**Version 1.0**

## QUICK START

---

To set up the 3-in-1 charger, power it on by using the provided cable and a wall adapter. To ensure optimal charging, connect it to a minimum 20W wall adapter. For mobile charging, place the phone on the designated area, and if using a case, ensure it's not rugged or thick. When charging your watch, align it properly and close the watch band. AirPods can be charged by placing them on the designated area. The nightlight, located around the AirPods section, can be turned on or off by pushing the button in the middle of the product.

# HOW TO USE

---

## Power On

- Start by powering on the 3-in-1 charger using the provided cable and plugging it into a wall adapter.
- For the best charging results, connect the 3-in-1 charger with the included cable to a minimum 20W wall adapter.

## Mobile Charging

- Place your mobile phone on the designated charging zone.
- You can place your mobile device in either a vertical or horizontal position based on your preference.
- When fully charged or when you want to stop charging, just remove the phone from the charging zone.
- If using a case, ensure it is not rugged or thick, with a maximum thickness of 4mm (0.15”), as thicker cases may interfere with the induction charging function.

## Watch Charging

- For charging your watch, carefully place it on the charging area, making sure it aligns properly.
- When charging your watch, close the band (like it is when worn) to ensure that it makes a good connection with the charger.
- When the watch is fully charged or when you’re done charging, lift the watch from the charging zone.

## Airpod Charging

- To charge your AirPods, gently position them on the designated charging area.
- When charging is complete or if you wish to stop the charging process, lift the AirPods from the charging zone.

## Nightlight

- Locate the button in the middle of the product, positioned under the AirPod charging section (as pictured in the previous image).
- To turn the nightlight on or off, simply push the button as needed.

## PRODUCT FEATURES

---

- This 3-in-1 wireless charger supports Qi-enabled devices and accessories, allowing you to charge your phone, Apple AirPods and Apple Watch simultaneously.
- The charger features a sleek and compact design.
- Simple to use, the charger allows you to power up your devices effortlessly, with easy access to the charging port located on the back of product.
- The charger includes a built-in nightlight.

## PRODUCT SPECIFICATIONS

---
