**KCMBA Announces Continued Relationship with Digital Strata,
The Official Digital Discovery and Forensics Partner of KCMBA**

Kansas City Metropolitan Bar Association (KCMBA) is pleased to announce the renewal of the Platinum-Level Affinity Partnership with its Official Digital Discovery and Forensics Partner, Digital Strata.

KCMBA President Dan Blegen encourages the legal community to consider doing business with Digital Strata. He said, "Their understanding of the unique technology requirements of the legal community allows them to provide a high level of service, and we encourage our members to continue to learn about the cutting-edge services available in their offerings."

Digital Strata is the premiere eDiscovery service provider for law firms and corporations. They offer a full range of services from forensics and data collection to processing, review hosting, and production, as an on-demand partner, a dedicated in-house team, or simply a trusted educational resource. Their flexible, collaborative, and hands-on approach brings together over a decade of experience as an industry leader with state-of-the-art technology and support, and they do so in a way that ensures exceptional quality, integrity, and efficiency.

"We are excited about the fourth year of our partnership with KCMBA. They have been invaluable in helping us connect with the Kansas City legal community and we look forward to continuing to bring relevant and timely presentations at upcoming CLE events," said Dan Fischler, Digital Strata founder and president.

"At the platinum level, our partners provide the highest degree of customer service, integrity and product quality. Therefore, only our Platinum Partners receive the endorsement as the official partner of their category of goods or services. KCMBA's Platinum Partners endure scrutiny by our staff, Executive Committee and Board of Directors to ensure we are bringing our members companies and valuable services at a fair price. While each partner is individually responsible for delivery of their goods or services, KCMBA gives its strong support to each of these businesses and the role they play in our legal community. We believe our members will enjoy and benefit from doing business with Digital Strata through this special partnership," said Vickie Schatz, KCMBA Executive Director.

The Kansas City Metropolitan Bar Association serves approximately 5,000 members in the nine-county Kansas City metro area: Johnson and Wyandotte counties in Kansas and Cass, Clay, Jackson, Johnson, Lafayette, Platte and Ray counties in Missouri. The mission of this Association is to serve our members and our community by promoting justice, professional excellence and respect for the law.
