Unlock Your Potential: Covenant Resources for Student Employment

At Covenant School of Nursing, we believe in fostering holistic growth and professional development. As a nursing student, you have access to a range of valuable student employment opportunities through our partnership with Covenant Health System. These opportunities are designed to complement your nursing education and provide practical experience that can set you on the path to success.

Types of Student Employment: Explore a diverse array of student employment options tailored to nursing students at different stages of their academic journey:

Nurse Aide: Gain hands-on experience in patient care and support as a nurse aide. This role allows you to work alongside seasoned healthcare professionals, providing essential assistance to patients and contributing to their well-being.

Nurse Tech: Elevate your skills as a nurse tech, where you'll engage in clinical rotations and learn from experienced nurses. This role enables you to apply your theoretical knowledge in real healthcare settings, honing your patient care abilities.

Senior Internships: Our senior internship program offers a deep dive into a specialized area of nursing. Collaborate with healthcare teams, make meaningful contributions, and gain insight into the daily operations of a healthcare facility.

Graduate Nurse Roles: As you approach graduation, explore graduate nurse roles that allow you to transition smoothly from student to professional. These positions provide mentorship and support as you refine your skills and embrace your role as a licensed nurse.

Contact Terri Morris for Employment Information:
