

Bring Your Own Device Program

At LMP, we believe that technology is an essential supplement to face-to-face instruction in the 21st century as it enhances our students' learning experience. Lake Mary Prep is committed to teach our students critical skills needed to become proficient in our Six Pillars of Technology framework which include: professional-level publication, professional-level presentation, original research, data analysis, statistics and probability, professional responsibility in a digital world, and engineering and design which will prepare our students with the skills that are expected of them when they enter high school.

2019-2020 Recommended Laptop Specifications:

- Operating System: Mac OS 10.12 or Newer, Microsoft Windows 8 or newer
- ChromeBooks and laptops running Chrome OS have been found to be incompatible with certain educational websites and are therefore not recommended.
- Processor: Intel i5 or AMD Ryzen 3 or better
- Memory: 4 GB minimum
- Hard Drive: 128 GB minimum SSD preferred
- Wireless Networking: 802.11G, 802.11N or 802.11AC (802.11B is not supported)
- As a Google Apps for Education School we recommend Chrome Browser as the optimal method for accessing Gmail and Google Apps

All computers must arrive on the first day of school with the following software:

- Anti-Virus Software with a subscription that will not expire in the school year.
- Anti-Malware Software with a subscription that will not expire in the school year.
