ONLY 6 SPACES LEFT

Planning a 12 day special dive trip to the Philippines next January on a Aggressor Adventures live-a-board. for some great wreck, reef, and muck diving for 14 or more experienced divers. This extended itinerary combines the Philippines' most iconic wreck and reef diving regions. In Coron, divers explore legendary World War II shipwrecks, historically fascinating sites now transformed into thriving artificial reefs. This itinerary also includes diving at Apo Reef Natural Park, the largest coral reef in the Philippines, located in Occidental Mindoro, which is also the world's second-largest contiguous coral reef system after Australia's Great Barrier Reef. This protected area features two large atoll-like reefs, a deep channel, and is a biodiversity hot spot with abundant corals and marine life, making it a premier dive destination and a potential UNESCO World Heritage Site.
