At long last, we're heading back to one of our favorite islands, Grenada, known as "The spice island!" Grenada is a diver's paradise, with incredible marine life and colorful vibrant coral reefs, but that's just the beginning. You'll dive the Molinere Bay Underwater Sculpture Park and the world famous shipwreck, the Bianca C, often called the "Titanic of the Caribbean." This trip also includes an exciting lionfish hunting course where you'll learn how to spear and filet the invasive species. Above the waves, you'll find white sandy beaches, lush rainforests, cascading waterfalls and the warmth of Grenadian culture waiting to be explored. This trip offers the perfect mix of adventure and relaxation. Don't miss it!
