Tim Brown

Instructor Trainer & CCR Instructor

Timothy Brown is an SDI Instructor Trainer and TDI Technical Instructor with more than 20 years of diving experience and approximately 2,000 dives across a wide range of environments. He is an active cave diver with extensive experience in both Florida and Mexico, where precision, discipline, and sound decision-making are not optional extras but survival skills.

Timothy is a Dive Rite Optima rebreather instructor and a cave diving instructor, with a strong focus on building divers who understand not just what to do, but why they are doing it. His teaching style emphasizes systems thinking, gas management, situational awareness, and calm problem-solving under pressure—skills that transfer well beyond the cave or rebreather loop.

In addition to instruction, he has facilitated multiple dive expeditions and training trips to Belize, helping divers safely expand their experience in demanding environments while maintaining a high standard of planning and execution.
