

Step 4 - Medium Swing

The medium swing tempo is really the basis of the solo piano system. This is essentially where all of our components can be utilized. We don't have much time for big harmonization, but we can stick in some quick two hand comps or some small harmonizations below the melody in certain whole and half note spots.

My favorite Improv Components

1. LH Components
2. Walking Bass
3. The Oscar Peterson Bass
4. Stride
5. Erroll Garner Method
