

How to leave a rating & review on iTunes on a Mac or a Windows machine

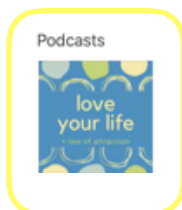

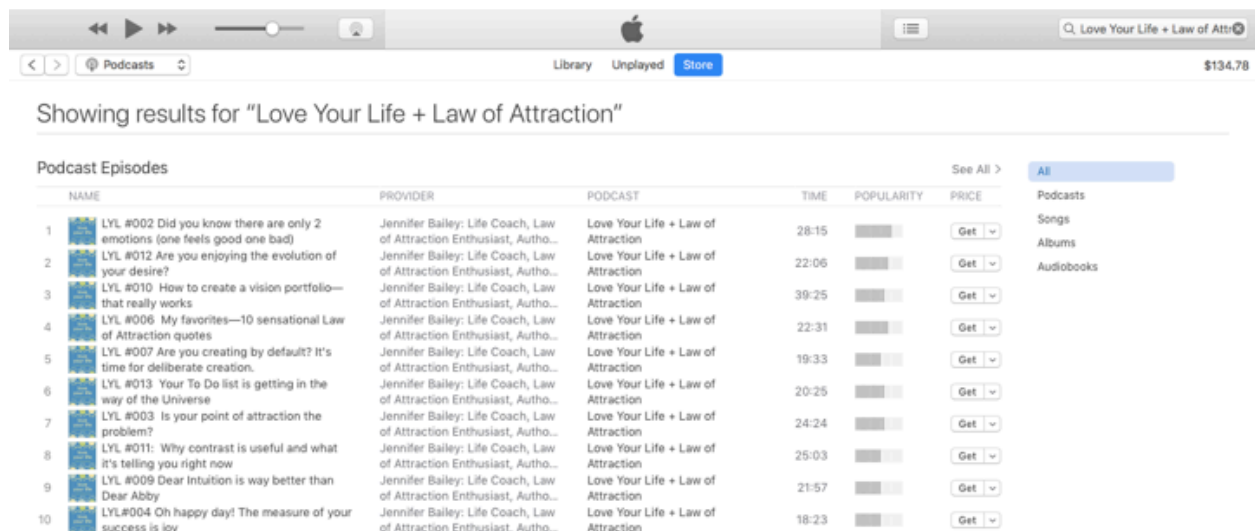

1. Open the iTunes App.

NOTE: If you don't yet have iTunes, visit <https://www.apple.com/itunes> and click the Download button.

2. In iTunes, click on the Store button at the top of the window. In the search box type in **Love Your Life + Law of Attraction** and click **Search**. (Or you can type in: **Love Your Life Jennifer Bailey**)

3. Once the show and its episodes are pulled up, **click the artwork** for the show in the Podcasts section.

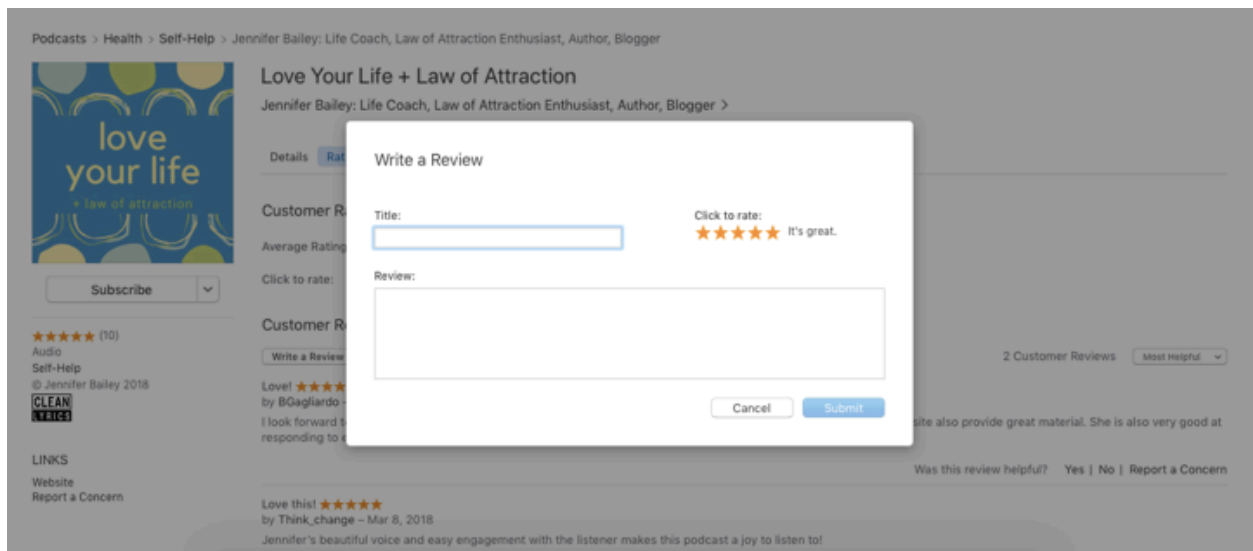

4. Click on **Ratings and Reviews**. Then click **Write a Review** button (just down the page). This will open a dialog box.

*NOTE: At this point, you may need to log in with your **AppleID** or create one if you don't yet have one.*

5. **Click on the stars** to leave a star rating for the show.
6. Type in the **Title** of your review and the actual **Review**—the value you get from listening to *Love Your Life + Law of Attraction*. Then click **Submit**.

Thanks so much for your review—
and for listening to *Love Your Life + Law of Attraction!*

By the way—if you haven't done so already—be sure to click the **Subscribe** button to make sure you get new episodes automatically as they come out.

From the Provider

Welcome to Love Your Life, a Law of Attraction podcast with Jennifer Bailey meant to inspire, uplift, and add more joy to your life. Each week Jennifer dives into a specific aspect of Law of Attraction and offers both a primer (think Law of Attraction 101) and practical application (i.e., how do I make this work in my life?) A Law of Attraction enthusiast, she explores, deconstructs and interprets Law of Attraction for living a more joyful life. Basically, this podcast is obsessed with this quote from Abraham: "Let your standard of success be your achievement of joy. For in the finding of joy, you are finding vibrational alignment with the resources of the Universe." So ... how can Law of Attraction help YOU live more joyfully and love your life? How can Law of Attraction help YOU line up with the resources of the Universe? Jennifer offers practical, bite-sized... [more](#)
