

Conduct on the Peace UCC Campus:

Music lessons and observations are a quiet body time. (and that will make it much more fun when we are using our bodies in group class- especially my K's and Pre- K students- to experience rhythms and movement)

Please remind your young child of this every time that you arrive at PUCC. It is your job as parent to ensure that your children understand and behave accordingly.

Parents: !! Explain and Read to all caregivers who may be meeting you with your child for lessons

Peace United Church parking lot and grounds are a very busy space. Therefore I ask for your help in keeping our children and all who use this campus safe by making sure that:

Children (preK-5) are with an adult and in that adult's arm's reach while on the church campus.

If I am that adult, they must be in the room with me, not outside. For example, when All Studio Class ends, they must wait to leave until excused to leave by me ...and I will do that when I see you drive up. They will go to you when I see that there are no cars coming.

If you are late picking them up, they sit in a chair watching for you; you need to park and come in and get them (as opposed to the child seeing your car and running out to meet you)

Outdoors:

When waiting outside (before you enter to observe or have a lesson, or with your other children while waiting for a group class to end):

-Please have your children stay in the area around the picnic table in front of the studio windows which is reserved for our studio. **Climbing in the garden area including on rocks or trees is not permitted.**

-Please never let children play on the blacktop parking area. The parking lot is used by a lot of people with many cars coming and going throughout the day.

-Please no bikes, scooters, skateboards, etc. ridden on Church grounds

Indoors:

-Do not allow running or loud talk in the hallway to the bathroom or outside. You must have your children in your sight. (The church office is adjacent to our studio and there are often classes, rehearsals and meetings in the office and Sanctuary)
