Version 1.0

QUICK START

Start by powering on the 3-in-1 foldable charger using the provided cable and connect to a 20W wall adapter. For mobile charging, place your phone on the left zone or use the right zone for fast charging. For the watch, lay it flat vertically or close the watch band and position it on the magnetic zone. AirPods can be charged by placing them on either left or right zone. Remove your devices when charging is complete.

HOW TO USE

Power On

- Start by powering on the 3-in-1 foldable charger using the provided cable and plugging it into a wall adapter.
- For the best charging results, connect the 3-in-1 foldable charger with the included cable to a minimum 20W wall adapter.

Mobile Charging

- Place your mobile phone flat on the either left or right charging zone.
- When fully charged or when you want to stop charging, just remove the phone from the charging zone.

Watch Charging

- For charging your watch, carefully place it on the middle charging area. You can either lay the watch flat vertically or you can also raise the watch charging zone and close the watch band (like it is when worn) and place it on magnetic charging area.
- When the watch is fully charged or when you're done charging, lift or remove the watch from the charging zone.

Airpod Charging

- To charge your AirPods, gently position them on either left or right charging zone.
- When charging is complete or if you wish to stop the charging process, remove the AirPods from the charging zone.

PRODUCT FEATURES

- This 3-in-1 wireless foldable charger supports Qi-enabled devices and accessories, allowing you to charge your phone, Apple AirPods and Apple Watch simultaneously.
- Compact design that easily folds for travel and on-the-go use.
- Includes a fast charging zone for quicker and more efficient charging.
- Includes a magnetic charging zone for your Apple Watch.
