- And more...

### SPEAKER

Kelly Paxton is a nationally recognized expert in fraud. While working as a federal agent she was used to dealing with the typical "bad" guys. But eventually she found herself investigating regular people who you never would have thought had broken the law. She has investigated hundreds of cases ranging from money laundering to conflict of interest to embezzlement. Her hands-on investigative experience for the government and private sector, along with research into criminal behavior and investigating for both the prosecution and defense, provides real-life, practical information.
