and Religious Directives**").

Section 1.5 Nonprofit Organization. All of the assets and the earnings of the Corporation shall be used and applied in furtherance of the nonprofit, tax-exempt purposes set forth above and in the Corporation's Articles of Incorporation ("**Articles of Incorporation**"). Furthermore:

(a) No part of the net earnings of the Corporation shall inure to the benefit of, or be distributable to, its Directors (as defined in Section 5.3), Officers (as defined in Section 6.1), or other persons, except that the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein;

(b) No substantial part of the activities of the Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of, or in opposition to, any candidate for public office except as authorized under the Code; and

(c) Notwithstanding any other provision of these Bylaws, the Corporation shall not carry on any other activities not permitted to be carried on by a corporation exempt from federal income tax under Code Section 501(c)(3) or by a corporation, contributions to which are deductible under Code Section 170(c)(2).

Section 1.6 Corporate Dissolution. Upon dissolution of the Corporation, any assets shall be distributed in the manner set forth in the Articles of Incorporation.

ARTICLE II

OFFICES

Section 2.1 Principal Office. The principal office of the Corporation shall be located at 1801 Lind Avenue SW, #9016, Renton, WA 98057-9016.

Section 2.2 Other Offices. The Corporation may also have offices at such other places both within and without the State of Washington as the Board of Directors may from time to time determine or as the business of the Corporation may require.

ARTICLE III

MEMBER

The sole member of the Corporation shall be the Co-Sponsors Council, which shall act through its members (the "**Member**").

ARTICLE IV

CO-SPONSORS

Section 4.1 Powers Reserved to the Co-Sponsors. The Co-Sponsors, acting through the Co-Sponsors Council, shall have the right to exercise reserved powers with respect to the Corporation, as set forth in the Governance Matrix attached hereto at Exhibit 4.1 (the "**Governance Matrix**").

Section 4.2 Recognition of Co-Sponsor Heritage. The Corporation will publicly recognize and honor the heritage of the Co-Sponsors, and will continue to foster close and ongoing relationships with the Co-Sponsors and their respective participating congregations.

Section 4.3 Executive Vice President of Mission Integration. The Corporation shall have an Executive Vice President of Mission Integration who shall be appointed by the President and CEO in a collaborative manner with the Co-Sponsors Council. The Executive Vice President of Mission Integration shall have general charge and responsibility for mission integration for the Corporation.

ARTICLE V

BOARD OF DIRECTORS

Section 5.1 General Powers. The Corporation's Board of Directors (the "**Board of Directors**" or "**Board**") shall exercise general governance and control over the affairs of the Corporation, and shall exercise its powers and control its property. The Board shall have the power and authority, subject to rights reserved to the Co-Sponsors Council, to do and perform all acts or functions which may be exercised or performed by the Corporation under the laws of the State of Washington, these Bylaws and the Articles of Incorporation.

Section 5.2 Selection Criteria for Directors. The Corporation, in close consultation with the Co-Sponsors Council, shall establish a process for evaluating the selection criteria for individuals nominated to serve on the Board of Directors. The Nominating Committee (as described at Section 7.7) shall adhere to established criteria when nominating individuals to serve on the Board.

Section 5.3 Composition of the Board. Except as otherwise set forth herein, the business and affairs of the Corporation shall be governed by a Board of Directors numbering not less than eight (8) or more than fifteen (15) individuals (each a "**Director**") with the number of Directors set from time to time upon resolution of the Board, subject to the rights reserved to the Co-Sponsors Council; *provided that* a decrease in the number of Directors shall not operate to

shorten the term of any Director then serving. The President and CEO (as described in Section 6.3) shall serve on the Board *ex-officio*, with vote.

Section 5.4 Initial Board.

(a) Notwithstanding Section 5.3, effective as of the effective date of these Bylaws, the Corporation's initial Board of Directors shall consist of fifteen (15) voting Directors, as follows: seven (7) Directors appointed by PH&S and approved by PH&S' Sponsor (the "**PH&S Appointed Directors**") and seven (7) Directors appointed by SJHS and approved by SJHS' Sponsor (the "**SJHS Appointed Directors**", and together with the PH&S Appointed Directors, the "**Initial Directors**"), and the President and CEO, who shall serve *ex-officio* with vote.

(b) Each Initial Director elected shall be slated to serve in one (1) of three (3) classes of Initial Directors, as follows:

(1) Class A Directors: Shall serve one (1) three (3)-year term and shall not be eligible for reappointment;

(2) Class B Directors: Shall serve an initial three (3)-year term and shall be eligible for reappointment for one additional three (3)-year term; and

(3) Class C Directors: Shall serve an initial three (3)-year term and shall be eligible for reappointment for two additional three (3)-year terms.

(c) Of the Initial Directors, four (4) Directors would be allocated to Class A (two (2) PH&S Appointed Directors and two (2) SJHS Appointed Directors), four (4) Directors to Class B (two (2) PH&S Appointed Directors and two (2) SJHS Appointed Directors), and six (6) Directors to Class C (three (3) PH&S Appointed Directors and three (3) SJHS Appointed Directors).

Section 5.5 Election of Directors; Process of Election. The Board shall be self-perpetuating, with Directors elected without regard for representational requirements as between PH&S and SJHS, *provided that*, there shall be no obligation to re-elect Initial Directors and the election of Directors remains subject to those rights reserved to the Co-Sponsors Council. The process for election shall be as follows: (1) Directors are nominated for election by the Nominating Committee pursuant to established criteria referenced in Section 5.2; (2) nominees are submitted to the Board for election; and (3) those nominees so elected are recommended to the Co-Sponsors Council for approval.

Section 5.6 Vacancies. Vacancies shall be filled by a majority vote of the Board, and the individual appointed to fill the vacancy shall serve the remainder of the unexpired term and shall be eligible to serve three (3) additional three (3)-year terms.

Section 5.7 Director Terms. Except as set forth in Section 5.6 and Section 5.9, no Director may serve more than nine (9) consecutive years without at least a one (1)-year break in service on the Board (excluding the President and CEO, who shall serve *ex-officio* for the duration of his or her term).

Section 5.8 Chairperson of the Board.

(a) The chairperson of the Board (the "**Chairperson**") shall preside at all meetings of the Board and manage the Board and Board matters, and together with the Board oversee the Corporation, promote a strong Catholic identity, and foster collaborative, timely and effective Board governance. The Chairperson shall serve on all Board Committees, *ex-officio*, with vote. The Chairperson shall serve a two (2)-year term and shall be eligible for reappointment for one (1) additional two (2)-year term.

(b) Notwithstanding the foregoing, effective as of the effective date of these Bylaws, the initial Chairperson of the Board (the "**Initial Chairperson**") shall be an individual appointed by SJHS from among the Directors, and approved by the Co-Sponsors.

(c) All references to the duties, rights and obligations of the "Chairperson" in these Bylaws shall be deemed to also refer to the Initial Chairperson.

Section 5.9 Immediate Past Chairperson. Upon completion of a Chairperson's term(s), he or she shall serve as Immediate Past Chair for a period of two years. The Immediate Past Chair shall be a voting member of the Board of Directors, Executive Committee and Executive Compensation Committee. The role of the Immediate Past Chair shall be to add continuity to the Board during transition to a new Chairperson and to provide guidance and a historical perspective of the Board's activities. As necessary, the Chairperson's term as a member of the Board shall be automatically extended as needed to accommodate the two year term as Immediate Past Chair.

Section 5.10 Chairperson Elect. At least twelve months before the end of the Chairperson's term, the Board shall either appoint the current Chairperson to a second term or appoint a Chairperson Elect to assume the role of Chairperson following expiration of the current Chairperson's term. If a Chairperson Elect is appointed, the Chairperson Elect shall preside at all meetings of the Board and manage the Board and Board matters in the event of the absence or disability of the Chairperson, and shall perform such duties as from time to time may be assigned to him or her by the Chairperson of by the Board.

Section 5.11 Board Meetings and Procedural Rules.

(a) **Location**. Annual, regular and special meetings of the Board shall be held at the principal office of the Corporation or such other location within or without the State of Washington as may be designated from time to time by the Board by resolution.

(b) **Annual Meeting**. The annual meeting of the Board shall be held by December 31 of each year.

(c) **Regular Meetings of the Board**. Regular meetings of the Board shall occur at least quarterly each year.

(d) **Special Meetings of the Board**. Special meetings of the Board may be called upon written request by two (2) or more Directors, the Chairperson, or the President and CEO.

(e) **Notice of Board of Directors Meetings**. Written notice of all Board meetings shall be mailed by first class mail, personally delivered, or sent by electronic transmission as provided by Section 12.5 to each Director at least two (2) days before the date of the meeting for a regular meeting, which notice shall in the case of a special meeting be delivered at least two (2) days before the date of the meeting and state the nature of the business to be taken up at the meeting. If mailed, such notice shall be deemed to be delivered when deposited in the U.S. Mail, postage prepaid, addressed to the Director at their address as it appears on the records of the Corporation. Electronic notice, if utilized, shall comply with the requirements set forth at Section 12.5. Attendance at any meeting of the Board shall constitute a waiver of notice under this Section, except where a Director attends to object because the meeting has been called or convened in contravention to the requirements of these Bylaws or the laws of the State of Washington.

(f) **Quorum**. For all meetings of the Board, a quorum shall be a simple majority of the Directors then serving unless a greater majority is required by law. If less than a majority is present at a meeting, a majority of the Directors present may adjourn and reconvene the meeting from time to time without further notice.

(g) **Action by Unanimous Written Consent**. Waiver of notice of any Board meeting or any action required to be taken at a meeting of the Board, or any other action which may be taken at a meeting of the Board, may be taken without a meeting if a consent in writing, setting forth the actions so taken, is signed by all the Directors entitled to vote with respect to the subject matter thereof. Any consent signed by all the Directors shall have the same effect as a unanimous vote.

(h) **Telephonic Meetings**. Directors may participate in and act at any meeting of such Board by means of conference telephone, videoconference or similar communication equipment by which all persons participating in the meeting can hear each other at the same time. Participation by such means constitutes presence in person at the meeting.

(i) **Voting**. Voting on any question or in any election may be by voice, unless the individual presiding at the meeting shall order, or a Director shall demand, that voting be by ballot.

(j) **Manner of Acting**. Each Director shall be entitled to one (1) vote on all matters voted on at any meeting. Except as otherwise provided by law, the Articles of Incorporation, or these Bylaws, the act of a majority of the Directors present at the meeting at which a quorum is present shall be the act of the Board.

(k) **Compensation/Reimbursement of Directors**. Directors may receive reasonable compensation for their services as Directors, subject to approval by the Co-Sponsors Council. Directors shall be reimbursed for reasonable expenses of attendance at meetings or when on other business of the Corporation, *provided that* such reimbursement is made only in accordance with the Corporation's policies and procedures for such payments.

(l) **Board Evaluation**. Under the direction of the Governance Committee, the Board shall evaluate its performance no less than every two (2) years.

Section 5.12 Resignation. A Director may resign at any time by giving written notice to the Chairperson. The Chairperson or Vice-Chairperson may resign by giving written notice to the President and CEO and Co-Sponsors Council.

Section 5.13 Vacancies. Except as set forth in Section 5.4(c), vacancies on the Board shall be filled by a majority vote of the Board, in accordance with established criteria (subject to Co-Sponsors Council approval). Directors appointed to fill a vacancy shall serve the remainder of the term of the Director they are replacing, and shall be subject to the Corporation's election process as set forth in Section 5.5 at the conclusion of such term.

Section 5.14 Removal. Any Director may be removed at any time by action of the Board, with or without cause, subject to the rights reserved to the Co-Sponsors Council.

Section 5.15 Joint Meetings. At least two (2) joint meetings of the Chairperson, the President and CEO and the Co-Sponsors Council shall take place annually. The Co-Sponsors Council shall be invited to attend regular board meetings of the Corporation to participate in strategic dialogue.

Section 5.16 Presumption of Assent. Any Director who is present at a meeting of the Board at which action on any corporate matter is taken shall be conclusively presumed to have assented to the action taken, unless such Director: (a) abstains and such abstention is recorded in the minutes of the Corporation; (b) provides a dissent that is entered in the minutes of the meeting; (c) files a written dissent to such action with the person acting as the secretary of the meeting before the adjournment thereof; or (d) forwards such dissent by registered mail to the Secretary of the Corporation immediately after the adjournment of the meeting. The right to dissent shall not apply to a Director who voted in favor of an action.

ARTICLE VI

OFFICERS

Section 6.1 Officer Numbers and Titles. The officers of the Corporation shall be a President and Chief Executive Officer ("**President and CEO**"), a Vice President, a Secretary and a Treasurer (collectively, "**Officers**"). The powers and duties of the Officers shall be as set forth in these Bylaws and as otherwise designated from time to time by the Board, to the extent consistent with law, the Articles of Incorporation and these Bylaws. Any number of offices may be held by the same person except that the same individual may not serve concurrently as the Secretary and the President and CEO.

Section 6.2 Election and Appointment. The Officers, except the President and CEO, shall be appointed by the President and CEO from among those individuals serving in a management role at the Corporation. Such Officers shall hold office until their replacements are appointed.

Section 6.3 President and CEO. The President and CEO shall be the chief executive officer of the Corporation and shall be the direct executive representative to the Board in the management of the Corporation. The President and CEO shall serve on all Board Committees, *ex-officio*, with vote. The President and CEO shall have and exercise general management and

supervision of the affairs of the Corporation, subject to those rights reserved to the Co-Sponsors Council. The President and CEO shall be appointed by the Board, subject to those rights reserved to the Co-Sponsors Council, to serve until the earlier of his or her death, resignation or removal.

Section 6.4 Vice President. The Vice President shall perform such duties as are established from time to time by the Board and shall report to the President and CEO. In all other matters, the Vice President shall function in accordance with the specific powers which have been delegated to him or her by the Board and/or the President and CEO.

Section 6.5 Treasurer. The Treasurer shall have general charge and responsibility relating to the financial concerns of the Corporation. The Treasurer shall perform such other duties and functions as may from time to time be designated by the Board, subject to the overall control of such Board. The Treasurer shall be responsible for causing an audited financial statement to be provided to the Board of Directors at least annually.

Section 6.6 Secretary. The Secretary shall be the custodian of and shall maintain the corporate books and records, the minutes of the meetings of the Board and assure that all required notices are duly given in accordance with these Bylaws, the Articles of Incorporation or as otherwise may be required by law. The Secretary shall, in general, perform all duties incident to the office of Secretary, subject to the control of the Board and shall do and perform such other duties as may be assigned from time to time by the Board.

Section 6.7 Assistants to the Officers. The President and CEO may appoint, in his or her discretion, one (1) or more assistants to each of the Secretary and the Treasurer. Such assistant treasurers and assistant secretaries shall perform such duties as shall be assigned to them by the Treasurer or Secretary, respectively, or by the President and CEO.

Section 6.8 Resignation and Removal. Any Officer of the Corporation may resign at any time by giving written notice of resignation to the President and CEO; *provided that*, if the President and CEO resigns, he or she shall provide such written notice to the Chairperson. The President and CEO may remove any other Officer. Removal of an Officer shall be without prejudice to the contract rights, if any, of the Officer so removed; *provided that* mere election or appointment as an Officer does not create contract rights.

Section 6.9 Vacancy. A vacancy in an Officer position, except that of the President and CEO, may be filled by the President and CEO. Any vacancy in the position of President and CEO shall be filled in the manner described in Section 6.3.

Section 6.10 Delegation of Officer Powers and Duties. The President and CEO may delegate temporarily the powers and duties of any Officer, in case of such Officer's absence or for any other reason, to any other Officer, and may authorize the delegation by an Officer of any such Officer's powers and duties to any agent or employee subject to the general supervision of such Officer.

Section 6.11 Officer Authority. Unless otherwise ordered by the Board and subject to the direction, if any, given by the Board, any Officer of this Corporation shall have full power and authority on behalf of the Corporation to vote either in person or by proxy at any meeting of stockholders of any corporation in which this Corporation may hold stock or otherwise have an

opportunity to vote, and at such meeting may possess and exercise all the rights and powers incident to the ownership of such stock or membership which, as the owner thereof, this Corporation might have possessed and exercised, if present.

Section 6.12 Governance Matrix. The Governance Matrix, as amended from time to time, is incorporated into and considered part of these Bylaws by reference. In the case of a conflict between the Governance Matrix and the terms of these Bylaws, the terms of these Bylaws shall control.

ARTICLE VII

COMMITTEES OF THE BOARD

Section 7.1 Committees Generally. Committees are designed to facilitate the actions of the Board. Committees neither expand nor contract the responsibility of the Board, but instead enable the Board to function more efficiently and effectively. Committees only recommend actions and do not have the authority of the Board, except where expressly authorized by these Bylaws and the laws of the State of Washington, and any expenditure of funds by a committee shall require the prior approval of the Board.

Section 7.2 Designation of Committees. The Board of Directors, by a resolution adopted by a majority of the Board, may designate committees of the Board (each a "**Committee**"), each of which shall have at least two (2) Directors as members, and which Committees shall have and exercise such responsibilities and authority as provided for in such resolution and which is consistent with these Bylaws and the laws of the State of Washington. Each Committee, subject to the approval of the Board, may enact rules and regulations relating to the conduct of the affairs of the Committee, and may form subcommittees which shall operate in a manner consistent with this Article VII. Each Committee so established shall meet at the time and place designated by the Chairperson or the Committee chairperson, and shall keep regular minutes of its meetings and shall cause such minutes to be recorded and kept at an office of the Corporation. Notice for all meetings of Committees shall be provided in a manner consistent with that for the Board, as set forth at Section 5.10(e).

Section 7.3 Committee Membership. The Chairperson shall appoint the members of each Committee, taking into account input from the Board. The Chairperson shall also name the chairperson of each committee. Committee membership may include individuals who are not on the Board who have specific expertise, to the extent permitted by law and after consultation with the President and CEO. Committee members may be removed with or without cause by the Chairperson. The Chairperson and President and CEO shall each serve as *ex-officio* members of each Committee, with vote.

Section 7.4 Committee Quorum; Actions. A quorum for any meeting of Committee shall be a simple majority of the Committee members. The affirmative vote of a majority of the quorum shall be considered the action of the Committee; provided that such vote includes the affirmative vote of at least one Director who is a member of the Committee.

Section 7.5 Committee and Committee Chairperson Terms. Except as otherwise set forth herein or pursuant to the Committee charters adopted from time to time, Committee members shall serve two (2) year terms. The Chairperson of a Committee shall be appointed to serve a two year term and may be reappointed to serve additional two year terms.

Section 7.6 Executive Committee. The Board shall establish an Executive Committee, which shall have delegated authority from the Board.

Section 7.7 Governance Committee. The Board shall establish a Governance Committee, which shall have as a subcommittee a Nominating Committee.

ARTICLE VIII

CONFLICTS AND DUALITY OF INTEREST

Any Director, Officer, employee or Committee member having an interest in a transaction, contract or other matter presented to the Board or a Committee thereof for authorization, approval or ratification shall provide prompt, full and frank disclosure of his or her interest to the Board or Committee prior to its acting on such contract or transaction. The body to which such disclosure is made shall determine, by a majority vote, whether a duality or conflict of interest exists or can reasonably be construed to exist. If a conflict is deemed to exist, such person shall not vote on, nor use his or her personal influence on, nor participate (other than to present factual information or to respond to questions) in the discussions or deliberations with respect to, such contract or transactions. Such person may be counted in determining the existence of a quorum at any meeting where the contract or transaction is under discussion or is being voted upon. The minutes of the meeting shall reflect the disclosure made, the vote thereon and, where applicable, the abstention from voting and participation, and whether a quorum is present. This Corporation shall also adopt policies from time to time more clearly setting forth any requirements regarding disclosure and actions relating to duality or conflicts of interest.

ARTICLE IX

INDEMNIFICATION

Section 9.1 Definitions. For the purposes of this Article IX:

(a) "Director" means an individual who is or was a Director of the Corporation or an individual who, while a Director of the Corporation, is or was serving at the Corporation's request as a Director, officer, partner, trustee, employee, or agent of another foreign or domestic corporation, partnership, joint venture, trust, employee benefit plans, or other enterprise. A Director is considered to be serving an employee benefit plan at the Corporation's request if the Director's duties to the Corporation also impose duties on, or otherwise involve services by, the Director to the plan or to participants in or beneficiaries of the plan. "Director" includes, unless the context requires otherwise, the estate or personal representative of a Director.

(b) "Liability" means the obligation to pay a judgment, settlement, penalty or fine, including an excise tax assessment with respect to an employee benefit plan, or reasonable expenses incurred with respect to a proceeding.

(c) "Official Capacity" means:

(1) when used with respect to a Director, the office of Director in the Corporation; and

(2) when used with respect to an Officer, the elective or appointive office in the Corporation held by that individual.

(d) "Proceeding" means any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative and whether formal or informal.

Section 9.2 Action Not By or In Right of the Corporation. The Corporation shall indemnify any Director or Officer who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the Corporation) by reason of the fact that he or she is or was a Director or Officer of the Corporation against judgments, penalties, fines, settlements and reasonable expenses, including attorneys' fees, actually and reasonably incurred by the Director or Officer in connection with the proceeding if he or she acted in good faith and:

(a) in the case of conduct in his or her own official capacity with the Corporation, he or she reasonably believed the conduct to be in the Corporation's best interests; or

(b) in all other cases, he or she reasonably believed the conduct to be at least not opposed to the Corporation's best interests; and

(c) in the case of any criminal proceeding, he or she had no reasonable cause to believe the conduct was unlawful.

The termination of any proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, be determinative that the Director or Officer did not meet the requisite standard of conduct set forth in this Section 9.2.

Section 9.3 Action By or In the Right of the Corporation. The Corporation shall indemnify any Director or Officer who was or is a party or is threatened to be made a party to any proceeding by or in the right of the Corporation by reason of the fact that he or she is or was a Director or Officer of the Corporation against reasonable expenses, including attorneys' fees, actually and reasonably incurred by such individual in connection with such proceeding if he or she conducted himself or herself in good faith and:

(a) in the case of conduct in an official capacity with the Corporation, he or she reasonably believed the conduct to be in the Corporation's best interests; or

(b) in all other cases, he or she reasonably believed the conduct to be at least not opposed to the Corporation's best interests, provided that no indemnification shall be made pursuant to this Section 9.3 in respect of any proceeding in which such person shall have been adjudged to be liable to the Corporation.

Section 9.4 Limitation on Indemnification. A Director or Officer shall not be indemnified under this Article in respect of any proceeding, whether or not involving action in his or her official capacity, in which he or she shall have been adjudged to be liable on the basis that the Director or Officer personally received a benefit in money, property, or services to which the Director or Officer was not legally entitled.

Section 9.5 Expenses if Successful. To the extent that the Director or Officer of the Corporation has been successful on the merits or otherwise in the defense of any proceeding referred to in this Article, he or she shall be indemnified against reasonable expenses, including attorneys' fees, incurred in connection with the proceeding.

Section 9.6 Authorization. No indemnification shall be made by the Corporation unless authorized in the specific case upon a determination that the indemnification of the Director or Officer is permissible in the circumstances because he or she has met the applicable standard of conduct set forth in this Article. Such determination shall be made: (a) by the Board by a majority vote of a quorum consisting of Directors not at the time parties to the proceeding; (b) if a quorum is unobtainable, by majority vote of a Committee duly designated by the Board, in which designated Directors who are parties may participate, consisting solely of two (2) or more Directors not at the time parties to the proceeding; of (c) in a written opinion by legal counsel (other than an attorney or a firm having associated with it an attorney, who has been retained by or who has performed services within the past three (3) years for the Corporation or any party to be indemnified) selected by the Board or a Committee thereof by vote as set forth in (a) or (b) of this Section.

Section 9.7 Advance Payment. Reasonable expenses incurred in defending a proceeding may be paid by the Corporation in advance of final disposition of the proceeding: (a) upon receipt by the Corporation of a written undertaking by or on behalf of the Director or Officer to repay such amount if it shall ultimately be determined that the Director or Officer has not met the standard of conduct necessary for indemnification by the Corporation as authorized by this Article; and (b) upon receipt by the Corporation of a written affirmation by the Director or Officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the Corporation as authorized in this Article.

Section 9.8 Insurance. The Corporation shall have the power to purchase and maintain insurance on behalf of an individual who is or was a Director or Officer of the Corporation or who, while a Director or Officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, partner, trustee, employee, or agent of another foreign or domestic corporation, partnership, joint venture, trust, employee benefit plan, or other enterprise, against liabilities asserted against or incurred by the individual in that capacity or arising from the individual's status as a director, officer, employee, or agent, whether or not the Corporation would have the power to indemnify the individual against the same liability under these Bylaws or the Washington Nonprofit Corporation Act.

Section 9.9 Nonexclusivity. The indemnification and advancement of expenses provided by, or granted pursuant to this Article of these Bylaws shall not be deemed exclusive of any other rights to which any present or former Director or Officer of the Corporation may be entitled by contract, policy or otherwise under applicable law.

Section 9.10 Permissive Indemnification. The Board may establish policies to indemnify employees and others providing service to the Corporation.

Section 9.11 State Law Controls. Notwithstanding the indemnification provided under this Article, no person shall be indemnified by the Corporation unless such action is in compliance with the Washington Nonprofit Corporation Act (Chapter 24.03 of the Revised Code of Washington), as amended from time to time.

ARTICLE X

FISCAL YEAR

The fiscal year of this Corporation shall commence on such date agreed upon by the Board.

ARTICLE XI

AMENDMENTS

Subject to those rights reserved to the Co-Sponsors Council, the Board shall have the authority to alter, amend and repeal these Bylaws by an affirmative vote of a majority of the voting Directors then serving, at a regular or special meeting of the Board, except as otherwise provided by law or as otherwise specified in these Bylaws. In addition, the Board shall regularly review these Bylaws and propose any revisions to conform the Bylaws to the applicable requirements of state or federal law and/or accreditation standards.

ARTICLE XII

MISCELLANEOUS PROVISIONS

Section 12.1 Depositories. All funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in such banks, financial institutions, mutual funds or other depositories as the Board may designate.

Section 12.2 Checks and Drafts. All checks, drafts, or other orders for the payment of money issued in the name of the Corporation shall be signed by such Officer or Officers or person or persons (whether or not Officers of Corporation) in such manner as shall from time to time be determined by the Board.

Section 12.3 Contracts and Instruments. Subject to any limitations contained in these Bylaws or by resolution of the Board, all deeds, mortgages, bonds and other contracts or instruments of the Corporation shall be signed on behalf of the Corporation by the President and CEO or such other Officers as may be designated by the Board from time to time.

Section 12.4 Agents and Representatives. The Board may appoint such agents and representatives of the Corporation with such powers and with the authority to perform such acts or duties on behalf of the Corporation as the Board may deem appropriate, consistent with these Bylaws, the Articles of Incorporation of the Corporation and applicable law.

Section 12.5 Electronic Communications. To the fullest extent permitted by law, the Board and Committees may utilize electronic communications such as e-mail, faxes and other electronic communications for purposes of distributing notices of meetings, voting by ballot or otherwise, executing unanimous written consents as otherwise authorized by these Bylaws, and for all other legitimate purposes of communicating.

MESSAGE TO THE COMMUNITY AND ACKNOWLEDGEMENTS

It is with great joy and pride that we present Queen of the Valley Medical Center's 2020 Community Health Needs Assessment to our community – both our collaborative partners as well as the communities we serve.

For the past several months we have worked diligently to gather the appropriate and most complete data on the health-related needs of our service area. This will enable us to make informed and thoughtful decisions about how best to serve and provide resources to areas with highest needs and to the most vulnerable populations.

The Community Health Needs Assessment process was disrupted by the SARS-COV-2 virus and COVID-19, which has impacted all of our communities. While our communities have focused on crisis response, it has required concentration of resources and reduced community engagement, which impacted survey fielding and community listening sessions.

Despite the challenges presented by a global pandemic, we held steadfast to our guiding principles of including the voice of the community in this report. We spoke with several key stakeholders about what they felt were the biggest needs in our community and held virtual listening sessions with caregivers who directly serve vulnerable populations.

We've also analyzed and examined data that demonstrates how social determinants and health disparities affect communities and neighborhoods. The data overwhelmingly validates the gaps and inspire us to continue our work towards addressing the social determinants of health and their influence on the health and wellbeing of our communities without distinction.

We could not have done this work alone and would like to thank our partners who brought diverse skills and expertise to this process.

I invite you to study the findings and most importantly to join us in our efforts to restore health and improve quality of life to our *Dear Neighbors* and the communities in which they live.

With deep gratitude,

Larry Coomes
Chief Executive Officer,
Queen of the Valley Medical Center

Sr. Nadine McGuinness
Chair, Queen of the Valley Medical Center,
Community Benefit Committee

RESPONDING TO THE COVID-19 PANDEMIC

The 2020 Community Health Improvement Planning process was disrupted by the SARS-COV-2 virus and COVID-19, which has impacted all of our communities. While our communities have focused on crisis response, it has required concentration of resources and reduced community engagement, which impacted survey fielding and community listening sessions. Additionally, the impacts of COVID-19 are likely to effect community health and well-being beyond what is currently captured in secondary and publicly available data. We seek to engage the community as directly as possible in prioritizing needs and through the community health improvement process.

We recognize that in these unprecedented times, COVID-19 is likely to exacerbate existing community needs and may bring others to the forefront. Our commitment first and foremost is to respond to the needs of our communities, particularly individuals who are disproportionately impacted by the economic and social effects of COVID-19. While this is a dynamic situation, we recognize the greatest needs of our communities will change in the coming months, and it is important that we adapt our efforts to respond accordingly. We are committed to supporting, strengthening, and serving our communities in ways that align with our Mission, engage our expertise, and leverage our Community Benefit dollars in the most impactful ways.

EXECUTIVE SUMMARY

Understanding and Responding to Community Needs, Together

Improving the health of our communities is foundational to our Mission and deeply rooted in our heritage and purpose. Our Mission calls us to be steadfast in serving all, with a special focus on our most economically poor and vulnerable neighbors. This core belief drives the programs we build, investments we make, and strategies we implement.

Knowing where to focus our resources starts with our Community Health Needs Assessment (CHNA), an opportunity in which we engage the community every three years to help us identify and prioritize the most pressing needs, assets, and opportunities. This CHNA was approved by the Queen of the Valley Medical Center's Community Benefit Committee on February 18, 2021.

Our Starting Point: Gathering Community Health Data and Community Input

Through a mixed-methods approach using quantitative and qualitative data, the CHNA process used several sources of information to identify community needs. This process built upon the 2017 CHNA, which prioritized mental health, substance abuse, and social determinants of health (housing concerns, economic issues, and access to care). Across the County of Napa, information collected includes public health data regarding health behaviors; morbidity and mortality; and hospital-level data. Listening sessions were held with caregivers who serve individuals that have chronic conditions, are from diverse communities, have low-incomes, and/or are medically underserved. Stakeholder interviews were conducted with representatives from organizations that serve these populations. Some key findings include the following:

- Both stakeholders and caregivers agreed homelessness and lack of safe, affordable housing is the number one community need, stressing that the housing crisis in Napa highlights racial and economic inequities in the community.
- The Hispanic population is disproportionately represented in the high need service area compared to Napa County overall. Stakeholders and caregivers spoke to the Latino/a community being disproportionately affected by housing instability, food insecurity and economic insecurity due to systemic inequities and racism.
- The median income in the high need service area is about $11,000 lower than Napa County and $24,000 lower than the broader service area. These areas with lower median incomes are more likely to experience severe housing cost burden (households spending 50% or more of income on housing costs), with 25% of renter households in the high need service area being severely housing cost burdened compared to 21% in the broader service area.
- Stakeholders and caregivers emphasized a lack of specialists in Napa, leading to challenges with transportation for individuals who must travel outside of the community to access needed services.

- Stakeholders and caregivers identified a lack of mental health and substance use treatment services in the county, specifically those that are tailored and responsive to the Latino/a and LGBTQ+ communities.

Identifying Top Health Priorities, Together

Through a collaborative process engaging Queen of the Valley Medical Center's Community Benefit Committee, the following community health needs were prioritized:

PRIORITY 1: HEALTH EQUITY – RACIAL & LGBTQ

The disproportionate impact of COVID-19 on Black, Brown, Indigenous, and People of Color (BBIPOC), as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities. Health inequities and systemic racism are preventing BBIPOC communities, particularly the Latino/a community, from accessing opportunities and living their healthiest lives. Discrimination also prevents the LGBTQ+ community from receiving responsive health care and visibility in the community. A greater commitment to equity in all programs and collaboratives is warranted.

PRIORITY 2: HOUSING & HOMELESSNESS

A major and growing community need is around more safe and affordable housing stock, particularly for people with low incomes. A lack of affordable housing leads to over-crowding and poor living conditions. Housing is foundational to all other needs; once people are housed securely, they can address other needs related to their health and wellbeing. Two groups are of particular concern: the Latino/a community and older adults. The housing crisis in Napa highlights racial and economic inequities in the community, disproportionately affecting the Latino/a community, especially mixed status families. There is additional concern for older adults who have few affordable options in the community, particularly those living on a fixed income.

PRIORITY 3: MENTAL HEALTH & SUBSTANCE USE SERVICES

There is a general lack of mental health and substance use treatment services in the community. School-age children and older adults need more mental health support in the current environment, increasing the demand for services. The Latino/a community is also underserved, especially mixed status families, with the following barriers preventing Latino/a individuals from receiving services: stigma, a lack of culturally relevant education and outreach, and a lack of bilingual and bicultural providers. LGBTQ-friendly mental health providers are also difficult to find in the area. There is limited access to mental health services for individuals who do not meet the high-acuity criteria for severe mental illness at Napa County Health and Human Services, as well as limited substance use disorder treatment options. The COVID-19 pandemic is creating a mental health crisis; people are feeling hopeless, afraid, stressed, anxious, and depressed. The stress from the COVID-19 pandemic is compounding trauma related to local fires.

PRIORITY 4: ACCESS TO HEALTH SERVICES

There is concern around lack of access to health insurance for mixed status families as well as people losing their insurance due to job loss during the pandemic. A lack of specialists in Napa disproportionately affects individuals on Medi-Cal or without insurance. When individuals are referred to a specialist outside of the area, transportation then becomes a barrier to accessing care. Language barriers prevent Spanish-speaking individuals from receiving responsive care, and virtual interpreters are not nearly as effective as in-person options. Access to care challenges became especially apparent during the COVID-19 pandemic. While telemedicine has improved access to care for some populations, for others this transition has created additional barriers to care, including lack of smart phones or computers, lack of comfort with technology or stable internet access, language barriers, and lack of private space for appointments. Many individuals do not want to talk to their provider on the phone and are not receiving the care they need.

Community Health Improvement Plan

Queen of the Valley Medical Center will develop a three-year Community Health Improvement Plan (CHIP) to respond to these prioritized needs in collaboration with community partners considering resources, community capacity, and core competencies.

INTRODUCTION

Mission, Vision, and Values

Our Mission	As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.
Our Vision	Health for a Better World.
Our Values	Compassion — Dignity — Justice — Excellence — Integrity

Who We Are

Queen of the Valley Medical Center is an acute-care hospital founded in 1958 and located in Napa, California. The hospital has 208 licensed beds, more than 1,687 caregivers (employees) and professional relationships with many local physicians. Major programs and services offered to the community include acute rehabilitation, bariatric surgery, cancer, cardiac, emergency, maternity and infant care, neurosciences and orthopedics. Synergy Health Club, a St. Joseph Health owned facility offering fitness and studio classes, is located on the hospital's campus and St. Joseph Health Prompt Care, an urgent care clinic, is located about a 10-minute drive from the hospital.

Our Commitment to Community

Queen of the Valley Medical Center dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. During the most recent fiscal year, our hospital provided $33,487,837 in community benefit[1] in response to unmet needs and to improve the health and well-being of those we serve in Napa County.

Queen of the Valley Medical Center further demonstrates organizational commitment to the community health needs assessment (CHNA) through the allocation of staff time, financial resources,

[1] A community benefit is an initiative, program or activity that provides treatment or promotes health and healing as a response to identified community needs and meets at least one of the following community benefit objectives: a. Improves access to health services; b. Enhances public health; c. Advances increased general knowledge; and/or d. Relieves government burden to improve health. Note: Community benefit includes both services to the economically poor and broader community. To be reported as a community benefit initiative or program, community need must be demonstrated. Community need can be demonstrated through the following: 1) community health needs assessment developed by the ministry or in partnership with other community organizations; 2) documentation that demonstrates community need and/or a request from a public agency or community group was the basis for initiating or continuing the activity or program; 3) or the involvement of unrelated, collaborative tax-exempt or government organizations as partners in the community benefit initiative or program.

participation and collaboration to address community identified needs. The Northern California Regional Director of Community Health Investment and the local Community Health Investment Program Manager at Queen of the Valley Medical Center are responsible for ensuring compliance with Federal 501r requirements as well as providing the opportunity for community leaders and internal hospital leadership, physicians, and others to work together in planning and implementing the resulting Community Health Improvement Plan (CHIP).

Health Equity

At Providence St. Joseph Health, we acknowledge that all people do not have equal opportunities and access to living their fullest, healthiest lives due to systems of oppression and inequities. We are committed to ensuring health equity for all by addressing the underlying causes of racial and economic inequities and health disparities. Our Vision is “Health for a Better World,” and to achieve that we believe we must address not only the clinical care factors that determine a person’s length and quality

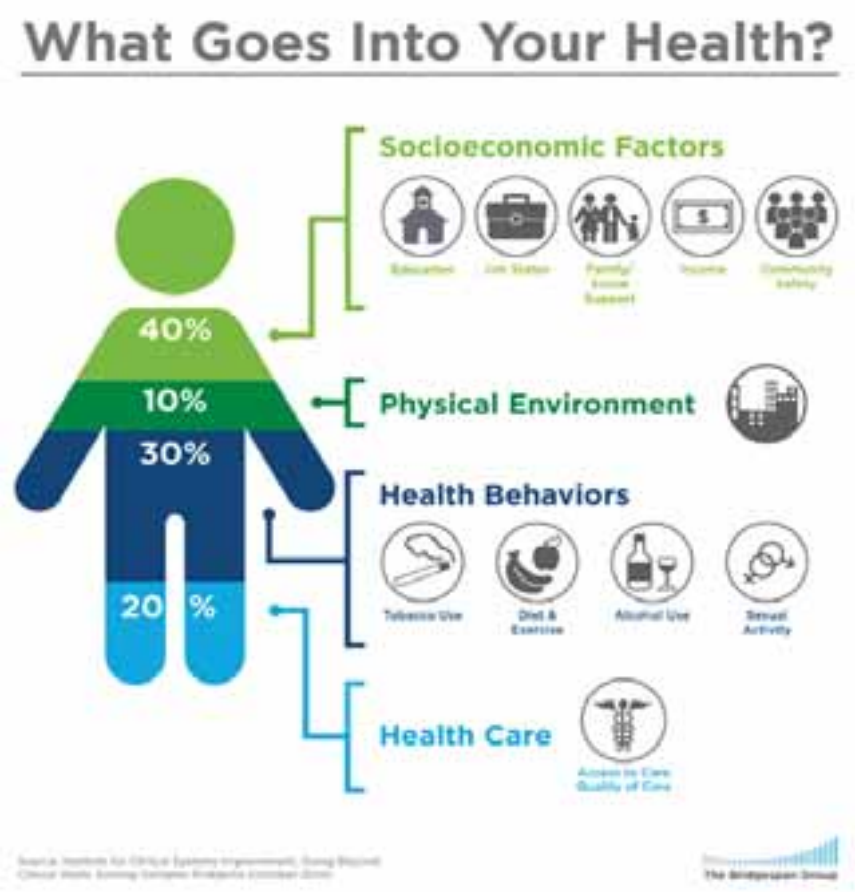

Figure 1. Factors contributing to overall health and well-being

of life, but also the social and economic factors, the physical environment, and the health behaviors that all play an active role in determining health outcomes (see Figure 1[2]).

The Community Health Needs Assessment (CHNA) is an important tool we use to better understand health disparities and inequities within the communities we serve, as well as the community strengths and assets (see Figure 2 for definition of terms[3]). Across our organizational footprint, we consistently heard from our community partners that racism and discrimination have detrimental effects on community health and well-being. We recognize that racism and discrimination prevent equitable access to opportunities and the ability of all community members to thrive. We name racism as contributing to the inequitable access to all the determinants of health that help people live their best lives, such as safe housing, nutritious food, responsive health care, and more.

Health Equity

A principle meaning that "everyone has a fair and just opportunity to be as healthy as possible. This requires removing obstacles to health such as poverty, discrimination, and their consequences, including powerlessness and lack of access to good jobs with fair pay, quality education and housing, safe environments, and health care. For the purposes of measurement, health equity means reducing and ultimately eliminating disparities in health and its determinants that adversely affect excluded or marginalized groups." (Braverman, et al., 2017)

Health Disparities

Preventable differences in the burden of disease or health outcomes as a result of systemic inequities.

Figure 2. Definitions of key terms

To ensure that equity is foundational to our CHNA, we have developed an equity framework that outlines the best practices that each of our hospitals will implement when completing a CHNA. These practices include, but are not limited to the following:

[2] Institute for Clinical Systems Improvement, Going Beyond Clinical Walls: Solving Complex Problems (October 2013)

[3] Braveman P, Arkin E, Orleans T, Proctor D, and Plough A. *What is Health Equity? And what Difference Does a Definition Make?* Princeton, NJ: Robert Wood Johnson Foundation, 2017.

Approach

Explicitly name our commitment to equity

Take an asset-based approach, highlighting community strengths

Use people first and non-stigmatizing language

Community Engagement

Actively seek input from the communities we serve using multiple methods

Implement equitable practices for community participation

Report findings back to communities

Quantitative Data

Report data at the block group level to address masking of needs at county level

Disaggregate data when responsible and appropriate

Acknowledge inherent bias in data and screening tools

OUR COMMUNITY

Description of Community Served

Queen of the Valley Medical Center provides Napa County communities with access to advanced care and advanced caring. The hospital's community extends from Calistoga and the Lake County border in the north, American Canyon and the Solano County border in the south, the Yolo County border in the east and the Sonoma County border in the west. This includes a population of approximately 147,000 people.

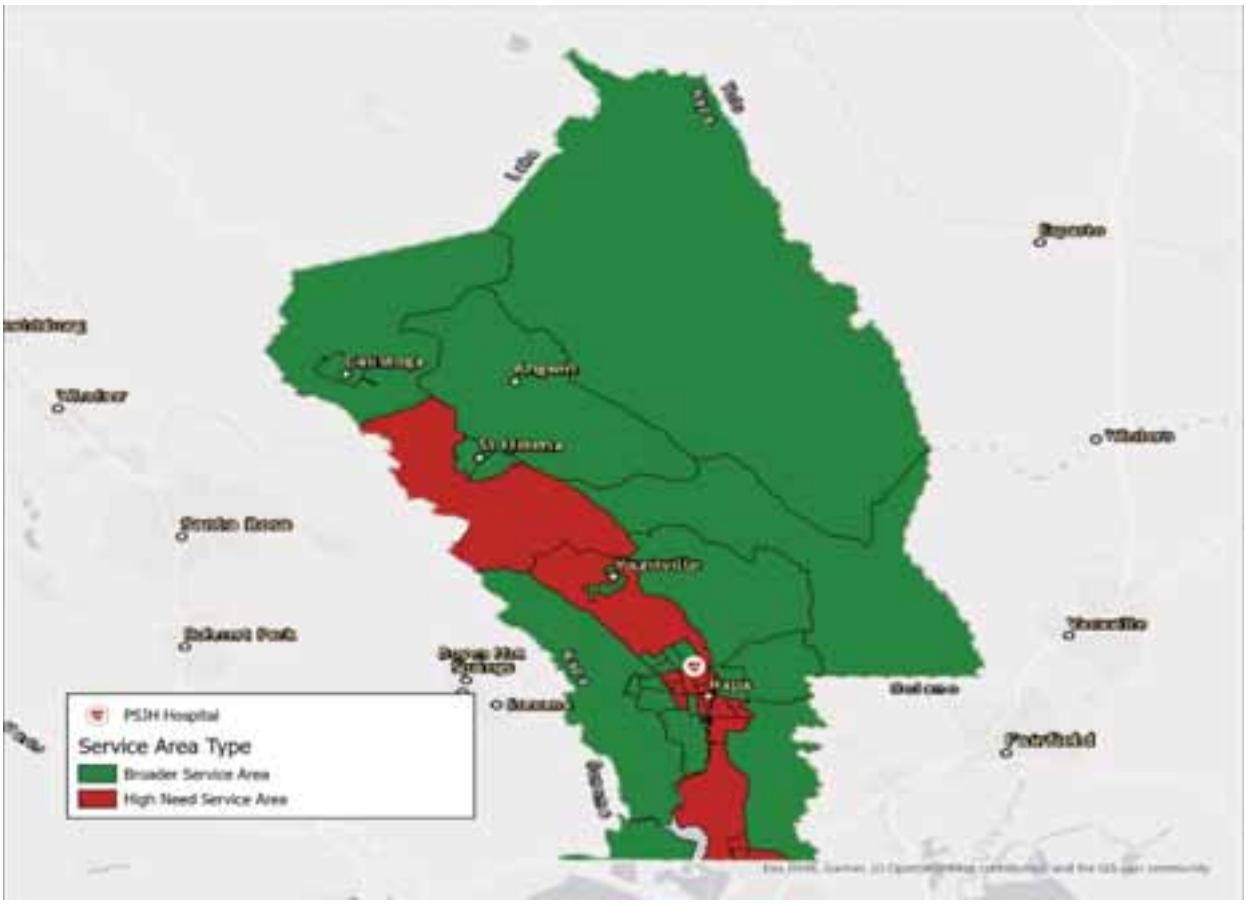
Hospital Service Area

QVMC serves all of Napa County. Based on the availability of data, geographic access to these facilities, and other hospitals in neighboring counties, Napa County serves as the boundary for the hospital service areas.

Table 1. Cities and ZIP Codes Included in Total Service Area

Cities/ Communities	ZIP Codes
Napa	94558, 94559
American Canyon	94503
Yountville	94599
St. Helena	94574
Calistoga	94515
Angwin	94508, 94576

Figure 3. Queen of the Valley Medical Center Total Service Area



Community Demographics

The tables and graphs below provide basic demographic and socioeconomic information about the Queen of the Valley Medical Center Service Area and how the high need area compares to the broader service area. The service area of Queen of the Valley Medical Center includes approximately 140,000 people and encompasses the entire county of Napa. The high need service area consists of a disproportionate amount of younger (age 0-54) residents and people of color or other races. There is about a $24,000 difference in median income between the broader service area and the high need service area.

POPULATION AND AGE DEMOGRAPHICS

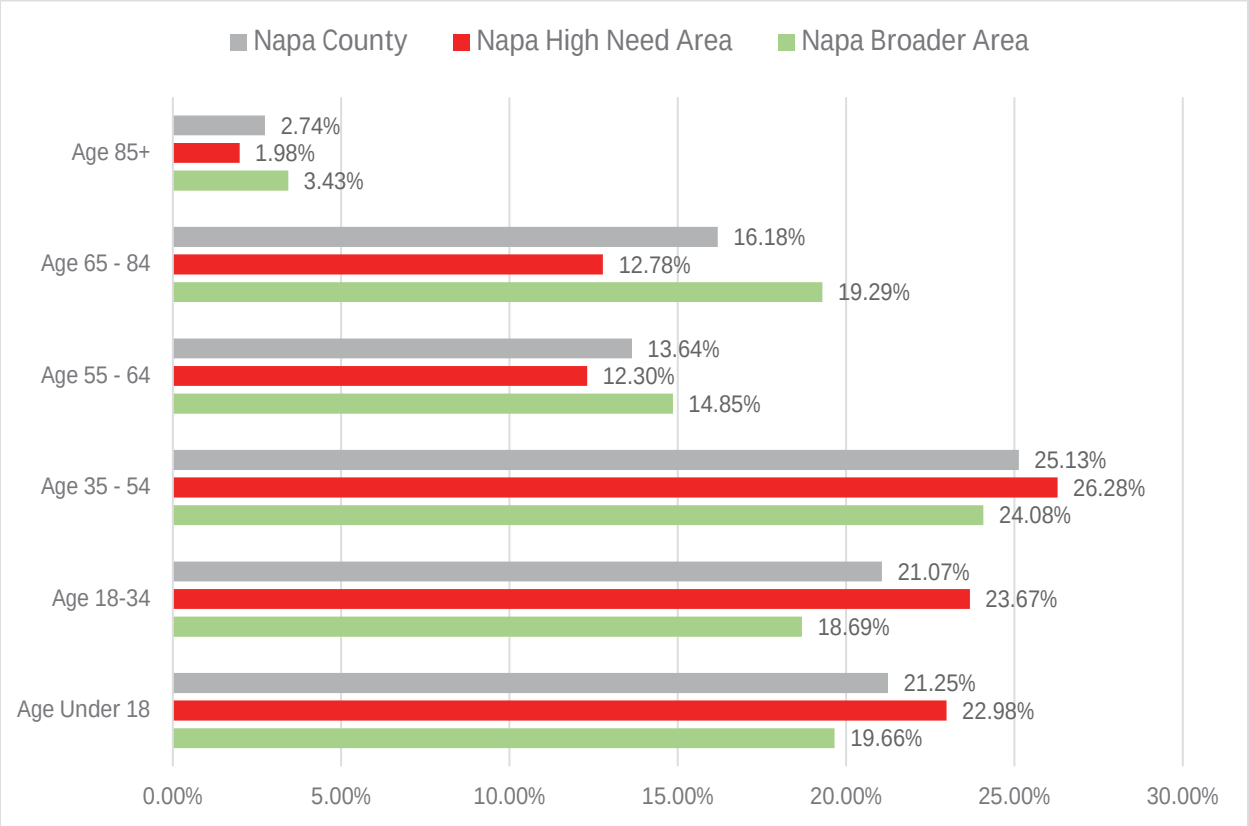
Table 2. Population Demographics for Napa County Service Areas

Indicator	Napa County	Napa Broader Area	Napa High Need Area
2019 Total Population	140,394	73,393	67,001
Female Population	49.93%	50.35%	49.47%
Male Population	50.07%	49.65%	50.53%

Of the over 140,000 permanent residents of Napa County, roughly 48% live in the "high need" area, defined by lower life expectancy at birth, lower high school graduation rates, and more households at or below 200% FPL compared to census tracts across the County. For reference, 200% FPL is equivalent to an annual household income of $51,500 or less for a family of 4. These households are more likely to regularly make spending tradeoffs regarding utilities, rent, groceries, medicine, and other basic expenses.

The male-to-female distribution is roughly equal across Napa County geographies.

Figure 4. Age Group by Geography in Napa County

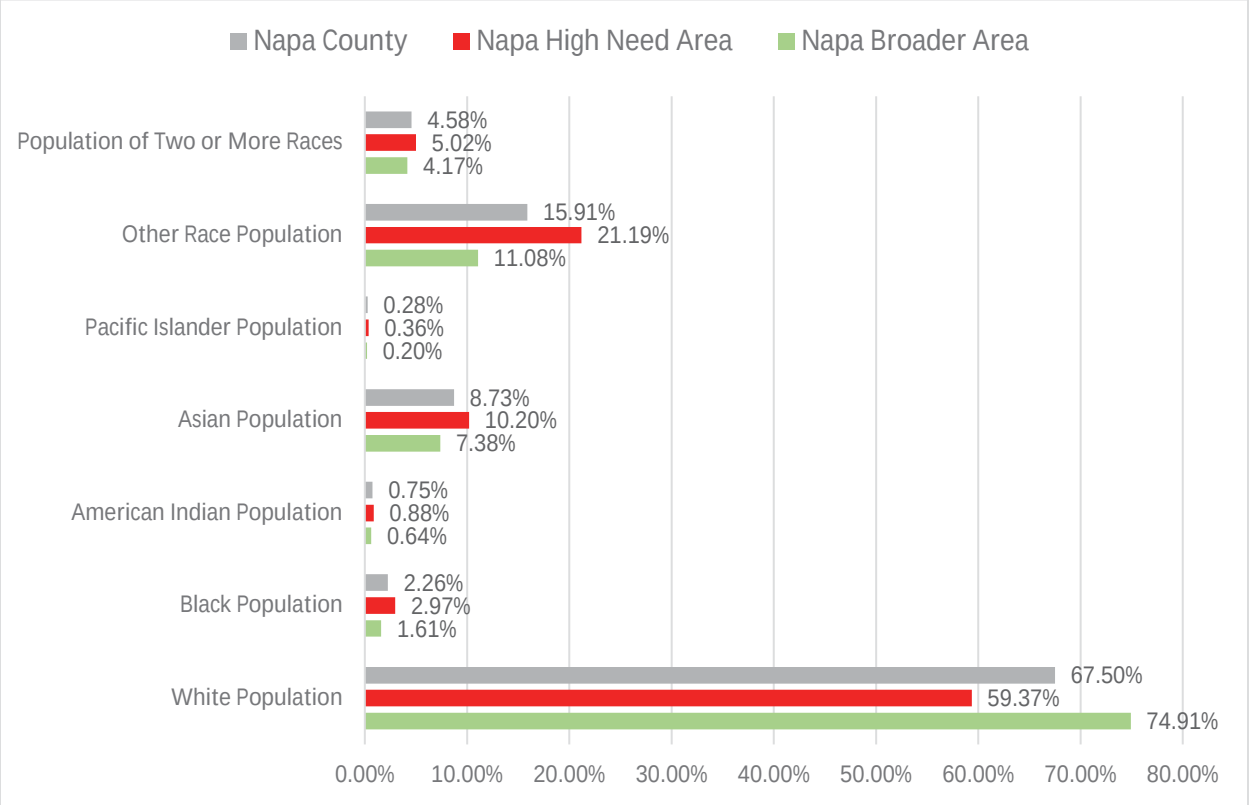


Younger age groups are disproportionately represented in the high need communities of Napa County, most likely representing households with young children. Alternatively, age groups 55 and over are less likely to fall into the high need communities or live within those designated census tracts.

In Napa County, approximately 7% of the population are veterans, which is higher than that of the state of California, 5%.

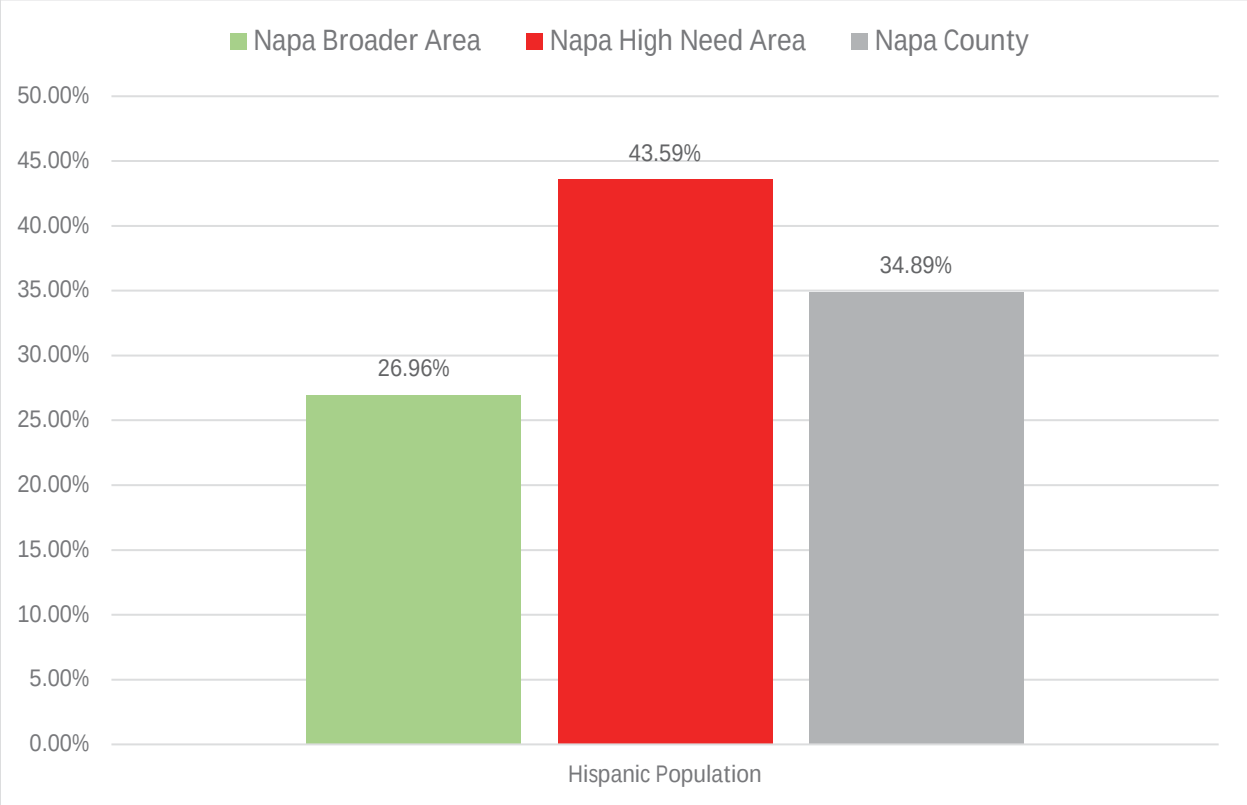
POPULATION BY RACE AND ETHNICITY

Figure 5. Race by Geography in Napa County



Individuals who identify as Hispanic (below), Asian, or “other race,” are more likely to live in high needs census tracts than their peers of other races.

Figure 6. Hispanic Population by Geography in Napa County



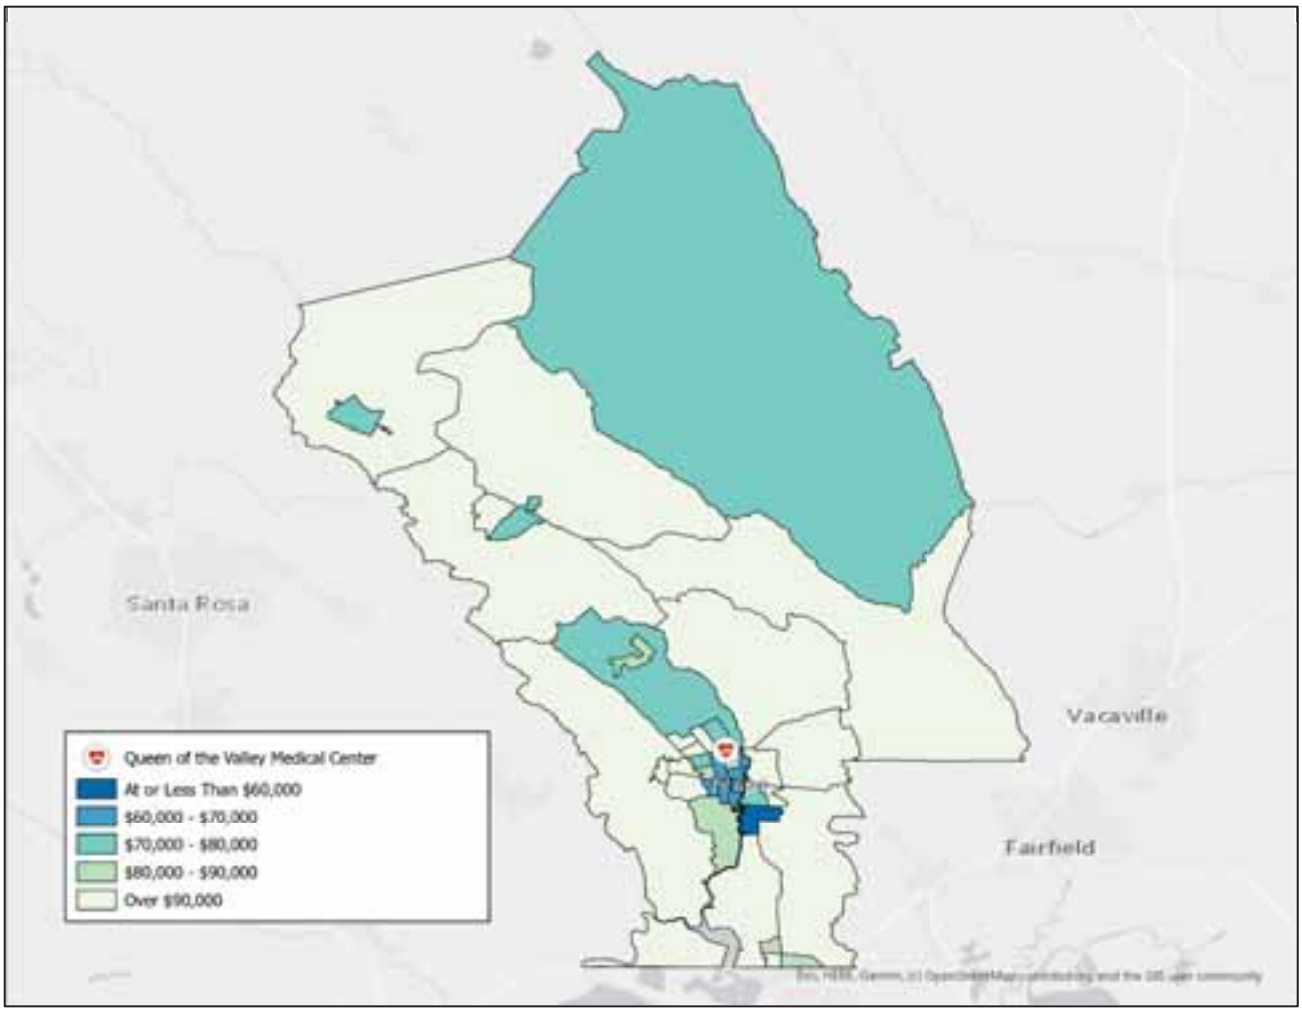
MEDIAN INCOME

Table 3. Income Indicators for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Median Income Data Source: American Community Survey Year: 2019	$101,330	$77,129	$88,457

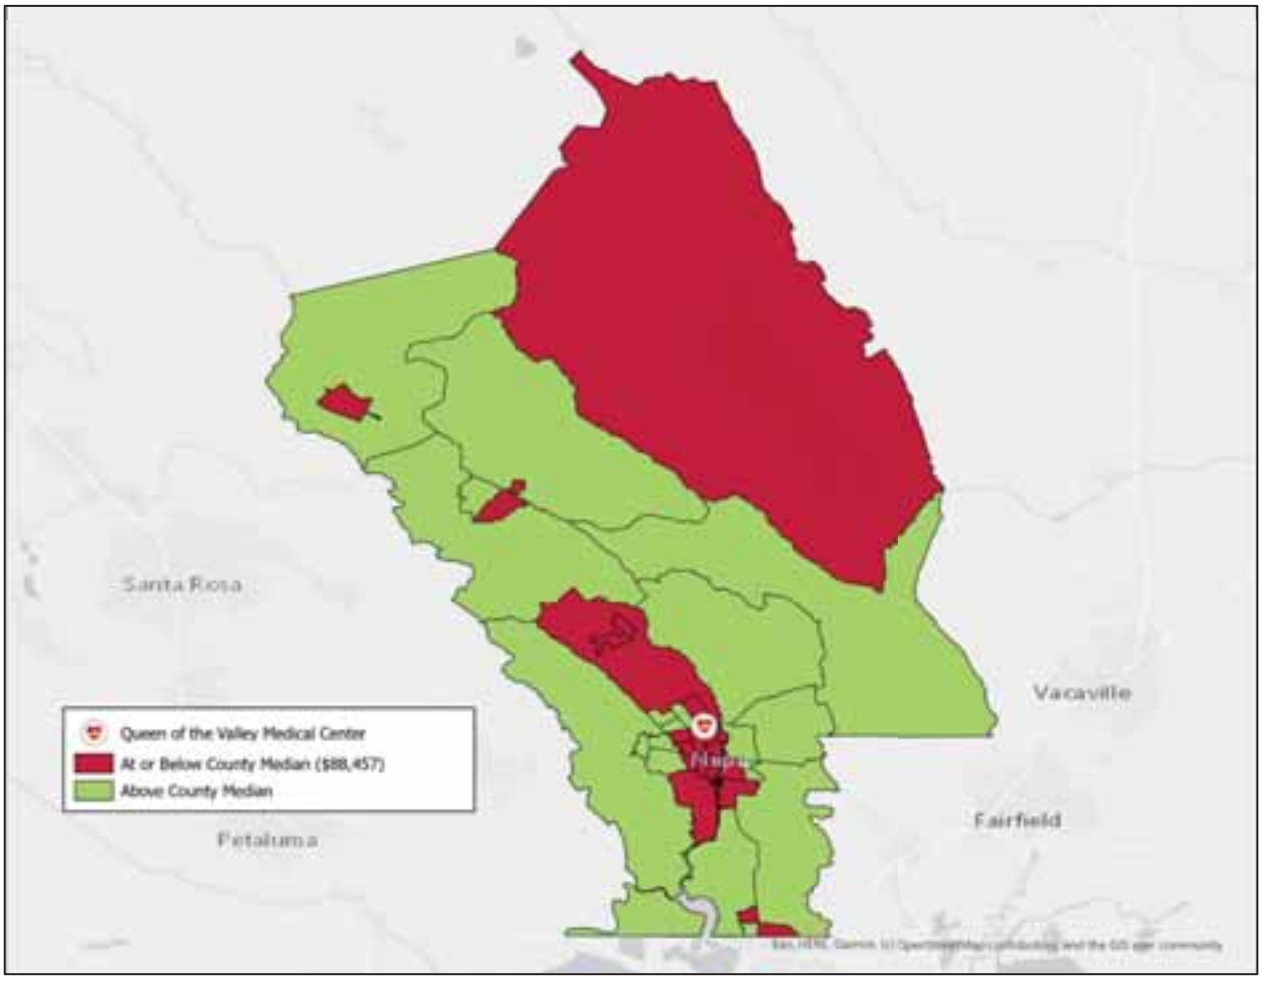
- The median income in the high need service area is about $11,000 lower than Napa County.
- There is about a $24,000 difference in median income between the broader service area and the high need service area.

Figure 7. 2019 Median Household Income by Census Tract in Napa County



In the map below, census tracts that perform better than the county average are colored in green while census tracts that perform worse are in red.

Figure 8. Comparison of Median Household Income by Census Tract to County Average



SEVERE HOUSING COST BURDEN

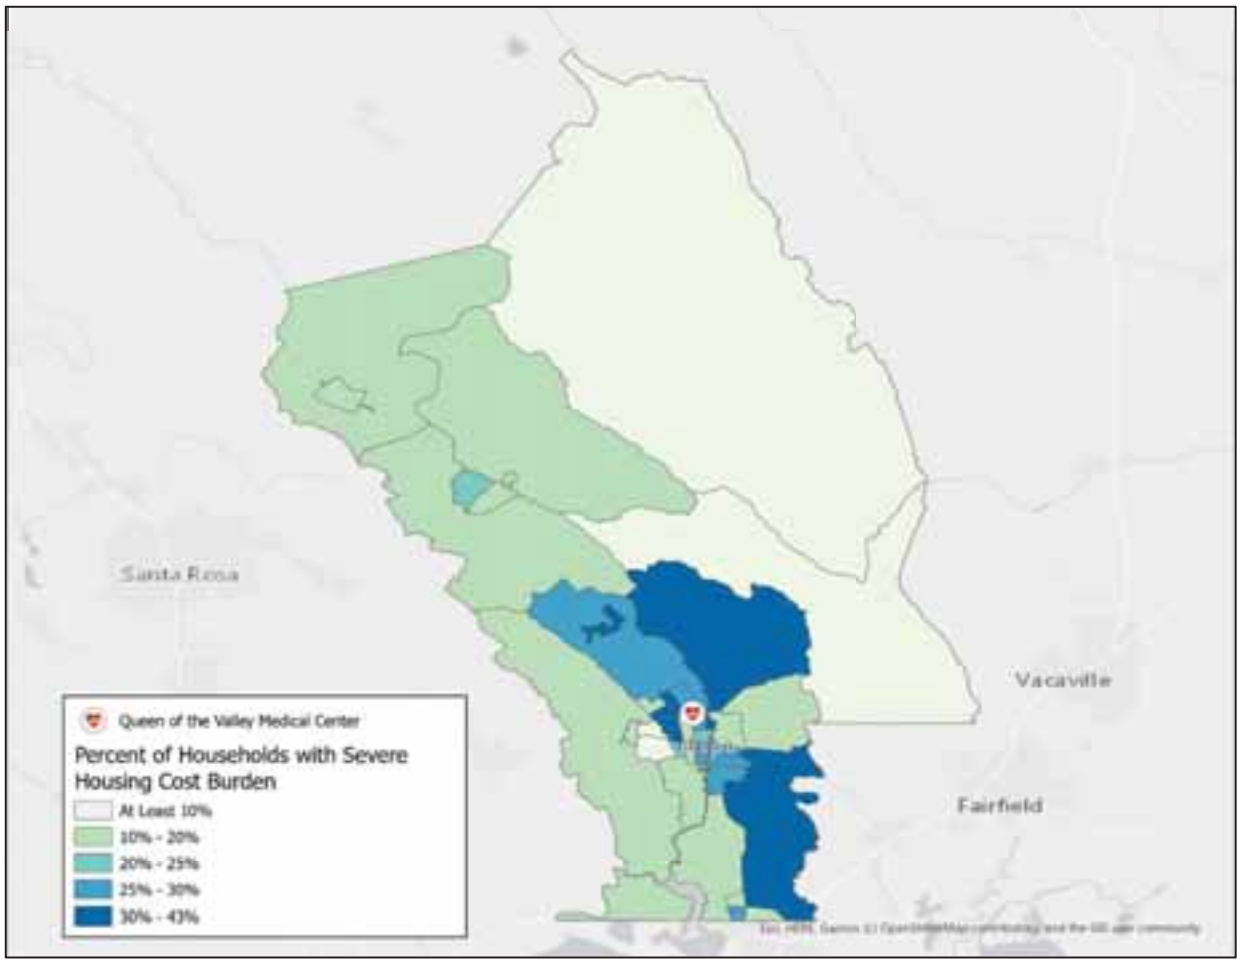
Table 4. Severe Housing Cost Burden for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Percent of Renter Households with Severe Housing Cost Burden Data Source: American Community Survey Year: Estimates based on 2013 – 2017 data	20.8%	25.2%	23.0%

Severe housing cost burden is defined as households that are spending 50% or more of their income on housing costs. On average about 23% of households in Napa County are severely housing cost burdened.

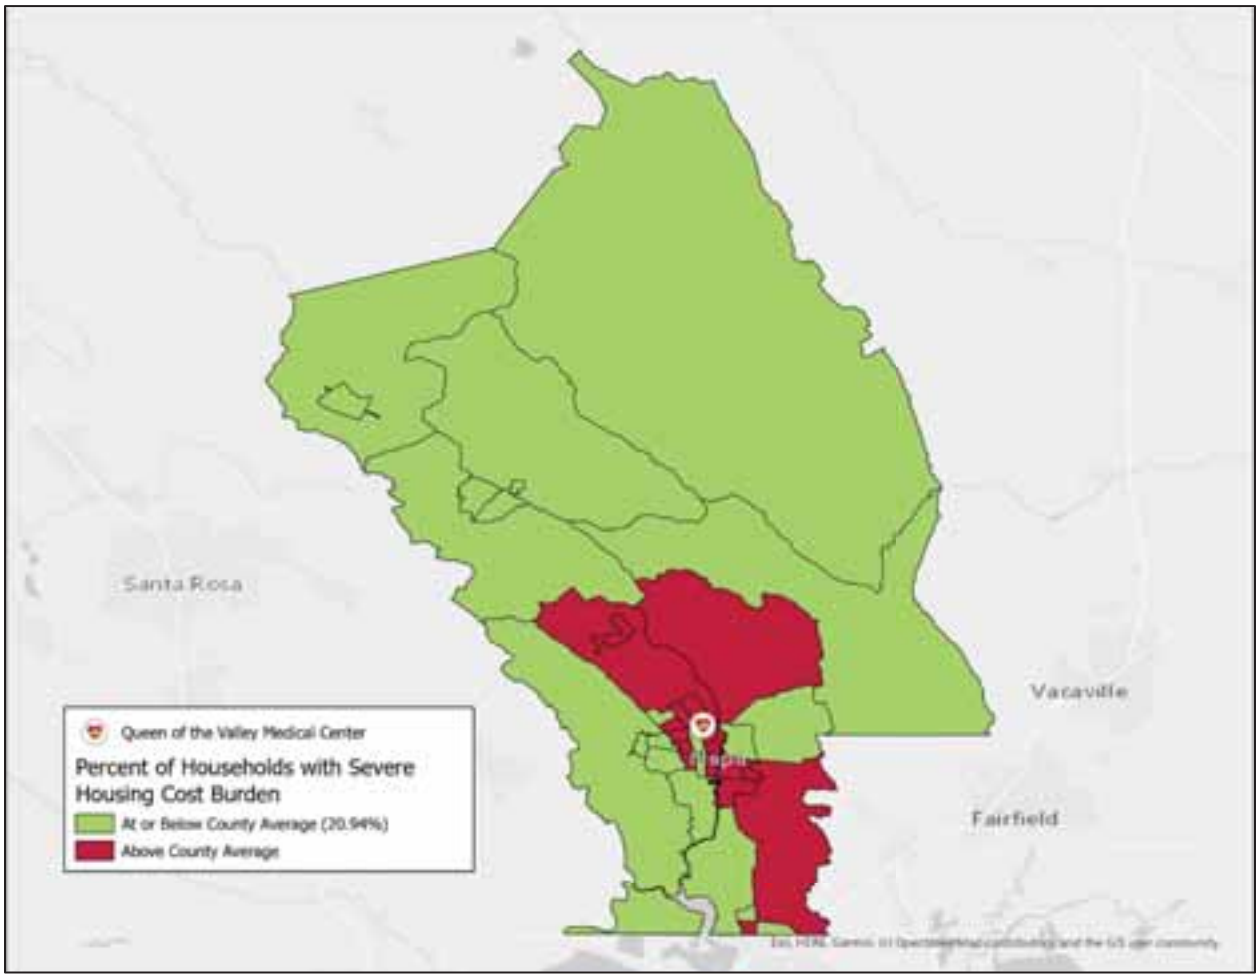
In the high need service area, 25.2% of renter households are severely housing cost burdened. Within the total service area there are census tracts in which 30% to 43% of households are experiencing severe housing cost burden.

Figure 9. Percent of Households with Severe Housing Cost Burden by Census Tract in Napa County



In the map below, census tracts that perform better than the county average (20.94%) are colored in green while census tracts that perform worse are in red.

Figure 10. Comparison of Housing Cost Burden by Census Tract to County Average



HEALTH PROFESSIONAL SHORTAGE AREA

A census tract in Napa County is considered a geographic Health Professional Shortage Area (HPSA). A Federally Qualified Health Center, OLE Health, is also within the service area and is a designated HPSA for primary care, dental care, and mental health. While Queen of the Valley is not located in an HPSA, large portions of the service area to the north of the hospital are considered a primary care HPSA. Napa County also has a designated Medically Underserved Population, people with low incomes.

See Appendix 5 for additional data and details on HPSA and Medically Underserved Areas and Medically Underserved Populations.

OVERVIEW OF CHNA FRAMEWORK AND PROCESS

The Community Health Needs Assessment (CHNA) process is based on the understanding that health and wellness are influenced by factors within our communities, not only within medical facilities. In gathering information on the communities served by the hospital, we looked not only at the health conditions of the population, but also at socioeconomic factors, the physical environment, and health behaviors. Additionally, we invited key stakeholders and community members to provide additional context to the quantitative data through qualitative data in the form of interviews and listening sessions. As often as possible, equity is at the forefront of our conversations and presentation of the data, which often have biases based on collection methodology.

In addition, we recognize that there are often geographic areas where the conditions for supporting health are substantially poorer than nearby areas. Whenever possible and reliable, data are reported at the ZIP Code, census tracts, or census block group level. These smaller geographic areas allow us to better understand the neighborhood level needs of our communities and better address disparities within and across communities. Census designated geographies also ensure similar total population size, improving comparability.

We reviewed data from the American Community Survey and local public health authorities. In addition, we include hospital utilization data to identify disparities in utilization by income and insurance, geography, and race/ethnicity when reliably collected.

Data Limitations and Information Gaps

While care was taken to select and gather data that would tell the story of the hospital's service area, it is important to recognize the limitations and gaps in information that naturally occur.

- Not all desired data were readily available, so sometimes we had to rely on tangential or proxy measures or not have any data at all. For example, there is little community-level data on the incidence of mental health or substance abuse.
- Data that are gathered through interviews and surveys may be biased depending on who is willing to respond to the questions and whether they are representative of the population as a whole.
- The accuracy of data gathered through interviews and surveys depends on how consistently the questions are interpreted across all respondents and how honest people are in providing their answers.
- While most indicators are relatively consistent from year to year, other indicators are changing quickly (such as percentage of people uninsured) and the most recent data available are not a good reflection of the current state.
- Information gathered during stakeholder interviews and caregiver listening sessions is dependent on who was invited and who participated. Efforts were made to include people who could represent the broad interests of the community and/or were representative of communities of greatest need.

Process for Gathering Comments on Previous CHNA and Summary of Comments Received

Written comments were solicited on the 2017 CHNA and 2018-2020 CHIP reports, which were made widely available to the public via posting on the internet in December 2017 (CHNA) and May 2018 (CHIP), as well as through various channels with our community-based organization partners.

No comments or questions were received.

HEALTH INDICATORS

The following indicators compare Napa County to the state of California and the other PSJH service areas in Northern California. Red indicates a measure "worse than" that of the state, green indicates a measure "better than" the state, and yellow indicates a measure equal to that of the state.

Socioeconomic Indicators

Table 5. Socioeconomic Indicators Comparing Northern CA Counties to the State

Indicator	California	Humboldt County	Napa County	Sonoma County
Median Household Income	$75,300	$49,500	$85,600	$81,000
Children eligible for free or reduced lunch (enrolled in public schools)	60%	61%	51%	48%
Children in poverty	17%	23%	9%	12%

Napa County's median household income is much greater than California's overall. Far fewer children are living in poverty (9% compared with 17% statewide).

Physical Environment

Table 6. Physical Environment Indicators Comparing Northern CA Counties to the State

Indicator	California	Humboldt County	Napa County	Sonoma County
More than 1 occupant per room	8%	4%	8%	5%
Severe housing problems	27%	25%	22%	23%
Pollution Burden	25	13	18	15
Air pollution: particulate matter	10	9	11	10
Violent crimes (rate per 100,000 inhabitants)	421	432	398	368

Napa County performs better than the state as a whole across physical environment domains, except particulate matter.

Health Outcomes

Table 7. Health Outcome Indicators Comparing Northern CA Counties to the State

Indicator	California	Humboldt County	Napa County	Sonoma County
Self-reports of fair or poor health (age-adjusted)	17%	16%	14%	14%
Self-reports of fair or poor health (ages 65+)	29%	27%	24%	24%
Asthma in children (ages 1-17)	15%	10%	24%	16%
Asthma in adults (ages 18+)	15%	18%	18%	18%
Diabetes in adults (ages 18+)	10%	7%	9%	8%
Heart disease (ages 18+)	6%	7%	7%	6%
Serious psychological distress (ages 18+)	8%	10%	6%	10%

In general, Napa County performs better than the state as whole across most health outcomes. However, the county does see higher percentages of people with asthma, particularly in children, and a slightly higher prevalence of heart disease in adults.

Health Behaviors

Table 8. Health Behavior Indicators Comparing Northern CA Counties to the State

Indicator	California	Humboldt County	Napa County	Sonoma County
Overweight (ages 2-11)	15%	N/A	6%	16%
Overweight or obese (ages 12-17)	38%	17%	47%	17%
Obese (ages 18+)	28%	31%	29%	24%
Sugary drink consumption (ages 18+)	11%	13%	9%	9%
Regular physical activity (ages 5-17)	17%	48%	6%	27%

Youth alcohol/drug use in the past month (7th grade)	7%	10%	7%	9%
Youth alcohol/drug use in the past month (9th grade)	20%	27%	15%	22%
Youth alcohol/drug use in the past month (11th grade)	29%	45%	30%	40%
Current smoker (ages 18+)	11%	14%	10%	10%

Clinical Care

Table 9. Clinical Care Indicators Comparing Northern CA Counties to the State

Indicator	California	Humboldt County	Napa County	Sonoma County
Uninsured (ages 0-17)	3%	4%	4%	3%
Uninsured (ages 18-64)	10%	11%	10%	9%
First trimester prenatal care	84%	80%	89%	88%
# of people per primary care physician	1,260	1,440	1,040	980
# of people per non-physician primary care provider	1,590	928	1,765	1,428
# of people per dentist	1,180	1,270	1,120	1,090
# of people per mental health provider	280	220	180	220

Napa County performs relatively well on clinical care indicators. The percentage of people ages 0 to 17 that are uninsured is slightly higher than the state (4% in Napa County compared to 3% in California), and the percentage of people ages 18 to 64 that are uninsured is the same (10%). The ratios of primary care physicians, dentists, and mental health providers to people are better in Napa County compared to California. The ratio of non-physician primary care providers to people is slightly worse in Napa County than the state.

See Appendix 5: Quantitative Data for data sources

Hospital Utilization Data

In addition to this public health surveillance data, our hospitals can provide timely information regarding access to care and disease burden across Napa County. We were particularly interested in studying potentially avoidable Emergency Department visits and Prevention Quality Indicators. Avoidable Emergency Department (AED) is reported as a percentage of all Emergency Department visits over a given time period and are identified based on an algorithm developed by PSJH's Population Health Care Management team based on NYU and Medi-Cal's definitions.

The Prevention Quality Indicators (PQIs) are similar, although they are based on in-patient admissions. Both PQIs and AED serve as proxies for inadequate access to, or engagement in, primary care. As possible, we look at the data for total utilization, frequency of diagnoses, demographics, and payer to identify disparities.

Table 10. Avoidable Emergency Department Visits for PSJH Northern California Ministries

Facility	Non-AED Visits	AED Visits	Total ED Visits	AED %
Petaluma Valley Hospital	11,765	5,100	16,865	30.2%
Queen of The Valley Medical Center	16,902	8,188	25,090	32.6%
Redwood Memorial Hospital	7,458	4,307	11,765	36.6%
Santa Rosa Memorial Hospital	23,898	12,610	36,508	34.5%
St. Joseph Hospital Eureka	16,880	11,307	28,187	40.1%
Grand Total	**76,903**	**41,512**	**118,415**	**35.1%**

Across PSJH's northern California service areas, QVMC had a below average percentage of potentially avoidable ED utilization in 2019. At QVMC, individuals identifying as Pacific Islander/ Native Hawaiian, white, and "other" race had the highest percentages of avoidable ED visits.

Individuals under the age of 18 had the highest percentage of avoidable ED visits, with ZIP Code 94558 producing the greatest number of potentially avoidable ED visits. This one ZIP Code was responsible for approximately 54% (4,435) of all potentially avoidable visits in 2019. There were 359 additional visits from patients identified as experiencing homelessness (ZIP Code "ZZZZZ"), with 51% of visits by this population being categorized as avoidable.

Table 11. Avoidable Emergency Department Visits by Ministry and Patient Zip Code

Encounters by Patient Zip Code	Non-AED Visits	AED Visit	Total ED Visits	AED %
Queen of The Valley Medical Center	16,902	8,188	25,090	32.6%
94558	8,941	4,435	13,376	33.2%
94559	3,224	1,655	4,879	33.9%
94503	706	385	1,091	35.3%
ZZZZZ	348	359	707	50.8%

See Appendix 5: Quantitative Data

COMMUNITY INPUT

Summary of Community Input

To better understand the unique perspectives, opinions, experiences, and knowledge of community members, representatives from Queen of the Valley Medical Center conducted 19 stakeholder interviews and 8 listening sessions, including 27 Community Outreach Caregivers. All interviews and listening sessions occurred in June 2020, during which time participants discussed the issues and opportunities of the people, neighborhoods, and cities of the service area. Below is a high-level summary of the findings of these sessions; full details on the protocols, findings, and attendees are available in Appendix 2.

Homelessness/ lack of safe, affordable housing	Both stakeholders and caregivers agreed homelessness and lack of safe, affordable housing is the number one community need. Both groups stressed a **lack of affordable housing stock**, particularly for people with low-incomes in the community, noting this leads to over-crowding and poor living conditions. A common theme was that **housing is foundational** to all other needs; once people are housed securely, they can address other needs related to their health and wellbeing. Two groups were of particular concern: the **Latino/a community** and **older adults**. Stakeholders stressed the housing crisis in Napa highlights racial and economic inequities in the community, disproportionately affecting the Latino/a community, especially mixed status families. Caregivers were particularly concerned about older adults who have few affordable options in the community, particularly those living on a fixed income.
Behavioral health challenges (includes both mental health and substance use disorder) and access to care	Most stakeholders and caregivers agreed there is a lack of mental health and substance use treatment services in the community. They shared school-age children and older adults need increased mental health support. Both stakeholders and caregivers were concerned about the **Latino/a community**, especially mixed status families, although this group was especially prevalent in the caregiver interviews. They noted the following barriers prevent the Latino/a community from receiving services: stigma, a lack of culturally relevant education and outreach, and a lack of bilingual and bicultural providers. Stakeholders also shared that finding **LGBTQ-friendly** mental health providers is difficult in the area. Caregivers emphasized limited access to mental health services for individuals who do not meet the **high-acuity criteria for severe mental illness** at Napa County Health and Human Services. Both groups noted limited **substance use disorder treatment** options, recommending better integration of these services into the community. Stakeholders emphasized the COVID-19 pandemic is creating a **mental health crisis**, sharing people are feeling hopeless, afraid, stressed, anxious, and depressed.

Access to health care services	While both stakeholders and caregivers prioritized access to care, caregivers prioritized it more frequently and with stronger importance. Both groups were concerned about lack of access to **health insurance** for **mixed status familes,** as well as people losing their insurance due to job loss during the pandemic. Both emphasized **a lack of specialists** in Napa, disproportionately affecting individuals on Medi-Cal or without insurance, and challenges with **transportation** as a barrier to care. Both groups shared that **language barriers** prevent Spanish-speaking individuals from receiving responsive care, stating that virtual interpreters are not nearly as effective as in-person options. Access to care challenges are especially prevalent during the COVID-19 pandemic, with **telemedicine** appointments creating additional barriers for people. Lack of smart phones or computers, lack of comfort with technology, language barriers, and lack of private space for appointments were noted by both groups. Caregivers emphasized that people do not want to talk to their provider on the phone and are not receiving the care they need.

The following findings represent **medium-priority health-related needs** based on feedback from stakeholders and caregivers:

Food insecurity	Stakeholders and caregivers were concerned about community members' access to good quality, nutritious food, particularly because the pandemic exacerbated the need. They shared food insecurity is closely linked with **income**; families with low incomes or job loss are forced to make tradeoffs in how they spend their money, sometimes needing to prioritize housing above food. While increased food distribution has worked to meet the community need, they noted that families are still anxious about **long wait times** for food and **not receiving enough food** for their family size. Stakeholders were particularly concerned about the **Latino/a community** and fear of public charge preventing mixed status households from accessing CalFresh and WIC. Caregivers were particularly concerned about **older adults** who are homebound.
Unemployment and lack of a living wage	Stakeholders and caregivers were concerned with rising unemployment as a result of COVID-19, as well as individuals in the **service industry** and **agriculture** who are not paid sufficient income to live in Napa. Stakeholders were concerned about the **Latino/a community** that may be in lower paying jobs and experiencing barriers to improving their financial security. Caregivers were primarily concerned with **mixed status families** who do not qualify for unemployment benefits and **older adults** who are living on a fixed income that is too low to cover their basic needs.

Two other needs were prioritized by stakeholders:

Domestic violence and child abuse/neglect	Stakeholders were both concerned with increasing domestic violence (DV) and child abuse/neglect during the pandemic, as well as the long-term effects of violence and abuse on individuals' well-being and health. DV and child abuse/neglect was most often discussed in connection with **mental health**. Stakeholders shared a need for more **support services** and **safe housing options** for survivors of DV. The COVID-19 pandemic has increased concerns for these issues because people may be **isolated** in unsafe homes and, with schools closed there is reduced **insight into children's safety** and wellbeing.
Racism and discrimination	Stakeholders acknowledged that the disproportionate impact of COVID-19 on Black, Brown, Indigenous, and People of Color (BBIPOC), as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities. Woven throughout every interview were discussions of health inequities and systemic racism preventing BBIPOC communities, particularly the **Latino/a community**, from accessing opportunities and living their healthiest lives. They also shared discrimination prevents the **LGBTQ+ communit**y from receiving responsive health care and visibility in the community. Stakeholders shared the community needs more **commitment to equity** in all programs and collaboratives.

See Appendix 2: Community Input: Qualitative Data

Challenges in Obtaining Community Input

Obtaining robust community input during the COVID-19 pandemic was especially challenging and prevented Queen of the Valley Medical Center from completing any in-person conversations. While stakeholder interviews were easily adapted to a virtual setting through a video conferencing platform, it was not feasible to host listening sessions comprised of community members in this same way. While video conferencing does facilitate information sharing, there are challenges creating the level of dialogue that would take place in person. Additionally, due to many community organizations engaging in COVID-19 response, some organizations had limited capacity and were not able to participate in interviews.

SIGNIFICANT HEALTH NEEDS

Prioritization Process and Criteria

The Community Benefit Committee served as the oversight committee to identify and prioritize the top health-related needs in Napa County for the subsequent CHIP. Committee members reviewed and analyzed the aggregated quantitative and qualitative data in the CHNA, as well as the needs prioritized by the community stakeholders and caregivers. The Providence St. Joseph Health Data Integration Team presented an in-depth review of publicly available data, internal utilization data, and findings from the stakeholder interviews and caregiver listening sessions. The Community Benefit Committee identified the following list of significant health needs based on the data presentation. Each member then completed an online prioritization survey identifying the top three health-related needs from the following list of significant health needs:

- Access to health care
- Health equity: racial and LGBTQ
- Housing instability and homelessness
- Mental health and substance use
- Economic insecurity
- Food insecurity
- Domestic violence and child abuse/neglect

The following criteria were used in the prioritization process:

- Worsening trend over time
- Disproportionate impact on low income and/or Black, Brown, Indigenous, and People of Color (BBIPOC) communities
- PSJH service area/high need service area rates worse than state average and/or national benchmarks
- Opportunity to impact: organizational commitment, partnership, severity, and/or scale of need
- Alignment with existing System priorities

The Community Benefit Committee members discussed their ranking choices and refined the language and scope of the health-related needs. The results of the online criteria-based ranking and the subsequent discussion determined the CHIP priorities, which were reviewed and adopted by the committee.

2020 Priority Needs

The list below summarizes the rank ordered significant health needs identified through the Community Health Needs Assessment process:

PRIORITY 1: HEALTH EQUITY – RACIAL & LGBTQ

The disproportionate impact of COVID-19 on Black, Brown, Indigenous, and People of Color (BBIPOC), as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities. Health inequities and systemic racism are preventing BBIPOC communities, particularly the Latino/a community, from accessing opportunities and living their healthiest lives. Discrimination also prevents the LGBTQ+ community from receiving responsive health care and visibility in the community. A greater commitment to equity in all programs and collaboratives is warranted.

PRIORITY 2: HOUSING & HOMELESSNESS

A major and growing community need is around more safe and affordable housing stock, particularly for people with low incomes. A lack of affordable housing leads to over-crowding and poor living conditions. Housing is foundational to all other needs; once people are housed securely, they can address other needs related to their health and wellbeing. Two groups are of particular concern: the Latino/a community and older adults. The housing crisis in Napa highlights racial and economic inequities in the community, disproportionately affecting the Latino/a community, especially mixed status families. There is additional concern for older adults who have few affordable options in the community, particularly those living on a fixed income.

PRIORITY 3: MENTAL HEALTH & SUBSTANCE USE SERVICES

There is a general lack of mental health and substance use treatment services in the community. School-age children and older adults need more mental health support in the current environment, increasing the demand for services. The Latino/a community is also underserved, especially mixed status families, with the following barriers preventing Latino/a individuals from receiving services: stigma, a lack of culturally relevant education and outreach, and a lack of bilingual and bicultural providers. LGBTQ-friendly mental health providers are also difficult to find in the area. There is limited access to mental health services for individuals who do not meet the high-acuity criteria for severe mental illness at Napa County Health and Human Services, as well as limited substance use disorder treatment options. The COVID-19 pandemic is creating a mental health crisis; people are feeling hopeless, afraid, stressed, anxious, and depressed. The stress from the COVID-19 pandemic is compounding trauma related to local fires.

PRIORITY 4: ACCESS TO HEALTH SERVICES

There is concern around lack of access to health insurance for mixed status families as well as people losing their insurance due to job loss during the pandemic. A lack of specialists in Napa disproportionately affects individuals on Medi-Cal or without insurance. When individuals are referred to a specialist outside of the area, transportation then becomes a barrier to accessing care. Language barriers prevent Spanish-speaking individuals from receiving responsive care, and virtual interpreters

are not nearly as effective as in-person options. Access to care challenges became especially apparent during the COVID-19 pandemic. While telemedicine has improved access to care for some populations, for others this transition has created additional barriers to care, including lack of smart phones or computers, lack of comfort with technology or stable internet access, language barriers, and lack of private space for appointments. Many individuals do not want to talk to their provider on the phone and are not receiving the care they need.

Potential Resources Available to Address Significant Health Needs

Understanding the potential resources to address significant health needs is fundamental to determining current state capacity and gaps. The organized health care delivery systems include the Department of Public Health, Adventist Health St. Helena Hospital, Federally Qualified Health Center – Ole Health, and Kaiser Medical Clinic. In addition, there are numerous social service non-profit agencies, faith-based organizations, and private and public-school systems that contribute resources to address these identified needs. For a list of potentially available resources available to address significant health needs see Appendix 3.

Appendix 3: Resources potentially available to address the significant health needs identified through the CHNA

EVALUATION OF 2018-2020 CHIP IMPACT

This report evaluates the impact of the 2018-2020 Community Health Improvement Plan (CHIP). Queen of the Valley Medical Center responded to community needs by making investments of direct funding, time, and resources to internal and external programs dedicated to addressing the previously prioritized needs using evidence-based and leading practices.

The 2017 CHNA resulted in the following priorities:

- Mental health
- Substance abuse
- Social determinants of health: housing concerns, economic issues, and access to care

Table 12. Outcomes from 2018-2020 CHIP

Priority Need	Program or Service Name	Results/Outcomes	Type of Support
Social Determinants of Health - Access to Care	Queen's Mobile Dental Clinic	This program provided dental care for children 6 months to 26 years of age from low-income families who are Denti-Cal eligible or are uninsured/underinsured. The mobile dental clinic is one of only 3 providers of oral health services available to children from low-income families with Denti-Cal, no insurance or other low reimbursement insurance. The Queen's Mobile Dental Clinic completed 16,582 clinic visits during the 2018-2020 CHIP time period.	The Mobile Dental Clinic is a St. Joseph Health Queen of the Valley Community Health Investment Program.
Social Determinants of Health - Access to Economic Stability	CARE Network	The CARE Network Program provides socio-economic and medical care coordination to low income vulnerable individuals with complex needs. Serving individuals through a continuum of services and supports linked to community-based services, financial assistance and medical resources. A Behavioral Health RN was added to the CARE Network team in 2019. The CARE Network team made 65,853 contacts with community members during the 2018-2020 CHIP time period.	The CARE Network is a St. Joseph Health Queen of the Valley Community Health Investment Program.
Social Determinants of Health –	Napa Valley Parent University	Parent University is a learning environment for parents to gain critical parenting and leadership skills to support their child's	Parent University is a collaboration with Napa Valley

Education Equity		academic success. Classes are bilingual. Parent University made 26,225 contacts with Napa County community members during the 2018-2020 CHIP time period.	Unified School District and a local nonprofit, On the Move. QVMC supports the program with 1 FTE and additional financial support.
Mental Health	Mentis CARE Network Healthy Minds Healthy Aging	Increased access to mental health services for low-income and vulnerable individuals. Embedded 1.5 FTE's of behavioral health therapists within Community Health Investment to provide services for complex care clients with positive screens for depression (including 1 bilingual therapist). Therapy and brief case management for older adults was made available to vulnerable community members with positive screens for depression through the Healthy Minds Healthy Aging Collaborative. HMHA provides behavioral health services for complex care clients with positive screens for depression. Mentis programs assisted CHI with making contact with 5,794 sessions and or phone interactions during the 2018-2020 CHIP time period.	Financial Support to embed services within Queen of the Valley Community Health Investment's CARE Network Department and to expand services for the elderly in Napa County.
Mental Health	Perinatal Emotional Wellness	Increased access and provided brief counseling and or referrals by a licensed therapist to pregnant and postpartum women screened for depression. A caring, nonjudgmental sounding-board for any thoughts or feelings that concern a client in pregnancy and postpartum. The Perinatal Emotional Wellness program made 1,307 contacts during the 2018-2020 CHIP time period.	The Perinatal Emotional Wellness Program is a St. Joseph Health Queen of the Valley Community Health Investment Program.
Substance Use	Napa County Drug and Alcohol McAlister Center Point	Increased access to withdrawal management and residential substance use disorder treatment for individuals referred from QVMC inpatient, ED and CARE Network including highly vulnerable individuals experiencing problems with alcohol and other drugs in a safe supportive environment.	Financial Support for both bed nights and collaboration with community partners to co-locate a Substance Use Navigator within St. Joseph

			Health Queen of the Valley's Community Health Investment Program.
Housing	Napa Nightingale Medical Respite	Collaboration with Catholic Charities of the Diocese of Santa Rosa's Napa Nightingale Program. Napa Nightingale is the only medical respite shelter program in Napa County. Services are specifically targeted to individuals experiencing homelessness. This program allows individuals recently discharged from local hospitals the opportunity to rest in a safe environment until they are well enough to exit to other housing opportunities. The 11-bed respite shelter provides three meals a day, laundry and shower facilities, case management by QVMC's CARE Network team, and service coordination.	Financial Support and collaboration with QVMC's CARE Network interdisciplinary case management team.
Housing	CARE Network / SOAR	CARE Network SSI/SSDI Outreach, Access and Recovery (SOAR) specialists expanded and enhanced the implementation of the SOAR model in Napa County to include participants of Napa's Whole Person Care (WPC) program. The SOAR team identifies and assists adults who are experiencing or are at risk of homelessness and have a mental illness, medical impairment, and/or co-occurring substance use disorders in Napa County by filing complete applications for SSI and SSDI that will be approved in less than 100 days. The CARE Network SOAR team has been integral to housing efforts aimed at the homeless population providing system linkages and case management.	SOAR is a CARE Network program at St. Joseph Health Queen of the Valley within the Community Health Investment Program. SOAR is supplemented by a Napa County Whole Person Care grant.
Housing	Heritage House and Valle Verde Housing Projects	Heritage House is an approved housing project that will consist of 66 units of permanent supportive housing dedicated for homeless and very low income individuals. To ensure success of every resident at	Financial commitment for both housing projects in addition to a commitment

		Heritage House, wraparound services including mental health, drug and alcohol recovery, and self-sufficiency services will be offered. Valle Verde is an approved affordable housing development consisting of 24 units of multi-family apartments designed for low income families	for CARE Network to take part in ensuring the best possible outcome for supportive services at Heritage House.

Addressing Identified Needs

The Community Health Improvement Plan developed for the Napa County service area will consider the prioritized health needs identified in this CHNA and develop strategies to address needs considering resources, community capacity, and core competencies. Those strategies will be documented in the CHIP, describing how Queen of the Valley Medical Center plans to address the health needs. If the hospital does not intend to address a need or plans to have limited response to the identified need, the CHIP will explain why. The CHIP will not only describe the actions Queen of the Valley Medical Center intends to take, but also the anticipated impact of these actions and the resources the hospital plans to commit to address the health need.

Because partnership is important when addressing health needs, the CHIP will describe any planned collaboration between Queen of the Valley Medical Center and community-based organizations in addressing the health need.

2020 CHNA GOVERNANCE APPROVAL

This Community Health Needs Assessment was adopted by the Queen of the Valley Medical Center Community Benefit Committee[4] of the hospital on February 18, 2021.

APPENDICES

Appendix 1: Definition of Terms

Access to health care services: The timely use of personal health services to achieve the best health outcomes (excluding oral health and behavioral health care services, which are included in other categories). Health care services include primary care providers, pediatricians, OB/GYN, and specialists. Access encompasses issues around insurance coverage, cost of care, timing and availability of appointments, geographic availability, availability of culturally responsive and linguistically appropriate providers, and navigating the complexities of the health care system.

Access to oral health care services: The timely use of oral health care services to achieve the best health outcomes related to dental care, tooth loss, oral cancer, and gum disease. Access encompasses issues around insurance coverage, cost of care, timing and availability of appointments, geographic availability, availability of culturally responsive and linguistically appropriate providers, and navigating the complexities of the health care system. Access to safe, nearby transportation

Accessibility for people with disabilities: The ease with which a person with a disability can utilize or navigate a product, device, service, or environment.

Affordable daycare and preschools: All families, regardless of income, can find high-quality, reasonably priced, convenient childcare options for their children birth to five. This includes free or reduced cost daycare and preschools for families that meet certain income requirements.

Aging problems: The challenges faced by adults as they age, specifically those over the age of 65, who may experience memory, hearing, vision, and mobility challenges. Adults over the age of 65 make up a larger percentage of the U.S. population than ever before and require specific supportive services related to health care, housing, mobility, etc.

Air quality: The degree to which the air is pollution and smoke-free.

Avoidable Emergency Department Utilization (AED): Based on algorithms by Medi-Cal and NYU, PSJH Healthcare Intelligence developed an "AED" flag. This is a list of conditions by diagnostic code that should not require Emergency Department care and are better treated at a more appropriate level of care. Reported at the hospital level and by payor group.

Behavioral health challenges and access to care: Includes challenges related to both mental health and substance use disorders, as well as difficulties getting the support services and care to address related challenges. Covers all areas of emotional and social well-being for all ages, including issues of stress, depression, coping skills, as well as more serious health conditions such as mental illness and Adverse Childhood Experiences. Access encompasses issues around insurance coverage, cost of care, timing and availability of appointments, geographic availability, availability of culturally responsive and linguistically appropriate providers, and navigating the complexities of the health care system.

Bullying and verbal abuse: Put downs and personal attacks that cause a person emotional harm. Examples include name calling, shaming, jokes at the expense of someone else, excessive criticism,

yelling and swearing, and threats. Specifically referring to instances taking place outside of the home, in places in the community such as school and the workplace.

Child abuse and neglect: "Injury, sexual abuse, sexual exploitation, negligent treatment or maltreatment of a child by any person under circumstances which indicate that the child's health, welfare, and safety is harmed."[5]

Discrimination: Treating a person unfairly because of who they are or because they possess certain characteristics or identities. Examples of characteristics or identities that are discriminated against include the following: age, gender, race, sexual orientation, disability, religion, pregnancy and maternity, gender reassignment, and marriage and civil partnership.[6]

Domestic violence: Also called intimate partner violence, "a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain control over another intimate partner."[7]

Economic Insecurity: Lacking stable income or other resources to support a standard of living now and in the foreseeable future.

Few arts and cultural events: A lack of representation of different cultures and groups in the community demonstrated through music, dance, painting, crafts, etc.

Firearm-related injuries: Gun-related deaths and injuries.

Food insecurity: A lack of consistent access to enough good-quality, healthy food for an active, healthy life.

Gang activity/ violence: Encompasses the incidence of crime and violence in the community as well as the fear of it, which prevents people from using open space or enjoying their community.

Health Equity: A principle meaning that "everyone has a fair and just opportunity to be as healthy as possible. This requires removing obstacles to health such as poverty, discrimination, and their consequences, including powerlessness and lack of access to good jobs with fair pay, quality education and housing, safe environments, and health care. For the purposes of measurement, health equity means reducing and ultimately eliminating disparities in health and its determinants that adversely affect excluded or marginalized groups."[8]

HIV/AIDS: Acquired immunodeficiency syndrome (AIDS), a chronic potentially life-threatening condition caused by the human immunodeficiency virus (HIV). Refers to challenges addressing the spread of HIV in the community and challenges providing treatment, support, and health education related to HIV and AIDS.

[8] Braveman P, Arkin E, Orleans T, Proctor D, and Plough A. *What is Health Equity? And what Difference Does a Definition Make?* Princeton, NJ: Robert Wood Johnson Foundation, 2017.

Homelessness/ lack of safe, affordable housing: Affordability, availability, overcrowding, and quality of housing available in the community. Includes the state of having no shelter or inadequate shelter.

Job skills training: Occupational training with an emphasis on developing the necessary skills to support and guide individuals in finding jobs that meet their interests and pay a livable wage.

Lack of community involvement: Individuals in a defined geographic area do not actively engage in the identification of their needs, nor do they participate in addressing those needs.

Obesity: Primarily defined as the health condition in which individuals are sufficiently overweight as to have detrimental effects on their overall health. This does not include issues of exercise or food choices, which are listed as separate issues.

Poor quality of schools: Schools that do not provide a quality education to all students regardless of race, ethnicity, gender, socioeconomic status, or geographic location. A quality education is defined as one that "provides the outcomes needed for individuals, communities, and societies to prosper. It allows schools to align and integrate fully with their communities and access a range of services across sectors designed to support the educational development of their students."[9]

Racism: "Prejudice against someone based on race, when those prejudices are reinforced by systems of power."[10]

Safe and accessible parks/recreation: Issues around a shortage of parks or green spaces, or existing parks/green spaces being poorly maintained, inaccessible, or unsafe.

Safe streets for all users: People walking, biking, driving, and using public transportation can generally trust that they are safe on the road. Includes safety features such as crosswalks, bike lanes, lighting, and speed limits.

Social Determinants of Health: Conditions in the environment in which people are born, live, learn, work, play, worship, and age that affect a wide range of health, functioning, and quality-of-life outcomes and risks.

Unemployment/ lack of living wage jobs: Not having employment or lacking a job that pays the minimum income necessary for a worker to meet their basic needs.

Appendix 2: Community Input

INTRODUCTION

Queen of the Valley Medical Center (QVMC) conducted stakeholder interviews and caregiver listening sessions, recognizing the importance of including the voices of community leaders who help make Napa County healthier. Listening to and engaging with the people who live and work in the community is a crucial component of the CHNA, as these individuals have firsthand knowledge of the needs and strengths of the community. The stakeholder interviews and caregiver listening sessions are particularly important this CHNA cycle as the COVID-19 pandemic has prevented us from facilitating listening sessions with community members. We relied on community stakeholders to represent the broad needs of the communities they serve.

QVMC included interviews from 19 stakeholders, people who are invested in the wellbeing of the community and have first-hand knowledge of community needs and strengths. They also included 8 listening sessions including 27 Community Outreach Caregivers. These caregivers are Registered Nurses, Social Workers, Community Health Workers, and Community Health Educators who provide direct services to individuals who have low incomes, chronic conditions, and/or are medical underserved. The goal of the interviews and listening sessions was to identify what needs are currently not being met in the community and what assets could be leveraged to address these needs.

METHODOLOGY

Selection

A total of 8 listening sessions were completed with 27 Community Outreach Caregivers who represent the needs and challenges of the clients they serve. Participants included 6 nurses, 13 Social Workers, 3 Community Health Workers, 3 Community Health Educators, and 2 other licensed staff.

Apx 2_Table 1. Community Outreach Caregivers Listening Sessions

Community Input Type (e.g. Listening sessions, community forum, etc.)	City, State	Date (Month, Day, Year)	Language
Caregiver Listening Session (Nurses)	Napa, CA	June 16, 2020	English
Caregiver Listening Session (Community Health Workers)	Napa, CA	June 16, 2020	English
Caregiver Listening Session (Social Workers)	Napa, CA	June 18, 2020	English
Caregiver Listening Session (Nurses)	Napa, CA	June 18, 2020	English
Caregiver Listening Session (Social Workers)	Napa, CA	June 19, 2020	English
Caregiver Listening Session (Social Workers)	Napa, CA	June 19, 2020	English
Caregiver Listening Session (Community Health Educators)	Napa, CA	June 22, 2020	English
Caregiver Listening Session (LMFT/LCSWs)	Napa, CA	June 24, 2020	English

A total of 19 stakeholder interviews were completed by representatives from QVMC. Stakeholders were selected based on their knowledge of the community and engagement in work that directly serves people who are economically poor and vulnerable. QVMC aimed to engage stakeholders from social service agencies, health care, education, housing, and government, among others, to ensure a wide range of perspectives. Included in the interviews was a Public Health Officer from Napa County Public Health.

Facilitation Guide

Providence St. Joseph Health developed a facilitation guide that was used across all hospitals completing their 2020 CHNAs (see "Stakeholder Interview and Listening Session Questions" at the end of Appendix 2 for full questions):

- The role of the stakeholder's organization and community served
- Prioritization of unmet health related needs in the community, including social determinants of health
- Populations disproportionately affected by the unmet health-related needs
- Gaps in services that contribute to unmet health-related needs
- Barriers that contribute to unmet health-related needs
- Community assets that address these health-related needs
- Opportunities for collaboration between organizations

Training

The facilitation guide provided instructions on how to conduct a stakeholder interview, including basic language on framing the purpose of the interview. Each facilitator was provided a list of questions to ask the stakeholder.

Data Collection

The facilitator conducted all of the interviews using the Microsoft Teams platforms and recorded the interviews with participants' permission.

Analysis

Qualitative data analysis of stakeholder interviews was conducted by Providence St. Joseph Health using Atlas.ti, a qualitative data analysis software. The data were coded into themes, which allows the grouping of similar ideas across the interviews, while preserving the individual voice.

The recorded interviews were sent to a third party for transcription. The analyst listened to all audio files to ensure accurate transcription. The stakeholder names were removed from the files and assigned a number to reduce the potential for coding bias. The files were imported into Atlas.ti. The analyst read through the notes and developed a preliminary list of codes, or common topics that were mentioned multiple times. These codes represent themes from the dataset and help organize the notes into smaller pieces of information that can be rearranged to tell a story. The analyst developed a definition for each

code which explained what information would be included in that code. The analyst coded eight domains relating to the topics of the questions: 1) role of organization, 2) population served by organization, 3) unmet health-related needs, 4) disproportionately affected population, 5) gaps in services, 6) barriers to services, 7) community assets, and 8) opportunities to work together.

The analyst then coded the information line by line. All information was coded and new codes were created as necessary. All quotations, or other discrete information from the notes, were coded with a domain and a theme. Codes were then refined to better represent the information. Codes with only one or two quotations were coded as "other," and similar codes were groups together into the same category. The analyst reviewed the code definitions and revised as necessary to best represent the information included in the code.

The analyst determined the frequency each code was applied to the dataset, highlighting which codes were mentioned most frequently. The analyst used the query tool and the co-occurrence table to better understand which codes were used frequently together. For example, the code "mental health" can occur often with the code "stigma." Codes for unmet health-related needs were cross-referenced with the domains to better understand the populations most affected by a certain unmet health-related need and the barriers to addressing those needs. The analyst documented patterns from the dataset related to the frequency of codes and codes that were typically used together.

FINDINGS FROM COMMUNITY OUTREACH CAREGIVER LISTENING SESSIONS

Community Outreach Caregivers, hereinafter referred to as caregivers, were asked to identify their top five health-related needs in the community. Three needs were mentioned in every listening sessions and were categorized as high priority. Two additional needs were also frequently prioritized and categorized as medium priority. The effects of the COVID-19 pandemic will be woven throughout the following sections on health-related needs but will also be summarized in its own section.

Community Outreach Caregivers: High Priority Unmet Health-Related Needs

Caregivers were most concerned about the following health-related needs, which were mentioned in every listening session (in order of priority):

1. Homelessness/ lack of safe, affordable housing
2. Access to health care services
3. Behavioral health challenges (includes both mental health and substance use disorder) and access to behavioral health care

Homelessness/ lack of safe, affordable housing

Caregivers were primarily concerned with a lack of safe, affordable housing, noting the importance of people having their own safe space and a roof over their head. They were concerned that the high cost of housing in Napa leads to **overcrowding**, with multiple families sharing a small space, and **poor-quality housing** with mold and other hazards that landlords refuse to address.

They shared there are robust services in Napa County to support people experiencing homelessness, which they credit as drawing more people living unhoused to the area. Once in Napa though, there are

few **resources to move people into permanent housing** or keep them housed. They shared people often wait two to three years for low-income public housing and the system does not help people become self-sufficient. Once housed, there are few **case management services** to offer support. Additionally, there are few resources to **prevent homelessness**, such as rental assistance to prevent eviction. Caregivers spoke to having the most resources to support someone who is already experiencing homelessness.

Caregivers emphasized the connection between **housing and health**, noting that people are better able to manage their chronic conditions and mental health challenges when stably housed. Living unsheltered puts additional stress on people's overall health and well-being.

"The usual factors. I have found again and again and again that if my clients are housed and housed securely that it is so much easier for them to maintain their health, and for me to bring them resources and education to maintain their health."—Community Outreach Caregiver

"I go with housing as number one. Some clients have said, 'I can't take care of my health if I don't have housing.' They prioritize their housing before taking care of themselves. That's something that I've heard in multiple times from my clients."—Community Outreach Caregiver

Caregivers were primarily concerned about the following populations experiencing housing instability:

- **Older adults**: Most groups of listening session participants discussed concerns for older adults and a lack of appropriate, affordable housing. They noted that for older adults on Social Security Income (SSI) and Social Security Disability Income (SSDI), they have difficulty meeting their basic needs. After paying rent, there is typically only a few hundred dollars left in their fixed income, leading to spending tradeoffs. Additionally, people receiving SSI income do not qualify for low-income housing, limiting the support resources available to them. For older adults needing more physical support or memory care, there are even fewer options, with a lack of affordable assisted living options.

  "They have worked all of their life and I just feel that they're just living paycheck by paycheck. Not paycheck but through the social security, and they cannot even do anything extra because they don't have any money. They hardly have money to survive with the $200 left after they've paid the rent. I just hope that there could be something for all the seniors where they can pay less than what they pay now so they can have a more quality of life. Not worrying so much about just having the necessary money just to cover their food." – Community Outreach Caregiver

- **Mixed status families:** Families including members with a variety of documentation statuses may not qualify for public housing programs or benefits.
- **Families with low incomes**: There are few affordable options for families with low incomes. These families often have to spend a considerable amount of their income on rent (leading to

housing cost burden), live with other families (leading to overcrowding), or choose poor-quality housing (leading to health and safety concerns).

Caregivers also noted that there are many populations that may have difficulty affording the high cost of rent in Napa County. They shared that even for **middle income earners**, rent can be unaffordable. Other groups that may be unable to find affordable, safe housing are **Transitional Age Youth** and individuals on the **sex offender registry**. **Adults in their 50s who cannot work** are also limited in options as they cannot qualify for senior housing. Additionally, there are a lack of supportive living facilities for people with disabilities, such as people with a **traumatic brain injury.**

> *"In the community the lack of affordable housing for even middle income and service job people and elderly people who can't pay the $3,000 or $4,000 a month for like Springs and Redwood Retirement and that new Watermark it's $4,000 a month for a studio apartment there. Just the middle income and people who don't necessarily want to live in a mobile home. There's just nothing out there for seniors. I hear that from a lot of people that I know. Their parents, they're very worried about them."—Community Outreach Caregiver*

They discussed the need to lower the income limits for low-income housing, noting that it is not realistic and does not take into account the SSI fixed income. They also shared the **Vulnerability Index—Service Prioritization Decision Assistance Tool** (VI-SPDAT) is a flawed tool for determining people's housing risk and seems to be more or less accurate depending on the person administering it.

Caregivers discussed seeing a potential increase in homelessness due to the economic effects of the **COVID-19 pandemic**. They were particularly concerned about mixed status families who may not qualify or want to apply for public benefits, such as unemployment insurance. Additionally, overcrowding could contribute to easier spread of the virus. On a positive note, the pandemic has led to increased efforts to temporarily house people experiencing homelessness and has demonstrated that hotels can serve as transitional housing.

Access to health care services

Caregivers were concerned that too many people in Napa County experience barriers to accessing needed primary and specialty care. Their primary concern was the **lack of specialists** in Napa, noting that people have to travel to UC San Francisco or UC David, which are far away and create additional **transportation** barriers. Finding a specialist is especially challenging for people with Medi-Cal or lacking insurance, noting sometimes people wait six months to be seen. Additionally, for people with Medi-Cal, their only real **primary care** option is the one local FQHC, Ole Health. Another gap in health care services is tubal ligations, noting they are not available to the community.

Besides transportation, caregivers shared the following barriers to care:

- **Language**: Most listening session groups named language as a major barrier to care, noting a need for more bilingual, culturally responsive providers. They shared there is a need for more in person interpreters who speak the same dialect as the patient, emphasizing a virtual interpreter is not always adequate.

- **Complexity of the health care system:** Caregivers noted a lack of health literacy can make navigating the complexity of the health care system a challenge for many, but especially **older adults** and **people with limited English proficiency**. They noted a need for more support systems in place to help navigate technology barriers, scheduling, and paperwork.

  "I wish, in a utopia world, that there was somebody that could help seniors negotiate the medical system, just trying to get the doctor appointments, trying to go online, setting up that little website so you can log on and see when your appointment is, and your medical records and information."—Community Outreach Caregiver

- **Racism and discrimination**: Caregivers shared patients are sometimes afraid to seek care for fear they will experience discrimination or will not be understood by their provider. Being heard and understood goes beyond just language but includes providers who are culturally responsive and compassionate.

  "Just the fear of doctors or fear of going to people who are providing care because of the fear of being discriminated against or not getting the care that they need because of racial practices that have been moved on generation to generation. Just understanding where those things come from and by teaching the providers to be more culturally competent will provide more care and more quality to the people that we serve, and that will be a service to the populations."—Community Outreach Caregiver

- **Fear of public charge:** Mixed status families may be afraid to apply for Medi-Cal due to public charge rules.
- **Appointment hours**: People may not always have the flexibility to take off work to visit a provider or they may not be able to afford losing wages.

Due to **COVID-19**, caregivers noted people have diminished access to care and poorer quality interactions with their providers. Seven of eight listening session groups spoke to people having challenges utilizing **telehealth**, whether because of a lack of a phone, computer, Wi-Fi, or comfort with technology. The technology can be too complicated or unfamiliar for people, and others do not have sufficient privacy in their home for an honest conversation with a provider.

"Most of the doctors or providers are changing into telemedicine so once again the language barrier, access to services like internet or having a smartphone or even a computer puts our low-income families out of that so we have to be creative and figure ways how the clients can communicate with the providers via phone number, or Zoom, or face to face. I think that access to care has changed." —Community Outreach Caregivers

They shared that for patients with low **health literacy**, describing their problems to a provider over the phone is an additional barrier. Even more complicated, for patients with low literacy or limited English proficiency, reading information and following instructions for a telehealth visit is an additional barrier. Caregivers shared hearing people report having lower-quality interactions with their provider. They have also seen patients receive a **large window of time** for their appointment, meaning people have to wait

by their phone for hours. Caregivers noted sometimes the calls come hours after the scheduled appointment window, causing frustration and missed appointments.

> *"I'm thinking literacy levels. I know information was shared but a lot of our low literacy clients did not comprehend what was going on. There was a lot of confusion, misunderstanding, who do we reach out to or if they were presenting any symptoms which goes-- I'm sorry. I just reminded myself as well to the previous questions, a lot of our clients don't know how to read or write. With telemedicine that complicates them as they don't know how to text or dial numbers or read information as well. Low literacy." —Community Outreach Caregivers*

Caregivers shared many of the people they support do not want to talk to their doctor over the phone and are **opting to wait** until they can be seen in person. This means they are allowing their health condition to go unmanaged and are being seen once they are really sick.

> *"[Care] is not happening. Clients, they don't want to talk to their doctor on the phone. They're not calling. They're calling me with worsening things, and these are my clients. You know there's a whole-- They're the tip of the iceberg and what's happening with the rest of the iceberg of people. They're walking around with conditions that are not being treated." —Community Outreach Caregivers*

They shared they are seeing patients delay **well-child checks** and **vaccine** appointments, creating concern that there will be fallout for decades to come.

Behavioral health challenges (includes both mental health and substance use disorder) and access to behavioral health care

Caregivers described a lack of both mental health and substance use disorder (SUD) treatment services in Napa County leading to **long wait lists** for mental health appointments, especially for new patients.

The primary gap in mental health services described by caregivers was **limited access at the county for individuals who do not meet the criteria for serious mental illness (SMI)**. Caregivers described having clients with very serious needs who do not receive the care they need because the short assessment determines they do not fit the criteria.

> *"I think that most of our clients have difficulties accessing mental health services. There's a lot of barriers for our clients, and a lot of stigma surrounding mental health. It's been really difficult for the clients that we feel that would meet criteria and would really benefit from those services, to take them to access, schedule the appointment, sit with them through the assessment, and then we find out that they don't meet criteria because they're not SMI [serious mental illness]. So I think that's been a huge barrier for a lot of our clients" — Community Outreach Caregivers*

Caregivers noted the following community needs for addressing substance use:

- **SUD treatment centers** for patients with Medi-Cal, noting they only have one option now

- **Post-treatment support** and improved transition plans for people once released from a SUD treatment program
- More **Medication-Assisted Treatment** options
- A medical facility for rehab or **medical detox,** explaining people have nowhere to be safely monitored while going through detox
- **Harm reduction programs**, such as a needle exchange

Caregivers noted the following community needs for addressing mental health challenges:

- **Bilingual and culturally responsive providers**: Caregivers emphasized a need for more mental health providers who speak Spanish and can be responsive to other cultures

"Not having enough Spanish-speaking therapists. For them, this stigma around all that, just having even mental health issues and having someone they feel comfortable enough that will understand also their culture when it comes to mental health."—Community Outreach Caregivers

- **Mental health crisis services in jail**
- Improved **integration of mental health** conversations into primary care
- **Mental health wraparound services**: They shared a need for purely mental health case management services to help with follow-through and compliance
- **Mental health providers for children**

Caregivers described a **lack of understanding** and **stigma** around behavioral health as barriers to accessing support services. They spoke to the importance of doing more community-based outreach, particularly to the Latino/a community, to help people understand what anxiety and depression are and the benefits of mental health care. They also noted bringing services to people using **mobile outreach** can be useful for normalizing the services and breaking down barriers, particularly for people experiencing homelessness.

Caregivers identified the following populations as needing additional mental health supports:

- **The Latino/a community**: Caregivers were primarily concerned about this population receiving culturally responsive and linguistically appropriate services. They noted mixed status families may not want to or be able to apply for Medi-Cal because of fear related to public charge but may also need mental health supports because of increased anxiety and stress related to employment.

"I think with mental health it's huge, especially in the Latino community, again, lack of access to bicultural and bilingual providers that understand the culture and understand some of the issues that the community is dealing with." —Community Outreach Caregivers

- **School-age children**: Caregivers shared a need for more counselors and therapists located in schools, particularly to meet the needs of McKinney-Vento students.
- **Older adults**: This population may experience more isolation and have fewer support networks.

Caregivers shared there are more mental health concerns as a result of the **COVID-19 pandemic**. They were concerned about increased stress, depression, distress, and suicidal ideation. They noted concern for **children at home** in negative environments and **older adults** who are isolated without visitors. Additionally, **mixed status families** may not qualify for public benefits, creating more financial stress and fear.

Caregivers noted **telehealth therapy sessions** do not work for everyone, particularly those without privacy at home. They shared the assessments over the phone for the county mental health services are less effective compared to in person. They also noted concern for people who are not able to participate in SUD support groups who may be lacking their usual community supports.

Community Outreach Caregivers: Medium Priority Unmet Health-Related Needs

Two additional needs were often prioritized by caregivers, although with less frequency and importance than homelessness, access to health care, and behavioral health (in order of priority):

1. Food insecurity
2. Unemployment/ lack of living wage jobs

Food insecurity

Caregivers were primarily concerned with increased food insecurity as a result of the **COVID-19 pandemic**. They noted that as people have lost their jobs or wages, they are needing more food resources. The **food bank** has been doing a great job increasing food distribution, but they are stretched thin as it is and asking for financial support, noting that meeting the enormous need is not sustainable. Caregivers were also concerned that a family of 4 or 5 is not receiving sufficient food from food banks to meet their needs.

Other groups have also been working to provide food to the community. **Abode** has been distributing meals to people experiencing homelessness and **schools** have been providing take-away lunches during the school closure.

> *"I think now, well since COVID hit, I know that there's a lot of kids that would get their lunch, their breakfast from school, and so that's been a big issue. A couple of weeks ago, I actually went and volunteered during a lunch distribution at one of the elementary schools and they literally ran out of lunches fifteen minutes into the hour that they were supposed to be there. We had families still driving up and there were no more bag lunches for their kids. I don't know if the school district is going to continue to provide that during the summer but I think that's a huge gap, that especially right now with the pandemic, it has become a lot more visible where more families are needing to access those free food resources."—Community Outreach Caregivers*

Caregivers noted that food insecurity is connected to **obesity** and **diabetes**, sharing the importance of ensuring families have access to healthy and nutritious foods, as they are continuing to see childhood obesity increase.

Older adults are also experiencing increased food insecurity, particularly those who may be afraid to leave their house due to COVID-19. Caregivers noted a need for more home food delivery options.

Overall, caregivers explained that there are more food resources to address the current community needs, although there are often **long wait times**, making people nervous they will run out of food. They have seen the school run out of lunches, creating anxiety for families.

One positive though is that families have been able to apply for **CalFresh** over the phone and are being approved faster than before.

Unemployment/ lack of living wage jobs

Caregivers shared many people they support do not receive a **living wage**. Particularly due to the high cost of housing, families have little money remaining to meet their other basic needs. They shared even before the COVID-19 pandemic, there was a lack of living wage jobs and families were experiencing **economic insecurity**.

They were primarily concerned about **mixed status families** who have few economic support resources. Mixed status families often cannot access unemployment benefits, and due to fear related to public charge, do not access other public benefits, such as CalFresh.

> *"The undocumented have been affected a lot because they can't access unemployment, or they are afraid to access unemployment. Just financially, they've been struggling to pay their rent and the ends need at the end month." – Community Outreach Caregiver*

> *"It's hard enough for our low-income families that we serve and we try to help, but it's harder for the undocumented because when you have a residency or you were born here, you can apply for different services, but when you're undocumented and your total support is the job that you were laid off, then it is harder. A lot of families, a lot of our families work and live- well, a lot of families live paycheck by paycheck."—Community Outreach Caregiver*

Caregivers were also concerned about **older adults**, particularly those living on a fixed income that is typically not sufficient to meet their basic needs.

Caregivers shared the challenge of the **benefits cliff**, meaning as income increases, public benefits quickly taper off. They shared there is a group of people who make a little too much to qualify for Medi-Cal, but not enough to sustain life in Napa on their income. They shared income is connected to overall **health** and well-being; making a living wage is connected to housing, food security, access to care, and mental health.

Due to the **COVID-19 pandemic**, caregivers have seen increased loss of income and jobs, leading to more people having difficulty paying rent and buying food.

> *"I wanted to add to the lack of income that [another caregiver] brought up and say that that's obviously impacting families' abilities to put food on the table, pay rent. Then we have limited existing financial resources that can maybe help out with a month's worth of rent, but then families are still left struggling to figure out how to make ends meet. Even with the financial assistance that is available, you have to be patient because the wait time*

to get help and actually get the financial assistance has been taking a lot longer because of the high need." – Community Outreach Caregiver

New parents are needing supporting buying car seats, baby clothes, and other basics for their children. They are also seeing more people need help applying for unemployment.

Community Outreach Caregivers: Effects of COVID-19

Caregivers shared concerns for how the COVID-19 pandemic has increased **economic insecurity**, leading to increased **housing instability** and **homelessness**, as well as **food insecurity**. They noted the pandemic has demonstrated that hotels can be used as transitional housing for people experiencing homelessness and hope this will influence strategies moving forward.

Caregivers were particularly concerned about the economic effects of the pandemic on the **Latino/a community** and **mixed status families**. They noted that mixed status families do not qualify for unemployment or the stimulus check. Many are experiencing job loss or increased financial instability and lack social safety nets. Due to public charge and fear, many do not feel safe applying for public benefits such as CalFresh.

Access to care challenges have increased as a result of the pandemic, with more people delaying care. They noted fewer children are receiving well-child checks and vaccines. Many people are not able to successfully engage in **telehealth** visits with their primary care or mental health provider due to lack of technology, Wi-Fi, comfort, or privacy. Particularly for older adults or people with low health literacy, they may not be comfortable using technology or navigating these new systems. Caregivers described many people opting to wait until they can be seen in person, leading to unmanaged and worseing conditions.

They also shared concerns for increasing **mental health** needs due to more social isolation. They shared they are seeing more stress, depression, and sucicidal ideation, with increased barriers to accessing mental health services. They noted particular concern for older adults isolated at home and children in negative environments.

Community Outreach Caregivers Identified Assets

The following table lists all of the community organizations, programs, or services that were named by Community Outreach Caregivers during the interviews.

Apx 2_Table 3. Identified Assets by Community Outreach Caregivers

Health-related need	Community program, organization, or services (number of times mentioned if more than 1)
Behavioral health	COPE (2) Mentis Supportive Outreach and Access to Resources Teens Connect Napa
Care Coordination	CARE Network (5)

	Promotoras
Collaboratives	Care coordination meetings between service providers Triple P Collaborative
COVID-19 Response	Community Organized Relief Effort
Domestic Violence and Abuse	Adult Protective Services
Education	Napa Valley Unified School District
Family and Child Support	California Highway Patrol (car seat support) On the Move (Innovations Community Center) Queen of the Valley Perinatal Program (including parenting classes) UpValley Family Centers
Food Security	Community Action of Napa Valley Meals on Wheels Napa Food Bank (4)
Health Care	HIV Clinic with Ole Health and Queen of the Valley Napa County Health & Human Services Agency (public health nurses, community aids, Medi-Cal office) (2) Ole Health (5) Oncology Center at Queen of the Valley (nurse navigators) Patient Financial Assistance at Queen of the Valley (2) William's Automotive (recycling durable medical equipment/ rentals)
Housing	Abode Housing (4) NEWS Domestic Violence Housing First Program (2) Nightingale Center (3)
Resources and Social Services	Catholic Charities Chronicle Season of Sharing Fund (4) Relationship with Probation Offices
Services for Individuals Identifying as LGBTQ+	LGBTQ Connection On the Move
Services for the Aging Population	Collabria Care (4) Comprehensive Services for Older Adults Continuum Care Hospice In-Home Support Services Public Authority Molly's Angels (2) Napa Valley Share the Care (4) St. Joseph Home Care Network
Services for the Armed Forces	Operation: With Love from Home (supported hospital PPE)
Services for the Latino/a Community	Puertas Abiertas (2)

Community Outreach Caregivers: Opportunities to Work Together

Participants were asked, "What suggestions do you have for organizations to work together to provide better services and improve the overall health of your community?" Caregivers shared while some

community partners do work well together, they think there is a lot of opportunity to improve collaboration and break down silos. They shared the following components of improved collaboration:

- **Increased communication to improve relationships**: They saw the opportunity to do more networking, particularly between service providers in the community. This helps people know one another and the available community resources.

"I think something that has helped in our collaboratives here in town has been, if we're working on a collaborative together, that it really doesn't necessarily belong to one particular agency, but that it's really a true community collaborative. I think that makes those efforts stronger. The relationships that are built amongst the people who are collaborating, the agencies that are collaborating, it makes them stronger, too." — Community Outreach Caregiver

- **Check-ins on shared case management clients**: To improve client care, caregivers noted the importance of collaborating on services, particularly for complex clients. Importantly, having a universal consent would help facilitate easier collaboration. They noted having one consent for Napa County Health and Social Services Agency would be especially helpful.

"I agree on that last part about universal consent. That could be really frustrating, especially if there's multiple agencies involved. I think it really slows down the process of trying to help somebody else. Universal consent with the county with four different departments would be really, really great." —Community Outreach Caregiver

- **Identify point people at different organizations**: With staff turnover it is helpful to continue to have a specific person to reach out to at partner organizations. This also helps facilitate improved referrals and follow up.

"The other thing that's difficult because we work with different agencies. If we don't have like an in with someone, it's hard to communicate. I feel like sometimes we're chasing our tails because we're like, 'Who does that person work with over there? Who is this person?' We're not all coming to the table for the client. We're all stepping on each other's toes and we're just wasting our time, honestly." —Community Outreach Caregiver

- **Co-locate services when possible**: They advocated for more services co-located to reduce the need for clients to travel between agencies and facilitate improved collaboration.
- **Recognize many organizations are working towards the same goal:** Caregivers emphasized that most organizations in Napa County are working to reach the same goals and building upon this shared vision instead of competing will benefit the community.

"I think just having strong partnerships, so that we're not all competing for the same funding dollars, we're not competing for the same audience or people being served, I think when we can combine our resources, we can definitely create a larger impact than trying to do it each individually in our own silos." —Community Outreach Caregiver

"From my experience working in the community, I feel that all of the agencies work together towards a same goal like we're looking for the well-being of the client or the community. We all tend to work together to help somebody have a better quality of life. From my experience working with the different agencies, I think that we all have the same goal."— Community Outreach Caregiver

When collaborating, caregivers noted the importance of engaging people with **lived experience** in developing community solutions to ensure that initiatives are community driven.

Caregivers shared the following suggestions of how collaboration could be improved in Napa County:

- **Advocacy on health-related priorities**: Caregivers suggested leveraging resources and combining efforts to work together to advocate for health-related priorities, such as housing.
- **Mental health and primary care**: While somewhat improved, caregivers shared a need to continue to break down the silos between mental health and primary care to better provide whole person care.

"If we're thinking three years out, the continued breaking down the silos of mental health versus medical care and continuing to join together to take care of the whole person, instead of seeing them as a mental health issue, or that's just, we can't help them because of their medical problems." – Community Outreach Caregiver

- **Health care/ social services and police departments**: Caregivers suggested integrating a mental health mobile crisis unit into emergency response to better connect community members in crisis to community resources. Additionally, community based organizations can help build trust between the police department and community, improving relationships and people's sense of safety.

FINDINGS FROM STAKEHOLDER INTERVIEWS

Stakeholders were asked to identify their top five health-related needs in the community. Two needs stood out as universally important to stakeholders and were categorized as high priority. Five needs were also frequently prioritized and categorized as medium priority. The effects of the COVID-19 pandemic will be woven throughout the following sections on health-related needs but will also be summarized in its own section.

Community Stakeholders: High Priority Unmet Health-Related Needs

Across the board, stakeholders were most concerned about the following health-related needs (in order of priority):

1. Homelessness/ lack of safe, affordable housing
2. Behavioral health challenges (includes both mental health and substance use disorder) and access to behavioral health care

Homelessness/ lack of safe, affordable housing

Stakeholders described a "housing crisis" in Napa, which is only being exacerbated by COVID-19. They were primarily concerned with the lack of safe, affordable housing for individuals in the agriculture and hospitality sectors, which generally pay lower wages.

> "As I mentioned, housing being a critical need. Housing that's affordable that doesn't drive people into poverty or people into housing that's just not healthy housing if you will. It's compromised and people have to make compromised decisions based on housing." – *Community Stakeholder*

Key themes that emerged from people's description of housing challenges include the following:

- Housing and homelessness were most often talked about in connection with **unemployment and lack of living wage jobs**, highlighting the strong connection between economic security and housing stability. Housing is expensive and many families with low-incomes live in crowded, sub-standard housing.
- Housing is "foundational" to all other needs. It affects people's mental health, physical health, and overall well-being.

> *"Housing is number one. If you're worried about your housing, then your whole life is under tremendous stress." – Community Stakeholder*

- The housing crisis in Napa highlights racial and economic inequities in the community. Stakeholders were particularly concerned about **people with low incomes**, primarily **Latino/a community members**, who are disproportionately affected by a lack of jobs that pay a living wage and therefore, lack access to safe, affordable housing.

> *"I do believe that there is a lot of inequity in the community. I think that we see our Latinx community over-represented in terms of people who are living in poverty, people who have more limited access to care, people who are renters rather than homeowners, people that have trouble staying housed, for example, finding housing and people who are in low wage positions, for example. I do think that we have a fairly high degree of inequity."- Community Stakeholder*

Besides people with low incomes, stakeholders were also concerned about a lack of housing services for the following populations:

- **Survivors of domestic violence** who may be choosing between homelessness and living in a home with violence
- **Individuals in recovery** who cannot access a substance free shelter
- **Older adults** living on a fixed income who may need supportive services as they age
- **Individuals with chronic health conditions and behavioral health challenges** who need permanent supportive housing to stay successfully housed

Stakeholders identified a few key gaps in community resources that prevent people from accessing safe, affordable housing:

- A lack of affordable housing stock

- Upstream interventions to improve individuals' access to education and workforce development to improve their economic stability
- Rent assistance for individuals at risk of homelessness, particularly during the COVID-19 pandemic
- Shelter spaces for individuals needing a substance free shelter and families

"Well, I would say clearly that our community has a great need for more affordable housing. I think that it's both a supply issue where we just need more units, as well as that there's the need for rental assistance because the units that are available are often not affordable to people of lower incomes in our community." – Community Stakeholder

Behavioral health challenges (includes both mental health and substance use disorder) and access to behavioral health care

Almost every stakeholder identified behavioral health challenges as an issue that needs to be addressed. They described a growing need for behavioral health services that outpaces the system capacity.

"Mental health would be one of the top ones, I would say. Interestingly, since COVID broke out, we've had a 58% increase in demand for mental health services. I think that will continue to rise. We couldn't meet the demand even prior to COVID. That's going to be a big, big challenge."- Community Stakeholder

While they were concerned with both mental health and substance use, mental health was discussed much more frequently. Stakeholders emphasized the **COVID-19 pandemic** has created increased fear, anxiety, isolation, and depression. They discussed several populations and the associated gaps in services:

- **People identifying as LGBTQ+:** Finding mental health providers that are LGBTQ+-friendly is difficult to find in the area. Additionally, LGBTQ+ individuals do not always feel visible, safe, respected, and understood, contributing to mental health challenges.

"For students in the communities that are more vulnerable in general… there's a lot more anxiety in the world. There's been more disasters in the world. There's been more political upheaval and hate rhetoric. I think that just amplifies for any community that is less connected to supports and resources and LGBTQ people are one of those folks." – Community Stakeholder

- **Mixed status families:** Families with members with a variety of documentation statuses experience added fear and anxiety related to immigration status. Stakeholders spoke to the hopelessness many immigrants are experiencing right now due to the political climate and lack of access to safety net services.
- **Young people:** Stakeholders were concerned about bullying in schools, substance use, particularly vaping, and increased isolation and anxiety due to the pandemic. They identified a gap in school-based mental health services, stating there are not enough mental health professionals in schools to support students on the scale that is needed.

"We've seen a lot more suicide attempts amongst young adults and feelings of fear about reintegration and going back to school. I think mental health is going to be central to our ability to help people get their basic needs met, but then also reintegrate [post- COVID-19] and move into this new reality."- Community Stakeholder

- **Older adults**: Stakeholders discussed the effects of social isolation for older adults, particularly during the pandemic, which contribute to poor mental and physical health.

"I would say seniors, because we're trying to protect them, but we're isolating them and probably killing them because of the social isolation."- Community Stakeholder

Stakeholder spoke to a general need for more behavioral health services and providers in the community. Specific gaps in services include the following:

- **Preventive mental health services for families**: Providing support to parents and preventing Adverse Childhood Experiences (ACEs) is an upstream approach to preventing early trauma
- **Crisis support:** Lacking immediate support intervention outside of the ED
- **Bilingual, culturally responsive mental health and substance use treatment** services, particularly for Spanish-speaking individuals
- **LGBTQ+-friendly mental health providers**
- **School-based mental health services** to meet the growing need

"When there's a lot of stress in the home, we're finding children at younger and younger and younger ages are exhibiting mental health problems, and schools do not have the resources to provide the mental health services that kids need."- Community Stakeholder

- **Free counseling services** that are accessible for people without insurance or those with low incomes who cannot afford co-payments
- **Access to SUD treatment:** Medi-Cal clients are often referred to Napa County Health & Human Services for substance use disorder treatment and care. Stakeholders recommended making these services more accessible to the Latino/a community by integrating them better in the community and recognizing that there is some immigration-related fear attached to accessing government services.

"I'd say that finding mental health care that's affordable, that's available, particularly when you're dealing with someone and this type of a crisis, it can be difficult."- Community Stakeholder

Barriers include cost of care, long wait times, lack of culturally responsive and linguistically appropriate clients, stigma, and transportation.

"I'm just thinking about mental health needs. There may be some cultural differences in the way that mental health is perceived and mental health therapy. It might be a sign of weakness for certain cultural groups. It might not be as accepted and there may not be enough for what's needed."- Community Stakeholder

Community Stakeholders: Medium Priority Unmet Health-Related Needs

Five additional needs (priority number 5 includes two needs that tied for importance) were often prioritized by stakeholders, although with less frequency and importance than homelessness and behavioral health (in order of priority):

3. Food insecurity
4. Unemployment/ lack of living wage jobs
5. Domestic violence and child abuse/neglect AND Racism/discrimination
6. Access to health care services

Food insecurity

Stakeholders shared food insecurity is a challenge in the community and the need is only exacerbated by COVID-19. Food insecurity is closely linked with **economic insecurity** and **housing instability**; families with low incomes or job loss are forced to make tradeoffs in how they spend their money, sometimes needing to prioritize housing, health care, or other needs above healthy, nutritious food. Accessing these nutritious foods close to home can also be a challenge.

"The other mention about access to food, it really is a challenge for many of our families that we talk to, to be able to access nutritious food in their community and because they might have a store that's close to them, that's a 711 or a Kmart or some kind of market but it's food that doesn't provide the nutrition the families are really seeking for their household. A lot of it is linked to their income, right? These are just complex conversations and issues because there's just so many parts to it."- Community Stakeholder

Stakeholders identified **individuals with low incomes** and the **Latino/a community** as disproportionately impacted by food insecurity. The following themes emerged regarding barriers for individuals to get access to good quality, healthy foods:

- **Fear related to immigration and public charge**: Many mixed status families are choosing not to apply for any public assistance programs such as CalFresh and WIC because of fear their children might be taken away, fear of deportation, or fear of having to repay the benefits. The fear is not new, but it is heightened due to the current administration and the pandemic.

"We have a lot of families in our community, especially that aren't documented and mixed immigration status households because you don't necessarily have to be undocumented to feel really afraid to apply for public programs, because of the fear that you might be pursued. The fear that you might get deported, the fear that your children might be taken away, the fear that you might have to repay back the government for applying for public programs because of just the political rhetoric that existed in our times right now and not just recently but for decades now. But people are just really afraid now more than ever and we're seeing that right now people who are eligible for public programs and they refuse to enroll in them and that could be for health insurance, or for programs like CalFresh when I mean public when it comes to food, or the program like WIC as well." – Community Stakeholder

- **Logistical challenges getting to food banks**: Transportation to a food distribution site, particularly if they have to travel outside of their community, and pick-up hours can be a challenge for families.

Unemployment/ lack of living wage jobs

Stakeholders were both concerned with growing unemployment as a result of COVID-19, as well as individuals who are working but not paid a living wage. A living wage is defined as the minimum income necessary for a worker to meet their basic needs. Therefore, lack of a living wage was named as a key barrier to addressing almost every other need.

Unemployment and lack of a living wage was most often talked about in connection with **homelessness and housing instability**, **food insecurity**, and **mental health**. Stakeholders spoke to the interconnectedness of these needs, emphasizing the potential domino effect that can start with an individual losing their job. This can lead to difficulty paying rent, forcing families to make spending tradeoffs, contributing to stress and anxiety, and potentially resulting in homelessness.

"We don't have a fair living wage here in California let alone in Napa. We've got a living wage that isn't a living wage or minimum salary that isn't a living wage. We've got the cost of living. The disparity between both has really increased the working poor and it's also increased our homelessness."- Community Stakeholder

Stakeholders described a local economy heavily reliant on agricultural and hospitality workers, which are typically considered lower-income jobs. They were particularly concerned about the **Latino/a community** and **mixed status families**.

"I would also say that with that inequity comes this issue of the lack of living wage jobs. I think that that's critical. We have a very one dimensional economy that is dependent on low wage jobs and that in turn plays out for many people of color in our community."- Community Stakeholder

Stakeholders shared the following barriers to accessing higher paying jobs and improving financial security:

- Language
- Lack of job-related skills and formal education
- Fear related to immigration status preventing people from applying for safety net resources

"There's a mismatch between the skills you need for the jobs that will pay you well and the skills that many of our [clients] have, which qualifies them for jobs in the service industry, which is obviously way lower paying."- Community Stakeholder

Domestic violence and child abuse/neglect

Stakeholders were both concerned with increasing domestic violence (DV) and child abuse/neglect during the pandemic, as well as the long term effects of violence and abuse on individuals' well-being and health. DV and child abuse/neglect were most often discussed in connection with **mental health**.

"I would say that a pervasive issue that we see especially in our [mental health] outpatient work is that many of our clients have been exposed to violence in some way or another. It's either domestic violence, physical or sexual abuse, somewhere in that continuum, basically exposed to violence in some way."- Community Stakeholder

Stakeholders noted that prioritizing interventions to address DV and child abuse/neglect would prevent **Adverse Childhood Experiences (ACEs),** which is a preventative way of addressing mental health challenges, substance use, and chronic diseases.

DV and **homelessness** are also connected, as survivors are sometimes forced to choose between homelessness and remaining in an unsafe home. More support services and **safe housing options** for survivors of DV is a community gap.

"Living in precarious shelter situations where their housing is dependent on someone who may be abusing them, so fear of leaving that situation, often making a decision between homelessness or living in an abusive relationship, which definitely affects that long term trauma and that toxic stress that they're under has long term health effects."- Community Stakeholder

Stakeholders were particularly concerned about DV and child abuse/neglect during the COVID-19 pandemic, stating that they believe the incidence of abuse has increased:

- Shelter-in-place mandates have forced people to remain in unhealthy and unsafe homes
- With schools closed, children are isolated at home and educators are unable to identify potentially abusive situations. Children also do not have opportunities to disclose abuse.

"We're also worried about kids who, when they report abuse, oftentimes they report it at school… and the fact that the kids aren't having an outlet for disclosure is really a big concern of ours."- Community Stakeholder

Racism and discrimination

Stakeholders acknowledged that the disproportionate impact of COVID-19 on communities of color as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities.

Woven throughout almost every stakeholder interview were social inequities and systemic racism related to every need:

- **Income and employment opportunities**: Black, Brown, Indigenous, and People of Color (BBIPOC), particularly the Latino/a community, disproportionately work in jobs that do not pay a living wage. Lack of educational and skill-building opportunities prevent people from economic security.
- **Housing**: Due to lack of living wage jobs, Latino/a community members are disproportionately affected by housing instability and poor housing conditions.

- **Access to care**: Lack of culturally responsive and linguistically appropriate caregivers, as well as language barriers navigating systems, prevent people from receiving the high-quality health care they deserve. There is a lack of LGBTQ+-friendly providers.
- **Food insecurity**: Fear related to public charge prevents people from utilizing safety net services, such as SNAP and WIC.
- **Mental health and wellbeing**: Racism, xenophobia, and fear related to immigration take an emotional and physical toll on people, leading to hopelessness, depression, and anxiety. Individuals identifying as LGBTQ+ also experience challenges finding respectful and competent providers, as well as mental health challenges due to discrimination.

In addressing racism and discrimination, stakeholders noted the following needs:

- Conversations related to labor rights
- Community-based safety net services for immigrants who are undocumented
- Commitment to equity in all programs and collaborations
- Culturally responsive and linguistically appropriate providers
- LGBTQ-friendly providers and increased visibility of the LGBTQ community

Access to care

Stakeholders shared concerns about mixed status families accessing health insurance and the increasing number of people who are losing their insurance due to job loss. The following populations were named as disproportionately affected by access to care challenges:

- **Mixed status families:** Lack of health insurance and fear accessing health care services related to immigration was a top concern for stakeholders.

"I would also mention that access to health and healthcare services, in particular for our undocumented adults who don't have access to health insurance, is a real concern in particular in light of COVID now."- Community Stakeholder

- **School-age children**: Challenges getting to appointments during school hours and an under-utilization of well-child visits was a concern. Stakeholders discussed the potential benefits of having school-based health services.
- **Individuals identifying as LGBTQ+**: A lack of LGBTQ+-friendly providers in the community makes it really challenging for individuals to find respectful and understanding providers, creating fear and potentially harm.

"We've had providers who have harmed people because they denied their identity or told them that they didn't exist and made people feel very uncomfortable on the worst side of things. On the better side of things, people have felt very invisible. Even if you did a Google search and tried to find a provider who understood LGBTQ people or had experienced, it's extremely difficult to find in our area."- Community Stakeholder

- **People with limited English proficiency**: A lack of bilingual providers and culturally responsive services in the area, as well as a complex health care system, makes accessing appropriate health care services more difficult.

A variety of barriers exist in the community that prevent people from getting high-quality, timely care:

- Fear related to immigration
- Transportation
- Cost of care, particularly for individuals who are uninsured or underinsured
- Limited number of health care centers that accept Medi-Cal or Medicare
- Appointment times during working hours

> *"Accessing services during work time. I know that a number of people have told us that they will avoid accessing care sometimes because they need to go to work or go to school."- Community Stakeholder*

- Language and cultural barriers

A specific gap named in the community was **a lack of specialty care** in Napa County, leading many people to travel outside of the community, which only exacerbates the barriers named above.

During the **COVID-19 pandemic**, new barriers to care have emerged:

- The digital divide: A lack of technology or broadband, as well as discomfort using technology has prevented individuals from engaging with telehealth services.
- A lack of privacy for virtual appointments: Individuals do not always have a safe and private space to talk openly with providers.

> *"I think for us as health and mental health providers, especially that so much of our work is telehealth, is not everybody's got a safe space to engage in telehealth. I think that's also a barrier and a concern that we need to collectively be addressing with people to make sure not only they have the means to utilize a telehealth relationship or option, but do they have safe space to engage honestly with their medical and their mental health provider and be honest about what their experience is."- Community Stakeholder*

- Increased number of people uninsured: With job loss, some individuals have lost their insurance
- Fear accessing care: Many people have the perception that going to the doctor is not safe, creating a backlog of care and unmanaged conditions.
- Misinformation and confusion: There is a need for better information and outreach, particularly for the farmworker community on how to protect and prepare their families.

Community Stakeholders: Effects of COVID-19

Almost universally, stakeholders spoke to community needs and challenges being "exacerbated" or "magnified" by the COVID-19 pandemic. Inequities in the community were also exacerbated.

> *"Yes. To me, it's not so much a question though of some new need popped up that just hadn't been on our radar. I think, if anything, it's exacerbated the issues across the board,*

and perhaps exacerbated them in a really fundamental way. If you look at food insecurity, that has just skyrocketed and it's kind of right in your face in the midst of COVID. Housing issues also… it's tied to losses of jobs, that our county has been disproportionately hit because of our hospitality industry."- Community Stakeholder

The two most common themes when discussing the effects of the pandemic were **mental health** and **unemployment**. Stakeholders were particularly concerned about a growing mental health crisis, sharing that people are feeling hopeless, afraid, stressed, anxious, and depressed. They were concerned about the system's capacity to address the long term effects of the current trauma people are experiencing. They also acknowledged the stress from COVID-19 is compounding trauma related to local fires.

"I think the biggest point for me is that, within this health pandemic, there is a mental health crisis building. I really do see it. While we have not been overwhelmed yet, I do think the need is going to be pronounced and grow, and here's why: because the COVID pandemic has a traumatizing effect on people, and trauma plays out over a period of weeks and months. For example, when we had the fires, we were still seeing people a year, two years later dealing with the traumatic fallout from the fires. This is going to go on. We don't know how long."- Community Stakeholder

Stakeholders were concerned about increased unemployment and economic insecurity, contributing to **housing instability, homelessness**, and **food insecurity**, forcing families to make spending tradeoffs. Not being able to meet one's basic needs leads to increased stress and mental health challenges.

Stakeholders shared many communities that have been disproportionately affected by the pandemic. **Latino/a** community members were most often noted, with particular concern for **mixed status families**. Fear of contact tracing for mixed status families is also a noteworthy challenge to COVID-19 testing.

"I would say, race inequity. When I think of COVID-19 there's a disproportionate impact in our Latinx community. There's a lot of people that live in like tight congregate setting and travel a long distance for work, they travel in cars together, there's also people that are undocumented or, they're afraid to get tested because they're afraid of losing their job if they get sick or losing the ability to pay the rent, so I would say that's one."- Community Stakeholder

Community Stakeholder Identified Assets

The following table lists all of the community organizations, programs, or services that were named by community stakeholders during the interviews.

Apx 2_Table 4. Identified Assets by Community Stakeholders

Health-related need	Community program, organization, or services (number of times mentioned if more than 1)
Behavioral health	COPE (3) Mentis (3) Napa County Mental Health (free mental health appointments)

	Perinatal Substance Use Program
Care Coordination	CARE Network (2)
Collaboratives	Calistoga Community Schools Initiative Community Leaders Coalition (5) Community Organizations Active in Disaster (7) Intersections Initiative Live Healthy Napa County (6) Monarch Family Justice Center Napa Citizenship Legal Services Collaborative Napa Valley Community Foundation Triple P Collaborative (2)
Domestic Violence and Child Abuse	Child Abuse Prevention Council (2) NEWS Domestic Violence and Sexual Abuse Services
Education	Napa County Office of Education, special education programs Parent University
Family and Child Support	Aldea Children and Family Services Family Resource Center First 5 Napa Network (4) On the Move UpValley Family Centers (2)
Food Security	Food bank (3) Meals on Wheels Napa County (support for WIC and CalFresh)
Health Care	Community Health Initiative (3) OLE Health (5) Queen of the Valley Hospital
Housing	Abode Services and their outreach team Fair Housing Gasser Foundation NEWS Domestic Violence Housing First Program
Resources and Social Services	Catholic Charities
Services for Individuals Identifying as LGBTQ+	LGBTQ Connection (2) Rainbow Action Network
Services for the Aging Population	Collabria Care Rianda House The Healthy Aging Population Initiative (3)
Services for the Latino/a Community	Puertas Abiertas

Community Stakeholders: Opportunities to Work Together

Participants were asked, “What suggestions do you have for organizations to work together to provide better services and improve the overall health of your community?” Stakeholders described a very collaborative and generous community.

"We've got a lot of community generosity and I see that in the small things I do and at a grander scale. I would say that that's where our strength lies is the ability to work together." – Community Stakeholder

Most shared they are already seeing a lot of great examples of collaboration, the most frequently mentioned being the **Napa Valley Community Organizations Active in Disaster (COAD).**

"Well, gosh, I think we're just seeing such remarkable collaboration through COAD as an example right now. It's phenomenal quite frankly. When we interact at the county level with people who come in from other counties, folks from the state who get familiar with what's going on here, they're always amazed and impressed by what we've got going on"—Community Stakeholder

They also noted that their relationships and strong collaborations have proven invaluable in response to fires and COVID-19, making them adaptable and resourceful in challenging times.

"We have a lot of collaborative partnerships between health care or social services and other sectors that improve the social determinants of health. I think that we work collectively to improve the health of the community. I see this current strength as being adaptive to the COVID-19 response and helping with that as well. For a small county, we're able to handle the needs pretty well compared to other counties. I think it's-- Our strength is in our collaboration." – Community Stakeholder

Stakeholders shared the following suggestions for improving community collaboration:

- **Create alliances of providers and/or organizations committed to certain causes**: They emphasized bringing together likeminded people/groups to make visible commitments to holding one another accountable. One specific example was bringing together providers committed to addressing inequities in LGBTQ+ health care. This could help organizations be more explicit and visible in committing to efforts and aligning on advocacy for related policies. Being visible, intentional, and accountable on issues important to the community is meaningful.

"It could be anything where folks commit to not only knowing what's going on but making it easier for the community to access it and then advertising that. We had imagined like buses driving around with ads on it and signage explaining what does this mean that they're committed to this. Then at the actual locations, having visible signage that shows that those places are part of that network and collaborative. It could be for mental healthcare; it could be any of these things that we've been talking about." – Community Stakeholder

"I think I said it as part of another answer, but the community tells us that, in general, anyone doing anything LGBTQ on purpose makes a difference or starts to make a difference."—Community Stakeholder

- **Foster most cross-sector collaboration**: Stakeholders wanted to see more explicit commitments to collaboration that reduces silos and creates more non-traditional collaborations to address broad community needs. They especially thought bringing together government and nonprofit

organizations to build common goals and trust with the community could help address needs. This could also be an opportunity to leverage shared resources. A good example of this type of cross-sector collaboration is the First 5 Napa Network.

"I think that the continued collaboration, public and private, is really important to try to address the gaps as we see them. Also, because many people that we serve are distrustful, in particular, of government institutions, or have a reticence to come forward. If that's the case, it's those kinds of partnerships where community-based organizations have a different relationship can potentially help reduce access issues and help people get the resources that they need." – Community Stakeholder

"For example, when we talked about social determinants of health earlier, we talked about transportation. Transportation isn't a historic thing that a hospital does or a Health and Human Services Agency does. It's part of our community and it's part of our functions that we provide. You built a community, you built an environment, so we need to really be thinking about non-traditional ways of working together and who should be at the table." – Community Stakeholder

"When you look at what's going on in our world right now with social and civil unrest, those issues affect all of us. They implicate issues of structural discrimination and historic racism. All of that has to, I think, be addressed in a framework where, again, government, elected officials, non-elected officials, appointed people, hospital leaders, Health and Human Services leaders, behavioral health providers, public works departments, planning departments, really do need to be coming together to figure out how we can map out everything we're all doing and have a broader vision for the community of Napa." – Community Stakeholder

- **Engage people with lived experience and community members in solutions**: Stakeholders discussed the importance of ensuring those affected by a community challenge have a voice at the table and that decisions are driven by community.

"I think the message that I want to highlight is that at the end of the day, it's not about one agency. At the end of the day, it's about our community. We all work for that community. We don't even work for a system. We work for our community." – Community Stakeholder

- **Invest in upstream solutions**: Investments in early development and education and efforts to reduce ACEs have a strong return on investment in preventing future community challenges.

"I just would say in light of this, some of our traditional health indicators that we're always looking at like obesity and diabetes might not be as pertinent as these broader overarching and really truly the economic hardship that people are going to face. It would be nice if we could think a little outside the box of what is possible for us to do on a community level to really address well-being and quality of life in light of a global pandemic that none of us have [chuckles] had any experience dealing with because there's going to be so many different levels of consequences." – Community Stakeholder

- **Streamline efforts to reduce duplication and create shared goals and strategies**: Stakeholders shared they consider Napa County to be a small and close community, meaning there is always a need to ensure organizations are working together to achieve change and not duplicating services or working against one another. They shared a need to better align priorities across organizations by engaging in one another's strategic planning processes. Organizations should align along the entire spectrum of a community need. For example, organizations responding to mild to moderate mental health challenges can align with organizations responding to severe mental health challenges. This also allows for shared resources and making the most of funding opportunities.

"I think we're a small community. There's so much intersectionality between all of these issues, how might we bring the resources, people together, be creative, like I said, I don't have the answers but figure out a way to streamline and more heavily resource. Three entities that are going to carry forth as opposed to spreading these resources pretty thin across multiple initiatives. Then, just in terms of events and activities, making sure that things are not piling on top of each other. We've seen a little bit of this happen as it relates to food distribution for the COVID. There's been multiple food distributions happening on the same day and just ensuring that we all have a commitment to working together, leveraging the resources, staying in our lane. I think that that would be helpful."— Community Stakeholder

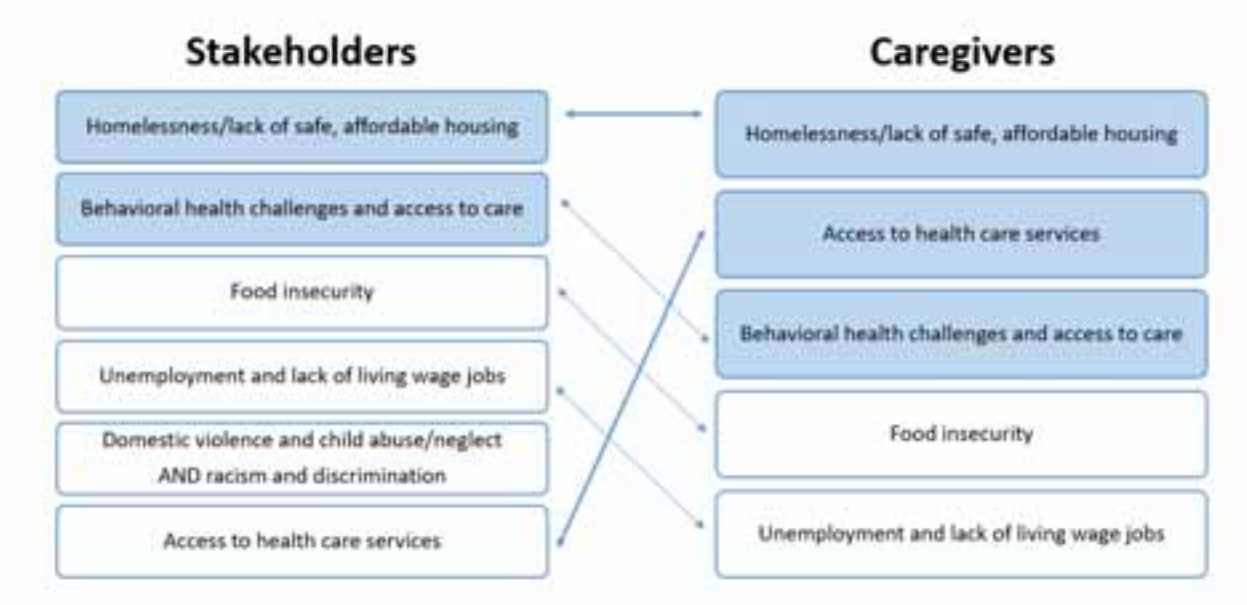
"I'm not sure that that's the best way to do it but I do get the sense that we are still in some ways duplicating efforts and resources to achieve the same end. There could be better and more strategic ways to leverage what each of us does best in our respective spot on the continuum of health care, but it does start with conversations like this. Like really making sure that as we're looking at our data and our strategy that there's alignment." – Community Stakeholder

Stakeholders recognized that to address **health inequities** and **social injustices** organizations must align and collaborate. They suggested having more intentional conversations to ensure that equity and social justice are included in all efforts. They also suggested better leveraging data to target services to populations and geographies to address inequities.

DATA BLENDING

Both stakeholders and Community Outreach Caregivers prioritized homelessness and lack of safe, affordable housing as the most pressing concern in Napa County. They also both frequently prioritized behavioral health challenges. Caregivers emphasized access to health care services as a more pressing challenge than stakeholders. See figure below for a side by side comparison of how stakeholders and caregivers prioritized needs:

Apx 2_Figure 1. Comparison of Needs as Prioritized by Stakeholders and Caregivers



Based on the findings above, health-related needs were categorized into the following categories, representing the shared prioritization of both stakeholders and caregivers:

Apx 2_Figure 2. Shared Priority Needs Based on Community Input

Shared high-priority health needs

- Homelessness/ lack of safe, affordable housing
- Behavioral health challenges and access to care (includes both mental health and substance use disorders)
- Access to health care services

Shared medium-priority health needs

- Food insecurity
- Unemployment and lack of living wage jobs

Other themes from stakeholders

- Racism and discrimination
- Domestic violence and child abuse/neglect

LIMITATIONS

While stakeholders were intentionally recruited from a variety of types of organizations, there may be some selection bias as to who was selected as a stakeholder.

The analysis was completed by only one analyst and is therefore subject to influence by the analyst's unique identities and experiences.

STAKEHOLDER INTERVIEW AND LISTENING SESSION QUESTIONS

1. How would you describe your organization's role within the community?
2. How would you describe the community your organization serves? Please include the geographic area.
3. Please identify and discuss specific unmet health-related needs in your community for the persons you serve. We are interested in hearing about needs related to not only health conditions, but also the social determinants of health, such as housing, transportation, and access to care, just to name a few.
4. Can you prioritize these issues? What are your top concerns?
5. Using the table, please identify the five most important "issues" that need to be addressed to make your community healthy (1 being most important). [see table below]
6. Has the COVID-19 pandemic influenced or changed the unmet health-related needs in your community? If yes, in what ways?
7. Are there specific populations or groups in your community who are disproportionately affected by these unmet health-related needs?
8. Please identify and discuss specific gaps in community services for the persons you serve that contribute to the unmet health-related needs you identified earlier.
9. Please identify and discuss specific barriers for the persons you serve that contribute to the unmet health-related needs you identified earlier.
10. What existing community health initiatives or programs in your community are helpful in addressing the health-related needs of the persons you serve, especially in relation to the health-related needs you identified earlier? Can you rank them in terms of effectiveness?
11. What suggestions do you have for organizations to work together to provide better services and improve the overall health of your community?
12. Is there anything else you would like to share?

Question 5: Using the table below, please identify the five most important "issues" that need to be addressed to make your community healthy (1 being most important).			
	Aging problems (e.g. memory/ hearing/ vision loss)		Access to oral health care
	Air quality (e.g. pollution, smoke)		Access to safe, nearby transportation
	Obesity		Lack of community involvement
	Bullying/ verbal abuse		Affordable daycare and preschools

	Domestic violence, child abuse/ neglect		Job skills training
	Few arts and cultural events		Accessibility for people with disabilities
	Firearm-related injuries		Safe and accessible parks/ recreation
	Gang activity/violence		Behavioral health challenges and access to care (includes both mental health and substance use disorders)
	HIV/ AIDS		Poor quality of schools
	Homelessness/ lack of safe, affordable housing		Racism/discrimination
	Food insecurity		Unemployment/lack of living wage jobs
	Access to health care services		Safe streets for all users (e.g. crosswalks, bike lanes, lighting, speed limits)
			Other:

Appendix 3: Community Resources Available to Address Significant Health Needs

Queen of the Valley Medical Center cannot address all of the significant community health needs by working alone. Improving community health requires collaboration across community stakeholders and with community engagement. Below outlines a list of community resources potentially available to address identified community needs.

Apx 3_Table 1. Community Resources Available to Address Significant Health Needs

Organization Type	Organization or Program	Description of services offered	Street Address (including city and zip)	Significant Health Need Addressed
Homeless Service Provider	Abode Housing Services	Abode Services has been working in Napa County since 2017, operating an emergency shelter and providing outreach, housing support, and rental assistance, as well as managing affordable housing units.	100 Hartle Ct, Napa, CA 94559	Housing & Homelessness
Hospital	Adventist Health St. Helena Hospital	A faith-based hospital providing a wide range of services, aimed at transforming the health experience of our communities by improving health, enhancing interactions and making care more accessible.	10 Woodland Rd, St Helena, CA 94574	Access to Health Care
Mental Health Service Provider	Aldea Children & Family Services	The essential community partner for children and families in crisis, Aldea provides Behavioral Health and Social Services to families in need.	1546 1st St. Napa, CA 94559	Mental Health
Addiction treatment	Alternatives for Better Living	Alternatives seeks to make substance use treatment	701 School St, Napa, CA 94559	Substance Use Services

and recovery center		services more available and accessible, particularly to people with the greatest need and the fewest resources. One-on-one and group sessions provided.		
Health coverage resource center	Community Health Initiative Napa County	CHI works to improve access to health care services through health insurance enrollment, education, advocacy, and resource support. # of people per non-physician primary care provider	County Health Rankings, 2019
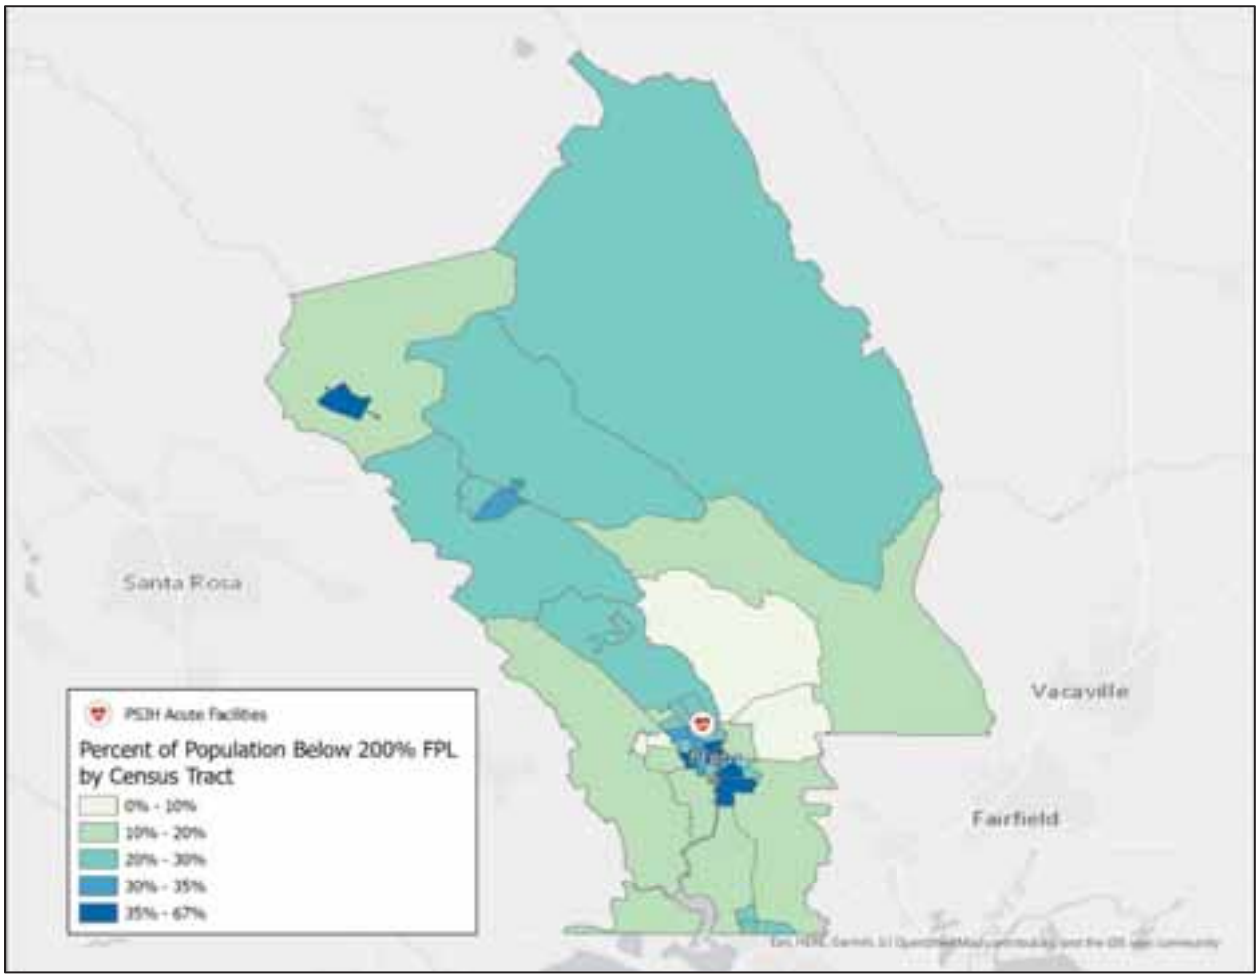
# of people per dentist	County Health Rankings, 2018
# of people per mental health provider	County Health Rankings, 2019

POPULATION LEVEL DATA

Apx 5_Table 2. Population Below 200% FPL for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Percent of Population Below 200% Federal Poverty Level Data Source: American Community Survey Year: 2019	20.2%	29.3%	24.6%

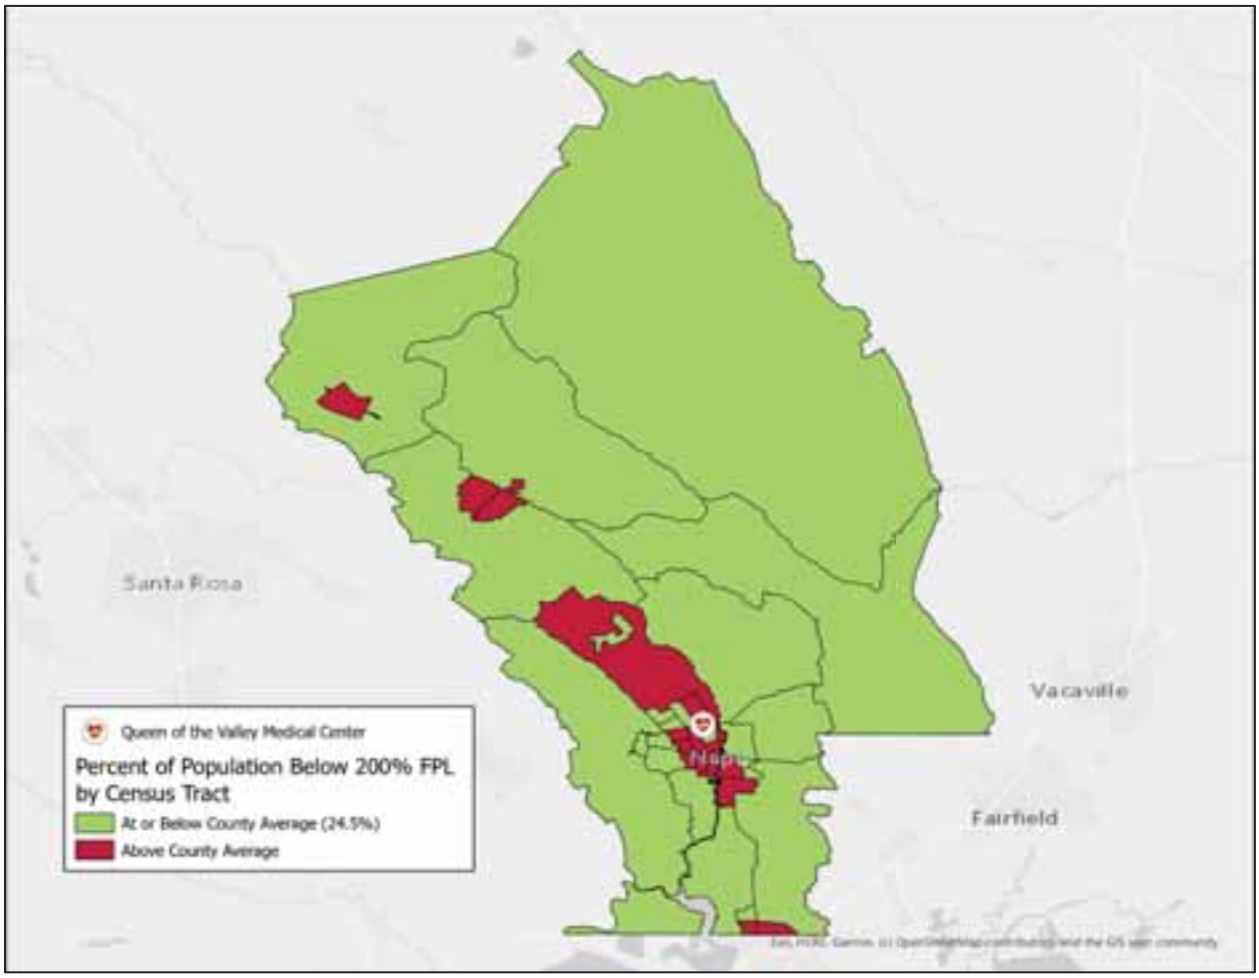
Apx 5_Figure 1. Percent of Population Below 200% FPL by Census Tract



- The high need service area for Napa County has a slightly larger proportion of population living below 200% FPL, 29%, compared to Napa County, 25%.
- The gap is even wider between the high need service area, 29%, and the broader service area, 20%, when comparing percent of population living below 200% FPL.

In the map below, census tracts that perform better than the county average are colored in green while census tracts that perform worse are in red.

