

```
static bool IsSubset(HashSet<object> set, HashSet<object> subset)
{
    if(subset.Count > set.Count)
        return false;

    foreach(object element in subset)
    {
        if(set.Contains(element) == false)
        {
            return false;
        }
    }

    return true;
}
```
