KCMBA Announces Continued Relationship with the Official Digital Discovery and Forensics Provider of KCMBA, Digital Strata

Kansas City Metropolitan Bar Association is pleased to announce a continued relationship with Digital Strata, the Official Digital Discovery and Forensics Provider of KCMBA.

“At the Platinum level, our partners provide the highest degree of customer service and product quality. For that reason, they receive the endorsement as our “Official” provider of their category of goods or services. KCMBA’s Platinum Partners endure scrutiny by our staff, Executive Committee and Board of Directors to ensure we are bringing our members reputable companies and valuable services at a fair price. While each partner is individually responsible for delivery of their goods or services, KCMBA gives its strong support to each of these businesses and the role they play in our legal community. We believe our members will enjoy and benefit from doing business with Digital Strata through this special partnership with KCMBA,” said Vickie Schatz, KCMBA Executive Director. Digital Strata serves the information needs of corporate law departments and law firms, with services ranging from forensic investigations to automation of workflows to classic eDiscovery, including managed services. They “help you understand the stories your data is trying to tell.”

Digital Strata has been a strong partner with KCMBA and they are excited to continue their relationship with the bar. “We are delighted as our relationship with KCMBA matures into its third year! Digital Strata is now the Official Digital Discovery and Forensics Partner of KCMBA. We know relevant electronically stored data extends way beyond email accounts, and our new role highlights this understanding and the unique services we provide, such as analysis of mobile devices and investigating social media accounts. Collaborating with KCMBA’s dynamic team, we will continue to provide leadership in Digital Discovery and Forensics education throughout the Kansas City legal community.”

Russ Jones, KCMBA President, is also pleased with the renewed affinity agreement. He said, "We are so pleased to continue partnering with Digital Strata. They continue to impress us with their innovative solutions and leading technology to meet customer needs. They excel at providing quality customer service and creative ways to meeting their customer's needs."

Kansas City Metropolitan Bar Association serves approximately 5,000 members in the nine-county Kansas City metro area: Johnson and Wyandotte counties in Kansas and Cass, Clay, Jackson, Johnson, Lafayette, Platte and Ray counties in Missouri. The mission of this Association is to serve our members and our community by promoting justice, professional excellence and respect for the law.
