## PRESCRIPTION DRUG PROGRAM

Because the costs for prescription drugs keep rising, it's important to choose a health plan that will meet all your needs. Of course, the plan should cover your needs for maintenance medications. But it also should cover you for drugs you use on a periodic, urgent or emergency basis. US Family Health Plan offers a comprehensive prescription drug program.

You'll find this is one of US Family Health Plan's most valuable benefits. It is not affected by a member's age, medical history or current health. TRICARE® provides and maintains an approved list of drugs, called a formulary. All drugs on this list are covered, subject to TRICARE coverage rules. To view the TRICARE list of approved drugs, go to:

## FILLING YOUR PRESCRIPTIONS

Getting your prescriptions filled through US Family Health Plan is convenient and easy.

### Retail Pharmacy Network

US Family Health Plan has an excellent network of retail pharmacies. As a member, you can get a 30-day supply at the pharmacy in your clinic or at these locations...

- Safeway
- Bartell Drugs
- Rite Aid stores
- Tim's Pharmacy (Yelm)
- Haggen Pharmacy
- Hawks Prairie Healthmart Pharmacy
- Island Drug (Oak Harbor)

There are exceptions, so please use the Find a Provider tool at [www.USFHPnw.org](http://www.USFHPnw.org) to find a network retail pharmacy near you or **call Member Services at 800 585-5882, option 2.**

### Mail Order

Mail-order prescriptions are even easier. You can save money and time by ordering prescriptions by mail. US Family Health Plan uses the MXP Mail-Order Pharmacy. You pay just one copayment, and you receive up to a 90-day supply. (If you already use the TRICARE Mail Order Program, you will switch to MXP when you join USFHP.) **You can set up a mail-order account by calling MXP at 1 (866) 408-2459.**

## QUESTIONS & ANSWERS

### **How do I transfer my prescriptions to the US Family Health Plan prescription program?**

Once you have enrolled in US Family Health Plan, make an appointment with your new primary care provider. Be sure to bring your existing medications with you. Your provider will rewrite them for a pharmacy that participates in US Family Health Plan.

### **How do I get my prescriptions filled through the MXP Mail-Order Pharmacy?**

Your physician will fax your long-term medications to MXP. Then, when it is time to refill your prescription, you simply call MXP. The system is designed to deliver prescriptions within 10–14 days of when you call. If you have a new or short-term medication, use one of the retail pharmacies in the USFHP network.

### **How do I obtain prescriptions when I am traveling?**

MXP Mail-Order Pharmacy will mail your prescriptions anywhere in the United States. If you need emergency or urgent care while traveling, you might be prescribed a new medication. In that case, you can use a Rite Aid pharmacy and pay applicable copays. If a Rite Aid is not close by, use the nearest pharmacy and pay the full out-of-pocket cost. Be sure to save your receipts and send them to US Family Health Plan. You will be reimbursed for the amount you paid, minus any applicable copayments.

### **How do I find a pharmacy that's convenient for me?**

US Family Health Plan has an extensive pharmacy network. To find a pharmacy near you, please visit us online. Go to the [www.USFHPnw.org](http://www.USFHPnw.org) home page and use the Find a Provider tool. Or **call Member Services at 1 (800) 585-5883. Select option 2.**

### **Can I continue to have my prescriptions filled at a Military Treatment Facility (MTF)?**

Once you join US Family Health Plan, you'll no longer be able to have your prescriptions filled at an MTF. US Family Health Plan retail pharmacies can fill periodic or urgent medications quickly. This will save you from a potentially long wait at an MTF.