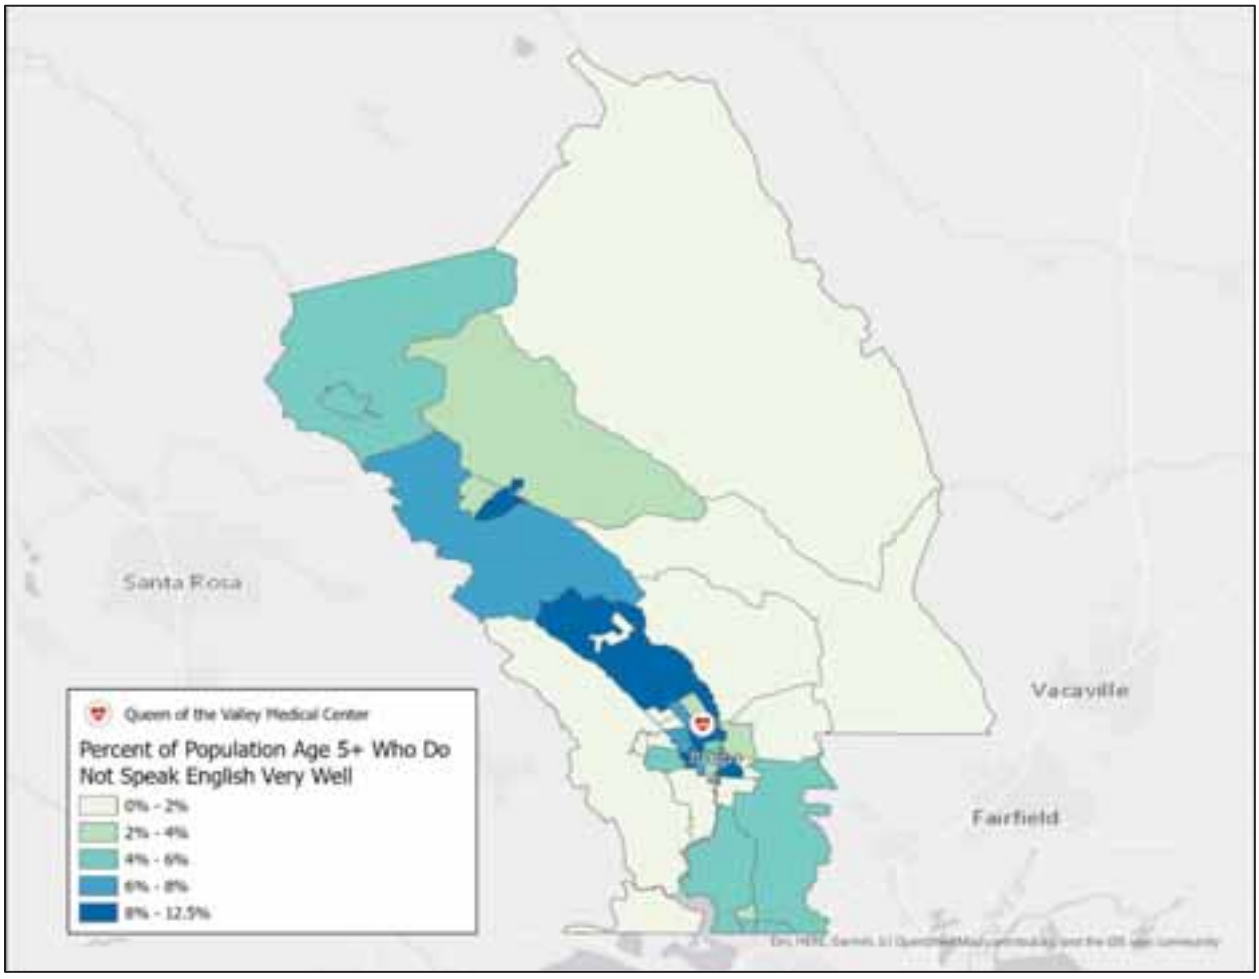
Apx 5_Figure 2. Comparison of Census Tracts to County Average Based on Percent of Population Below 200% FPL



Apx 5_Table 3. Population Age 5 and Older that Does Not Speak English Very Well for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Percent of Population Age 5+ Who Do Not Speak English Very Well Data Source: American Community Survey Year: 2019	3.3%	7.5%	5.3%

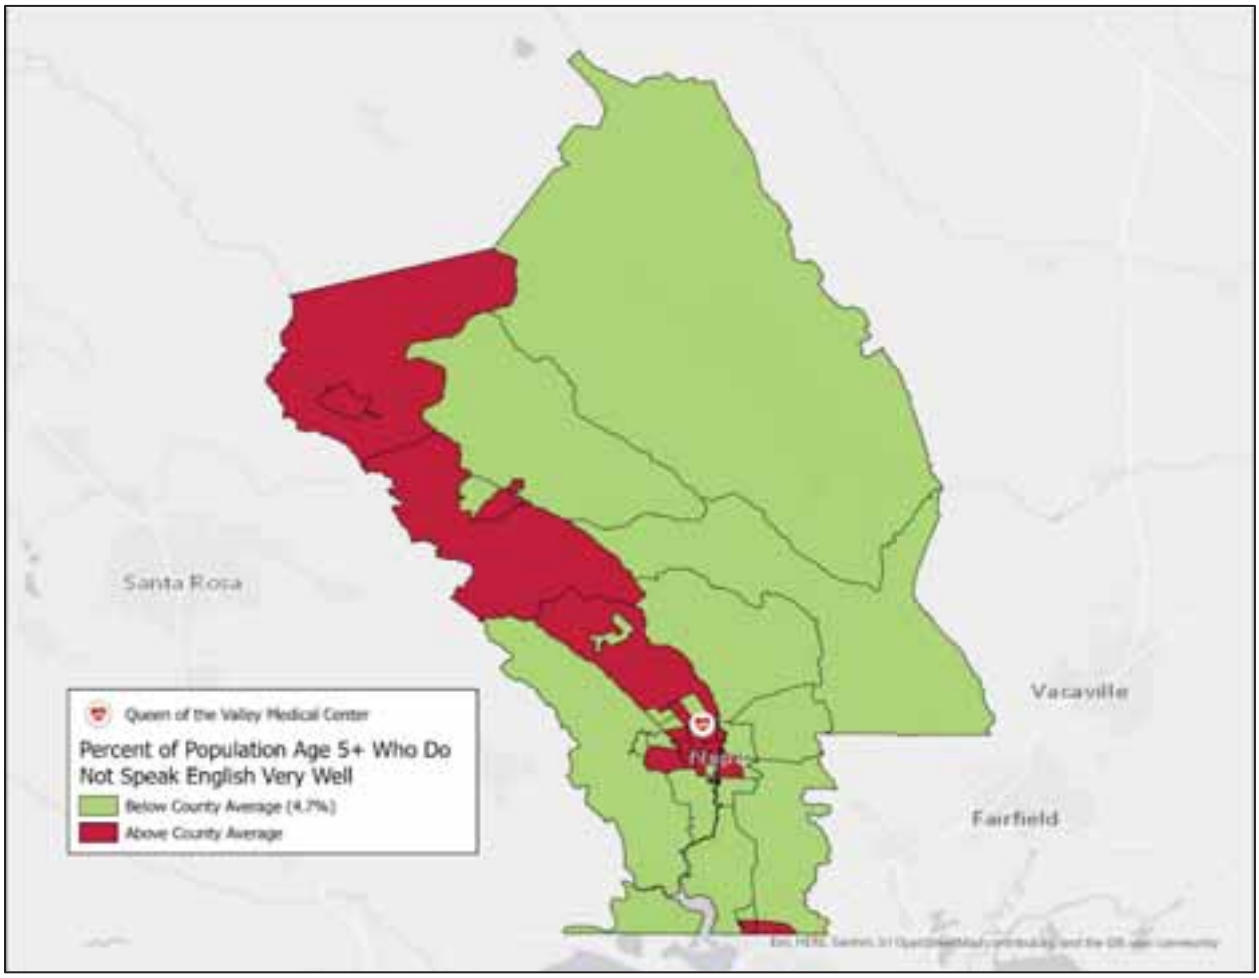
Apx 5_Figure 3. Percent of Population Age 5 and Older that Does Not Speak English Very Well by Census Tract



- The high need service area has a higher proportion of population that does not speak English very well, 8%, compared to Napa County, 5%.

In the map below, census tracts that perform better than the county average are colored in green while census tracts that perform worse are in red.

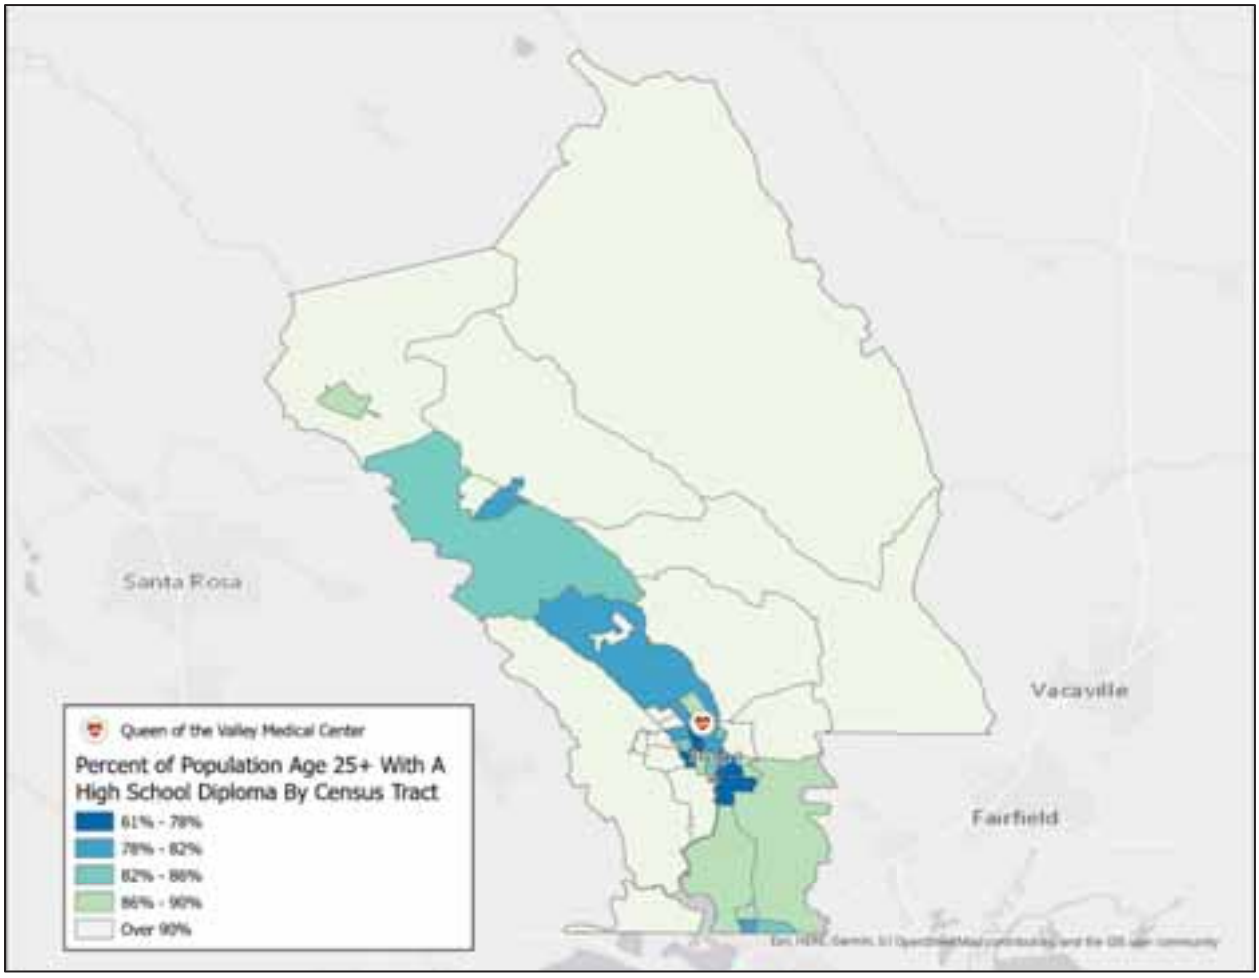
Apx 5_Figure 4. Comparison of Census Tracts to County Average Based on Percent of Population Age 5+ Who Do Not Speak English Very Well



Apx 5_Table 4. Population with a High School Diploma for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Percent of Population Age 25+ With A High School Diploma Data Source: American Community Survey Year: 2019	91.2%	79.8%	86.0%

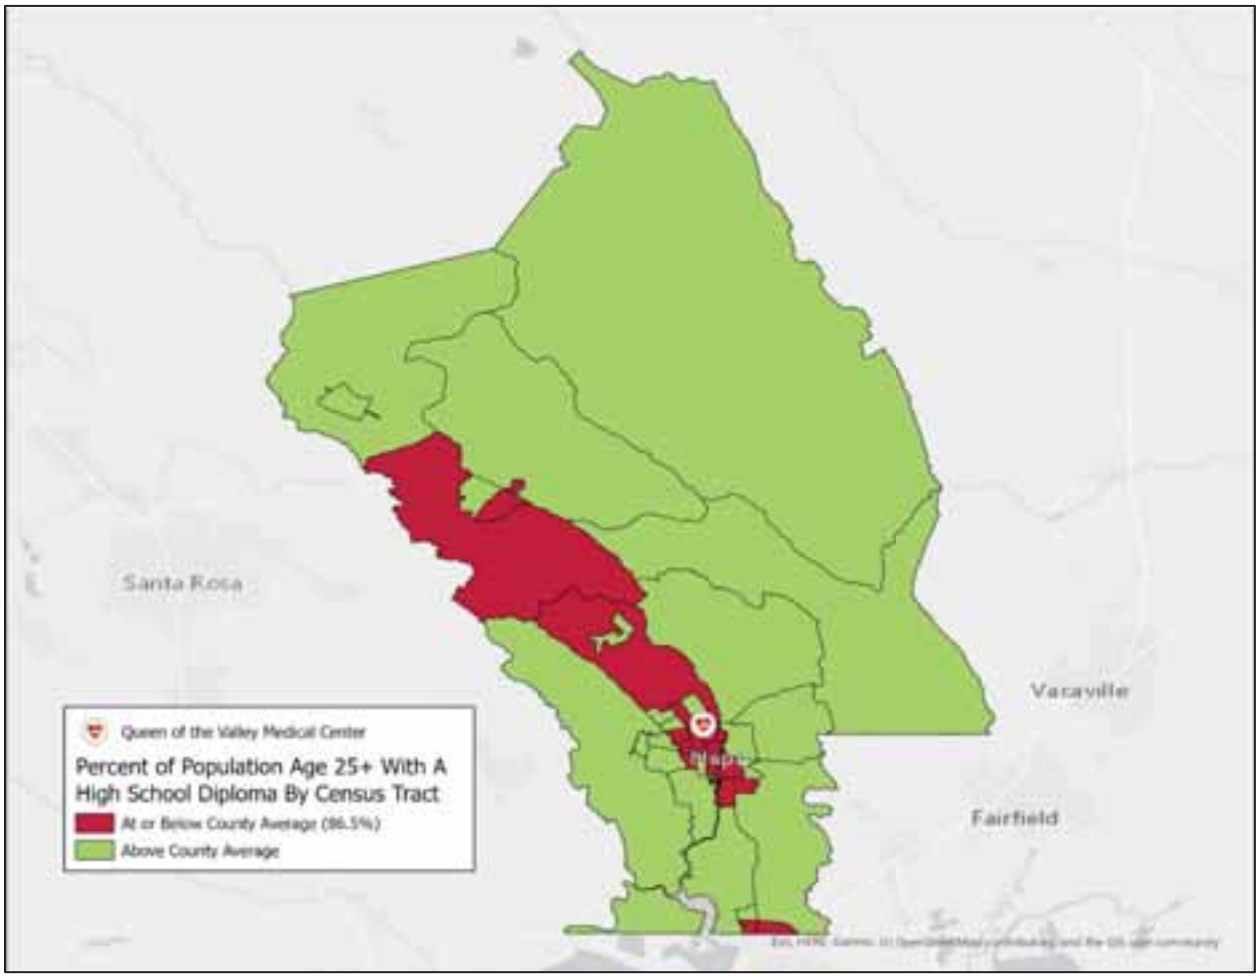
Apx 5_Figure 5. Percent of Population with a High School Diploma by Census Tract



- About 80% of people living in the high need service area who are over 25 years have a high school diploma compared to 91% in the broader service area.
- Some census tracts within Napa County have a proportion of less than 75%.

In the map below, census tracts that perform better than the county average are colored in green while census tracts that perform worse are in red.

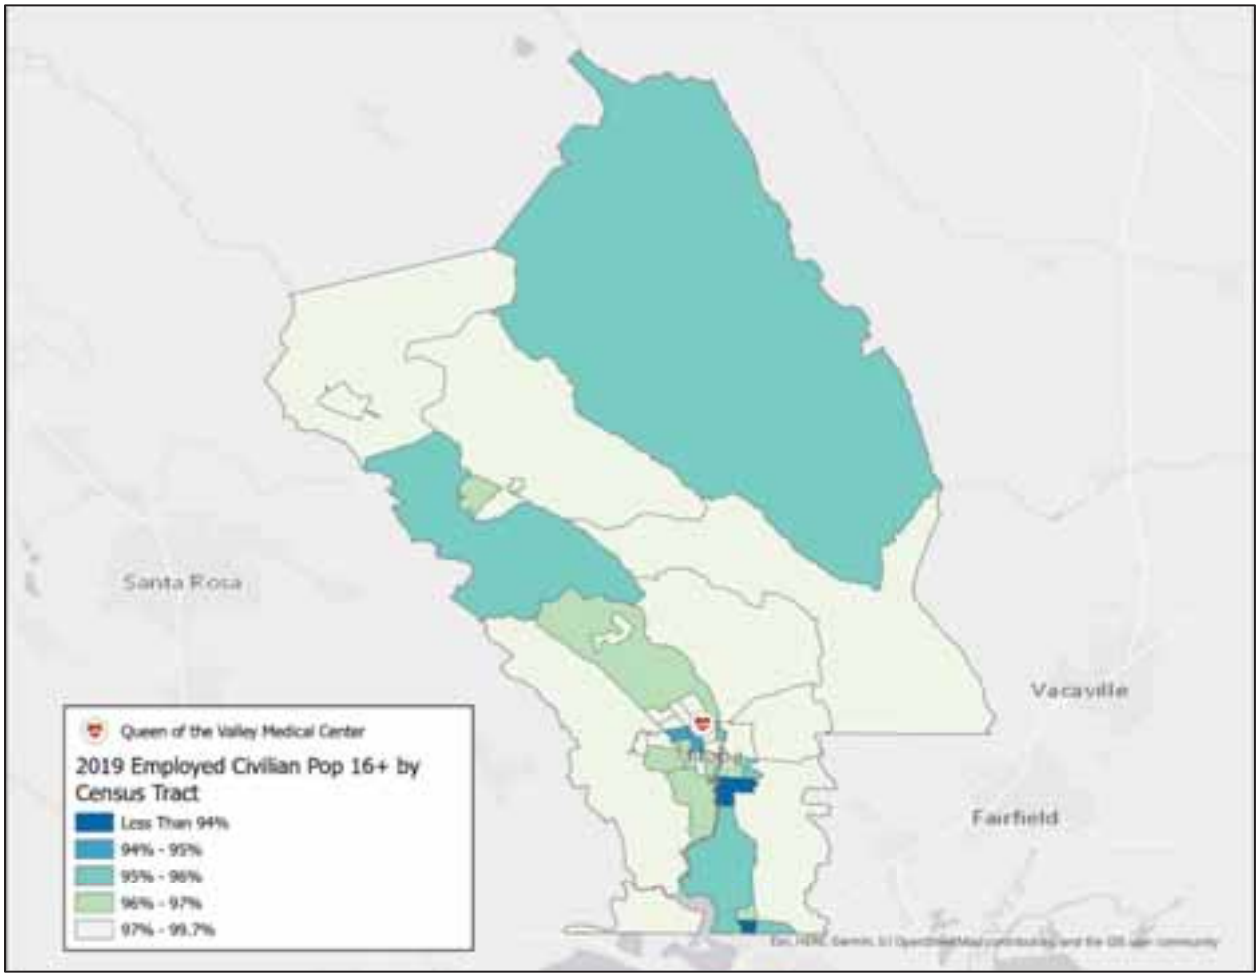
Apx 5_Figure 6. Comparison of Census Tracts to County Average Based on Percent of Population with a High School Diploma



Apx 5_Table 5. Percent of Labor Force Employed for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Percent of Population Age 16+ Who Are Employed Data Source: American Community Survey Year: 2019	97.9%	96.0%	97.0%

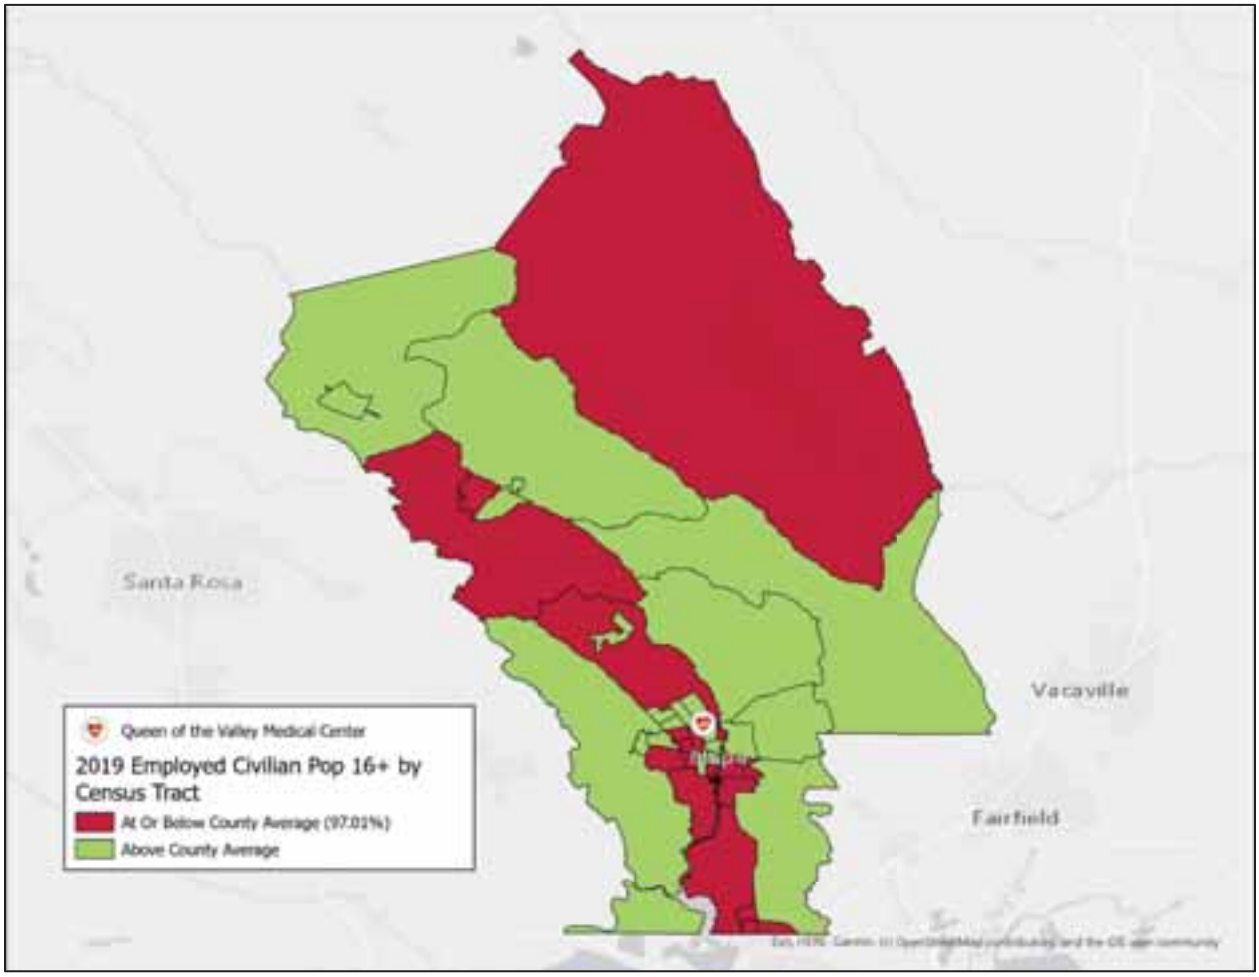
Apx 5_Figure 7. Percent of Population Age 16+ Employed in 2019 by Census Tract



- Employment across Napa County is relatively high. All census tracts in Napa County have at least 93% of people age 16+ employed.
- The high need service area has 96% of people employed, compared to 98% in the broader service area.

In the map below, census tracts that perform better than the county average are colored in green while census tracts that perform worse are in red.

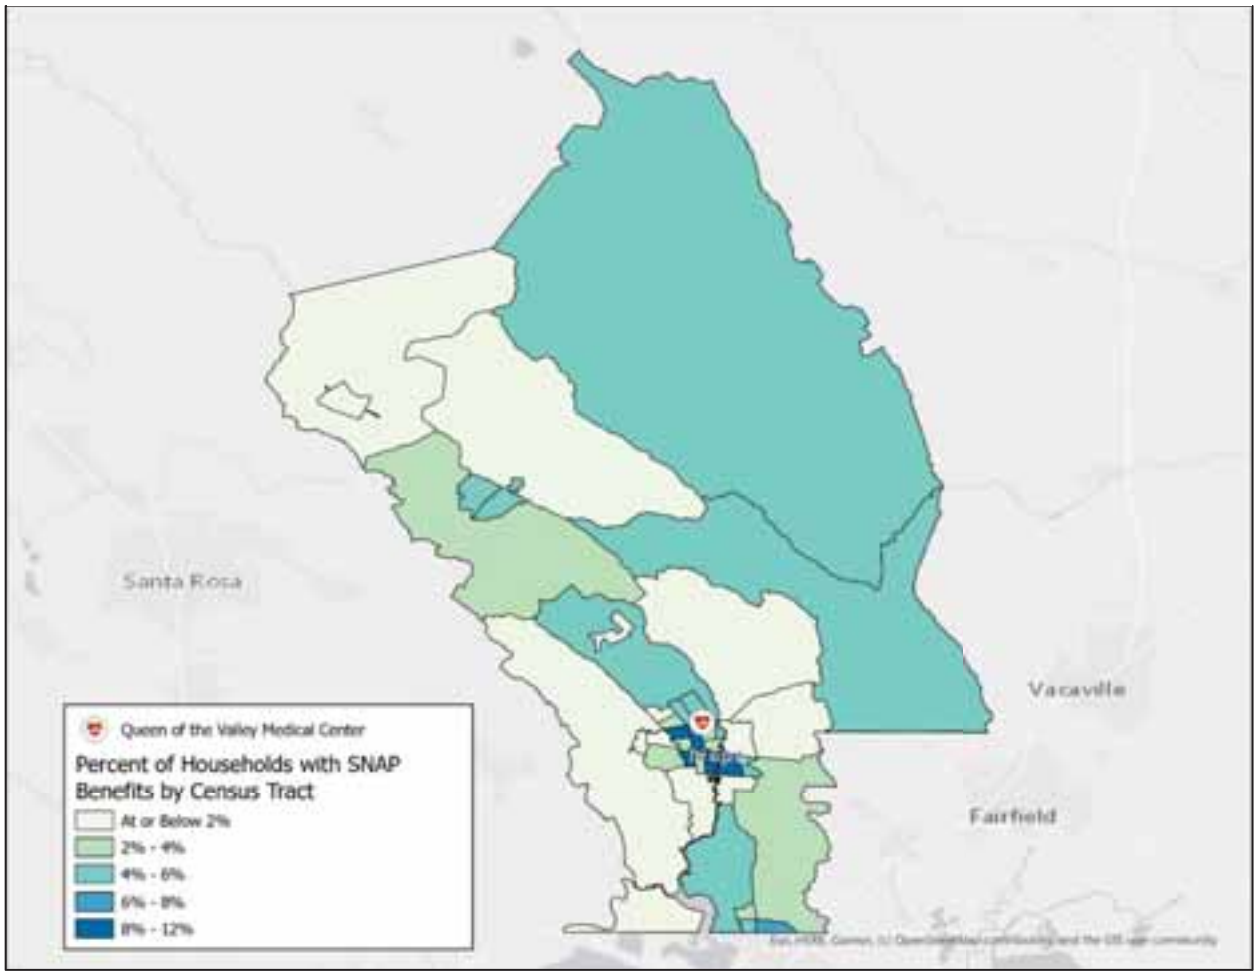
Apx 5_Figure 8. Comparison of Census Tracts to County Average Based on Percent of Population Age 16+ Employed in 2019



Apx 5_Table 6. Percent of Households Receiving SNAP Benefits for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Percent of Households Receiving SNAP Benefits Data Source: American Community Survey Year: Estimates based on 2013 – 2017 data	2.3%	6.4%	4.1%

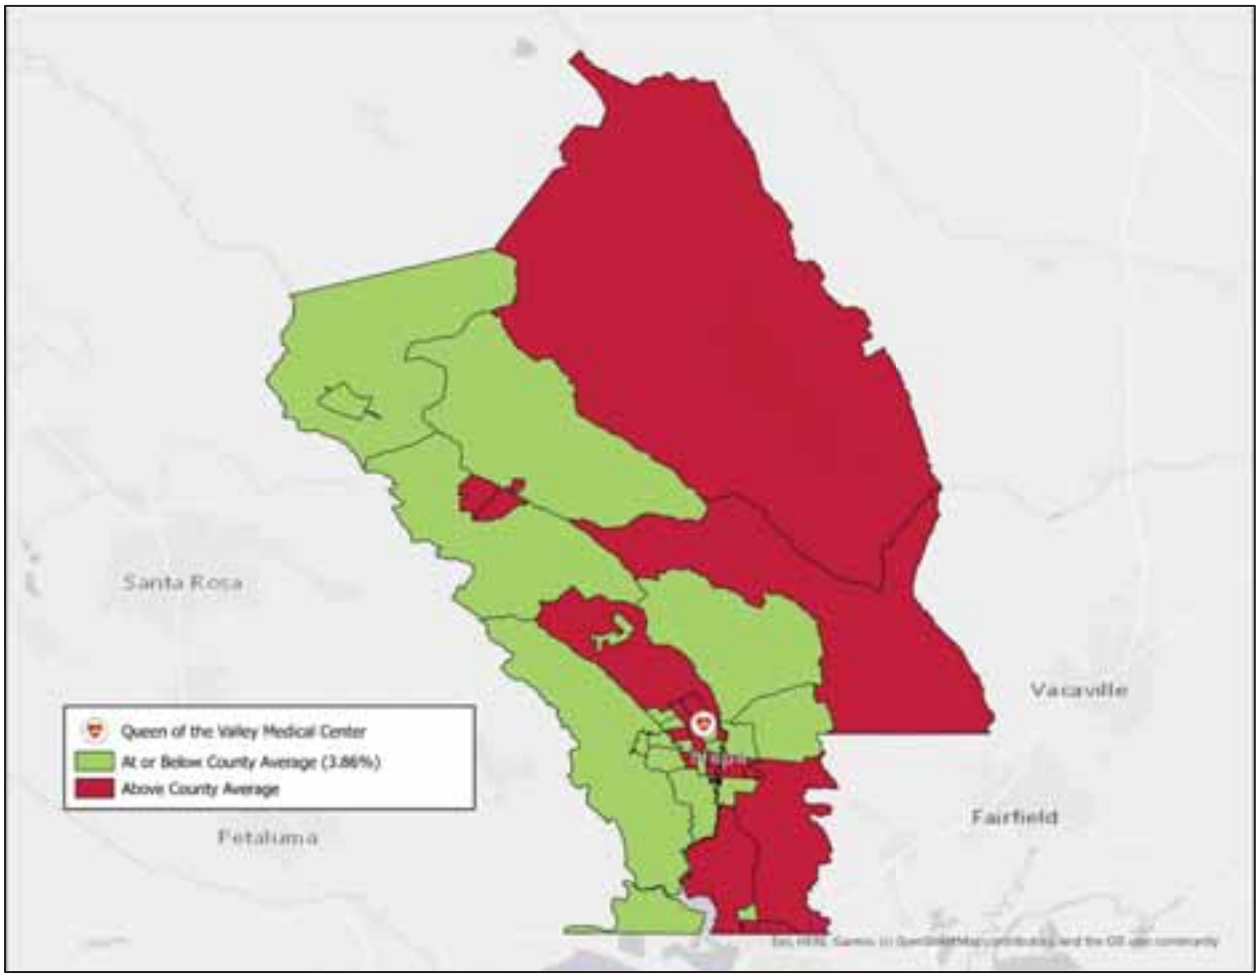
Apx 5_Figure 9. Percent of Households Receiving SNAP Benefits by Census Tract



- The high need service has about three times the percent of households receiving SNAP benefits as the broader service area.
- Census tracts near Queen of the Valley Medical Center have percentages of SNAP enrollments almost six times greater than the broader service area's average.

In the map below, census tracts that perform better than the county average are colored in green while census tracts that perform worse are in red.

Apx 5_Figure 10. Comparison of Census Tracts to County Average Based on Percent of Households Receiving SNAP Benefits



HOSPITAL LEVEL DATA

Avoidable Emergency Department (AED) Visits

Emergency department discharges for the year 2019 were coded as "avoidable" per the Providence St. Joseph Health definition for Queen of the Valley Medical Center and nearby PSJH hospitals. Avoidable emergency department (AED) are based on the primary diagnosis for a discharge and includes diagnoses that are deemed non-emergent, primary care treatable or preventable/avoidable with better managed care.

Apx 5_Table 7. Avoidable Emergency Department Visits by Northern California Ministry

Facility	Non-AED Visits	AED Visits	Total ED Visits	AED %
Petaluma Valley Hospital	11,765	5,100	16,865	30.2%
Queen of The Valley Medical Center	16,902	8,188	25,090	32.6%
Redwood Memorial Hospital	7,458	4,307	11,765	36.6%
Santa Rosa Memorial Hospital	23,898	12,610	36,508	34.5%
St. Joseph Hospital Eureka	16,880	11,307	28,187	40.1%
Grand Total	**76,903**	**41,512**	**118,415**	**35.1%**

Apx 5_Table 8. Avoidable Emergency Department Visits by Facility and Race

Facility and Race	Non-AED Visits	AED Visits	Total ED Visits	AED %
Queen of The Valley Medical Center	**16,902**	**8,188**	**25,090**	**32.6%**

*Data suppressed if <10.

Apx 5_Table 10. Avoidable Emergency Department Visits by Facility and Age Group

Facility and Age Group	Non-AED Visits	AED Visits	Total ED Visits	AED %
Queen of The Valley Medical Center	**16,902**	**8,188**	**25,090**	**32.6%**
Under 18	2,821	1,520	4,341	35.0%
18 - 44	5,800	2,897	8,697	33.3%
45 - 64	4,007	2,046	6,053	33.8%
65+	4,274	1,725	5,999	28.8%

*Apx 5_Table 11. Top **5** Zip Codes for Avoidable Emergency Department Visits at Queen of the Valley Medical Center*

Facility and Top 10 Zip Codes	Non-AED Visits	AED Visits	Total ED Visits	AED %
Queen of The Valley Medical Center	**16,902**	**8,188**	**25,090**	**32.6%**
94558	8,941	4,435	13,376	33.2%
94559	3,224	1,655	4,879	33.9%
94503	706	385	1,091	35.3%
94599	640	225	865	26.0%
ZZZZZ	348	359	707	50.8%

- The top 10 zip codes made up 88.4% of all emergency department visits in 2019 for Queen of the Valley Medical Center.
- Patients with a zip code of 'ZZZZZ' are typically patients who are experiencing homelessness. Of the 707 ED encounters with a zip code of 'ZZZZZ', 359 of these encounters were classified as an avoidable visit. This population has the highest avoidable visit rate compared to all other zip codes, age groups and races.

Prevention Quality Indicators

Prevention Quality Indicators were developed by the Agency for Healthcare Research and Quality to measure potentially avoidable hospitalizations for Ambulatory Care Sensitive Conditions (ACSCs). ACSCs are conditions for which hospitalizations can potentially be avoided with better outpatient care and which early intervention can prevent complications.

More info on PQIs can be found on the following links:

https://www.qualityindicators.ahrq.gov/modules/pqi_overview.aspx

https://www.qualityindicators.ahrq.gov/modules/pqi_resources.aspx

Queen of the Valley Medical Center had a below average rate of potentially avoidable hospitalizations in the PSJH Northern California services areas (142.97 per 1,000 compared to an average of 160.05). The top three PQIs for the Queen of the Valley Medical Center were the following:

1. Heart Failure: 42.01 per 1,000 visits
2. Dehydration: 34.35 per 1,000 visits
3. Diabetes Composite (includes uncontrolled diabetes, diabetes short-term complications, and diabetes long-term complications): 24.92 per 1,000 visits

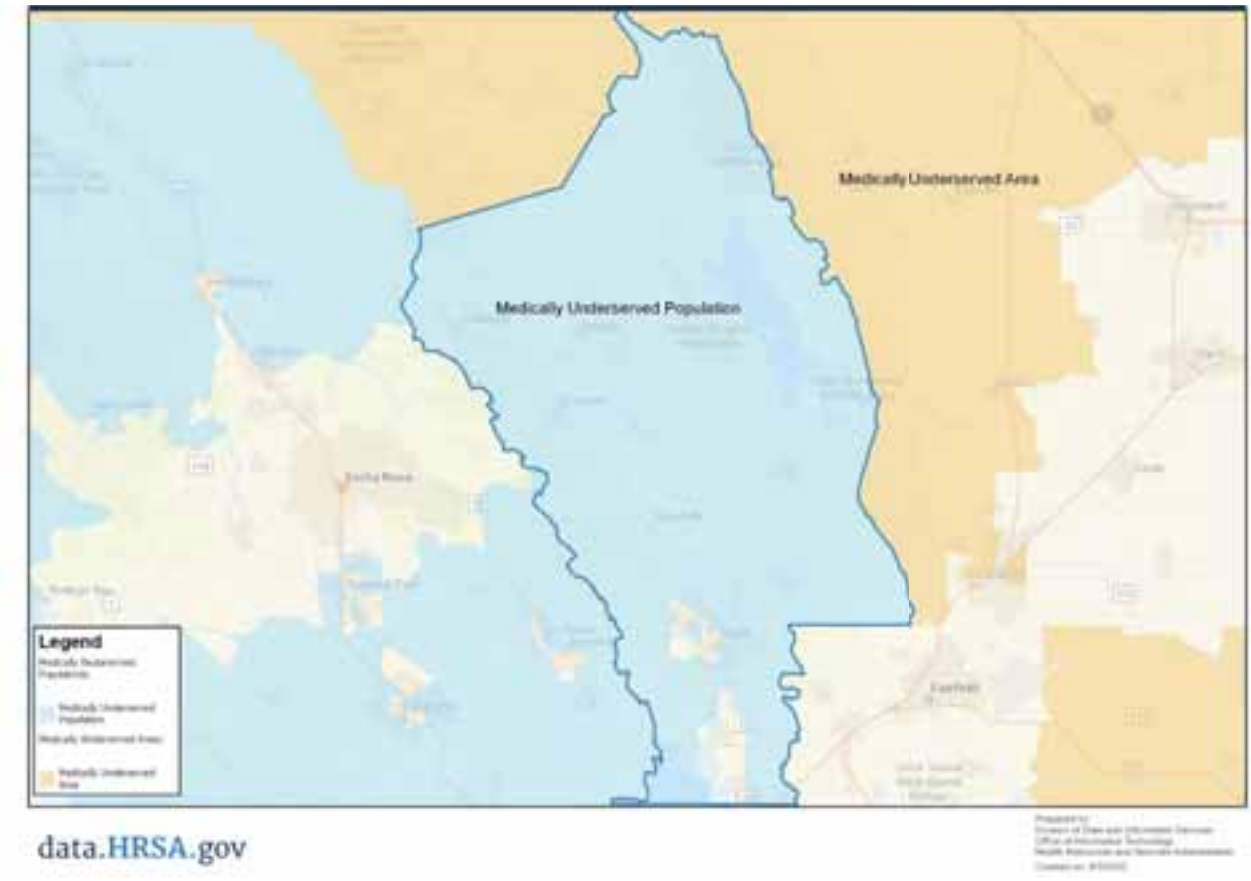
Apx 5_Figure 11. Napa County HPSA Facilities and Areas

MEDICALLY UNDERSERVED AREA/ MEDICAL PROFESSIONAL SHORTAGE AREA

Medically Underserved Areas (MUAs) and Medically Underserved Populations (MUPs) are defined by the Federal Government to include areas or populations that demonstrate a shortage of health care services. This designation process was originally established to assist the government in allocating the Community Health Center Fund to the areas of greatest need. MUAs are identified by calculating a composite index of need indicators compiled and with national averages to determine an area's level of medical "under service." MUPs are identified based on documentation of unusual local conditions that result in access barriers to medical services. MUAs and MUPs are permanently set and no renewal process is necessary.

Napa County also has a Medically Underserved Population, low income; indicating that people with low incomes in this geographic area have a shortage of primary care health services. The following map depicts the same service area as the HPSA:

Apx 5_Figure 12. Napa County Medically Underserved Areas and Populations



See the designation here: https://data.hrsa.gov/tools/shortage-area/mua-find

2023

COMMUNITY HEALTH NEEDS ASSESSMENT EXECUTIVE SUMMARY

Providence

Queen of the Valley Medical Center Napa, California

UNDERSTANDING AND RESPONDING TO COMMUNITY NEEDS

The Community Health Needs Assessment (CHNA) is an opportunity for Queen of the Valley Medical Center to engage the community every three years with the goal of better understanding community strengths and needs. At Providence, this process informs our partnerships, programs, and investments. Improving the health of our communities is fundamental to our Mission and deeply rooted in our heritage and purpose.

This year, Providence Queen of the Valley Medical Center and Napa County Health and Human Services Agency partnered to create a shared Community Health Needs Assessment (CHNA).

The 2023 CHNA was approved by the Queen of the Valley Community Benefit Committee on November 16, 2023, and made publicly available by December 28, 2023.

WHO WE ARE

Our Mission	As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.
Our Vision	Health for a Better World.
Our Values	Compassion — Dignity — Justice — Excellence — Integrity

Queen of the Valley Medical Center is an acute-care hospital founded in 1958 and located in Napa, California. The hospital has 198 licensed beds, a staff of more than 1280 caregivers, and professional relationships with more than 162 active local physicians. Major programs and services offered to the community include acute rehabilitation, bariatric surgery, cancer, cardiac, emergency, maternity and infant care, neurosciences, and orthopedics.

For more information on the resources invested to improve the health and quality of life for the communities we serve, please refer to our Annual Report to our Communities: https://www.providence.org/about/annual-report.

GATHERING COMMUNITY HEALTH DATA AND COMMUNITY INPUT

Through a mixed-methods approach, using quantitative and qualitative data, we collected information from the following sources: American Community Survey, Behavioral Risk Factor Surveillance System, local public health data, California Healthy Kids Survey, Feeding America, U.S. Census Bureau, and the Live Health Napa County Language Inclusion Survey. To actively engage the community, we conducted 15 community listening sessions with people from diverse communities. We also conducted 4 caregiver listening sessions, 12 key informant interviews, and 7 additional preliminary data feedback sessions with 13 representatives from organizations that serve these populations, specifically seeking to gain deeper understanding of community strengths and opportunities. Some key findings include the following:

- Participants named cost and inability to navigate systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care.
- Most key informants spoke to the high cost of housing as a challenge in Napa County. There is a strong need for more affordable housing to help families and individuals meet their basic need for safe and healthy housing.
- Long wait lists can be a result of a lack of behavioral health providers in general. There is a particular need for more bilingual and bicultural providers, as there is a lack of culturally responsive and linguistically appropriate behavioral health services.
- Some communities (for example, older adults, youth, LGBTQIA+, and Black, Brown, Indigenous, and People of Color (BBIPOC) community) find their needs unmet and their perspective unheard in Napa County civic society. Marginalized groups often experience prejudice and hate speech that make them isolated and fearful.

While care was taken to select and gather data that would tell the story of the hospital's service area, it is important to recognize the limitations and gaps in information that naturally occur. A full accounting of data limitations can be found starting on page 10 of the full CHNA report. For more information related to the CHNA methods and process please see page 20 of the full CHNA document in Appendix 1.

IDENTIFYING COLLABORATIVE HEALTH PRIORITIES

Through a collaborative process engaging over 230 community members for listening sessions, key informant interviews and prioritization meetings, Providence Queen of the Valley Medical Center and Napa County Health and Human Services identified the following priority areas: Racial Equity and LGBTQIA+ Inclusion, Behavioral Health, Housing, Access to Health Services, Economic Stability. For the description of the significant health needs, see page 51 of the collaborative CHNA report. For a list of potential resources available to address the identified needs, see page 52 of the collaborative CHNA report.

QUEEN OF THE VALLEY MEDICAL CENTER 2023 PRIORITY NEEDS

Queen of the Valley Medical Center is committed to addressing the following priority areas:

- Housing
- Behavioral Health
- Access to Health Services
- Racial Equity & LGBTQIA+ Inclusion
- Economic Stability

Queen of the Valley Medical Center will develop a three-year Community Health Improvement Plan (CHIP) to respond to these prioritized needs in collaboration with community partners considering resources and community strengths and capacity. The 2024-2026 CHIP will be approved and made publicly available no later than May 15, 2024.

MEASURING OUR SUCCESS: RESULTS FROM THE 2020 CHNA AND 2021-2023 CHIP

This report evaluates the impact of the 2021-2023 CHIP. Queen of the Valley Medical Center responded to community needs by making investments of direct funding, time, and resources to internal and external programs dedicated to addressing the previously prioritized needs using evidence-based and leading practices. In addition, we invited written comments on the 2020 CHNA and 2021-2023 CHIP, made widely available to the public through posting on our website and distribution to community partners. No written comments were received on the 2020 CHNA and 2021-2023 CHIP. The 2020 CHNA and 2021-2023 CHIP priorities were the following:

- Access to Health Services
- Health Equity – Racial & LGBTQ
- Housing & Homelessness
- Mental Health & Substance Use Services

Below is a summary of the outcomes for each priority:

Table 1. Outcomes from 2021-2023 CHIP

Priority Need	Program or Service Name	Program or Service Description	Results/Outcomes
Access to Health Services	Mobile Dental Clinic	Providence QVMC Mobile Dental Clinic provided dental care for children 6 months to 26 years of age from low-income families who are Denti-Cal eligible or are uninsured/underinsured. The mobile dental clinic is one of only 3 providers of oral health services available to children from low-income families with Denti-Cal, no insurance or other low reimbursement insurance.	The Mobile Dental Clinic completed 14303 clinic visits during the 2021 – 2023 CHIP period.

Access to Health Services	CARE Network	CARE Network is a Providence QVMC mission-driven, no cost program serving highly vulnerable individuals through intensive, community-based medical and psychosocial care management. Services are provided to Napa County residents with complex health, behavioral, and social challenges, including the following: • Homelessness and housing stability • One or multiple chronic conditions • Lacking basic needs • Mental Health challenges • Substance use disorders • Inadequate financial resources • Limited social supports • Language/health literacy barriers	The CARE Network team made 80,749 contacts with community members during the 2021-2023 CHIP period.
Housing	Valley Lodge Apartments	Valley Lodge Apartments is a complex of 54 permanent supportive housing units at the site of a former motel in south Napa. Onsite services and case management will be available for residents. A portion of the units will be specifically designated for Transitional Age Youth, who will receive specialized support from local nonprofit VOICES Napa. All Valley Lodge Apartment residents will have access to on-site wrap-around supported services and case management from Abode Services. Providence Queen of the Valley Medical Center shared a financial contribution support Valley Lodge Apartments.	Fifty-four permanent supportive housing units have been made available to unhoused Napa County residents. Valley Lodge Apartments is at full capacity.
Housing	Heritage House & Valley Verde	We proudly provided $1 million in 2021 to support the construction of the Heritage House (which will offer 33 permanent supportive housing units and 33 affordable housing units for people with very low incomes) and Valle Verde (which will include 24 multi-family affordable housing units for people with very low incomes).	Thirty-three housing units will be available to unhoused Napa County residents in early 2024. The remaining affordable units will be open in Spring, 2024.
Mental Health	Healthy Minds Healthy Aging	Healthy Minds-Healthy Aging (HMHA) is a prevention and early intervention program provided by Mentis. HMHA is for residents of Napa Valley who are 60 years and older and show signs of depression and/or cognitive decline. Free bilingual services,	Healthy Minds Healthy Aging provided 3,043 encounters during the 2021-2023 CHIP period.

		case management and brief therapeutic interventions are provided.	
Mental Health	Perinatal Mental Health	The Providence QVMC Perinatal Mental Health Therapist assessed and provided brief counseling sessions for pregnant and postpartum women who screened positive for depression.	2368 Perinatal Mental Health encounters occurred during the 2021-2023 CHIP period.
Substance Use	Alternatives for Better Living	Increased local capacity to provide appropriate level of substance use services when needed.	Embedded an Alternatives for Better Living Substance Use Navigator into the Emergency Room, onto hospital units, and was intentional to work with the OB Unit.
Health Equity – Racial & LGBTQ	Parent University	In partnership with Napa Valley Unified School District and a local nonprofit, On the Move, Parent University took place at 5 Title I schools and offered both virtual and in-person classes to Napa Valley Unified School District families. There were 4,632 participants in the learning environment. Parents gain critical parenting and leadership skills to support their child's academic success. Classes are bilingual.	There were 17,188 encounters within the Parent University learning environment during the 2021-2023 CHIP period.
Healthy Equity – Racial & LGBTQ	LGBTQ Inclusion	In partnership with CommuniCare+OLE, Providence Medical Group and Napa Solano Medical Society, Providence QVMC Community Health Investment team hosted a series of educational sessions focusing on expanding the knowledge of LGBTQ health and how to care for these community members in a culturally sensitive manner.	A four-part training series called Pride in Caregiving: LGBTQ Awareness and Inclusion, was made available to Napa and Solano County providers.

MESSAGE TO THE COMMUNITY AND ACKNOWLEDGEMENTS

It is with gratitude and pride that we present the 2023 Community Health Needs Assessment (CHNA) to our Napa Community. This Community Health Needs Assessment is a shared document produced by Napa County Health and Human Services Agency and Providence Queen of the Valley Medical Center.

For the past several months we have worked diligently to gather the appropriate and most complete data on the health-related needs of our service area, Napa County. This report is the culmination of a formal community health assessment that includes planning, speaking with the community, data collection, data analysis, identification, and prioritization of needs. Together we have created a point-in-time report of community health and have determined the health priorities that both Napa County HHSA and Providence QVMC will focus on for 3-5 years. This report will enable our teams to make informed and thoughtful decisions about how best to serve and provide resources to areas with the highest needs and to the most vulnerable populations.

This comprehensive Community Health Needs Assessment would not be possible without the strategic foresight and leadership of the Napa County Health and Human Services Agency - Public Health Division, Providence Data and Evaluation Team for Community Health, as well as the expertise of Future Medical Systems, a team of researchers and design strategists who led the quantitative data collection through a lens of human-centered design. We also want to thank all the community members, leaders and partners who took time to participate in community listening sessions, key informant interviews, provided meeting space, and most importantly let their voice be heard.

It is our hope that the findings in this document will help to develop a shared understanding of the health of our community and will continue to spark collaborative engagement to improve health and quality of life of the people in Napa County.

Sincerely,

Jennifer Yasumoto
Health and Human Services Agency Director
Napa County

Terry Wooten
Chief Executive Officer
Providence Queen of the Valley Medical Center

COLLABORATIVE EXECUTIVE SUMMARY

Understanding and Responding to Community Needs

This report serves as the Community Health Assessment (CHA) for public health accreditation for Napa County Health and Human Services Agency - Public Health, as well as the Community Health Needs Assessment (CHNA) as required by 501(r) for Providence Queen of the Valley Medical Center. The Community Health Needs Assessment (CHNA) is an opportunity to engage the community every three to five years with the goal of better understanding community strengths and needs. This process informs the community of our partnerships, programs, and investments.

This year, Napa County Health and Human Services Agency and Providence Queen of the Valley Medical Center partnered to create a shared Community Health Needs Assessment (CHNA).

The 2023 CHNA was approved by the Queen of the Valley Community Benefit Committee on November 16, 2023, and made publicly available by December 28, 2023.

Gathering Community Health Data and Community Input

Through a mixed-methods approach, using quantitative and qualitative data, we collected information from the following sources: American Community Survey, Behavioral Risk Factor Surveillance System, local public health data, California Healthy Kids Survey, Feeding America, U.S. Census Bureau, and the Live Healthy Napa County Language Inclusion Survey. To actively engage the community, we conducted 15 listening sessions with people who have chronic conditions, are from diverse communities, have low-incomes, and/or are medically underserved. We also conducted 4 caregiver listening sessions, 12 key informant interviews, and 7 additional preliminary data feedback sessions with 13 representatives from organizations that serve these populations, specifically seeking to gain deeper understanding of community strengths and opportunities. Some key findings include the following:

- Participants named cost and difficulty navigating complex systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care.
- Most key informants spoke to the high cost of housing as a challenge in Napa County. There is a strong need for more affordable housing to help families and individuals meet their basic need for safe and healthy housing.
- Long wait lists can be a result of a lack of behavioral health providers in general. There is a particular need for more bilingual and bicultural providers, as there is a lack of culturally responsive and linguistically appropriate behavioral health services.
- Some communities (for example, older adults, youth, LGBTQIA+, and Black, Brown, Indigenous, and People of Color (BBIPOC) community members) find their needs unmet and their perspectives unheard in Napa County civic society. Marginalized groups often experience prejudice and hate speech that make them isolated and fearful.

While care was taken to select and gather data that would tell the story of the hospital's service area, it is important to recognize the limitations and gaps in information that naturally occur.

Identifying Top Health Priorities

Through a collaborative process engaging 48 different organizations across various sectors in Napa County, the Napa County Health and Human Services Agency and Providence Queen of the Valley Medical Center identified the following priority areas listed in rank order:

HOUSING

Limited housing stock pushes prices so high as to be out of reach for many and creates an especially difficult situation for people with low incomes. Cost of living is very high, and many workers are not paid a living wage. Housing stability creates a foundation for further stability. Fear of, and disrespect to, unhoused individuals can result in feelings of isolation. Paperwork and housing support systems are cumbersome. Demand for low-cost options may lead to unfair housing practices from landlords.

BEHAVIORAL HEALTH

The scale of the mental health crisis appears to have overwhelmed the care system. Mental health is often an unaddressed, underlying issue. There are valuable sources of mental health support outside the formal care system and participants report relying on friends and family for comfort or strength. The task of providing mental health support can be a heavy weight to bear. Mental health providers often experience compassion fatigue and opportunities for self-care can be difficult to access with busy caseloads. Substances such as alcohol, tobacco, and drugs may be used as a form of self-medication. There are common misconceptions about substance use (across all demographics), leading people to under-estimate the harm done.

ACCESS TO HEALTH SERVICES

Participants named cost and difficulty navigating complex systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care. It is difficult to access transgender care in Napa County. There is concern around lack of access to health insurance for mixed status families (families with a variety of documentation statuses, including undocumented status), as well as people losing their insurance due to job loss during the pandemic. Caregivers and community members shared that accessing dental care can be very difficult for all ages because there are few dental appointments available locally.

RACIAL EQUITY & LGBTQIA+ INCLUSION

Racism is often seen as a barrier to health by Napa County residents of color. It is felt during system navigation, in a lack of representation in leadership positions, and in day-to-day interpersonal interactions with law enforcement and other community members. Marginalized groups often experience prejudice and hate speech that make them isolated and fearful. Many feel that cultural community events are inauthentic and created for tourists. Community members seeking to be allies are concerned about “doing it wrong.”

ECONOMIC STABILITY

Many participants spoke to the need for living wage jobs and increased wages to meet the high cost of living in Napa County. They shared that families with low incomes often experience housing instability and use most of their income to meet basic needs, often being forced to make spending tradeoffs. A large proportion of employment opportunities center around agriculture and hospitality, which often come with low wages and can sometimes have poor working conditions. Many people that work in Napa, including teachers, librarians and others who serve the community, cannot afford to live here. Youth are highly aware of the financial stress of their families and fear for their own financial future.

Collaborating Community Partners

The invaluable contributions of community partners were critical to ensure informative key informant interviews, community listening sessions, and prioritizing health needs for the Napa County CHNA. Napa County HHSA and Providence Queen of the Valley Medical Center worked to bring together a total of 121 individuals from 48 different organizations across various sectors in Napa County. The representatives of these organizations, along with Napa County HHSA and QVMC's Community Health Investment (CHI) team, played an integral role in identifying and prioritizing the top health themes of Napa County. This collaborative approach ensured that the spectrum of voices and perspectives were heard and shared focuses on priority areas were identified to enhance our ability to improve community health outcomes.

See Appendix 2 for a full list of collaborative community partners.

Contractor

Future Medical Systems served as a consultant in the development of the 2023 Napa County Community Health Needs Assessment. Future Medical Systems is a design and development consultancy that brought a Human-Centered Design approach to the CHNA process. They supported a collaborative process between Napa County HHSA and Providence QVMC that allowed for engagement of community members and organizations that serve populations who are disproportionately poor and/or vulnerable, in multiple Community Listening Sessions and Key Informant discussions. Following the listening sessions, Future Medical Systems facilitated workshops with Napa County and Providence to synthesize and prioritize needs. The final deliverables consisted of a report containing key quotes and a concise summary of the priority need areas that rose to the top.

OVERVIEW OF CHNA FRAMEWORK AND PROCESS

Equity Framework

Providence's vision, Health for a Better World, is driven by a belief that health is a human right. Every person deserves the chance to live their healthiest life. At Providence, we recognize that long-standing inequities and systemic injustices exist in the world. This has led to health disparities among communities that have been marginalized because of their race, ethnicity, gender, sexual orientation, age, ability, religion, or socioeconomic status. Our health equity statement can be found online: https://www.providence.org/about/health-equity.

The CHNA is an important tool we use to better understand health disparities and inequities within the communities we serve, as well as the community strengths and assets. Through the literature and our community partners, we know that racism and discrimination have detrimental effects on community health and well-being. We recognize that racism and discrimination prevent equitable access to opportunities and the ability of all community members to thrive. We name racism as contributing to the inequitable access to all the determinants of health that help people live their best lives, such as safe housing, nutritious food, responsive health care, and more.

To ensure that equity is foundational to our CHNA, we have developed an equity framework that outlines the best practices that each of our hospitals will implement when completing a CHNA. These practices include, but are not limited to the following:

Approach

Explicitly name our commitment to equity

Take an asset-based approach, highlighting community strengths

Use people first and non-stigmatizing language

Community Engagement

Actively seek input from the communities we serve using multiple methods

Implement equitable practices for community participation

Report findings back to communities

Quantitative Data

Report data at the census tract level to address masking of needs at county level

Disaggregate data when responsible and appropriate

Acknowledge inherent bias in data and screening tools

Intentional actions were taken during this CHNA process to insure participation from a diverse group of community members. We offered community listening sessions in across Napa County. We gathered community members in American Canyon, Napa, St. Helena, and Calistoga. We provided snacks during the listening session and offered compensation for people's valuable time. The listening sessions were at different times during the day to accommodate schedules. Five of our community listening sessions was conducted in Spanish.

CHNA Framework

The equity framework is foundational to our overall CHNA framework, a modified version of the Mobilizing for Action through Planning and Partnerships (MAPP) developed by the National Association of County and City Health Officials (NACCHO). The modified MAPP framework takes a mixed-methods approach to prioritize health needs, considering population health data, community input, internal utilization data, community strengths and assets, and a prioritization protocol.

Data Sources

In gathering information on the communities served by the Providence Queen of the Valley Medical Center and Napa County Health and Human Services Agency, we looked not only at the health conditions of the population, but also at socioeconomic factors, the physical environment, and health behaviors. In addition, we recognize that there are often geographic areas where the conditions for supporting health are poorer than nearby areas. Whenever possible and reliable, data are reported at census tract level. These smaller geographic areas allow us to better understand the neighborhood level needs of our communities and better address inequities within and across communities.

We reviewed data from the following sources:

Primary Data Sources	Secondary Data Sources
• Community listening sessions • Internal hospital utilization data • Key informant interviews • Live Health Napa County Language Inclusion Survey • Providence caregiver (staff) listening sessions	• American Community Survey • Behavioral Risk Factor Surveillance System (BRFSS) • California Community Burden of Disease Engine • California Department of Healthcare Access and Information (HCAI) • California Healthy Kids Survey • Feeding America • RaceCounts.org • U.S. Census Bureau

Data Limitations and Information Gaps

While care was taken to select and gather data that would tell the story of the hospital's service area, it is important to recognize the limitations and gaps in information that naturally occur, including the following:

- Not all desired data were readily available, so sometimes we had to rely on tangential or proxy measures or not have any data at all. For example, there is little community-level quantitative data on barriers to accessing transportation.
- While most indicators are relatively consistent from year to year, other indicators are changing quickly (such as percentage of people uninsured) and the most recent data available are not a good reflection of the current state.
- Reporting data at the county level can mask inequities within communities. This can also be true when reporting data by race, which can mask what is happening within racial and ethnic subgroups. Therefore, when appropriate and available, we disaggregated the data by geography and race.
- Data that are gathered through interviews and surveys may be biased depending on who is willing to respond to the questions and whether they are representative of the population.
- The accuracy of data gathered through interviews and surveys depends on how consistently the questions are interpreted across all respondents and how honest people are in providing their answers.

Process for Gathering Comments on Previous CHNA and Summary of Comments Received

Written comments were solicited on Providence Queen of the Valley's 2020 CHNA and 2021-2023 CHIP reports, which were made widely available to the public via posting on the internet in December 2020 (CHNA) and May 2021 (CHIP), as well as through various channels with our community-based organization partners.

No comments or questions were received by Napa County or Queen of the Valley's past Community Health Assessment or Community Health Needs Assessment.

OUR COMMUNITY

CHNA Service Area and Community Served

Queen of the Valley Medical Center and Napa County Health and Human Services Agency provides care and services to Napa County, which includes a population of approximately 138,795 people (American Community Survey, 2021 5-year estimate). Based on the availability of data, geographic access to the facility, and other hospitals in neighboring counties, Napa County serves as the boundary for the hospital service area. The map below shows the service area, as well as communities identified as high need in green.

Providence Need Index

To facilitate identifying health disparities and social inequities by place, we designated a "high need" service area and a "broader" service area, which together make up the Napa County Service Area. Based on work done by the Public Health Alliance of Southern California and their Healthy Places Index (HPI) tool, we identified the high need service area based on income, education, English proficiency, and life expectancy.[1]

For this analysis, census tracks with more people below 200% Federal Poverty Level (FPL), more people without a high school diploma, more limited English households, and a lower life expectancy at birth were identified as "high need." The mean value of nearest neighbors was used to insert missing data for variables by way of the Neighborhood Summary Statistics geoprocessing tool in ArcGIS Pro 3.1. All variables were weighted equally. The census tracts were assigned a score between 0 and 100 where 0 represents the census tract with the lowest need and 100 represents the highest need, according to the criteria. Census tracts that scored higher than the average were classified as high need service areas and are depicted in green. In the Napa County service area, 20 of 40 census tracts (50%) scored above the average of 42.0, indicating a high need.

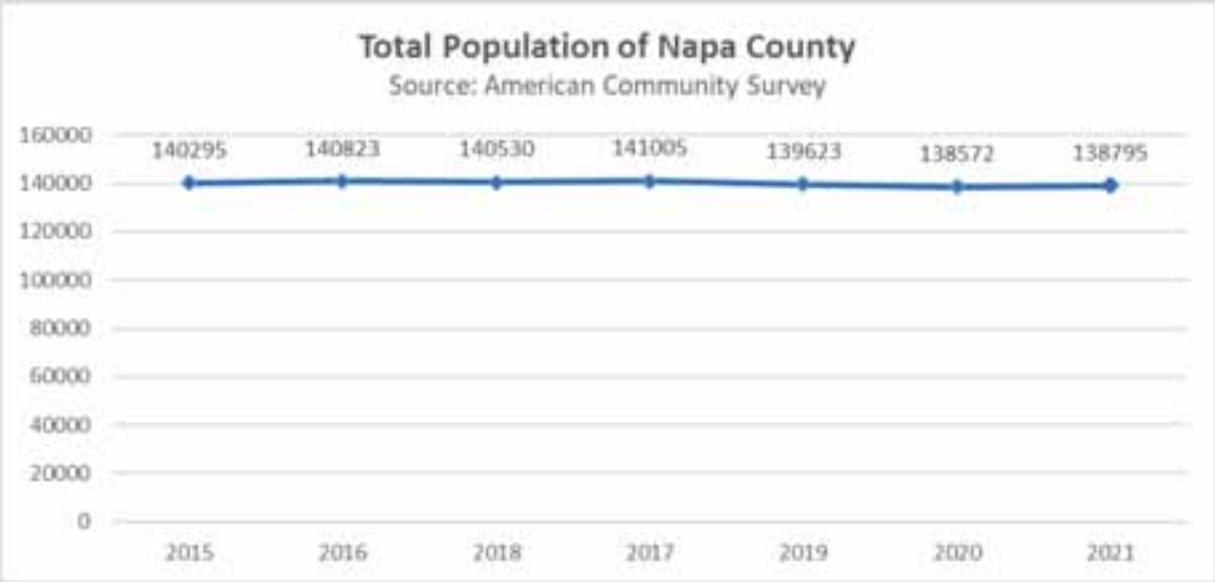
Community Demographics

The graphs below provide demographic and socioeconomic information about the service area and how the high need area compares to the broader service area. We have developed a dashboard that maps each CHNA indicator at the census tract level. The dashboard can be found here: Napa County 2023 PSJH (arcgis.com).

[1] The following variables were used for the PNI analysis: Population below 200% the Federal Poverty Level (American Community Survey, 2021); Percent of population with at least a high school education (American Community Survey, 2021); Percent of population, ages 5 Years and older in Limited English Households (American Community Survey, 2021); Life expectancy at birth (estimates based on CDC, 2010 – 2015 data).

The total population of Napa County decreased from a high of 141,005 in 2017 to 138,795 in 2021 (Figure 1). Population estimates in this section are from the American Community Survey (DP05) and are five-year estimates. Five-year estimates have the largest sample size and are more reliable than one-year estimates but are not available for 2022 at the time of publication.

Figure 1.

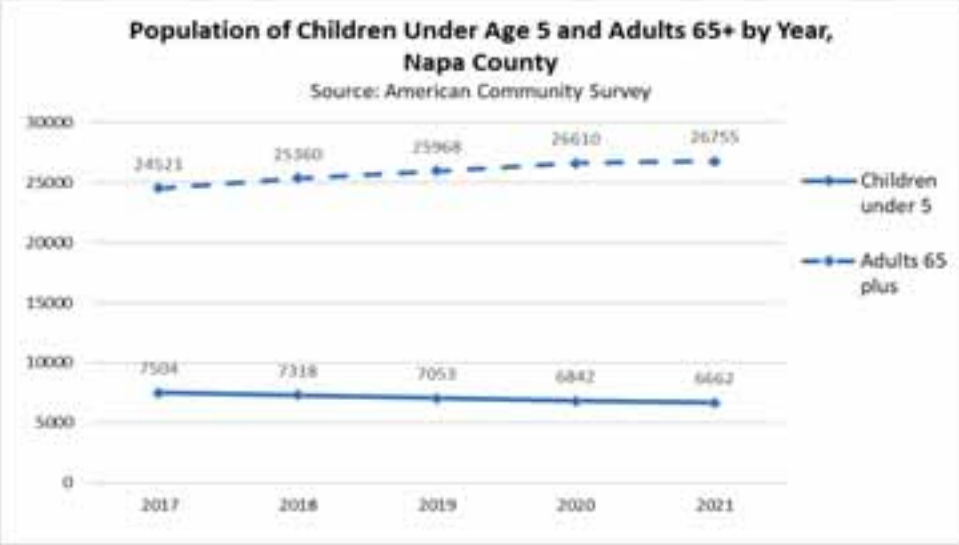


Napa County has a higher proportion of older adults than California overall, with 21.0% of the population between the ages of 65 to 84 (compared to 15.3% statewide) and 3.0% age 85 or above (compared to 2.3% statewide). While 22.7% of the population in California is under the age of 18, in Napa County 18.2% are under 18 (Figure 2).

Figure 2.

In 2021, there were an estimated 26,755 adults aged 65 and above in Napa County and 6,662 children under the age of five (Figure 3). The older adult population has been steadily increasing, while the population of children under age five has been declining.

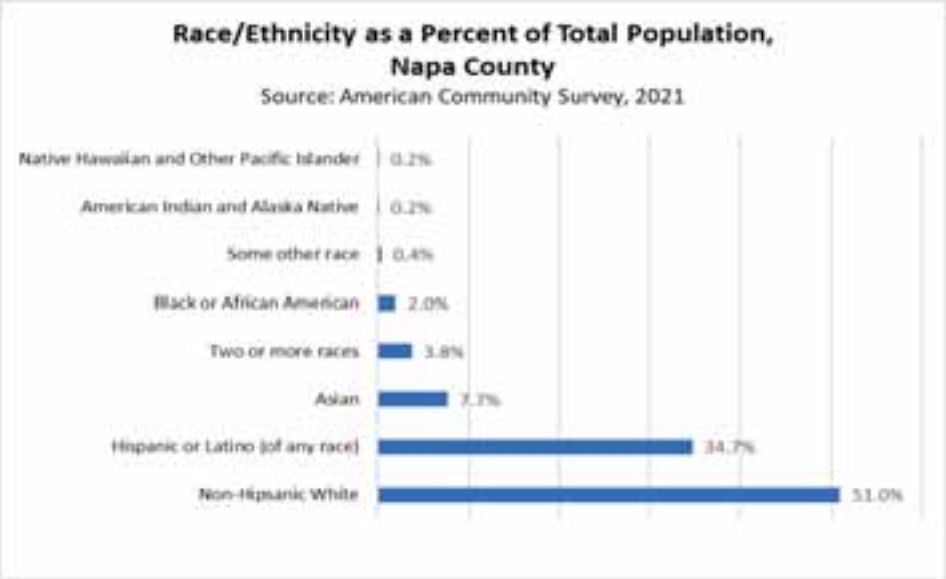
Figure 3.



The largest proportion of the population (51%) self-identified as non-Hispanic white in 2021, however this number has been declining in recent years. The second largest race/ethnic group in Napa County identified as Hispanic or Latine (a gender-neutral term for Latino) and comprised 34.7% of the

population. Just under 8% of the population identified as Asian, 3.8% as two or more races, and 2.0% as Black or African American. Native Hawaiian and other Pacific Islanders, American Indian and Alaska Native, and those identifying as “some other race” each made up under one percent of the population (Figure 4).

Figure 4.



The median income in Napa County in 2021 was higher than the California median income ($97,421 vs. $83,226). In the high need service area of the county, the median income was $84,690 (Table 1).

Table 1. Median Income

Indicator	California	Napa County	Broader Service Area	High Need Service Area
Median Income Data Source: American Community Survey, 2021 5-year estimate	$83,226	$97,421	$117,926	$84,690

Renters in Napa County have continued to face severe housing cost burdens in recent years, with approximately 1 in 4 renter households spending 50% or more of their income on housing (Table 2).

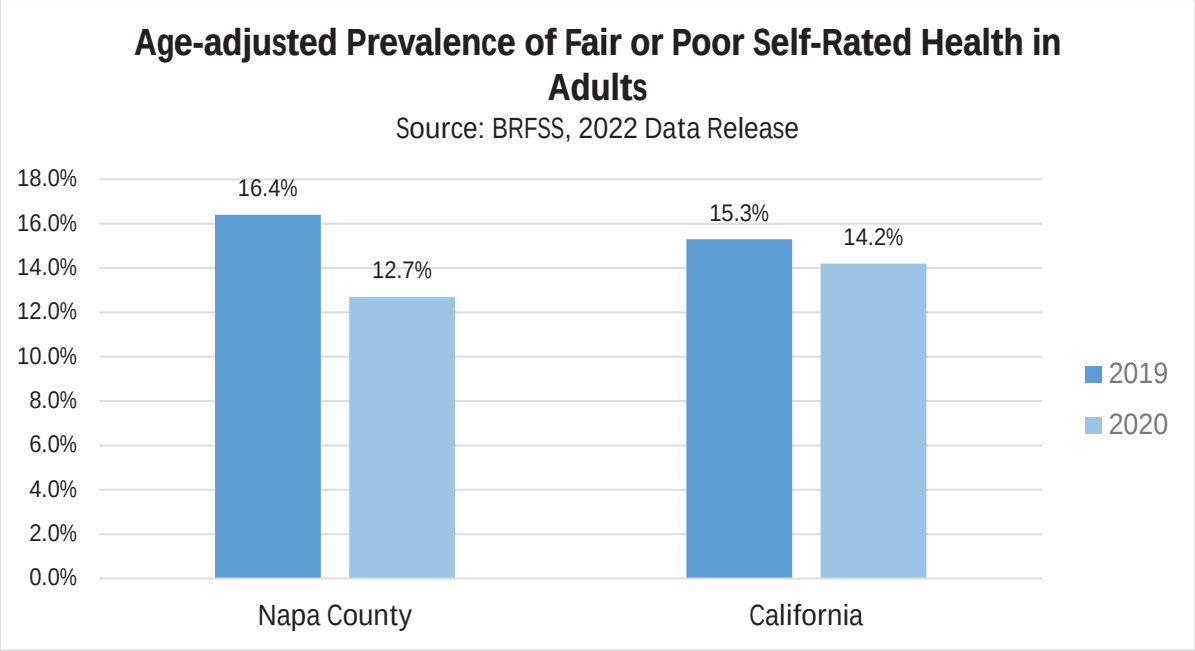
Table 2. Severe Housing Cost Burden

Indicator	California	Napa County	Broader Service Area	High Need Service Area
Percent of Renters with Severe Housing Cost Burden Data Source: American Community Survey, 2021 5-year estimate	26.3% (1,548,644 renter households)	24.6% (4,135 renter households)	25.4% (1,625 renter households)	24.2% (2,510 renter households)

General Health Status and Mortality

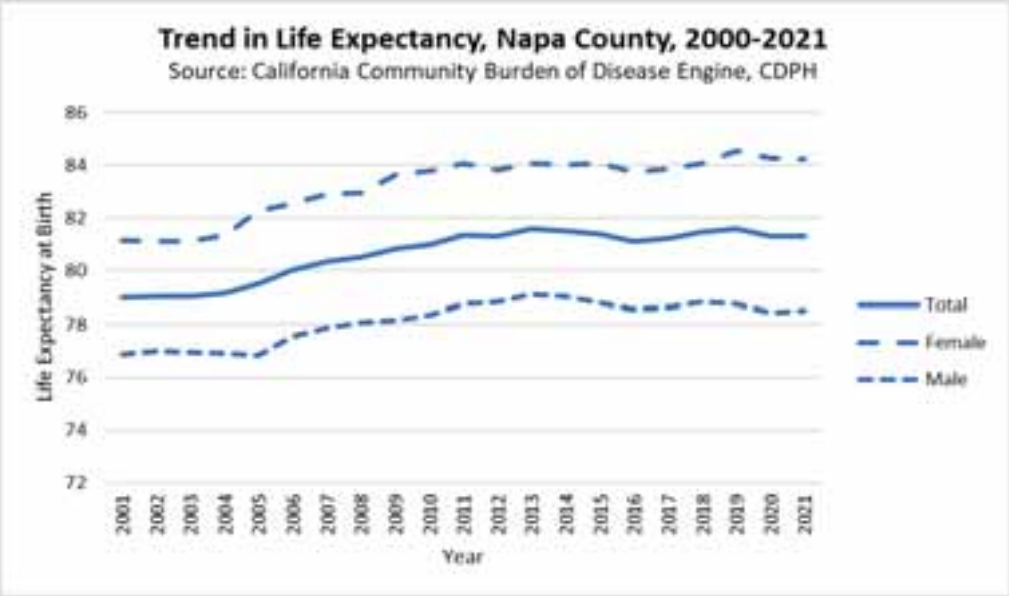
The age-adjusted percentage of adults in Napa County who reported fair or poor self-rated health was 12.7% in 2020, according to the Behavioral Risk Factor Surveillance System (BRFSS). Between 2019 and 2020, adults in both Napa County and throughout the state of California had a decline in self-rated fair or poor health, indicating potential improvement in general health status (Figure 5).

Figure 5.



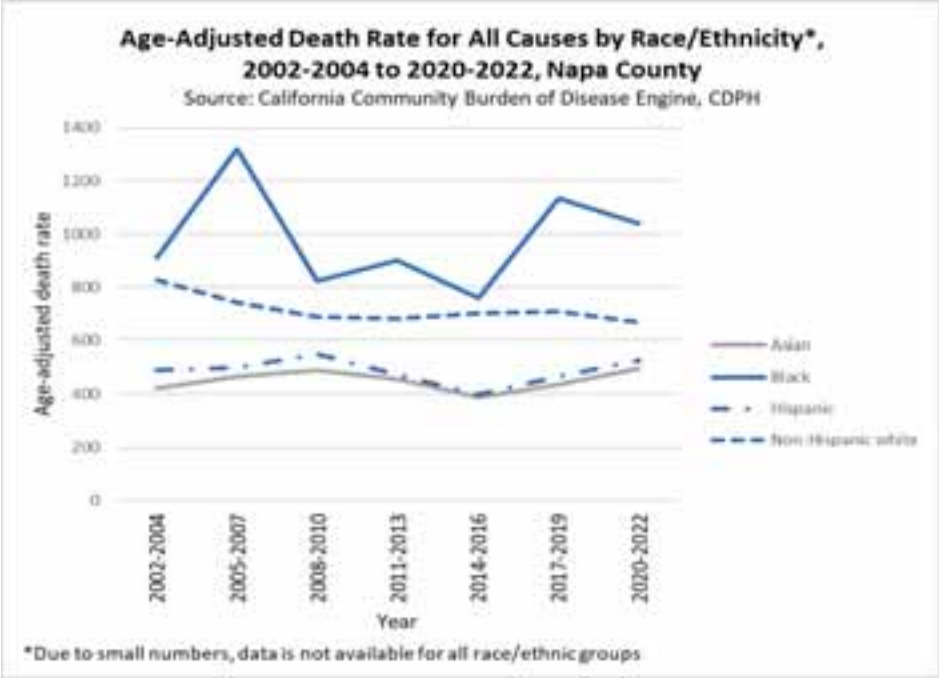
Overall life expectancy in Napa County increased from 79.0 years in 2001 to 81.3 years in 2021. Life expectancy calculations and cause of death rankings are from the California Community Burden of Disease Engine at the California Department of Public Health. Data sources and methodology can be found by visiting the website.

Figure 6.



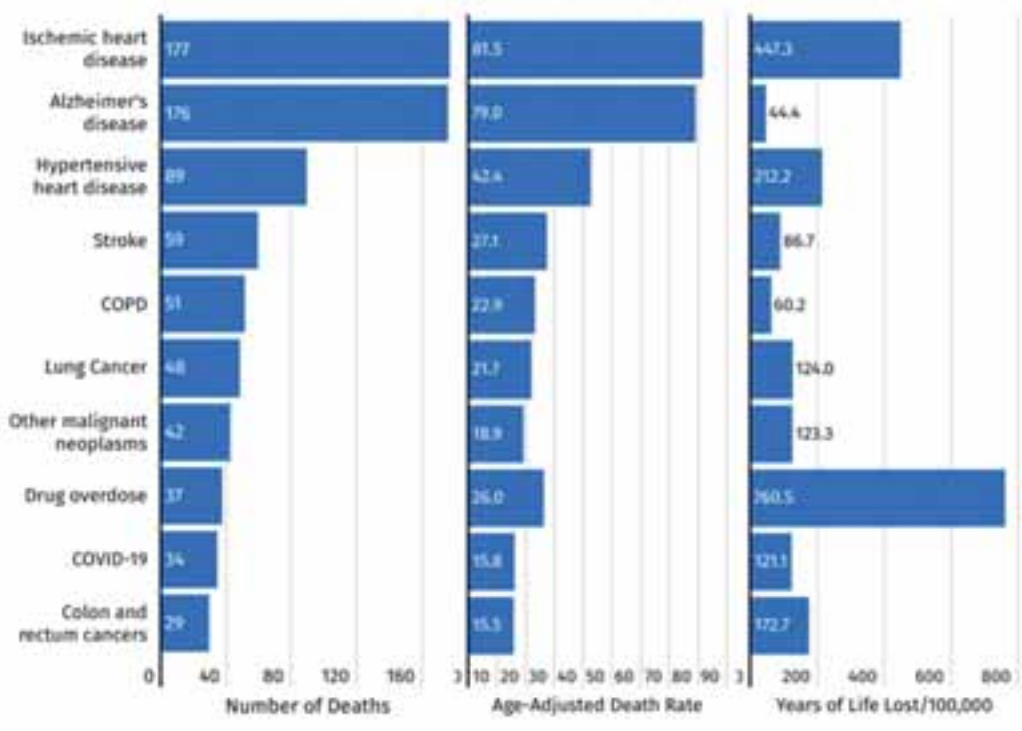
Although there has been an increasing trend in average life expectancy in Napa County, differences in age-adjusted death rates by race/ethnicity have persisted over time. Black residents have consistently higher age-adjusted death rates compared to other race/ethnic groups with available data. Non-Hispanic white residents have had the second highest age-adjusted death rate, followed by Hispanic/Latine and Asian residents of Napa County (Figure 7).

Figure 7.



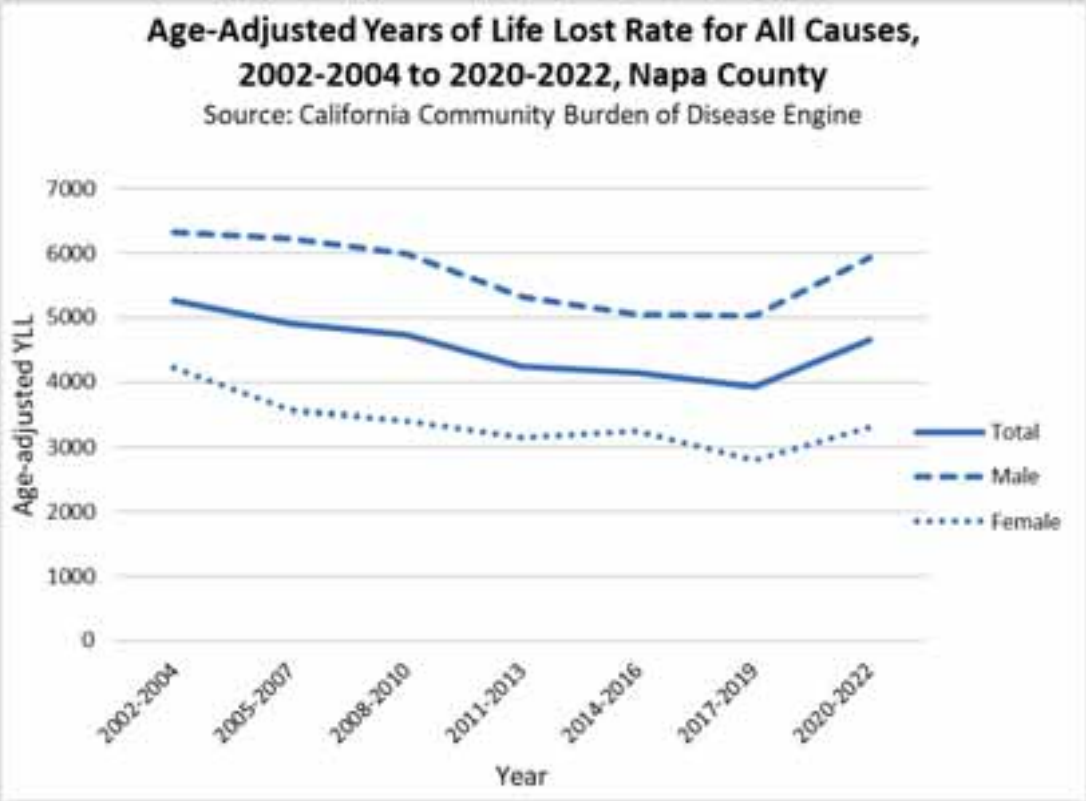
As shown in Figure 8, the leading cause of death in Napa County in 2022 was ischemic heart disease in terms of both total number of deaths (n=177) and the age-adjusted death rate (81.5 per 100,000). Alzheimer's disease was the second leading cause of death, followed by hypertensive heart disease. While ischemic heart disease, Alzheimer's disease, and hypertensive heart disease had the highest numbers of deaths and age-adjusted death rates, drug overdose was responsible for the most Years of Life Lost (760.5 per 100,000). Years of Life Lost (YLL) is a measure of premature mortality (death occurring before age 75) from a given cause. Drug overdose, ischemic heart disease, and hypertensive heart disease had the three highest rates of YLL in 2022.

Figure 8.



The age-adjusted rate for YLL (i.e., premature mortality) decreased between 2002 and 2019 (Figure 9). For the three-year period of 2020 to 2022, YLL increased for both males and females in Napa County. The increase was most pronounced among males, rising from 5,022 YLL per 100,000 in 2017-2019 to 5,930 YLL per 100,000 in 2020-2022. While some of this increase is likely attributable to the COVID-19 pandemic, the increase in drug overdose deaths seems to be the largest contributor to the increase in YLL (see Community Health Theme - Behavioral Health).

Figure 9.



HEALTH PROFESSIONAL SHORTAGE AREA

The Federal Health Resources and Services Administration (HRSA) designates Health Professional Shortage Areas (HPSAs) as areas with a shortage of primary medical care, dental care, or mental health providers. Clinicians in HPSAs are working in areas with fewer resources, higher patient loads, and challenges with recruitment and retention. They are designated according to geography (i.e., service area), demographics (i.e., low-income population), or institutions (i.e., comprehensive health centers). Although Napa County is not designated as an HPSA for primary care, dental health, or mental health, large portions of the service area to the North are designated as shortage areas. Most of the geography to the north of Napa County is considered a mental health HPSA.

See Appendix 1 for additional details on HPSA and Medically Underserved Areas and Medically Underserved Populations.

HEALTH INDICATORS

Please refer to the Napa County CHNA Data Hub 2023 to review each of the following health indicators mapped at the census tract level: Napa County 2023 PSJH (arcgis.com).

The hub provides data on each indicator in Napa County, the high need and broader need service areas, and California, as well as information about the importance of each indicator.

See Appendix 1 for additional Population Health Data

Hospital Utilization Data

In addition to public health surveillance data, our hospitals can provide timely information regarding access to care and disease burden across the service area. Avoidable Emergency Department (AED) use is reported as a percentage of all Emergency Department visits over a given period, which are identified based on an algorithm developed by Providence's Population Health Care Management team based on NYU and Medi-Cal definitions. AED use serves as a proxy for inadequate access to or engagement in primary care. We review and stratify utilization data by several factors including self-reported race and ethnicity, patient origin ZIP Code, age, and sex. This detail helps us identify disparities to better improve our outreach and partnerships.

In 2022, our data showed the following key insights for ED visits to Queen of the Valley Medical Center:

- At QVMC, 27.8% of all ED cases were considered potentially avoidable.
- More than half (54.2%) of all AED cases at QVMC came from the ZIP Code 94558.
- Patients identifying as "Hispanic or Latino" had higher percentages of ED visits that were potentially avoidable (30.2%) compared to patients identifying as "Not Hispanic or Latino" (25.9%).
- Patients under 18 years had the highest percentage of visits considered potentially avoidable at 30.8% compared to other age groups.
- Almost one in three (32.8%) of visits by patients with Medicaid (including HMO) were potentially avoidable, compared to only 21.1% for patients with commercial insurance.
- The most common diagnoses for all avoidable visits during this time were bronchitis and other upper respiratory diseases, urinary tract infections, and substance use disorders.

For additional information regarding these findings, please contact Terri Smith and Terri.Smith@Providence.org.

Department of Health Care Access and Information (HCAI) Data

Between 2017 and 2021, Napa County residents had a combined total of 199,216 ED visits, of which 25% were considered avoidable based on the algorithm developed by the Providence Population Health Care Management team. This number includes visits to hospitals both within Napa County and to hospitals in other counties. By Napa County ZIP Code, 49% of all avoidable visits were residents in 94558, followed by 20% in 94559, and 15% in 94503. Respiratory and genitourinary conditions were the most common reason for avoidable visits.

