Purpose: Children's Ministry is a vital part of the ministry that goes on at King Street Church. Our focus is on 3 different groups of people that we have contact with on a weekly basis. We minister to the children by helping them begin the process of understanding who God is, and how they fit into His story. We use God's Word as our instruction manual. We understand that we are by example showing kids what a follower of Jesus looks like on a weekly basis. We also partner with parents, understanding that it is so very important for the adults in each of our children's homes to take up the responsibility of teaching by word and actions what living out a life in Christ looks like each day. Finally, we care for our ministry team of volunteers. Without them we would not have a vital growing ministry to children at King Street Church. The children's department is passionate about coming along side young people who are working towards stepping into this important work for the Church. We are to be passing on from one generation to the next all the wonderful knowledge we have of God's plan for us all. We need to be equipping young workers who will continue the work God has called us to. Our church has been blessed with resources so that we can invest in others who are looking to do just that. Because of our size we are able to offer a variety of experiences that they will experience someday as they begin to work in a church. I feel in the past we have had great success with interns. Not only have the interns benefited from their time at King Street, but we, as a church have benefited from them as well.
