

Request For Refund

Thank you for choosing Island Adventures, Inc. for your whale watch tour! We have the most lenient cancellation policy of any whale watching tour company. Our policy is simply that you cancel your reservation, or adjust the number of people in your party, 24 hours in advance of your tour. In many cases, guests that called to cancel inside of the 24 hours were still not charged if we were able to fill their spaces with other reservations. If you did not call to cancel your reservation, or showed up for check-in with fewer people than you reserved for, and you still feel that you should be given a refund, please complete this form and mail it to our office. Please allow up to 3 weeks for processing. (If your rate was booked incorrectly, please explain the circumstance and attach appropriate documentation, such as AAA card, driver's license, military or student ID, in order to help speed your claim). If you need more space, please write on back or attach additional pages.
