

Significant changes to the Safe at Work Protocol, Update February 24, 2021

1. Changed “should” to “shall” regarding mask wearing and social distancing
2. Added clarity for limited situations when masks can be removed
3. Added specifics for sharing vehicles (cleaning and shortening exposure)
4. Referenced Executive Order and requirement for all to comply with mask wearing on federal property
5. Added verbiage about keeping conference rooms and work areas to close to 25% capacity, not as a strict requirement, but to get as close as possible
6. Changed required quarantine requirements for exposure from 14 days to 10 days