COMMUNITY INPUT

Summary of Community Input

To better understand the unique perspectives, opinions, experiences, and knowledge of community members, representatives from Providence Queen of the Valley Medical Center in partnership with Napa County Health and Human Services conducted 12 key informant interviews with 12 representatives from community-based organizations, 15 listening sessions with 112 community members, and 7 additional preliminary data feedback sessions with 13 community leaders. Future Medical Systems led the community listening sessions. During key informant interviews and listening sessions, community members and staff from social service, health and education sectors discussed the issues and opportunities of the people, neighborhoods, and cities of the service area. During preliminary data feedback sessions, community leaders reviewed the initial data from interviews and listening sessions to provide feedback and gap analysis. All community input was collected from March 2023-May 2023. Below is a high-level summary of the findings of these sessions. Full details on the methodology and participants are available in Appendix 2.

Our community listening sessions were designed to uncover latent and unmet needs based on personal lived experience and to explore the 'whys' behind people's behaviors and decisions. We supported individuals to take the lead in surfacing bright spots and challenges in their quality of life and related health and wellbeing. We created open-ended discussions using interactive field materials to delve more deeply into themes about health and wellbeing, including:

1. What drives quality of life? What drives quality health and wellbeing?
2. What does "health" mean in relation to lived experience?
3. What support structures and tools do people have? Where are the gaps?
4. What management and self-care tools and practices do people have?
5. What impacts do people recognize – of social determinants on their health/wellbeing?
6. How is equity experienced?

While the listening sessions, conducted in English and Spanish, utilized human centered design to facilitate open-ended participant-led conversations, key informant interviews and preliminary data feedback sessions were more formal with most participants working in a paid capacity to serve specific community groups and/or provide specific services. All data was analyzed to identify 10 themes, listed below:

- Racial Equity and LGBTQIA+ Inclusion
- Housing
- Behavioral Health
- Economic Stability
- Food Access
- Access to Health Services
- Childcare
- Language Access
- Transportation
- Education/Digital Inclusion

Community Context

While listening sessions focused on gathering community health experiences and feedback, participants also surfaced themes that describe the character and identity of Napa County. These are the settings and circumstances in which we live and work, and impact how we interact with each other and our institutions. While participants did not" vote on these themes as priority areas for the Community Health Assessment, they will be the lens through which we view and design our Community Health Improvement Plan.

SYSTEM COHESION

Participants reported that awareness and access to services is often facilitated by finding trusted messengers, or friends and family that can help. They described trust and personal connection as key to creating access to services. It can be difficult for people, especially community members with undocumented status, to distinguish between the governmental agencies/services that help them and those that could punish them. Social sector staff reported many people working outside of their job designation to make sure community members can access the resources they need. They named the inability to share data between agencies as a barrier to timely and comprehensive care. It can be difficult for community members to navigate the systems that are designated to help them.

DISASTER RESILIENCY

Napa County residents have experienced flooding, fires, earthquakes, and a pandemic. These shared experiences have magnified our ability to come together in a crisis. While our emergency systems continue to improve with each response, compounding disasters have left many community members unable to recover.

NATURE, ANIMALS, AND THE OUTDOORS

People very often identify the natural environment as the most positive contributor to their health and wellbeing. Pets and access to animals provides a valued source of reflection and calm. Napa County provides access to many outdoor experiences that are greatly valued in the community.

"ALL THE GREAT SERVICES"

Napa is perceived by many to have a broad and high-quality public service provision. For those in crisis and the most in need, services are reportedly readily available, especially in the city of Napa. Collaboration and strong connections between services and individual care providers and staff were named as a bright spot by many participants.

See Appendix 2 for methodology and participant details

Challenges in Obtaining Community Input

While in-person dialogue creates the best environment for this depth of information sharing, participant schedules required that some interviews take place via video conferencing. "Assessment fatigue" was also a consideration, as there are many assessments, surveys, and strategic planning projects happening simultaneously in Napa County.

COMMUNITY HEALTH THEMES

This Community Health Themes section describes the highest priority needs determined through an analysis of qualitative data (listening sessions, key informant interviews) and quantitative population-level data. Additional qualitative data from listening sessions and key informant interviews can be found in the appendix of this report.

Racial Equity and LGBTQIA+ Inclusion

Connection to Health

"Racism is a system—consisting of structures, policies, practices, and norms—that assigns value and determines opportunity based on the way people look or the color of their skin. This results in conditions that unfairly advantage some and disadvantage others throughout society."[2] Racial and ethnic minority groups in the United States have been consistently shown to have higher rates of illness and death across a wide range of health outcomes when compared to their white counterparts. Race Forward defines race equity as a process of eliminating racial disparities and improving outcomes for everyone. It is the intentional and continual practice of changing policies, practices, systems, and structures by prioritizing measurable change in the lives of people of color.

Lesbian, gay, bisexual, transgender, and queer/questioning, intersex, asexual, and more (LGBTQIA+) people are more likely than their heterosexual and cis-gender counterparts to experience health related challenges and disparities. LGBTQIA+ inclusion refers to inclusive health and social services for LGBTQIA+ individuals, as well as efforts to make all spaces safe for and inclusive of those who are LGBTQIA+.

Key Findings

Qualitative Data

Racism is often seen as a barrier to health by Napa County residents of color. It is felt during system navigation, in a lack of representation in leadership positions, and in day-to-day interpersonal interactions with law enforcement and other community members. Marginalized groups often experience prejudice and hate speech that make them isolated and fearful. Many feel that cultural community events are inauthentic and created for tourists. Community members seeking to be allies are concerned about "doing it wrong". Key informants expressed the need to continue to invest in efforts to improve equity for all people living in Napa County. Key informants spoke to a need to address discrimination and bullying towards individuals identifying as LGBTQIA+. They also experience biases and discrimination within health care and lack access to gender-affirming and inclusive care. Community members described not being able to access transgender care locally. Young people may experience bullying for their culture and racial identity. Key informants spoke to the strong need for more services provided by bilingual and bicultural providers to serve the Spanish-speaking community in a culturally responsive way. This is inclusive of health care, behavioral health, and social services.

[2] https://www.cdc.gov/minorityhealth/racism-disparities/index.html

"Police encounters at school haven't been good. I feel like I'm on the radar with the teachers and principal watching me, how I dress, what I look like, my beanie and hoodie."
- Latine youth, Napa

"None. There is no representation at all for the black community [in Napa County]."

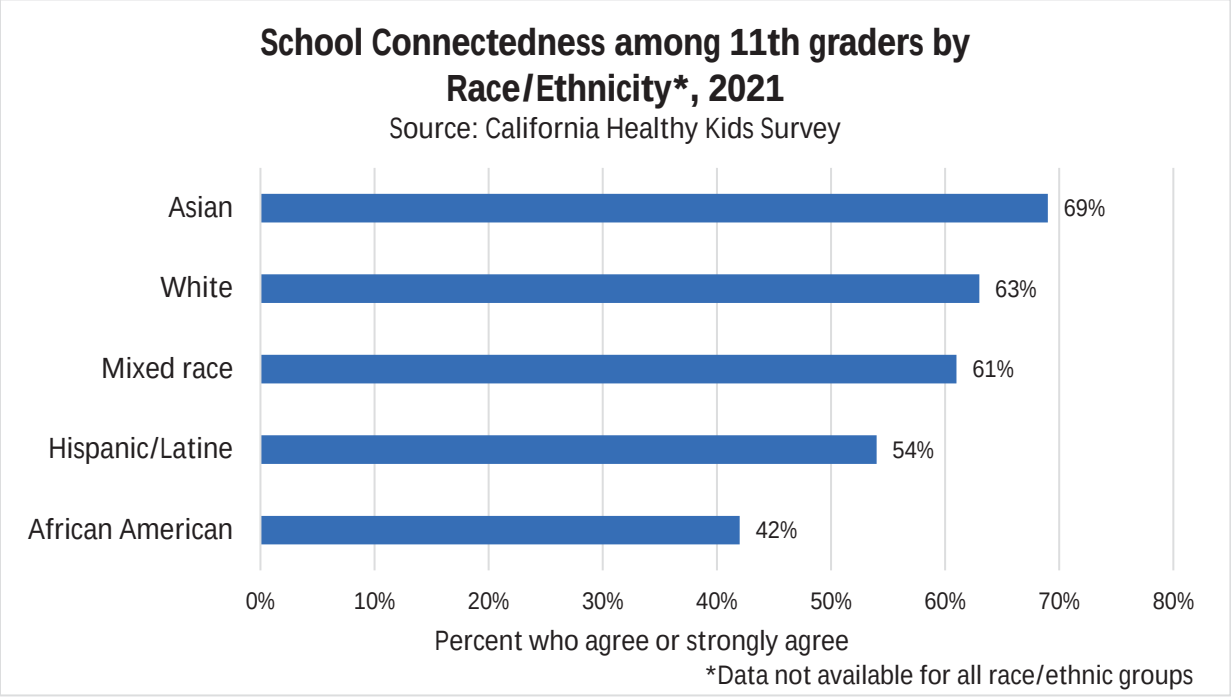
– Public Sector staff member, Napa

"I'm all fine and great...well, except for the hate speech [about sexuality]." - Youth, American Canyon

Quantitative Data

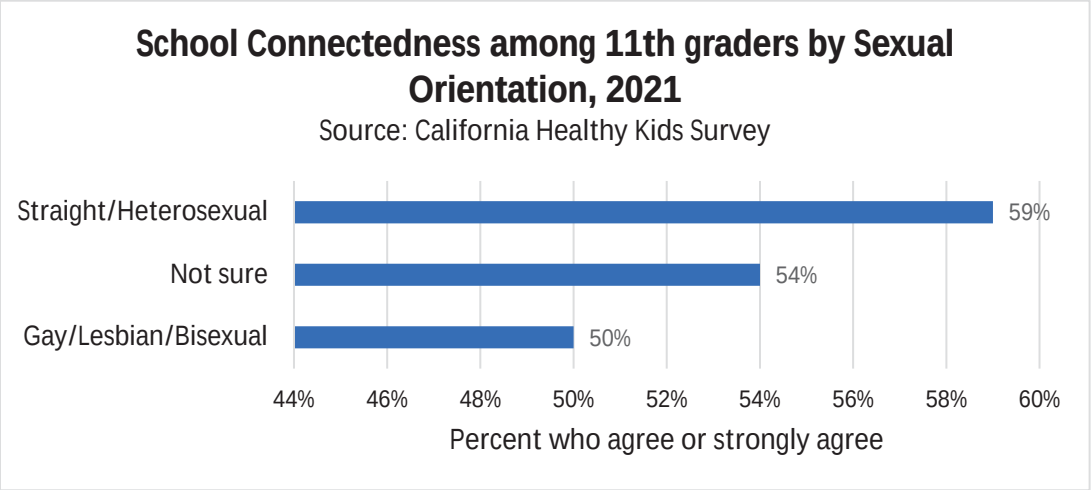
School Connectedness reflects students' belief that peers and adults in the school support, value, and care about their individual wellbeing as well as their academic progress. When youth feel connected to their schools, they are less likely to experience poor mental health, substance use, sexual health issues, and violence.[3] Among 11th graders, school connectedness was lowest among African American (42%) and Hispanic/Latine (54%) youth (Figure 10). Youth who identified as gay, lesbian, or bisexual or who reported being unsure of their sexual orientation also reported lower levels of school connectedness compared to youth who identified as straight or heterosexual (Figure 11).

Figure 10.



[3] https://www.cdc.gov/healthyschools/school_connectedness.htm

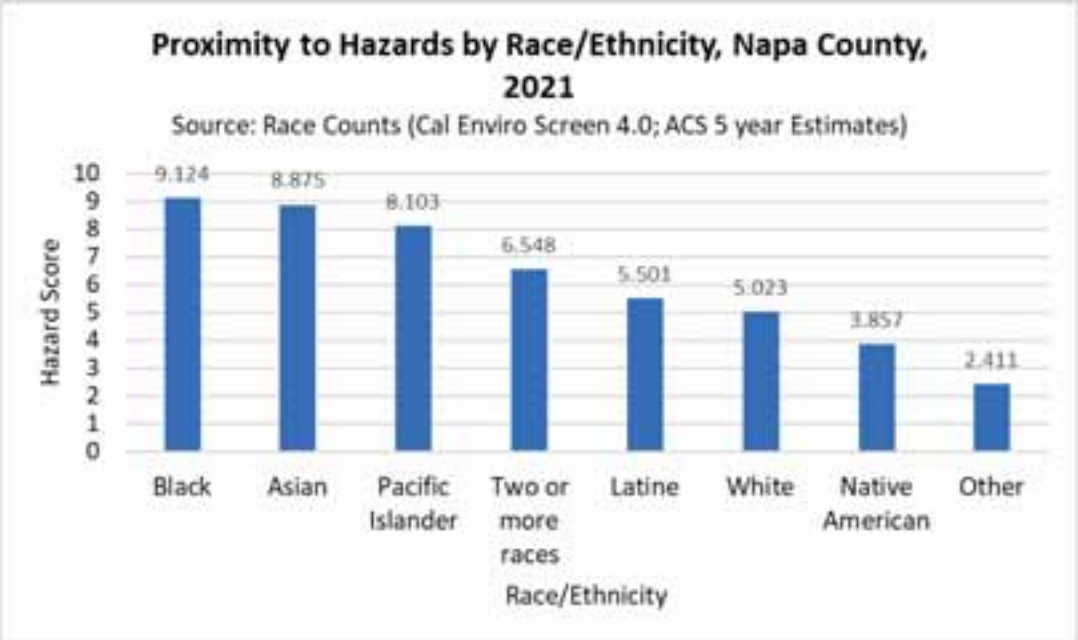
Figure 11.



People of color throughout the United States have disproportionately high exposures to environmental hazards compared to their white counterparts, a finding often referred to as environmental racism.[4] Black, Asian, Pacific Islander, and those who identify as Multi-Race in Napa County have higher hazard scores than the county average of 5.587 (Figure 12). Higher hazard scores indicate a group has higher levels of exposure to contaminated air, water, and/or soil.

For the remaining nine priority health needs, data is broken out by race/ethnicity and sexual orientation where possible to show that inequities are present across all health themes.

Figure 12.



[4] What Is Environmental Racism? (nrdc.org)

Housing

Connection to Health

Excessive housing costs are associated with a spectrum of health issues including food insecurity, psychological stress, underutilization of health care, and developmental and behavioral problems in children. As households spend a larger proportion of their income on housing, they have less money to spend on nutrition, health care, and other essential needs. Households may be forced to make a choice between paying rent, filling a pharmacy prescription, or buying nutritious foods. Moreover, the stress of keeping up with bills on a limited budget and fear of homelessness are linked to lower psycho-social well-being and increased use of medical services. Over time, these combined impacts can increase the risk of developing chronic diseases, such as heart disease and diabetes. For those who already have a chronic health condition, housing cost burden can make managing those conditions more difficult and increase the risk for preventable health complications.

Key Findings

Qualitative Data

Key informants, community members, and caregivers emphasized the high cost of housing is a challenge for many in Napa County. Limited housing stock pushes prices so high as to be out of reach for many and creates an especially difficult situation for those with low income. There is a strong need for more affordable housing and low-income housing. Cost of living is very high and many jobs do not pay a living wage. Community participants noted that housing stability creates a foundation for further stability. Fear of, and disrespect to, unhoused individuals can result in feelings of isolation. Demand for low-cost options may lead to unfair housing practices from landlords. Caregivers shared families live in poor housing conditions and over-crowded homes. Key informants and caregivers spoke to workforce housing as a need, particularly for those that work in agriculture and hospitality, as many workers cannot afford to live in Napa and must commute long distances for their work. Key informants shared the following populations may experience more difficulty accessing stable and affordable housing meeting their particular needs: transitional-age youth, people with behavioral health challenges, survivors of domestic violence, and older adults. More shelters for families with children are needed to ensure that families are able to stay together. Community members shared accessing housing support is cumbersome and involves a lot of paperwork. Key informants spoke to a need for more civic engagement to change policies around housing to make it more affordable and to educate people on their housing rights.

“I grew up here and work serving the community, but I can't afford to live here and recently moved to Solano County." - Latina, Public Sector staff member

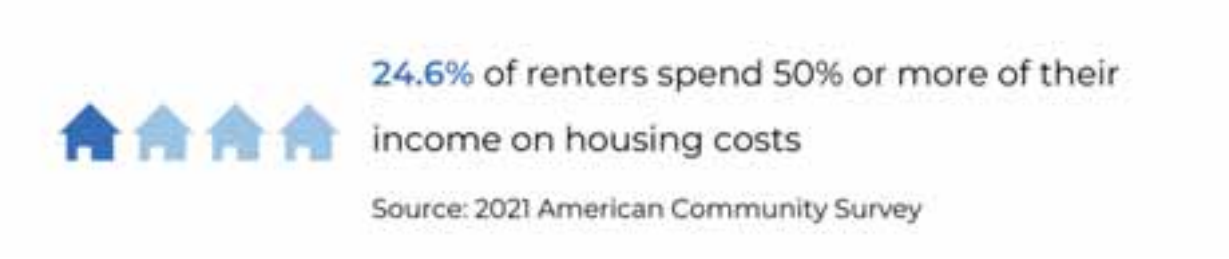
“Housing is a big concern for me; it feels unattainable especially for older adults. I often ask my husband ’What are we going to do?’” – Low Income housing resident, Napa

“There's multiple families in a 1-2 room apartment. Say a couple are renting a room, they are going to have a baby. Now there's too many people, they have to leave." - Healthcare staff, Napa

Quantitative Data

A household is considered severely housing cost burdened when 50% or more of their total income is spent towards housing. In 2021, about one in four (24.6%) of renter households spent 50% or more of their income on housing costs in Napa County.

Figure 13.

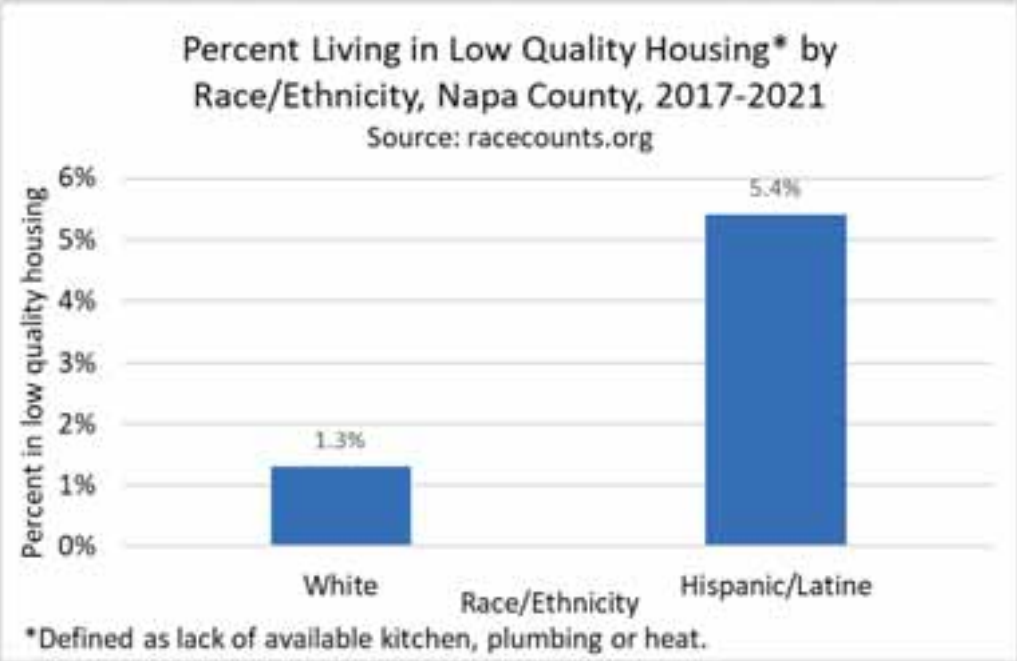


The housing market refers to the supply and demand for homes, and the health of the housing market is driven by the availability and type of housing units and housing prices. In a tight housing market, prices of homes skyrocket due to low supply (i.e., few units are available) and high demand (i.e., many are seeking to reside or invest in the area). In 2021, about one in 10 houses in Napa County were vacant. More than half of these vacancies were comprised of seasonal, recreational, or occasional use and second homes (sold, but not occupied). Conversely, less than one in five vacancies in Napa County were units for rent or sale.

Figure 14.

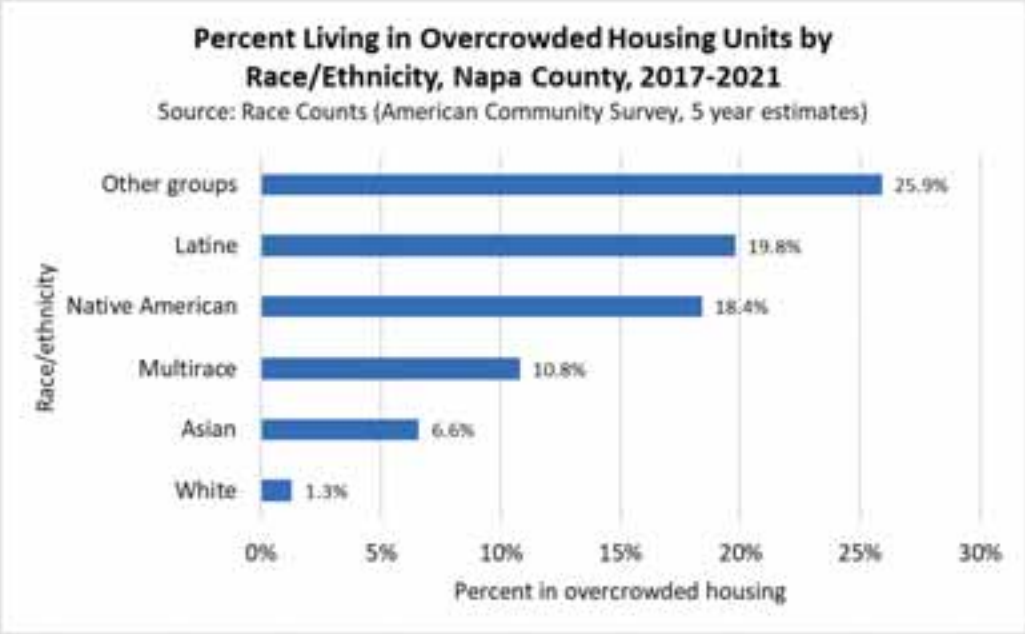
Low quality housing is defined as housing that lacks an available kitchen, plumbing or heat. In Napa County, 5.4% of Hispanic/Latine households experience low-quality housing conditions compared to 1.3% of non-Hispanic white households (Figure 15). Due to small numbers, this data is not available for other race/ethnic groups.

Figure 15.



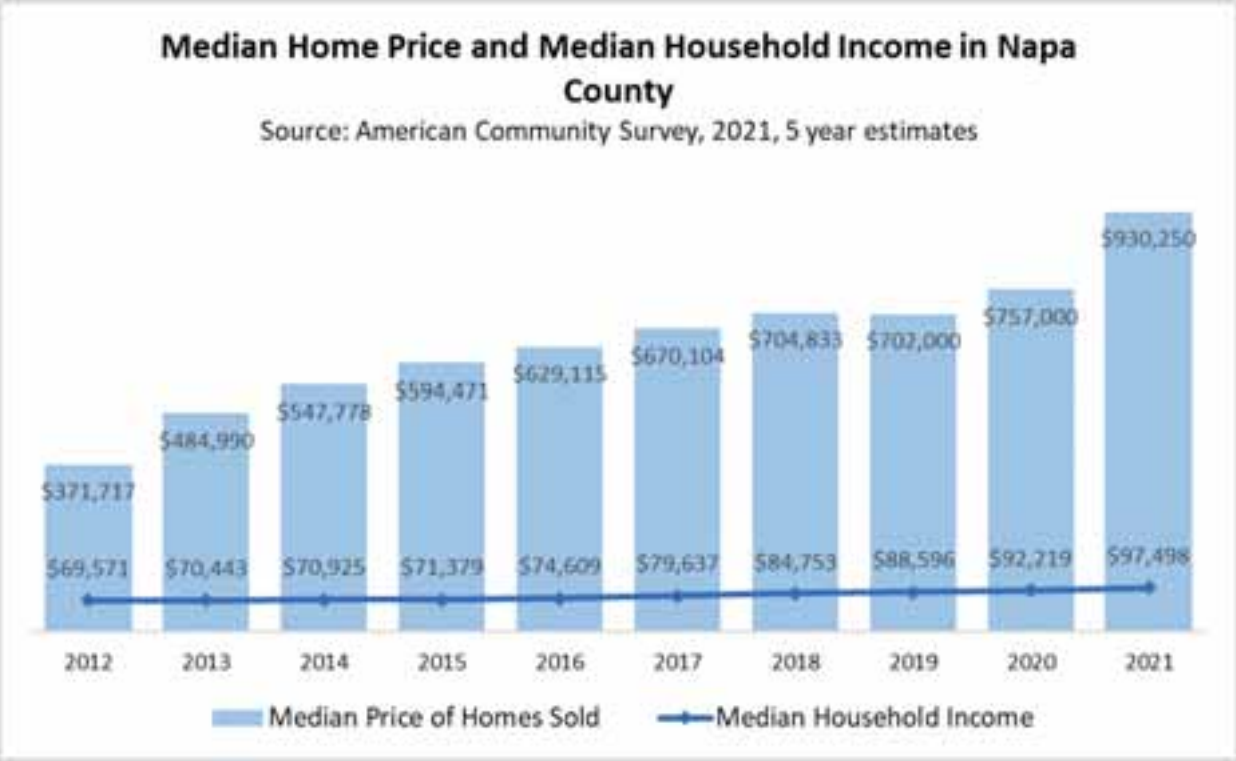
Overcrowded housing conditions, defined as more than one person per room in the house (not only bedrooms), can negatively affect both physical and mental health. Youth living in crowded conditions can experience impaired academic performance, more school absences, and more conflicts at home and at school. In Napa County, Black, Brown, Indigenous and People of Color (BBIPOC) community members are more likely to experience conditions that necessitate living in crowded housing units compared to non-Hispanic white residents (Figure 16).

Figure 16.



The median home price in Napa County increased from $371,717 in 2012 to $930,250 in 2021. Median household income also rose during this time (from $69,571 to $97,498), although not in proportion with the increase in home prices (Figure 17). In 2012, the median home price was a little over five times the median income, but by 2021 the median home price was almost 10 times the median income.

Figure 17.



Behavioral Health

Connection to Health

Behavioral health services can improve the quality of life by addressing mental health and substance use issues that many face. Many adults and youth who develop substance use disorders will also be diagnosed with mental health disorders such as generalized anxiety disorder, post-traumatic stress disorder, depression, and bipolar disorder. Research shows 25% of people with serious mental illness also have a co-occurring substance use disorder.[5] In addition to co-occurring mental health, chronic health conditions often co-occur with substance use disorder including chronic pain, cancer, and heart disease, the latter which is independently associated with increased risk from substance use.[6]

[5] Common Comorbidities with Substance Use Disorders Research Report. Part 1: The Connection Between Substance Use Disorders and Mental Illness.
[6] Common Comorbidities with Substance Use Disorders Research Report. Part 2: Co-occurring Substance Use Disorder and Physical Comorbidities.

Key Findings

Qualitative Data

The scale of the mental health crisis appears to have overwhelmed the care system. Mental health is often an unaddressed, underlying issue. There are valuable sources of mental health support outside the formal care system. The task of providing mental health support can be a heavy weight to bear.

Substances such as alcohol, tobacco, and drugs may be used as a form of self-medication. There are common misconceptions about substance use (across all demographics), leading people to underestimate the harm done. Key informants spoke to difficulties accessing timely mental health and substance use/misuse services, due to long wait lists and an increase in mental health and substance use/misuse challenges. Community members described mental health challenges as an often unaddressed, underlying issue for many people, affecting well-being. Caregivers emphasized a need for more substance use disorder (SUD) residential treatment centers and a medical detox, more psychiatric units and beds for adults and especially children, crisis intervention services, and case managers for people with severe mental illness. Key informants discussed the need for more behavioral health providers in general to meet the growing need, and in particular, more bilingual and bicultural providers to serve the Spanish-speaking community.

Key informants and caregivers spoke to the importance of having behavioral health supports to meet the unique needs of many groups including young people, Spanish-speaking community members, older adults, survivors of domestic violence, and people experiencing homelessness. The COVID-19 pandemic exacerbated behavioral health challenges as people experienced more stress, isolation, and economic insecurity. Caregivers report the mental health needs of young people and older adults as particularly amplified in the pandemic.

"The challenge is unrecognized mental health issues and unaddressed physical needs. People are self-medicating." - Healthcare staff, Napa

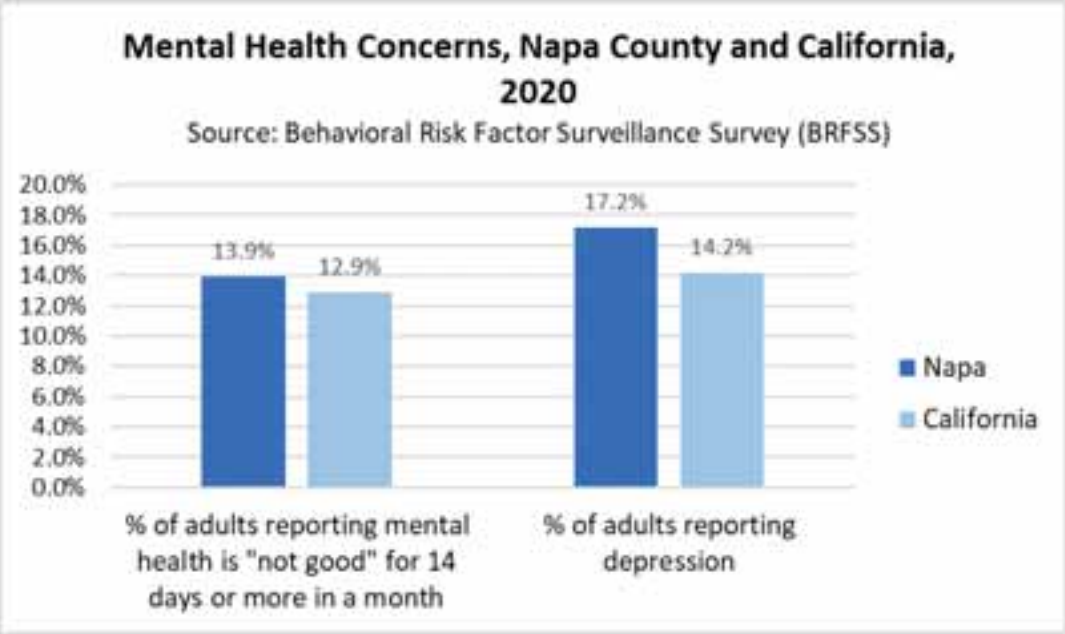
"Spanish-speaking mental health [support] is hard to get in Napa and you have to wait six months if you do. [People tell me] I'll be fine in 4 months: I need it now." - Healthcare staff, Napa

"My school offers therapy, [but] it's a long waiting list...The whole school is the waiting list!" - High-schoolers

Quantitative Data

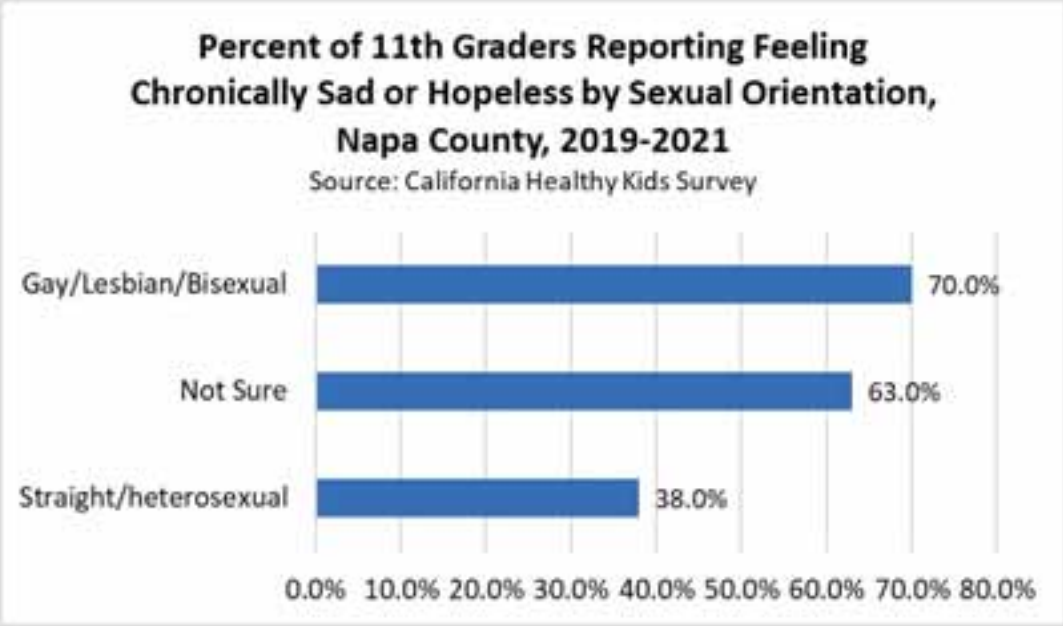
Mental health concerns, and particularly timely access to services, were frequently mentioned in listening sessions with community members and in key informant interviews. The percent of adults in Napa County reporting their mental health was not good for 14 days or more in a month was 13.9% in 2020 compared to 12.9% of adults in California overall. Just over 17% of adults in Napa County reported depression in 2020, compared to about 14% of adults statewide (Figure 18).

Figure 18.



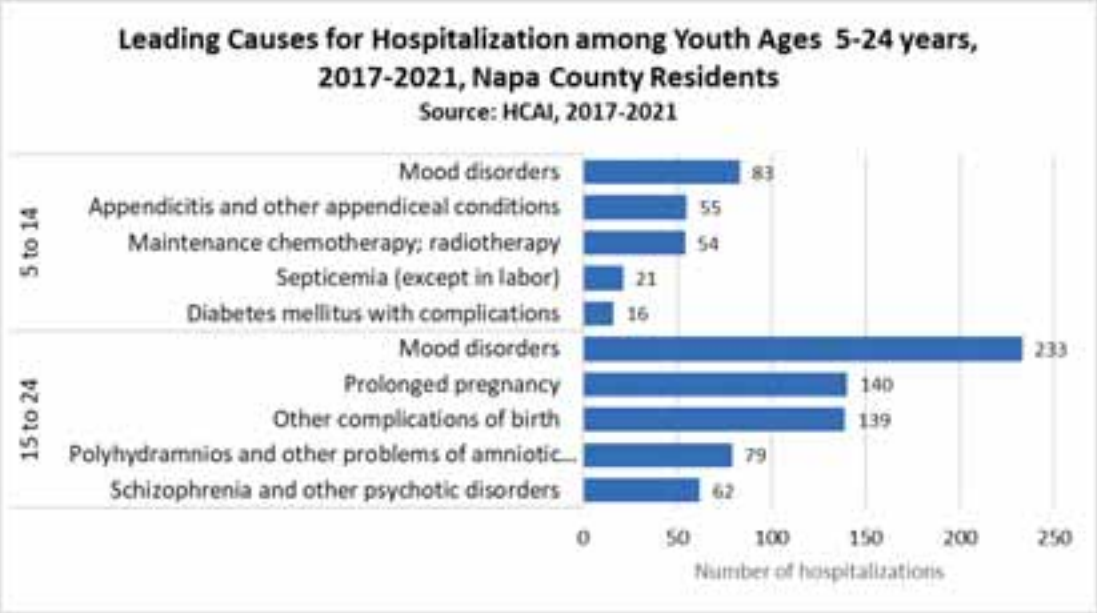
The California Healthy Kids Survey, which is administered to Napa County public school students, found that 43% of 11th graders overall reported chronic sadness or hopelessness in the previous 12 months. However, 11th graders who identified as gay, lesbian, or bisexual or who were not sure of their sexual orientation reported experiencing chronic sadness or hopelessness at much higher levels (Figure 19).

Figure 19.



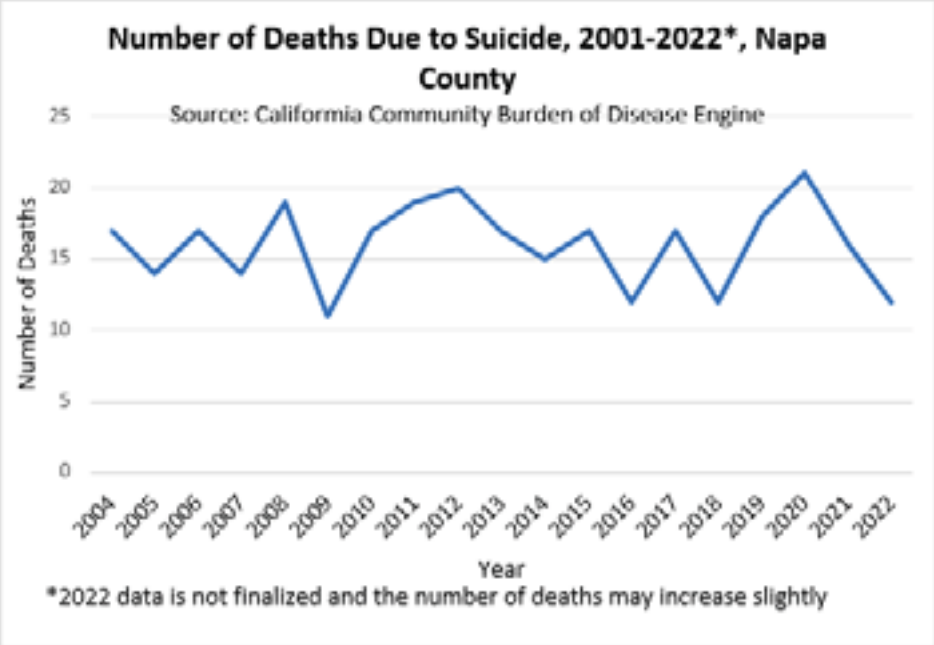
For the years 2017 to 2021, mood disorders were the leading cause of hospitalization for youth aged five and above (Figure 20). Youth ages five to 14 had 83 hospitalizations for mood disorders over the five-year period and youth ages 15 to 24 had 233 mood disorder hospitalizations.

Figure 20.



The annual number of deaths due to suicide among Napa County residents has fluctuated between 11 and 21 deaths each year (Figure 21). The highest yearly total over the 19-year period was 21 deaths due to suicide in 2020.

Figure 21.



According to the Behavioral Risk Factor Surveillance Survey (BRFSS), the age-adjusted prevalence of binge drinking was 19.3% among Napa County adults in 2020. This was higher than the statewide prevalence of 16.6%. Binge drinking also is a risk factor for many health and social problems, including motor-vehicle crashes, violence, suicide, hypertension, acute myocardial infarction, sexually transmitted diseases, unintended pregnancy, fetal alcohol spectrum disorders, and sudden infant death syndrome.

Alcohol is often a factor in fatal and injury crashes. The California Office of Traffic Safety provides rankings for alcohol related crashes among cities of similar size. In 2020, the cities of Napa and American Canyon each ranked in the top 10 for crashes involving evidence of alcohol consumption and evidence of underage drinking (Table 3).

Table 3.

2020 Crash Ranking	American Canyon	Calistoga	City of Napa	St. Helena
Evidence of alcohol consumption	**6th** Highest rank out of 103 cities	41st Highest rank out of 74 cities	**3rd** Highest rank out of 106 cities	21st Highest rank out of 74 cities
Evidence of drinking under 21	**1st** Highest rank out of 103 cities	25th Highest rank out of 74 cities	**6th** Highest rank out of 106 cities	31st Highest rank out of 103 cities

Source: California Office of Traffic Safety, includes crashes involving both Napa County and non-Napa County residents. Higher rank means the city was worse comparatively to similarly sized cities.

Between 2019 and 2021, the percent of students who reported vaping ranged from 5% of 7th graders to 27% of non-traditional students (Table 4). Current alcohol or drug use increased between grade 7 (6%) and grade 11 (24%), with non-traditional students reporting the highest levels of current use (38%).

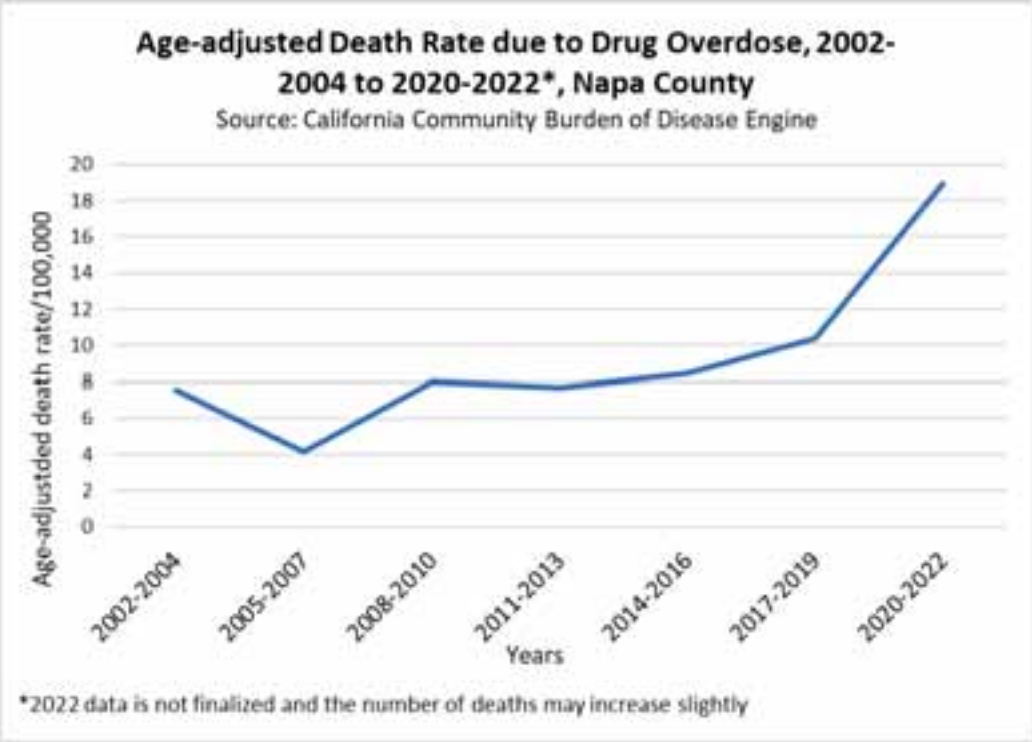
Table 4.

Napa County Public Schools	Current Vaping	Current alcohol or drug use
Grade 7	5.0%	6.0%
Grade 9	6.0%	12.0%
Grade 11	11.0%	24.0%
Non-Traditional Students	27.0%	38.0%

Source: California Healthy Kids Survey, 2019-2021

The age-adjusted death rate due to drug overdose has increased sharply in recent years, likely due to the increased presence of fentanyl in illicit drugs. The 3-year age adjusted death rate increased from 7.6/100,00 in 2002-2004 to 18.9/100,000 in 2020-2022 (Figure 22).

Figure 22.



Economic Stability

Connection to Health

According to County Health Rankings and Roadmaps, "adults in the highest income brackets are healthier than those in the middle class and will live, on average, more than six years longer than those with the lowest incomes." Families with low incomes "face continuous stress of not having the financial means to purchase healthy food, transportation, safe housing, and other aspects that lead to healthy lives. This stress leads to a myriad of health issues like increased cardiovascular risk. Children from low income families tend to be sicker and low income mothers are more likely to have pre-term or low

birthweight babies. The babies are then at higher risk for chronic disease and behavioral problems – so, the cycle continues." [7]

Key Findings

Qualitative Data

Participants overwhelmingly spoke to the need for living wage jobs and increased wages to meet the high cost of living in Napa County. They shared that families with low incomes often experience housing instability and use most of their income to meet basic needs, often being forced to make spending tradeoffs. A large proportion of employment opportunities center around agriculture and hospitality, which often come with low wages and can sometimes have poor working conditions. Many people that work in Napa, including teachers, librarians and others who serve the community, cannot afford to live here. Youth are highly aware of the financial stress of their families and also fear for their own financial future. Many families are still dealing with the financial effects of the pandemic, particularly mixed-status families (those with a combination of documentation statuses including undocumented status) because they were not able to access many benefits during the pandemic.

"Health and wellbeing? I always mention something economic. Those who work with certain wineries have insurance, but for those who don't, what we make isn't enough." - Farmworker, Calistoga

"Stuff is expensive. I live day by day. Sometimes I don't eat." - Parent of young child, Napa

"[I feel anxious] when I think about my future, about money." - Youth, Calistoga

"The cost of living goes up but salaries stay the same." – Low Income housing resident, Napa

Quantitative Data

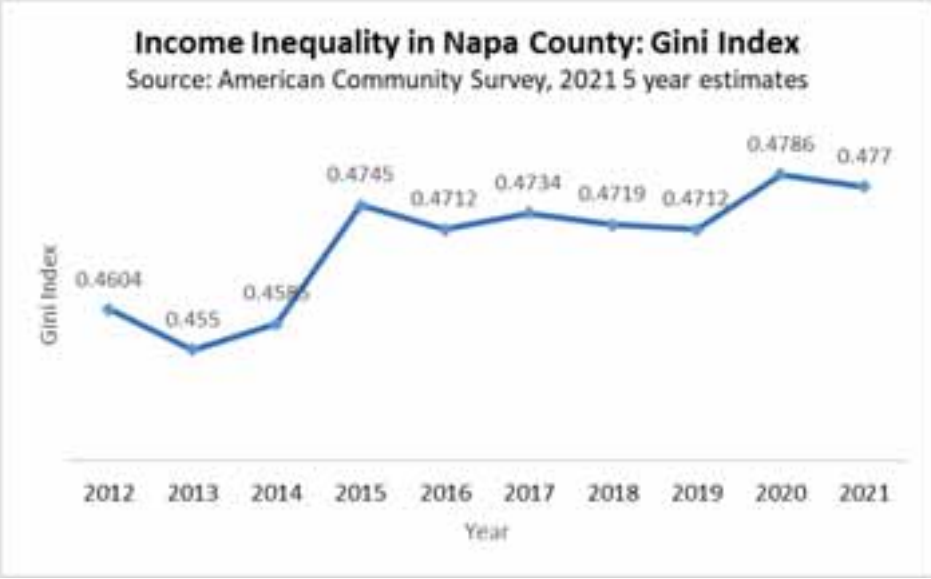
The term living wage is used to describe the income level that allows individuals and families to afford adequate shelter, food, and other necessities in a given area. In Napa County, BBIPOC community members were less likely to have a living wage than their white counterparts. While 83.9% of white residents reported a living wage, only 58.5% of Pacific Islander residents and 60.8% of Hispanic/Latine residents had living wages.

[7] https://www.centerforpophealth.org/2022/07/25/economic-stability-affects-all-aspects-of-health/#:~:text=Poverty%2Dstricken%20families%20face%20continuous,issues%20like%20increased%20cardiovascular%20risk.

Figure 23.

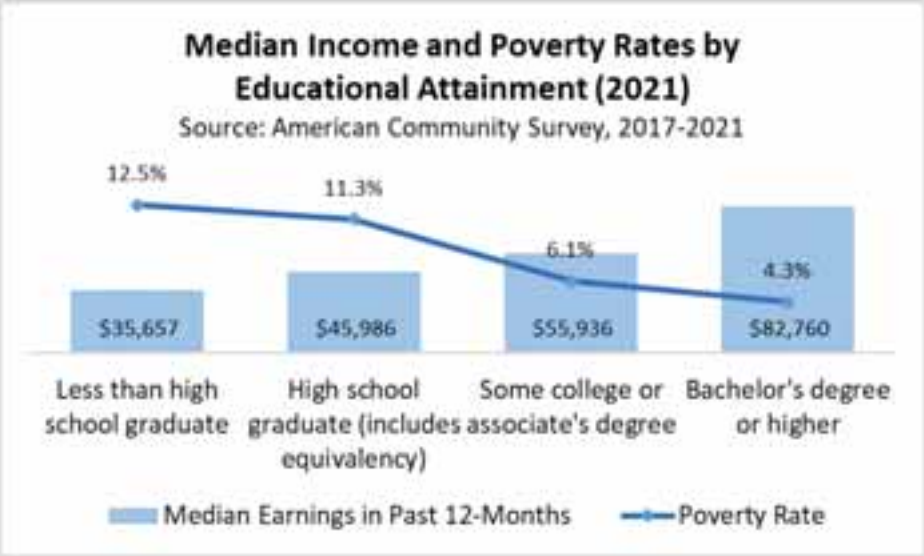
Income inequality, as measured by the Gini Index, increased in Napa County between 2012 and 2021 (Figure 24). According to the US Census Bureau "the Gini Index is a summary measure of income inequality…The Gini coefficient ranges from 0, indicating perfect equality (where everyone receives an equal share), to 1, perfect inequality (where only one recipient or group of recipients receives all the income)." Income inequality in Napa County showed the largest increase between 2014 and 2015, and then showed a smaller increase from 2019 to 2020.

Figure 24.



Napa County residents with less than a high school education had the lowest median earnings on average ($35,657 annually) and the highest proportion experiencing poverty (12.5%), according to American Community Survey data from 2017-2021. Median income increased and the proportion experiencing poverty decreased with higher levels of education (Figure 25).

Figure 25.



Food Access

Connection to Health

The ability to access and utilize healthy, nutritious food is a social determinant of health, with food insecurity being linked to obesity, type 2 diabetes, cardiovascular disease, and a host of other health conditions.[8] Food access is tightly linked to economic stability, housing, and transportation, as rising costs in other areas of the economy further impact the ability of individuals and families to cover the cost of food.

Key Findings

Qualitative Data

Many people are aware of and using food services but rely on them with reservations. Some who qualify for emergency food support are hesitant to access it and feel others may need the support more. People accessing emergency food are concerned about quality and nutrition. Isolated older adults need more assistance in accessing food. There is the opportunity to redesign food service systems for local, Napa County needs. Qualifying for emergency food systems can rely on paperwork that may be difficult to navigate without support, especially for community members who don't speak English or don't have access to multiple forms of identification.

"We do have food, but the canned food we get has too much salt; it's not good for me." – Older Adult Spanish Speaking Group, Napa

[8] National Institutes of Health (NIH), National Institute on Minority Health and Health Disparities, Food Accessibility, Insecurity and Health Outcomes (nih.gov)

“How can I get food? I’m a senior with low mobility, so walking down the street and carrying groceries back is not an option for me.” - Older Adult Spanish Speaking Group, Napa

“The forms to get food eligibility are so long and getting longer. They require ID and proof of housing. We know they live with someone else who is on the water bill, do they really need a bill with their name on it?" - Bubble up session participant

Quantitative Data

Feeding America estimates that, in 2021, 7.8% of Napa County adults and 9.5% of children were food insecure (Figure 26). The USDA defines food insecurity as the lack of consistent access to enough food for every person in a household to live an active, healthy life. Many households that are food insecure do not qualify for federal nutrition assistance programs, such as CalFresh in California (Figure 27).

Figure 26.

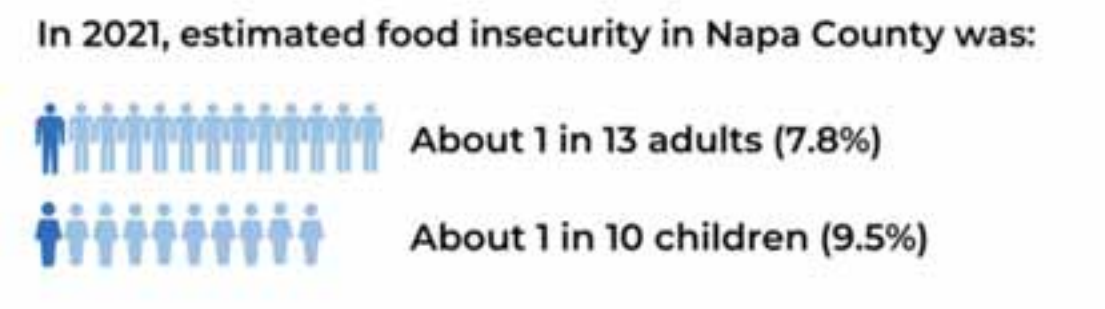


Figure 27.

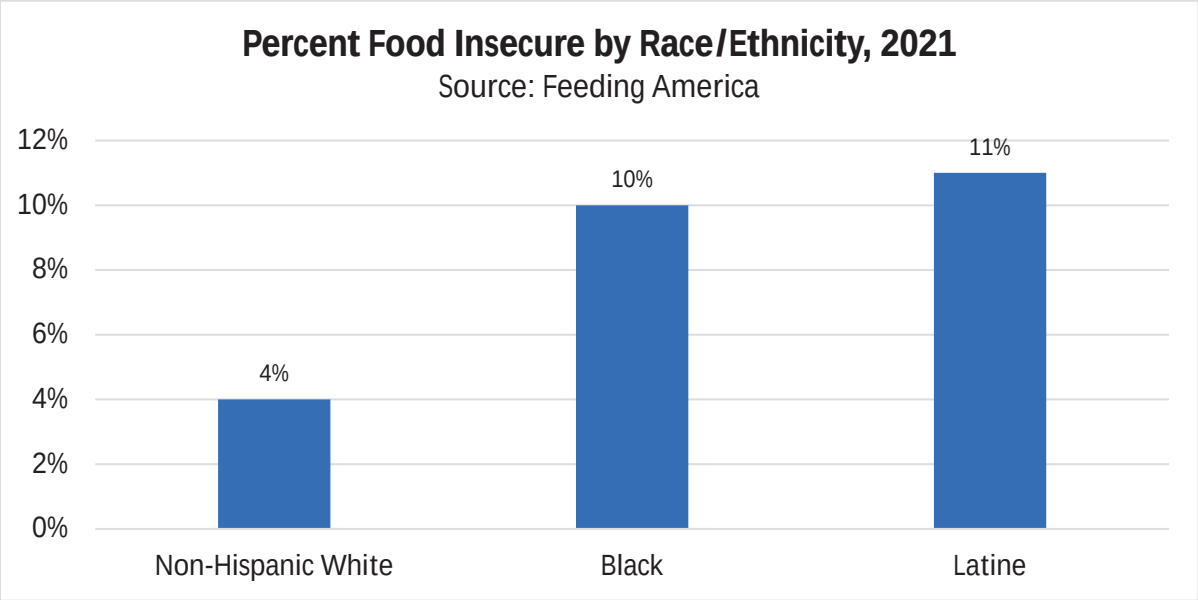
Food insecurity also varies by race/ethnicity, with Hispanic/Latine and Black residents in Napa County experiencing higher levels of food insecurity (11% and 10%, respectively) compared to non-Hispanic white residents (4%) (Figure 28). Data on food insecurity was not available for all race/ethnic groups.

Figure 28.



Access to Health Services

Connection to Health

Access to Healthcare, including dental care, can be impacted by health insurance coverage, transportation, language, and workforce vacancies. “Uninsured adults are less likely to receive preventive services for chronic conditions such as diabetes, cancer, and cardiovascular disease.”[9] Similarly, children without health insurance coverage are less likely to receive appropriate treatment for conditions like asthma or critical preventive services such as dental care, immunizations, and well-child visits that track developmental milestones.[10] Access to healthcare services allows individuals to benefit from preventative care, increasing lifespan and reducing healthcare costs in the long term.

Key Findings

Qualitative Data

Participants named cost and inability to navigate systems as barriers to accessing healthcare. Many people have to travel out of the county, particularly for specialty care, making transportation a major barrier. Caregivers expressed the need for more urgent care centers and more in-home support services. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care.

[9] Institute of Medicine (U.S.) Committee on Health Insurance Status and Its Consequences. (2009). America’s uninsured crisis: Consequences for health and health care. National Academies Press.
[10] Ayanian, J. Z., Weissman, J. S., Schneider, E. C., Ginsburg, J. A., & Zaslavsky, A. M. (2000). Unmet health needs of uninsured adults in the United States. JAMA, 284(16), 2061–2069.

Many participants discussed the challenges of navigating the complexity of health care services, noting the importance of case management. Key informants and caregivers shared that documentation status can be a barrier to accessing health insurance, preventing some residents from being able to afford needed care. The cost of care impacts many community members. Key informants and community members spoke to a lack of gender-affirming care and inclusive care services for LGBTQIA+ patients. There is concern around people losing their insurance due to job loss during the pandemic, as well as people maintaining their insurance as pandemic enrollment requirements change. Caregivers and community members shared that accessing dental care can be very difficult for all ages because there are few dental appointments available locally.

"Medical appointments are given so far out. I've considered making a 'placeholder' appointment each month just in case I need it and cancel if I don't." - Adult Spanish-speaker, Napa

"People get frustrated because they can't keep the same provider and they understand that Medi-Cal Emergency covers ER visits. That's why they go to ER instead of a PCP". - Healthcare staff, Napa

"I used to have to get to Oakland to get to a trans-specific group, but [I'm getting older and] I can't make that drive anymore." - Transgender adult, Napa

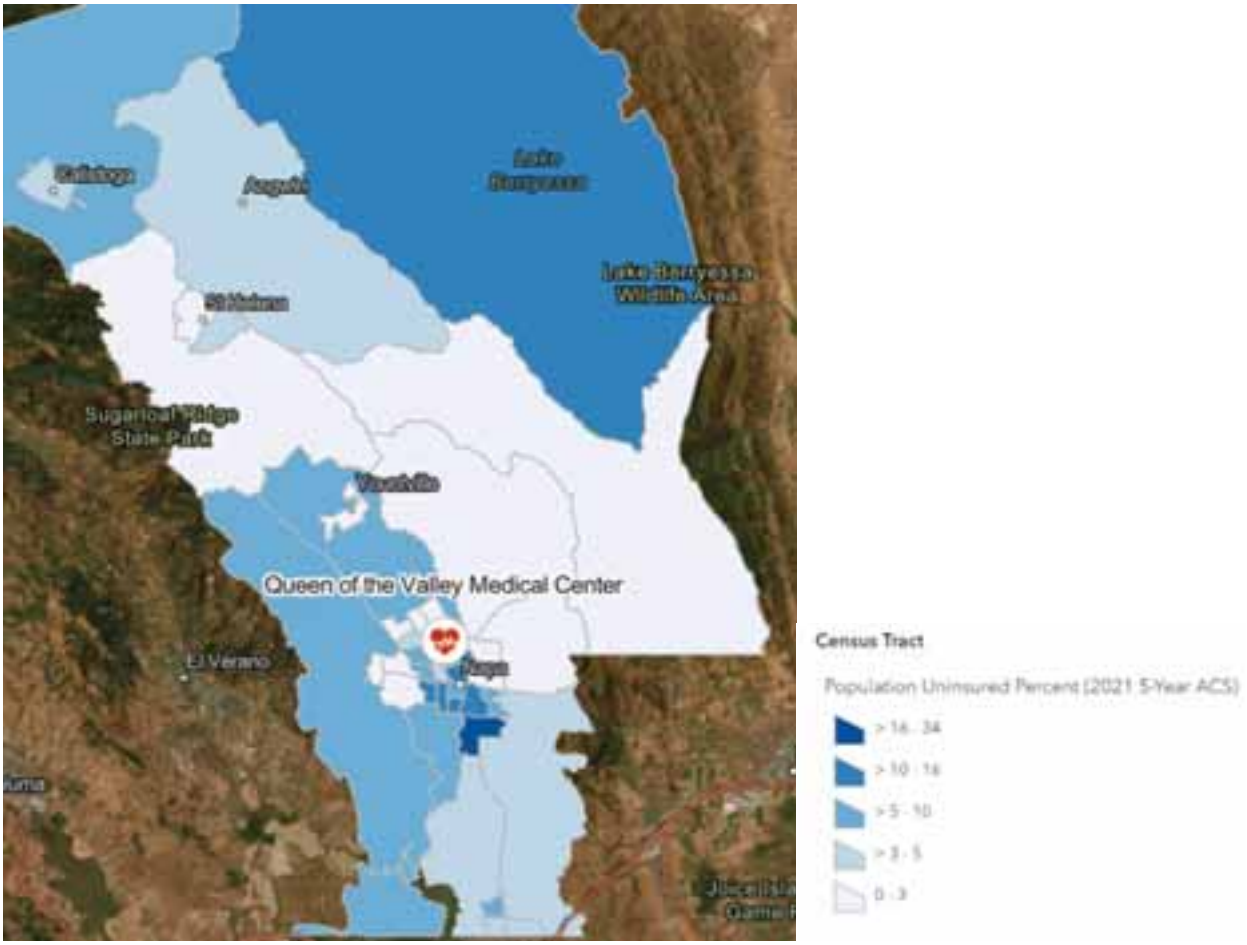
"Doctors tell patients to lose weight but don't always offer tools or resources. Gym memberships are not affordable to everyone." - Adult Spanish-speaker, Napa

"When we go to the clinic, the first thing they ask for is insurance so people have fear. Then they ask you for so much paperwork or proof and it makes us fear going." - Farmworker, Calistoga

Quantitative Data

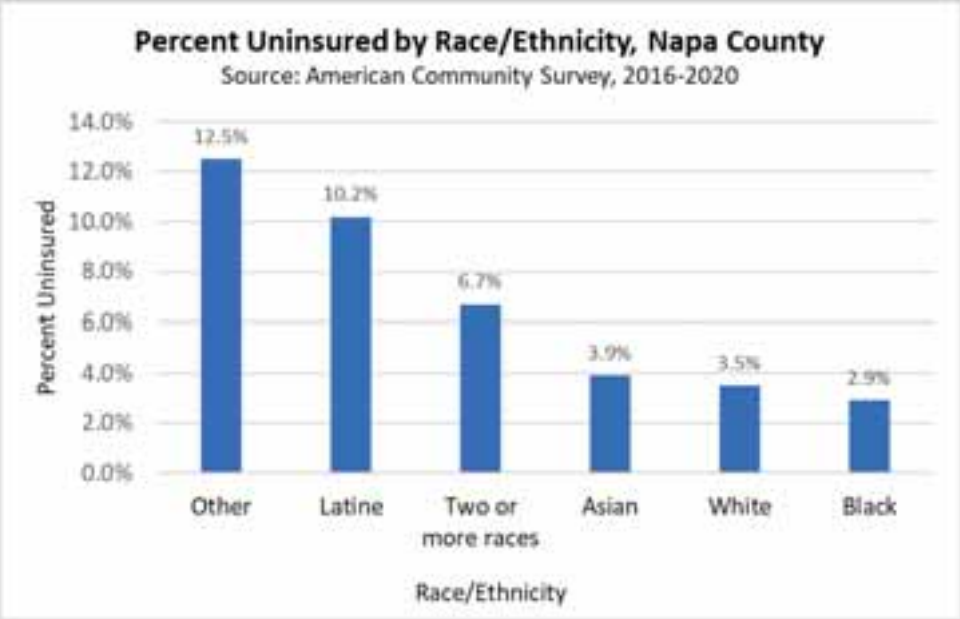
In 2021, 6.0% of Napa County residents were estimated to be uninsured compared to 7.2% of California residents overall (American Community Survey, 5-year estimate). In the high need area of the county, 9.2% of the population was uninsured, compared to 3.9% in the broader need area (Figure 29).

Figure 29.



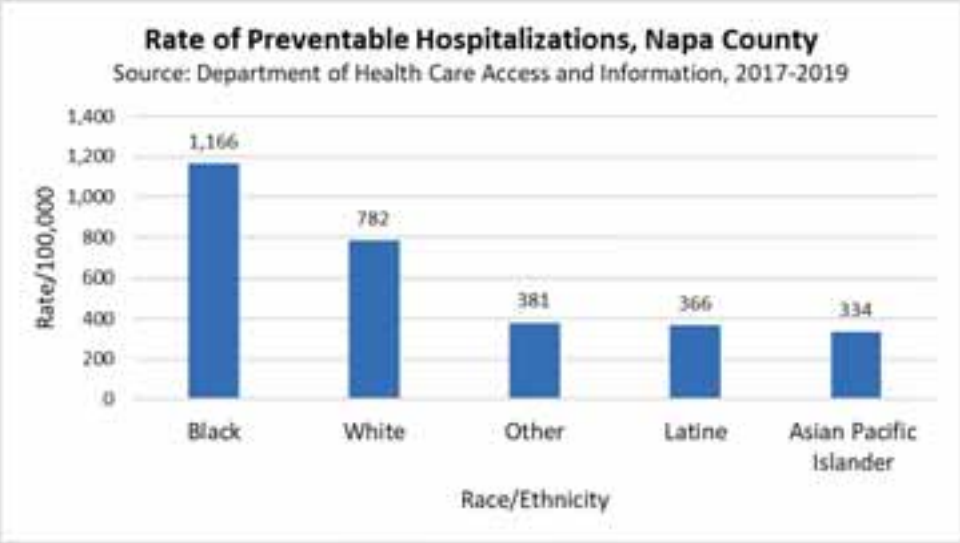
In addition to geographic disparities in health insurance coverage, there were also differences in healthcare insurance coverage by race/ethnicity. Napa County residents who identified as Hispanic/Latine or as “Other” under categories for race/ethnicity provided in the American Community Survey, more frequently reported being uninsured (Figure 30).

Figure 30.



Rates of preventable hospitalizations, which are generally defined as hospitalizations for conditions treatable in the outpatient care setting, also varied by race/ethnicity. Although black residents of Napa County were uninsured at lower levels than other race/ethnic groups (2.9% reported being uninsured between 2016 and 2020), they had higher rates of preventable hospitalizations (1,166 per 100,000) compared to other groups for whom data was available (Figure 31), which may represent other barriers to obtaining quality outpatient care. Non-Hispanic white residents had the second highest rate of preventable hospitalizations (782 hospitalizations per 100,000).

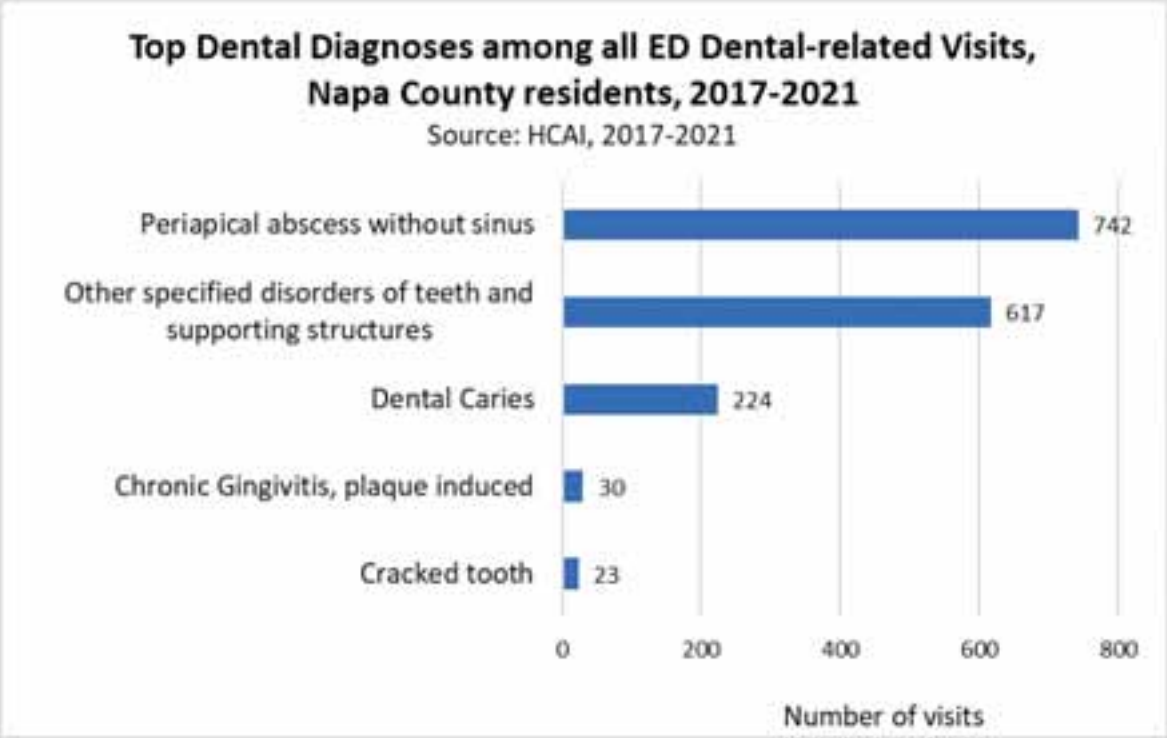
Figure 31.



Access to proper dental care can reduce unnecessary visits to Emergency Departments (ED) stemming from worsening dental conditions. Several barriers, such as a lack of dental insurance, an insufficient

number of dental professionals in an area, out of pocket share of cost, cultural or linguistic barriers, long wait times, or a lack of awareness about dental health, can hinder timely dental care. Consequently, ED dental visit rates can be indicative of access to quality dental care. ED dental visit rates for Napa County residents ranged from 28 to 48 visits per 10,000 population between 2017 and 2021 according to HCAI. The most common dental related reasons for ED visits were periapical abscess without sinus, other specified disorders of teeth and supporting structures, and dental caries (Figure 32).

Figure 32.



Childcare

Connection to Health

Access to childcare impacts the entire family unit. Safe, local childcare options allow parents to attend work and school, creating a foundation of economic security. "Several key studies have shown that providing families that have low socioeconomic status access to high-quality, affordable childcare before children reach age 5 can buffer early learning gaps and improve long-term academic, social, economic, and health outcomes."[11]

[11] Frances A. Campbell and others, "Early Childhood Education: Young Adult Outcomes from the Abecedarian Project," Applied Developmental Science 6 (1) (2002): 42–57.

Key Findings

Qualitative Data

Gaps in, or lack of, childcare can create instability, impacting employment, money, and mental health. These outcomes are disproportionately felt by women. There is a need for more flexible childcare options that allow for jobs that operate during morning and evening hours. Many parents rely on friends, families, and neighbors to provide childcare. There is a shortage of "licensed slots" for childcare and known system bottlenecks to creating them.

"Many available jobs in hospitality and farming require non-traditional working hours not covered by childcare." - Education Resource Specialist

"Families need 2 jobs to survive, so don't see each other: one works in day, one works at night to cover childcare." – Education Resource Specialist

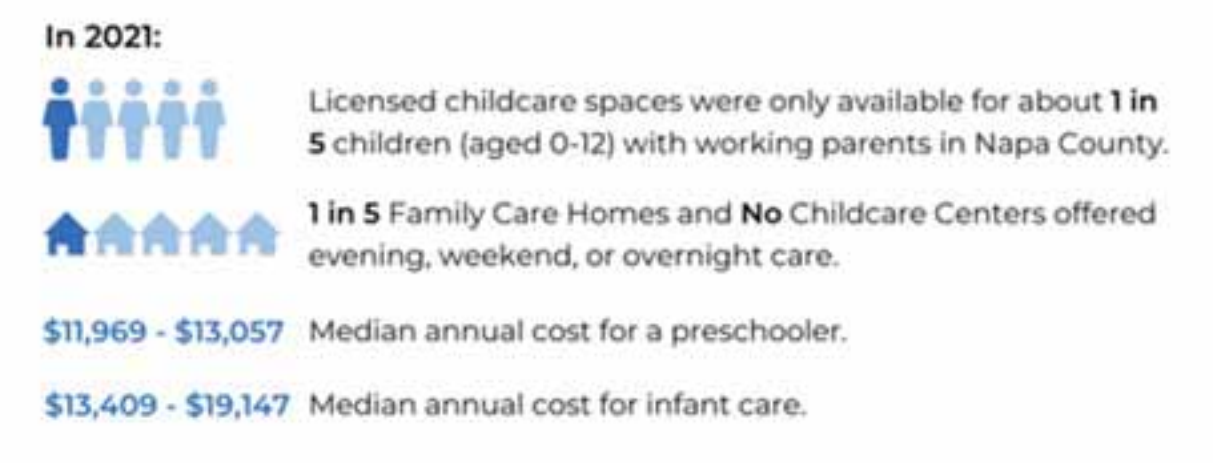
"Mondays to Thursdays, 8:30-4:30 doesn't cover an 8am-5pm job, or any job I can get." - Single mom of young child, Napa

"Two years ago we had vouchers for 180 kids, now we have 550. But the slots are not available. The bottleneck is childcare providers." - Education Resource Specialist

Quantitative Data

In 2021, licensed childcare spaces were available for 21.9% of children birth to age 12 with parents in the labor force (www.kidsdata.org). The availability of childcare during evenings, weekends, or overnight for parents with work hours outside of the Monday to Friday, 8am to 5pm work schedule was very limited. About 1 in 5 or 21% of family care homes offered care during these times and no childcare centers in Napa (which are typically licensed by the California Department of Social Services) offered care during off hours. When families can find an available spot in childcare, the costs can often be prohibitive (Figure 33).

Figure 33.



Language Access

Connection to Health

Having limited English proficiency in the United States can be a barrier to accessing health care services and understanding health information. For example, compared to older individuals who only speak English, older individuals with limited English proficiency are more likely to have no usual source of care, report lower self-rated health, and report feeling sad most or all of the time.[12] A study that examined self-reported health status, health behaviors, access to care, and timeliness of care among the U.S. Hispanic adult population found that Hispanic people who chose to respond to a survey in Spanish were more likely to report worse health status, lack health insurance, not have a personal doctor, and postpone seeing a doctor because of the cost of care, compared to Hispanic people who chose to respond in English.[13]

Key Findings

Qualitative Data

In many cases, access to support and help is reliant on English competency, spoken and written. Reaching out to vulnerable populations and building trust is best done in-person with same-language and culturally matched communication. Certain languages such as Mixteco (and other Indigenous languages), Chinese, Tagalog, Vietnamese, and Native American languages are not widely represented in Napa civic life. Many participants named language access as a specific challenge in access healthcare services and described an acute need for more bilingual and bicultural providers.

[12] Linguistic Disparities in Health Care Access and Health Status Among Older Adults - PMC (nih.gov)

[13] Language Spoken and Differences in Health Status, Access to Care, and Receipt of Preventive Services Among US Hispanics - PMC (nih.gov)

“I see the young guys here that can’t speak English and can’t leave [farmworkers' lodgings]…they don’t want to leave their rooms.” - Farmworker, St. Helena

“I have access to medicine and Medi-Cal because I have my daughter who supports me… but what about others that don’t have someone like her?" - Adult, Calistoga

“For ESL [classes] the intake was four to eight pages, 100% in English! That's weird right? Why is this in the language you know they don't speak?" - Public Sector staff member, Napa

“Beyond language, you need to have cultural competence. I’ve had patients say, ‘ask my eldest son’ about their care decisions. Sometimes this is outside of my constructs of ethics as a provider.” - Primary care physician, Napa

Quantitative Data

A “Limited English-speaking household” is one in which no member 5 years old and over (1) speaks only English at home or (2) speaks a language other than English at home and speaks English “Very well.” In Napa County, more than 1 in 7 people who are 5 and older speak English less than very well. Most people (over 80%) in Napa County who speak English less than very well are native Spanish speakers (Figure 34).

Figure 34.

Census tracts with a higher percentage of households with limited English proficiency were primarily located in the southern part of Napa County, in the cities of Napa and American Canyon. Calistoga also had a higher percentage of households (8%) with limited English proficiency (Figure 35). This data can help organizations to identify areas where residents may have greater need for English language assistance.

Transportation

Connection to Health

Transportation is part of our built environment and plays an important role in health. The way in which a person travels to work – whether by car, public transportation, bicycle, or other means – influences their well-being. Compared to walking or biking to work, commuting by car is associated with poorer physical and psychological outcomes. Commutes by foot or bicycle are associated with improved cardiovascular fitness and self-reported well-being[14,15] Most critically, lack of accessible and affordable transportation options poses barriers to accessing healthcare, maintaining stable employment, and accessing childcare and nutritious food options.

Key Findings

Qualitative Data

Transportation is essential and navigating the public transportation system can take up a disproportionately large amount of time and energy. Inconsistent transportation options can lead to instability in employment and income, which impacts housing, food, and access to services. Those who most need to take the bus, often can't afford to take the bus. Accessing financial support for public transportation can require the ability to navigate systems that may be difficult for non-English speakers. Participants described how one late bus can dismantle many other aspects of a healthy and productive day.

"The bus was late, so I missed my doctor appointment, so they tried to get me in later, and I missed the bus home. This small errand took the whole day." - Older Adult Spanish Speaking Group, Napa

"If I run out of money before the end of the month, I don't have enough to take the bus to work. "It's $7 to get to Fairfield, one-way!"- Foster youth, Napa

"After school transportation is a particularly high need." – Education Resource Specialist

"That [paratransit service] sounds good but what if I'd like to also go to a grocery store or do other obligation in Napa? I can only go to my appointments and come right back. It is hard to go into town [Napa] otherwise."-Spanish Speaking Adult, Calistoga

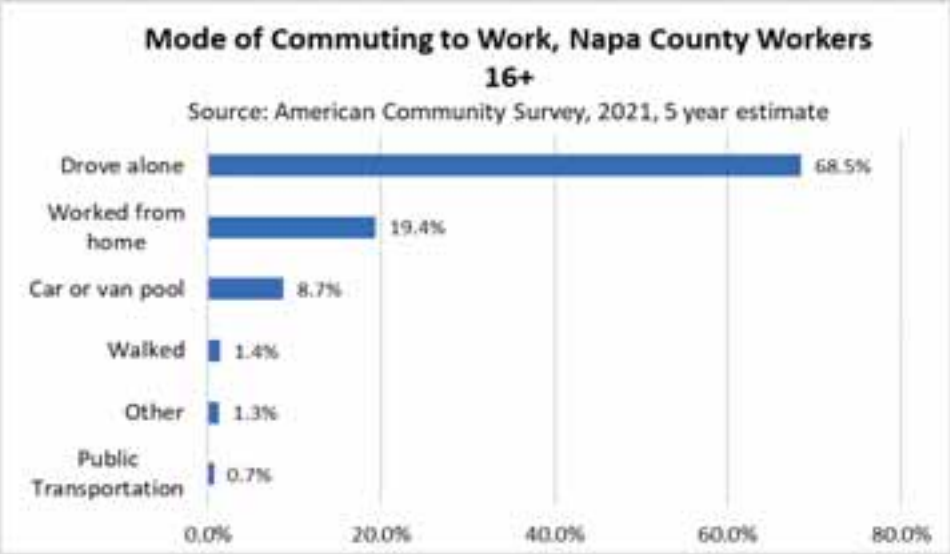
Quantitative Data

The main mode of transportation for Napa County workers 16+ is driving alone in a car, which was the main mode of commute for 68.5% of workers. Just under 20% of workers worked from home and nearly 9% used car or van pool. Less than 2% used other forms of transportation for commuting, such as walking or public transport (Figure 36).

[14] Does active commuting improve psychological wellbeing? Longitudinal evidence from eighteen waves of the British Household Panel Survey - ScienceDirect

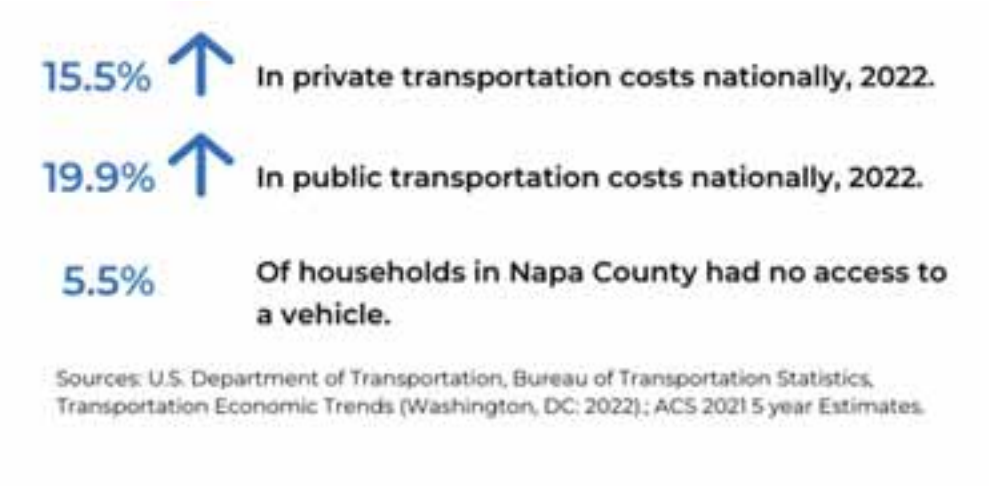
[15] Associations between commute mode and cardiovascular disease, cancer, and all-cause mortality, and cancer incidence, using linked Census data over 25 years in England and Wales: a cohort study - PMC (nih.gov)

Figure 36.



Transportation costs increased for both public and private transportation modes in 2022 (Figure 37). Although only 5.5% of households in Napa County had no access to a vehicle, increases in gas and maintenance costs pose barriers to use of personal vehicles.

Figure 37.



Education/Digital Inclusion

Connection to Health

County Health Rankings and Roadmaps relates education to health in the following way: "The relationship between education and improved health outcomes is well known, with a high school degree correlating strongly with higher life expectancies and improved quality of life. Educational level is associated with smoking status, exercise habits, as well as better physical health, such as lower rates of diabetes and improved self-reported health. Adults with high school degrees are more likely to be employed and earn more, on average, than their less educated counterparts."[16] Digital access and digital literacy have become increasingly important not only as part of education (e.g., the increase in online learning following the COVID-19 pandemic), but also in many other aspects of life.

Key Findings

Qualitative Data

Digital access is nearly essential for finding and securing employment, housing, services, and support. Services often assume everyone has a smartphone and an email address, but many do not. Even for those with digital access, a lack of digital literacy and trust in digital interactions can be barriers to accessing services. Many community members do not engage, or are not aware of, digital tools that can offer support with key health and wellbeing challenges.

"You all have...there are resources we don't know about...things like English classes, workshops, computer classes... we can learn about these things and take them back with us [to Mexico]."
- Farmworker, St. Helena

"It's not just digital, but numeracy literacy, health literacy, and actual reading and writing. Some can't understand why I'm giving them a medicine to take in their mouth when it's their ear that's hurting."
– Primary Care Physician, Napa

"You want connections to feel normal but the only trans community I've had is online."
- Transgender adult, Napa

Quantitative Data

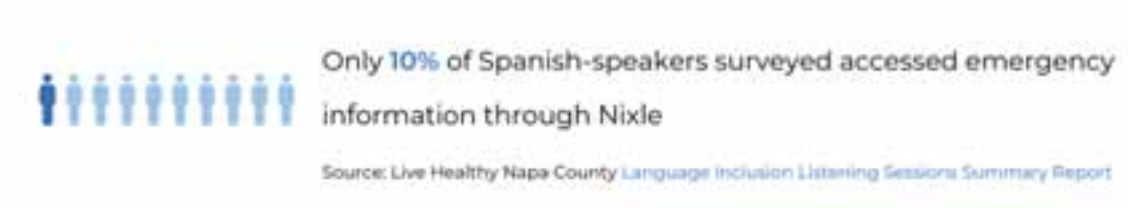
In Napa County, 85.2% of residents have at least a high school education, compared to 84.2% of Californians overall (American Community Survey, 2021 5-year estimates). Disparities in educational outcomes are evident among younger students, such as differences in English Language Arts proficiency in the 3rd grade (Figure 38).

Figure 38.

[16] https://www.countyhealthrankings.org/explore-health-rankings/county-health-rankings-model/health-factors/social-economic-factors/education/high-school-completion?year=2023

Literacy and health are interconnected. Limited literacy is a barrier to health knowledge access, proper medication use, and utilization of preventive services. Individuals with limited literacy, including those who are not proficient in the dominant language, face additional difficulties following medication instructions, communicating with health care providers, and accessing information from a variety of resources, including important information communicated during an emergency.[17] In a community survey conducted by Live Healthy Napa County, only 10% of Spanish-speakers surveyed (Figure 39) accessed information through the County's emergency notification system (formerly Nixle).

Figure 39.



Digital access and digital literacy are also increasingly important today. Applications for employment are often done online and require an email address, and some medical visits may require online registration. The digital divide can be especially significant for older adults and those that with low incomes. In Napa County, just over 8% of households do not have a broadband internet subscription (Figure 40).

Figure 40.

[17] Language and Literacy - Healthy People 2030 | health.gov

SIGNIFICANT HEALTH NEEDS

Review of Primary and Secondary Data

After a careful review of the qualitative and quantitative data, we developed a preliminary list of identified community health needs. These needs were identified by interview participants through a weighted ranking process and by community members through discussion and theming of the data. Additionally, needs were identified after review of the qualitative data.

The Live Healthy Napa County partners and Providence Queen of the Valley Medical Center Community Benefit Committee reviewed the quantitative and qualitative data collected for each of the following community health-related needs:

- Racial Equity and LGBTQIA+ Inclusion
- Housing
- Behavioral Health
- Economic Stability
- Food Access
- Childcare
- Language Access
- Transportation
- Education/Digital Inclusion

Identification and Prioritization of Significant Health Needs

Providence Queen of the Valley Medical Center and Napa County Health and Human Services held a hybrid prioritization meeting in August 2023. Meeting participants included staff from both organizations, members of the Providence Queen of the Valley Medical Center Community Resource Committee, and Live Healthy Napa County partners. In-person meeting participants reviewed the qualitative and quantitative through a data walk. Posters describing each health theme were placed throughout the room and table groups spent time reviewing each data theme, reading quotes out loud and processing the information together. For each health theme, participants recorded information about current programs, projects or organizations working in that area. Additionally, participants used "How Might We" statements to reframe their insights into opportunities. This feedback, organized by health theme, will be used to design the Community Health Improvement Plan.

Participants attending the meeting via video conferencing reviewed qualitative and qualitative data with two meeting facilitators, providing identical opportunities to provide feedback on current initiatives and opportunities across each health theme.

Participants were asked to consider the following criteria when reviewing and prioritizing health themes:

- Magnitude or severity of the problem: *How many community members does this issue impact? How severe are the outcomes?*

- Ability to have an impact: *What is our community's capacity and willingness to act on this issue? Are there existing prevention activities we can build on?*
- Alignment with existing priorities, including an equity lens: *Consider your organization's mission and values and our collective commitment to health equity. Does this theme align?*

After reviewing data, and engaging in table group and large group discussion, meeting participants, both in person and remote, used dot voting to select their top three priority needs.

2023 Priority Needs

The list below summarizes the significant health needs identified through the 2023 Community Health Needs Assessment process listed in rank order:

HOUSING

Limited housing stock pushes prices so high as to be out of reach for many and creates an especially difficult situation for people with low incomes. Cost of living is very high, and many workers are not paid a living wage. Housing stability creates a foundation for further stability. Fear of, and disrespect to, unhoused individuals can result in feelings of isolation. Paperwork and housing support systems are cumbersome. Demand for low-cost options may lead to unfair housing practices from landlords.

BEHAVIORAL HEALTH

The scale of the mental health crisis appears to have overwhelmed the care system. Mental health is often an unaddressed, underlying issue. There are valuable sources of mental health support outside the formal care system and participants report relying on friends and family for comfort or strength. The task of providing mental health support can be a heavy weight to bear. Mental health providers often experience compassion fatigue and opportunities for self-care can be difficult to access with busy caseloads. Substances such as alcohol, tobacco, and drugs may be used as a form of self-medication. There are common misconceptions about substance use (across all demographics), leading people to under-estimate the harm done.

ACCESS TO HEALTH SERVICES

Participants named cost and difficulty navigating complex systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care. It is difficult to access transgender care in Napa County. There is concern around lack of access to health insurance for mixed status families (families with a variety of documentation statuses, including undocumented status) as well as people losing their insurance due to job loss during the pandemic. Caregivers and community members shared that accessing dental care can be very difficult for all ages because there are few dental appointments available locally.

RACIAL EQUITY & LGBTQIA+ INCLUSION

Racism is often seen as a barrier to health by Napa County residents of color. It is felt during system navigation, in a lack of representation in leadership positions, and in day-to-day interpersonal

interactions with law enforcement and other community members. Marginalized groups often experience prejudice and hate speech that make them isolated and fearful. Many feel that cultural community events are inauthentic and created for tourists. Community members seeking to be allies are concerned about "doing it wrong."

