- July 15<sup>th</sup>
- August 19<sup>th</sup>
- September 16<sup>th</sup>
- October 21<sup>st</sup>
- November 18<sup>th</sup>
- December 16<sup>th</sup> - Holiday Party

## Mission Statement

The Swedish Cerebrovascular Support Group provides a place of education, motivation, and support to those diagnosed and/or treated with a cerebrovascular condition. We serve as a resource for family members and caregivers. It is our common goal and purpose to give support to each other, continue to learn from one another and raise awareness of cerebrovascular conditions in our community.

The care team at the Swedish Cerebrovascular Center has established a support group for patients that have been diagnosed and treated for Cerebral Aneurysm, Arteriovenous Malformation (AVM), Carotid Stenosis, Stroke (Hemorrhagic/Ischemic), and Cranial Nerve Disorders (Trigeminal Neuralgia/Hemifacial Spasms). The group is open to patients, families and caregivers. This is a welcoming place for you to meet and share with others who have been through similar experiences. Each meeting features a speaker and the goal is to help relieve fears and concerns through education and group discussions. This group is organized through the Brain Aneurysm Foundation, the nation's only nonprofit organization solely dedicated to providing critical awareness, education, support, and research funding to reduce the number of brain aneurysms.

**When:** The Support Group meets on the 3<sup>rd</sup> Monday of each month from 6:30 PM to 8:00 PM.

**Location:** Swedish Medical Center-Cherry Hill Campus  
James Tower | Swedish Education and Conference Center, Room D

**Contact:** Swedish Support Group Line (206) 320-4985
