Information

Day Camp

Lake Mary Preparatory School is proud to offer a fun-filled summer day camp designed for children that are in grades Pre-K3 - 5th. Our day camp has nine weeks of engaging activities, games, guest speakers, and field trips that will captivate your child and all of their interests. Each week will have a different theme that will challenge your child to transform their summer into an awesome experience. In addition, the "week-to-week" camp plan allows you to select which weeks your child will attend camp; or for the ultimate camp experience, they can join us every week!

Each group will have a team of qualified staff members that will create a fun and positive learning environment. We maintain a low counselor-to-child ratio to ensure the safety of our children. Our groups will focus on different aspects of sports, art, music and literature through professional educational techniques. Weekly fees include all activities, field trips, a snack, and lunch. Camp shirts are required to be worn on all field trips. Each child will receive one summer camp shirt at registration; additional shirts can be purchase as needed.

We look forward to having an awesome summer and invite you to sign up for our camp and discover what Lake Mary Preparatory School has to offer your child.

Cost: \$219

Dates: Session one: June 3 - 7

Session two: June 10 - 14

Overview: iBrick Academy is a family of teachers with over 60 years of combined education experience and has been in business for over 20 years. We provide LEGO Camps across Central Florida, which includes our LEGO© ROBOTICS CAMP. Our LEGO© ROBOTICS CAMPS feature the LEGO © Mindstorms EV3 Sets which includes the EV3 Intelligent Brick, which is a programmable computer that controls Servo motors and collects sensor feedback using icon-based programming. Sensors included Gyro, Ultrasonic, Color and Touch.

This Camp allows campers to get deeper into the builds and skill building activities. The Bricks include 541 elements that can be used for teaching science, technology, engineering, math, and computer science. The curriculum used for all of our camps comes from LEGO © Education and is carefully planned by our founder (a former LEGO© Education Teacher Trainer) drawing from 20+ years of robotics teaching, training and curriculum development for schools and various departments of education across the US. It includes 48 tutorials to help you and your students learn the basics of LEGO © MINDSTORMS EV3.

Our camps have breaks with activities and snacks (lunch breaks for full day camps). We do not provide lunch; please make sure your child has lunch each and every day. Please note, we do not have breaks, activities or build time outside due to the inclement nature of our weather here in Florida. Breaks (snack, lunch or activity) happen at the top of each hour. All of our Camps have limited seating and they do tend to fill up fast.