ECONOMIC STABILITY

Many participants spoke to the need for living wage jobs and increased wages to meet the high cost of living in Napa County. They shared that families with low incomes often experience housing instability and use most of their income to meet basic needs, often being forced to make spending tradeoffs. A large proportion of employment opportunities center around agriculture and hospitality, which often come with low wages and can sometimes have poor working conditions. Many people that work in Napa, including teachers, librarians and others who serve the community, cannot afford to live here. Youth are highly aware of the financial stress of their families and also fear for their own financial future.

Potential Resources Available to Address Significant Health Needs

Understanding the potential resources to address significant health needs is fundamental to determining current state capacity and gaps. The organized health care delivery systems include Napa County HHSA, Adventist Health St. Helena Hospital, Federally Qualified Health Center – CommuniCare+OLE, Providence Queen of the Valley Medical Center and Kaiser Medical Clinic. In addition, there are numerous social service non-profit agencies, faith-based organizations, and private and public-school systems that contribute resources to address these identified needs. For a list of potentially available resources available to address significant health needs see Appendix 3.

See Appendix 3 for a full list of resources potentially available to address the significant health needs

Addressing Identified Needs

The Community Health Improvement Plan developed for the Napa County service area will consider the prioritized health needs identified in this CHNA and develop strategies to address needs considering resources, community capacity, and core competencies. Those strategies will be documented in two Community Health Improvement Plans (CHIP). One CHIP, describing how Napa County Health and Human Services Agency and one CHIP describing how Providence Queen of the Valley Medical Center plan to address the prioritized health needs. If the hospital does not intend to address a need or plans to have limited response to the identified need, the CHIP will explain why. The CHIP will not only describe the actions that Napa County Health and Human Services Agency and Providence Queen of the Valley Medical Center intend to take, but also the anticipated impact of these actions and the resources the County and hospital plan to commit to address the health needs.

Because partnership is important when addressing health needs, the CHIP will describe any planned collaborations between Napa County Health and Human Services Agency, Providence Queen of the Valley Medical Center, and community-based organizations in addressing the prioritized health needs.

2023 CHNA GOVERNANCE APPROVAL

This Community Health Needs Assessment was adopted by the Community Benefit Committee[18] of the hospital on November 16, 2023. The final report was made widely available by December 28, 2023.

APPENDICES

Appendix 1: Quantitative Data

Indicator	Broader Service Area	High Need Service Area	Napa County
Percent of Population Below 200% Federal Poverty Level **Source: 2021 American Community Survey, 5-Year Estimate**	14.6%	28.0%	20.1%
Percent of Population Age 25+ With A High School Diploma **Source: 2021 American Community Survey, 5-Year Estimate**	92.4%	79.5%	85.2%
Percent of Renter Households with Severe Housing Cost Burden **Source: 2021 American Community Survey, 5-Year Estimate**	25.4%	24.2%	24.6%
Percent of Population Age 16+ Who Are Unemployed **Source: 2021 American Community Survey, 5-Year Estimate**	4.8%	5.2%	4.9%
Percent of Population Age 5+ Who Do Not Speak English Very Well **Source: 2021 American Community Survey, 5-Year Estimate**	2.0%	6.5%	5.2%
Percent of Households Receiving SNAP Benefits **Source: 2021 American Community Survey, 5-Year Estimate**	1.9%	7.3%	4.3%

HEALTH PROFESSIONAL SHORTAGE AREA

The Federal Health Resources and Services Administration (HRSA) designates Health Professional Shortage Areas (HPSAs) as areas with a shortage of primary medical care, dental care, or mental health providers. Clinicians in HPSAs are working in areas with fewer resources, higher patient loads, and challenges with recruitment and retention. They are designated according to geography (i.e., service area), demographics (i.e., low-income population), or institutions (i.e., comprehensive health centers). Although Napa County is not designated as an HPSA for primary care, dental health, or mental health, large portions of the service area to the North are designated as shortage areas. A Federally Qualified Health Center, Communicare + OLE, is within Napa County and is a designated as a HPSA facility for primary care, dental care, and mental health. Most of the geography to the north of Napa County is considered a mental health HPSA (Figure 42).

Figure 42.

There is an area in northeast Napa County that is "proposed for withdrawal" as a primary care HPSA, meaning the area no longer meets the criteria necessary to be designated a shortage area. This is the area that is shaded on the map (Figure 43).

Figure 43.

MEDICALLY UNDERSERVED AREA/ MEDICAL PROFESSIONAL SHORTAGE AREA

Medically Underserved Areas (MUAs) and Medically Underserved Populations (MUPs) are defined by the Federal Government to include areas or populations that demonstrate a shortage of health care services. This designation process was originally established to assist the government in allocating the Community Health Center Funds to the areas of greatest need. MUAs are identified by calculating a composite index of need indicators compiled and with national averages to determine an area's level of medical "under service." MUPs are identified based on documentation of unusual local conditions that result in access barriers to medical services. MUAs and MUPs are permanently set and no renewal process is necessary. A large portion of Napa County has a designated Medically Underserved

Population, people with low incomes. The following map depicts the MUPs within a 30 mile radius from Napa County (Figure 44).

Figure 44.

Appendix 2: Community Input

METHODOLOGY

Participants

The hospital completed 15 listening sessions that included a total of 112 participants. The sessions took place between March and May 2023.

Table 1_Apx 2: Community Input

The CHNA team completed 12 key informant interviews that included a total of 12 participants. The interviews took place between April and May 2023.

The goal was to engage representatives from social service agencies, health care, education, housing, and government, among others, to ensure a wide range of perspectives.

Table 2_Apx 2. Key Community Key Informant Participants

Organization	Name	Title	Sector
On The Move	Alissa Abdo	Executive Director	Education

Community Resources for Children	Children & Family Service Provider
Napa County Health and Human Services	Government
Napa Farmers' Market	Food Service
NVUSD	Education

121 individuals participated in the CHNA Prioritization Session, representing 48 organizations across several sectors in Napa County. The CHNA Prioritization Session took place in August 2023.

The goal was to engage representatives from social service agencies, health care, education, housing, and government, among others, to ensure a wide range of perspectives. Providence Queen of the Valley Medical Center and Napa County HHSA gathered community partners to share qualitative and quantitative community data collected; each individual was then asked to select their top health priorities.

Facilitation Guides

For the community listening sessions, participants were asked:

1. What drives quality of life? What drives quality health and wellbeing?
2. What does "health" mean in relation to lived experience?
3. What support structures and tools do people have? Where are the gaps?
4. What management and self-care tools and practices do people have?
5. What impacts do people recognize – of social determinants on their health/wellbeing?
6. How is equity experienced?

For the key informant interviews, Providence developed a facilitation guide that was used across all hospitals completing their 2023 CHNAs:

- The community served by the key informant's organization
- The community strengths
- Prioritization and discussion of unmet health related needs in the community, including social determinants of health
- Suggestions for how to leverage community strengths to address community needs
- Successful community health initiatives and programs
- Opportunities for collaboration between organizations to address health equity

Training

The facilitation guides provided instructions on how to conduct a key informant interview and listening session, including basic language on framing the purpose of the sessions. Facilitators participated in trainings on how to successfully facilitate a key informant interview and listening session and were provided question guides.

Data Collection

Key informant interviews were conducted virtually, and information was collected in one of two ways: 1) recorded with the participant's permission or 2) a note taker documented the conversation. Two note takers documented the listening session conversations.

Analysis

Qualitative data analysis was conducted by Providence using Atlas.ti, a qualitative data analysis software. The data were coded into themes, which allows the grouping of similar ideas across the interviews, while preserving the individual voice.

If applicable, the recorded interviews were sent to a third party for transcription, or the notes were typed and reviewed. The key informant names were removed from the files and assigned a number to reduce the potential for coding bias. The files were imported into Atlas.ti. The analyst used a standard list of codes, or common topics that are mentioned multiple times. These codes represent themes from the dataset and help organize the notes into smaller pieces of information that can be rearranged to tell a story. The analyst developed a definition for each code which explained what information would be included in that code. The analyst coded eight domains relating to the topics of the questions: 1) name, title, and organization of key informant, 2) population served by organization, 3) greatest community strength and opportunities to leverage these strengths 4) unmet health-related needs, 5) disproportionately affected population, 6) effects of COVID-19, 7) successful programs and initiatives, and 8) opportunities to work together.

The analyst then coded the information line by line. All information was coded, and new codes were created as necessary. All quotations, or other discrete information from the notes, were coded with a domain and a theme. Codes were then refined to better represent the information. Codes with only one or two quotations were coded as “other,” and similar codes were groups together into the same category. The analyst reviewed the code definitions and revised as necessary to best represent the information included in the code.

The analyst determined the frequency each code was applied to the dataset, highlighting which codes were mentioned most frequently. Codes for unmet health-related needs were cross-referenced with the domains to better understand the populations most affected by a certain unmet health-related need. The analyst documented patterns from the dataset related to the frequency of codes and codes that were typically used together.

This process was repeated for the listening sessions using a merged set of notes. The analyst coded three domains related to the topics of the questions: 1) vision, 2) needs, and 3) strengths.

Limitations

While key informants and listening sessions participants were intentionally recruited from a variety of types of organizations, there may be some selection bias as to who was selected as a key informant. Multiple interviewers may affect the consistency in how the questions were asked. Multiple note-takers may affect the consistency and quality of notes across the different sessions.

Some listening sessions were conducted virtually, which may have created barriers for some people to participate. Virtual sessions can also make facilitating conversation between participants more challenging.

The analysis was completed by only one analyst and is therefore subject to influence by the analyst’s unique identities and experiences.

FINDINGS FROM COMMUNITY LISTENING SESSIONS

The information below was captured and synthesized by Future Medical Systems. It is a selection of the words and experiences of members of the Napa County community, captured from semi-structured, open-ended interviews conducted between March and May 2023. The quotes included here are the direct words of the participants, representing their perceptions and experiences in their own words. Specific word choices or any potential inaccuracies are their own, and the inclusion of their words does not imply that Napa County or Providence agrees or endorses these points of view.

PROCESS SUMMARY

Our goal in Community Listening Sessions was to understand the health needs of Napa County residents. Our qualitative research methods are designed to uncover unmet needs based on personal lived experience We created open-ended discussions using interactive field materials to delve more deeply into themes about health and wellbeing.

UMBRELLA: RACISM, EQUITY & INCLUSION

Recognizing inequity surrounding and affecting all aspects of life

FOUNDATIONS

Identifying the basic foundations for health and wellbeing that affect self, community, and the ability to access "services and systems"

CONNECTORS

Equipping and caring for the unsung heroes who provide essential help for the vulnerable and underserved, both recognized and unrecognized

BARRIERS TO ACCESSING SUPPORT

Recognizing "the not-so-hidden derailers" that prevent community members from finding a balanced, productive, and healthy life pattern.

BRIGHT SPOTS

Illustrating the potential for supporting wellbeing with aspects that are working well today in Napa County.

OTHER HEALTH TOPICS

Key health issues that came primarily from interviews with Key Informants, supported by Community Members

UMBRELLA THEMES

RACISM Insights

- **Racism is often seen as a barrier to health by Napa County residents of color. It is felt during system navigation, in a lack of representation in leadership positions, and in day-to-day interpersonal interactions with law enforcement and other community members.**

  “I see the young guys here that can’t speak English and can’t leave [farmworkers' lodgings]...they don’t want to leave their rooms.”- *Farmworker, St. Helena*

  "They were gonna save the hell out of Browns Valley during the fires. Who was going to save our houses?" – *Public Sector staff member, Napa*

  "I hear, 'A smart person wouldn't look like you.'" - *Latino youth, Napa*

"None. There is no representation at all for the Black community [in Napa County]." – *Public Sector staff member, Napa*

"At the core of all of this: our county needs to engage in real, county wide equity conversations." - *Bubble Up participant*

"They (white residents) just don't really come over or hang out with us." - *Older Adult Spanish Speaking Group, Napa*

"Sometimes [I experience racism] from my peers, but that washes over me." - *Black youth transitioning from foster care, Napa*

"There's a total disregard for Black bodies. It's just not feeling safe. For example, people speed up to make you walk faster. I've almost been hit about 100 times." – *Public Sector staff member, Napa*

"[People with] undocumented [status] feel unsafe coming into agencies. We have to gain their trust that we aren't going to call the INS. When I'm helping a mama [they ask me] 'If I go to WIC am I going to get in trouble?'" - *Healthcare staff, Napa*

"Police encounters at school haven't been good. I feel like I'm on the radar with the teachers and principal watching me, how I dress, what I look like, my beanie and hoodie."- *Latino youth, Napa*

"They said I was robbing someone, that I had a gun."- *Black foster youth, Napa*

"[The cops who stopped me in the street said] 'When we see someone with tattoos, we have to check.'" - *Black foster youth, Napa*

EQUITY & INCLUSION Insights

- **Some communities (for example, older adults, youth, LGBTQIA+, BBIPOC) find their needs unmet and their perspective unheard in Napa County civic society. Marginalized groups often experience prejudice and hate speech that make them isolated and fearful. Many feel that cultural community events are inauthentic and created for tourists. Community members seeking to be allies are concerned about "doing it wrong."**

"Is there respect and inclusion for me personally? No. Like when there's jazz fest and Napa 'gets Black' downtown? Then my racist neighbor who is politically active finds a way to say you can't use the parks downtown for some dumb reason and shuts it down." - *Public Sector staff member, Napa*

"The Day of the Dead celebration just feels trendy." – *Public Sector staff member, Latina, Napa*

"What I think is that we [farmworkers] have incomplete information, improving that would help us." - *Farmworker, St. Helena*

"[Immunocompromised older adults are] a disposable population. People don't care, they are ready to move on [from the COVID-19 pandemic]." - *LGBTQIA+ older adult, Napa*

"I want to not be invisible, both my sexuality and in general." - *Bisexual adult, Napa*

"We decided to hold our [LGBTQIA+ ally group] lunches at the senior center to show them we are not demons." - *Transgender Adult, Napa*

"I'm all fine and great...well, except for the hate speech [about sexuality]." - *Youth, American Canyon*

"Napa is so parochial…. I fear the violence against trans women, and I don't want to be visibly trans." - *Transgender Adult, Napa*

"I did the Lunar New Year event and worked with a volunteer who was Chinese. I felt authentic about that. Not just [being] dressed as a geisha or being silly." – *Public Sector staff member, Napa*

"No one will talk to me about my bisexuality in my housing complex." - *Bisexual Adult, Napa*

"I don't do educational labor, teaching people about Black issues." – *Public Sector staff member, Napa*

FOUNDATIONS

HOUSING Insights

- **Limited housing stock pushes prices so high as to be out of reach for many and creates an especially difficult situation for those with low incomes. Cost of living is very high, and many jobs do not pay a living wage. Housing stability creates a foundation for further stability. Fear of, and disrespect to, unhoused individuals can result in feelings of isolation. Paperwork and housing support systems are cumbersome. Demand for low-cost options may lead to unfair housing practices from landlords.**

  "I grew up here and work serving the community, but I can't afford to live here and recently moved to Solano County." - *Latina, Public Sector staff member*

  "I'm not ready for [my future]. It's so scary looking at the rents online." - *High-schooler, Calistoga*

  "Stuff is expensive. I live day by day. Sometimes I don't eat." - *Parent of young child, Napa*

  "Housing is a challenge. It's expensive." - *Public Sector Staff Member*

  "I love my [subsidized] apartment. I only pay $200 rent. I have a car. I go to groups. I give friends rides. I feel great being clean and sober. I have a full life." - *Consumer of Mental Health Services*

  “Housing is a big concern for me; it feels unattainable especially for older adults. I often ask my husband ’What are we going to do?’” – *Low Income housing resident, Napa*

  "I'm so thankful for my housing support! They paid 5 months, and I was able to get my baby and I out of the shelter, into some childcare, and now I have a job with a little income." - *Parent of young child, Napa*

"I navigate the housing search process, help them find stability in housing, and stability in other areas." - *Public Sector staff member*

"The unhoused are disrespected, and moved to 'the bowl', to the farthest point away as to become invisible." - *Public Sector staff member*

"I was raised that you take care of yourself. I thought food stamps were for bums."
- Parent of young children, Napa

"There is so much NIMBY-ism, a huge community avoidance of issues." - *Public Sector staff member*

"Every year it's a puzzle. Senior housing benefit has to be re-certified every year; it's an inch of paperwork. I give it to the landlord, but they are not numbers people!" – *Older adult, Napa*

"There's multiple families in a 1-2 room apartment. Say a couple are renting a room, they are going to have a baby. Now there's too many people, they have to leave." - *Healthcare staff, Napa*

"People get evicted from their homes after being sick. They'll tell me that their landlord doesn't want them to use their CPAP because it uses more electricity." - *Healthcare staff, Napa*

BEHAVIORAL HEALTH Insights

- **The scale of the mental health crisis appears to have overwhelmed the care system. Mental health is often an unaddressed, underlying issue. There are valuable sources of mental health support outside the formal care system and participants report relying on friends and family for comfort or strength. The task of providing mental health support can be a heavy weight to bear. Mental health providers often experience compassion fatigue and opportunities for self-care can be difficult to access with busy caseloads. Substances such as alcohol, tobacco, and drugs may be used as a form of self-medication. There are common misconceptions about substance use (across all demographics), leading people to under-estimate the harm done.**

  "My school offers therapy, [but] it's a long waiting list...The whole school *is* the waiting list!" - *High-schoolers, Calistoga*

  "When I see someone not feeling well, I can tell, I see them in their room without talking to anyone. They isolate themselves." - *Farmworker, St. Helena*

  "Spanish-speaking mental health [support] is hard to get in Napa and you have to wait six months if you do. [People tell me] I'll be fine in four months: I need it now." - *Healthcare staff, Napa*

  "[After I was physically abused by my partner] I was supposed to get mental health help but there was no one available. He had loads of services and support though."
  - Parent of young child, St. Helena

  "I get sick often and constantly feel sad. I have a lot of stress." – *Consumer of Mental Health Services*

"[A good day is] getting into my routine, my one meal and remembering to take my meds to quell the voices." -*Consumer of Mental Health Services*

“We used to be more active and involved. We had Lotería, prayer sessions, parties, birthday potlucks... we need it again. The pandemic messed everything up." - *Older Adult Spanish Speaking Group, Napa*

"The challenge is unrecognized mental health issues and unaddressed physical needs. People are self-medicating." - *Healthcare staff, Napa*

"No one ended up an adult with low literacy without other things going on."
- *Public Sector staff member, Napa*

"This group truly care for and are helping each other." - *Consumer of Mental Health Services*

"Everything you've just said, I've felt. I'll give you my phone number and we can talk."- *Transgender adults, Napa*

"It's a little moment that we're going through. We need to sacrifice, prioritize our child right now." - *Parent of young children, addressing her partner's troubles*

"Teenagers are often first responders to a mental health crisis." – *Mental Health Non-Profit staff member*

"I'm crossing my fingers and toes [that the people I refer get help]."
- *Healthcare staff, Napa*

"I take it and take it and take it and take it. There's no outlet for ME."
- *Public Sector staff member, Napa*

"Sometimes I walk around the trails here and I will see young kids, like 10 years old, vaping." - *Calistoga adult*

"There's nothing for people our age to do except BIG TIME drinking and smoking."
- Calistoga *High-schooler*

"There is no healthy amount of alcohol, despite the 'healthy red wine' myth."
- *Primary Care Physician*

"The general public might not know their routine use of a substance may be disordered, even if they have a family and job." – *Primary Care Physician*

"It's hard to have these conversations. People recognize the health consequences of tobacco, although they say it relaxes them. The reality is that their blood pressure is raised. Alcohol is known to disrupt sleep but people use it to help them relax or go to sleep." – *Primary Care Physician*

"Products [referring to vaping] can be contaminated. For example, with vitamin E it can create a lung disorder, and with fentanyl, a teen died. They thought it was cannabis."
- *Primary Care Physician*

FOOD ACCESS Insights

- **Many people are aware of and using food services but rely on them with reservations. People accessing emergency food are concerned about quality and nutrition. Isolated older adults need more assistance to access food. There is the opportunity to redesign food service systems for local, Napa County needs.**

  "We do have food, but the canned food we get has too much salt; it's not good for me." – Older Adult Spanish Speaking Group, Napa

  "But sometimes the food is expired. I don't want to sound ungrateful... There are times I go and get food and I worry about it. They give meat and it is partially frozen, and I don't trust it. - *Senior, Calistoga*

  "I've tried that food, but it doesn't work for me. It's so meat and potatoes, and the other one I can't go to because they don't wear masks." – *Older adult, Napa*

  "I understand this place is for workers, but I don't think the food is healthy at all. One of us is going to drop dead at some point." - *Farmworker, Calistoga*

  "...the food here is not good... I wish someone from the county could look into it. Bad food is making us sick." - *Farmworkers in Calistoga*

  "An unhoused person I know starts each day with 24 ounces of soda." [due to lack of access to any other fuel] – *Primary Care Physician*

  "They don't wear masks [at the food bank], so I won't go." – *Older adult, Napa*

  "We need more information on food resources." – *Adult Spanish-speaker, Napa*

  "How can I get food? I'm a senior with low mobility, so walking down the street and carrying groceries back is not an option for me." - *Older Adult Spanish Speaking* Group*, Napa*

  "We made these systems; we should be able to change them if they need an update."
  - *Food Service staff member*

  "Our food systems need more lens of equity and social justice." - *Food Service staff member*

  "Is that a 'no' because we can't or because that's the way it's 'always' been done?"
  - *Public Sector staff member (referring to emergency food intake forms)*

"The forms to get food eligibility are so long and getting longer. They require ID and proof of housing. We know they live with someone else who is on the water bill, do they really need a bill with their name on it?" - *Bubble up session participant*

"We have to decrease shame, create body positivity, and at same time give healthy choices." – *Primary Care Physician*

HEALTH CARE Insights

- **Participants named cost and difficulty navigating complex systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care. It is difficult to access transgender care in Napa County.**

  "People get frustrated because they can't keep the same provider and they understand that Medi-Cal Emergency covers ER visits. That's why they go to ER instead of a PCP." - *Healthcare staff, Napa*

  “Medical appointments are given so far out. I’ve considered making a ‘place holder’ appointment each month just in case I need it and cancel if I don’t.” - *Adult Spanish-speaker, Napa*

  "[I want] faster outreach to physicians. Why does it take two, three, four weeks to get [new] medications? They could get a colleague to cover for them." - *Youth transitioning from foster care, Napa*

  "I told my PCP what I'm going through, but I still need to leave the city of Napa to get the services that I need." -*Transgender adult, Napa*

  "My challenges are very healthcare-based because I needed a lot of surgery." - *Transgender adult, Napa*

  “Doctors tell patients to lose weight but don’t always offer tools or resources. Gym memberships are not affordable to everyone.” - *Adult Spanish-speaker, Napa*

  "I used to have to get to Oakland to get to a trans-specific group, but [I'm getting older and] I can't make that drive anymore." - *Transgender adult, Napa*

  "I could have asked at [my clinic] about feminizing hormone treatment but didn't feel comfortable bringing it up." - *Transgender adult, Napa*

  "[I can't see my doctor because] I am poor, a senior, a lesbian, and have chronic health conditions. I am still 100% isolated because of COVID, and invisible." – *Older adult, Napa*

  "Spanish-speaking mental health [support] is hard to get in Napa. And you have to wait six months if you do." – *Healthcare worker, Napa*

"When we go to the clinic the first thing they ask for is insurance, so people have fear. Then they ask you for so much paperwork or proof and it makes us fear going."
- Farmworker, Calistoga

"We had a plan to open a trans clinic…but COVID stopped that." – *Healthcare staff*

"Groceries outweigh getting something bothering you looked at." – *Agriculture Insurance Provider*

"You really, really have to be in crisis to get help now." *- Healthcare staff*

"There's a big gap for individuals with traumatic brain injury; they fall out of safety nets. They are complex and overwhelming, families are not able to care for them, usually leading to homelessness and substance abuse to self-medicate." – *Primary Care Physician*

CONNECTORS

NAVIGATING SYSTEMS Insights

- **It can be difficult for community members to navigate the systems that are designated to help them. There are many people working outside of their job designation to make sure community members can access the resources they need. The inability to share data between agencies is a barrier to timely and comprehensive care. Some community members need assistance to afford healthcare, childcare, housing, or food, but are ineligible due to age or income.**

"They have to have someone like you to explain or it's a heck of a time getting an eligibility waiver" – *Public Sector staff member*

"Case managers are the water and the sunshine. You have to know how the system works." – *Public Sector staff member*

"Navigating the system is hard." [Especially for English as 2nd language and low education level] - *Public Sector staff member*

"My job is to unravel the hoops. I walk through forms with county agencies to help simplify. Professional services used to be 17 pages, now it's 2 pages." – *Public Sector staff member, Napa*

"Services can be hard to find, they are pretty opaque." - *Bubble up participant*

"That we are still 8am-5pm makes it harder rather than easier to access our services offered. ...some screenings have in-person office hours on certain days of the week to see if you are in crisis enough." - *Public Sector staff member*

"I'd like to say how wonderful [name removed] is in the LGBTQIA+ group. She is only supposed to look after me for 3 months and she looked after me for 3 years." - *LGBTQIA+ person, Napa*

"They need more guidance, support and reminders for appointments. If [they need] something our program doesn't provide, I connect someone." - *Healthcare staff*

"One example is to helping them with immigration meetings. I make a plan for them to A, B, then C, and drive them to appoints to be sure they don't get missed. I manage that on my own calendar." - *Public Sector staff member*

"We use complexity and confidentiality as a crutch to not take a hard look. If people are doing invisible work to get our systems to work, then the system is not able to learn and make itself better." - *Bubble up session participant*

"Digital tools for us? No. The knowledge comes from the worker. I seek out those resources." -*Public Sector staff member*

"Our systems are separated by design, for confidentiality and because of specific state rules." - *Public Sector staff member*

"We have youth and senior groups, but there's a donut hole between the two. In your 40s and 50s there's no outreach for LGBTQIA+. - *LGBTQIA+ adult, Napa*

"Someone may make $2,000 over the eligibility requirement for a voucher, but that $2,000 isn't nearly enough to cover the childcare." – *Education Resource Specialist*

"The middle class can't find services. They have too much income to apply for low-income housing or food stamp yet are struggling with rent and food." - *Service Worker, Napa*

SERVICES AND AGENCIES Insights

- **Trust and personal connection are key to creating access to services. It can be difficult for people, especially community members with undocumented status to distinguish between the governmental agencies/services that help them and those that could punish them.**

  "I don't feel safe going to school due to the police." - *Latino/Latine youth, Napa*

  "My parole officer helped me [to find] accommodation. But I wouldn't sit down and talk to him casually." - *20-yr old transitioning out of foster care, Napa*

  "[People with] undocumented [status] feel unsafe coming into agencies. We have to gain their trust that we aren't going to call the INS. When I'm helping a mama [they ask me] 'If I go to WIC am I going to get in trouble?'" - *Healthcare staff*

  "A social worker in Napa connected me to services, and [another social worker] opened all the doors! She understood people like me and told me it's ok to get help. I changed my perspective." - *Parent of young children*

  "Car seat appointments are 30 to 45minutes, that's when I find out what services they need. One gentleman needed a car seat for a 3 year old. After 30 minutes, he got comfortable and told me that he was unhoused, so we were able to rehouse him." - *Healthcare staff*

"People get frustrated with [local clinics] because they can't keep the same provider. It's a revolving door for PCPs." - *Healthcare staff*

"[People living unhoused] usually go to the [medical respite for care], that's why we go there one to two times a week. So they see a face that's familiar. Once they trust the team, they start participating." - *Healthcare staff*

COMMUNITY AND PEER SUPPORT Insights

- **"Community, friends, and family" were highlighted by many people as essential to health and wellbeing. Isolation and loneliness can lead to or worsen health and mental health challenges. Awareness and access to services is often facilitated by finding trusted messengers, or friends and family that can help. Helping someone else is often a great source of mental health support, even when someone is struggling themselves.**

"When I think of health and wellbeing, I see help, I think of my mother and father-in-law. It makes me feel great. I see hand-in-hand, I'm with you, I help you." - *Parent of young child, Napa*

“We used to have gatherings and it all ended when the pandemic started. I wish we could have more of these. I love being happy and I'm happy when I'm surrounded by everyone." - *Older Adult Spanish Speaking Group, Napa*

"Health and wellbeing? It's all about love for one another." -*Youth, American Canyon*

"I have Medicare because of my daughter [translating and filling out forms]." - *Older Adult Spanish Speaking Group, Napa*

"Some days I don't want to get up. I get stuck sitting at home: it's not a good mental space. I need to connect to more people!” - *Consumer of Mental Health Services*

"We are isolated up there. You grow up alone until you find a friend." – *Youth, Calistoga*

"The internet is huge, but it's very isolating as well. You want connections to feel normal but the only trans community I've had is online. [I need to] see and have access to other trans people." - *LGBTQIA+ Adult, Napa*

"I learned about [resources] through a meet-up group" – *Parent of young child, Napa*

"There was a [LGBTQIA+] group to connect with like-minded people. They had a lawyer who helped with changing my identity, they made it easy in just one day." - *LGBTQIA+ Adult, Napa*

“Wellbeing to me includes my plants; maintaining them and taking care of them keeps me busy and my mind active... helping others is important to my wellbeing” - *Adult, Calistoga*

"I love volunteering with older adults. They would love a prom! I want to talk to someone in the city to organize it." – *Consumer of Mental Health Services*

"I'm a good listener, I'm good at giving advice. It feels good because I put my problems on one side. I want to be that support." - *20yr old transitioning from the foster care system*

"My bright spot? Helping my friend who is having a hard time." – *Consumer of Mental Health Services*

BARRIERS TO ACCESSING SUPPORT

TRANSPORTATION Insights

- **Transportation is essential and navigating the public transportation system can take up a disproportionately large amount of time and energy. Inconsistent transportation options contribute to instability in employment and income, which impacts housing, food, and access to services. Those who most need to take the bus, often can't afford to take the bus.**

"It's a non-issue with getting to work or school: anything I need to do, I have a car."
- *Youth, American Canyon*

"[We need] English classes and help with transportation. I see the young guys here that can't speak English and can't leave." - *Farmworker, Calistoga*

"If I miss the bus, I have to walk so am either late or can't go. In coming here today, the bus was late so I started walking, then sadly the bus passed by me 10 minutes later. So now I'm here 45 min late and drenched from the rain." - *Consumer of Mental Health Services*

"After school transportation is a particularly high need." – *Education Resource Specialist*

"To get transportation help, you have to contact NVTA, fill out a form, and attend a screening interview." [You have to prove that you really need it.] - *Adult, Calistoga*

"What I wish for most? A bus pass!" - *Foster youth, Napa*

"If I run out of money before the end of the month, I don't have enough to take the bus to work. "It's $7 to get to [neighboring county], one-way!"- *Foster youth, Napa*

*"*That [paratransit service] sounds good but what if I'd like to also go to a grocery store or do other obligations in Napa? I can only go to my appointments and come right back. It is hard to go into town [Napa] otherwise." - *Adult, Calistoga*

"How can I get food? I'm a senior with low mobility, so walking down the street and carrying groceries back is not an option for me." - *Older Adult Spanish Speaking Group, Napa*

"The little bridge is out, so now it's too far to walk around the block to get to the senior center."- *Older Adult Spanish Speaking Group, Napa*

"With respect to health, we don't even know how to get to medical services."
- *Farmworker, St. Helena*

"It's hard to get anywhere on time." - *Consumer of Mental Health Services*

“Public transportation doesn’t always have routes to where I need to go. Also, the bus signs can be confusing.” – *Low Income housing resident, Napa*

"The bus was late, so I missed my doctor appointment, so they tried to get me in later, and I missed the bus home. This small errand took the whole day." - *Older Adult Spanish Speaking Group, Napa*

CHILDCARE Insights

- **Gaps or lack of childcare can create instability, impacting employment, money, and mental health. These outcomes are disproportionately felt by women. There is a need for more flexible childcare options, that allow for jobs that operate during morning and evening hours. Many parents rely on friends, families, and neighbors to provide childcare. There is a shortage of "licensed slots" for childcare and known system bottlenecks to creating them.**

  "My challenge is money and childcare." - *single mom of young child, Napa*

  "If my kid's the tiniest bit sick, or it's Friday, a random Monday or a holiday, or I'm running late, what then?" - *single mom of young child, Napa*

  "My instructor wouldn't allow me class with a child on my lap. The daycare wasn't open, so I had to bring him with me." *-single mom of young child, St. Helena*

  "I am so isolated living in St. Helena. We are on our own for everything." - *single mom of young child, St. Helena*

  "The flexibility with my Uber-driving is the best job I can get for the times of [childcare provider]. I can't keep the regular schedule needed for anything that pays more, and I need to make about $200 per day to survive." - *single mom of young child, Napa*

  "Mondays to Thursdays, 8:30 to 4:30 doesn't cover an 8am to 5pm job, or any job I can get." - *single mom of young child, Napa*

  "Families need two jobs to survive, so don't see each other: one works in day, one works at night to cover childcare." – *Education Resource Specialist*

  "Many available jobs in hospitality and farming require non-traditional working hours not covered by childcare." - *Education Resource Specialist*

  "Childcare is so strict. I've given up on getting a job and am doing classes instead." *-single mom of young child, Napa*

  "We have a program for abuelas and those already providing care without pay to become licensed. Then they can qualify for funding and paid for their work." - *Education Resource Specialist*

"The only option for me is [childcare provider] in Napa, even though I live in St. Helena, so I drive down four days per week. It's a really long way and takes a lot of my time." - *single mom of young child, St. Helena*

"Just one in ten children are covered by available licensed slots, all the rest is from the help of friends, family, and neighbors." - *Education Resource Specialist*

"In Mali, the community raises the kids. All the aunties come around. Ain't nobody got time for us here." -*Immigrant parent of young children, Napa*

"The [Children and Family Service Provider] is really nice, but they don't have a spot. They are full." - *single mom of young child, Napa*

"$9 million is earmarked only for USING slots, not creating them." - *Education Resource Specialist*

"The worst shortage is for infants." - *Education Resource Specialist*

"Two years ago we had vouchers for 180 kids, now we have 550. But the slots are not available. The bottleneck is childcare providers." - *Education Resource Specialist*

"We have a program with an $8,000 stipend to help someone get licensed and set up a childcare center, but can't use it." - *Education Resource Specialist*

LANGUAGE ACCESS Insights

- **In some cases, access to support and help is reliant on English competency, spoken and written. Reaching out to vulnerable populations and building trust is best done in-person with same-language and same-cultural communication. Languages such as Mixteco (and other Indigenous languages), Chinese, Tagalog, Vietnamese, and Native American languages are not widely represented in Napa civic life.**

  "For ESL [classes] the intake was four to eight pages, 100% in English! That's weird right? Why is this in the language you know they don't speak?" - *Public Sector staff member, Napa*

  “We need English classes to help educate us on how to navigate to get what we need.” - *Farmworker, Calistoga*

  "I have access to medicine and Medi-Cal because I have my daughter who supports me... but what about others that don’t have someone like her?" - *Adult in Calistoga*

  "Insurance materials are not in Spanish. I did the translation for the insurance company. I am listed as the contact for the insurance company, even though I don't work for the insurance company. They just can't serve this population."
  - *Emergency Preparedness non-profit staff member*

“We need more opportunities to know what help is out there so we are not scared.” - *Farmworker, St. Helena*

"[The unhoused] usually go to the [medical respite for care]. That's why we go there one to two times a week. So they see a face that's familiar. Once they trust the team, they start participating." – *Healthcare staff, Napa*

"A long time ago police officers came and talked to us about not being afraid of them and that they were here to help us. That made me feel good." - *Farmworker, St. Helena*

"The [mental health provider] waiting list is four months - Spanish-speaking mental health [support] is hard to get in Napa." - *Healthcare staff, Napa*

“Beyond language, you need to have cultural competence. I’ve had patients say, ’ask my eldest son’ about their care decisions. Sometimes this is outside of my constructs of ethics as a provider.” - *Primary care physician, Napa*

"We have one client that doesn't speak English or Spanish." – *Healthcare staff, Napa*

"There is a beautiful community of sharing resources and info amongst undocumented." - *Bubble Up Participant*

"There is a gap in knowledge: where, when to go, ’what should we be doing? Where should we start?’ Adults come in wanting the best for their kids, but don't know where to begin.” - *Bubble Up Participant*

DIGITAL LITERACY Insights

- **Digital access is nearly essential for finding and securing employment, housing, services, and support. Services often assume everyone has a smart phone and an email, but many do not. Even for those with digital access, a lack of digital literacy and trust in digital interactions can be barriers to accessing services. Many community members do not engage, or are not aware, of digital tools that can offer support with key health and wellbeing challenges.**

  "You all have...there are resources we don’t know about...things like English classes, workshops, computer classes... we can learn about these things and take them back with us [to Mexico]." - *Farmworker, St. Helena*

  "It's not just digital, but numeracy literacy, health literacy, and actual reading and writing. Some can't understand why I'm giving them a medicine to take in their mouth when it's their ear that's hurting." – *Primary Care Physician, Napa*

  “There is the barrier of accessing the [transportation] website but also the barrier of language...understanding how to navigate the systems is hard.” - *Adult, Low Income housing resident, Napa*

[About online Ear, Nose and Throat care] "What? Are you gonna look at my ear through the phone?" - *Public Sector staff member*

“I don’t really use my phone other than calling people or sending texts; maybe I’ll play a few games and watch [videos] but that is it.” - *Adult, Calistoga*

"I'm part of vulnerable groups: I'm a senior, I'm LGBTQIA+, immunocompromised, poor, I have no contact with people." – *LGBTQIA+ older adult, Napa*

"You want connections to feel normal but the only trans community I've had is online." - *Transgender adult, Napa*

EMPLOYMENT OPPORTUNITY Insights

- **A large proportion of employment opportunities center around agriculture and hospitality, which often come with low wages and can sometimes have poor working conditions. Many people that work in Napa, including teachers, librarians and others who serve the community cannot afford to live here. Young people are highly aware of the financial stress of their families, and also fear for their own financial future.**

  “The cost of living goes up, but salaries stay the same.” – *Low Income housing resident, Napa*

  "Health and wellbeing? I always mention something economic. Those who work with certain wineries have insurance, but for those who don’t, what we make isn’t enough." -*Farmworker, Calistoga*

  "They need 1.5 jobs to be financially stable, but then we give them a class to take for their addiction, so then they can't work because they need to take the class." - *Public Sector staff member, Napa*

  “[I want] the bosses to take action about all the chemicals they put in the vineyards, they know that it affects us. They know that we have to breath that in and yet ... they don’t give us things to prevent from us getting sick.” - *Farmworker, Calistoga*

  "Costs in general are disgusting here." – *Healthcare staff, Napa*

  "I grew up here and work serving the community, but I can't afford to live here and recently moved to Solano County." - *Latina, Public Sector staff member*

  "We moved here because my parents were struggling financially, but it's even worse here. Since the pandemic my mom has lost five jobs, each paying less than the last." -*Youth, Napa*

  "I can see and hear my parents; I see their effort [to get by]. Yes, there's jobs, the boutique, restaurants, wineries, [but] it's so scary looking at the rents online. I've envisioned myself leaving for a long time." - *youth, Calistoga*

  "[I feel anxious] when I think about my future, about money." - *youth, Calistoga*

BRIGHT SPOTS

NATURE, ANIMALS, & THE OUTDOORS Insights

- **People very often identify the natural environment as the most positive contributor to their health and wellbeing. Pets and access to animals provide a valued source of reflection and calm. Napa County provides access to many simple experiences that are greatly valued in the community.**

  “I enjoy going on walks and appreciating nature and beautiful creations. Exploring the outdoors is de-stressing to me.” - *Adult Spanish-speaker, Napa*

  "Nature is a good de-stressor - I try to surround myself with animals." -*youth, Calistoga*

  "What helps my wellbeing? Nature! What a beautiful gift we have!" *parent of young children, Napa*

  "I have to be the tree and stay grounded." - *Consumer of Mental Health Services*

  "My little dog is important because I can always distract my mind from other things when I go on a walk. When I feel sad, or depressed, just spending time with him makes me forget about my worries." - *Adult, Calistoga*

  "I really, really like animals. They are very calming to be around.” - *youth, Calistoga*

  "[Cats] wait for you and love you unconditionally.” - *Consumer of Mental Health Services*

  “The first thing I tend to in the morning is my dog. Pets are therapeutic.” - *Adult, Low Income housing resident, Napa*

  "I love to ride a bike to Kennedy Park with my grandkids." - *Consumer of Mental Health Services*

  "Seeing the birds fly as a group bring me so much joy. I drop what I am doing to see them, I call them ‘my friends.’ I go out to see my friends flying together as a group."
  - *Older Adult Spanish Speaking Group, Napa*

  “There are spaces here [for recreation] but we just need the resources.” - *Farmworker, St. Helena*

“ALL OF THE GREAT SERVICES” Insights

- **Napa is perceived by many to have a broad and high-quality public service provision. For crises and the most in need, services are reportedly readily available, especially in the city of Napa. Collaboration and strong connections between services and individual care providers and staff is a strong bright spot.**

  "All the beautiful help we have... the state came through for us. School, pre-school, an affordable apartment. I was amazed!”- *parent of young children, Napa*

"I love all the services in Napa County. You don't get that in a [neighboring county]!" - *parent of young child, Napa*

"Napa has really helped me with getting services, getting housing. My mental health has improved since coming [from a neighboring city] because of all the services."
- parent of young child, Napa

"The county is a strength... they helped a lot during the pandemic...helping us with the housing and putting us in the hotels....[the county] even helped us when the fires were happening." - *Farmworkers, St. Helena*

"It's easy to deal with [access to therapists]. Call them and they set you up!"
- Consumer of Mental Health Services

"It's not hard at all to get a therapist, it takes a couple of weeks."
- Consumer of Mental Health Services

"A [positive] is our collaboration within divisions [within HHSA]. It takes a lot of collaboration to share the info we come up with." – *Public Sector staff member"*

"We couldn't do our work here without our community partners." *-Public Sector staff member*

"The [disaster preparedness response organization] is a great example!" - Bubble Up participant

OTHER HEALTH TOPICS

OBESITY AND RELATED CHRONIC DISEASE

Obesity was named by healthcare workers as a widespread health issue, compounded by difficulty accessing fitness and nutrition resources, community culture that centers on food and alcohol, and interventions that often lead with shaming obese bodies.

COVID PANDEMIC

Many participants spoke about the long impact of COVID-19. Some older adults feel unsafe accessing medical and dental care now that mask mandates have been lifted. Others are still feeling the financial impact from jobs lost during the pandemic. Post lock-down, some valued services and activities that supported health and wellbeing have still not returned. The emotional toll and other impacts of the pandemic remain with many. Questions remain about current COVID protocols, and what happens next.

DENTAL CARE

Timely access to dental care is a concern for healthcare providers who see patients entering same day care and emergency facilitates with oral health issues that could have been avoided by preventative care. Barriers to dental care include cost and long wait times, with one participant describing a 2 month wait for an appointment for a broken tooth. Physicians see embedded care, where oral health is a part of preventative services, and family education as key factors in improving oral health in our community.

FINDINGS FROM KEY INFORMANT INTERVIEWS

Community Strengths

The interviewer asked key informants to share one of the strengths they see in the community and discuss how we can leverage these community strengths to address community needs. This is an important question because all communities have strengths. While a CHNA is primarily used to identify gaps in services and challenges, we also want to ensure that we highlight and leverage the community strengths that already exist. The following strengths emerged as themes:

A Strong Sense of Community Where People Care for One Another

Key informants shared there is a strong sense of community in Napa County, with people committed to giving back and helping one another. Community members who experience challenges, like domestic violence, share their experiences and support with others. People are willing to help their neighbor and share information about helpful resources and services available.

This strength can be leveraged by creating more opportunities for people to be civically engaged and give their voices and opinions to improve the community through neighborhood meetings. By ensuring language access, these opportunities can be inclusive of community members often not heard.

Community Members are Resilient, Seeking Better Lives for their Families

Key informants spoke frequently to the resilience of the community members they serve. One shared "Our clients amaze me with their ability to be resilient." People have experienced a variety of challenges, including fires, a pandemic, violence, and more and yet they are still hopeful and want to improve their lives.

With resilience comes the desire to move forward and improve one's own life and the lives of their children. Community members seek out resources, ask questions, and take advantage of services.

Many Organizations Serve the Community and Collaborate

Most key informants spoke to Napa County being relatively well resourced with a variety of governmental and community-based organizations working together to support the community. Most organizations are striving to address complex needs and challenges through strong partnerships. Representatives from local organizations know one another and have trust built up over years that supports effective collaboration. Staff members are part of the community they serve, which builds trust between organizations and the community.

To leverage this strength, key informants suggested continuing to build upon the trusted relationships that exist by developing partnerships between organizations where there is already trust and newer organizations. Plus, they noted the importance of referring to one another's programs. Additionally, there is a need to continue strengthening services that are culturally responsive and linguistically appropriate and focusing on building up those programs on a larger scale to improve equity.

Organizations can also work together to apply for grants and leverage shared funding streams. Organizations can work together to message the value of the existing programs to decision makers who distribute funds. This may involve sharing data and evaluating programs together. Also, organizations should look to include the voices of community members when developing programs and collaborating.

High Priority Unmet Health-Related Needs

Key informants were asked to identify their top five health-related needs in the community. Three needs were prioritized by most key informants and with high priority. Three additional needs were categorized as medium priority. Key informants were most concerned about the following health-related needs:

1. Homelessness and housing instability
2. Economic insecurity, including affordable childcare
3. Behavioral health challenges and access to care (mental health and substance use/misuse)

Homelessness and housing instability

Most key informants spoke to the high cost of housing as a challenge in Napa County. There is a strong need for more affordable housing to help families and individuals meet their basic need for safe and healthy housing. Key informants shared that even families with two incomes may have difficulty affording rent, meaning they are unstably housed and consistently concerned about eviction if they cannot afford to make rent.

Housing quality is also an issue, with families living in poor housing conditions and over-crowded homes.

Workforce housing is of particular need for workers of a variety of income levels, particularly those that work in agriculture and hospitality. These families may have to move outside of Napa for more affordable housing but commute into Napa for their work. Options to buy or rent housing for workers locally would be beneficial.

While accessing safe, affordable housing is difficult for many people in Napa County, key informants spoke to the following populations:

- Transitional-age youth (TAY): There is a need for more long-lasting support for TAY, particularly learning how to navigate the different systems and access stable housing.
- People with behavioral health challenges: People with behavioral health challenges experience housing instability and may need supportive services to remain stably housed.
- Survivors of domestic violence: Survivors of domestic violence may be at risk of homelessness when leaving an unsafe situation, meaning having safe and stable shelter is important.
- Older adults: Supportive services to help older adults age safely at home is important.

Key informants spoke to a need for more civic engagement to change policies around housing to make it more affordable and to educate people on their housing rights. There is a lack of organizations that have the capacity to educate individuals, particularly in Spanish, on their rights as tenants. Additionally, there needs to be equitable housing practices for Indigenous People of the U.S. living in Napa County.

Economic insecurity, including affordable childcare

Key informants overwhelmingly spoke to the need for living wage jobs and increased wages to meet the high cost of living in Napa County. They shared that families with low incomes often experience housing instability and use most of their income to meet basic needs, with little left over for savings. Families are forced to make spending tradeoffs, choosing to pay rent or purchase food for their families. Families with one income, including single parents, cannot afford to live in Napa.

Many families are still dealing with the financial effects of the pandemic. Some took on debt to pay their rent and many do not have savings. Particularly for mixed-status families, or those with a combination of documentation statuses including undocumented status, they were not able to access benefits during the pandemic, causing additional financial strain.

Many workers live far from where they work, spending additional time and resources on commuting, speaking to the need for workforce housing in Napa County. Pay is often low for people working in the hospitality and agricultural industry, but cost of living is high.

Key informants spoke to the following populations as experiencing economic insecurity:

- Workers in the hospitality and agricultural industries: With low pay and high cost of living, these workers are often experiencing housing instability, food insecurity, and more.
- Older adults, particularly those without support systems: Older adults, particularly those without support systems or those that speak Spanish only, may not have the support to identify resources to help them meet their financial needs.
- Survivors of domestic violence: Survivors of domestic violence may be isolated and not had to access resources, like food and childcare, in the past. They may need support to build skills to meet their basic needs.
- Transitional-age youth (TAY): TAY do not receive long-term support navigating systems and may need support becoming financially independent and stable.

Key informants discussed **affordable childcare** as an important component of economic security. In Napa County, there is a general lack of quality childcare providers, making it very difficult for parents to find affordable childcare. Key informants noted this is a basic need for families, without which parents cannot work. Having affordable childcare options is especially crucial for single parents, including those leaving a domestic violence situation, to ensure they can support their families.

Behavioral health challenges and access to care (mental health and substance use/misuse)

Key informants spoke to difficulties accessing timely mental health and substance use/misuse services. There are generally long wait lists for mental health services, meaning people wait months to get off a waiting list. Additionally, insurance can be a barrier to accessing care, particularly County resources if people do not have insurance or do not have an accepted insurance.

There is also an increase in mental health challenges and substance use/misuse, meaning more people are seeking services. Key informants were concerned about an increase in fentanyl use and related overdoses.

Long wait lists can be a result of a lack of behavioral health providers in general. There is a particular need for more bilingual and bicultural providers, as there is a lack of culturally responsive and linguistically appropriate behavioral health services. To help triage the appropriate level of care for individuals seeking support, behavioral health coaches can help fill the gap of licensed therapists and other professionals.

Key informants spoke to a strong need for the following behavioral health services:

- More behavioral health providers in general to meet the growing need
- More bilingual and bicultural providers to serve the Spanish speaking community and communities that speak other languages
- Substance use disorder (SUD) recovery programs that include supports for parents with children

Key informants were particularly concerned about the following populations:

- Young people: Key informants shared concern for youth mental health, particularly due to negative social media influences, and youth suicide rates.
- Spanish-speaking community members: There are a lack of culturally responsive mental health services for Spanish-speaking families. There is also stigma in the Latino/a community related to

accessing mental health services, although key informants noted they are seeing people seek help because they are desperate for support.
- Older adults: Social isolation and a lack of belonging were major concerns for older adults. Key informants noted a need for more cultural activities and events, particularly for Latino/a adults. Social isolation was worsened by the pandemic.
- Survivors of domestic violence: There is a need to ensure survivors of domestic violence receive support to address the long-term trauma and instability of domestic violence.

While some people are seeking behavioral health services, there are also families doing their best to address their immediate and basic needs, like feeding their families. These people may not have the time, capacity, or resources to reach out for help.
The COVID-19 pandemic exacerbated many behavioral health challenges as people lacked social connection and experienced more stress, isolation, and economic insecurity. Key informants shared that people are "desperate for help" to address their traumas and challenges. They see the mental health needs of young people and older adults as particularly amplified in the pandemic. Key informants shared they are seeing more behavioral issues with children and more developmental support needs.
Positively, the pandemic helped people understand that mental health challenges affect everyone, and everyone can seek support.

Medium Priority Unmet Health-Related Needs

Two additional needs were often prioritized by key informants:

4. Access to health care services, including transportation and language access
5. Equity and inclusion

Access to health care services, including transportation and language access
Key informants shared that accessing health care services can be difficult for many people for a variety of reasons. The health care system is confusing and difficult to navigate, meaning there is a need for more case management services to help people navigate the complexity.
There is a lack of access to specialists in particular, with people often traveling outside of Napa for those services, which can be burdensome because of the cost and time required. Specifically, more prenatal services are needed.

Transportation to care can be difficult for people seeking specialty care outside of Napa. It is also a barrier for older adults who may have difficulty using public transportation.

Language access is a specific challenge. There is a need for more bilingual and bicultural providers to provide culturally responsive care in Spanish.
Systemic barriers were also noted as preventing people from being able to access appropriate care. Specifically, medical reimbursement models make it difficult to prevent problems. For example, patients may need dry shoes and socks, which is not reimbursable, although foot amputation for the effects of not having dry socks and shoes can be reimbursed. Key informants spoke to needing to prevent people from needing emergency care or hospital services by investing as a community in providing some of the basics that keep people healthy. Documentation status can also be a barrier to accessing health insurance, preventing some people from being able to afford needed care.

Key informants spoke to the additional barriers to timely and responsive care for the following populations:

- The LGBTQIA+ population: Key informants spoke to a need for gender affirming care in the community, as well as providers that are responsive and knowledgeable in caring for this community. LGBTQIA+ patients may not feel safe or seen seeking the care they need.
- People with undocumented status of mixed-status families: Mixed-status families, or those with a variety of documentation statuses, may not qualify for health insurance or feel safe seeking insurance.
- Older adults: There is a need for more care for older adults, particularly related to dementia and Alzheimer's care.
- Survivors of domestic violence: Survivors of domestic violence may not have had access to medical services and will need to re-engage in services.

Key informants spoke to patients delaying preventive care during the height of the pandemic, leading to significantly worse health and unmanaged chronic conditions.

Equity and inclusion

Key informants shared the community needs to continue to invest in efforts to improve equity for all people living in Napa County, particularly for the following groups:

- The LGBTQIA+ population: Key informants spoke to a need to address discrimination and bullying that LGBTQIA+ identifying individuals experience. Young people experience bullying in school for their identity and people may not use the correct pronouns or name. Key informants spoke to the importance of addressing bullying of trans and LGBTQIA+ young people, ensuring their safety. Individuals experience biases and discrimination within health care and lack access to gender-affirming and inclusive care. They spoke to LGBTQIA+ people experiencing fear in their everyday lives that needs to be addressed.
- Indigenous Peoples of the U.S.: Racism and a lack of inclusion and respect affects Indigenous Peoples of the U.S. in Napa County. Young people may experience bullying for their culture and racial identity.
- Spanish-speaking community: Key informants spoke to the strong need for more services provided by bilingual and bicultural providers to serve the Spanish-speaking community in a culturally responsive way. This is inclusive of health care services, behavioral health services, and social services.

To improve understanding of other cultures and promote inclusion, key informants spoke to the importance of having events that celebrate cultures and bring people together.

FINDINGS FROM CAREGIVER LISTENING SESSIONS

Community Strengths

Caregivers identified the following community strengths:

People Care for One Another

Caregivers shared they consistently see community members taking care of one another and investing in one another. Families support one another through financial challenges and people share resources by word-of-mouth. People trust one another and go to each other for support in difficult times.

Many Organizations Serve the Community and Collaborate

Caregivers overwhelmingly spoke to the many great community resources that support their clients. There is connectivity and collaboration between organizations to help ensure people have access to the support they need. They spoke to many organizations having strong relationships and trust with the community, including the CARE Network.

There are quite a few health care providers in Napa County that work to provide quality care to clients. There are also affordable housing sites that are working to help people afford to stay in the community. To leverage these resources, caregivers suggested having a central guide or booklet outlining the many resources, co-locating services, and providing information in the community, like at churches and community centers. They also suggested hosting town halls in English and Spanish to engage with the community and share about the efforts happening.

High Priority Unmet Health-Related Needs

Caregivers were asked to identify their top five health-related needs in the community. Two needs were prioritized by most caregivers and with high priority. Three additional needs were categorized as medium priority. Caregivers were most concerned about the following health-related needs:

1. Homelessness and housing instability
2. Behavioral health challenges and access to care (mental health and substance use/misuse)

Homelessness and housing instability

Caregivers spoke to a variety of housing-related needs in the county for all income levels, including the following:

- Affordable housing: Housing that is affordable for individuals and families of all income levels is needed.
- Low-income housing: Housing for families with low incomes, particularly those with a single income is needed.
- Shelter, especially for families with children: Shelter space is limited and typically at capacity. More shelters and more beds are needed, particularly for families with children (families typically must live apart) and for people in recovery.
- Workforce housing: Workers typically have to live far from their job, commuting into Napa to work in the hospitality industry. Workforce housing, that can be bought or rented, is needed.

Many people, including families and older adults, have difficulty living in Napa County because of the cost. Caregivers spoke to multiple families having to live together in one home, leading to overcrowding. Older adults need affordable housing that also provides supportive services.

Behavioral health challenges and access to care (mental health and substance use/misuse)

Caregivers spoke to a need for more accessible behavioral health services, including the following:

- Substance use disorder (SUD) residential treatment centers and medical detox: There is a need for more residential treatment centers and a local medical detox.
- More psych units and beds in Napa County for adults and children: There is a need for more psych beds in general, but in particular for adolescents and children.
- Case managers for people with severe mental illness: Having support with medication management and engaging various providers is needed.
- Crisis intervention services: More capacity for the mobile response team and crisis residential step-down facilities are needed.

Caregivers spoke to a need for more services to meet the specific needs for the following populations:

- Young people: Caregivers shared there needs to be more mental health services in schools and psych beds for adolescents and children.
- Spanish-speaking patients: More mental health providers that are bilingual and bicultural and more resources in Spanish are needed.
- People experiencing homelessness: Ensuring that people living unsheltered have access to behavioral health services is important.

Medium Priority Unmet Health-Related Needs

Three additional needs were often prioritized by caregivers:

3. Access to dental care
4. Access to health care services, including transportation
5. Economic insecurity, including affordable childcare

Access to dental care

Caregivers shared that accessing dental care can be very difficult for all ages because there are few dental appointments available locally. Clients often have to travel out of the county to other areas, like Vallejo, to access dental care, making transportation a barrier. Even out of the area, accessing appointments can be difficult. There is also a need for specialty dental care locally and more affordable dental care options for older adults.

Access to health care services, including transportation

Caregivers spoke to a need for a variety of health care services to make accessing appropriate care easier for community members:

- More primary care providers to address long wait times
- More urgent care centers for timely non-emergent care
- More specialty care locally to address long wait times
- More in-home support services, particularly for patients without Medi-Cal, inclusive of in-home caregivers for the aging population

Caregivers shared long wait times and **transportation** are major barriers to care, with many clients having to travel for specialty care. Transportation can be especially difficult for older adults who may not be able to take public transportation easily.

Accessing care is especially difficult for clients with undocumented status or mixed-status families that may not qualify for Medi-Cal. Accessing primary and specialty care is difficult for people without insurance and those under-insured.

Navigating the health care system can be difficult for many clients and having support is beneficial.

Economic insecurity, including affordable childcare

Caregivers discussed the need for living wage jobs to ensure people can afford the high cost of living in Napa County. They shared there is a lot of disparity in income across the county. To help individuals and families be financially stable, caregivers noted the following needs:

- Help paying utility bills
- Financial resources specifically for people with undocumented status or mixed-status families
- **Affordable childcare**

They also noted that older adults may have difficulty aging in place due to the increasing cost of living in the county. They also noted a need for more skill development and trade school for adults with limited education.

Appendix 3: Community Resources Available to Address Significant Health Needs

Queen of the Valley Medical Center cannot address all of the significant community health needs by working alone. Improving community health requires collaboration across community key informants and with community engagement. Below outlines a list of community resources potentially available to address identified community needs.

Table 1_Apx 3. Community Resources Available to Address Significant Health Needs

Organization Type	Organization or Program	Description of services offered	Street Address (including city and zip)	Significant Health Need Addressed
Homelessness Service Provider	Adobe Housing Services	Abode Services has been working in Napa County operating an emergency shelter and providing outreach, housing support, and rental assistance, as well as managing affordable housing units.	100 Hartle Ct, Napa, CA 94559	Housing
Hospital	Adventist Health St. Helena Hospital	A faith-based hospital providing a wide range of services, aimed at transforming the health experience of our communities by improving health, enhancing interactions, and making care more accessible.	10 Woodland Rd, St Helena, CA 94574	Access to Health Services
Mental Health Service Provider	Aldea Children & Family Services	The essential community partner for children and families in crisis. Aldea provides Behavioral Health and Social Services to families in need.	1546 1st St. Napa, CA 94559	Behavioral Health
Substance Use Treatment and Recovery Center	Alternatives for Better Living	A local center that aims to make substance use treatment services more available and accessible, particularly to people with the greatest need and the	701 School St, Napa, CA 94559	Behavioral Health

		fewest resources. One-on-one and group sessions are provided.		
Food Bank	CANV	A local food bank that provides a variety of nutritious food to low-income individuals, families, older adults and non-profit organizations throughout Napa County.	2521 Old Sonoma Rd. Napa, CA 94558	Food Access
Career Center	Career Point	A network of workforce development experts on a mission to provide the highest quality employment and training solutions for North Bay's businesses and career seekers.	1546 First Street Napa, CA 94559	Economic Stability
Clinic, FQHQ	CommuniCare+OLE	A Federally Qualified Health Center that provides primary care services including medical, dental, optometry, women's health, pediatric health, behavioral health nutrition, and pharmacy services primarily serving Medi-Cal beneficiaries throughout Napa, Solano, and Yolo Counties.	1141 Pear Tree Ln Napa, CA 94558 300 Hartle Ct Napa CA, 94559 1222 Pine St, A St Helena, CA 94574	Access to Health Services
Health Coverage Resource Center	Community Health Initiative	CHI works to improve the health of children, families and older adults by providing access to care through health insurance enrollment, patient education and advocacy.	2140 Jefferson St., Suite D Napa, CA 94559	Access to Health Services
Children & Family Service Provider	Community Resources for Children	Community Resources for Children provides adults who care for children with the knowledge, tools, and resources so that children thrive and continue to learn	3299 Claremont Way, Ste 1 Napa, CA 94558	Childcare

Community Resource Center	Cope Family Center	A family resource center located in Napa with the mission to empower parents, nurture children, and strengthen communities. They provide parents with the education, resources, and support they need to raise children who thrive	707 Randolph St, Napa, CA 94559	Access to Health Services;
Housing Resource Center	Fair Housing Napa Valley	Fair Housing Napa Valley's primary programs include fair housing enforcement and investigation, landlord/tenant counseling and mediation, education and outreach, disaster-related housing counseling, and related assistance to mobile home parks.	1303 Jefferson Street, Suite 200A Napa, CA 94559	Housing
Children & Family Service Provider	First 5 Napa County	First 5 Napa County supports our community in developing and enhancing coordinated, integrated, and equitable systems, that care for, support, educate and respect families and children 0-5 years of age.	1303 Jefferson Street #100A, Napa, CA 94559	Racial Equity and LGBTQIA+ Inclusion
Clinic	Kaiser Permanente	Provides primary care and outpatient services to Kaiser patients in Napa	3285 Claremont Way, Napa, CA 94558	Access to Health Services
Community Resource Center	LGBTQIA+ Connection	A multi-county initiative fostering healthy, diverse and inclusive communities, driven by youth and other emerging leaders in Napa and Sonoma counties. The organization is a hub of LGBTQIA+ information and a thriving center of the community, aimed toward	780 Lincoln Ave, Napa, CA 94558	Racial Equity and LGBTQIA+ Inclusion

		increasing awareness, visibility & wellness.		
Mental Health Service Provider	Mentis	Dedicated to the emotional health and wellbeing of all Napa County residents, Mentis provides bi-lingual, affordable mental health services to people of every age, stage and income level.	709 Franklin Street, Napa, CA 94559	Behavioral Health
Government, Safety Net Programs	Napa County Health & Human Services Agency	Napa County HHSA serves the community and supports its health and well-being through a wide range of services to residents of the county. Specific needs are addressed through various divisions including: Behavioral Health Child Welfare Services Comprehensive Services for Older Adults Public Health Self Sufficiency	751 Napa Valley Corporate Dr. Napa, CA 94558	Access to Health Care; Racial Equity and LGBTQIA+ Inclusion; Behavioral Health & Substance Use Services; Housing
Housing Services	Napa Housing Authority	Administer housing and rental assistance programs for City of Napa residents	1115 Seminary St, Napa, CA 94559	Housing
Substance Abuse Presentation; Harm Reduction	Napa Opioid Safety Coalition	NOSC is a collaboration of healthcare, law enforcement, education, and local non-profits to share prevention resources committed to improving opioid safety and treatment access in Napa County.	2751 Napa Valley Corporate Dr, Napa, CA 94558	Behavioral Health

11 Cal. Code Reg, Section 999.5(d)(5)(B)

A description of all charity care provided in the last five years by each health facility or facility that provides similar healthcare that is the subject of the agreement or transaction.

QVMC is committed to making its healthcare services accessible to their patients and to working with those in its community who are unable to afford charges associated with the cost of their medical care. To this end, QVMC provides financial assistance for qualifying patients who receive emergency or other medically necessary care at QVMC, as reflected in the PSJH Financial Assistance Policy (the "**Providence Financial Assistance Policy**"), attached to this Section 999.5(d)(5)(B) as **Exhibit 1**, in both English and Spanish. Patients are eligible for financial assistance when their family income is below 400% of the federal poverty guidelines. The specific discount amount is determined based on a sliding scale, with patients whose annual family income, adjusted for family size, is at or below 300% of the federal poverty level receiving a 100% discount (one end of the scale), those who is income is between 301% and 400% of the federal poverty level receiving an 87% discount, and those whose annual family income, adjusted for family size, is at or below 400% of the federal poverty level and the patient has incurred total medical expenses at Providence hospitals in the prior 12 months is in excess of 20% of their annual family income, adjusted for family size (and for certain eligible services) receiving a 100% write-off of patient responsibility amounts if they receive a one-time approval for catastrophic medical expenses charity care (the other end of the scale). If a patient has not submitted a complete Financial Assistance Application as outlined in the Providence Financial Assistance Policy but an analysis by an industry-recognized financial assessment tool estimates an approximate household income, adjusted for family size, is at or below 300% of the federal poverty level, the patient is presumptively eligible to receive a 100% discount. In no event are patients who are eligible for financial assistance charged more than the amounts generally billed for comparable care to patients with insurance. Patients seeking Providence's financial assistance must complete the financial assistance application, attached to this Section 999.5(d)(5)(B) as **Exhibit 2** in English and Spanish.

Included below is information regarding the amounts of charity care provided at QVMC in the last 5 years, estimated at forgone reimbursement levels that approximate the cost of care provided.

Charity Care Dollars	FY 2025	FY 2024	FY 2023	FY 2022	FY 2021
Total Charity Care Spending	$2,634,689	$1,754,486	$1,362,487	$3,179,696	$3,101,955

Attached to this Section 999.5(d)(5)(B) are the following documents:

EXHIBIT 1 TO

SECTION 999.5(d)(5)(B)

Subject: Providence Financial Assistance (Charity Care/Discount Payment) Policy – California	**Policy Number:** PSJH RCM 002 CA	
Department: Revenue Cycle Management	☐ New ☒ Revised ☐ Reviewed	**Date:** 12/1/2025
Executive Sponsor: SVP Chief Revenue CycleOfficer	**Policy Owner:** AVP Financial Counseling	
Approved by: SVP Chief Revenue Cycle Officer	**Implementation Date:** 1/1/2026	

Providence is a Catholic not-for-profit healthcare organization that is dedicated to its Mission of serving everyone, especially those who are poor and vulnerable. Providence believes that getting medical care is a right every person should have. Providence makes sure that emergent and medically necessary healthcare services are available to anyone in the community, even if they can't afford to pay.

SCOPE:
This policy applies to all Providence hospitals ("Providence") in the state of California. It covers all emergency, urgent and other medically necessary services (with the exception of experimental, investigative, aesthetic, or cosmetic care, or care for patient or physician convenience) (as defined in the definition of "Eligible Services"). A list of Providence hospitals covered by this policy can be found in Exhibit A. When we use the word "hospital" or "facility" in this policy, it is referring to the scope of facilities described in Exhibit A.

This policy shall be interpreted in a manner consistent with Section 501(r) of the Internal Revenue Code of 1986,as amended, with the Hospital Fair Pricing Policies outlined in the California Health and Safety Code (Sections 127400-127446), and with Title 22 of the California Code of Regulations § 96051-96051.37. If this policy and the law ever conflict, the law will be followed.

PURPOSE:
The purpose of this policy is to ensure there is a consistent, fair, and non-discriminatory method for providing financial assistance (also referred to as "Charity Care" or "Discounted Payments" as applicable) to eligible individuals who cannot afford to pay, in full or part, for the Eligible Services provided by Providence hospitals.

This policy is intended to comply with all applicable laws. This is the official Financial Assistance (Charity Care/Discount Payment) Policy (FAP) and Emergency Medical Care Policy for each Providence hospital in California.

RESPONSIBLE PERSONS:
Revenue Cycle Departments. In addition, all appropriate staff who perform functions relating to

registration, admissions, financial counseling, and customer support will receive regular training on this policy.

POLICY:
Providence will provide Eligible Services at no cost, or at a lower cost, to qualifying patients who either submit an application or are deemed to be eligible for financial assistance, consistent with the criteria set out in this policy. Patients must meet the eligibility requirements described in this policy to qualify. For purposes of this policy, the term "patient" will be used to refer to the patient as well as any person who is a guarantor or responsible party (i.e., an individual who is responsible for the payment of any facility charges on behalf of the patient which are not paid by a third party).

Providence hospital emergency departments will provide care for emergency medical conditions (within the meaning of the Emergency Medical Treatment and Labor Act) consistent with the emergency department's available capabilities, regardless of whether an individual is eligible for financial assistance.

Providence will not discriminate based on age, race, color, creed, ethnicity, religion, national origin, maritalstatus, sex, disability, veteran or military status, or any combination thereof, or any other basis prohibited by federal, state, or local law when making financial assistance determinations. Discrimination on the basis of sex includes, but is not limited to: sex characteristics, including intersex traits; pregnancy or related conditions; sexual orientation; gender identity; and sex stereotypes.

Providence hospital emergency departments will provide emergency medical screening examinations and stabilizing treatment or, where appropriate, will refer and transfer an individual to another hospital. Providence does not allow any actions, admission practices, or policies that would discourage individuals from seeking emergency medical care, such as permitting debt collection activities that interfere with the provision of emergency medical care.

List of Professionals Subject to Providence FAP: Each Providence hospital has a list of those physicians, medical groups, or other healthcare providers who are and who are not covered by this policy. Emergency room physicians who provide emergency medical services to patients at Providence California hospitals are required by California law to provide discounts to uninsured patients or patients with High Medical Costs who are at or below 400% of the FPL. Each Providence hospital will provide this list to any patient who requests a copy. The provider list can also be found online at the Providence website: www.providence.org/financialhelp

Financial Assistance Eligibility Requirements: Financial assistance is available to both uninsured and insured patients if they meet the requirements of this policy. Financial assistance granted consistent with this policy is intended to also comply with other laws regarding permissible benefits to patients. Providence will make an effort to see if there is any other insurance that could cover the costs of the Eligible Services prior to billing the patient. Patients will not be required to apply for medical assistance programs before being screened

for financial assistance, however, Providence may require that a patient participate in a screening for Medi-Cal eligibility when otherwise screening that patient for financial assistance eligibility. Patients without insurance will receive a discount. The types of bills that might be eligible for financial assistance adjustments include, but are not limited to: self pay, charges for patients with out-of-network coverage, and coinsurance, deductible, and copayment amounts related to insured patients. Deductible and coinsurance amounts claimed as a bad debt will be excluded from the reporting of financial assistance.

Patients seeking financial assistance may complete the standard Providence Financial Assistance Application and eligibility will be based upon financial need at that time or at any time Providence is in receipt of information regarding a patient's income that may indicate financial need. Efforts will be made to inform patients of the availability of financial assistance by providing information during admission and discharge, on the patient's billing statement, in patient accessible billing areas (like registration counters), on Providence's website, by oral notification during payment discussions, as well as on signage in inpatient and outpatient areas, including areas where patients are admitted or registered and in the emergency department. Also, Providence will notify patients that there are organizations that can help the patient understand the billing and payment process, as well as information about presumptive eligibility for financial assistance, and Providence will include the internet address for these organizations on its routine admissions forms presented to patients. Providence will keep records of the information used to determine financial assistance eligibility. Providence will provide a paper copy of this policy to a patient upon request.

Providence will also approve certain patients for a charity adjustment to their account balance by means other than a full Financial Assistance Application if the patients meet the requirements detailed later in this policy (please see "Financial Assistance Without a Financial Assistance Application").

Applying for Financial Assistance: Patients may request and submit a Financial Assistance Application, which is free of charge and available at the Providence facility, or by the following means: advising patient financial services staff at or prior to the time of discharge that assistance is requested, by mail, or by visiting www.providence.org/financialhelp. A person's application for financial assistance will be processed to determine if they may meet the criteria for financial assistance as set forth in this policy.

Providence facilities have designated staff ready to help patients complete the Financial Assistance Application and see if the patient qualifies for financial assistance from Providence itself or from government-funded insurance programs. Help with language translation is also available to address any questions and to assist in the completion of the Financial Assistance Application.

A patient may provide a completed Financial Assistance Application, including all requested supporting documentation, at any time. Providence will suspend any collection activities pending an initial determination of eligibility for financial assistance, provided that the patient is cooperative with Providence's reasonable efforts to reach an initial determination.

A determination ofeligibility for financial assistance can be made according to the income qualifications as detailed on Exhibit B.

Individual Financial Situation: A patient's income and expenses will be used in assessing the patient's individual financial situation. Additionally, Providence will consider and collect information related to assets as required by the Centers for Medicare and Medicaid Services (CMS) for Medicare cost reporting, which applies to Medicare patients who do not also have Medicaid insurance. While Providence does collect asset information from such individuals, and other information that Providence's financial counselors believe is needed, not all such assets will figure into the final amount of the award. For instance, the calculation of the award will not consider: (A) the first $100,000 of a patient's monetary assets (including their family's assets, if applicable), and 50% of a patient's monetary assets over the first $100,000 (including their family's assets, if applicable); (B) any equity in a primary residence; (C) retirement or deferred compensation plans qualified under the Internal Revenue Code or nonqualified deferred compensation plans; (D) one motor vehicle and a second motor vehicle if it is necessary for employment or medical purposes; (E) any prepaid burial contract or burial plot; and (F) any life insurance policy with a face value of $10,000 or less. The value of any asset that has a penalty for early withdrawal shall be the value of the asset after the penalty has been paid. Information requests from Providence to the responsible party to verify assets will be limited to that which is reasonably necessary and readily available to determine the existence, availability, and value of a person's assets and will not be used to discourage application for Charity Care or Discounted Care. Duplicate forms of verification will not be requested. Documentation of income will be limited to recent pay stubs or income tax returns. Providence may accept other forms of documentation of income, but will not require those other forms. Any income and asset information obtained by the hospital in evaluating a patient for Charity Care or Discounted Care will not be used for collection activities. For individuals who are not Medicare beneficiaries, or for individuals who have both Medicare and Medicaid insurance, no asset information will be requested or evaluated.

Income Qualifications: The patient's income, based on FPL, may be used to determine eligibility for financial assistance. Please see Exhibit B for details.

Eligibility Determinations: Patients will receive notification of FAP eligibility determination within 30 days of submission of the completed Financial Assistance Application and necessary documentation. The notification will specifically include an explanation of the basis for the determination. Once an application is received, collections efforts will be pended until a written determination of eligibility issent to the patient. Providence will not make a determination of eligibility for assistance based upon information which the hospital reasonably believes is incorrect or unreliable.

Dispute Resolution: Patients who have completed a Financial Assistance Application may appeal a determination of ineligibility for financial assistance by providing relevant additional documentation to Providence within 30 days of receipt of the notice of denial. The patient may need to provide relevant additional documentation in support of their appeal. Providence will suspend any collection activities pending review of the appeal. All appeals will be reviewed and if the review affirms the denial, written notification will be sent to the patient and State Department of Health, where required, and in accordance with the law. The final appeal process

will conclude within 10 days of receipt of the denial by Providence. An appeal may be sent to the Director of Financial Assistance at the following address: Providence Regional Business Office, P.O. Box 31001-3422, Pasadena, CA, 91110-3422, United States of America.

Financial Assistance Without a Financial Assistance Application: Providence may approve a patient for a charity adjustment to their account balance without a full Financial Assistance Application as outlined in the circumstances below:

- Presumptive Determinations: Such determinations will be made on a presumptive basis using an industry-recognized financial assessment tool that evaluates ability to pay based on publicly available financial or other records, including but not limited to approximate household income and household size according to the eligibility criteria set forth in Exhibit B. For patients that are presumptively determined to be eligible for write-offs based on this screening, eligible amounts will be written off as shown on Exhibit B. Patients who made payment prior to Providence determining the patient to be presumptively eligible for financial assistance may be required to submit a complete Financial Assistance Application in order to be evaluated for eligibility for refunds of amounts previously paid.

- Public Assistance Programs: Patients who are participating in state Medicaid programs are eligible for presumptive assistance. Patient account balances resulting from charges for Eligible Services that are non-reimbursable by Medicaid, Medi-Cal or other government-sponsored low-income assistance programs may be eligible for full charity write-off, including but not limited to non-reimbursable charges for Eligible Services related to the following:
    - Denied inpatient stays
    - Denied inpatient days of care
    - Non-covered services
    - Treatment Authorization Request (TAR) denials
    - Denials due to restricted coverage

For patients who participate in state funded FPL-qualified public assistance programs (e.g., CalFresh (known federally as the Supplemental Nutrition Assistance Program); CalWORKs (Temporary Assistance Program); Children's Health Insurance Program (CHIP); Women, Infants and Children Program (WIC); free lunch or breakfast programs; and low-income home energy assistance programs), Providence may consider such participation as proof of FPL or annual family income in order to determine eligibility for Presumptive Assistance pursuant to Exhibit B.

Catastrophic Medical Expenses: Providence will grant financial assistance at its discretion to grant additional assistance based on the patient's circumstances or in the event of a qualifying catastrophic medical expense if a patient's annual family income and total medical expenses at Providence facilities in the prior 12 months meet the requirements specified in Exhibit B. A complete Financial Assistance Application is required to be evaluated for eligibility for Catastrophic Medical Expenses.

Times of Emergency: Financial assistance may be available in times of a national or state

emergency, independent of assistance for catastrophic expenses. Eligibility criteria and discount amounts will be set at Providence's discretion at the time of such emergency. A complete Financial Assistance Application is required to be evaluated for eligibility for Financial Assistance during Times of Emergency.

Eligibility Requirements: Providence may deny a patient's Financial Assistance Application when the patient or other responsible party fails to meet the requirements outlined in this policy. Providence may, consistent with state law, impose eligibility requirements for financial assistance determinations without a Financial Assistance Application, including but not limited to requirements that patients respond to requests as necessary for their primary insurer to adjudicate a claim for reimbursement and that they provide information concerning any potential third party liability for the cost of services. If a patient does not qualify for financial assistance based on information considered without a complete Financial Assistance Application, the patient may still provide the required information pursuant to the Financial Assistance Application and be considered under the financial assistance eligibility and application process set forth in this policy.

Limitation on Charges for all Patients Eligible for Financial Assistance: No patient who qualifies for any of the above-noted categories of financial assistance will be charged more than the Amounts Generally Billed (AGB) percentage of gross charges for Eligible Services, as defined below.

Reasonable Payment Plan: All patients can request a payment plan, regardless of financial assistance determination or application. The payment plan will include monthly payments (without interest or late fees) that are not more than 10% of a patient's or their family's monthly income, minus the patient's usual living costs as listed on the patient's Financial Assistance Application. Providence may take into consideration the availability of a patient's health savings account when implementing a payment plan. The payment plan may be declared no longer operative after the patient's failure to make all consecutive payments due during a 90-day period. Before declaring the payment plan no longer operative, Providence will make a reasonable attempt to contact the patient by telephone and, to give notice in writing, that the payment plan may become inoperative, and the opportunity to renegotiate the payment plan. Before Providence declares the payment plan as inoperative, Providence will try to renegotiate the terms of the defaulted payment plan, if requested by the patient.

Billing and Collections: If there are any amounts left to pay after application of eligible financial assistance, the amounts may be referred to collections, except that Providence will not refer amounts for Eligible Services provided to Medicaid patients to collections. Before referring an unpaid charge for collections to a collection agency, Providence will conduct a pre-collections screening to determine if the patient qualifies for presumptive assistance as described in this policy. Providence will provide, or require any third party collection agencies to provide, the written notice required under Cal. Health & Safety Code § 127430 about the patient's rights under the Fair Debt Collection Practices Act prior to collection activities. Collection efforts on unpaid balances will cease pending final determination of financial assistance eligibility. In the event an individual has not yet submitted a Financial Assistance Application, Providence will screen such individuals for eligibility for presumptive

determinations in a timeframe consistent with applicable state law and Providence billing and collection practices. Financial assistance based on presumptive determinations will be provided as set forth in Exhibit B. If an individual would like an earlier determination of eligibility for financial assistance, they may submit a Financial Assistance Application at any time. Providence will not take, or allow collection agencies to take, any Extraordinary Collection Actions, as defined below. For information on Providence billing and collections practices for amounts owed by patients, please see Providence's Patient Bad Debt Assignment policy, which is available free of charge at each Providence hospital's registration desk, or at: www.providence.org/billing-support/understand-bill.

Patient Refunds: If a patient pays for Eligible Services and is later found eligible for financial assistance based on financial assistance application, any payments made for those Eligible Services during the FAP-Eligible Time Period which exceed the payment obligation will be refunded, in accordance with state and federal regulations. For clarity, Providence will not automatically refund amounts previously paid based on a presumptive eligibility determination.

Annual Review: This policy will be reviewed annually by designated Revenue Cycle leadership.

EXCEPTIONS:
See Scope above.

DEFINITIONS:
The following definitions and requirements apply to this policy:

1. Federal Poverty Level (FPL): FPL means the poverty guidelines updated periodically in the Federal Registerby the United States Department of Health and Human Services.

2. Amounts Generally Billed (AGB): The amounts generally billed for emergency and other medically necessary care to patients who have health insurance is referred to in this policy as AGB. Providence Southern California and Providence Northern California determine the applicable AGB percentage for each Providence facility by multiplying the facility's gross charges for the Eligible Services by a fixed percentage that is based on claims allowed under Medicare or Medi-Cal, whichever is greater. Information sheets detailing the AGB percentages used by each Providence facility, and how they are calculated, can be obtained by visiting the following website: www.providence.org/financialhelp or by calling 1-866-747-2455 to request a copy.

3. Eligible Services: Eligible Services means the emergency or medically necessary services provided by a Providence facility that are eligible for financial assistance. Medically necessary services, for purposes of this policy, include services to prevent, diagnose, or treat an illness, injury, condition, or disease, or the symptoms of an illness, injury, condition, or disease, and that meet accepted standards of medicine. Services that are aesthetic, cosmetic, experimental, investigative, or part of a clinical research program, or services that are for patient or physician convenience, are not considered medically necessary

services.

4. Extraordinary Collection Action (ECA): ECAs are defined as those actions that require a legal or judicial process,involve selling a debt to another party, or involve reporting adverse information to credit agencies or bureaus. The actions that require legal or judicial process for this purpose include a lien; foreclosure on real property; attachment or seizure of a bank account or other personal property; commencement of a civil action against an individual; actions that cause an individual's arrest; actions that cause an individual to be subject to body attachment; and wage garnishment.

5. FAP-Eligible Time Period: The FAP-Eligible Time Period for (i) hospital services is the 240-day period of time; and (ii) clinic services is the 90-day period, in each case that a patient has to submit a Financial Assistance Application to Providence. The timing begins on the date the first post-discharge billing statement is provided to the patient. A billing statement is considered "post-discharge" if it is provided to a patient after the patient received care, whether inpatient or outpatient, and the individual has left the facility. A separate FAP-Eligible Time Period starts with each episode of care, and the 240-day period for hospital services or 90-day period for clinic services, as applicable, will be measured from the first post-discharge bill for the most recent episode of care. That said, Providence has the discretion to accept and process Financial Assistance Applications from patients at any time.

6. High Medical Costs: High medical costs are those as defined by the Hospital Fair Pricing Policies (Cal. Health & Safety Code § 127400(g)), as being: (1) annual out-of-pocket costs incurred by the individual at the Providence hospital that exceed the lesser of 10% of the patient's current family income or family income in the prior 12 months, (2) annual out-of-pocket expenses that exceed 10% of the patient's family income, if the patient provides documentation of the patient's medical expenses paid by the patient or the patient's family inthe prior 12 months, or (3) a lower level determined by the Providence hospital in accordance with this policy. For purposes of this definition, "out-of-pocket costs" means any expenses for medical care that are not reimbursed by insurance or a health coverage program, such as Medicare copays or Medi-Cal cost sharing.

7. Charity Care: Means free care, as defined in Cal. Health and Safety Code § 127400.5(a).

8. Discounted Payment or Discount Payment: Means any charge for care that is reduced but not free, as defined in Cal. Health and Safety Code § 127400.5(b).

9. Patient's Family: Includes the following as defined in Cal. Health & Safety Code § 127400(h):

   If the patient is 18 and older, family includes, spouse, domestic partner, and any dependent children under 21 years old, or any age if disabled, whether living at home or not.

If the patient is under 18 or for a dependent child 18 to 20 years of age**,** family includes parents, caretaker relatives, and parent's or caretaker relatives', other dependents under 21 years of age, or any age if disabled.

PSJH-RCS-1603 Patient Bad Debt Assignments

Executive Sponsor:	Gregory Hoffman, Chief Financial Officer
Policy Owner:	Ryan Thompson, SVP, Chief Revenue Officer
Contact Person:	Ryan Thompson, SVP, Chief Revenue Officer

Scope:

This policy applies to patient liabilities where internal collection efforts have not resulted in full payment according to the established timeframe and processes. This policy applies to Providence and its Affiliates[i] that provide healthcare services and their employees (collectively known as "Providence"). This policy does not apply to Providence Health Plan (PHP)[ii] or U.S. Family Health Plan (USFHP).

☑ Yes ☐ No Is this policy applicable to Providence Global Center (PGC) caregivers?

This is a management level policy reviewed and recommended by the Policy Advisory Committee (PAC) to consider for approval by senior leadership which includes vetting by Executive Council with final approval by the President, Chief Executive Officer, or appropriate delegate.

Purpose:

Providence is a not-for-profit healthcare organization guided by a commitment to its Mission of serving all, especially those who are poor and vulnerable, by its Core Values of compassion, dignity, justice, excellence and integrity, and by the belief that health is a human right.

The purpose of this policy is:

A. To ensure compliance by Providence and any contracted entities for bad debt collections with regulatory requirements including Medicaid and Medicare state and

federal regulations as well as Internal Revenue Code 501(r).

B. To assure Providence makes reasonable efforts to make the patient aware of financial assistance before assigning an account to bad debt.

C. To assure Providence makes reasonable efforts to screen the patient for financial assistance eligibility prior to assigning an account to bad debt.

Definitions:

For the purposes of this policy the following definitions and requirements apply:

A. **FAP (Financial Assistance Policy)** is Providence's Charity Care/Financial Assistance Policy, as supplemented and clarified by state and regional Financial Assistance (Charity Care) Policies, providing free or discounted services for eligible patients in accordance with relevant regulatory requirements.

B. **Extraordinary Collection Action (ECA's)** are defined as those actions requiring a legal or judicial process, involve selling a debt to another party or reporting adverse information to credit agencies or bureaus. The ECA's that require legal or judicial process for this purpose include a lien; foreclosure on real property; attachment or seizure of a bank account or other personal property; commencement of a civil action against an individual; actions that cause an individual's arrest; actions that cause an individual to be subject to body attachment; and wage garnishment.

Plain Language Summary is a written statement to communicate that Providence offers financial assistance under the FAP for inpatient and outpatient hospital services and contains the information required to be included in such a statement under the FAP.

D. **Escalated patient complaint** is a scenario in which a patient is dissatisfied with the resolution and/or handling of their account(s) and requests to have someone at a higher level of authority resolve the complaint.

Policy:

To ensure the best possible experience relating to collection efforts for patient liabilities, Providence has developed this policy to facilitate consistent and quality approaches for bad debt assignments. This policy shall be interpreted in a manner consistent with Internal Revenue Code 501(r), as amended. In the event of a conflict between the provisions of such laws and this policy, such laws shall control.

Requirements:

1. Providence will not sell debt to a third party. PSJH maintains authority to advance patient debt to bad debt collection agencies.

