Lovely, conveniently located lot with easy access on well maintained roads. There is a small duck pond on the far side of the property from the road, I saw a pair of Mallards there. Just around the corner is the Indian Mountain Community Center, and it's an easy drive to the Park County Reservoirs, Gold Medal fishing streams, and tons of hiking and biking. An hour to Breckenridge, or about an hour and a half to Denver. Electricity is already at the road or with tons of sun here, you could get great use out of solar power! Come see what this friendly neighborhood has to offer you! A Bargain price!
