OCEAN PADI INSTRUCTOR DEVELOPMENT COURSE

Benefits of Becoming a PADI Instructor

CAREER OPPORTUNITIES

As a globally recognized certification, PADI instructors are in high demand at dive resorts, liveaboards, and dive centers worldwide. Whether you're interested in traveling and working in exotic locations or settling into a career closer to home, your PADI instructor certification will serve as a passport to a fulfilling career in the dive industry.

PROFESSIONAL GROWTH

As a PADI Instructor, you'll have the chance to continue your professional development and expand your expertise. With opportunities to teach various specialties and pursue higher-level certifications, you can tailor your career path to your interests. Whether you want to specialize in underwater photography, wreck diving, or become a Course Director yourself, the possibilities for growth and advancement are endless.

FLEXIBILITY AND ADVENTURE

A career as a PADI Instructor offers flexibility and the chance to design a lifestyle that suits you. Whether you prefer a full-time position at a dive center or want to work seasonally in different locations, being a PADI Instructor allows you to balance work with adventure. Travel to new destinations, explore underwater wonders, and enjoy a career that aligns with your love for the ocean.

PERSONAL FULFILLMENT

Teaching others to dive is not just a job; it's a rewarding experience that allows you to share your passion for the underwater world. As a PADI Instructor, you'll inspire and educate divers of all ages and backgrounds, helping them explore and appreciate the beauty of the ocean. The sense of achievement that comes from seeing your students succeed and enjoy their diving experiences is unmatched.

OCEAN ENTERPRISES PADI INSTRUCTOR DEVELOPMENT COURSE

Course Directors

JEFF BUNKER

Jeff Bunker, Is a PADI Platinum Course Director in his second decade as part of Ocean Enterprises professional dive team, with extensive experience teaching all diver-level courses as well as training PADI professionals in Instructor Development, Divemaster, and Master Scuba Diver Trainer courses. Jeff has certified well over 1200 divers and led dozens of successful IDCs with 100% of candidates successful in completing the IE. Receiving PADI's elite instructor and frequent trainer awards annually, Jeff Is a San Diego Native and runs a local apartment building company when he is not diving.

SETH TUFVESSON

Seth is a professional diver by occupation. He is certified as a Commercial Diver by the Association of Diving Contractors International and dives for the US Navy as a contractor. Seth is also certified by the National Board of Diving and Hyperbaric Medical Technology and works as a Certified Hyperbaric Technologist for Sharp Grossmont Hospital. As an avid cold water diver, Norway is Seth's favorite vacation diving destination, where he loves freediving with Orcas and Humpback Whales.

OE PADI INSTRUCTOR DEVELOPMENT COURSE

Course Structure

The PADI IDC is divided into four sections.

1. START AT HOME WITH E LEARNING

The PADI IDC eLearning module allows you to study at your own pace, providing a flexible and convenient way to learn the foundational knowledge of dive theory and instructional methods. With interactive content, videos, and quizzes, you'll gain a thorough understanding of key concepts before moving on to practical applications.

2. CLASSROOM PRESENTATIONS

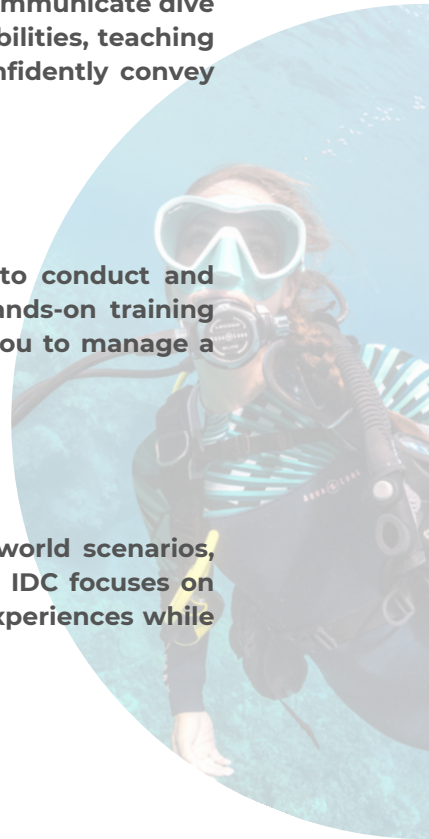

In the classroom presentations, you'll learn how to effectively teach and communicate dive theory and skills. These sessions focus on developing your presentation abilities, teaching techniques, and understanding of PADI standards, ensuring you can confidently convey information to future divers.

3. CONFINED WATER

During confined water sessions, you'll practice and refine your ability to conduct and demonstrate essential diving skills in a controlled environment. This hands-on training emphasizes safety, skill demonstration, and problem-solving, preparing you to manage a group of students effectively.

4. OPEN WATER

In the open water sessions, you'll apply your instructional skills in real-world scenarios, leading student divers through open water dives. This final phase of the IDC focuses on perfecting your ability to conduct safe, enjoyable, and educational dive experiences while adapting to changing conditions and student needs.

OE PADI INSTRUCTOR DEVELOPMENT COURSE

Testimonials

MATT WILBUR

I had a fantastic experience with the PADI IDC course, especially with the practical exercises that honed my problem-solving skills, making me a better diver in ways I didn't expect. Transitioning from Divemaster to Instructor has been incredibly rewarding, particularly when helping students to overcome difficult challenges and succeed. The camaraderie within our class and successfully navigating tough conditions during our ocean exam were highlights that made the journey unforgettable. Introducing others to the world of SCUBA has been an absolute joy.

EMILY STRAND

Completing the Instructor Development Course at Ocean Enterprises was a pivotal step in my career. The program provided thorough training and practical experience that prepared me to confidently transition into a role as a scuba instructor. Working in the ocean every week has been incredibly rewarding, and I credit the quality of instruction and support from OE for making this possible. Their IDC program is an excellent foundation for anyone serious about pursuing a career in diving.