2. In general, an account will not be assigned to a bad debt collection agency during the screening process or while the patient’s financial status or application for insurance or financial assistance is under review or in process, or during the pendency of an appeal from a determination of charity care sponsorship status. Prior to placement of an

account with a bad debt collection agency, Providence will make reasonable efforts to inform patients, collect patient liabilities, and screen for charity eligibility in accordance with regulatory requirements and the Providence FAP. This may include:

a. Providing billing statements with a conspicuous written notice to inform patients about the availability of financial assistance, as well as a direct phone number and website address where applications, policies, plain language summaries, and translation services may be obtained including a statement that nonprofit counseling services may be available in the area.

b. Assuring availability of a plain language summary of the Providence (FAP) with at least one (1) post-discharge communication as part of the intake or discharge process.

c. Screening the account for financial assistance in accordance with the Providence FAP.

d. Assuring bad debt collection agencies to which accounts may be assigned are compliant with Medicaid and Medicare state and federal regulations as well as 501(r) requirements, including being licensed as a debt collector, as may be required under state law, and that the agencies will not engage in ECAs, including but not limited to commencement of legal actions against patients.

e. Assuring adequate encryption of Protected Health Information (PHI) for any patient information provided to a bad debt collection agency to which accounts may be assigned.

Prior to assigning an account to a bad debt collections agency, sending a patient notice of certain information related to such bad debt (e.g., date(s) of service and amounts of the bill). For patients in California, such notice must include a summary of the patient's rights related to the collection activities and the name of the bad debt collection agency.

3. Requirements for bad debt collection agencies to which Providence accounts are assigned:

a. Accounts will stay with the primary bad debt vendor until the account is deemed uncollectible or up to three hundred and sixty-five (365) days from placement, whichever comes first. Accounts deemed uncollectible will be returned on a monthly basis, not to exceed 365 days. Accounts over 365 days, which are on an active payment plan, may remain with the agency until resolution. Providence may choose at any time and for any reason to recall accounts and may resolve such accounts internally or place returned accounts with a secondary or tertiary bad debt placement agency.

b. The collection agency must follow all appropriate regulations including the Fair Debt Collection Practices Act, (FDCPA)[1], the Telephone Consumer Protection Act (TCPA) 501(r) and any other applicable state or federal regulations. Specifically, regarding state and federal regulations, the agency:

i. Must also ensure that no ECA's are taken.

ii. Must suspend collection efforts if notified by Providence that the

patient submitted a FAP application after the assignment, and thereafter follow Providence instructions regarding the account.

iii. Must report any patient escalated complaints received on Providence account to PSJH.

iv. Must not re-assign the account to another agency without Providence's express approval.

c. Where the bad debt collection agency identifies that the patient has filed bankruptcy, the agency must notify Providence.

d. The collection agency will not sell bad debt.

e. The collection agency will not: (a) use or threaten to use force or violence to cause physical harm to the patient or the patient's family or property; (b) threaten arrest or criminal prosecution; (c) threaten to seize, attach, or sell a patient's property if doing so requires a court order; (d) use profane, obscene, or abusive language in communications with the patient's employer concerning the nature or existence of the debt; or (f) conceal the true purpose of the collections-related communication.

4. The collection agency must agree to return, and Providence will accept, any account in which the balance has been determined to be incorrect due to the availability of a third-party payer, or the patient is eligible for charity care or financial assistance. In the event that a patient has paid on an account and is subsequently found to have met financial assistance criteria, Providence will refund appropriate amounts to the patient or responsible party in accordance with any applicable state law.

5. Neither Providence nor any collection agency will:

a. Charge interest on the patient's medical debt.

b. Attempt to collect a medical debt from a patient's child or other family member who is not financially responsible for the debt, if prohibited by state law.

c. Use recent pay stubs or income tax returns provided by the patient for collection activities.

Asunto: Política de Asistencia Financiera de Providence (Atención Caritativa/Pago con Descuento): California	**Número de política:** PSJH RCM 002 CA	
Departamento: Gestión del Ciclo de Ingresos	☐ Nuevo ☒ Modificado ☐ Revisado	**Fecha:** 1 de diciembre de 2025
Patrocinador ejecutivo: Vicepresidente Sénior y Jefe del Ciclo de Ingresos	**Propietario de la política:** AVP Financial Counseling	
Aprobado por: Vicepresidente Sénior y Director del Ciclo de Ingresos	**Fecha de implementación:** 1 de enero de 2026	

Providence es una organización católica de atención médica sin fines de lucro que se dedica a su misión de servir a todos, especialmente a los pobres y vulnerables. Providence cree que recibir atención médica es un derecho que toda persona debería tener. Se asegura de que los servicios de atención médica emergentes y necesarios desde el punto de vista médico estén disponibles para cualquier persona en la comunidad, incluso si no pueden pagarlos.

ALCANCE:
Esta política se aplica a todos los hospitales Providence ("Providence") del estado de California. Cubre todos los servicios de emergencias, urgencias y otros servicios necesarios desde el punto de vista médico (con la excepción de la atención experimental, de investigación, estética o cosmética, o la atención para la conveniencia del paciente o del médico) (según se detalla en la definición de "Servicios Elegibles"). En el Anexo A figura una lista de los hospitales Providence cubiertos por esta política. Cuando utilizamos la palabra "hospital" o "centro" en esta política, nos referimos al ámbito de los centros descritos en el Anexo A.

Esta política se interpretará de manera consistente con la Sección 501(r) del Código de Rentas Internas de 1986, y sus enmiendas, con las Políticas de Precios Justos para Hospitales descritas en el Código de Salud y Seguridad de California (Secciones 127400-127446), y con el Título 22 del Código de Reglamentos de California § 96051-96051.37. Si en algún momento esta política y la ley entran en conflicto, prevalecerá la ley.

PROPÓSITO:
El propósito de esta política es garantizar que exista un método consistente, justo y no discriminatorio para brindar asistencia financiera (también conocida como "Atención caritativa/Pagos con descuento", donde corresponda) a personas que reúnen ciertos requisitos y que no pueden pagar, total o parcialmente, los Servicios Elegibles proporcionados por los hospitales de Providence.

Tiene como objetivo cumplir con todas las leyes aplicables. Esta es la Política oficial de Asistencia Financiera (Atención Caritativa/Pago con Descuento) (FAP) y la Política de Atención Médica de Emergencia para cada hospital Providence en California.

PERSONAS RESPONSABLES:
Departamentos de Ciclo de Ingresos. Además, todo el personal pertinente que realice funciones relacionadas con el registro, las admisiones, el asesoramiento financiero y la atención al cliente recibirá capacitación periódica sobre esta política.

POLÍTICA:
Providence brindará Servicios Elegibles sin costo, o a un costo menor, a pacientes que califiquen y presenten una solicitud o se consideren elegibles para recibir asistencia financiera, de acuerdo con los criterios establecidos en esta política. Para calificar, los pacientes deben cumplir con los requisitos de elegibilidad descritos en esta política. A los fines de esta política, el término “paciente” se utilizará para referirse al paciente, así como a cualquier persona que sea garante o parte responsable (es decir, una persona que es responsable del pago de cualquier cargo del centro en nombre del paciente que no sea pagado por un tercero).

Los departamentos de emergencia de los hospitales Providence proporcionarán atención a las afeccione médicas de emergencia (según el significado previsto en la Ley de Tratamiento Médico de Emergencia y Trabajo de Parto) de acuerdo con las capacidades disponibles del departamento, independientemente de si un individuo es elegible para asistencia financiera.

Providence no discriminará por motivos de edad, raza, color, creencias, etnia, religión, nacionalidad, estado civil, sexo, discapacidad, estado militar o de veterano o cualquier combinación de las anteriores, ni por ningún otro motivo prohibido por las leyes federales, estatales o locales, a la hora de tomar decisiones sobre la asistencia financiera. La discriminación por motivos de sexo incluye, entre otras: características sexuales, incluidos rasgos intersexuales; embarazo o condiciones relacionadas; orientación sexual; identidad de género y estereotipos de género.

Los departamentos de emergencias de los hospitales Providence realizarán exámenes médicos de emergencia y tratamiento estabilizador o, cuando corresponda, derivarán y trasladarán a una persona a otro hospital. Providence prohíbe cualquier acción, práctica de admisión o política que desaliente a las personas a buscar atención médica de emergencia, como permitir actividades de cobro de deudas que interfieran en la provisión de atención médica de emergencia.

Listado de profesionales sujetos a la FAP de Providence: Cada hospital Providence posee una lista de los médicos, grupos médicos u otros profesionales de atención médica que brindan servicios que están y no están cubiertos por esta política. La ley de California exige a los médicos de emergencias que prestan servicios médicos de emergencia a los pacientes de los hospitales Providence de California que ofrezcan descuentos a los pacientes no asegurados o a los pacientes con gastos médicos elevados que se encuentren al 400 % del FPL o por debajo de esta cifra. Cada hospital Providence proporcionará esta lista a cualquier paciente que solicite una copia. La lista de proveedores también se puede encontrar en línea en el sitio web de Providence: www.providence.org/financialhelp

Requisitos de elegibilidad para asistencia financiera: La asistencia financiera está disponible tanto para pacientes asegurados como no asegurados si cumplen con los requisitos de esta política. La asistencia financiera otorgada de conformidad con esta política también pretende cumplir con otras leyes con respecto a los beneficios permitidos para los pacientes. Providence se esforzará para identificar si existe algún otro seguro que pueda cubrir los costos de los Servicios Elegibles antes de facturar al paciente. No se exigirá a los pacientes que soliciten programas de asistencia médica antes de ser evaluados para la asistencia financiera; sin embargo, Providence puede exigir que un paciente participe en una evaluación de elegibilidad para Medi-Cal cuando, de otro modo, se evalúa a ese paciente para la elegibilidad para la asistencia financiera. Los pacientes sin seguro recibirán un descuento. Los tipos de facturas que podrían ser elegibles para ajustes de asistencia financiera incluyen, entre otros: pago por cuenta propia, cargos para pacientes con cobertura fuera de la red y montos de coseguro, deducible y copago relacionados con pacientes asegurados. Los montos de

deducibles y coseguros reclamados como una deuda incobrable se excluirán del informe de asistencia financiera.

Los pacientes que buscan asistencia financiera pueden completar la Solicitud de Asistencia Financiera de Providence estándar y la elegibilidad se basará en la necesidad financiera en ese momento o en cualquier momento en que Providence reciba información sobre los ingresos de un paciente que pueda indicar necesidad financiera. Se realizarán esfuerzos para notificar e informar a los pacientes sobre la disponibilidad de asistencia financiera proporcionando información durante la admisión y el alta, en el estado de cuenta del paciente, en las áreas de facturación accesibles para el paciente (como mostradores de registros), en el sitio web de Providence, mediante comunicación oral durante las charlas de pago, así como en la cartelería en las áreas de pacientes hospitalizados y ambulatorios, incluidas las áreas donde los pacientes son admitidos o registrados y en el departamento de emergencias. Además, Providence notificará a los pacientes que existen organizaciones que pueden ayudarlos a comprender el proceso de facturación y pago, así como información sobre la supuesta elegibilidad para recibir asistencia financiera, y Providence incluirá la dirección de Internet de estas organizaciones en los formularios de admisión de rutina presentados a los pacientes. Providence mantendrá registros de la información utilizada para determinar la elegibilidad para recibir asistencia financiera. Proporcionará una copia impresa de esta política al paciente que la solicite.

Providence también aprobará un ajuste caritativo en el saldo de la cuenta de ciertos pacientes por medios distintos a una Solicitud de Asistencia Financiera completa si los pacientes cumplen con los requisitos detallados más adelante en esta política (consulte “Asistencia Financiera sin una Solicitud”).

Solicitud de asistencia financiera: Los pacientes pueden solicitar y presentar una Solicitud de Asistencia Financiera, la cual es gratuita y está disponible en los centros de Providence, o a través de los siguientes medios: informando al personal de servicios financieros del paciente (en el momento del alta o antes) que se solicita la asistencia, por correo o visitando www.providence.org/financialhelp. La Solicitud de Asistencia Financiera de una persona se procesará para determinar si puede cumplir con los criterios para asistencia financiera establecidos en esta política.

Los centros de Providence cuentan con personal designado listo para ayudar a los pacientes a completar la Solicitud de Asistencia Financiera y ver si el paciente califica para recibir asistencia financiera de Providence o de programas de seguros financiados por el gobierno. También se encuentra disponible ayuda con la traducción de idiomas para resolver cualquier pregunta y ayudar a completar la Solicitud de Asistencia Financiera.

Un paciente puede proporcionar una Solicitud de Asistencia Financiera completa, incluida toda la documentación de respaldo solicitada, en cualquier momento. Providence suspenderá cualquier actividad de cobro en espera de una determinación inicial de elegibilidad para asistencia financiera, siempre que el paciente o su garante cooperen con los esfuerzos razonables de Providence para llegar a una determinación inicial.

La determinación de la elegibilidad para la asistencia financiera se puede hacer de acuerdo con las calificaciones de ingresos que se detallan en el Anexo B.

Situación financiera individual: Los ingresos y gastos del paciente se utilizarán para evaluar la situación financiera individual del mismo. Además, Providence considerará y recopilará información relacionada con los activos según lo exijan los Centros de Servicios de Medicare y Medicaid (CMS) para el informe de costos de Medicare, lo que se aplica a pacientes de Medicare que tampoco tengan el seguro de Medicaid. Si bien Providence recopila información sobre los activos de dichas personas y otra información que los asesores financieros de Providence crean necesaria, no todos esos activos figurarán en el monto final de la asignación. Por ejemplo, el cálculo de la asignación no tendrá en cuenta: (A) los primeros $100.000 de los activos monetarios de un paciente (incluido su patrimonio familiar, si corresponde) y el 50 % de los activos monetarios de un paciente sobre los primeros $100.000 (incluido su patrimonio familiar, si corresponde); (B) cualquier capital en una residencia principal; (C) planes de jubilación o compensación diferida calificados bajo el Código de Rentas Internas o planes de compensación diferida no calificados; (D) un vehículo motorizado y un segundo vehículo motorizado si es necesario para fines laborales o médicos; (E) cualquier contrato de funeral o parcela de entierro prepago; y (F) cualquier póliza de seguro de vida con un valor nominal de $10.000 o menos. El valor de cualquier activo que tenga penalización por retiro anticipado será el valor del activo después de que se haya pagado la penalización. Las solicitudes de información de Providence a la parte responsable para verificar los activos se limitarán a lo que sea razonablemente necesario y esté fácilmente disponible para determinar la existencia, disponibilidad y valor de los activos de una persona y no se utilizarán para desalentar la solicitud de Atención Caritativa o Pago con Descuento. No se solicitarán formularios de verificación duplicados. La documentación de los ingresos se limitará a los últimos talones de pago o declaraciones de la renta. Providence puede aceptar otras formas de documentación de ingresos, pero no exigirá esas otras formas. Cualquier información de activos e ingresos obtenida por el hospital al evaluar a un paciente para Atención Caritativa o Pago con Descuento no se utilizará para actividades de cobro. Para las personas que no son beneficiarios de Medicare, o para aquellos que tienen seguro tanto de Medicare como de Medicaid, no se solicitará ni evaluará ninguna información sobre sus activos.

Calificaciones de ingresos: Los ingresos del paciente, basados en el nivel federal de pobreza (FPL), se pueden utilizar para determinar la elegibilidad para recibir asistencia financiera. Consulte el Anexo B para obtener más detalles.

Determinación de elegibilidad: Los pacientes recibirán una notificación de la determinación de elegibilidad de la FAP dentro de los 30 días posteriores a la presentación de la Solicitud de Asistencia Financiera completa y la documentación necesaria. La notificación incluirá específicamente una explicación del fundamento de la determinación. Una vez que se recibe una solicitud, los esfuerzos de cobro quedarán pendientes hasta que se envíe una determinación de elegibilidad por escrito al paciente. Providence no determinará la elegibilidad para recibir asistencia con base en información que el hospital crea razonablemente que es incorrecta o poco confiable.

Resolución de conflictos: Los pacientes que hayan completado una Solicitud de Asistencia Financiera pueden apelar una determinación de inelegibilidad para recibir asistencia financiera proporcionando la documentación adicional pertinente a Providence dentro de los 30 días posteriores a la recepción del aviso de denegación. Es posible que el paciente deba proporcionar documentación adicional pertinente para respaldar su apelación. Providence suspenderá cualquier actividad de cobro en espera de la revisión de la apelación. Se revisarán todas las apelaciones y, si la revisión confirma la denegación, se enviará una notificación por escrito al paciente y al Departamento de Salud del Estado, cuando sea necesario y de conformidad con la ley. El proceso de apelación final concluirá dentro de los 10 días posteriores a la recepción de la denegación por parte de Providence. Las apelaciones pueden enviarse al Director de Asistencia Financiera a la siguiente dirección: Providence Regional Business Office, P.O. Box 31001-3422, Pasadena, CA, 91110-3422, United States of America.

Asistencia financiera sin una solicitud: Providence puede aprobar un ajuste de caridad en el saldo de la cuenta de un paciente sin una Solicitud de Asistencia Financiera completa como se describe en las circunstancias a continuación:

- Determinaciones presuntivas: Tales determinaciones se harán sobre una base presuntiva utilizando una herramienta de evaluación financiera reconocida por la industria que evalúa la capacidad de pago sobre la base de los registros financieros u otros disponibles públicamente, incluyendo pero no limitado a los ingresos aproximados del hogar y el tamaño del hogar de acuerdo con los criterios de elegibilidad establecidos en el Anexo B. Para los pacientes presuntamente elegibles para la condonación sobre la base de este examen, los importes elegibles se condonarán según se indica en el Anexo B. Los pacientes que hayan efectuado el pago antes de que Providence determine que el paciente es presuntamente elegible para recibir asistencia financiera pueden tener que presentar una Solicitud de Asistencia Financiera completa a fin de que se evalúe su elegibilidad para recibir reembolsos de los montos pagados previamente.

- Programas de asistencia pública: Los pacientes que participan en programas estatales de Medicaid pueden optar por la asistencia presuntiva. Los saldos de cuentas de pacientes resultantes de cargos por Servicios Elegibles que no son reembolsables por Medicaid, Medi-Cal u otros programas de asistencia de bajos ingresos patrocinados por el gobierno pueden ser elegibles para una condonación caritativa completa, incluyendo pero no limitado a cargos no reembolsables por Servicios Elegibles relacionados con lo siguiente:
    - Estancias de hospitalización denegadas
    - Días de hospitalización denegados
    - Servicios no cubiertos
    - Denegaciones de Solicitudes de Autorización de Tratamiento (TAR)
    - Denegaciones por cobertura restringida

En el caso de pacientes que participan en programas de asistencia pública financiados por el estado y calificados según el FPL, por ejemplo, CalFresh (conocido de forma federal como el Programa Suplementario de Asistencia Nutricional); CalWORKs (Programa de Asistencia Temporal); el Programa de Seguro Médico para Niños (CHIP); el Programa para Mujeres, Bebés y Niños (WIC); programas de almuerzo o desayuno gratuitos; y programas de asistencia energética para hogares de bajos ingresos, Providence puede considerar dicha participación como prueba del FPL o ingreso familiar anual a fin de determinar la elegibilidad para recibir Asistencia Presuntiva conforme al Anexo B.

Gastos médicos catastróficos: Providence otorgará asistencia financiera a su discreción para conceder asistencia adicional basada en las circunstancias del paciente o en el caso de un gasto médico catastrófico que califique, si el ingreso familiar anual del paciente y el total de gastos médicos en los centros de Providence en los 12 meses anteriores cumplen con los requisitos especificados en el Anexo B. Se requiere una Solicitud de Asistencia Financiera completa para evaluar la elegibilidad para Gastos Médicos Catastróficos.

Tiempos de emergencia: La asistencia financiera estará a disposición en momentos de emergencia nacional o estatal, independientemente de la asistencia por gastos catastróficos. Los criterios de elegibilidad y los montos de descuento se establecerán a discreción de Providence en el momento de dicha emergencia. Se requiere una Solicitud de Asistencia Financiera completa para evaluar la elegibilidad para recibir asistencia financiera durante los tiempos de emergencia.

Requisitos de elegibilidad: Providence puede denegar la Solicitud de Asistencia Financiera de un paciente cuando este o un tercero responsable no cumplen con los requisitos descritos en esta política. Providence puede, de conformidad con la ley estatal, imponer requisitos de elegibilidad para determinaciones de asistencia financiera sin una solicitud, incluidos, entre otros, requisitos para que los pacientes respondan a solicitudes según sea necesario para que su aseguradora principal adjudique una reclamación de reembolso y para que proporcionen información sobre cualquier responsabilidad potencial de terceros por el costo de los servicios. Si un paciente no reúne los requisitos para recibir asistencia financiera sobre la base de la información considerada sin una Solicitud de Asistencia Financiera completa, el paciente puede proporcionar la información requerida de conformidad con la Solicitud de Asistencia Financiera y ser considerado bajo el proceso de elegibilidad y solicitud de asistencia financiera establecido en esta política.

Limitación de cargos para todos los pacientes elegibles para asistencia financiera: Ningún paciente que califique para cualquiera de las categorías de asistencia financiera antes mencionadas será responsable por un mayor porcentaje que el de los “Cantidades Generalmente Facturadas” (AGB) de los cargos brutos de Servicios Elegibles, como se define a continuación.

Plan de pago razonable: Todos los pacientes pueden solicitar un plan de pago, independientemente de la determinación o solicitud de asistencia financiera. El plan de pago razonable consistirá en pagos mensuales (sin intereses ni recargos por pagos atrasados) que no superen el 10 % de los ingresos mensuales de un paciente o su familia, sin incluir las deducciones por gastos básicos de subsistencia que el paciente indicó en su solicitud. Providence puede tener en cuenta la disponibilidad de la cuenta de ahorros médicos de un paciente a la hora de aplicar un plan de pago. El plan de pago puede ser declarado sin efecto si el paciente no efectúa todos los pagos consecutivos adeudados durante un período de 90 días. Antes de declararlo sin efecto, Providence intentará razonablemente ponerse en contacto con el paciente por teléfono y notificarle por escrito que el plan de pago puede quedar sin efecto, así como también ofrecerle la oportunidad de renegociarlo. Antes de que Providence declare sin efecto el plan de pago, intentará renegociar los términos del plan de pago incumplido, si así lo solicita el paciente.

Facturación y cobros: Si queda algún monto por pagar después de aplicar la asistencia financiera elegible, los montos pueden remitirse a cobranzas, excepto que Providence no remitirá a cobranzas los montos por Servicios Elegibles prestados a los pacientes de Medicaid. Antes de derivar un cargo impago para su cobro a una agencia de cobranzas, Providence realizará una evaluación previa al cobro para determinar si el paciente reúne los requisitos para recibir asistencia presuntiva, tal como se describe en esta política. Providence proporcionará, o exigirá que las agencias de cobro de terceros proporcionen el aviso por escrito requerido por Código de Salud y Seguridad de California § 127430 sobre los derechos del paciente en virtud de la Ley de Prácticas Justas en el Cobro de Deudas antes de las actividades de cobro. Los esfuerzos de cobro de saldos impagos cesarán hasta que se determine la elegibilidad de asistencia financiera. En caso de que una persona aún no haya presentado una Solicitud de Asistencia Financiera, Providence examinará a dichas personas para determinar su elegibilidad para determinaciones presuntivas en un plazo coherente con la ley estatal aplicable y las prácticas de facturación y cobro de Providence. La asistencia financiera basada en determinaciones presuntivas se proporcionará según lo establecido en el Anexo B. Si una persona desea una determinación más temprana de la elegibilidad para recibir asistencia financiera, puede presentar una Solicitud de Asistencia Financiera en cualquier momento. Providence no tomará, ni permitirá que las agencias de cobranza tomen ninguna acción extraordinaria de cobro, como se define a continuación. Para obtener información sobre las prácticas de facturación y cobro de los montos adeudados por los pacientes de Providence, consulte la política de Providence, que está disponible sin cargo en la mesa de registro de cada hospital de Providence, o en: www.providence.org/billing-support/understand-bill.

Reembolsos del paciente: Si un paciente paga por Servicios Elegibles y posteriormente se determina que califica para recibir asistencia financiera luego de haber completado una solicitud, cualquier pago realizado por esos Servicios Elegibles durante el Período de Tiempo Elegible para la FAP que exceda la obligación de pago será reembolsado, de acuerdo con las regulaciones estatales y federales. Para mayor claridad, Providence no reembolsará automáticamente los importes abonados previamente sobre la base de una determinación de elegibilidad presuntiva.

Revisión anual: Esta política será revisada anualmente por los responsables designados del Ciclo de Ingresos.

EXCEPCIONES:
Ver la sección Alcance arriba.

DEFINICIONES:
Las siguientes definiciones y requisitos se aplican a esta política:

1. Nivel Federal de Pobreza (FPL): El FPL son las pautas de pobreza actualizadas periódicamente en el Registro Federal por el Departamento de Salud y Servicios Humanos de los Estados Unidos.

2. Cantidades Generalmente Facturadas (AGB): Las cantidades generalmente facturadas por atención de emergencia y otra atención médicamente necesaria a pacientes que tienen seguro médico se denominan en esta política como AGB. Providence Southern California y Providence Northern California determinan el porcentaje de AGB aplicables para cada centro de Providence multiplicando los cargos brutos del centro por los Servicios Elegibles por un porcentaje fijo que se basa en los reclamos permitidos por Medicare o Medi-Cal, cualquiera que sea mayor. Las hojas de información que detallan los porcentajes de AGB utilizados por www.providence.org/financialhelp o llamando al 1-866-747- 2455 para solicitar una copia.

3. Servicios Elegibles: Servicios Elegibles son los servicios de emergencia o servicios médicamente necesarios proporcionados por un centro de Providence que son elegibles para recibir asistencia financiera. Los servicios médicamente necesarios, a los fines de esta política, incluyen servicios para prevenir, diagnosticar o tratar una enfermedad, lesión, afección o dolencia, o los síntomas de una enfermedad, lesión, afección o dolencia, y que cumplan con los estándares aceptados de medicina. Los servicios estéticos, cosméticos, experimentales, de investigación o parte de un programa de investigación clínica, o los servicios que son para la conveniencia del paciente o del médico, no se consideran servicios médicos necesarios.

4. Acción Extraordinaria de Cobro (ECA): Las ECA se definen como aquellas acciones que requieren un proceso legal o judicial, implican la venta de una deuda a un tercero o implican la comunicación de información adversa a agencias u oficinas de crédito. Las acciones que requieren proceso legal o judicial para este fin incluyen el embargo preventivo; la ejecución hipotecaria de bienes inmuebles; el gravamen o incautación de una cuenta bancaria u otra propiedad personal; el inicio de una acción civil contra un individuo; acciones que causan el arresto de una persona; acciones que hacen que una persona esté sujeta a detención por incumplimiento de una orden judicial y el embargo de salarios.

5. Período de tiempo elegible para la FAP: El período de tiempo elegible para la FAP para (i) servicios hospitalarios es de 240 días; y para (ii) servicios clínicos de 90 días, en los casos en que el paciente tenga que presentar una Solicitud de Asistencia Financiera a Providence. El período comienza en la fecha en que se proporciona al paciente el primer estado de cuenta posterior al alta. Un estado de cuenta se considera “posterior al alta” si se proporciona a un paciente después de que recibió atención, ya sea hospitalaria o ambulatoria, y la persona ha abandonado el centro. Un período de tiempo elegible para la FAP separado comienza con cada episodio de atención, y el período de 240 días para servicios hospitalarios o el de 90 días para servicios clínicos, según corresponda, se medirá a partir de la primera factura posterior al alta del episodio más reciente de atención. Dicho esto, Providence tiene la discreción de aceptar y procesar Solicitudes de Asistencia Financiera de pacientes en cualquier momento.

6. Costos médicos altos: Los costos médicos altos son aquellos definidos por las Políticas de Precios Justos de Hospitales (Código de Salud y Seguridad de California § 127400(g)), siendo: (1) gastos anuales de bolsillo incurridos por el individuo en el hospital Providence que excedan el menor de los siguientes valores: el 10 % de los ingresos familiares actuales del paciente o los ingresos familiares en los 12 meses anteriores, (2) gastos anuales de bolsillo que excedan el 10 % de los ingresos familiares del paciente, si se proporciona documentación de los gastos médicos pagados por el paciente o la familia del paciente en los 12 meses anteriores, o (3) un nivel inferior determinado por el hospital Providence de acuerdo con esta política. A efectos de esta definición, por “gastos de bolsillo” se entiende cualquier gasto por atención médica que no sea reembolsado por un seguro o un programa de cobertura médica, como los copagos de Medicare o la participación en los gastos de Medi-Cal.

7. Atención caritativa: Significa atención gratuita, tal como se define en Código de Salud y Seguridad de California § 127400.5(a).

8. Pago descontado o pago con descuento: Se refiere a cualquier cargo por atención que sea reducido pero no gratuito, tal como se define en el Código de Salud y Seguridad de California § 127400.5(b).

9. Familia del paciente: Incluye los siguientes, tal como se define en Código de Salud y Seguridad de California § 127400(h):

   Si el paciente tiene 18 años o más, la familia incluye al cónyuge, la pareja de hecho y los hijos dependientes menores de 21 años, o de cualquier edad si tienen una discapacidad, vivan o no en el domicilio familiar.

Si el paciente es menor de 18 años o tiene un hijo dependiente de entre 18 y 20 años de edad, la familia incluye a los padres, parientes cuidadores y los padres o parientes cuidadores, otros dependientes menores de 21 años de edad o de cualquier edad si tienen una discapacidad.

Anexo B: Requisitos de Ingresos para los Hospitales de Providence en el Sur de California

Si...	Entonces...
El ingreso familiar anual, ajustado según el tamaño de la familia, es igual o inferior al 300 % de las pautas actuales de la FPL,	Se determina que el paciente es económicamente indigente y califica para Atención caritativa con 100 % de condonación de los montos de responsabilidad del paciente.
El ingreso familiar anual, ajustado según el tamaño de la familia, está entre el 301 y el 400 % de las pautas actuales de FPL,	El paciente es elegible para un Pago con Descuento del 85 % de los cargos originales sobre los montos de responsabilidad del paciente por los Servicios Elegibles, y en ningún caso se le cobrará más de los AGB.
El ingreso familiar anual, ajustado según el tamaño de la familia, es menor o igual al 400 % del FPL Y ADEMÁS el paciente ha incurrido en gastos médicos totales en los hospitales de Providence en los 12 meses anteriores que superan el 20 % de su ingreso familiar anual, ajustado según el tamaño de la familia, para Servicios Elegibles,	El paciente tiene derecho a una aprobación única para una condonación de Atención caritativa para gastos médicos catastróficos del 100 % de los importes de responsabilidad del paciente por Servicios Elegibles adeudados a la fecha de presentación de la Solicitud de Asistencia Financiera.
Si un paciente no ha presentado una Solicitud de Asistencia Financiera completa, tal y como se indica en esta política, pero el análisis realizado por una herramienta de evaluación financiera reconocida por el sector estima que los ingresos aproximados del hogar, ajustados en función del tamaño de la familia, son iguales o inferiores al 300 % de las pautas actuales del FPL,	El paciente es presuntamente elegible para una condonación de Atención Caritativa del 100 % de los importes de responsabilidad del paciente por los Servicios Elegibles.

Requisitos de ingresos para los hospitales de Providence en el Norte de California y los hospitales de NorCal Health Connect en el Norte de California

Si...	Entonces...
El ingreso familiar anual, ajustado según el tamaño de la familia, es igual o inferior al 300 % de las pautas actuales de la FPL,	Se determina que el paciente es económicamente indigente y califica para Atención Caritativa con 100 % de condonación de los montos de responsabilidad del paciente
El ingreso familiar anual, ajustado según el tamaño de la familia, está entre el 301 y el 400 % de las pautas actuales de FPL,	El paciente es elegible para un Pago con Descuento del 87 % de los cargos originales sobre los montos de responsabilidad del paciente por los Servicios Elegibles, y en ningún caso se le cobrará más de los AGB.

El ingreso familiar anual, ajustado según el tamaño de la familia, es menor o igual al 400 % del FPL Y ADEMÁS el paciente ha incurrido en gastos médicos totales en los hospitales de Providence en los 12 meses anteriores que superan el 20 % de su ingreso familiar anual, ajustado según el tamaño de la familia, para Servicios Elegibles,	El paciente tiene derecho a una aprobación única para una condonación de Atención caritativa para gastos médicos catastróficos del 100 % de los importes de responsabilidad del paciente por Servicios Elegibles adeudados a la fecha de presentación de la Solicitud de Asistencia Financiera.
Si un paciente no ha presentado una Solicitud de Asistencia Financiera completa, tal y como se indica en esta política, pero el análisis realizado por una herramienta de evaluación financiera reconocida por el sector estima que los ingresos aproximados del hogar, ajustados en función del tamaño de la familia, son iguales o inferiores al 300 % de las pautas actuales del FPL,	El paciente es presuntamente elegible para una condonación de Atención Caritativa del 100 % de los importes de responsabilidad del paciente por los Servicios Elegibles.

Alcance:

Esta política se aplica a las obligaciones de los pacientes cuando las gestiones internas de cobro no han dado lugar al pago íntegro de acuerdo con los plazos y procesos establecidos. Esta política se aplica a Providence y a sus afiliados[i] que prestan servicios de atención médica y a sus empleados (conocidos colectivamente como “Providence”). Esta política no se aplica al Providence Health Plan (PHP)[ii] ni al U.S. Family Health Plan (USFHP).

☑ Sí ☐ No ¿Es aplicable esta política a los cuidadores del Providence Global Center (PGC)?

Se trata de una política de nivel directivo revisada y recomendada por el Comité Consultivo de Políticas (PAC) para someterla a la aprobación de la cúpula directiva, lo que incluye su examen por el Consejo Ejecutivo y la aprobación final por el Presidente, el Director Ejecutivo o el delegado correspondiente.

Propósito:

Providence es una Organización de atención médica sin fines de lucro guiada por el compromiso con su Misión de servir a todos, especialmente a los pobres y vulnerables, por sus Valores Fundamentales de compasión, dignidad, justicia, excelencia e integridad, y por la creencia que la salud es un derecho humano.

El propósito de esta política es:

A. Garantizar el cumplimiento de los requisitos normativos por parte de Providence y de cualquier entidad contratada para el cobro de deudas incobrables, incluidas las normativas estatales y federales de Medicaid y Medicare, así como del Código de Rentas Internas 501(r).

B. Garantizar que Providence realice esfuerzos razonables para informar al paciente sobre la disponibilidad de asistencia financiera antes de asignar una cuenta como deuda incobrable.

C. Garantizar que Providence realice esfuerzos razonables para evaluar la elegibilidad del paciente para recibir asistencia financiera antes de asignar una cuenta como deuda incobrable.

Definiciones:

A los efectos de esta política, se aplican las siguientes definiciones y requisitos:

A. **FAP (Política de Asistencia Financiera)** es la Política de Atención Caritativa/Asistencia Financiera de Providence, complementada y aclarada por las Políticas de Asistencia Financiera (Atención Caritativa) estatales y regionales, que proporciona servicios gratuitos o con descuento a pacientes elegibles de acuerdo con los requisitos normativos pertinentes.

B. **Las Acciones Extraordinarias de Cobro (ECA)** se definen como aquellas acciones que requieren un proceso legal o judicial, involucran la venta de una deuda a otra parte o el reporte de información adversa a las agencias u oficinas de crédito. Las ECA que requieren proceso legal o judicial para este fin incluyen el embargo preventivo; ejecución hipotecaria de bienes inmuebles, gravamen o incautación de una cuenta bancaria u otra propiedad personal; inicio de una acción civil contra un individuo; acciones que causan el arresto de una persona; acciones que hacen que una persona esté sujeta al apego corporal y embargo de salario.

   El **Resumen en Lenguaje Sencillo** es una declaración escrita para comunicar que Providence ofrece asistencia financiera en virtud de la FAP para servicios de hospitalización y ambulatorios, y contiene la información que debe incluirse en dicha declaración en virtud de la FAP.

D. La **reclamación escalada de un paciente** es una situación en la que un paciente no está satisfecho con la resolución o la gestión de su cuenta o cuentas y solicita que alguien con un nivel de autoridad superior resuelva la reclamación.

Política:

Para garantizar la mejor experiencia posible en relación con los esfuerzos de cobro de las deudas de los pacientes, Providence ha desarrollado esta política para facilitar enfoques coherentes y de calidad para las asignaciones de deudas incobrables. Esta política se interpretará de manera consistente con la Sección 501(r) del Código de Rentas Internas, en su versión modificada. En caso de conflicto entre las disposiciones de dichas leyes y esta política, dichas leyes prevalecerán.

Requisitos:

1. Providence no venderá deuda a terceros. PSJH tiene autoridad para transferir deudas de pacientes a agencias de cobro de deudas incobrables.

2. En general, no se asignará una cuenta a una agencia de cobro de deudas incobrables durante el proceso de determinación o mientras se esté revisando o tramitando la situación financiera del paciente o su solicitud de seguro o asistencia financiera, o durante el período de tramitación de una apelación de una determinación de la situación de patrocinio de atención caritativa. Antes de enviar una cuenta a una agencia de cobro de deudas incobrables, Providence hará los esfuerzos razonables para informar a los pacientes, cobrar las obligaciones del paciente y evaluar la elegibilidad de caridad de acuerdo con los requisitos normativos y la FAP de Providence. Esto puede incluir:

    a. Proporcionar extractos de facturación con un aviso escrito bien visible para informar a los pacientes sobre la disponibilidad de ayuda financiera, así como un número de teléfono directo y una dirección de sitio web donde puedan obtenerse solicitudes, políticas, resúmenes en lenguaje sencillo y servicios de traducción, incluida una declaración de que puede haber servicios de asesoramiento sin ánimo de lucro disponibles en la zona.

    b. Garantizar la disponibilidad de un resumen en lenguaje sencillo de Providence (FAP) con al menos una (1) comunicación posterior al alta como parte del proceso de admisión o alta.

    c. Examinar la cuenta para determinar la ayuda financiera de acuerdo con la FAP de Providence.

    d. Garantizar que las agencias de cobros de deudas incobrables a las que se puedan asignar cuentas cumplen la normativa estatal y federal de Medicaid y Medicare, así como los requisitos 501(r), incluida la obtención de una licencia de cobrador de deudas, según exija la legislación estatal, y que las agencias no se involucrarán en ECA, incluido, entre otros, el inicio de acciones legales contra los pacientes.

    e. Garantizar el cifrado adecuado de la Información Médica Protegida (PHI) para cualquier información del paciente proporcionada a una agencia de cobro de deudas incobrables a la que se puedan asignar cuentas.

    Antes de asignar una cuenta a una agencia de cobro de deudas incobrables, enviar al paciente una notificación con determinada información relacionada con dicha deuda incobrable (por ejemplo, fechas de servicio e importes de la factura). Para los pacientes de California, dicha notificación debe incluir un resumen de los derechos del paciente relacionados con las actividades de cobro y el nombre de la agencia de cobro de morosos.

3. Requisitos para las agencias de cobro de deudas incobrables a las que se asignan las cuentas de Providence:

a. Las cuentas permanecerán con el proveedor principal de deudas incobrables hasta que la cuenta se considere imposible de cobrar o hasta trescientos sesenta y cinco (365) días desde su colocación, lo que ocurra primero. Las cuentas consideradas imposibles de cobrar se devolverán mensualmente, sin superar los 365 días. Las cuentas de más de 365 días, que están en un plan de pago activo, pueden permanecer en la agencia hasta su resolución. Providence puede optar en cualquier momento y por cualquier motivo por retirar cuentas y resolver dichas cuentas internamente o colocar las cuentas devueltas con una agencia de colocación de deudas incobrables secundaria o terciaria.

b. La agencia de cobros debe cumplir toda la normativa pertinente, incluida la Ley de Prácticas Justas de Cobro de Deudas (FDCPA)1, la Ley de Protección del Consumidor Telefónico (TCPA) 501(r) y cualquier otra normativa estatal o federal aplicable. Concretamente, en lo que respecta a la normativa estatal y federal, la agencia:

    i. También debe asegurarse de que no se adopten medidas de cobro extraordinarias.

    ii. Debe suspender los esfuerzos de cobro si Providence le notifica que el paciente presentó una solicitud de FAP después de la asignación y, a partir de entonces, seguir las instrucciones de Providence con respecto a la cuenta.

    iii. Debe informar a PSJH de cualquier reclamación escalada del paciente recibida en la cuenta de Providence.

    iv. No debe reasignar la cuenta a otra agencia sin la aprobación expresa de Providence.

c. Cuando la agencia de cobro de deudas incobrables identifique que el paciente se ha declarado en quiebra, la agencia deberá notificarlo a Providence.

d. La agencia de cobros no venderá deudas incobrables.

e. La agencia de cobros no podrá: (a) utilizar o amenazar con utilizar la fuerza o la violencia para causar daños físicos al paciente o a su familia o a sus bienes; (b) amenazar con arrestos o acciones penales; (c) amenazar con confiscar, embargar o vender los bienes de un paciente si para ello se requiere una orden judicial; (d) utilizar un lenguaje profano, obsceno o abusivo en las comunicaciones con el empleador del paciente en relación con la naturaleza o la existencia de la deuda; o (f) ocultar el verdadero propósito de la comunicación relacionada con los cobros.

4. La agencia de cobros debe comprometerse a devolver, y Providence aceptará, cualquier cuenta en la que se haya determinado que el saldo es incorrecto debido a la disponibilidad de un tercero pagador, o el paciente sea elegible para atención caritativa o asistencia financiera. En caso de que un paciente haya pagado en una cuenta y posteriormente se determine que cumple los criterios de asistencia financiera, Providence reembolsará las cantidades apropiadas al paciente o a la parte responsable de acuerdo con cualquier ley estatal aplicable.

5. Ni Providence ni ninguna agencia de cobros:

    a. Cobrará intereses sobre la deuda médica del paciente.

    b. Intentará cobrar una deuda médica del hijo de un paciente o de otro miembro de la familia que no sea financieramente responsable de la deuda, si lo prohíbe la ley estatal.

    c. Utilizará talones de pago recientes o declaraciones de la renta proporcionadas por el paciente para las actividades de cobro.

SECTION 999.5(d)(5)(B)

Charity Care/Financial Assistance Application Form Instructions

This is an application for financial assistance (also known as charity care) at Providence.

Federal and state law requires all hospitals to provide financial assistance to people and families who meet certain income requirements. You may qualify for free care or discounted care (you will be considered for both through this common application) based on your family size and income, even if you have health insurance. To view our financial assistance policy and slide scale guidelines, please go to your residing state website from https:// www.providence.org/billing-support.

What does financial assistance cover? The medical financial assistance covers medically necessary care provided by one of our hospitals or clinics within our family of organizations depending upon your eligibility. Financial assistance may not cover all health care costs, including services provided by other organizations.

If you have questions or need help completing this application: Our financial assistance policies, information about the programs, and the application materials are available on our website or via phone. You may obtain help for any reason, including disability and language assistance. Translated written documents available upon request.

Here's how to contact us: https://www.providence.org/billing-support

Customer Service Representatives at: 503-215-7575 or (+1) 855-229-6466

Monday-Friday 8:00 am to 5:00 pm

In order for your application to be processed, you must:

- ❑ **Provide us information about your family**

Fill in the number of family members in your household (family includes people related by birth, marriage, or adoption who live together). If you live in California, household or family is determined in this way, *If the patient is 18 and older*, family includes, spouse, domestic partner, and any dependent children under 21 years old, or any age if disabled, whether living at home or not. *If the patient is under 18* or for a dependent child 18 to 20 years of age**,** family includes parents, relative caretakers, and parent's or relatives' caretakers', other dependents under 21 years of age, or any age if disabled.

- ❑ **Provide us information about your family's gross monthly income (income before taxes and deductions) to include pay stubs or tax returns, or other income information (e.g. W-2 forms, social security award letters) and statements for income drawn from assets.**[1] (see financial assistance application Income Section for more examples)
- ❑ **Attach additional information if needed**
- ❑ **Sign and date the financial assistance form**

Note: You do not have to provide a Social Security number to apply for financial assistance. If you provide us with your Social Security number, your Social Security number may be used to identify you or used to verify information provided to us. If you do not have a Social Security number, please mark "not applicable" or "NA." **Mail completed application with all documentation to**: Providence Regional Business Office, P.O. Box 31001-3422, Pasadena, CA 91110-3422 UNITED STATES OF AMERICA. Be sure to keep a copy for yourself.507846221.4

To submit your completed application in person: Take to your nearest Hospital Financial Counselor's Office. We will notify you of the final determination of eligibility and appeal rights, if applicable, between 14 and 30 days of receiving a complete financial assistance application, including documentation of income.

By submitting a financial assistance application, you give your consent for us to make necessary inquiries to confirm financial obligations and information.

[1] *Except as may be prohibited by state law, Providence will collect and consider information related to assets as required by the Centers for Medicare and Medicaid Services (CMS) for Medicare cost reporting. This applies specifically to Medicare beneficiaries who do not also have Medicaid insurance. For all others, asset information is optional.*

506318055.3

We want to help. Please submit your application promptly. You may continue to receive billing statements until we receive your completed application and required documentation unless prohibited by your state's charity care laws.

Providence

Please fill out all information completely. If it does not apply, write "NA." Attach additional pages if needed.

SCREENING INFORMATION

Do you need an interpreter? □ **Yes** □ **No** *If Yes, list preferred language:*

Has the patient applied for Medicaid? □ **Yes** □ **No** Is the patient Blind? □ **Yes** □ **No** Is the patient Disabled? □ **Yes** □ **No**

Does the patient receive state public services such as TANF, Basic Food, or WIC? □ **Yes** □ **No**

Instrucciones para el formulario de solicitud de atención caritativa/asistencia financiera

Esta es una solicitud para asistencia financiera (también conocida como atención caritativa) en Providence.

Las leyes federales y estatales requieren que todos los hospitales brinden asistencia financiera a las personas y familias que cumplan con ciertos requisitos de ingresos. Puede calificar para recibir atención gratuita o con descuento (se le considerará para ambas a través de esta solicitud en común) según el tamaño de su familia y sus ingresos, incluso si tiene seguro médico. Para ver nuestra política de asistencia financiera y las directrices de escala móvil, visite el sitio web de su estado de residencia en https://www.providence.org/billing-support.

¿Qué cubre la asistencia financiera? La asistencia financiera médica cubre la atención médicamente necesaria proporcionada por uno de nuestros hospitales o clínicas dentro de nuestra familia de organizaciones, según su elegibilidad. Es posible que la asistencia financiera no cubra todos los costos de atención médica, incluidos los servicios proporcionados por otras organizaciones.

Si tiene preguntas o necesita ayuda para completar esta solicitud: Nuestras políticas de asistencia financiera, información sobre los programas y los materiales de solicitud están disponibles en nuestro sitio web o por teléfono. Puede obtener ayuda por cualquier motivo, incluido discapacidad y asistencia con el idioma. Hay documentos escritos traducidos disponibles a pedido.

Cómo comunicarse con nosotros: https://www.providence.org/billing-support
Representantes de Servicio al Cliente en: 503-215-7575 o (+1) 855-229-6466
Lunes a Viernes de 8:00 a. m. a 5:00 p. m.

Para que su solicitud sea procesada, usted debe:

- ❑ **Brindarnos información sobre su familia**

  Complete el número de miembros de la familia en su hogar (la familia incluye personas relacionadas por nacimiento, matrimonio o adopción que viven juntas) Si vive en California, el tamaño del hogar o la familia se determina de esta manera: si el paciente tiene 18 años o más, la familia incluye al cónyuge, la pareja de hecho y los hijos dependientes menores de 21 años, o de cualquier edad si tienen una discapacidad, vivan o no en el domicilio familiar. Si el paciente es menor de 18 años o tiene un hijo dependiente de entre 18 y 20 años de edad, la familia incluye a los padres, parientes cuidadores y los padres o parientes cuidadores, otros dependientes menores de 21 años de edad o de cualquier edad si tienen una discapacidad.

- ❑ **Brindarnos información sobre los ingresos mensuales brutos de su familia (ingresos antes de impuestos y deducciones) que pueden incluir talones de pago o declaraciones de impuestos u otra información sobre ingresos (p.ej. formularios W-2, carta de adjudicación del seguro social) y declaraciones de ingresos extraídos de activos.**[1] (consulte la Sección de Ingresos de asistencia financiera para más información)
- ❑ **Adjuntar información adicional si es necesario**
- ❑ **Firmar y poner fecha en el formulario de asistencia financiera**

Nota: No tiene que proporcionar un número de Seguro Social para solicitar asistencia financiera. Si nos brinda su número de Seguro Social, este puede usarse para identificarlo o para verificar la información que nos proporcionó. Si no tiene un número de Seguro Social, marque “no aplicable” o “NA”. **Enviar por correo la solicitud completa con toda la documentación a:** Providence Regional Business Office, P.O. Box 31001-3422, Pasadena, CA 91110-3422 UNITED STATES OF AMERICA. Asegúrese de guardar una copia para usted.507846221.4

Para entregar su solicitud completa en persona: Acérquese a la Oficina de Consejería Financiera del Hospital más cercano. Le notificaremos la resolución final sobre la elegibilidad y los derechos de apelación, si corresponde, entre 14 a 30 días después de recibir una solicitud de asistencia financiera completa, incluida la documentación de ingresos.

Al enviar una solicitud de asistencia financiera, usted da su consentimiento para que hagamos las consultas necesarias para confirmar las obligaciones financieras y la información.

1 Salvo que lo prohíba la ley estatal, Providence recopilará y considerará la información relacionada con los activos según lo requieran los Centros de Servicios de Medicare y Medicaid (CMS en inglés) para el informe de costos de Medicare. Esto se aplica específicamente a los beneficiarios de Medicare que tampoco tienen seguro de Medicaid. Para todos los demás, la información de los activos es opcional.

506318055.3

Queremos ayudar. Envíe su solicitud a la brevedad. Puede continuar recibiendo resúmenes de facturación hasta que recibamos su solicitud completa y la documentación requerida, a menos que lo prohíban las leyes de atención caritativa de su estado.

Complete toda la información. Si no corresponde, escriba "NA". Adjunte páginas adicionales si es necesario.

INFORMACIÓN DE VERIFICACIÓN

¿Necesita un intérprete? □ **Sí** □ **No** *Si la respuesta es "Sí", indique el idioma preferido:*

¿El paciente ha solicitado Medicaid? □ **Sí** □ **No** ¿El paciente es ciego? □ **Sí** □ **No** ¿El paciente tiene una discapacidad? □ **Sí** □ **No**

¿El paciente recibe servicios públicos estatales como TANF, Basic Food o WIC? □ **Sí** □ **No**

¿El paciente está actualmente sin hogar? □ **Sí** □ **No**

¿La necesidad de atención médica del paciente está relacionada con un accidente automovilístico o una lesión laboral? □ **Sí** □ **No**

TENGA EN CUENTA

- No podemos garantizar que usted calificará para recibir asistencia financiera, incluso si la solicita.
- Una vez que envíe su solicitud, es posible que verifiquemos toda la información y solicitemos información adicional o prueba de ingresos.
- Dentro de los 14 a 30 días posteriores a la recepción de su solicitud y documentación completas, le notificaremos nuestra determinación.

INFORMACIÓN DEL PACIENTE Y DEL SOLICITANTE

Nombre del paciente	Segundo nombre del paciente		Apellido del paciente
□ Masculino □ Femenino □ Otro (puede especificar_____)	Fecha de nacimiento		Número de Seguro Social del paciente (opcional)
Persona responsable de pagar la factura	Relación con el paciente	Fecha de nacimiento	Número de Seguro Social (opcional)
Dirección postal _____ _____ Ciudad Estado Código postal País			Número(s) de contacto principal(es) ( ) _____ ( ) _____ Correo electrónico:

Situación laboral de la persona responsable de pagar la factura

□ **Empleado** (fecha de contratación):_____ □ **Desempleado** (cuánto tiempo lleva desempleado:) ___

□ **Trabajador autónom** □ **Estudiante** □ **Incapacitado** □ **Jubilado** □ **Otro** _____

INFORMACIÓN DE LA FAMILIA

Indique los miembros de su grupo familiar, incluido usted. “Familia” incluye personas relacionadas por nacimiento, matrimonio o adopción que viven juntas.

TAMAÑO DE LA FAMILIA —— *Adjunte una página adicional si necesita*

Nombre	Fecha de nacimiento	Relación con el paciente	Si tiene 18 años o más: Nombre del empleador o fuente de ingresos	Si tiene 18 años o más: Ingreso mensual bruto total (sin impuestos):	¿También solicita asistencia financiera?
					Sí/No
					Sí/No
					Sí/No
					Sí/No
					Sí/No
					Sí/No
					Sí/No

Se deben declarar los ingresos de todos los miembros adultos de la familia. Las fuentes de ingresos incluyen, por ejemplo: Salarios- Desempleo-Empleo autónomo-Compensación del trabajador-Discapacidad-SSI-Manutención infantil/conyugal-Programas de estudio y trabajo (estudiantes)- Ingresos extraídos de activos, por ejemplo, acciones, bonos, IRA, fondos de inversión, ingresos por alquiler, etc.

INFORMACIÓN DE INGRESOS

RECUERDE: Debe incluir un comprobante de ingresos con su solicitud.

Debe proporcionar información sobre los ingresos de su familia. Se requiere verificación de ingresos para determinar la asistencia financiera. Todos los miembros de la familia mayores de 18 años deben declarar sus ingresos. Si no puede proporcionar documentación, puede enviar una declaración firmada por escrito que describa sus ingresos. Proporcione un comprobante de cada fuente de ingresos identificada. Ejemplos de comprobantes de ingresos pueden ser:

- Una declaración de retención "W-2".
- Recibos de sueldo actuales (*3 meses*).
- Declaración de impuestos del último año, incluidos anexos si corresponde.
- Declaraciones escritas y firmadas de empleadores u otros.
- Declaraciones de ingresos extraídas de activos (acciones, bonos, IRA, fondos de inversión, etc.).
- Aprobación/rechazo de elegibilidad para compensación por desempleo.

Si no tiene un comprobante de ingresos o no tiene ingresos, adjunte una página adicional con una explicación.

INFORMACIÓN DE GASTOS

Usamos esta información para obtener un panorama más completo de su situación financiera.

Gastos básicos de subsistencia mensuales:

Renta/hipoteca $ _____ Gastos médicos $ _____

Primas del seguro médico $ _____ Servicios públicos $ _____

Otras deudas/gastos $ _____ (*manutención, préstamos, medicamentos, otros*)

INFORMACIÓN Y DOCUMENTACIÓN DE BIENES

Saldo actual de la cuenta corriente (consulte a continuación si necesita presentar un resumen bancario*)
$ _____

Saldo actual de la cuenta de ahorros
$ _____

¿Su familia tiene estos otros bienes?
Marque todo lo que corresponda:

□ Sin bienes

□ Acciones □ Bonos □ 401K

□ Cuenta(s) de ahorro para la salud

Para los beneficiarios de Medicare sin seguro de Medicaid, Providence puede solicitar resúmenes bancarios o documentación de origen similar.

**Esta información se requiere únicamente de los beneficiarios de Medicare que tampoco tienen seguro de Medicaid. Para todos los demás, esta información es opcional. Esta información solo se puede usar de acuerdo con nuestra política y las reglamentaciones del estado en las que recibió atención y se recopila y considera como requerido por los Centros de Servicios de Medicare y Medicaid (CMS en inglés) para el informe de costos de Medicare.*

INFORMACIÓN ADICIONAL

Adjunte una página adicional si hay otra información sobre su situación financiera actual que le gustaría compartir con nosotros, como dificultades financieras, gastos médicos excesivos, ingresos estacionales o temporales o pérdidas personales.

ACUERDO DEL PACIENTE

Entiendo que Providence puede verificar la información revisando la información crediticia y obteniendo información de otras fuentes para ayudar a determinar la elegibilidad para asistencia financiera o planes de pago.

Afirmo que la información anterior es verdadera y correcta a mi leal saber y entender. Entiendo que si se determina que la información financiera que brindo es falsa, el resultado puede ser el rechazo de asistencia financiera, y puedo ser responsable de los servicios prestados, y se espera que pague por ellos.

EXECUTIVE SUMMARY

Providence continues its Mission of service in Napa County through Queen of the Valley Medical Center (QVMC). QVMC is an acute-care hospital with 208 licensed beds, founded in 1958 and located in Napa, California. The hospital's service area is the entirety of Napa County, including 140,394 people.

QVMC dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. In FY21, the hospital provided **$48,342,400** in Community Benefit in response to unmet needs.

QVMC Community Health Improvement Plan Priorities

As a result of the findings of our 2019 CHNA and through a prioritization process aligned with our Mission, resources, and hospital strategic plan, Queen of the Valley Medical Center will focus on the following areas for its 2021-2023 Community Benefit efforts:

PRIORITY 1: HEALTH EQUITY – RACIAL & LGBTQ

The disproportionate impact of COVID-19 on Black, Brown, Indigenous, and People of Color (BBIPOC), as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities. Health inequities and systemic racism are preventing BBIPOC communities, particularly the Latino/a community, from accessing opportunities, and discrimination prevents the LGBTQ+ community from receiving responsive health care.

2021 Accomplishments

The Health Equity Playbook strategy was deferred to put resources into addressing health inequities related to the pandemic and longer-term Health Equity strategies. Community Health Investment (CHI) partnered with Napa County, OLE Health, Napa Valley Farmworkers, On The Move, Providence Medical Group, and UpValley Family Center to mitigate the spread of COVID-19 among the Latino families in our community. CHI caregivers assisted with COVID-19 testing, contract tracing, positive case investigation, bilingual education, and distributed outreach kits and disinfecting supplies to 2,650 low-income Spanish-speaking households to further prevent the spread of COVID-19. CHI and Providence Medical Group opened a vaccine clinic at Snow Elementary School and provided over 4,500 Covid-19 vaccines to community members. CHI also advocated for the Napa City Council to pass a resolution declaring discrimination and systemic racism a public health crisis.

PRIORITY 2: HOUSING & HOMELESSNESS

A major growing community need is around safer and more affordable housing stock, particularly for people with low incomes. The housing crisis in Napa highlights racial and economic inequities in the community, disproportionately affecting the Latino/a community, especially mixed status families. There is additional concern for older adults who have few affordable options in the community, particularly those living on a fixed income.

2021 Accomplishments

CHI invested in two affordable housing projects to increase safe and affordable housing stock in 2021. The Heritage House / Valle Verde project will consist of 33 permanent supportive housing units, 33 affordable housing units and 24 multi-family affordable housing units for the very low income. Napa's Project Homekey transitioned 16 unhoused community members into permanent housing. Throughout the pandemic, CHI's CARE Network caregivers collaborated with Napa County, City of Napa, Abode, NEWS, OLE Health and Catholic Charities to serve high risk clients. CARE Network caregivers supported the unhoused through care management, outreach and social work support. CHI advocated for the Napa County Board of Supervisors to extend the Eviction Moratorium to prevent increased homelessness and provided recommendations for Napa County's 2021 policy platform to make affordable housing a greater priority.

PRIORITY 3: MENTAL HEALTH & SUBSTANCE USE SERVICES

There is a general lack of mental health and substance use treatment services in the Napa community. School-age children, older adults, the Latino/a community, and individuals identifying as LGBTQ+ experience barriers to accessing responsive services.

2021 Accomplishments

CHI increased capacity to address mental health and substance use services through collaboration with Aldea, Exodus Recovery, Mentis, Alternatives for Better Living and Center Point. Four Substance Use Navigators were successfully embedded into the hospital to assist with outreach and navigation. Mental health programs continue in both English and Spanish for high-risk CARE Network clients and for the elderly through Healthy Minds Healthy Aging. CHI advocated for Napa County's 2021 policy platform to expand mental health and substance use services through investments and partnerships.

PRIORITY 4: ACCESS TO HEALTH SERVICES

There is concern around lack of access to health insurance for mixed status families as well as people losing their insurance due to job loss during the pandemic. A lack of specialists in Napa, transportation, and language barriers prevent individuals from accessing timely and responsive health care services.

2021 Accomplishments

CARE Network provided 36,426 total encounters to their clients through medical and social service care coordination and case management. In addition, throughout the pandemic, CARE Network collaborated with Napa County, Abode Services, and OLE Health to provide outreach, social services, and care management to our most vulnerable unhoused community members at Wine Valley Lodge, and the South Shelter Clinic. CHI caregivers also collaborated with Napa County and OLE Health to assist with testing, contact tracing, positive case investigation, bilingual education, and vaccination. CARE Network holds a strong presence on the Napa County Continuum of Care Committee. The Children's Mobile Dental Clinic increased capacity by hiring a new dental provider allowing them to increase clinic days from 4 to 5 day per week.

Providence

At Providence, we use our voice to advocate for vulnerable populations and needed reforms in health care. We are also pursuing innovative ways to transform health care by keeping people healthy, and making our services more convenient, accessible, and affordable for all. In an increasingly uncertain world, we are committed to high-quality, compassionate health care for everyone – regardless of coverage or ability to pay. We help people and communities benefit from the best health care model for the future – today.

Together, our 120,000 caregivers (all employees) serve in 52 hospitals, 1,085 clinics and a comprehensive range of health and social services across Alaska, California, Montana, New Mexico, Oregon, Texas, and Washington.

Providence across five western states:

- Alaska
- Montana
- Oregon
- Northern California
- Southern California
- Washington

The Providence affiliate family includes:

- Covenant Health in West Texas
- Facey Medical Foundation in Los Angeles, CA.
- Hoag Memorial Hospital Presbyterian in Orange County, CA.
- Kadlec in Southeast Washington
- Pacific Medical Centers in Seattle, WA.
- Swedish Health Services in Seattle, WA.

As a comprehensive health care organization, we are serving more people, advancing best practices, and continuing our more than 100-year tradition of serving the poor and vulnerable. Delivering services across seven states, Providence is committed to touching millions of more lives and enhancing the health of the American West to transform care for the next generation and beyond.

INTRODUCTION

Who We Are

Our Mission As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.

Our Vision Health for a Better World.

Our Values Compassion — Dignity — Justice — Excellence — Integrity

Queen of the Valley Medical Center is an acute-care hospital founded in 1958 and located in Napa, California. The hospital has 208 licensed beds, more than 1,687 caregivers (employees), and professional relationships with many local physicians. Major programs and services offered to the community include acute rehabilitation, bariatric surgery, cancer, cardiac, emergency, maternity and infant care, neurosciences, and orthopedics. Synergy Health Club, a Providence owned facility offering fitness and studio classes, is located on the hospital's campus and Providence Prompt Care, an urgent care clinic, is located about a 10-minute drive from the hospital.

Our Commitment to Community

Queen of the Valley Medical Center dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. During the most recent fiscal year, it provided **$48,342,400** in Community Benefit[1] in response to unmet needs and to improve the health and well-being of those served in Napa County.

Health Equity

At Providence, we acknowledge that all people do not have equal opportunities and access to living their fullest, healthiest lives due to systems of oppression and inequities. We are committed to ensuring health equity for all by addressing the underlying causes of racial and economic inequities and health disparities. Our Vision is "Health for a Better World," and to achieve that we believe we must address not only the clinical care factors that determine a person's length and quality of life, but also the social

[1] A community benefit is an initiative, program or activity that provides treatment or promotes health and healing as a response to identified community needs and meets at least one of the following community benefit objectives: a. Improves access to health services; b. Enhances public health; c. Advances increased general knowledge; and/or d. Relieves government burden to improve health. Note: Community benefit includes both services to the economically poor and broader community. To be reported as a community benefit initiative or program, community need must be demonstrated. Community need can be demonstrated through the following: 1) community health needs assessment developed by the ministry or in partnership with other community organizations; 2) documentation that demonstrates community need and/or a request from a public agency or community group was the basis for initiating or continuing the activity or program; 3) or the involvement of unrelated, collaborative tax-exempt or government organizations as partners in the community benefit initiative or program.

and economic factors, the physical environment, and the health behaviors that all play an active role in determining health outcomes.

To ensure that equity is foundational to our CHIP, we have developed an equity framework that outlines the best practices that each of our hospital will implement when completing a CHIP. These practices include, but are not limited to the following:

Figure 1. Best Practices for Centering Equity in the CHIP

Community Benefit Governance

Queen of the Valley Medical Center demonstrates organizational commitment to the community benefit process through the allocation of staff time, financial resources, participation, and collaboration with community partners. The Northern California Regional Director of Community Health Investment and the local QVMC Community Health Investment Program Manager are responsible for coordinating implementation of State and Federal 501r requirements.

The Community Benefit Committee (CBC) is the board appointed oversight committee of the Community Outreach department at Queen of the Valley Medical Center. The CBC is composed of Providence Queen of the Valley community board members, internal Providence stakeholders and staff (Chief Executive or designee, mission leader, community health leaders) and external community stakeholders representing subject matter experts and community constituencies (i.e., faith based, FQHC's, mental health, homeless services, education, and Public Health). The CBC reviewed the data collected in the 2019 Community Health Needs Assessment process to identify and prioritize the top health-related needs in Napa County for this 2020-2022 CHIP. The committee also oversees and governs budget, investments, program continuation or discontinuation, populations of focus and community-wide engagement.

Planning for the Uninsured and Underinsured

Our Mission is to provide quality care to all our patients, regardless of ability to pay. We believe that no one should delay seeking needed medical care because they lack health insurance. That is why Queen of the Valley Medical Center has a Financial Assistance Program (FAP) that provides free or discounted services to eligible patients.

One way Queen of the Valley Medical Center informs the public of FAP is by posting notices. Notices are posted in high volume inpatient and outpatient service areas. Notices are also posted at locations where a patient may pay their bill. Notices include contact information on how a patient can obtain more information on financial assistance as well as where to apply for assistance. These notices are posted in English and Spanish and any other languages that are representative of 5% or greater of patients in the hospital's service area. All patients who demonstrate lack of financial coverage by third party insurers are offered an opportunity to complete the Patient Financial Assistance Application and are offered information, assistance, and referral as appropriate to government sponsored programs for which they may be eligible. For information on our Financial Assistance Program go to: https://www.stjosephhealth.org/patients-visitors/billing-payment/.

Medi-Cal (Medicaid)

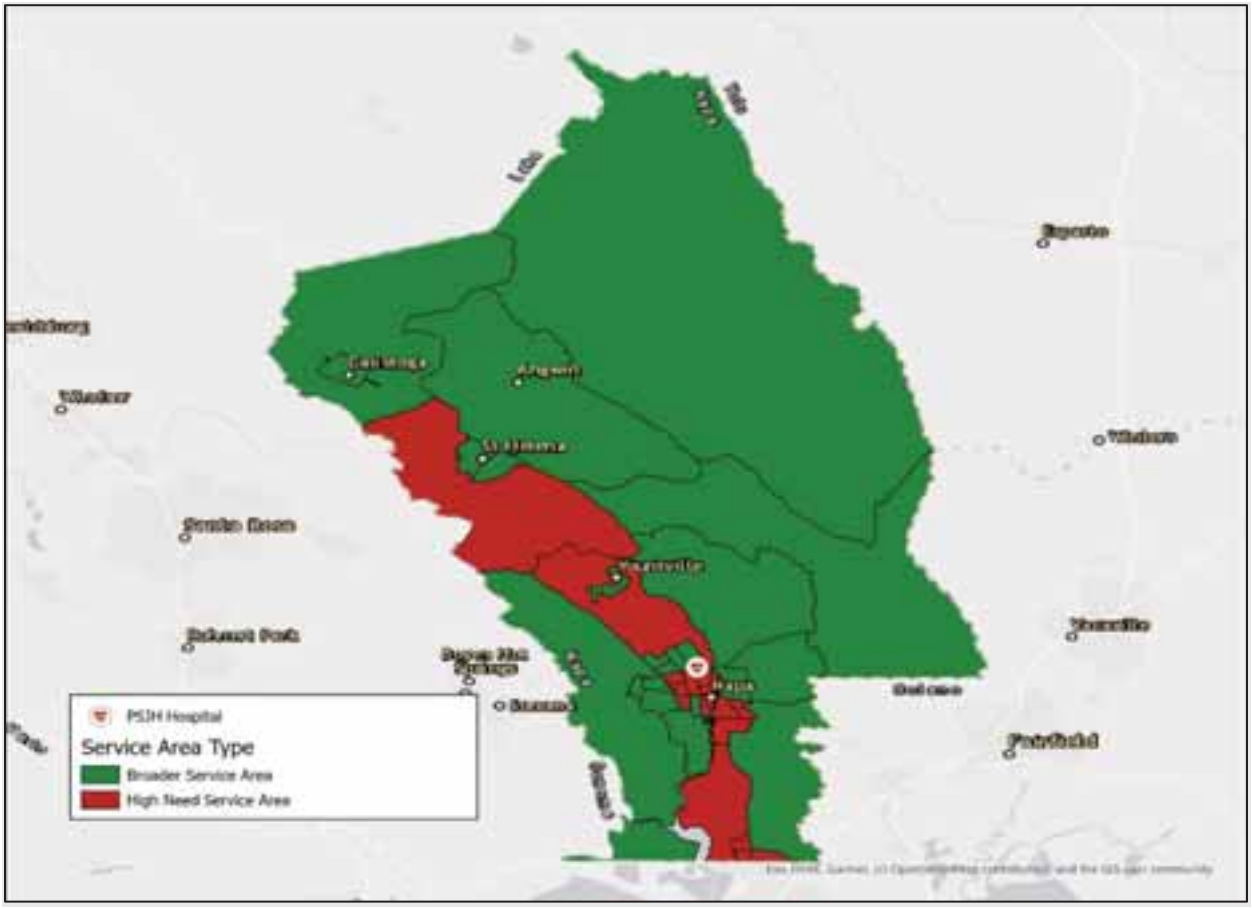
Queen of the Valley Medical Center provides access to the uninsured and underinsured by participating in Medicaid, also known as Medi-Cal in California. In FY21, Queen of the Valley Medical Center provided **$29,799,029** in Medicaid shortfall. The hospital received **$4,871,246** income from the Medi-Cal Hospital Quality Assurance Fee program. If it was not for the Hospital Quality Assurance Fee received, Unpaid cost of MediCal would have been **34,670,275**.

OUR COMMUNITY

Description of Community Served

Queen of the Valley Medical Center's service area is Napa County and includes a population of approximately 147,000 people.

Figure 2. Queen of the Valley Medical Center Total Service Area



Of the over 140,000 permanent residents of Napa County, roughly 48% live in the "high need" area, defined by lower life expectancy at birth, lower high school graduation rates, and more households at or below 200% FPL compared to census tracts across the county. For reference, in 2020, 200% FPL represents an annual household income of $52,400 or less for a family of four. These households are more likely to regularly make spending tradeoffs regarding utilities, rent, groceries, medicine, and other basic expenses.

Community Demographics

POPULATION AND AGE DEMOGRAPHICS

Younger age groups are disproportionately represented in the high need communities of Napa County, most likely representing households with young children. Alternatively, age groups 55 and over are less likely to fall into the high need communities or live within those designated census tracts. The male-to-female distribution is roughly equal across Napa County geographies.

In Napa County, approximately 7% of the population are veterans, which is higher than that of the state of California, 5%.

POPULATION BY RACE AND ETHNICITY

Individuals who identify as Hispanic (below), Asian, or "other race," are more likely to live in high needs census tracts than their peers of other races.

SOCIOECONOMIC INDICATORS

Table 1. Income Indicators for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Median Income Data Source: American Community Survey Year: 2019	$101,330	$77,129	$88,457
Percent of Renter Households with Severe Housing Cost Burden Data Source: American Community Survey Year: Estimates based on 2013 – 2017 data	20.8%	25.2%	23.0%

The median income in the high need service area is about $11,000 lower than Napa County. There is about a $24,000 difference in median income between the broader service area and the high need service area.

Severe housing cost burden is defined as households that are spending 50% or more of their income on housing costs. On average about 23% of households in Napa County are severely housing cost burdened. In the high need service area, 25.2% of renter households are severely housing cost burdened. Within the total service area there are census tracts in which 30% to 43% of households are experiencing severe housing cost burden.

Full demographic and socioeconomic information for the service area can be found in the 2019 CHNA for Queen of the Valley Medical Center.

COMMUNITY NEEDS AND ASSETS ASSESSMENT PROCESS AND RESULTS

Summary of Community Needs Assessment Process and Results

The Community Health Needs Assessment (CHNA) process is based on the understanding that health and wellness are influenced by factors within our communities, not only within medical facilities. In gathering information on the communities served by the hospital, we looked not only at the health conditions of the population, but also at socioeconomic factors, the physical environment, and health behaviors. Additionally, we invited key stakeholders and community members to provide additional context to the quantitative data through qualitative data in the form of interviews and listening sessions. As often as possible, equity is at the forefront of our conversations and presentation of the data, which often have biases based on collection methodology.

Significant Community Health Needs Prioritized

The list below summarizes the rank ordered significant health needs identified through the Community Health Needs Assessment process:

PRIORITY 1: HEALTH EQUITY – RACIAL & LGBTQ

The disproportionate impact of COVID-19 on Black, Brown, Indigenous, and People of Color (BBIPOC), as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities. Health inequities and systemic racism are preventing BBIPOC communities, particularly the Latino/a community, from accessing opportunities and living their healthiest lives. Discrimination also prevents the LGBTQ+ community from receiving responsive health care and visibility in the community. A greater commitment to equity in all programs and collaboratives is warranted.

PRIORITY 2: HOUSING & HOMELESSNESS

A major growing community need is around safer and more affordable housing stock, particularly for people with low incomes. A lack of affordable housing leads to over-crowding and poor living conditions. Housing is foundational to all other needs; once people are housed securely; they can address other needs related to their health and wellbeing. Two groups are of particular concern: the Latino/a community and older adults. The housing crisis in Napa highlights racial and economic inequities in the community, disproportionately affecting the Latino/a community, especially mixed status families. There is additional concern for older adults who have few affordable options in the community, particularly those living on a fixed income.

PRIORITY 3: MENTAL HEALTH & SUBSTANCE USE SERVICES

There is a general lack of mental health and substance use treatment services in the community. School-age children and older adults need more mental health support in the current environment, increasing the demand for services. The Latino/a community is also underserved, especially mixed status families, with the following barriers preventing Latino/a individuals from receiving services: stigma, a lack of culturally relevant education and outreach, and a lack of bilingual and bicultural providers. LGBTQ-friendly mental health providers are also difficult to find in the area. There is limited access to mental health services for individuals who do not meet the high-acuity criteria for severe mental illness at Napa County Health and Human Services, as well as limited substance use disorder treatment options. The COVID-19 pandemic is creating a mental health crisis; people are feeling hopeless, afraid, stressed, anxious, and depressed. The stress from the COVID-19 pandemic is compounding trauma related to local fires.

PRIORITY 4: ACCESS TO HEALTH SERVICES

There is concern around lack of access to health insurance for mixed status families as well as people losing their insurance due to job loss during the pandemic. A lack of specialists in Napa disproportionately affects individuals on Medi-Cal or without insurance. When individuals are referred to a specialist outside of the area, transportation then becomes a barrier to accessing care. Language barriers prevent Spanish-speaking individuals from receiving responsive care, and virtual interpreters are not nearly as effective as in-person options. Access to care challenges became especially apparent during the COVID-19 pandemic. While telemedicine has improved access to care for some populations, for others this transition has created additional barriers to care, including lack of smart phones or computers, lack of comfort with technology or stable internet access, language barriers, and lack of private space for appointments. Many individuals do not want to talk to their provider on the phone and are not receiving the care they need.

Needs Beyond the Hospital's Service Program

No hospital facility can address all the health needs present in its community. We are committed to continuing our Mission through the provision of financial grants and donations to community partners whose work aligns with the mission, vision, and values of the organization.

While Queen of the Valley Medical Center will employ strategies to address each of the four significant health needs that were prioritized during the CHNA process, partnerships with community organizations and government agencies are critical for achieving long-term goals.

Queen of the Valley Medical Center will collaborate with Napa County, the City of Napa, OLE Health, Adventist Health, Mentis, Abode, and a variety of local family resource centers that address the community needs to coordinate care and referrals to address unmet needs.

COMMUNITY HEALTH IMPROVEMENT PLAN

Summary of Community Health Improvement Planning Process

The 2020-2022 Community Health Improvement Plan (CHIP) process was impacted by the SARS-CoV-2 virus and COVID-19, which has impacted all our communities. While we have focused on crisis response, it has required a significant re-direction of resources and reduced community engagement in the CHIP process.

This CHIP is currently designed to address the needs identified and prioritized through the 2019 CHNA, though COVID-19 will have substantial impacts on our community needs. These impacts are likely to exacerbate some of the needs identified, and cause others to rise in level of priority. While this is a dynamic situation, we recognize the greatest needs of our community will change in the coming months, and it is important that we adapt our efforts to respond accordingly. We are committed to supporting, strengthening, and serving our community in ways that align with our Mission, engage our expertise, and leverage our Community Benefit dollars in the most impactful ways.

Queen of the Valley Medical Center's CHIP involves a comprehensive approach lead by the Community Health Investment Program Manager and Senior Program Coordinator. This process includes both internal and external stakeholders and subject matter experts. Coordinating within the organization and in our community is critical in leveraging the will and the resources required to improve community health. As part of the comprehensive approach, existing initiatives of Queen of the Valley's community benefit investments are reviewed to ensure alignment with 2019 CHNA priorities. The board appointed Community Benefit Committee is engaged throughout the process beginning with the development and approval of the CHNA, followed by CHIP development, review, and feedback, then final CHIP review and approval.

Queen of the Valley Medical Center anticipates that implementation strategies may change and therefore, a flexible approach is best suited for the development of its response to the CHNA. For example, certain community health needs may become more pronounced and require changes to the initiatives identified by Queen of the Valley Medical Center in the enclosed CHIP.

Addressing the Needs of the Community: 2020-2022 Key Community Benefit Initiatives and Evaluation Plan

2021 Accomplishments

COMMUNITY NEED ADDRESSED #1: HEALTH EQUITY – RACIAL & LGBTQ

Long-Term Goal(s)/ Vision

To eliminate social inequities and forms of oppression in our communities, ensuring all people have the opportunities and access to living their fullest, healthiest lives.

Table 2. Strategies and Strategy Measures for Addressing Health Equity

Strategy	Population Served	FY21 Accomplishments
1. Develop Health Equity Playbook by Q1 2021.	Latino/a individuals and families	The Health Equity Playbook requirement was deferred to put resources into addressing health inequities related to the pandemic and longer term HE strategies. Response to the pandemic is outlined below. Longer term HE strategies are in development.
2. Partner with FQHC/other for COVID-19 outreach, prevention, testing, and mitigation of spread.	Latino/a individuals and families	Assisted Napa County with testing, contact tracing and positive case investigation Assisted Napa Valley Farmworkers Association and On The Move with bilingual education specific to the prevention of COVID and the importance and science behind the vaccine Assisted Napa County with bilingual updates on social media and local Spanish television Vaccinated 85 of the most vulnerable community members in Napa County at QVMC Community Outreach and the South Shelter CHI along with Providence Medical Group ran a Vaccine Clinic at Snow School March – May (over 4,500 vaccines administered) CHI caregivers volunteered at the OLE Health Vaccine Clinic from March – today Outreach kits and disinfecting supplies were provided to 2,650 low-income, Spanish-speaking households, to prevent the spread of Covid-19
3. Advocate for policies that address social and economic disparities.	Latino/a and LGBTQ+ populations	Urged Napa City Council to pass a resolution declaring discrimination and systemic racism a public health crisis.

Evidence Based Sources

- Listening to the Voices of Californians - California Health Care Foundation

- Health Equity | IHI - Institute for Healthcare Improvement
- Health Equity | CDC

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health Investment department, provide grants to local partners, and help leverage resources from the Providence Population Health Division's Health Equity Initiative to support efforts that directly address health disparities. In partnership with the Providence Government and Public Affairs Division, local CHI leaders will advocate for policies that address social and economic disparities.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- OLE Health
- On The Move – LGBTQ Connection
- UpValley Family Centers
- Napa County Public Health
- Napa County Housing and Homeless Programs
- Providence Medical Group
- Community Organizations Active in Disaster
- Napa Valley Farmworker Foundation

COMMUNITY NEED ADDRESSED #2: HOUSING & HOMELESSNESS

Long-Term Goal(s)/ Vision

A sufficient supply of safe, affordable housing units to ensure that all people in the community have access to a healthy place to live that meets their needs.

Table 3. Strategies and Strategy Measures for Addressing Housing & Homelessness

Strategy	Population Served	FY21 Accomplishments
1. Leverage investments to increase safe and affordable housing stock.	BBIPOC & those experiencing health disparities	Funding support to Heritage House/Valle Verde Housing Project (90 units, construction to begin March 2022) Funding support to Napa County Project Home Key (14 units, 16 residents, in use)
2. Leverage resources through partnerships to expand supportive services.	BBIPOC & those experiencing health disparities	Funding to NEWS in support of flexible financial assistance for Domestic Violence and Sexual Assault survivors to ultimately secure their own safe housing

		In partnership with OLE Health, Catholic Charities, Abode and Napa County CARE Network engaged with high-risk unhoused community members with Care Management, Outreach and Social Work Support at: • Napa's South Shelter Clinic • Napa Nightingale • Wine Valley Lodge – Project Roomkey • Adrian Street Apartments – Project Homekey
3. Support policies that prevent homelessness and increase access to affordable housing.	Populations experiencing housing instability and at-risk of homelessness	Urged Napa County Board of Supervisors to extend the Eviction Moratorium to prevent increased homelessness. Provided recommendations for Napa County's 2021 policy platform to make affordable housing a greater priority

Evidence Based Sources

Queen of the Valley Medical Center believes in working upstream to prevent homelessness as well as responding to the immediate needs of individuals and families experiencing housing instability or homelessness, This CHIP includes both prevention and intervention strategies and draws from the following sources:

- Housing is Health | Providence
- National Institute for Medical Respite Care (nimrc.org)
- National Health Care for the Homeless Council
- Reduce poverty by improving housing stability | Urban Institute
- Housing Instability | Healthy People 2020

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health Investment department as well as grants and restricted funding. Approximately $4,500,000 in Care for the Poor reserve funds are earmarked for reducing housing instability and homelessness in Napa County between 2021 and 2025. Financial support is provided to Nightingale House annually for continuation of respite shelter care. Grant funds through the Housing Opportunities for Persons with AIDS (HOPWA) program will continue to assist with preventing a subset of unstably housed individuals from experiencing homelessness.

Providence Supportive Housing Division and Real Estate and Strategic Operations Division are available to assist with decisions around investments in and support for additional housing units. Additionally,

and in partnership with the Providence Government and Public Affairs division, local CHI leaders will support policies that prevent homelessness and increase access to affordable housing.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Abode Housing Services
- Burbank Housing
- Housing Authority of the City of Napa
- Napa County Housing and Homeless Programs
- Gasser Foundation
- Napa Valley Community Housing

COMMUNITY NEED ADDRESSED #3: MENTAL HEALTH & SUBSTANCE USE SERVICES

Long-Term Goal(s)/ Vision

To ensure equitable access to high-quality, culturally responsive, and linguistically appropriate mental health and substance use services, especially for populations with low incomes.

Table 4. Strategies and Strategy Measures for Addressing Mental Health and Substance Use Services

Strategy	**Population Served**	**FY21 Accomplishments**
1. Increase capacity to address mild-moderate mental health & substance use services.	School-aged children & older adults	Funded Aldea's summer art camp for teenagers providing a safe environment for teens to participate in fun and creative activities while also learning about substance abuse, and mental health Funded Exodus Recovery, Crisis Stabilization, specific to the indigent and youth client population in Napa County Mentis Contract for CARE Network Mental Health Counselor Mentis Contract for Healthy Minds Healthy Aging prevention and early intervention who are 60 years and older showing early signs of depression and/or cognitive decline. Embedded Alternatives for Better Living Substance Use Navigators into the Emergency Room

		Embedded an Alternatives for Better Living Substance Use Navigator into the OB and within the network of perinatal providers Center Point contracts for Fee for Service bed nights and dedicated Substance Use Counselor onsite
2. Increase capacity to provide bilingual/bicultural mental health & substance use services.	Latino/a & undocumented communities	Center Point bilingual substance use navigator CARE Network / Mentis bilingual mental health counselor Healthy Minds Healthy Aging / Mentis bilingual mental health counselor
3. Advocate for increased access to mental health and substance use care with focused community-based solutions.	Broader community	Provided recommendations for Napa County's 2021 policy platform to expand mental health and substance use services through investments and partnerships

Evidence Based Sources

Queen of the Valley Medical Center believes in working upstream to prevent mental health and substance use concerns as well as responding to immediate needs for crisis interventions. This CHIP includes both primary prevention and crisis intervention strategies and draws from the following sources:

- SAMHSA - Substance Abuse and Mental Health Services Administration
- Mental Health & Resilience Support for Teens and Adults (work2bewell.org)
- Prevention Institute
- Board of Behavioral Sciences (BBS)
- NAMI: National Alliance on Mental Illness

Resource Commitment

Queen of the Valley Medical Center will commit staff time across the CARE Network program, provide grants to local partners and facilitate funding from various health system sources. In partnership with the Providence Government and Public Affairs division, local CHI leaders will advocate for increased access to mental health and substance use care with focused community-based solutions.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to collaborate with the following organizations to address this need:

- OLE Health
- Mentis
- Collabria
- Alternatives for Better Living
- Center Point
- Aldea Children & Family Services
- Napa County Health & Human Services
- Providence Medical Group
- On The Move – including Innovations
- COPE Family Services

COMMUNITY NEED ADDRESSED #4: ACCESS TO HEALTH SERVICES

Long-Term Goal(s)/ Vision

To improve access to health care and preventive resources for people with low incomes and those uninsured by deploying programs to assist with navigating the health care system, and to ease the way for people to access the appropriate level of care at the right time.

Table 5. Strategies and Strategy Measures for Addressing Access to Health Services

Strategy	Population Served	FY21 Accomplishments
1. Engage high-risk individuals with CARE Network complex care management teams.	Co-occurring socioeconomic and complex medical needs	The CARE Network had 46,952 encounters with Napa County Residents The CARE Network provided care management to our most vulnerable unhoused community members at Wine Valley Lodge (Project Room Key)
2. Partner with FQHC / County Public Health.	Uninsured and underinsured individuals and families	CHI nurses assisted Napa County with testing, contact tracing and positive case investigation. CHI assisted Napa County and fellow community partners with bilingual education specific to the prevention of COVID and the importance and science behind the vaccine CHI caregivers volunteered weekly at the OLE Health, Napa's local FQHC, vaccine clinics Community Based Care Management to OLE Health/QVMC patients

		South Shelter Clinic Outreach, Care Management and Social Work Support Representation on the Napa County Continuum of Care Committee
3. Engage uninsured and underinsured youth in dental care through Mobile Dental Clinic.	Uninsured and underinsured youth	This year our mobile dental clinic provided **4,070** clinic services to **1010** low-income children in Napa County. A new dental provider was hired to increase capacity by adding Friday Clinics.

Evidence Based Sources

- Prevention Institute
- Health People 2020 – Access to Health Services
- Health Equity | IHI - Institute for Healthcare Improvement
- Health Equity | CDC

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health Investment department as well as grants and restricted funding from its Care for the Poor account. The CARE Network program will continue to provide complex care management and medical care coordination for some of the most vulnerable individuals in our community.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- OLE Health
- Napa County Health & Human Services
- Providence Medical Group
- Community Health Initiative
- Operation Access
- Partnership HealthPlan of CA
- Collabria
- Share the Care

Other Community Benefit Programs

Table 6. Other Community Benefit Programs in Response to Community Needs

Initiative (Community Need Addressed)	Program Name	Description	Population Served (Low Income, Vulnerable or Broader Community)
1. Complex Care Management	CARE Network	This program is integral to addressing all 4 priority need areas. The CARE Network provides socio-economic and medical care coordination to low-income vulnerable individuals with complex needs serving individuals along with additional caregivers and family members through a continuum of services and supports linked to community-based services, financial assistance, and medical resources.	Low income or vulnerable
2. Health Equity and Access to Health Services	Targeted outreach and education	In partnership with CLC and COAD, develop unified messaging around public health matters and disseminate through partner organizations and trusted messengers throughout the county	Low income, vulnerable, broader community
3. Health Equity and Mental Health	Healthy for Life	A school-based wellness program at Title 1 schools designed to emphasize lifelong wellness and behavior change among the pediatric population.	Low Income or vulnerable

4. Health Equity	Napa Valley Parent University	In partnership with Napa Valley Unified School District and a local nonprofit, On the Move, Parent University is a learning environment for 1,300 parents annually to gain critical parenting and leadership skills to support their child's academic success. Classes are bilingual.	Low income
5. Access to Healthcare	HIV Clinic	Collaborative with Ole Health to provide HIV clinic services to uninsured and low income	Vulnerable
6. Access to Healthcare	Farmworker Health Screening	Collaborative effort with OLE Health to screen migrant farmworkers for health concerns	Low Income
7. Access to Healthcare	Operation Access	Collaborative funding to implement access to diagnostic screening, procedures, and surgeries for the uninsured	Low Income
8. Mental Health	Perinatal Emotional Wellness Program	Assess and provide brief counseling and referral for pregnant and postpartum women screened for depression	Broader Community

FY21 COMMUNITY BENEFIT INVESTMENT

In FY21 Queen of the Valley Medical Center invested a total of **$48,342,400** in key community benefit programs. **$47,322,142** was invested in community health programs for the poor. In addition, **$3,544,446** in charity care was provided, **$36,559,056** in unpaid cost of MediCal, including the Hospital Quality Assurance Fee Program, and **$1,020,258** in community benefits for the broader community. The hospital received **$4,871,246** from the MediCal Hospital Quality Assurance Fee program for FY21. If it was not for the Hospital Quality Assurance Fee received, Unpaid Cost of MediCal would have been **$34,670,275**. Queen of the Valley Medical Center applies a ratio of cost to charge to quantify financial assistance at cost, unreimbursed Medicaid, other means-tested government programs. The cost to charge ratio is aligned with the IRS Form 990, Schedule H Worksheet 2. Our community benefit program expenses are reported in alignment with the total cost incurred to run our programs, and we offset any restricted revenue received to arrive at our net community benefit expense.

