[Escort - Hi everyone I a - Jackie Hamilton](#)

Hi everyone , I am a glamour girl-about-town with an adventurous tigerish soul . I love to live my life with passion , this is the first time I am visiting Israel and really I am very excited about it .Growing up in Italy , but passionate world traveller . Living abroad changes a person , I often get complimented on a level of intellect and emotional maturity that belies my years . Anyway , age is really just a number for me , as I hope it is for you too .You will notice my genuine and generous nature , I am incredibly affectionate and have a great sense of compassion for people . I do like to get lost in the moment , live it naturally , our experience will be a little bit like a travel .We will both jump on , and see where it takes us Very cute and innocent face , but sex has always intrigued me ...specially creative sex , which is to be discovered ... If you are tired of inauthentic experiences , then you came to the right place . My double life represents a journey of self-discovery for me : of giving myself to pleasure and passion , and of drawing you into that world with me even for a little while . No life is complete without pleasure and everyone deserves to feel wanted . My life is all about real connection . I have no constructed persona , no script . You will find me exactly as I claim to be : warm , open , funny , intelligent , empathetic , and , most of all real . So come on . Take my hand .
