DESCRIPTION

In today's connected environment, more and more data is created on smartphones. These phones are a treasure trove of data that tells the story of day-to-day life. The facts around sexual harassment, fraud, accidents, and more can often be unraveled from this type of data, if you know how to look! In this information packed CLE, we'll look at what kind of data is on a smartphone, how to access it, and how to use it to successfully make your case.
