

Missionary Highlight: Michelle Clark

Dear Keyport Bible Church,

Please praise the Lord with me, for He is good.

This week in our school we have started teaching cued speech, which is a visual of what you and I hear. It was a delight to work with these sweet, young deaf girls.

Last week I read a book which has made me change my perspective on the diagnosis of Awema. I now believe she has Cerebral Palsy. Pray that I can find a doctor who can help figure out new medication and treatment for this condition.

I am very grateful that we have finally gotten our solar inverter system hooked up. Our refrigerator and freezer are running normally now.

Finally, my love for the Lord continues to grow. Spending more time with Him makes life worth living and calms the soul in stormy waters.

I have no answers on Christina and Faith. I'm seeking God for His wisdom and will. Pray for them, as I have been given reports that they are losing weight. They were just starting to look normal when they were taken.

Thank you for standing with me in prayer and financial support.

Blessings to all,

Michelle Clark