FY2021 Queen of the Valley Medical Center (July 1, 2020-June 30, 2021)

CA Senate Bill (SB) 697 Categories	Community Benefit Program Categories	Net Benefit
Medical Care for Vulnerable Populations	Financial Assistance at cost	$3,544,446
	Unpaid cost of Medicaid	$36,559,056
	Unpaid other govt. programs	$278,750
Other Benefits for Vulnerable Populations	Community Health Improvement Services	$3,994,927
	Subsidized Health Services	$119,150
	Cash and In-Kind Contributions	$2,442,074
	Community Building	$0
	Community Benefit Operations	$383,739
	Total Benefits for Vulnerable Populations	**$47,322,142**
Other Benefits for the Broader Community Populations	Community Health Improvement Services	$548,853
	Subsidized Health Services	$0
	Cash and In-Kind Contributions	$99,101
	Community Building	$0
	Community Benefit Operations	$372,304
Health Profession Education, Training and Research	Health Professions Education and Research	$0
	Total Benefits for the Broader Community	**$1,020,258**
	Total Community Benefit	**$48,342,400**
Medical Care Services for the Broader Community	**Total Medicare shortfall**	$54,985,592

Telling Our Community Benefit Story: Non-Financial Summary of Accomplishments

Before the inception of community benefit, the Sisters of St. Joseph of Orange established a priority to care for the poor and vulnerable. Carrying out their mission that extends back to LePuy, France, 1650, these women were brought together by a Jesuit priest, Father Jean Pierre Medaille, who formed a new association of women, without cloister or distinctive dress, consecrated to God, to live together combining a life of prayer with an active ministry to the sick and poor. With the overwhelming need of that time he instructed these women to go into the community, divide it into sectors, identifying the greatest needs while also seeking like-minded people who can help. To this day, now entrusted in the hands of the laity, we continue with this mission and follow these same instructions and inspiration from our founding Sisters.

COVID Response by Community Health Investment

The Community Health Investment department took an active role in Napa County's response to the pandemic this past year. We assisted Napa County with testing, contact tracing, positive case investigation, vaccination, bilingual education specific to the prevention of COVID19 and the importance and science behind the vaccine. CARE Network vaccinated 50 high risk clients in February followed by an additional 35 South Shelter residents. Our caregivers began volunteering at the OLE Health Vaccine Clinics in early March and continue to volunteer every Tuesday evening. We collaborated with Providence Medical Group and Napa Valley Unified School District to open a clinic at Snow Elementary School on March 17th. Our focus was to vaccinate the most vulnerable and to assist Napa County in vaccinating the essential workers that qualified for a vaccine at that time. The Providence clinic began with a health equity lens vaccinating the most vulnerable and transitioned to My Turn when made available by the State of CA. We administered 4,531 vaccines.

Community Leaders Coalition (CLC)

The CLC's mission is to mobilize community leaders to collectively advocate for the needs of vulnerable populations throughout Napa County. The group is comprised of nonpartisan community leaders working together to leverage their resources and voices to influence positive change in our community. Proactive efforts include promoting and encouraging participation in the 2020 Census, voter registration and participation, paving the way for an open and effective local government by enabling participation in the budget and redistricting processes, and strengthening immigrant families through knowledge and resources. A Queen of the Valley, Community Outreach caregiver serves as a member of the CLC and participates in relevant workgroups and advocacy efforts.

Napa Valley Community Organizations Active in Disaster (COAD)

The Napa Valley COAD develops and enhances partnerships for communication, coordination & collaboration amongst the whole community including non-profit & faith-based organizations, government agencies, and the private sector during all phases of disaster. The organization was developed in response to the 2014 South Napa Earthquake and 2015 Lake County Valley Fire, and to develop a structure in Napa County to improve community resilience by identifying and directing vital resources to help residents recover from a disaster. Local government cannot meet these needs alone and relies on

partnerships with local non-profit agencies for service delivery. Cross-sector and multidisciplinary collaborations have been enhanced during the Covid-19 pandemic because of COAD's coordination throughout the county. In partnership with the Sonoma County COAD, the Napa Valley COAD assisted Humboldt County launch a COAD of their own.

Blood Drives:

Another form of non-profit collaboration is partnering with Vitalant to host blood drives on the Providence Queen of the Valley campus. We create awareness while inviting the community to join Queen of the Valley caregivers, physicians, and volunteers to meet the chronic shortage of lifesaving blood products. In FY21 Vitalant conducted 3 blood drives at Queen of the Valley with a total of 80 units of blood donated.

2021 CB REPORT GOVERNANCE APPROVAL

This 2021 Community Benefit Report was adopted by the Community Benefit Committee of the hospital on November 18, 2021. The final report was made widely available by November 30, 2021.

Telling Our Community Benefit Story: Non-Financial Summary of Accomplishments 25

2022 CB Report Governance Approval 26

EXECUTIVE SUMMARY

Providence continues its Mission of service in Napa County through Queen of the Valley Medical Center (QVMC). QVMC is an acute-care hospital with 208 licensed beds, founded in 1958 and located in Napa, California. The hospital's service area is the entirety of Napa County, including 140,394 people.

QVMC dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. In FY22, the hospital provided **$51,924,754** in Community Benefit in response to unmet needs.

QVMC Community Health Improvement Plan Priorities

As a result of the findings of our 2020 CHNA and through a prioritization process aligned with our Mission, resources, and hospital strategic plan, Queen of the Valley Medical Center will focus on the following areas for its 2021-2023 Community Benefit efforts:

PRIORITY 1: HEALTH EQUITY – RACIAL & LGBTQ

The disproportionate impact of COVID-19 on Black, Brown, Indigenous, and People of Color (BBIPOC), as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities. Health inequities and systemic racism are preventing BBIPOC communities, particularly the Latino/a community, from accessing opportunities, and discrimination prevents the LGBTQ+ community from receiving responsive health care.

2022 Accomplishments

Collaboration continues with OLE Health our local FQHC to ensure timely and adequate follow-up for patients. Bi-monthly calls occur including leaders from both entities working to improve workflows. QVMC also Health System population funding for OLE Health to hire a LCSW and for QVMC to hire an additional LCSW and CHW to improve access to follow-up care. LGBTQ Awareness and Inclusion trainings were held and with the implementation of Epic SOGI data can be collected for all QVMC patients. A workgroup of internal and external stakeholders are in discussions to become a second pilot site as part of a Trans+ Health Initiative. This effort aims to increase visibility of safe spaces, trainings for providers, and clinical pathways for all transgender health needs in our Napa Community.

PRIORITY 2: HOUSING & HOMELESSNESS

A major growing community need is around safer and more affordable housing stock, particularly for people with low incomes. The housing crisis in Napa highlights racial and economic inequities in the community, disproportionately affecting the Latino/a community, especially mixed status families. There is additional concern for older adults who have few affordable options in the community, particularly those living on a fixed income.

2022 Accomplishments

CHI invested $1,000,000.00 in one permanent supportive housing project to increase safe and affordable housing stock in FY22. Napa County Project Home Key round 2 acquired an existing 55 room

motel and is in the process of converting the motel into 54 permanent supportive housing units. Throughout the pandemic, CHI's CARE Network caregivers collaborated with Napa County, City of Napa, Abode, NEWS, OLE Health and Catholic Charities to serve high risk clients. CARE Network caregivers supported the unhoused through care management, outreach, and social work support and also assisted clients with the Section 8 housing waitlist applications.

PRIORITY 3: MENTAL HEALTH & SUBSTANCE USE SERVICES

There is a general lack of mental health and substance use treatment services in the Napa community. School-age children, older adults, the Latino/a community, and individuals identifying as LGBTQ+ experience barriers to accessing responsive services.

2022 Accomplishments

CHI increased capacity to address mental health and substance use services through collaboration with Aldea, Mentis, Alternatives for Better Living and Center Point. Substance Use Navigators were successfully embedded into the hospital to assist with outreach and navigation. Mental health programs continue in both English and Spanish for high-risk CARE Network clients and for the elderly through Healthy Minds Healthy Aging. CHI invested in the local Youth and Young Adult Resource site for Mental Health Services.

PRIORITY 4: ACCESS TO HEALTH SERVICES

There is concern around lack of access to health insurance for mixed status families as well as people losing their insurance due to job loss during the pandemic. A lack of specialists in Napa, transportation, and language barriers prevent individuals from accessing timely and responsive health care services.

2022 Accomplishments

CARE Network provided 36,990 total encounters to their clients through medical and social service care coordination and case management. CARE Network continued to hold a strong presence on the Napa County Continuum of Care Committee. The Children's Mobile Dental Clinic provided 4070 clinic services to 2035 low-income children in Napa County. The CHI investment in Operation Access allowed for 221 surgical and diagnostic services and 521 total specialty appointments for 154 unduplicated Napa residents.

Providence

At Providence, we use our voice to advocate for vulnerable populations and needed reforms in health care. We are also pursuing innovative ways to transform health care by keeping people healthy, and making our services more convenient, accessible, and affordable for all. In an increasingly uncertain world, we are committed to high-quality, compassionate health care for everyone – regardless of coverage or ability to pay. We help people and communities benefit from the best health care model for the future – today.

Together, our 120,000 caregivers (all employees) serve in fifty-two hospitals, 1,085 clinics and a comprehensive range of health and social services across Alaska, California, Montana, New Mexico, Oregon, Texas, and Washington.

Providence across five western states:

- Alaska
- Montana
- Oregon
- Northern California
- Southern California
- Washington

The Providence affiliate family includes:

- Covenant Health in West Texas
- Facey Medical Foundation in Los Angeles, CA.
- Hoag Memorial Hospital Presbyterian in Orange County, CA.
- Kadlec in Southeast Washington
- Pacific Medical Centers in Seattle, WA.
- Swedish Health Services in Seattle, WA.

As a comprehensive health care organization, we are serving more people, advancing best practices, and continuing our more than 100-year tradition of serving the poor and vulnerable. Delivering services across seven states, Providence is committed to touching millions of more lives and enhancing the health of the American West to transform care for the next generation and beyond.

INTRODUCTION

Who We Are

Our Mission As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.

Our Vision Health for a Better World.

Our Values Compassion — Dignity — Justice — Excellence — Integrity

Queen of the Valley Medical Center is an acute-care hospital founded in 1958 and located in Napa, California. The hospital has 208 licensed beds, more than 1204 caregivers (employees), and professional relationships with many local physicians. Major programs and services offered to the community include acute rehabilitation, bariatric surgery, cancer, cardiac, emergency, maternity and infant care, neurosciences, and orthopedics. Synergy Health Club, a Providence owned facility offering fitness and studio classes, is located on the hospital's campus and Providence Prompt Care, an urgent care clinic, is located about a 10-minute drive from the hospital.

Our Commitment to Community

Queen of the Valley Medical Center dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. During the most recent fiscal year, it provided **$51,924,754** in Community Benefit[1] in response to unmet needs and to improve the health and well-being of those served in Napa County.

Health Equity

At Providence, we acknowledge that all people do not have equal opportunities and access to living their fullest, healthiest lives due to systems of oppression and inequities. We are committed to ensuring health equity for all by addressing the underlying causes of racial and economic inequities and health disparities. Our Vision is "Health for a Better World," and to achieve that we believe we must address not only the clinical care factors that determine a person's length and quality of life, but also the social

[1] A community benefit is an initiative, program or activity that provides treatment or promotes health and healing as a response to identified community needs and meets at least one of the following community benefit objectives: a. Improves access to health services; b. Enhances public health; c. Advances increased general knowledge; and/or d. Relieves government burden to improve health. Note: Community benefit includes both services to the economically poor and broader community. To be reported as a community benefit initiative or program, community need must be demonstrated. Community need can be demonstrated through the following: 1) community health needs assessment developed by the ministry or in partnership with other community organizations; 2) documentation that demonstrates community need and/or a request from a public agency or community group was the basis for initiating or continuing the activity or program; 3) or the involvement of unrelated, collaborative tax-exempt or government organizations as partners in the community benefit initiative or program.

and economic factors, the physical environment, and the health behaviors that all play an active role in determining health outcomes.

To ensure that equity is foundational to our CHIP, we have developed an equity framework that outlines the best practices that each of our hospital will implement when completing a CHIP. These practices include, but are not limited to the following:

Figure 1. Best Practices for Centering Equity in the CHIP

Community Benefit Governance

Queen of the Valley Medical Center demonstrates organizational commitment to the community benefit process through the allocation of staff time, financial resources, participation, and collaboration with community partners. The Northern California Regional Director of Community Health Investment and the local QVMC Community Health Investment Program Manager are responsible for coordinating implementation of State and Federal 501r requirements.

The Community Benefit Committee (CBC) is the board appointed oversight committee of the Community Outreach department at Queen of the Valley Medical Center. The CBC is composed of Providence Queen of the Valley community board members, internal Providence stakeholders and staff (Chief Executive or designee, mission leader, community health leaders) and external community stakeholders representing subject matter experts and community constituencies (i.e., faith based, FQHC's, mental health, homeless services, education, and Public Health). The CBC reviewed the data collected in the 2020Community Health Needs Assessment process to identify and prioritize the top health-related needs in Napa County for this 2021-2023 CHIP. The committee also oversees and governs budget, investments, program continuation or discontinuation, populations of focus and community-wide engagement.

Planning for the Uninsured and Underinsured

Our Mission is to provide quality care to all our patients, regardless of ability to pay. We believe that no one should delay seeking needed medical care because they lack health insurance. That is why Queen of the Valley Medical Center has a Financial Assistance Program (FAP) that provides free or discounted services to eligible patients.

One way Queen of the Valley Medical Center informs the public of FAP is by posting notices. Notices are posted in high volume inpatient and outpatient service areas. Notices are also posted at locations where a patient may pay their bill. Notices include contact information on how a patient can obtain more information on financial assistance as well as where to apply for assistance. These notices are posted in English and Spanish and any other languages that are representative of 5% or greater of patients in the hospital's service area. All patients who demonstrate lack of financial coverage by third party insurers are offered an opportunity to complete the Patient Financial Assistance Application and are offered information, assistance, and referral as appropriate to government sponsored programs for which they may be eligible. For information on our Financial Assistance Program go to: https://www.stjosephhealth.org/patients-visitors/billing-payment/.

Medi-Cal (Medicaid)

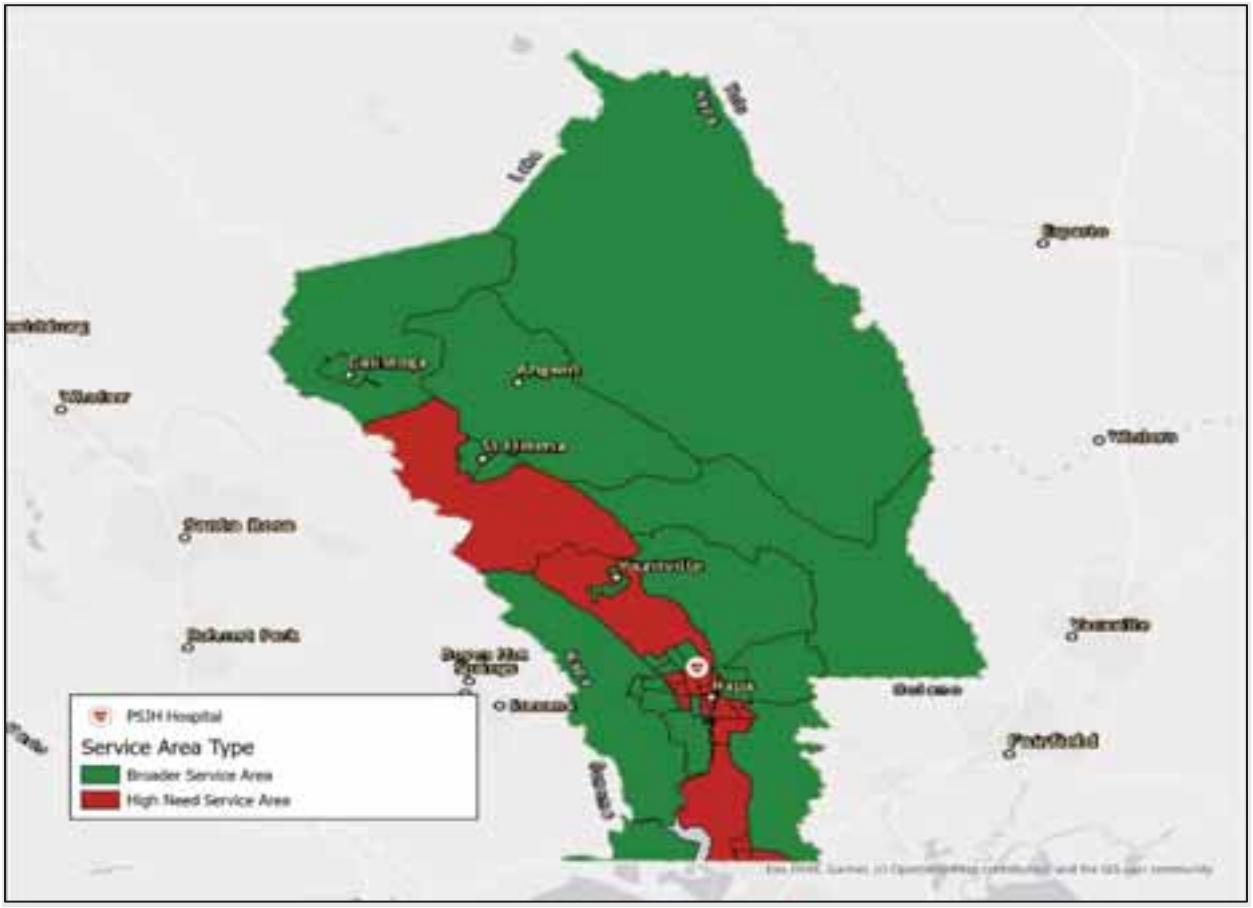
Queen of the Valley Medical Center provides access to the uninsured and underinsured by participating in Medicaid, also known as Medi-Cal in California. In FY22, Queen of the Valley Medical Center provided **$39,975,209** in Medicaid shortfall. The hospital received **$3,433,533** income from the Medi-Cal Hospital Quality Assurance Fee program. If it were not for the Hospital Quality Assurance Fee received, Unpaid cost of MediCal would have been $**43,408,742**.

OUR COMMUNITY

Description of Community Served

Queen of the Valley Medical Center's service area is Napa County and includes a population of approximately 147,000 people.

Figure 2. Queen of the Valley Medical Center Total Service Area



Of the over 140,000 permanent residents of Napa County, roughly 48% live in the "high need" area, defined by lower life expectancy at birth, lower high school graduation rates, and more households at or below 200% FPL compared to census tracts across the county. For reference, in 2020, 200% FPL represents an annual household income of $52,400 or less for a family of four. These households are more likely to regularly make spending tradeoffs regarding utilities, rent, groceries, medicine, and other basic expenses.

Community Demographics

POPULATION AND AGE DEMOGRAPHICS

Younger age groups are disproportionately represented in the high need communities of Napa County, most likely representing households with young children. Alternatively, age groups 55 and over are less likely to fall into the high need communities or live within those designated census tracts. The male-to-female distribution is roughly equal across Napa County geographies.

In Napa County, approximately 7% of the population are veterans, which is higher than that of the state of California, 5%.

POPULATION BY RACE AND ETHNICITY

Individuals who identify as Hispanic (below), Asian, or "other race," are more likely to live in high needs census tracts than their peers of other races.

SOCIOECONOMIC INDICATORS

Table 1. Income Indicators for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Median Income Data Source: American Community Survey Year: 2019	$101,330	$77,129	$88,457
Percent of Renter Households with Severe Housing Cost Burden Data Source: American Community Survey Year: Estimates based on 2013 – 2017 data	20.8%	25.2%	23.0%

The median income in the high need service area is about $11,000 lower than Napa County. There is about a $24,000 difference in median income between the broader service area and the high need service area.

Severe housing cost burden is defined as households that are spending 50% or more of their income on housing costs. On average about 23% of households in Napa County are severely housing cost burdened. In the high need service area, 25.2% of renter households are severely housing cost burdened. Within the total service area there are census tracts in which 30% to 43% of households are experiencing severe housing cost burden.

Full demographic and socioeconomic information for the service area can be found in the 2020 CHNA for Queen of the Valley Medical Center.

COMMUNITY NEEDS AND ASSETS ASSESSMENT PROCESS AND RESULTS

Summary of Community Needs Assessment Process and Results

The Community Health Needs Assessment (CHNA) process is based on the understanding that health and wellness are influenced by factors within our communities, not only within medical facilities. In gathering information on the communities served by the hospital, we looked not only at the health conditions of the population, but also at socioeconomic factors, the physical environment, and health behaviors. Additionally, we invited key stakeholders and community members to provide additional context to the quantitative data through qualitative data in the form of interviews and listening sessions. As often as possible, equity is at the forefront of our conversations and presentation of the data, which often have biases based on collection methodology.

Significant Community Health Needs Prioritized

The list below summarizes the rank ordered significant health needs identified through the Community Health Needs Assessment process:

PRIORITY 1: HEALTH EQUITY – RACIAL & LGBTQ

The disproportionate impact of COVID-19 on Black, Brown, Indigenous, and People of Color (BBIPOC), as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities. Health inequities and systemic racism are preventing BBIPOC communities, particularly the Latino/a community, from accessing opportunities and living their healthiest lives. Discrimination also prevents the LGBTQ+ community from receiving responsive health care and visibility in the community. A greater commitment to equity in all programs and collaboratives is warranted.

PRIORITY 2: HOUSING & HOMELESSNESS

A major growing community need is around safer and more affordable housing stock, particularly for people with low incomes. A lack of affordable housing leads to over-crowding and poor living conditions. Housing is foundational to all other needs; once people are housed securely; they can address other needs related to their health and wellbeing. Two groups are of particular concern: the Latino/a community and older adults. The housing crisis in Napa highlights racial and economic inequities in the community, disproportionately affecting the Latino/a community, especially mixed status families. There is additional concern for older adults who have few affordable options in the community, particularly those living on a fixed income.

PRIORITY 3: MENTAL HEALTH & SUBSTANCE USE SERVICES

There is a general lack of mental health and substance use treatment services in the community. School-age children and older adults need more mental health support in the current environment, increasing the demand for services. The Latino/a community is also underserved, especially mixed status families, with the following barriers preventing Latino/a individuals from receiving services: stigma, a lack of culturally relevant education and outreach, and a lack of bilingual and bicultural providers. LGBTQ-friendly mental health providers are also difficult to find in the area. There is limited access to mental health services for individuals who do not meet the high-acuity criteria for severe mental illness at Napa County Health and Human Services, as well as limited substance use disorder treatment options. The COVID-19 pandemic is creating a mental health crisis; people are feeling hopeless, afraid, stressed, anxious, and depressed. The stress from the COVID-19 pandemic is compounding trauma related to local fires.

PRIORITY 4: ACCESS TO HEALTH SERVICES

There is concern around lack of access to health insurance for mixed status families as well as people losing their insurance due to job loss during the pandemic. A lack of specialists in Napa disproportionately affects individuals on Medi-Cal or without insurance. When individuals are referred to a specialist outside of the area, transportation then becomes a barrier to accessing care. Language barriers prevent Spanish-speaking individuals from receiving responsive care, and virtual interpreters are not nearly as effective as in-person options. Access to care challenges became especially apparent during the COVID-19 pandemic. While telemedicine has improved access to care for some populations, for others this transition has created additional barriers to care, including lack of smart phones or computers, lack of comfort with technology or stable internet access, language barriers, and lack of private space for appointments. Many individuals do not want to talk to their provider on the phone and are not receiving the care they need.

Needs Beyond the Hospital's Service Program

No hospital facility can address all the health needs present in its community. We are committed to continuing our Mission through the provision of financial grants and donations to community partners whose work aligns with the mission, vision, and values of the organization.

While Queen of the Valley Medical Center will employ strategies to address each of the four significant health needs that were prioritized during the CHNA process, partnerships with community organizations and government agencies are critical for achieving long-term goals.

Queen of the Valley Medical Center will collaborate with Napa County, the City of Napa, OLE Health, Adventist Health, Mentis, Abode, and a variety of local family resource centers that address the community needs to coordinate care and referrals to address unmet needs.

COMMUNITY HEALTH IMPROVEMENT PLAN

Summary of Community Health Improvement Planning Process

The 2021-2023 Community Health Improvement Plan (CHIP) process was impacted by the SARS-CoV-2 virus and COVID-19, which has impacted all our communities. While we have focused on crisis response, it has required a significant re-direction of resources and reduced community engagement in the CHIP process.

This CHIP is currently designed to address the needs identified and prioritized through the 2020 CHNA, though COVID-19 will have substantial impacts on our community needs. These impacts are likely to exacerbate some of the needs identified, and cause others to rise in level of priority. While this is a dynamic situation, we recognize the greatest needs of our community will change in the coming months, and it is important that we adapt our efforts to respond accordingly. We are committed to supporting, strengthening, and serving our community in ways that align with our Mission, engage our expertise, and leverage our Community Benefit dollars in the most impactful ways.

Queen of the Valley Medical Center's CHIP involves a comprehensive approach lead by the Community Health Investment Program Manager and Senior Program Coordinator. This process includes both internal and external stakeholders and subject matter experts. Coordinating within the organization and in our community is critical in leveraging the will and the resources required to improve community health. As part of the comprehensive approach, existing initiatives of Queen of the Valley's community benefit investments are reviewed to ensure alignment with 2020 CHNA priorities. The board appointed Community Benefit Committee is engaged throughout the process beginning with the development and approval of the CHNA, followed by CHIP development, review, and feedback, then final CHIP review and approval.

Queen of the Valley Medical Center anticipates that implementation strategies may change and therefore, a flexible approach is best suited for the development of its response to the CHNA. For example, certain community health needs may become more pronounced and require changes to the initiatives identified by Queen of the Valley Medical Center in the enclosed CHIP.

Addressing the Needs of the Community: 2021-2023 Key Community Benefit Initiatives and Evaluation Plan

2022 Accomplishments

COMMUNITY NEED ADDRESSED #1: HEALTH EQUITY – RACIAL & LGBTQ

Long-Term Goal(s)/ Vision

To eliminate social inequities and forms of oppression in our communities, ensuring all people have the opportunities and access to living their fullest, healthiest lives.

Table 2. Strategies and Strategy Measures for Addressing Health Equity

Strategy	Population Served	FY22 Accomplishments
1. Partner with FQHC/OLE Health to ensure timely and adequate follow-up care for vulnerable patients	Individuals with low-income or experiencing vulnerabilities, with special focus on Latino/a patients	Bi-monthly calls occur including leaders from OLE Health and QVMC to review workflows. Secured population health funding for OLE Health to hire a LCSW and for QVMC CARE Network to hire a LCSW and CHW to improve access to follow-up care.
2. Improve infrastructure to serve LGBTQ+ patients and address disparities through provider training and adequate data collection.	LGBTQ+ individuals	With the implementation of Epic EHR SOGI data can be collected for all patients. A four-part training series called, Pride in Caregiving: LGBTQ Awareness and Inclusion, was made available to Napa and Solano providers. During FY22, CHI convened a workgroup of internal and external stakeholders to outline specific workstreams: Providence is piloting a Trans+ Health Initiative for which QVMC or NorCal service area is working to become a second pilot site. Conversations with critical leaders are on hold until early 2023. This effort aims at increasing visibility of safe spaces, training providers on respectful care, and incorporating clinical pathways for all transgender health needs. Partnered with Ole Health to share with providers existing and upcoming training opportunities around providing transgender care; and discussed how we will incorporate transgender care as part of the FQHC's primary care. Partnered with Live Healthy Napa County to bring 'Safe Space kits' to Provider offices to increase visibility of safe spaces.
3. Continue to provide community health and educational classes, including Parent University	Low-income and/or Spanish speaking	All Health Education and Perinatal Health Education classes are provided for our Spanish speaking population. In FY22 we hosted 141 classes engaging 1198 community members.

classes to increase knowledge around the health and education systems	individuals and families	In collaboration with community partners, Parent University offered bilingual classes to over 4600 parents in Napa County.
4. Partner with FQHCs, other providers and CBOs for COVID19 outreach, education, testing, vaccination, mitigation of spread, and mitigation of impacts on Latino/a communities	Latino/a and/or Spanish-speaking individuals and families	Assisted Napa County with testing, contact tracing and positive case investigation CHI caregivers volunteered at the OLE Health Vaccine Clinic as needed CHI caregivers partnered with Napa County Public Health to provide consistent messaging.

Evidence Based Sources

- Listening to the Voices of Californians - California Health Care Foundation
- Health Equity | IHI - Institute for Healthcare Improvement
- Health Equity | CDC

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health Investment department, provide grants to local partners, and help leverage resources from the Providence Population Health Division's Health Equity Initiative to support efforts that directly address health disparities. In partnership with the Providence Government and Public Affairs Division, local CHI leaders will advocate for policies that address social and economic disparities.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- OLE Health
- On The Move – LGBTQ Connection
- UpValley Family Centers
- Napa County Public Health
- Community Organizations Active in Disaster
- Napa Valley Farmworker Foundation
- Napa Solano Medical Society

COMMUNITY NEED ADDRESSED #2: HOUSING & HOMELESSNESS

Long-Term Goal(s)/ Vision

A sufficient supply of safe, affordable housing units to ensure that all people in the community have access to a healthy place to live that meets their needs.

Table 3. Strategies and Strategy Measures for Addressing Housing & Homelessness

Strategy	Population Served	FY22 Accomplishments
1. Support the development of affordable housing stock, including innovative models of permanent supportive housing.	Chronically homeless and very low-income individuals and families; seniors and individuals on a fixed income	Funding support in the amount of $1,000,000 to Napa County Project Home Key round 2 to acquire an existing 55 room motel and convert to 54 units of permanent supportive housing units.
2. Leverage resources through partnerships to expand supportive services for those unstably housed and experiencing homelessness.	Individuals experiencing or at risk of experiencing homelessness, including older adults, Latino/a, and undocumented individuals	Funding in the amount of $10,000 to NEWS in support of flexible financial assistance for Domestic Violence and Sexual Assault survivors to ultimately secure their own safe housing In partnership with OLE Health, Catholic Charities, Abode and Napa County, CARE Network engaged with high-risk unhoused community members with Care Management, Outreach and Social Work Support at: • Napa's South Shelter Clinic • Napa Nightingale • Wine Valley Lodge – Project Roomkey • Adrian Street Apartments – Project Homekey Assisted CARE Network clients with Section 8 housing waitlist applications
3. Invest in respite shelter services supported with complex care management	Individuals experiencing homelessness who are being discharged from local hospitals and need respite services	Funded $350,000.00 in support of respite care operations and in-kind support by CARE Network for complex care management for 32 community members for a total of 1984 bed nights.

Evidence Based Sources

Queen of the Valley Medical Center believes in working upstream to prevent homelessness as well as responding to the immediate needs of individuals and families experiencing housing instability or homelessness, This CHIP includes both prevention and intervention strategies and draws from the following sources:

- Housing is Health | Providence
- National Institute for Medical Respite Care (nimrc.org)
- National Health Care for the Homeless Council
- Reduce poverty by improving housing stability | Urban Institute
- Housing Instability | Healthy People 2020

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health Investment department as well as grants and restricted funding. Approximately $4,500,000 in Care for the Poor reserve funds are earmarked for reducing housing instability and homelessness in Napa County between 2022 and 2025. Financial support is provided to Nightingale House annually for continuation of respite shelter care. Grant funds through the Housing Opportunities for Persons with AIDS (HOPWA) program will continue to assist with preventing a subset of unstably housed individuals from experiencing homelessness.

Providence Supportive Housing Division and Real Estate and Strategic Operations Division are available to assist with decisions around investments in and support for additional housing units. Additionally, and in partnership with the Providence Government and Public Affairs division, local CHI leaders will support policies that prevent homelessness and increase access to affordable housing.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Abode Housing Services
- Burbank Housing
- Housing Authority of the City of Napa
- Napa County Housing and Homeless Programs
- Gasser Foundation
- Napa Valley Community Housing
- Community Development Department, City of Napa

COMMUNITY NEED ADDRESSED #3: MENTAL HEALTH & SUBSTANCE USE SERVICES

Long-Term Goal(s)/ Vision

To ensure equitable access to high-quality, culturally responsive, and linguistically appropriate mental health and substance use services, especially for populations with low incomes.

Table 4. Strategies and Strategy Measures for Addressing Mental Health and Substance Use Services

Strategy	**Population Served**	**FY22 Accomplishments**
1. Increase local capacity to provide culturally appropriate mental health services when needed	All of Napa County, especially youth and older adults, and Spanish speaking individuals	Mentis Contract for CARE Network Mental Health Counselors Mentis Contract for Healthy Minds Healthy Aging prevention and early intervention for individuals who are 60 years and older showing early signs of depression and/or cognitive decline.
2. Increase local capacity to provide appropriate level of substance use services when needed.	All of Napa County, especially youth and older adults, and Spanish speaking individuals	Embedded Alternatives for Better Living Substance Use Navigators into the Emergency Room and onto hospital units Embedded an Alternatives for Better Living Substance Use Navigator onto the OB Unit and within the network of perinatal providers throughout Napa County Center Point contracts for Fee for Service bed nights and dedicated Substance Use Counselor onsite Funded Aldea's "Stash Bags" outreach campaign for teenagers providing resources to prevent substance use or overdose.
3. Enhance the capacity of our community for prevention, education, and intervention of behavioral health treatment to youth	Teens and preteens	Investment of $125,000.00 in multiple prevention-based programs for teenagers and preteens including the local Youth Resource Mental Health data base, wellness cafés and parent support groups.
4. Support 24-hour crisis response and crisis stabilization services to ensure immediate mental health needs are met	Napa County residents	Two QPR trainings were taught to Napa County residents. In-patient and out-patient hospital caregivers collaborate with new Napa

		County Crisis Stabilization Unit and Mobile Response Unit.
5. Provide Mental Health First Aid training throughout the community to better address immediate mental health needs	Napa County residents	Five Mental Health First Aid training opportunities were attended by 64 Napa County residents.

Evidence Based Sources

Queen of the Valley Medical Center believes in working upstream to prevent mental health and substance use concerns as well as responding to immediate needs for crisis interventions. This CHIP includes both primary prevention and crisis intervention strategies and draws from the following sources:

- SAMHSA - Substance Abuse and Mental Health Services Administration
- Mental Health & Resilience Support for Teens and Adults (work2bewell.org)
- Prevention Institute
- Board of Behavioral Sciences (BBS)
- NAMI: National Alliance on Mental Illness

Resource Commitment

Queen of the Valley Medical Center will commit staff time across the CARE Network program, provide grants to local partners and facilitate funding from various health system sources. In partnership with the Providence Government and Public Affairs division, local CHI leaders will advocate for increased access to mental health and substance use care with focused community-based solutions.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to collaborate with the following organizations to address this need:

- OLE Health
- Mentis
- Collabria
- Alternatives for Better Living
- Center Point
- Aldea Children & Family Services
- Napa County Health & Human Services
- On The Move – Parent University
- COPE Family Services
- Crestwood Crisis Stabilization Unit

COMMUNITY NEED ADDRESSED #4: ACCESS TO HEALTH SERVICES

Long-Term Goal(s)/ Vision

To improve access to health care and preventive resources for people with low incomes and those uninsured by deploying programs to assist with navigating the health care system, and to ease the way for people to access the appropriate level of care at the right time.

Table 5. Strategies and Strategy Measures for Addressing Access to Health Services

Strategy	Population Served	FY22 Accomplishments
1. Partner with FQHC/OLE Health to ensure timely and adequate follow-up care for vulnerable patients	Low income and/or medically vulnerable	Bi-monthly calls occur including leaders from OLE Health and QVMC to review workflows. Secured population health funding for OLE Health to hire a LCSW and for QVMC CARE Network to hire a LCSW and CHW to improve access to follow-up care.
2. Ensure residents are enrolled in health coverage through referrals to Community Health Initiative.	Uninsured and underinsured individuals	With the public health emergency ending in 2023 this will be a focus to ensure Medicaid beneficiaries maintain coverage.
3. Ensure that all Community Outreach clients/patients have seen their medical provider at least once in the past year.	Low-income and/or vulnerable individuals	In FY22 a process was implemented to collect data for all clients.
4. Increase access to specialty care, diagnostic screening, and procedures through "Operation Access"	Low-income (up to 200% of FPL) and/or uninsured Napa County residents	OA provided 221 surgical services and diagnostic services and 521 total specialty appointments for 154 unduplicated Napa residents.
5. Provide early oral health screening, prevention, treatment and education to low-income children; complete dental care delivery, including checkup, treatment, and oral health education for patient/parent	Low-income, uninsured and under-insured individuals age 6 months to 26 years	This year our mobile dental clinic provided 4,070 clinic services to 2035 low-income children in Napa County.

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health Investment department as well as grants and restricted funding from its Care for the Poor account. The CARE Network program will continue to provide complex care management and medical care coordination for some of the most vulnerable individuals in our community.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- OLE Health
- Napa County Health & Human Services
- Providence Medical Group
- Community Health Initiative
- Operation Access
- Partnership HealthPlan of CA
- Collabria
- Share the Care

Other Community Benefit Programs

Table 6. Other Community Benefit Programs in Response to Community Needs

Initiative (Community Need Addressed)	Program Name	Description	Population Served (Low Income, Vulnerable or Broader Community)
1. Complex Care Management	CARE Network	This program is integral to addressing all four priority need areas. The CARE Network provides socio-economic and medical care coordination to low-income vulnerable individuals with complex needs serving individuals along with additional caregivers and family members through a continuum of services and supports linked to community-based services, financial assistance, and medical resources.	Low income or vulnerable
2. Health Equity and Mental Health	Healthy for Life	A school-based wellness program at Title 1 schools designed to emphasize lifelong wellness and behavior change among the pediatric population. In FY22 facilitated 24,783 encounters with Napa Valley Unified School.	Low Income or vulnerable
3. Health Equity	Napa Valley Parent University	In partnership with Napa Valley Unified School District and a local nonprofit, On the Move, Parent University took place at 5 Title one schools and offered virtual classes in FY22.	Low income

		There were 4632 participants in the learning environment. Parents gain critical parenting and leadership skills to support their child's academic success. Classes are bilingual.	
4. Access to Healthcare	HIV Clinic	There were 154 clients cared for by the collaboration between Ole Health and QVMC to provide HIV clinic services	Broader Community
5. Access to Healthcare	Community Health and Resource Fairs	Offer bilingual education and health screenings at multiple community events	Low Income
6. Mental Health	Perinatal Emotional Wellness Program	Assessed and provided 823 brief counseling sessions for pregnant and postpartum women screened for depression	Broader Community

FY22 COMMUNITY BENEFIT INVESTMENT

In FY22 Queen of the Valley Medical Center invested a total of **$51,924,754** in key community benefit programs. **$51,002,521** was invested in community health programs for the poor. In addition, **$3,716,522** in charity care was provided, **$39,975,209** in unpaid cost of MediCal, including the Hospital Quality Assurance Fee Program, and **$922,233** in community benefits for the broader community. The hospital received **$3,433,533** from the MediCal Hospital Quality Assurance Fee program for FY22. If it were not for the Hospital Quality Assurance Fee received, Unpaid Cost of MediCal would have been **$43,408,742**. Queen of the Valley Medical Center applies a ratio of cost to charge to quantify financial assistance at cost, unreimbursed Medicaid, other means-tested government programs. The cost to charge ratio is aligned with the IRS Form 990, Schedule H Worksheet 2. Our community benefit program expenses are reported in alignment with the total cost incurred to run our programs, and we offset any restricted revenue received to arrive at our net community benefit expense.

FY2022 Queen of the Valley Medical Center (July 1, 2021 - June 30, 2022)

CA Senate Bill (SB) 697 Categories	Community Benefit Program Categories	Net Benefit
Medical Care for Vulnerable Populations	Financial Assistance at cost	$3,716,522
	Unpaid cost of Medicaid	$39,975,209
	Unpaid other govt. programs	$10,266
Other Benefits for Vulnerable Populations	Community Health Improvement Services	$4,438,885
	Subsidized Health Services	$0
	Cash and In-Kind Contributions	$2,528,611
	Community Building	$0
	Community Benefit Operations	$333,028
	Total Benefits for Vulnerable Populations	**$51,002,521**
Other Benefits for the Broader Community Populations	Community Health Improvement Services	$488,262
	Subsidized Health Services	$0
	Cash and In-Kind Contributions	$83,408
	Community Building	$0
	Community Benefit Operations	$350,563
Health Profession Education, Training and Research	Health Professions Education and Research	$0
	Total Benefits for the Broader Community	**$922,233**
	Total Community Benefit	**$51,924,754**
Medical Care Services for the Broader Community	**Total Medicare shortfall**	$52,628,963

Telling Our Community Benefit Story: Non-Financial Summary of Accomplishments

Before the inception of community benefit, the Sisters of St. Joseph of Orange established a priority to care for the poor and vulnerable. Carrying out their mission that extends back to LePuy, France, 1650, these women were brought together by a Jesuit priest, Father Jean Pierre Medaille, who formed a new association of women, without cloister or distinctive dress, consecrated to God, to live together combining a life of prayer with an active ministry to the sick and poor. With the overwhelming need of that time he instructed these women to go into the community, divide it into sectors, identifying the greatest needs while also seeking like-minded people who can help. To this day, now entrusted in the hands of the laity, we continue with this mission and follow these same instructions and inspiration from our founding Sisters.

Community Leaders Coalition (CLC)

The CLC's mission is to mobilize community leaders to collectively advocate for the needs of vulnerable populations throughout Napa County. The group is comprised of nonpartisan community leaders working together to leverage their resources and voices to influence positive change in our community. Proactive efforts include promoting voter registration and participation, paving the way for an open and effective local government by enabling participation in the budget and redistricting processes, and strengthening immigrant families through knowledge and resources. A Queen of the Valley, Community Outreach caregiver serves as a member of the CLC and participates in relevant workgroups and advocacy efforts.

Napa Valley Community Organizations Active in Disaster (COAD)

The Napa Valley COAD develops and enhances partnerships for communication, coordination & collaboration amongst the whole community including non-profit & faith-based organizations, government agencies, and the private sector during all phases of disaster. The organization was developed in response to the 2014 South Napa Earthquake and 2015 Lake County Valley Fire, and to develop a structure in Napa County to improve community resilience by identifying and directing vital resources to help residents recover from a disaster. Local government cannot meet these needs alone and relies on partnerships with local non-profit agencies for service delivery. Cross-sector and multidisciplinary collaborations have been enhanced during the Covid-19 pandemic because of COAD's coordination throughout the county. In partnership with the Sonoma County COAD, the Napa Valley COAD assisted Humboldt County launch a COAD of their own. A Queen of the Valley, Community Outreach caregiver serves as an executive board member of Napa Valley COAD.

Blood Drives:

Another form of non-profit collaboration is partnering with Vitalant to host blood drives on the Providence Queen of the Valley campus. We create awareness while inviting the community to join Queen of the Valley caregivers, physicians, and volunteers to meet the chronic shortage of lifesaving blood products. In FY22 Vitalant conducted three blood drives at Queen of the Valley with a total of 67 units collected.

2022 CB REPORT GOVERNANCE APPROVAL

This 2022 Community Benefit Report was adopted by the Community Benefit Committee of the hospital on November 17, 2022. The final report was made widely available by November 30, 2022.

EXECUTIVE SUMMARY

Providence continues its Mission of service in Napa County through Queen of the Valley Medical Center (QVMC). QVMC is an acute-care hospital with 198 licensed beds, founded in 1958 and located in Napa, California. The hospital's service area is the entirety of Napa County, including 138,795 people.

QVMC dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. In FY23, the hospital provided $46,440,462 in Community Benefit in response to unmet needs.

QVMC Community Health Improvement Plan Priorities

As a result of the findings of our 2020 CHNA and through a prioritization process aligned with our Mission, resources, and hospital strategic plan, Queen of the Valley Medical Center will focus on the following areas for its 2021-2023 Community Benefit efforts:

PRIORITY 1: HEALTH EQUITY – RACIAL & LGBTQ

The disproportionate impact of COVID-19 on Black, Brown, Indigenous, and People of Color (BBIPOC), as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities. Health inequities and systemic racism are preventing BBIPOC communities, particularly the Latino/a community, from accessing opportunities, and discrimination prevents the LGBTQ+ community from receiving responsive health care.

2023 Accomplishments

Collaboration continues with CommuniCare+OLE, our local FQHC, to ensure timely and adequate follow-up appointments for patients. Bi-monthly calls occur including leaders from both entities working to improve workflows. Through Providence Health System Population funding QVMC and CommuniCare+OLE collaborated to expand capacity of the FQHC to serve patients with behavioral health conditions. QVMC CARE Network added a LCSW to support behavioral health assessments and referrals in the Emergency Department (ED). QVMC CARE Network also embedded a Community Health Worker into the ED to reduce patient barriers to primary and specialty care through outreach, navigation and supports. The FQHC hired a new bilingual/bicultural therapeutic LCSW to increase access to follow-up Care.

PRIORITY 2: HOUSING & HOMELESSNESS

A major growing community need is around safer and more affordable housing stock, particularly for people with low incomes. The housing crisis in Napa highlights racial and economic inequities in the community, disproportionately affecting the Latino/a community, especially mixed status families. There is additional concern for older adults who have few affordable options in the community, particularly those living on a fixed income.

2023 Accomplishments

In FY 23 Community Health Investment committed to a financial investment to Jamboree Housing. Jamboree Housing will be building a new 40-unit Permanent Supportive housing complex in Napa County. Community Health Investment's CARE Network caregivers collaborate with Napa County, City of Napa, Abode, NEWS, CommuniCare+OLE and Catholic Charities to serve high risk clients. CARE Network caregivers are active in the Napa County Coordinated Entry system. CARE Network caregivers support the unhoused through care management, outreach, and social work support.

PRIORITY 3: MENTAL HEALTH & SUBSTANCE USE SERVICES

There is a general lack of mental health and substance use treatment services in the Napa community. School-age children, older adults, the Latino/a community, and individuals identifying as LGBTQ+ experience barriers to accessing responsive services.

2023 Accomplishments

CHI increased capacity to address mental health and substance use services through collaboration with Mentis, Alternatives for Better Living and Burbank Housing. Substance Use Navigators are embedded in the Emergency Room and inside the OB Unit assisting patients with outreach and navigation of local inpatient and outpatient resources. Mental health programs facilitated by Mentis, continue in both English and Spanish for high-risk CARE Network clients and for the elderly through Healthy Minds Healthy Aging.

PRIORITY 4: ACCESS TO HEALTH SERVICES

There is concern around lack of access to health insurance for mixed status families as well as people losing their insurance due to job loss during the pandemic. A lack of specialists in Napa, transportation, and language barriers prevent individuals from accessing timely and responsive health care services.

2023 Accomplishments

CARE Network provided 30,987 total encounters to their clients through medical and social service care coordination and case management. CARE Network continued to hold a strong presence on the Napa County Continuum of Care Committee. The Children's Mobile Dental Clinic provided 4769 clinic services to 1624 low-income children in Napa County.

Providence

At Providence, we use our voice to advocate for vulnerable populations and needed reforms in health care. We are also pursuing innovative ways to transform health care by keeping people healthy, and making our services more convenient, accessible, and affordable for all. In an increasingly uncertain world, we are committed to high-quality, compassionate health care for everyone – regardless of coverage or ability to pay. We help people and communities' benefit from the best health care model for the future – today.

Together, our 120,000 caregivers (all employees) serve in fifty-two hospitals, 1,085 clinics and a comprehensive range of health and social services across Alaska, California, Montana, New Mexico, Oregon, Texas, and Washington.

Providence across five western states:

- Alaska
- Montana
- Oregon
- Northern California
- Southern California
- Washington

The Providence affiliate family includes:

- Covenant Health in West Texas
- Facey Medical Foundation in Los Angeles, CA.
- Hoag Memorial Hospital Presbyterian in Orange County, CA.
- Kadlec in Southeast Washington
- Pacific Medical Centers in Seattle, WA.
- Swedish Health Services in Seattle, WA.

As a comprehensive health care organization, we are serving more people, advancing best practices, and continuing our more than 100-year tradition of serving the poor and vulnerable. Delivering services across seven states, Providence is committed to touching millions of more lives and enhancing the health of the American West to transform care for the next generation and beyond.

INTRODUCTION

Who We Are

Our Mission As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.

Our Vision Health for a Better World.

Our Values Compassion — Dignity — Justice — Excellence — Integrity

Queen of the Valley Medical Center is an acute-care hospital founded in 1958 and located in Napa, California. The hospital has 198 licensed beds, more than 1280 caregivers (employees), and professional relationships with many local physicians. Major programs and services offered to the community include acute rehabilitation, bariatric surgery, cancer, cardiac, emergency, maternity and infant care, neurosciences, and orthopedics.

Our Commitment to Community

Queen of the Valley Medical Center dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. During the most recent fiscal year, it provided $46,440,462 in Community Benefit[1] in response to unmet needs and to improve the health and well-being of those served in Napa County.

Health Equity

At Providence, we acknowledge that all people do not have equal opportunities and access to living their fullest, healthiest lives due to systems of oppression and inequities. We are committed to ensuring health equity for all by addressing the underlying causes of racial and economic inequities and health disparities. Our Vision is "Health for a Better World," and to achieve that we believe we must address not only the clinical care factors that determine a person's length and quality of life, but also the social and economic factors, the physical environment, and the health behaviors that all play an active role in determining health outcomes.

[1] A community benefit is an initiative, program or activity that provides treatment or promotes health and healing as a response to identified community needs and meets at least one of the following community benefit objectives: a. Improves access to health services; b. Enhances public health; c. Advances increased general knowledge; and/or d. Relieves government burden to improve health. Note: Community benefit includes both services to the economically poor and broader community. To be reported as a community benefit initiative or program, community need must be demonstrated. Community need can be demonstrated through the following: 1) community health needs assessment developed by the ministry or in partnership with other community organizations; 2) documentation that demonstrates community need and/or a request from a public agency or community group was the basis for initiating or continuing the activity or program; 3) or the involvement of unrelated, collaborative tax-exempt or government organizations as partners in the community benefit initiative or program.

To ensure that equity is foundational to our CHIP, we have developed an equity framework that outlines the best practices that each of our hospital will implement when completing a CHIP. These practices include, but are not limited to the following:

Figure 1. Best Practices for Centering Equity in the CHIP

Community Benefit Governance

Queen of the Valley Medical Center demonstrates organizational commitment to the community benefit process through the allocation of staff time, financial resources, participation, and collaboration with community partners. The Northern California Regional Director of Community Health Investment and the local QVMC Community Health Investment Program Manager are responsible for coordinating implementation of State and Federal 501r requirements.

The Community Benefit Committee (CBC) is the board appointed oversight committee of the Community Outreach department at Queen of the Valley Medical Center. The CBC is composed of Providence Queen of the Valley community board members, internal Providence stakeholders and staff (Chief Executive or designee, mission leader, community health leaders) and external community stakeholders representing subject matter experts and community constituencies (i.e., faith based, FQHC's, mental health, homeless services, education, and Public Health). The CBC reviewed the data collected in the 2020 Community Health Needs Assessment process to identify and prioritize the top health-related needs in Napa County for this 2021-2023 CHIP. The committee also oversees and governs budget, investments, program continuation or discontinuation, populations of focus and community-wide engagement.

Planning for the Uninsured and Underinsured

Our Mission is to provide quality care to all our patients, regardless of ability to pay. We believe that no one should delay seeking needed medical care because they lack health insurance. That is why Queen of

the Valley Medical Center has a Financial Assistance Program (FAP) that provides free or discounted services to eligible patients.

One way Queen of the Valley Medical Center informs the public of FAP is by posting notices. Notices are posted in high volume inpatient and outpatient service areas. Notices are also posted at locations where a patient may pay their bill. Notices include contact information on how a patient can obtain more information on financial assistance as well as where to apply for assistance. These notices are posted in English and Spanish and any other languages that are representative of 5% or greater of patients in the hospital's service area. All patients who demonstrate lack of financial coverage by third party insurers are offered an opportunity to complete the Patient Financial Assistance Application and are offered information, assistance, and referral as appropriate to government sponsored programs for which they may be eligible. For information on our Financial Assistance Program go to: https://www.stjosephhealth.org/patients-visitors/billing-payment/.

Medi-Cal (Medicaid)

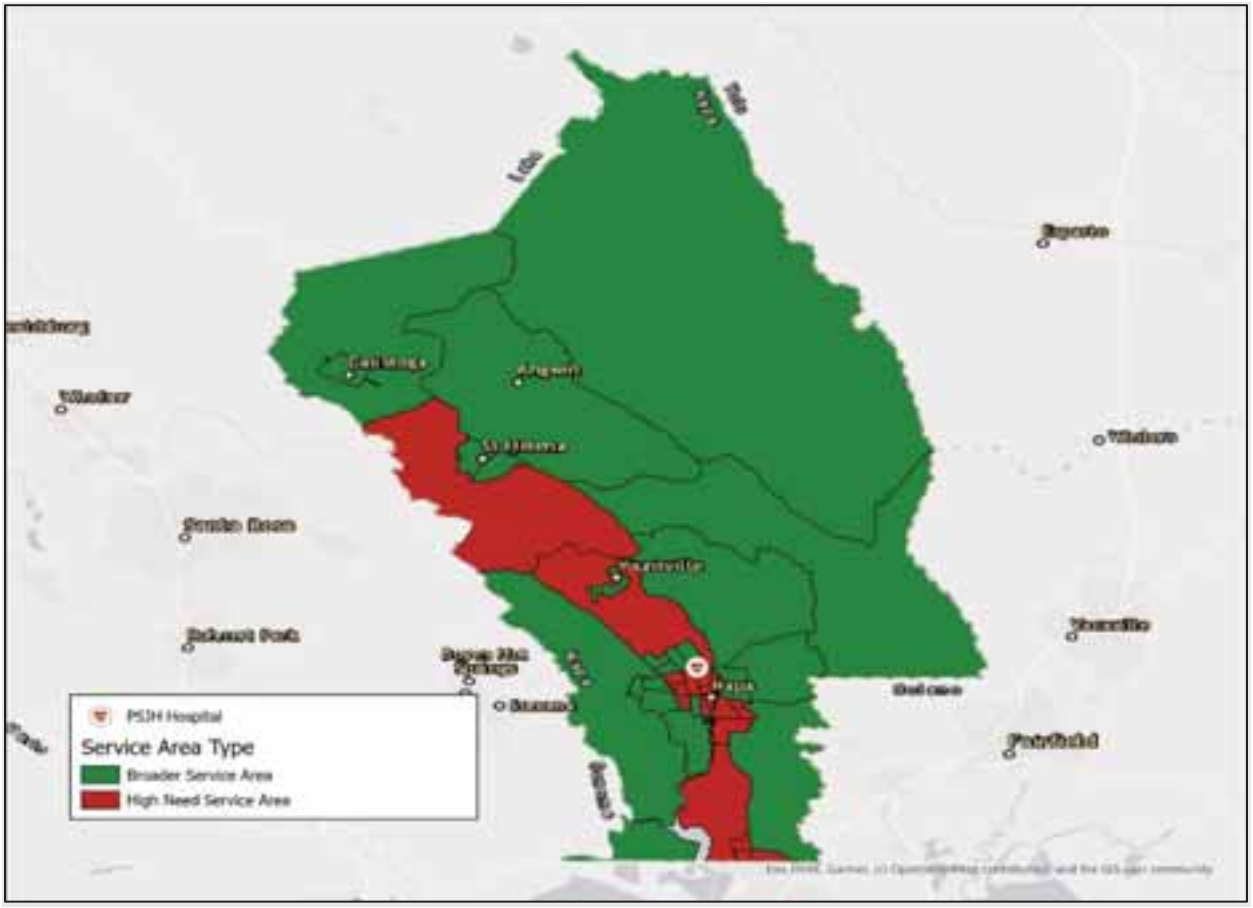
Queen of the Valley Medical Center provides access to the uninsured and underinsured by participating in Medicaid, also known as Medi-Cal in California. In FY23, Queen of the Valley Medical Center provided $37,891,910 in Medicaid shortfall.

OUR COMMUNITY

Description of Community Served

Queen of the Valley Medical Center's service area is Napa County and includes a population of approximately 138,795 people.

Figure 2. Queen of the Valley Medical Center Total Service Area



Of the over 138,795 permanent residents of Napa County, roughly 48% live in the "high need" area, defined by lower life expectancy at birth, lower high school graduation rates, and more households at or below 200% FPL compared to census tracts across the county. For reference, in 2020, 200% FPL represents an annual household income of $52,400 or less for a family of four. These households are more likely to regularly make spending tradeoffs regarding utilities, rent, groceries, medicine, and other basic expenses.

Community Demographics

POPULATION AND AGE DEMOGRAPHICS

Younger age groups are disproportionately represented in the high need communities of Napa County, most likely representing households with young children. Alternatively, age groups 55 and over are less likely to fall into the high need communities or live within those designated census tracts. The male-to-female distribution is roughly equal across Napa County geographies.

In Napa County, approximately 7% of the population are veterans, which is higher than that of the state of California, 5%.

POPULATION BY RACE AND ETHNICITY

Individuals who identify as Hispanic (below), Asian, or "other race," are more likely to live in high needs census tracts than their peers of other races.

SOCIOECONOMIC INDICATORS

Table 1. Income Indicators for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Median Income Data Source: American Community Survey Year: 2019	$101,330	$77,129	$88,457
Percent of Renter Households with Severe Housing Cost Burden Data Source: American Community Survey Year: Estimates based on 2013 – 2017 data	20.8%	25.2%	23.0%

The median income in the high need service area is about $11,000 lower than Napa County. There is about a $24,000 difference in median income between the broader service area and the high need service area.

Severe housing cost burden is defined as households that are spending 50% or more of their income on housing costs. On average about 23% of households in Napa County are severely housing cost burdened. In the high need service area, 25.2% of renter households are severely housing cost burdened. Within the total service area there are census tracts in which 30% to 43% of households are experiencing severe housing cost burden.

Full demographic and socioeconomic information for the service area can be found in the 2020 CHNA for Queen of the Valley Medical Center.

COMMUNITY NEEDS AND ASSETS ASSESSMENT PROCESS AND RESULTS

Summary of Community Needs Assessment Process and Results

The Community Health Needs Assessment (CHNA) process is based on the understanding that health and wellness are influenced by factors within our communities, not only within medical facilities. In gathering information on the communities served by the hospital, we looked not only at the health conditions of the population, but also at socioeconomic factors, the physical environment, and health behaviors. Additionally, we invited key stakeholders and community members to provide additional context to the quantitative data through qualitative data in the form of interviews and listening sessions. As often as possible, equity is at the forefront of our conversations and presentation of the data, which often have biases based on collection methodology.

Significant Community Health Needs Prioritized

The list below summarizes the rank ordered significant health needs identified through the Community Health Needs Assessment process:

PRIORITY 1: HEALTH EQUITY – RACIAL & LGBTQ

The disproportionate impact of COVID-19 on Black, Brown, Indigenous, and People of Color (BBIPOC), as well as the national call for racial justice have highlighted the need for additional community conversations around racism and inequities. Health inequities and systemic racism are preventing BBIPOC communities, particularly the Latino/a community, from accessing opportunities and living their healthiest lives. Discrimination also prevents the LGBTQ+ community from receiving responsive health care and visibility in the community. A greater commitment to equity in all programs and collaboratives is warranted.

PRIORITY 2: HOUSING & HOMELESSNESS

A major growing community need is around safer and more affordable housing stock, particularly for people with low incomes. A lack of affordable housing leads to over-crowding and poor living conditions. Housing is foundational to all other needs; once people are housed securely; they can address other needs related to their health and wellbeing. Two groups are of particular concern: the Latino/a community and older adults. The housing crisis in Napa highlights racial and economic inequities in the community, disproportionately affecting the Latino/a community, especially mixed status families. There is additional concern for older adults who have few affordable options in the community, particularly those living on a fixed income.

PRIORITY 3: MENTAL HEALTH & SUBSTANCE USE SERVICES

There is a general lack of mental health and substance use treatment services in the community. School-age children and older adults need more mental health support in the current environment, increasing the demand for services. The Latino/a community is also underserved, especially mixed status families,

with the following barriers preventing Latino/a individuals from receiving services: stigma, a lack of culturally relevant education and outreach, and a lack of bilingual and bicultural providers. LGBTQ-friendly mental health providers are also difficult to find in the area. There is limited access to mental health services for individuals who do not meet the high-acuity criteria for severe mental illness at Napa County Health and Human Services, as well as limited substance use disorder treatment options. The COVID-19 pandemic is creating a mental health crisis; people are feeling hopeless, afraid, stressed, anxious, and depressed. The stress from the COVID-19 pandemic is compounding trauma related to local fires.

PRIORITY 4: ACCESS TO HEALTH SERVICES

There is concern around lack of access to health insurance for mixed status families as well as people losing their insurance due to job loss during the pandemic. A lack of specialists in Napa disproportionately affects individuals on Medi-Cal or without insurance. When individuals are referred to a specialist outside of the area, transportation then becomes a barrier to accessing care. Language barriers prevent Spanish-speaking individuals from receiving responsive care, and virtual interpreters are not nearly as effective as in-person options. Access to care challenges became especially apparent during the COVID-19 pandemic. While telemedicine has improved access to care for some populations, for others this transition has created additional barriers to care, including lack of smart phones or computers, lack of comfort with technology or stable internet access, language barriers, and lack of private space for appointments. Many individuals do not want to talk to their provider on the phone and are not receiving the care they need.

Needs Beyond the Hospital's Service Program

No hospital facility can address all the health needs present in its community. We are committed to continuing our Mission through the provision of financial grants and donations to community partners whose work aligns with the mission, vision, and values of the organization.

While Queen of the Valley Medical Center will employ strategies to address each of the four significant health needs that were prioritized during the CHNA process, partnerships with community organizations and government agencies are critical for achieving long-term goals.

Queen of the Valley Medical Center will collaborate with Napa County, the City of Napa, CommuniCare+OLE, Adventist Health, Mentis, Abode, Kaiser Health, and a variety of local family resource centers that address the community needs to coordinate care and referrals to address unmet needs.

COMMUNITY HEALTH IMPROVEMENT PLAN

Summary of Community Health Improvement Planning Process

The 2021-2023 Community Health Improvement Plan (CHIP) process was impacted by the SARS-CoV-2 virus and COVID-19, which has impacted all our communities. While we have focused on crisis response, it has required a significant re-direction of resources and reduced community engagement in the CHIP process.

This CHIP is currently designed to address the needs identified and prioritized through the 2020 CHNA, though COVID-19 will have substantial impacts on our community needs. These impacts are likely to exacerbate some of the needs identified, and cause others to rise in level of priority. While this is a dynamic situation, we recognize the greatest needs of our community will change in the coming months, and it is important that we adapt our efforts to respond accordingly. We are committed to supporting, strengthening, and serving our community in ways that align with our Mission, engage our expertise, and leverage our Community Benefit dollars in the most impactful ways.

Queen of the Valley Medical Center's CHIP involves a comprehensive approach lead by the Community Health Investment Program Manager and Senior Program Coordinator. This process includes both internal and external stakeholders and subject matter experts. Coordinating within the organization and in our community is critical in leveraging the will and the resources required to improve community health. As part of the comprehensive approach, existing initiatives of Queen of the Valley's community benefit investments are reviewed to ensure alignment with 2020 CHNA priorities. The board appointed Community Benefit Committee is engaged throughout the process beginning with the development and approval of the CHNA, followed by CHIP development, review, and feedback, then final CHIP review and approval.

Queen of the Valley Medical Center anticipates that implementation strategies may change and therefore, a flexible approach is best suited for the development of its response to the CHNA. For example, certain community health needs may become more pronounced and require changes to the initiatives identified by Queen of the Valley Medical Center in the enclosed CHIP.

Addressing the Needs of the Community: 2021-2023 Key Community Benefit Initiatives and Evaluation Plan

2023 Accomplishments

COMMUNITY NEED ADDRESSED #1: HEALTH EQUITY – RACIAL & LGBTQ

Long-Term Goal(s)/ Vision

To eliminate social inequities and forms of oppression in our communities, ensuring all people have the opportunities and access to living their fullest, healthiest lives.

Table 2. Strategies and Strategy Measures for Addressing Health Equity

Strategy	Population Served	FY23 Accomplishments
1. Partner with FQHC/CommuniCARE+OLE to ensure timely and adequate follow-up care for vulnerable patients	Individuals with low-income or experiencing vulnerabilities, with special focus on Latino/a patients	Bi-monthly calls occur including leaders from CommuniCare+OLE and QVMC to review workflows. Through Providence Health System Population funding QVMC and CommuniCare+OLE collaborated to expand capacity of the FQHC to serve patients with behavioral health conditions. QVMC CARE Network added a LCSW to support behavioral health assessments and referrals in the Emergency Department (ED). QVMC CARE Network also embedded a Community Health Worker into the ED to reduce patient barriers to primary and specialty care through outreach, navigation and supports. The FQHC hired a new bilingual/bicultural therapeutic LCSW to increase access to follow-up Care.
2. Improve infrastructure to serve LGBTQ+ patients and address disparities through provider training and adequate data collection.	LGBTQ+ individuals	SOGI data is now being collected for all patients through EPIC. Collaborated with Live Healthy Napa County to increase visibility of safe spaces in Napa County.
3. Continue to provide community health and educational classes, including Parent University classes to increase knowledge around the health and education systems	Low-income and/or Spanish speaking individuals and families	Health Education, Perinatal Health Education classes, and hospital tours are provided for our Spanish speaking population. In collaboration with community partners, Parent University offered bilingual classes to over 4637 parents in Napa County.

Evidence Based Sources

- Listening to the Voices of Californians - California Health Care Foundation

- Health Equity | IHI - Institute for Healthcare Improvement
- Health Equity | CDC

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health Investment department, provide grants to local partners, and help leverage resources from the Providence Population Health Division's Health Equity Initiative to support efforts that directly address health disparities. In partnership with the Providence Government and Public Affairs Division, local CHI leaders will advocate for policies that address social and economic disparities.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- CommuniCare+OLE
- On The Move – LGBTQ Connection
- UpValley Family Centers
- Napa County Public Health

COMMUNITY NEED ADDRESSED #2: HOUSING & HOMELESSNESS

Long-Term Goal(s)/ Vision

A sufficient supply of safe, affordable housing units to ensure that all people in the community have access to a healthy place to live that meets their needs.

Table 3. Strategies and Strategy Measures for Addressing Housing & Homelessness

Strategy	Population Served	FY23 Accomplishments
1. Support the development of affordable housing stock, including innovative models of permanent supportive housing.	Chronically homeless and very low-income individuals and families; seniors and individuals on a fixed income	Valley Lodge Apartments opened in FY23. A complex of 54 permanent supportive housing units. On-site services and care management will be provided for all apartment residents.
2. Leverage resources through partnerships to expand supportive services for those unstably housed and	Individuals experiencing or at risk of experiencing homelessness, including older	Funding in the amount of $10,000 to NEWS in support of flexible financial assistance for Domestic Violence and Sexual Assault survivors to ultimately secure safe housing.

experiencing homelessness.	adults, Latino/a, and undocumented individuals	In partnership with CommuniCARE+OLE, Catholic Charities, Abode and Napa County, CARE Network engaged with high-risk unhoused community members with Care Management, Outreach and Social Work Support at: • Napa's South Shelter Clinic • Napa Nightingale • Valley Lodge Apartments • Adrian Street Apartments
3. Invest in respite shelter services supported with complex care management	Individuals experiencing homelessness who are being discharged from local hospitals and need respite services	Funded $350,000.00 in support of respite care operations and in-kind support by CARE Network for complex care management for 38 community members for a total of 1798 bed nights.

Evidence Based Sources

Queen of the Valley Medical Center believes in working upstream to prevent homelessness as well as responding to the immediate needs of individuals and families experiencing housing instability or homelessness, This CHIP includes both prevention and intervention strategies and draws from the following sources:

- Housing is Health | Providence
- National Institute for Medical Respite Care (nimrc.org)
- National Health Care for the Homeless Council
- Reduce poverty by improving housing stability | Urban Institute
- Housing Instability | Healthy People 2020

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health Investment department as well as grants and restricted funding. Approximately $4,500,000 in Care for the Poor reserve funds are earmarked for reducing housing instability and homelessness in Napa County between 2022 and 2025. Financial support is provided to Nightingale House annually for continuation of respite shelter care. Grant funds through the Housing Opportunities for Persons with AIDS (HOPWA) program will continue to assist with preventing a subset of unstably housed individuals from experiencing homelessness.

Providence Supportive Housing Division and Real Estate and Strategic Operations Division are available to assist with decisions around investments in and support for additional housing units. Additionally, and

in partnership with the Providence Government and Public Affairs division, local CHI leaders will support policies that prevent homelessness and increase access to affordable housing.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Abode Housing Services
- Burbank Housing
- Housing Authority of the City of Napa
- Napa County Housing and Homeless Programs
- Gasser Foundation
- Napa Valley Community Housing
- Community Development Department, City of Napa
- Jamboree Housing

COMMUNITY NEED ADDRESSED #3: MENTAL HEALTH & SUBSTANCE USE SERVICES

Long-Term Goal(s)/ Vision

To ensure equitable access to high-quality, culturally responsive, and linguistically appropriate mental health and substance use services, especially for populations with low incomes.

Table 4. Strategies and Strategy Measures for Addressing Mental Health and Substance Use Services

Strategy	**Population Served**	**FY23 Accomplishments**
1. Increase local capacity to provide culturally appropriate mental health services when needed	All of Napa County, especially youth and older adults, and Spanish speaking individuals	Mentis Contract for CARE Network Mental Health Counselors Mentis Contract for Healthy Minds Healthy Aging prevention and early intervention for individuals who are 60 years and older showing early signs of depression and/or cognitive decline.
2. Increase local capacity to provide appropriate level of substance use services when needed.	All of Napa County, especially youth and older adults, and Spanish speaking individuals	Alternatives for Better Living Substance Use Navigators (SUNs) continue to be embedded in the QVMC Emergency Room. Alternatives for Better Living Substance Use Navigator (SUN) is embedded in the OB Unit and collaborating within the network of perinatal providers throughout Napa County.

		Center Point contracts were in place for Fee for Service bed nights and caregiver collaboration.
3. Support 24-hour crisis response and crisis stabilization services to ensure immediate mental health needs are met	Napa County residents	Four Question Persuade Refer (QPR) trainings were taught to 95 Napa County residents. In-patient and out-patient hospital caregivers collaborate with new Napa County Crisis Stabilization Mobile Response Unit.

Evidence Based Sources

Queen of the Valley Medical Center believes in working upstream to prevent mental health and substance use concerns as well as responding to immediate needs for crisis interventions. This CHIP includes both primary prevention and crisis intervention strategies and draws from the following sources:

- SAMHSA - Substance Abuse and Mental Health Services Administration
- Mental Health & Resilience Support for Teens and Adults (work2bewell.org)
- Prevention Institute
- Board of Behavioral Sciences (BBS)
- NAMI: National Alliance on Mental Illness

Resource Commitment

Queen of the Valley Medical Center will commit staff time across the CARE Network program, provide grants to local partners and facilitate funding from various health system sources. In partnership with the Providence Government and Public Affairs division, local CHI leaders will advocate for increased access to mental health and substance use care with focused community-based solutions.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to collaborate with the following organizations to address this need:

- CommuniCare+OLE
- Mentis
- Community Health Napa Valley (Formerly Collabria Care)
- Alternatives for Better Living
- Center Point
- Napa County Health & Human Services Agency
- On The Move – Parent University
- COPE Family Services

COMMUNITY NEED ADDRESSED #4: ACCESS TO HEALTH SERVICES

Long-Term Goal(s)/ Vision

To improve access to health care and preventive resources for people with low incomes and those uninsured by deploying programs to assist with navigating the health care system, and to ease the way for people to access the appropriate level of care at the right time.

Table 5. Strategies and Strategy Measures for Addressing Access to Health Services

Strategy	Population Served	FY23 Accomplishments
1. Partner with FQHC/CommuniCare+OLE to ensure timely and adequate follow-up care for vulnerable patients	Low income and/or medically vulnerable	Bi-monthly calls occur including leaders from CommuniCare+OLE and QVMC to review workflows. Through Providence Health System Population funding QVMC and CommuniCare+OLE collaborated to expand capacity of the FQHC to serve patients with behavioral health conditions. QVMC CARE Network added a LCSW to support behavioral health assessments and referrals in the Emergency Department (ED). QVMC CARE Network also embedded a Community Health Worker into the ED to reduce patient barriers to primary and specialty care through outreach, navigation and supports. The FQHC hired a new bilingual/bicultural therapeutic LCSW to increase access to follow-up Care.
2. Ensure residents are enrolled in health coverage through referrals to Community Health Initiative.	Uninsured and underinsured individuals	With the public health emergency ending in 2023 this will be a focus to ensure Medicaid beneficiaries maintain coverage.
3. Increase access to specialty care, diagnostic screening, and procedures through "Operation Access"	Low-income (up to 200% of FPL) and/or uninsured Napa County residents	OA provided 186 surgical services and diagnostic services and 424 total specialty appointments for 123 unduplicated Napa residents.
4. Provide early oral health screening, prevention, treatment, and education to low-income children; complete dental care delivery, including	Low-income, uninsured, and under-insured individuals aged 6 months to 26 years	This year our mobile dental clinic provided 4,769 clinic services to 2,035 low-income children in Napa County.

checkup, treatment, and oral health education for patient/parent		
5. Increase resources to unhoused Napa County residents. Provide brief social service consultations to those interested in Care Coordination/Care Management services.	Low-income, uninsured, under-insured and unhoused.	QVMC Care Network is now offering walk-in appointments to provide brief social service consultation at the South Napa Shelter.

Evidence Based Sources

- Prevention Institute
- Health People 2020 – Access to Health Services
- Health Equity | IHI - Institute for Healthcare Improvement
- Health Equity | CDC

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health Investment department as well as grants and restricted funding from its Care for the Poor account. The CARE Network program will continue to provide complex care management and medical care coordination for some of the most vulnerable individuals in our community.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- CommuniCare+OLE
- Napa County Health & Human Services
- Napa County Office of Education
- Providence Medical Group
- Community Health Initiative
- Operation Access
- Partnership HealthPlan of CA
- Community Health Napa Valley (Formerly Collabria Care)
- Share the Care
- Abode Services
- Napa County Homeless Services and Continuum of Care

Other Community Benefit Programs

Table 6. Other Community Benefit Programs in Response to Community Needs

Initiative (Community Need Addressed)	Program Name	Description	Population Served (Low Income, Vulnerable or Broader Community)
1. Health Equity and Mental Health	Healthy for Life	A school-based wellness program at Title 1 schools designed to emphasize lifelong wellness and behavior change among the pediatric population. In FY23, 21,136 encounters occurred with Napa Valley Unified School District Students.	Low Income or vulnerable
2. Health Equity	Napa Valley Parent University	In partnership with Napa Valley Unified School District and a local nonprofit, On the Move, Parent University took place at 5 Title one schools and offered virtual classes in FY23. There were 4632 participants in the learning environment. Parents gain critical parenting and leadership skills to support their child's academic success. Classes are bilingual.	Low income
3. Access to Healthcare	HIV Clinic	There were 157 clients cared for by the collaboration between CommuniCare+OLE and QVMC to provide HIV clinic services	Broader Community
4. Access to Healthcare	Community Health and Resource Fairs	Offer bilingual education and health screenings at multiple community events	Low Income
5. Mental Health	Perinatal Emotional Wellness Program	Assessed and provided 864 brief counseling sessions for pregnant and postpartum women screened for depression	Broader Community

FY23 COMMUNITY BENEFIT INVESTMENT

In FY23 Queen of the Valley Medical Center invested a total of $46,440,462 in key community benefit programs. $45,639,046 was invested in community health programs for the poor. In addition, $1,230,365 in charity care was provided, $37,891,910 in unpaid cost of MediCal, including the Hospital Quality Assurance Fee Program, and $801,416 in community benefits for the broader community. Queen of the Valley Medical Center applies a ratio of cost to charge to quantify financial assistance at cost, unreimbursed Medicaid, other means-tested government programs. The cost to charge ratio is aligned with the IRS Form 990, Schedule H Worksheet 2. Our community benefit program expenses are reported in alignment with the total cost incurred to run our programs, and we offset any restricted revenue received to arrive at our net community benefit expense.

FY2023 Queen of the Valley Medical Center (July 1, 2022 - June 30, 2023)

CA Senate Bill (SB) 697 Categories	Community Benefit Program Categories	Net Benefit
Medical Care for Vulnerable Populations	Financial Assistance at cost	$1,230,365
	Unpaid cost of Medicaid	$37,891,910
	Unpaid other govt. programs	$0
Other Benefits for Vulnerable Populations	Community Health Improvement Services	$4,882,065
	Subsidized Health Services	$10,595
	Cash and In-Kind Contributions	$1,019,618
	Community Building	$0
	Community Benefit Operations	$604,493
	Total Benefits for Vulnerable Populations	**$45,639,046**
Other Benefits for the Broader Community Populations	Community Health Improvement Services	$637,145
	Subsidized Health Services	$0
	Cash and In-Kind Contributions	$40,000
	Community Building	$0
	Community Benefit Operations	$124,271
Health Profession Education, Training and Research	Health Professions Education and Research	$0
	Total Benefits for the Broader Community	**$801,416**
	Total Community Benefit	**$46,440,462**
Medical Care Services for the Broader Community	**Total Medicare shortfall**	$8,781,108

Telling Our Community Benefit Story: Non-Financial Summary of Accomplishments

Before the inception of community benefit, the Sisters of St. Joseph of Orange established a priority to care for the poor and vulnerable. Carrying out their mission that extends back to LePuy, France, 1650, these women were brought together by a Jesuit priest, Father Jean Pierre Medaille, who formed a new association of women, without cloister or distinctive dress, consecrated to God, to live together combining a life of prayer with an active ministry to the sick and poor. With the overwhelming need of that time, he instructed these women to go into the community, divide it into sectors, identifying the greatest needs while also seeking like-minded people who can help. To this day, now entrusted in the hands of the laity, we continue with this mission and follow these same instructions and inspiration from our founding Sisters.

Community Leaders Coalition (CLC)

The CLC's mission is to mobilize community leaders to collectively advocate for the needs of vulnerable populations throughout Napa County. The group is comprised of nonpartisan community leaders working together to leverage their resources and voices to influence positive change in our community. Proactive efforts include promoting voter registration and participation, paving the way for an open and effective local government by enabling participation in the budget and redistricting processes, and strengthening immigrant families through knowledge and resources. A Queen of the Valley, Community Outreach caregiver serves as a member of the CLC and participates in relevant workgroups and advocacy efforts.

Napa Valley Community Organizations Active in Disaster (COAD)

The Napa Valley COAD develops and enhances partnerships for communication, coordination & collaboration amongst the whole community including non-profit & faith-based organizations, government agencies, and the private sector during all phases of disaster. The organization was developed in response to the 2014 South Napa Earthquake and 2015 Lake County Valley Fire, and to develop a structure in Napa County to improve community resilience by identifying and directing vital resources to help residents recover from a disaster. Local government cannot meet these needs alone and relies on partnerships with local non-profit agencies for service delivery. Cross-sector and multidisciplinary collaborations have been enhanced during the Covid-19 pandemic because of COAD's coordination throughout the county. A Queen of the Valley, Community Outreach caregiver serves as an executive board member of Napa Valley COAD.

Live Healthy Napa County (LHNC)

Live Healthy Napa County (LHNC) seeks to promote and protect the health and wellbeing of every member of the community by bringing together diverse partners to develop shared vision of a healthier Napa County and to create an action agenda to realize that vision. Napa County community members take responsibility for improving and sustaining health through shared leadership, strategic planning, meaningful community engagement and coordinated action. In FY23 LHNC and Providence QVMC Community Health Investment collaborated on a joint napa County Community Health Needs Assessment.

Telling Our Community Benefit Story: Non-Financial Summary of Accomplishments 22

2023 CB Report Governance Approval 23

EXECUTIVE SUMMARY

Providence continues its Mission of service in Napa County through Queen of the Valley Medical Center (QVMC). QVMC is an acute-care hospital, founded in 1958 and located in Napa, California. The hospital's service area is the entirety of Napa County, including 138,000 people.

QVMC dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. In FY24, the hospital provided $43,524,190 in Community Benefit in response to unmet needs.

QVMC Community Health Improvement Plan Priorities

As a result of the findings of our 2023 CHNA and through a prioritization process aligned with our Mission, resources, and hospital strategic plan, Queen of the Valley Medical Center will focus on the following areas for its 2024-2026 Community Benefit efforts:

PRIORITY 1: HOMELESSNESS & HOUSING INSTABILITY

Limited housing stock pushes prices so high as to be out of reach for many and creates an especially demanding situation for those with low income. The cost of living is extremely high, and earning a livable wage is a struggle. Housing stability creates a foundation for further stability. Fear of, and disrespect to, unhousedindividuals can result in feelings of isolation. Paperwork and housing support systems are cumbersome. Demand for low-cost options may lead to unfair housing practices from landlords.

2024 Accomplishments

In FY24 Providence Queen of the Valley Medical Center Community Health made a financial investment to Jamboree Housing. Jamboree Housing will be building a new 40-unit permanent supportive housing complex in Napa County. Heritage House, a permanent supportive housing complex that Providence QVMC Community Health previously invested in, opened its doors. Multiple QVMC CARE Network clients have successfully been housed at Heritage House. Not only has Providence QVMC invested in the development of affordable housing stock in Napa County, but the CARE Network Program is also meeting monthly at the North Napa Center, a non-congregate shelter in Napa County, to coordinate care for shared Enhanced Care Management (ECM) clients to identity clients with complex medical conditions.

PRIORITY 2: BEHAVIORAL HEALTH & SUBSTANCE USE DISORDER

The scale of the mental health crisis appears to have overwhelmed the care system. Mental health is often an unaddressed, underlying issue. There are valuable sources of mental health support outside the formal care system and participants report relying on friends and family for comfort or strength. The task of providing mental health support can be a heavy weight to bear. Mental health providers often experience compassion fatigue and opportunities for self-care can be difficult to access with busy caseloads. Substances such as alcohol, tobacco, and drugs may be used as a form of self-medication.

There are common misconceptions about substance use (across all demographics), leading people to underestimate the harm done.

2024 Accomplishments

QVMC Community Health has continued to increase capacity to provide culturally appropriate mental health services across Napa County. In FY24 the number of therapy sessions provided to pregnant women and new mothers through the Queen's Perinatal Emotional Wellness program increased by more than 10%. Also, in FY24 QVMC CARE Network transitioned four caregivers into Licensed Clinical Social Worker (LCSW) roles to provide Mental Health Therapy to high-risk CARE Network clients. This transition from a contracted service to services being provided by QVMC caregivers will increase retention of valuable caregivers and be a cost savings for CARE Network.

In FY24 Community Health was successful with moving the Behavioral Health Team into the walls of the hospital. This team is comprised of a bilingual LCSW, a bilingual Community Health Worker (CHW) and a Substance Use Navigator (SUN). This team meets vulnerable Emergency Room patients at the bedside. Screening, intervention, referrals, and follow-up are provided to patients presenting with mental health and substance use needs. Being present inside the hospital has increased the number of referrals to the team and increased the number of patients served. The SUN served 65 patients in the two quarters prior to moving into the hospital. The SUN served 156 patients in her first two quarters inside the walls of the hospital.

PRIORITY 3: ACCESS TO HEALTH CARE & DENTAL SERVICES

Participants named cost and inability to navigate systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care. It is difficult to access transgender care in Napa County. There is concern about lack of access to health insurance for mixed-status families and people losing their insurance due to job loss during the pandemic. Caregivers and community members shared that accessing dental care can be difficult for all ages because there are few dental appointments available locally.

2024 Accomplishments

CARE Network provided over 30,000 total encounters to their clients through medical and social service care coordination and case management. The CARE Network has increased the number of CARE Network clients enrolled in Enhanced Care Management (ECM). The Children's Mobile Dental Clinic provided 5414 clinic services to 1624 low-income children in Napa County. Through a new collaboration and grant with Napa County Office of Education, the Mobile Dental Clinic provided early oral health screenings, treatment and education to 254 students in rural schools across Napa County.

PRIORITY 4: ECONOMIC STABILITY

Many participants spoke about the need for living wage jobs and increased wages to meet the high cost of living in Napa County. They shared that families with low incomes often experience housing instability and use most of their income to meet basic needs, often being forced to make spending tradeoffs. A substantial proportion of employment opportunities center around agriculture and hospitality, which

often come with low wages and can sometimes have poor working conditions. Many people that work in Napa, including teachers, librarians and others who serve the community, cannot afford to live here. Youth are highly aware of the financial stress of their families and fear for their own financial future.

2024 Accomplishments

In FY24 Queen of the Valley Community Health shared 4 community grants to support and build capacity for fresh and nutritious food, accessible and affordable transportation and local emergency funds for basic needs.

About Providence

Providence St. Joseph Health (Providence) is a national, not-for-profit Catholic health system comprising a diverse family of organizations driven by a belief that health is a human right. With 51 hospitals, over 1000 clinics, and many other health and educational services, our health System employs more than 122,000 caregivers serving patients in communities across seven Western states – Alaska, California, Montana, New Mexico, Oregon, Texas, and Washington. Our caregivers provide quality, compassionate care to all those we serve, regardless of coverage or ability to pay.

Providence across five western states:

- Alaska
- Montana
- Oregon
- Northern California
- Southern California
- Washington

The Providence affiliate family includes:

- Covenant Health in West Texas
- Facey Medical Foundation in Los Angeles, CA.
- Hoag Memorial Hospital Presbyterian in Orange County, CA.
- Kadlec in Southeast Washington
- Pacific Medical Centers in Seattle, WA.
- Swedish Health Services in Seattle, WA.

As a comprehensive health care organization, we are serving more people, advancing best practices, and continuing our more than 100-year tradition of serving the poor and vulnerable. Delivering services across seven states, Providence is committed to touching millions of more lives and enhancing the health of the American West to transform care for the next generation and beyond.

INTRODUCTION

Who We Are

Our Mission As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.

Our Vision Health for a Better World.

Our Values Compassion — Dignity — Justice — Excellence — Integrity

Queen of the Valley Medical Center is an acute-care hospital founded in 1958 and located in Napa, California. The hospital has 198 licensed beds, more than 1280 caregivers (employees), and professional relationships with many local physicians. Major programs and services offered to the community include acute rehabilitation, bariatric surgery, cancer, cardiac, emergency, maternity and infant care, neurosciences, and orthopedics.

