Description: Little Linksters GROW program was originally developed in 2008 at a single daycare center in Lake Mary, FL. The ideas of introducing children to golf at an age below 8 is not the norm within the golf community, but we feel very strongly that introducing young children to golf is an excellent way to GROW and expand a child's mind during a stage in their life that is critical in their personal development. Golf teaches integrity, honesty, friendship, manners, determination, perseverance, motor skills, and countless other virtues and lessons that any parent would find important. Plus, it's a heck of a lot of FUN!"
