Use these sample ads for Facebook to create your own Listing, Buyers, Sellers, or Open House posts to help you drive targeted traffic to your landing pages.

You can create the post, and then Boost it as a paid ad, or you can create it in the Ads Manager of Facebook, and set the parameters for your target market with more detail.

NOTE: DO NOT send any of these ads to the homepage of your website. This is a waste of money and lead generation potential!

****Sample ads and text begin on the next page. Be sure to change the text for your particular listing or area.**
