**MEDICAL STAFF NEWS**

**Message from Dr. R. Guy Hudson, Chief Executive Officer, Swedish**

**Department Updates**

- **Obstetrics, Gynecology, & Perinatology**
- **Ophthalmology**
- **Orthopedics**
- **Pathology**

**Important Announcements**

- **Behavioral Health Concierge Program**: Swedish is excited to introduce our new Behavioral Health Concierge program! It provides a confidential service for providers, administrators, and staff to access support for personal or professional issues. Visits are “drop-in” and no sign-up is necessary to join. Support is available for a wide range of concerns, including alcohol, substance use, depression, anxiety, and other mental health issues.

**Upcoming Events**

- **First Hill Physician Wellness Small Groups**: These small groups are led by clinical psychologists who focus on various topics such as physician burnout, resilience, and emotional well-being. They offer an opportunity to connect with colleagues and learn about important topics affecting our work together.

**Important Deadlines**

- **Deadline for CME Events**: Contributions must be submitted by the 10th of the month for inclusion in the newsletter.

**System-wide Information**

- **Stoplight Report**: This report is a frequently updated status report that tracks concerns brought to FH Administration by various means. It provides a tool for physicians to speak with their colleagues about issues affecting the medical staff.

**Miscellaneous Information**

- **Controlling Cytokine-Producing Cells**: This is an experimental treatment for hematologic malignancies. The treatment is typically used in patients who have not responded to conventional therapies or who have relapsed.

**Contact Information**

- **CellNetix Pathology**: Contact CellNetix at 866-721-9696 for more information about their services and offerings.

**Additional Resources**

- **Choice Employee Assistance Program**: For employees and their families, Choice Employee Assistance Program offers confidential support services to help address family, financial, and work-related issues.

**Conclusion**

Thank you for all you do in service to our patients and our community. Together, we can continue to make a positive impact on the lives of our patients and the well-being of our community.
