

Mr. LaMarre's AP World History: Modern (1200-Present) Summer Work 20-21

Welcome to AP World History: Modern and ninth grade! I look forward to embarking on this challenging, yet fascinating journey through the history of the world with you. My goal is for every student enrolled in the class to pass the WHAP: Modern Exam on Monday, May 10th, 2021, and to earn college credit. This requires dedication, enthusiasm, and hard work on both our parts. I will do my job to the best of my ability, and I expect you to do yours. While I respect your need for free time this summer, I feel it is important for you to be prepared with some prior knowledge on the first day of school. This course moves very quickly and we cover topics from Prehistory to contemporary issues in today's societies. In order to stay on track, it will be necessary for you to complete work outside of school during the year and this summer. This summer assignment will be due on the first day of school. *Advice: Don't procrastinate, do it as soon as you can to get it off your plate!*

Note: The assignments are self-explanatory but if you have questions, email me at david.lamarre@lakemaryprep.com

Elements of Writing: (*You will also see these in your English class*)

These elements of writing should already have been learned and mastered. Errors will result in a deduction of a point on all writing in this class:

- Capitalization
- Indenting
- Apostrophes
- Spelling of class vocabulary words, any vocabulary that we are reading/writing about.
- Homonyms: there/their/they're, your/you're, its/it's and where/were

These two skills are our focus skills for the first quarter and will also result in a points deduction:

- Unclear pronoun references
- The words “basically,” “a lot” and “thing”

Part Three:

Please define the vocabulary for Chapter 1 (page 47) & Chapter 2 (page 90):