Our Commitment to Community

Queen of the Valley Medical Center dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. During the most recent fiscal year, it provided $43,524,190 in Community Benefit[1] in response to unmet needs and to improve the health and well-being of those served in Napa County.

Health Equity

At Providence, we acknowledge that all people do not have equal opportunities and access to living their fullest, healthiest lives due to systems of oppression and inequities. We are committed to ensuring health equity for all by addressing the underlying causes of racial and economic inequities and health disparities. Our Vision is "Health for a Better World," and to achieve that we believe we must address not only the clinical care factors that determine a person's length and quality of life, but also the social and economic factors, the physical environment, and the health behaviors that all play an active role in determining health outcomes.

[1] A community benefit is an initiative, program or activity that provides treatment or promotes health and healing as a response to identified community needs and meets at least one of the following community benefit objectives: a. Improves access to health services; b. Enhances public health; c. Advances increased general knowledge; and/or d. Relieves government burden to improve health. Note: Community benefit includes both services to the economically poor and broader community. To be reported as a community benefit initiative or program, community need must be demonstrated. Community need can be demonstrated through the following: 1) community health needs assessment developed by the ministry or in partnership with other community organizations; 2) documentation that demonstrates community need and/or a request from a public agency or community group was the basis for initiating or continuing the activity or program; 3) or the involvement of unrelated, collaborative tax-exempt or government organizations as partners in the community benefit initiative or program.

To ensure that equity is foundational to our CHIP, we have developed an equity framework that outlines the best practices that each of our hospital will implement when completing a CHIP. These practices include, but are not limited to the following:

Figure 1. Best Practices for Centering Equity in the CHIP

Community Benefit Governance

Queen of the Valley Medical Center demonstrates organizational commitment to the community benefit process through the allocation of staff time, financial resources, participation, and collaboration with community partners. The Northern California Regional Director of Community Health Investment and the local QVMC Community Health Investment Program Manager are responsible for coordinating implementation of State and Federal 501r requirements.

The Community Benefit Committee (CBC) is the board appointed oversight committee of the Community Outreach department at Queen of the Valley Medical Center. The CBC is composed of Providence Queen of the Valley community board members, internal Providence stakeholders and staff (Chief Executive or designee, mission leader, community health leaders) and external community stakeholders representing subject matter experts and community constituencies (i.e., faith based, FQHC's, mental health, homeless services, education, and Public Health). The CBC reviewed the data collected in the 2023 Community Health Needs Assessment process to identify and prioritize the top health-related needs in Napa County for this 2024-2026 CHIP. The committee also oversees and governs budget, investments, program continuation or discontinuation, populations of focus and community-wide engagement.

Planning for the Uninsured and Underinsured

Our Mission is to provide quality care to all our patients, regardless of ability to pay. We believe that no one should delay seeking needed medical care because they lack health insurance. That is why Queen of

the Valley Medical Center has a Financial Assistance Program (FAP) that provides free or discounted services to eligible patients. In FY24, QVMC provided $1,751,274 in free and discounted care through our Financial Assistance Program.

One way Queen of the Valley Medical Center informs the public of FAP is by posting notices. Notices are posted in high volume inpatient and outpatient service areas. Notices are also posted at locations where a patient may pay their bill. Notices include contact information on how a patient can obtain more information on financial assistance as well as where to apply for assistance. These notices are posted in English and Spanish and any other languages that are representative of 5% or greater of patients in the hospital's service area. All patients who demonstrate lack of financial coverage by third party insurers are offered an opportunity to complete the Patient Financial Assistance Application and are offered information, assistance, and referral as appropriate to government sponsored programs for which they may be eligible. For information on our Financial Assistance Program go to: https://www.providence.org/billing-support .

Medi-Cal (Medicaid)

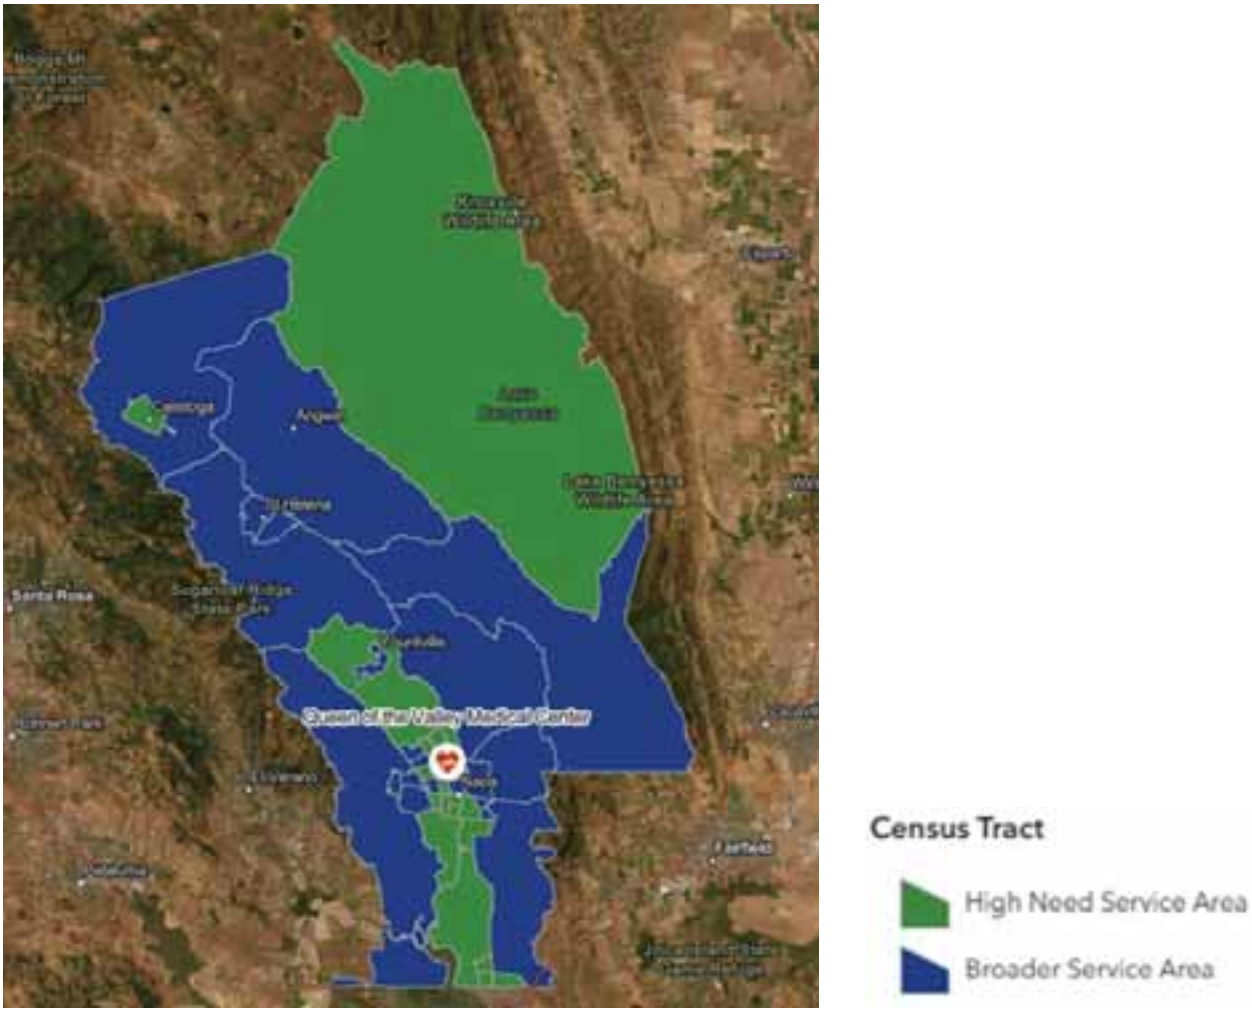
Queen of the Valley Medical Center provides access to the uninsured and underinsured by participating in Medicaid, also known as Medi-Cal in California. In FY24, Queen of the Valley Medical Center provided $33,643,395 in Medicaid shortfall.

OUR COMMUNITY

Description of Community Served

Queen of the Valley Medical Center's service area is Napa County and includes a population of approximately 138,000 people.

Figure 2. Queen of the Valley Medical Center Total Service Area



To facilitate identifying health disparities and social inequities by place, we designated a "high need" service area and a "broader" service area, which together make up the Napa County Service Area. Based on work done by the Public Health Alliance of Southern California and their Healthy Places Index (HPI) tool, we identified the high need service area based on income, education, English proficiency, and life expectancy.

Community Demographics

POPULATION AND AGE DEMOGRAPHICS

Younger age groups are disproportionately represented in the high need communities of Napa County, most likely representing households with young children. Alternatively, age groups 55 and over are less likely to fall into the high need communities or live within those designated census tracts. The male-to-female distribution is roughly equal across Napa County geographies.

In 2021, there were an estimated 26,755 adults aged 65 and above in Napa County and 6,662 children under the age of five (Figure 3). The older adult population has been steadily increasing, while the population of children under age five has been declining.

POPULATION BY RACE AND ETHNICITY

Individuals who identify as Hispanic (below), Asian, or "other race," are more likely to live in high needs census tracts than their peers of other races.

SOCIOECONOMIC INDICATORS

Table 1. Income Indicators for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Median Income Data Source: 2021 American Community Survey Year: 5-year estimate	$117,926	$84,690	$97,421
Percent of Renter Households with Severe Housing Cost Burden Data Source: 2021 American Community Survey Year: 5-year estimate	25.4% (1,625 renter households)	24.2% (2,510 renter households)	24.6% (4,135 renter households)

The median income in Napa County in 2021 was higher than the California median income ($97,421 vs. $83,226). In the high need service area of the county, the median income was $84,690.

Severe housing cost burden is defined as households that are spending 50% or more of their income on housing costs. Renters in Napa County have continued to face severe housing cost burdens in recent years, with approximately 1 in 4 renter households spending 50% or more of their income on housing.

Full demographic and socioeconomic information for the service area can be found in the 2023 CHNA for Queen of the Valley Medical Center.

COMMUNITY NEEDS AND ASSETS ASSESSMENT PROCESS AND RESULTS

Summary of Community Needs Assessment Process and Results

Through a mixed-methods approach, using quantitative and qualitative data, we collected information from the following sources: American Community Survey, Behavioral Risk Factor Surveillance System, local public health data, California Healthy Kids Survey, Feeding America, U.S. Census Bureau, and the Live Healthy Napa County Language Inclusion Survey. To actively engage the community, we conducted 15 listening sessions with people who have chronic conditions, are from diverse communities, have low-incomes, and/or are medically underserved. We also conducted 12 key informant interviews and 7 additional preliminary data feedback sessions with 13 representatives from organizations that serve these populations, specifically seeking to gain deeper understanding of community strengths and opportunities. Some key findings include the following:

- Participants named cost and inability to navigate systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care.
- Most key informants spoke of the high cost of housing as a challenge in Napa County. There is a strong need for more affordable housing to help families and individuals meet their basic need for safe and healthy housing.
- Long wait lists can be a result of a lack of behavioral health providers in general. There is a particular need for more bilingual and bicultural providers, as there is a lack of culturally responsive and linguistically appropriate behavioral health services.
- Some communities (for example, seniors, youth, LGBTQ, minorities) find their needs unmet and their perspective unheard in Napa County civic society. Marginalized groups often experience prejudice and hate speech that make them isolated and fearful.

While care was taken to select and gather data that would tell the story of the hospital's service area, it is important to recognize the limitations and gaps in information that naturally occur.

Significant Community Health Needs Prioritized

The list below summarizes the rank ordered significant health needs identified through the Community Health Needs Assessment process:

PRIORITY 1: HOMELESSNESS & HOUSING INSTABILITY

Limited housing stock pushes prices so high as to be out of reach for many and creates an especially demanding situation for those with low income. The cost of living is extremely high, and earning a livable wage is a struggle. Housing stability creates a foundation for further stability. Fear of, and disrespect to, unhoused individuals can result in feelings of isolation. Paperwork and housing support systems are cumbersome. Demand for low-cost options may lead to unfair housing practices from landlords.

PRIORITY 2: BEHAVIORAL HEALTH AND SUBSTANCE USE DISORDER

The scale of the mental health crisis appears to have overwhelmed the care system. Mental health is often an unaddressed, underlying issue. There are valuable sources of mental health support outside the formal care system and participants report relying on friends and family for comfort or strength. The task of providing mental health support can be a heavy weight to bear. Mental health providers often experience compassion fatigue and opportunities for self-care can be difficult to access with busy caseloads. Substances such as alcohol, tobacco, and drugs may be used as a form of self-medication. There are common misconceptions about substance use (across all demographics), leading people to underestimate the harm done.

PRIORITY 3: ACCESS TO HEALTH CARE AND DENTAL SERVICES

Participants named cost and inability to navigate systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care. It is difficult to access transgender care in Napa County. There is concern about lack of access to health insurance for mixed-status families and people losing their insurance due to job loss during the pandemic. Caregivers and community members shared that accessing dental care can be difficult for all ages because there are few dental appointments available locally.

PRIORITY 4: ECONOMIC STABILITY

Many participants spoke about the need for living wage jobs and increased wages to meet the high cost of living in Napa County. They shared that families with low incomes often experience housing instability and use most of their income to meet basic needs, often being forced to make spending tradeoffs. A substantial proportion of employment opportunities center around agriculture and hospitality, which often come with low wages and can sometimes have poor working conditions. Many people that work in Napa, including teachers, librarians and others who serve the community, cannot afford to live here. Youth are highly aware of the financial stress of their families and fear for their own financial future.

Needs Beyond the Hospital's Service Program

No hospital facility can address all the health needs present in its community. We are committed to continuing our Mission through community grants to local non-profits in Napa County and in-kind services to multiple community collaborations.

The following community health need identified in the joint Napa County CHNA will not be addressed and an explanation is provided below:

- Childcare: Queen of the Valley Medical Center is not positioned to directly address the additional need for Childcare in Napa County; however, we actively partner with Community Resources For Children and other local Community Building Organizations to address the identified need.

COMMUNITY HEALTH IMPROVEMENT PLAN

Summary of Community Health Improvement Planning Process

The 2024-2026 Community Health Improvement Plan (CHIP) is designed to address the needs identified and prioritized through the 2023 Community Health Needs Assessment (CHNA). We recognize the greatest needs of our community will change over time, and we are dedicated to adapting our efforts accordingly. Our commitment remains steadfast in supporting, strengthening, and serving our community in alignment with our Mission.

Queen of the Valley Medical Center's CHIP involves a comprehensive approach led by the Community Health Department, Live Healthy Napa County, and the Community Benefit Committee. Strategies outlined in the CHIP encompass a diverse array of approaches, including direct service programming, support for community organizations, and collaborative commitments aimed at addressing the identified priority need areas.

While Racial Equity and LGBTQ Inclusion was not designated by Queen of the Valley as a standalone priority area, Queen of the Valley Medical Center Community Health will continue to incorporate strategies addressing the needs of the Black, Indigenous, and People of Color (BIPOC) community and those most likely to experience discrimination within each priority area. This acknowledgment underscores our commitment to addressing health disparities and promoting equity across all facets of our community health initiatives.

Addressing the Needs of the Community: 2024-2026 Key Community Benefit Initiatives and Evaluation Plan

2024 Accomplishments

COMMUNITY NEED ADDRESSED #1: HOMELESSNESS & HOUSING INSTABILITY

Long-Term Goal(s)/ Vision

A sufficient supply of safe, affordable housing units to ensure that all people in the community have access to a healthy place to live and access to supportive services.

Table 2. Strategies and Strategy Measures for Addressing Homelessness and Housing Instability

Strategy	Population Served	FY24 Accomplishments
1. Support the development of affordable housing stock, including permanent supportive housing units	Chronically homeless and very low-income individuals and older adults	A donation of $500,000.00 was made to Jamboree Housing Corporation. This charitable donation was conditioned upon its use toward Silverado Trail Apartments, a future 40-unit permanent supportive housing project for older adults in Napa County.
2. Support the launch of a housing advocacy	Low-income individuals, families, older	A commitment of a CY2025 conditioned donation has been made to the Napa Valley

organization to promote effective housing policy to increase the supply, affordability, and diversity of homes	adults, Latine, and people experiencing homelessness	arm of Generation Housing, a project of the Tides Center (Generation Housing Napa Valley).
3. Invest in respite shelter services supported with CARE Network complex care management	Individuals experiencing homelessness who are being discharged from local hospitals and need respite services	A donation of $350,000.00 was made to Catholic Charities of the Diocese of Santa Rosa. This charitable donation was conditioned upon its use toward Napa Nightingale. CARE Network along with the staff at Napa Nightingale cared for 27 number of clients for a total of 1810 bed nights.
4. Administer community grants to expand supportive services for those experiencing or at risk of homelessness	Individuals experiencing or at risk of homelessness, including older adults, and the Latine Community	Community Health shared an additional 5 community grants for a total of with Napa County non-profits focused on increasing capacity for local Napa County non-profits to serve individuals experiencing or at risk of homelessness.
5. Enhance CARE Network outreach at the South Napa Shelter and enhance CARE Network care management services at supportive housing locations	Individuals experiencing or at risk of homelessness	CARE Network had 96 encounters through outreach and brief inventions at the South Napa Shelter. Care Network care management services are now offered at 5 supportive housing and shelter locations in Napa County.

Evidence Based Sources

- National Health Care for the Homeless Council
- Healthy People 2030 Housing and Homes

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health department, community grants and restricted funding from its Care for the Poor budget. In partnership with Providence Government and Public Affairs division, local CHI leaders will advocate for an increased supply and affordable housing.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Abode Services
- Buckelew Programs
- Catholic Charities of the Diocese of Santa Rosa
- City of Napa Housing Division
- Generation Housing
- Jamboree Housing
- Napa County Housing and Homeless Services
- Napa County Housing Coalition
- Share the Care Napa Valley
- UpValley Family Centers

COMMUNITY NEED ADDRESSED #2: BEHAVIORAL HEALTH AND SUBSTANCE USE DISORDER

Long-Term Goal(s)/ Vision

Ensure equitable access to high quality, culturally responsive, and linguistically appropriate mental health and substance use disorder services, especially for populations with low incomes.

Table 3. Strategies and Strategy Measures for Addressing Behavioral Health and Substance Use Disorders

Strategy	Population Served	FY24 Accomplishments
1. Increase local capacity to provide culturally appropriate mental health services	All of Napa County especially medically compromised, older adults, Spanish speaking residents, and new moms	440 mental health therapy sessions shared with CARE Network clients 659 Perinatal Emotional Wellness mental health therapy sessions occurred 589 Mental Health Therapy sessions provided to older adults through Healthy Minds Healthy Aging
2. Increase support to Emergency Department patients with substance use disorders	Patients cared for in the Emergency Department who desire treatment for substance use disorders	274 Substance Use Navigator encounters 2000 Narcan units and 1000 Fentanyl Testing strips have arrived at the medical center. Distribution to the community will begin in FY25.
3. CARE Network to enhance the continuum of care increasing identification, screening, and access to mental	Latine patients in the Emergency Room	604 total Emergency Room encounters 224 Emergency Room patients were screened for MH with the PHQ4

	health and SDoH services for Emergency Room Latine patients		311 Emergency Room patients were screened for SDOH
4.	CARE Network to increase percentage of enrolled ECM clients who are screened with the PHQ9	Eligible Partnership HealthPlan members	93.3% of CN ECM clients were screened with PHQ2/PHQ9 *(data includes Q1 -Q3 FY24/ Q4 data not yet available)*
5.	Administer community grants to enhance resources to expand prevention, education, and intervention of behavioral health services	All Napa County residents especially Older Adults, Latine residents, and the Youth	Community Health shared 8 community grants for a total of $245,852 with Napa County non-profits focused on Mental Health and Substance Use as their primary focus.

NAMI: National Alliance on Mental Illness

Resource Commitment

Queen of the Valley Medical Center will commit staff time across the CARE Network program, provide grants to local partners and facilitate funding from various health system sources. In partnership with Providence Government and Public Affairs division, local CHI leaders will advocate for increased access to mental health and substance use care with focused community-based solutions.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Alternatives for Better Living
- Archway Recovery Services
- Buckelew Programs
- Center Point
- Communicare+OLE
- Community Resources for Children
- COPE
- Mentis
- Napa County HHSA Behavioral Health Division

- Napa County Narcan Taskforce
- Napa County Suicide Prevention Council
- Napa Opioid Safety Coalition
- ParentsCAN
- Puertas Abiertas Community Resource Center
- Rianda House

COMMUNITY NEED ADDRESSED #3: ACCESS TO HEALTH CARE & DENTAL SERVICES

Long-Term Goal(s)/ Vision

To ease the way for all people to access the appropriate level of care at the right time.

Table 4. Strategies and Strategy Measures for Addressing Access to Health Care and Dental Services

Strategy	**Population Served**	**FY24 Accomplishments**
1. Build a Network of bilingual bicultural Birth Doulas in Napa County	Uninsured and underinsured Latine women, MediCal population	A collaboration between Communicare+OLE, Napa County Health and Human Services Agency, Partnership HealthPlan of California, Providence Queen of the Valley Community Health, and community members exists in Napa County. The Doula Task Force is meeting monthly to increase the number of bilingual bicultural birth doulas credentialed by MediCal in Napa County to serve the Latinx community by improving their maternal care during and after pregnancy.
2. Identify transgender care service gaps, and specific service needs, to increase access to local transgender care.	All Napa County residents	A collaboration between Communicare+OLE, Napa County Health and Human Services Agency, and Providence Queen of the Valley plan to convene in FY25.
3. Provide early oral health screening, prevention, treatment, and education to low-income children; complete dental care delivery, including checkup, treatment, and oral health education for patient/parent.	Low-income, uninsured, and under-insured individuals age 6 months to 26 years of age	The Queen's Mobile Dental Clinic completed 254 Oral Health screenings, 5414 clinic services serving 1686 unduplicated Napa County children.

4. Increase access to specialty care including HIV care, diagnostic screenings, and procedures	Low-income and/or uninsured Napa County residents	170 HIV Clinic Contacts 105 Napa County residents received services through Operation Access 274 specialty appointments were provided to Napa County residents through Operation Access 132 diagnostic and surgical services were provided to Napa County residents through Operation Access
5. Maintain number of CARE Network clients enrolled in Enhanced Care Management	Eligible Partnership HealthPlan members	199 unduplicated enrolled ECM clients

Resource Commitment

Queen of the Valley Medical Center will commit caregiver time, provide grants to local community partners, and facilitate funding from various health system sources. In partnership with Providence Government and Public Affairs division, local CHI leaders will advocate for improvements in access to care.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Communicare+OLE
- COPE Family
- Napa County HHSA
- Napa County Office of Education
- Napa Valley Unified School District
- Operation Access
- Partnership HealthPlan of California
- Providence Medical Group

COMMUNITY NEED ADDRESSED #4: ECONOMIC STABILITY

Long-Term Goal(s)/ Vision

Increase economic stability for populations with low incomes.

Table 5. Strategies and Strategy Measures for Addressing Economic Stability

Strategy	Population Served	FY24 Accomplishments
1. Administer community grants to support and build capacity to fresh, nutritious, culturally, and/or medically appropriate food	Latine residents Low income Older Adults	A community grant was shared with Napa Farmers Market. This grant is focused on increasing the CalFresh Market Match available to Napa County low-income community members.
2. Administer community grants to support and build capacity to accessible and affordable transportation	Latine residents Low income Older Adults	A community grant was shared with Molly's Angels. This grant is focused on transportation for Seniors and decreasing social isolation for Napa County older adults.
3. Administer community grants to support and build capacity of local emergency funds for basic needs	Low income and Latine residents	Two community grants were shared with local non-profits to support and build capacity of local emergency funds. The non-profits that were recipients of these dollars included NEWS and UpValley Family Centers.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Live Healthy Napa County
- Napa Farmers Market
- Napa County Safety Food Network
- UpValley Family Centers
- Napa Valley Community Organizations Active in Disaster
- Molly's Angels
- NEWS

Other Community Benefit Programs

Table 6. Other Community Benefit Programs in Response to Community Needs

Initiative (Community Need Addressed)	Program Name	Description	Population Served (Low Income, Vulnerable or Broader Community)
1. Racial Equity	Latines Lead Napa Initiative	The Latines Lead Napa initiative increases the capacity of community and government systems to partner with Latine community members, build Latine residents' capacities and abilities to co-create system improvements and advocate for policy change.	Low-income, Vulnerable, Latine Community
2. Racial Equity	Parent University	Napa Valley Parent University addresses the long-term economic, social, and academic impacts local Latine families face following the multiple natural disasters, the pandemic, and decades of inequity. NVPU equips parents to become more involved in their children's education through more than 50 classes surrounding family literacy, wellness, financial health, housing, and parent leadership.	Low-income, Vulnerable, Latine Community
3. Racial Equity and Mental Health	Healthy for Life	A school-based physical and wellness program at 7 Title 1 schools in Napa County designed to increase physical activity, improve self-esteem, and promote healthy behaviors.	Low Income or Vulnerable
4. Access to Health Care	Perinatal Education	The Napa County community is invited to take part in both virtual and in-person perinatal classes in both English and Spanish.	Broader Community

FY24 COMMUNITY BENEFIT INVESTMENT

In FY24 Queen of the Valley Medical Center invested a total of $43,524,190 in key community benefit programs. $43,037,514 was invested in community health programs for the poor which includes $1,751,274 in charity care provided, $33,643,395 in unpaid cost of MediCal, including the Hospital Quality Assurance Fee Program, and $486,676 in community benefits for the broader community. Queen of the Valley Medical Center applies a ratio of cost to charge to quantify financial assistance at cost, unreimbursed Medicaid, other means-tested government programs. The cost to charge ratio is aligned with the IRS Form 990, Schedule H Worksheet 2. Our community benefit program expenses are reported in alignment with the total cost incurred to run our programs, and we offset any restricted revenue received to arrive at our net community benefit expense.

FY2024 Queen of the Valley Medical Center (July 1, 2023 - June 30, 2024)

CA Senate Bill (SB) 697 Categories	Community Benefit Program Categories	Net Benefit
Medical Care for Vulnerable Populations	Financial Assistance at cost	$1,751,274
	Unpaid cost of Medicaid	$33,643,395
	Unpaid other govt. programs	-
Other Benefits for Vulnerable Populations	Community Health Improvement Services	$4,536,352
	Subsidized Health Services	$58,028
	Cash and In-Kind Contributions	$2,241,555
	Community Building	-
	Community Benefit Operations	$806,910
	Total Benefits for Vulnerable Populations	**$43,037,514**
Other Benefits for the Broader Community Populations	Community Health Improvement Services	$429,654
	Subsidized Health Services	-
	Cash and In-Kind Contributions	$30,000
	Community Building	-
	Community Benefit Operations	$27,022
Health Profession Education, Training and Research	Health Professions Education and Research	-
	Total Benefits for the Broader Community	**$486,676**
	Total Community Benefit	**$43,524,190**
Medical Care Services for the Broader Community	**Total Medicare shortfall**	$18,718,406

Telling Our Community Benefit Story: Non-Financial Summary of Accomplishments

Before the inception of community benefit, the Sisters of St. Joseph of Orange established a priority to care for the poor and vulnerable. Carrying out their mission that extends back to LePuy, France, 1650, these women were brought together by a Jesuit priest, Father Jean Pierre Medaille, who formed a new association of women, without cloister or distinctive dress, consecrated to God, to live together combining a life of prayer with an active ministry to the sick and poor. With the overwhelming need of that time, he instructed these women to go into the community, divide it into sectors, identifying the greatest needs while also seeking like-minded people who can help. To this day, now entrusted in the hands of the laity, we continue with this mission and follow these same instructions and inspiration from our founding Sisters.

Health Equity

We are committed to ensuring health equity for all by addressing the underlying causes of racial and economic inequities and health disparities. Our Vision is "Health for a Better World," and to achieve that we believe we must address not only the clinical care factors that determine a person's length and quality of life, but also the social and economic factors, the physical environment, and the health behaviors that all play an active role in determining health outcomes. Throughout FY24 Community Health served as a Health Equity Dyad partner to meet new health equity related requirements from the Joint Commission. These work streams included workflows designed to complete Social Determinants of Health (SDoH) screenings, interventions, and referrals for all admitted patients at QVMC. The second workstream focuses on 30-day readmissions for Hispanic/Latinx Heart Failure patients. A third Health Equity project has been implemented to create a continuum of care to improve identification and access to behavioral health services for Emergency Department Latinx patients. The purpose of the health equity project is to address disparities of care and access barriers for Latinx individuals with mental health and SDoH concerns. Funding has been secured to sustain the Health Equity Behavioral Health project through June of 2026.

Live Healthy Napa County (LHNC)

Live Healthy Napa County (LHNC) seeks to promote and protect the health and wellbeing of every member of the community by bringing together diverse partners to develop shared vision of a healthier Napa County and to create an action agenda to realize that vision. Napa County community members take responsibility for improving and sustaining health through shared leadership, strategic planning, meaningful community engagement and coordinated action. In FY24 LHNC worked to finalize the Napa County Community Health Improvement Plan which will align closely with the final Queen of the Valley Medical Center 2024-2026 Community Health Improvement Plan. Together with all partners a healthier Napa County will exist for all.

EXECUTIVE SUMMARY

Providence continues its Mission of service in Napa County through Queen of the Valley Medical Center (QVMC). QVMC is an acute-care hospital, founded in 1958 and located in Napa, California. The hospital's service area is the entirety of Napa County, including 138,000 people.

QVMC dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. In FY25, the hospital provided $38,249,480 in Community Benefit in response to unmet needs. FY25 CB Report can be located online at: Caring for the Napa Community | Queen of the Valley Medical Center | Providence. The most recent CHNA and CHIP can be located online at: CHNA and CHIPs | Providence under Northern California then Napa.

2024-2026 QVMC Community Health Improvement Plan Priorities

As a result of the findings of our 2023 CHNA and through a prioritization process aligned with our Mission, resources, and hospital strategic plan, Queen of the Valley Medical Center will focus on the following areas for its 2024-2026 Community Benefit efforts:

PRIORITY 1: HOMELESSNESS & HOUSING INSTABILITY

Limited housing stock pushes prices so high as to be out of reach for many and creates an especially demanding situation for those with low income. The cost of living is extremely high, and earning a livable wage is a struggle. Housing stability creates a foundation for further stability. Fear of, and disrespect to, unhoused individuals can result in feelings of isolation. Paperwork and housing support systems are cumbersome. Demand for low-cost options may lead to unfair housing practices from landlords.

FY25 Accomplishments

In FY25 Providence Queen of the Valley Medical Center Community Health made a financial investment in Generation Housing. As Generation Housing expands into the Napa Valley, it aims to develop data-driven evidenced-based policies that will increase housing production, streamline processes, and reduce development time and costs. Generation Housing's pro-housing campaign will leverage the work and lessons learned from its Sonoma County launch while adapting to Napa Valley's unique context. In October of 2025 Valle Verde Apartments opened. Valle Verde Apartments is a new construction of 24 multifamily apartments. All 24 units were shared with households earning less than 60% of the area median income. Providence QVMC is proud to have previously invested $1 million dollars into a joint project including both Heritage House and Valley Verde Apartments.

Not only has Providence QVMC invested in the development of affordable housing stock in Napa County, but the CARE Network Program in collaboration with Abode Services, is actively taking part in monthly case conferencing for shared clients at both the Napa North Center and the South Napa Shelter. This new collaboration has seen great results in coordination and assisting clients in becoming housed and accessing medical care and needed resources.

PRIORITY 2: BEHAVIORAL HEALTH & SUBSTANCE USE DISORDER

The scale of the mental health crisis appears to have overwhelmed the care system. Mental health is often an unaddressed, underlying issue. There are valuable sources of mental health support outside the formal care system and participants report relying on friends and family for comfort or strength. The task of providing mental health support can be a heavy weight to bear. Mental health providers often experience compassion fatigue and opportunities for self-care can be difficult to access with busy caseloads. Substances such as alcohol, tobacco, and drugs may be used as a form of self-medication. There are common misconceptions about substance use (across all demographics), leading people to underestimate the harm done.

FY25 Accomplishments

QVMC Community Health has continued to increase its capacity to provide culturally appropriate mental health services across Napa County. In FY2025 QVMC CARE Network Licensed Clinical Social Workers (LCSWs) began providing Mental Health Therapy to high-risk CARE Network clients. This service was previously provided by a Community Building Organization, Mentis. The program continues to develop, and referrals are increasing. In FY25 the Substance Use Navigator at QVMC was instrumental in placing a Naloxone Distribution Box outside the doors of Emergency Room. The caregiver served as a member of the Napa Opioid Safety Coalition which created a Naloxone Distribution Box Project across Napa County to reduce harm from fentanyl and other drugs by offering free naloxone nasal spray and Fentanyl Test Kits.

PRIORITY 3: ACCESS TO HEALTH CARE & DENTAL SERVICES

Participants named cost and inability to navigate systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care. It is difficult to access transgender care in Napa County. There is concern about lack of access to health insurance for mixed-status families and people losing their insurance due to job loss during the pandemic. Caregivers and community members shared that accessing dental care can be difficult for all ages because there are few dental appointments available locally.

FY25 Accomplishments

In FY2025 QVMC CARE Network had over 21,000 client encounters across Napa County while the Queen's Mobile Dental Clinic provided 3738 services to Napa County Youth. The Queen has continued to partner with CommuniCare+OLE hosting a bimonthly HIV clinic. CommuniCare+OLE provides the clinic space, the physician and clinic support, while the Queen's CARE Network team offers wraparound services including nursing, social work, and community health worker support. In FY2025 the clinic provided 188 clinic visits.

PRIORITY 4: ECONOMIC STABILITY

Many participants spoke about the need for living wage jobs and increased wages to meet the high cost of living in Napa County. They shared that families with low incomes often experience housing instability and use most of their income to meet basic needs, often being forced to make spending tradeoffs. A substantial proportion of employment opportunities center around agriculture and hospitality, which

often come with low wages and can sometimes have poor working conditions. Many people that work in Napa, including teachers, librarians and others who serve the community, cannot afford to live here. Youth are highly aware of the financial stress of their families and fear for their own financial future.

FY25 Accomplishments

Queen of the Valley Community Health grants shared with local Community Partners in FY2024 increased capacity to serve Napa County community members in FY2025. A grant shared with Napa Farmers Market increased the CalFresh Market Match available to Napa County low-income community members by 19% in 2024. A community grant shared with Molly's Angels in CY2024 enabled Molly's Angels to expand its services in FY2025 by hiring additional paid part-time drivers to address challenging ride requests, including trips to up valley locations and long-distance medical appointments. The focus on expanding its deployment of paid drivers to replace the use of Lyft drivers improved ride fulfillment, which now nears 100%, providing clients with consistent, familiar drivers, fostering trust and meaningful relationships.

About Providence

For nearly 170 years, Providence has been dedicated to supporting communities across the seven states we serve. We have always believed in the power of collaboration, recognizing that strong partnerships are essential to our vision of health for a better world.

As we focus on our core operations of delivering high-quality, compassionate care, we rely on partners in local communities to help us get upstream so we can address the social factors that affect health, especially in communities experiencing high levels of health disparities.

At the heart of this collaboration is our community benefit programs. Every year, our family of organizations identifies unmet community needs and responds with strategic contributions and partnerships. Through this work, we aim to meet basic health needs, remove barriers to health, build resilient communities and find innovative ways to serve those who are most vulnerable.

Together, our 125,000 caregivers (all employees) serve in 51 hospitals, 1,014 clinics and a comprehensive range of health and social services across Alaska, California, Montana, New Mexico, Oregon, Texas and Washington.

For more information go to: https://www.providence.org/about/annual-report

Introduction

Who We Are

Our Mission As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.

Our Vision Health for a Better World.

Our Values Compassion — Dignity — Justice — Excellence — Integrity

Queen of the Valley Medical Center is an acute-care hospital founded in 1958 and located in Napa, California. The hospital has 198 licensed beds, more than 1280 caregivers (employees), and professional relationships with many local physicians. Major programs and services offered to the community include acute rehabilitation, bariatric surgery, cancer, cardiac, emergency, maternity and infant care, neurosciences, and orthopedics.

Our Commitment to Community

Queen of the Valley Medical Center dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable. During the most recent fiscal year, it provided $38,249,480 in Community Benefit[1] in response to unmet needs and to improve the health and well-being of those served in Napa County.

Health Equity

At Providence, we acknowledge that all people do not have equal opportunities and access to living their fullest, healthiest lives due to systems of oppression and inequities. We are committed to ensuring health equity for all by addressing the underlying causes of racial and economic inequities and health disparities. Our Vision is "Health for a Better World," and to achieve that we believe we must address not only the clinical care factors that determine a person's length and quality of life, but also the social and economic factors, the physical environment, and the health behaviors that all play an active role in determining health outcomes.

---

[1] A community benefit is an initiative, program or activity that provides treatment or promotes health and healing as a response to identified community needs and meets at least one of the following community benefit objectives: a. Improves access to health services; b. Enhances public health; c. Advances increased general knowledge; and/or d. Relieves government burden to improve health. Note: Community benefit includes both services to the economically poor and broader community. To be reported as a community benefit initiative or program, community need must be demonstrated. Community need can be demonstrated through the following: 1) community health needs assessment developed by the ministry or in partnership with other community organizations; 2) documentation that demonstrates community need and/or a request from a public agency or community group was the basis for initiating or continuing the activity or program; 3) or the involvement of unrelated, collaborative tax-exempt or government organizations as partners in the community benefit initiative or program.

To ensure that equity is foundational to our CHIP, we have developed an equity framework that outlines the best practices that each of our hospitals will implement when completing a CHIP. These practices include, but are not limited to the following:

Figure 1. Best Practices for Centering Equity in the CHIP

Community Benefit Governance

Queen of the Valley Medical Center demonstrates organizational commitment to the community benefit process through the allocation of staff time, financial resources, participation, and collaboration with community partners. The Northern California Regional Director of Community Health Investment and the local QVMC Community Health Investment Program Manager are responsible for coordinating implementation of State and Federal 501r requirements.

The Community Benefit Committee (CBC) is the board appointed oversight committee of the Community Outreach department at Queen of the Valley Medical Center. The CBC is composed of Providence Queen of the Valley community board members, internal Providence stakeholders and staff (Chief Executive or designee, mission leader, community health leaders) and external community stakeholders representing subject matter experts and community constituencies (i.e., faith based, FQHC's, mental health, homeless services, education, and Public Health). CBC reviewed the data collected in the 2023 Community Health Needs Assessment process to identify and prioritize the top health-related needs in Napa County for this 2024-2026 CHIP. The committee also oversees and governs budget, investments, program continuation or discontinuation, populations of focus and community-wide engagement.

Planning for the Uninsured and Underinsured

Our Mission is to provide quality care to all our patients, regardless of ability to pay. We believe that no one should delay seeking needed medical care because they lack health insurance. That is why Queen of the Valley Medical Center has a Financial Assistance Program (FAP) that provides free or discounted services to eligible patients. In FY25, QVMC provided $2,643,353 in free and discounted care through our Financial Assistance Program.

One way Queen of the Valley Medical Center informs the public of FAP is by posting notices. Notices are posted in high volume inpatient and outpatient service areas. Notices are also posted at locations where a patient may pay their bill. Notices include contact information on how a patient can obtain more information on financial assistance as well as where to apply for assistance. These notices are posted in English and Spanish and any other languages that are representative of 5% or greater of patients in the hospital's service area. All patients who demonstrate lack of financial coverage by third party insurers are offered an opportunity to complete the Patient Financial Assistance Application and are offered information, assistance, and referral as appropriate to government sponsored programs for which they may be eligible. For information on our Financial Assistance Program go to: https://www.providence.org/billing-support .

Medi-Cal (Medicaid)

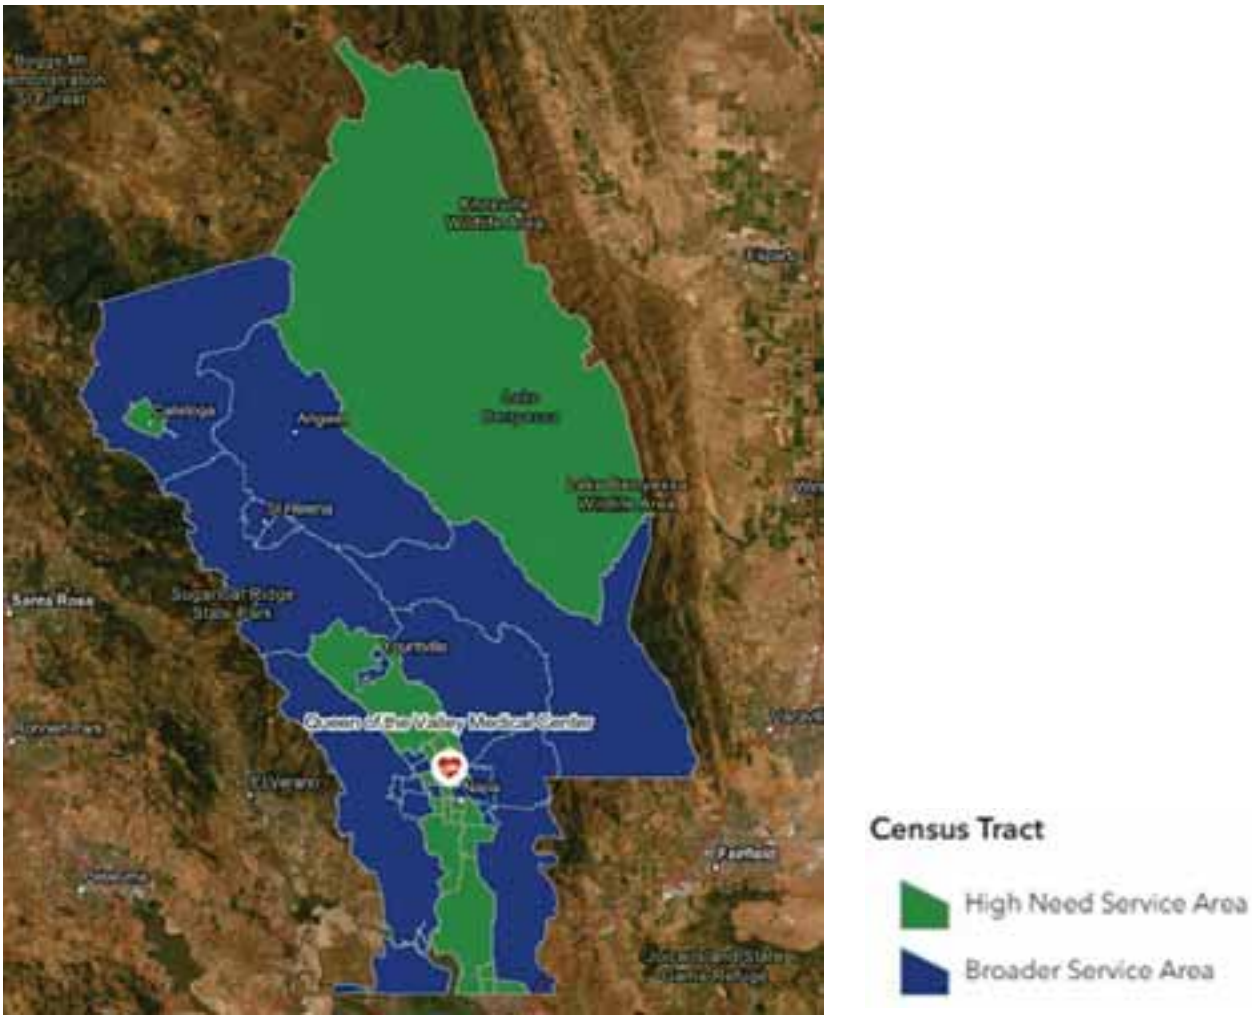
Queen of the Valley Medical Center provides access to the uninsured and underinsured by participating in Medicaid, also known as Medi-Cal in California. In FY25, Queen of the Valley Medical Center provided $27,915,273 in Medicaid shortfall.

OUR COMMUNITY

Description of Community Served

Queen of the Valley Medical Center's service area is Napa County and includes a population of approximately 138,000 people.

Figure 2. Queen of the Valley Medical Center Total Service Area



To facilitate identifying health disparities and social inequities by place, we designated a "high need" service area and a "broader" service area, which together make up the Napa County Service Area. Based on work done by the Public Health Alliance of Southern California and their Healthy Places Index (HPI) tool, we identified the high need service area based on income, education, English proficiency, and life expectancy.

Community Demographics

POPULATION AND AGE DEMOGRAPHICS

Younger age groups are disproportionately represented in the high need communities of Napa County, representing households with young children. Alternatively, age groups 55 and over are less likely to fall into the high need communities or live within those designated census tracts. The male-to-female distribution is equal across Napa County geographies.

In 2021, there were an estimated 26,755 adults aged 65 and above in Napa County and 6,662 children under the age of five (Figure 3). The older adult population has been steadily increasing, while the population of children under age five has been declining.

POPULATION BY RACE AND ETHNICITY

Individuals who identify as Hispanic (below), Asian, or "other race," are more likely to live in high needs census tracts than their peers of other races.

SOCIOECONOMIC INDICATORS

Table 1. Income Indicators for Napa County Service Areas

Indicator	Broader Service Area	High Need Service Area	Napa County
Median Income Data Source: 2021 American Community Survey Year: 5-year estimate	$117,926	$84,690	$97,421
Percent of Renter Households with Severe Housing Cost Burden Data Source: 2021 American Community Survey Year: 5-year estimate	25.4% (1,625 renter households)	24.2% (2,510 renter households)	24.6% (4,135 renter households)

The median income in Napa County in 2021 was higher than the California median income ($97,421 vs. $83,226). In the high need service area of the county, the median income was $84,690.

Severe housing cost burden is defined as households that are spending 50% or more of their income on housing costs. Renters in Napa County have continued to face severe housing cost burdens in recent years, with approximately 1 in 4 renter households spending 50% or more of their income on housing.

Full demographic and socioeconomic information for the service area can be found in the 2023 CHNA for Queen of the Valley Medical Center.

COMMUNITY NEEDS AND ASSETS ASSESSMENT PROCESS AND RESULTS

Summary of Community Needs Assessment Process and Results

Through a mixed-methods approach, using quantitative and qualitative data, we collected information from the following sources: American Community Survey, Behavioral Risk Factor Surveillance System, local public health data, California Healthy Kids Survey, Feeding America, U.S. Census Bureau, and the Live Healthy Napa County Language Inclusion Survey. To actively engage the community, we conducted 15 listening sessions with people who have chronic conditions, are from diverse communities, have low-incomes, and/or are medically underserved. We also conducted 12 key informant interviews and 7 additional preliminary data feedback sessions with 13 representatives from organizations that serve these populations, specifically seeking to gain deeper understanding of community strengths and opportunities.

Those vulnerable populations represented in the 15 listening sessions included the following:

- Agriculture Workers through Napa County Housing Authority
- Local Youth receiving services at UpValley Family Centers
- Unhoused accessing Napa County Mental Health Services
- Parents accessing Napa County Mental Health Services
- Filipino Americans
- Foster Youth
- General Adults
- LGBTQ Youth
- LGBTQIA+ Adults and Older Adults
- General Older Adults
- Spanish Speaking Adults
- Spanish Speaking Older Adults

Some key findings include the following:

- Participants named cost and inability to navigate systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care.
- Most key informants spoke of the high cost of housing as a challenge in Napa County. There is a strong need for more affordable housing to help families and individuals meet their basic need for safe and healthy housing.
- Long wait lists can be a result of a lack of behavioral health providers in general. There is a particular need for more bilingual and bicultural providers, as there is a lack of culturally responsive and linguistically appropriate behavioral health services.

- Some communities (for example, seniors, youth, LGBTQ, minorities) find their needs unmet and their perspective unheard in Napa County civic society. Marginalized groups often experience prejudice and hate speech that makes them isolated and fearful.

While care was taken to select and gather data that would tell the story of the hospital's service area, it is important to recognize the limitations and gaps in information that naturally occur.

Significant Community Health Needs Prioritized

The list below summarizes the rank ordered significant health needs identified through the Community Health Needs Assessment process:

PRIORITY 1: HOMELESSNESS & HOUSING INSTABILITY

Limited housing stock pushes prices so high as to be out of reach for many and creates an especially demanding situation for those with low income. The cost of living is extremely high, and earning a livable wage is a struggle. Housing stability creates a foundation for further stability. Fear of, and disrespect to, unhoused individuals can result in feelings of isolation. Paperwork and housing support systems are cumbersome. Demand for low-cost options may lead to unfair housing practices from landlords.

PRIORITY 2: BEHAVIORAL HEALTH AND SUBSTANCE USE DISORDER

The scale of the mental health crisis appears to have overwhelmed the care system. Mental health is often an unaddressed, underlying issue. There are valuable sources of mental health support outside the formal care system and participants report relying on friends and family for comfort or strength. The task of providing mental health support can be a heavy weight to bear. Mental health providers often experience compassion fatigue and opportunities for self-care can be difficult to access with busy caseloads. Substances such as alcohol, tobacco, and drugs may be used as a form of self-medication. There are common misconceptions about substance use (across all demographics), leading people to underestimate the harm done.

PRIORITY 3: ACCESS TO HEALTH CARE AND DENTAL SERVICES

Participants named cost and inability to navigate systems as barriers to accessing healthcare. Because many people have no stable relationship with a primary care provider and wait times for appointments can be months, the emergency room often becomes the first access point for care. It is difficult to access transgender care in Napa County. There is concern about lack of access to health insurance for mixed-status families and people losing their insurance due to job loss during the pandemic. Caregivers and community members shared that accessing dental care can be difficult for all ages because there are few dental appointments available locally.

PRIORITY 4: ECONOMIC STABILITY

Many participants spoke about the need for living wage jobs and increased wages to meet the high cost of living in Napa County. They shared that families with low incomes often experience housing instability and use most of their income to meet basic needs, often being forced to make spending tradeoffs. A

substantial proportion of employment opportunities center around agriculture and hospitality, which often come with low wages and can sometimes have poor working conditions. Many people that work in Napa, including teachers, librarians and others who serve the community, cannot afford to live here. Youth are highly aware of the financial stress of their families and fear for their own financial future.

Needs Beyond the Hospital's Service Program

No hospital facility can address all the health needs present in its community. We are committed to continuing our Mission through community grants to local non-profits in Napa County and in-kind services to multiple community collaborations.

The following community health need identified in the joint Napa County CHNA will not be addressed and an explanation is provided below:

- Childcare: Queen of the Valley Medical Center is not positioned to directly address the additional need for Childcare in Napa County; however, we actively partner with Community Resources For Children and other local Community Building Organizations to address the identified need.

COMMUNITY HEALTH IMPROVEMENT PLAN

Summary of Community Health Improvement Planning Process

The 2024-2026 Community Health Improvement Plan (CHIP) is designed to address the needs identified and prioritized through the 2023 Community Health Needs Assessment (CHNA). We recognize the greatest needs of our community will change over time, and we are dedicated to adapting our efforts accordingly. Our commitment remains steadfast in supporting, strengthening, and serving our community in alignment with our Mission.

Queen of the Valley Medical Center's CHIP involves a comprehensive approach led by the Community Health Department, Live Healthy Napa County, and the Community Benefit Committee. Strategies outlined in the CHIP encompass a diverse array of approaches, including direct service programming, support for community organizations, and collaborative commitments aimed at addressing the identified priority need areas.

While Racial Equity and LGBTQ Inclusion was not designated by Queen of the Valley as a standalone priority area, Queen of the Valley Medical Center Community Health will continue to incorporate strategies addressing the needs of the Black, Indigenous, and People of Color (BIPOC) community and those most likely to experience discrimination within each priority area. This acknowledgment underscores our commitment to addressing health disparities and promoting equity across all facets of our community health initiatives.

Addressing the Needs of the Community: 2024-2026 Key Community Benefit Initiatives and Evaluation Plan

2025 Accomplishments

COMMUNITY NEED ADDRESSED #1: HOMELESSNESS & HOUSING INSTABILITY

Long-Term Goal(s)/ Vision

A sufficient supply of safe, affordable housing units to ensure that all people in the community have access to a healthy place to live and access to supportive services.

Table 2. Strategies and Strategy Measures for Addressing Homelessness and Housing Instability

Strategy	Population Served	FY25 Accomplishments
1. Support the development of affordable housing stock, including permanent supportive housing units	Chronically homeless and very low-income individuals and older adults	In October of 2025 Valle Verde Apartments opened. Valle Verde Apartments is new construction of 24 multifamily apartments. All 24 units were shared with households earning less than 60% of the area median income. Providence QVMC is proud to have previously invested $1 million dollars into this supportive housing project in.

2. Support the launch of a housing advocacy organization to promote effective housing policy to increase the supply, affordability, and diversity of homes	Low-income individuals, families, older adults, Latine, and people experiencing homelessness	A donation of $200,000.00 was made to the Generation Housing Napa Valley (GHNV), a project of the Tides Center. GHNV has launched the GHNV Advisory Council convening local leaders to develop guiding principles tailored to Napa's unique housing needs and policy challenges.
3. Invest in respite shelter services supported with CARE Network complex care management	Individuals experiencing homelessness who are being discharged from local hospitals and need respite services	A commitment of $350,000.00 was made to Catholic Charities of the Diocese of Santa Rosa. This charitable donation was conditioned upon its use toward Napa Nightingale medical respite. CARE Network along with the staff at Napa Nightingale cared for 26 clients for a total of 1308 bed nights.
4. Enhance CARE Network outreach at the South Napa Shelter and enhance CARE Network care management services at supportive housing locations	Individuals experiencing or at risk of homelessness	CARE Network had 49 encounters through outreach and brief inventions at the South Napa Shelter. Care Network care management services are now offered at 6 supportive housing and shelter locations in Napa County. • Adrian Street Apartments • Heritage House • North Napa Center • Napa Nightingale • Napa's South Shelter Clinic • Valley Lodge Apartments

Evidence Based Sources

- National Institute for Medical Respite Care
- National Health Care for the Homeless Council
- Healthy People 2030 Housing and Homes

Resource Commitment

Queen of the Valley Medical Center will commit staff time from its Community Health department, community grants and restricted funding from its Care for the Poor budget. In partnership with Providence Government and Public Affairs division, local CHI leaders will advocate for an increased supply and affordable housing.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit

organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Abode Services
- Catholic Charities of the Diocese of Santa Rosa
- City of Napa Housing Division
- Generation Housing
- Jamboree Housing
- Napa County Housing and Homeless Services
- Napa County Housing Coalition
- Share the Care Napa Valley
- UpValley Family Centers

COMMUNITY NEED ADDRESSED #2: BEHAVIORAL HEALTH AND SUBSTANCE USE DISORDER

Long-Term Goal(s)/ Vision

Ensure equitable access to high quality, culturally responsive, and linguistically appropriate mental health and substance use disorder services, especially for populations with low incomes.

Table 3. Strategies and Strategy Measures for Addressing Behavioral Health and Substance Use Disorders

Strategy	Population Served	FY25Accomplishments
1. Increase local capacity to provide culturally appropriate mental health services	All of Napa County especially medically compromised, older adults, Spanish speaking residents, and new moms	74 mental health therapy sessions shared with CARE Network clients 701 Perinatal Emotional Wellness mental health therapy sessions occurred 636 Mental Health Therapy sessions provided to older adults through Mentis's Healthy Minds Healthy Aging Initiative. A grant in the amount of 135,000.00 was shared with Mentis in support of Healthy Minds Healthy Aging.
2. Increase support to Emergency Department patients with substance use disorders	Patients cared for in the Emergency Department who desire treatment for substance use disorders	419 Substance Use Navigator encounters in both the Emergency Room and throughout the multiple units of the hospital. 1241 Narcan units and 1007 Fentanyl Testing strips were distributed from the Narcan Distribution Box located in front of the QVMC Emergency Room.

3. CARE Network to enhance the continuum of care, increasing identification, screening, and access to mental health and SDoH services for Emergency Room Latine patients	Latine patients in the Emergency Room	505 total Emergency Room encounters 304 Emergency Room patients were screened for MH with the PHQ4 363 Emergency Room patients were screened for SDOH
4. CARE Network to increase percentage of enrolled ECM clients who are screened with the PHQ9	Eligible Partnership HealthPlan members	94.5% of CN ECM clients were screened with PHQ2/PHQ9
5. Administer community grants to enhance resources to expand prevention, education, and intervention of behavioral health services	All Napa County residents especially Older Adults, Latine residents, and the Youth	A donation of $100,000 was made to the Progress Foundation. During the initial 6 months of the grant 46 unduplicated individuals received crisis residential treatment in the 8-bed crisis residential home. This facility allows for diversion away from psychiatric hospitalization at a more restrictive, out of County, and more costly level of care.

NAMI: National Alliance on Mental Illness

Resource Commitment

Queen of the Valley Medical Center will commit staff time across the CARE Network program, provide grants to local partners, and facilitate funding from various health system sources. In partnership with Providence Government and Public Affairs division, local CHI leaders will advocate for increased access to mental health and substance use care with focused community-based solutions.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Archway Recovery Services
- Buckelew Programs
- Communicare+OLE
- Mentis

- Napa County HHSA Behavioral Health Division
- Napa County Narcan Taskforce
- Napa Opioid Safety Coalition
- Napa County Suicide Prevention Council
- Progress Foundation

COMMUNITY NEED ADDRESSED #3: ACCESS TO HEALTH CARE & DENTAL SERVICES

Long-Term Goal(s)/ Vision

To ease the way for all people to access the appropriate level of care at the right time.

Table 4. Strategies and Strategy Measures for Addressing Access to Health Care and Dental Services

Strategy	**Population Served**	**FY25 Accomplishments**
1. Build a Network of bilingual bicultural Birth Doulas in Napa County	Uninsured and underinsured Latine women, MediCal population	12 bilingual bicultural women have been trained to be birth doulas. They are currently within an 8-month mentorship as they work together to complete requirements to qualify to become MediCal providers through Partnership HealthPlan in Napa County.
3. Provide early oral health screening, prevention, treatment, and education to low-income children; complete dental care delivery, including checkup, treatment, and oral health education for patient/parent.	Low-income, uninsured, and under-insured individuals age 6 months to 26 years of age	The Queen's Mobile Dental Clinic completed 276 Oral Health screenings, 3738 clinic services serving 1628 unduplicated Napa County children.
4. Increase access to specialty care including HIV care, diagnostic screenings, and procedures	Low-income and/or uninsured Napa County residents	188 HIV Clinic Contacts 56 Napa County residents received services through Operation Access including 169 specialty appointments, and 77 diagnostic and or surgical services.
5. Maintain number of CARE Network clients enrolled in Enhanced Care Management	Eligible Partnership HealthPlan members	196 unduplicated enrolled ECM clients

Resource Commitment

Queen of the Valley Medical Center will commit caregiver time, provide grants to local community partners, and facilitate funding from various health system sources. In partnership with Providence Government and Public Affairs division, local CHI leaders will advocate for improvements in access to care.

Key Community Partners

Queen of the Valley Medical Center values cross-sector collaboration and believes that non-profit organizations and local government organizations must work together to solve community-level problems. We plan to partner with the following organizations to address this need:

- Communicare+OLE
- COPE Family
- Napa County HHSA
- Napa County Office of Education
- Napa Valley Unified School District
- Operation Access
- Partnership HealthPlan of California
- Providence Medical Group

COMMUNITY NEED ADDRESSED #4: ECONOMIC STABILITY

Long-Term Goal(s)/ Vision

Increase economic stability for populations with low incomes.

Table 5. Strategies and Strategy Measures for Addressing Economic Stability

Strategy	Population Served	FY25 Accomplishments
1. Administer community grants to support and build capacity to fresh, nutritious, culturally, and/or medically appropriate food	Latine residents Low-income Older Adults	A community grant was shared with Napa Farmers Market in CY2024. This grant is focused on increasing the CalFresh Market Match available to Napa County low-income community members. 525 CalFresh households were served in 2024. This is a 19% increase over 2023.

2. Administer community grants to support and build capacity to accessible and affordable transportation	Latine residents Low-income Older Adults	A community grant was shared with Molly's Angels in CY2024. This grant is focused on transportation for Seniors and decreasing social isolation for Napa County older adults. Molly's Angels expanded its services by hiring additional paid part-time drivers to address challenging ride requests, including trips to up valley locations and long-distance medical appointments. Mollys Angels served 1349 clients in CY2024.
3. Administer community grants to support and build capacity of local emergency funds for basic needs	Low income and Latine residents	Two CY2024 community grants were shared with local non-profits to support and build capacity of local emergency funds. The non-profits that were recipients of these dollars included NEWS and UpValley Family Centers. During the reporting period, NEWS served 20 households (42 individuals including children) received tailored flexible financial assistance, often braided with other funding sources to meet basic needs which included food/clothing, rent, utilities, security measures, household items, transportation, and more. During the same reporting period, UpValley Family Centers assisted 21 households serving 54 individuals that were covered by QVMC funds for the cost of rent, utilities, and emergency expenses.

Other Community Benefit Programs

Table 6. Other Community Benefit Programs in Response to Community Needs

Initiative (Community Need Addressed)	Program Name	Description	Population Served (Low Income, Vulnerable or Broader Community)
1. Racial Equity	Latines Lead Napa Initiative	The Latines Lead Napa initiative increases the capacity of community and government systems to partner with Latine community members, build Latine residents' capacities and abilities to co-create system improvements and advocate for policy change. In FY2025 fourteen women continued their journey committing to mental health and housing advocacy across Napa County. Their project focus was to build their individual and collective capacity as Community Liaisons to help other Latine residents access services through a network of family resourced centers and emerging bi-lingual media outlets. Additional trainings and civic engagement/advocacy included "How to Present an Effective Message" training, "Voter's Choice Napa New Voter" training, and advocacy efforts around housing, the Napa County Budget, and a Napa County Statement of Support for Marginalized Communities.	Low-income, Vulnerable, Latine Community

2. Racial Equity	Parent University	Napa Valley Parent University addresses long-term economic, social, and academic impacts local Latine families face following the multiple natural disasters, the pandemic, and decades of inequity. NVPU equips parents to become more involved in their children's education through more than 50 classes. The free bilingual classes range from family literacy, wellness, financial health, housing, Parent Leadership, to navigating today's political environment with personal agency. and more. Parent University brings parents onto school campuses to build confidence, skills, and community. In FY2025 Parent University made 15,372 contacts with parents.	Low-income, Vulnerable, Latine Community
3. Racial Equity and Mental Health	Healthy for Life	A school-based physical and wellness program at 8 Title 1 schools in Napa County designed to increase physical activity, improve self-esteem, and promote healthy behaviors. In FY2025 Healthy for Life made 20619 contacts with Napa Valley Unified School District students.	Low Income or Vulnerable
4. Access to Health Care	Perinatal Education	The Napa County community is invited to take part in both virtual and in-person perinatal classes in both English and Spanish. Classes include hospital tours, childbirth preparation, newborn care, epidural education, cesarean births, breastfeeding, partners to parents, grandparents, infant massage, car seat safety and more. In FY2025 the perinatal educators made 1507 contacts with expecting and new parents.	Broader Community

FY25 COMMUNITY BENEFIT FINANCIALS

In FY25, Queen of the Valley Medical Center invested $38,249,480 in key community benefit programs. $37,566,174 was spent in community benefit programs for the vulnerable which includes $2,643,353 in traditional charity care (also known as Financial Assistance at cost), $27,915,273 in unpaid cost of Medi-Cal and $683,306 in community benefit spend for the broader community. Queen of the Valley Medical Center applies a ratio of cost to charge to quantify financial assistance at cost, unreimbursed Medicaid (Medi-Cal), and other means-tested government programs. The cost to charge ratio is aligned with the IRS Form 990, Schedule H Worksheet 2. Our community benefit program expenses are reported in alignment with the total cost incurred to run our programs, and we offset any restricted revenue received to arrive at our net community benefit expense.

Providence Queen of the Valley Medical Center, Napa, California

FY25 (July 1, 2024 - June 30, 2025)

Financial Assistance and Means-Tested Government Program	Vulnerable Population	Broader Community	Total

Telling Our Community Benefit Story: Non-Financial Summary of Accomplishments

Before the inception of community benefit, the Sisters of St. Joseph of Orange established a priority to care for the poor and vulnerable. Carrying out their mission that extends back to LePuy, France, 1650, these women were brought together by a Jesuit priest, Father Jean Pierre Medaille, who formed a new association of women, without cloister or distinctive dress, consecrated to God, to live together combining a life of prayer with an active ministry to the sick and poor. He instructed these women to go into the community, divide it into sectors, identifying the greatest needs while also seeking like-minded people who can help. To this day, now entrusted in the hands of the laity, we continue with this mission and follow these same instructions and inspiration from our founding Sisters.

Awards

In June of 2025, the Queen of the Valley CARE Network team was recognized with a CalAIM Make a Difference Award by Partnership HealthPlan of California. QVMC CARE Network was one of 16 organizations selected from across Partnership's 24-county service region for advancing holistic, community-focused health care. Also receiving an award in FY2025 was Dr. Maryam Mohsenzadeh, Senior Manager of the Queen's Mobile Dental Clinic. Dr. Maryam Mohsenzadeh was named the 2026 South Division Philanthropy Physician Champion Award honoree for Providence QVMC. These recognitions affirm Queen of the Valley's commitment to serving the poor and vulnerable through innovative and integrated care solutions.

Health Equity

We are committed to ensuring health equity for all by addressing the underlying causes of racial and economic inequities and health disparities. Our Vision is "Health for a Better World," and to achieve that we believe we must address not only the clinical care factors that determine a person's length and quality of life, but also the social and economic factors, the physical environment, and the health behaviors that play an active role in determining health outcomes. Throughout FY25 Community Health served as a Health Equity Dyad partner to meet health equity related requirements from the Joint Commission. These work streams included workflows designed to complete Social Drivers of Health (SDoH) screenings, interventions, and referrals for all admitted patients at QVMC. The second workstream focused on 30-day readmissions for Hispanic/Latinx Heart Failure patients. A third Health Equity project creates a continuum of care to improve identification and access to behavioral health services for Emergency Department Latinx patients. The health equity projects address disparities of care and access barriers.

The Queen's Heart Safe Program

The Queen's Heart Safe Program – a partnership between Providence Queen of Valley Medical Center, Queen of the Valley Foundation, and the Via Heart Project – works to make Napa County a HEARTSafe Community. Focused on increasing survival rates from sudden cardiac arrest, the program provides widespread CPR training and places automated external defibrillators (AEDs) in public spaces across the county. In CY2024 the program trained 6171 individuals including 5th, 7th, and 9th grade students through its CPR in Schools Initiative. It also placed an additional 6 AEDs across Napa County. The Queens Heart Safe Program empowers citizens to recognize and respond to cardiac emergencies, helping save lives through awareness, training, and access to life-saving tools.

11 Cal. Code Reg. Section 999.5(d)(5)(C)

A description of all services provided by each health facility or facility that provides similar healthcare that is the subject of the agreement or transaction in the past five years to Medi-Cal patients, county indigent patients, and any other class of patients. This description shall include but not be limited to the type and volume of services, provided, the payors for the services provided, the demographic characteristics of any zip code data for the patients served by the health facility or facility that provides similar health care, and costs and revenues for the services provided.

QVMC is a licensed general acute care hospital located in Napa, California. QVMC is Napa's most comprehensive Level III trauma center and offers several clinical programs of excellence providing the highest levels of care in a number of specialties. QVMC's services include emergency care, maternity services, surgical care, cancer care, heart and vascular services, advanced specialty care, intensive care, perinatal care, rehabilitation services, occupational therapy, imaging, radiation therapy, respiratory care, social services, and speech pathology, among many other services.

The Napa Clinics provide a wide range of outpatient and primary care services to the Napa community, including urgent care, spine care, breast health care, outpatient rehabilitation, nutrition and diabetes wellness, obstetrics and gynecology, primary care, psychiatric care, gastroenterology, neurology, cardiac rehabilitation, internal medicine, urology, general surgery, medical oncology, and cardiology, among many other services.

Additional detail regarding services provided by QVMC and the Napa Clinics to Medi-Cal Patients, county indigent patients, and other types of patients in the past five (5) years, including payor mix data, is attached to this Section 999.5(d)(C) as follows:

- **Exhibit 1**, QVMC Medi-Cal Cost Reports for FYs 2021-2025
- **Exhibit 2**, QVMC payor mix by patient revenue and net revenue for the past 5 years
- **Exhibit 3**, QVMC patient volume data for the past 5 years

QUEEN OF THE VALLEY MEDICAL CENTER
NATIONAL PROVIDER IDENTIFIER (NPI) 1235218785
FISCAL PERIOD ENDED JUNE 30, 2021

We examined the provider's Medi-Cal Cost Report for the above-referenced fiscal period. We made our examination under the authority of section 14170 of the Welfare and Institutions Code and, accordingly, included such tests of the accounting records and other auditing procedures, as we considered necessary under the circumstances.

In our opinion, the audited combined settlement and outlier post payment review for the fiscal period due the State in the amount of $60,149, and the audited costs presented in the Summary of Findings represents a proper determination in accordance with the reimbursement principles of applicable programs.

This audit report includes the:

1. Summary of Findings

2. Computation of Medi-Cal Diagnosis Related Group Cost and Cost to Charge Ratio (DRG Schedules)

3. Recalculation of Medi-Cal Outlier Claims (POST PAYMENT REVIEW Schedule)

4. Audit Adjustments Schedule

The Statement of Account Status will include the audited settlement, which may reflect tentative retroactive adjustment determinations, payments from the provider, and other financial transactions initiated by the Department. The State's fiscal intermediary will forward the Statement of Account Status to the provider. The Statement of Account Status will include instructions regarding payment.

Docusign Envelope ID: 5ED4C054-1DB5-400D-8A14-8CFA3D6C1308

Notwithstanding this audit report, overpayments to the provider are subject to recovery pursuant to section 51458.1, article 6 of division 3, title 22, California Code of Regulations.

The Welfare and Institutions Code, section 14171 contains the procedures that govern an appeal. You may request a hearing for any disputed audit or examination finding by filing a Statement of Disputed Issues, as defined in the California Code of Regulations, title 22, section 51022. You must file the written request with the Department within 60-calendar days from the date you receive this letter.

Send the Statement of Disputed Issues and a copy of this letter to the following:

Office of Administrative Hearings and Appeals
Attention: Incoming Appeals
Department of Health Care Services
3831 North Freeway Boulevard, Suite 200
Sacramento, CA 95834

Please forward this audit report to your cost report preparer or financial consultant for review.

If you have questions regarding this report, you may call the Richmond Audits Section at (510) 620-3100.

QUEEN OF THE VALLEY MEDICAL CENTER
NATIONAL PROVIDER IDENTIFIER (NPI) 1235218785
FISCAL PERIOD ENDED JUNE 30, 2022

We examined the provider's Medi-Cal Cost Report for the above-referenced fiscal period. We made our examination under the authority of section 14170 of the Welfare and Institutions Code and, accordingly, included such tests of the accounting records and other auditing procedures, as we considered necessary under the circumstances.

In our opinion, the audited settlement for the fiscal period due the State in the amount of $2,311, and the audited costs presented in the Summary of Findings represents a proper determination in accordance with the reimbursement principles of applicable programs.

This audit report includes the:

1. Summary of Findings

2. Computation of Medi-Cal Diagnosis Related Group Cost and Cost to Charge Ratio (DRG Schedules)

3. Audit Adjustments Schedule

The Statement of Account Status will include the audited settlement, which may reflect tentative retroactive adjustment determinations, payments from the provider, and other financial transactions initiated by the Department. The State's fiscal intermediary will forward the Statement of Account Status to the provider. The Statement of Account Status will include instructions regarding payment.

Notwithstanding this audit report, overpayments to the provider are subject to recovery pursuant to section 51458.1, article 6 of division 3, title 22, California Code of Regulations.

The Welfare and Institutions Code, section 14171 contains the procedures that govern an appeal. You may request a hearing for any disputed audit or examination finding by filing a Statement of Disputed Issues, as defined in the California Code of Regulations, title 22, section 51022. You must file the written request with the Department within 60-calendar days from the date you receive this letter.

Send the Statement of Disputed Issues and a copy of this letter to the following:

Office of Administrative Hearings and Appeals
Attention: Incoming Appeals
Department of Health Care Services
3831 North Freeway Boulevard, Suite 200
Sacramento, CA 95834

Please forward this audit report to your cost report preparer or financial consultant for review.

If you have questions regarding this report, you may call the Richmond Audits Section at (510) 620-3100.

QUEEN OF THE VALLEY MEDICAL CENTER
NATIONAL PROVIDER IDENTIFIER (NPI) 1235218785
FISCAL PERIOD ENDED JUNE 30, 2023

We reviewed the provider's Medi-Cal Cost Report for the above-referenced fiscal period. We made our examination under the authority of section 14170 of the Welfare and Institutions Code and was limited to a review of the cost report and accompanying financial statements.

We accepted as filed the Medi-Cal cost report submitted for the above-referenced fiscal period.

Notwithstanding this letter, overpayments to the provider are subject to recovery pursuant to section 51458.1, article 6 of division 3, title 22, California Code of Regulations.

If you have questions regarding this letter, you may call the Richmond Audits Section at (510) 620-3100.

Enter in column 1 “Y” for yes or “N” for no. Does the facility meet the mileage requirements in accordance with 42 CFR 412.101(b)(2)(i), (ii), or (iii)? Enter in column 2 "Y" for yes or "N" for no. (see instructions)	N	N	39.00
40.00	Is this hospital subject to the HAC program reduction adjustment? Enter "Y" for yes or "N" for no in column 1, for discharges prior to October 1. Enter "Y" for yes or "N" for no in column 2, for discharges on or after October 1. (see instructions)	N	N	40.00

		V	XVIII	XIX	
		1.00	2.00	3.00	
	Prospective Payment System (PPS)-Capital				
45.00	Does this facility qualify and receive Capital payment for disproportionate share in accordance with 42 CFR Section §412.320? (see instructions)	N	N	N	45.00
46.00	Is this facility eligible for additional payment exception for extraordinary circumstances pursuant to 42 CFR §412.348(f)? If yes, complete Wkst. L, Pt. III and Wkst. L-1, Pt. I through Pt. III.	N	N	N	46.00
47.00	Is this a new hospital under 42 CFR §412.300(b) PPS capital? Enter "Y for yes or "N" for no.	N	N	N	47.00
48.00	Is the facility electing full federal capital payment? Enter "Y" for yes or "N" for no.	N	N	N	48.00
	Teaching Hospitals				
56.00	Is this a hospital involved in training residents in approved GME programs? For cost reporting periods beginning prior to December 27, 2020, enter "Y" for yes or "N" for no in column 1. For cost reporting periods beginning on or after December 27, 2020, under 42 CFR 413.78(b)(2), see the instructions. For column 2, if the response to column 1 is "Y", or if this hospital was involved in training residents in approved GME programs in the prior year or penultimate year, and are you are impacted by CR 11642 (or applicable CRs) MA direct GME payment reduction? Enter "Y" for yes; otherwise, enter "N" for no in column 2.	N			56.00
57.00	For cost reporting periods beginning prior to December 27, 2020, if line 56, column 1, is yes, is this the first cost reporting period during which residents in approved GME programs trained at this facility? Enter "Y" for yes or "N" for no in column 1. If column 1 is "Y", did residents start training in the first month of this cost reporting period? Enter "Y" for yes or "N" for no in column 2. If column 2 is "Y", complete Worksheet E-4. If column 2 is "N", complete Wkst. D, Parts III & IV and D-2, Pt. II, if applicable. For cost reporting periods beginning on or after December 27, 2020, under 42 CFR 413.77(e)(1)(iv) and (v), regardless of which month(s) of the cost report the residents were on duty, if the response to line 56 is "Y" for yes, enter "Y" for yes in column 1, do not complete column 2, and complete Worksheet E-4.				57.00

HOSPITAL AND HOSPITAL HEALTH CARE COMPLEX IDENTIFICATION DATA | Provider CCN: 05-0009 | Period: From 07/01/2022 To 06/30/2023 | Worksheet S-2 Part I | Date/Time Prepared: 3/20/2024 8:45 am

		V	XVIII	XIX	
		1.00	2.00	3.00	
58.00	If line 56 is yes, did this facility elect cost reimbursement for physicians' services as defined in CMS Pub. 15-1, chapter 21, §2148? If yes, complete Wkst. D-5.				58.00
59.00	Are costs claimed on line 100 of Worksheet A? If yes, complete Wkst. D-2, Pt. I.	N			59.00

		NAHE 413.85 Y/N	Worksheet A Line #	Pass-Through Qualification Criterion Code

		1.00	2.00	
	PART II - HOSPITAL AND HOSPITAL HEATHCARE COMPLEX REIMBURSEMENT QUESTIONNAIRE			
	General Instruction: Enter Y for all YES responses. Enter N for all NO responses. Enter all dates in the mm/dd/yyyy format.			
	COMPLETED BY ALL HOSPITALS			
	Provider Organization and Operation			
1.00	Has the provider changed ownership immediately prior to the beginning of the cost reporting period? If yes, enter the date of the change in column 2. (see instructions)	N		1.00

		Y/N	Date	V/I	
		1.00	2.00	3.00	
2.00	Has the provider terminated participation in the Medicare Program? If yes, enter in column 2 the date of termination and in column 3, "V" for voluntary or "I" for involuntary.	N			2.00
3.00	Is the provider involved in business transactions, including management contracts, with individuals or entities (e.g., chain home offices, drug or medical supply companies) that are related to the provider or its officers, medical staff, management personnel, or members of the board of directors through ownership, control, or family and other similar relationships? (see instructions)	Y			3.00

		Y/N	Type	Date	
		1.00	2.00	3.00	
	Financial Data and Reports				
4.00	Column 1: Were the financial statements prepared by a Certified Public Accountant? Column 2: If yes, enter "A" for Audited, "C" for Compiled, or "R" for Reviewed. Submit complete copy or enter date available in column 3. (see instructions) If no, see instructions.	Y	A	03/31/2024	4.00
5.00	Are the cost report total expenses and total revenues different from those on the filed financial statements? If yes, submit reconciliation.	N			5.00

		Y/N	Legal Oper.	
		1.00	2.00	
	Approved Educational Activities			
6.00	Column 1: Are costs claimed for a nursing program? Column 2: If yes, is the provider the legal operator of the program?	Y	Y	6.00
7.00	Are costs claimed for Allied Health Programs? If "Y" see instructions.	N		7.00
8.00	Were nursing programs and/or allied health programs approved and/or renewed during the cost reporting period? If yes, see instructions.	Y		8.00
9.00	Are costs claimed for Interns and Residents in an approved graduate medical education program in the current cost report? If yes, see instructions.	N		9.00
10.00	Was an approved Intern and Resident GME program initiated or renewed in the current cost reporting period? If yes, see instructions.	N		10.00
11.00	Are GME cost directly assigned to cost centers other than I & R in an Approved Teaching Program on Worksheet A? If yes, see instructions.	N		11.00

		Y/N	
		1.00	
	Bad Debts		
12.00	Is the provider seeking reimbursement for bad debts? If yes, see instructions.	Y	12.00
13.00	If line 12 is yes, did the provider's bad debt collection policy change during this cost reporting period? If yes, submit copy.	N	13.00
14.00	If line 12 is yes, were patient deductibles and/or coinsurance amounts waived? If yes, see instructions.	N	14.00
	Bed Complement		
15.00	Did total beds available change from the prior cost reporting period? If yes, see instructions.	Y	15.00

		Part A		Part B		
		Y/N	Date	Y/N	Date	
		1.00	2.00	3.00	4.00	
	PS&R Data					
16.00	Was the cost report prepared using the PS&R Report only? If either column 1 or 3 is yes, enter the paid-through date of the PS&R Report used in columns 2 and 4 .(see instructions)	Y	10/23/2023	Y	10/23/2023	16.00
17.00	Was the cost report prepared using the PS&R Report for totals and the provider's records for allocation? If either column 1 or 3 is yes, enter the paid-through date in columns 2 and 4. (see instructions)	N		N		17.00
18.00	If line 16 or 17 is yes, were adjustments made to PS&R Report data for additional claims that have been billed but are not included on the PS&R Report used to file this cost report? If yes, see instructions.	N		N		18.00
19.00	If line 16 or 17 is yes, were adjustments made to PS&R Report data for corrections of other PS&R Report information? If yes, see instructions.	N		N		19.00

HOSPITAL AND HOSPITAL HEALTH CARE REIMBURSEMENT QUESTIONNAIRE | Provider CCN: 05-0009 | Period: From 07/01/2022 To 06/30/2023 | Worksheet S-2 Part II | Date/Time Prepared: 3/20/2024 8:45 am

		Description		Y/N	Y/N	
		0		1.00	3.00	
20.00	If line 16 or 17 is yes, were adjustments made to PS&R Report data for Other? Describe the other adjustments:			N	N	20.00
		Y/N	Date	Y/N	Date	
		1.00	2.00	3.00	4.00	
21.00	Was the cost report prepared only using the provider's records? If yes, see instructions.	N		N		21.00
					1.00	
	COMPLETED BY COST REIMBURSED AND TEFRA HOSPITALS ONLY (EXCEPT CHILDRENS HOSPITALS)					
	Capital Related Cost					
22.00	Have assets been relifed for Medicare purposes? If yes, see instructions					22.00
23.00	Have changes occurred in the Medicare depreciation expense due to appraisals made during the cost reporting period? If yes, see instructions.					23.00
24.00	Were new leases and/or amendments to existing leases entered into during this cost reporting period? If yes, see instructions					24.00
25.00	Have there been new capitalized leases entered into during the cost reporting period? If yes, see instructions.					25.00
26.00	Were assets subject to Sec.2314 of DEFRA acquired during the cost reporting period? If yes, see instructions.					26.00
27.00	Has the provider's capitalization policy changed during the cost reporting period? If yes, submit copy.					27.00
	Interest Expense					
28.00	Were new loans, mortgage agreements or letters of credit entered into during the cost reporting period? If yes, see instructions.					28.00
29.00	Did the provider have a funded depreciation account and/or bond funds (Debt Service Reserve Fund) treated as a funded depreciation account? If yes, see instructions					29.00
30.00	Has existing debt been replaced prior to its scheduled maturity with new debt? If yes, see instructions.					30.00
31.00	Has debt been recalled before scheduled maturity without issuance of new debt? If yes, see instructions.					31.00
	Purchased Services					
32.00	Have changes or new agreements occurred in patient care services furnished through contractual arrangements with suppliers of services? If yes, see instructions.					32.00
33.00	If line 32 is yes, were the requirements of Sec. 2135.2 applied pertaining to competitive bidding? If no, see instructions.					33.00
	Provider-Based Physicians					
34.00	Were services furnished at the provider facility under an arrangement with provider-based physicians? If yes, see instructions.					34.00
35.00	If line 34 is yes, were there new agreements or amended existing agreements with the provider-based physicians during the cost reporting period? If yes, see instructions.					35.00
				Y/N	Date	
				1.00	2.00	
	Home Office Costs					
36.00	Were home office costs claimed on the cost report?					36.00
37.00	If line 36 is yes, has a home office cost statement been prepared by the home office? If yes, see instructions.					37.00
38.00	If line 36 is yes , was the fiscal year end of the home office different from that of the provider? If yes, enter in column 2 the fiscal year end of the home office.					38.00
39.00	If line 36 is yes, did the provider render services to other chain components? If yes, see instructions.					39.00
40.00	If line 36 is yes, did the provider render services to the home office? If yes, see instructions.					40.00

48.00	Program inpatient ancillary service cost (Wkst. D-3, col. 3, line 200)	1,459,516	48.00
48.01	Program inpatient cellular therapy acquisition cost (Worksheet D-6, Part III, line 10, column 1)	0	48.01
49.00	Total Program inpatient costs (sum of lines 41 through 48.01)(see instructions)	5,404,964	49.00
	PASS THROUGH COST ADJUSTMENTS		
50.00	Pass through costs applicable to Program inpatient routine services (from Wkst. D, sum of Parts I and III)	409,803	50.00
51.00	Pass through costs applicable to Program inpatient ancillary services (from Wkst. D, sum of Parts II and IV)	160,196	51.00
52.00	Total Program excludable cost (sum of lines 50 and 51)	569,999	52.00
53.00	Total Program inpatient operating cost excluding capital related, non-physician anesthetist, and medical education costs (line 49 minus line 52)	4,834,965	53.00
	TARGET AMOUNT AND LIMIT COMPUTATION		
54.00	Program discharges	0	54.00
55.00	Target amount per discharge	0.00	55.00
55.01	Permanent adjustment amount per discharge	0.00	55.01
55.02	Adjustment amount per discharge (contractor use only)	0.00	55.02
56.00	Target amount (line 54 x sum of lines 55, 55.01, and 55.02)	0	56.00
57.00	Difference between adjusted inpatient operating cost and target amount (line 56 minus line 53)	0	57.00
58.00	Bonus payment (see instructions)	0	58.00
59.00	Trended costs (lesser of line 53 ÷ line 54, or line 55 from the cost reporting period ending 1996, updated and compounded by the market basket)	0.00	59.00
60.00	Expected costs (lesser of line 53 ÷ line 54, or line 55 from prior year cost report, updated by the market basket)	0.00	60.00
61.00	Continuous improvement bonus payment (if line 53 ÷ line 54 is less than the lowest of lines 55 plus 55.01, or line 59, or line 60, enter the lesser of 50% of the amount by which operating costs (line 53) are less than expected costs (lines 54 x 60), or 1 % of the target amount (line 56), otherwise enter zero. (see instructions)	0	61.00
62.00	Relief payment (see instructions)	0	62.00
63.00	Allowable Inpatient cost plus incentive payment (see instructions)	0	63.00
	PROGRAM INPATIENT ROUTINE SWING BED COST		
64.00	Medicare swing-bed SNF inpatient routine costs through December 31 of the cost reporting period (See instructions)(title XVIII only)	0	64.00
65.00	Medicare swing-bed SNF inpatient routine costs after December 31 of the cost reporting period (See instructions)(title XVIII only)	0	65.00
66.00	Total Medicare swing-bed SNF inpatient routine costs (line 64 plus line 65)(title XVIII only); for CAH, see instructions	0	66.00
67.00	Title V or XIX swing-bed NF inpatient routine costs through December 31 of the cost reporting period (line 12 x line 19)	0	67.00
68.00	Title V or XIX swing-bed NF inpatient routine costs after December 31 of the cost reporting period (line 13 x line 20)	0	68.00
69.00	Total title V or XIX swing-bed NF inpatient routine costs (line 67 + line 68)	0	69.00
	PART III - SKILLED NURSING FACILITY, OTHER NURSING FACILITY, AND ICF/IID ONLY		
70.00	Skilled nursing facility/other nursing facility/ICF/IID routine service cost (line 37)		70.00
71.00	Adjusted general inpatient routine service cost per diem (line 70 ÷ line 2)		71.00
72.00	Program routine service cost (line 9 x line 71)		72.00
73.00	Medically necessary private room cost applicable to Program (line 14 x line 35)		73.00
74.00	Total Program general inpatient routine service costs (line 72 + line 73)		74.00
75.00	Capital-related cost allocated to inpatient routine service costs (from Worksheet B, Part II, column 26, line 45)		75.00
76.00	Per diem capital-related costs (line 75 ÷ line 2)		76.00
77.00	Program capital-related costs (line 9 x line 76)		77.00
78.00	Inpatient routine service cost (line 74 minus line 77)		78.00
79.00	Aggregate charges to beneficiaries for excess costs (from provider records)		79.00
80.00	Total Program routine service costs for comparison to the cost limitation (line 78 minus line 79)		80.00
81.00	Inpatient routine service cost per diem limitation		81.00
82.00	Inpatient routine service cost limitation (line 9 x line 81)		82.00
83.00	Reasonable inpatient routine service costs (see instructions)		83.00
84.00	Program inpatient ancillary services (see instructions)		84.00
85.00	Utilization review - physician compensation (see instructions)		85.00
86.00	Total Program inpatient operating costs (sum of lines 83 through 85)		86.00
	PART IV - COMPUTATION OF OBSERVATION BED PASS THROUGH COST		
87.00	Total observation bed days (see instructions)	0	87.00

COMPUTATION OF INPATIENT OPERATING COST	Provider CCN: 05-0009 Component CCN: 05-T009	Period: From 07/01/2022 To 06/30/2023	Worksheet D-1 Date/Time Prepared: 3/20/2024 8:45 am
